NEWS from ISLAY

Miss Eva Redmond, teacher of the Irwinville school spent the week end at the Purves home and with the Misses Stone.

This bit of news is very likely old to some of you — it is about an explosion in McCaughan's store when a bottle of bleach sitting on a shelf, just exploded, splashing contents about. It was a good bleach too, for it completely bleached Helen's skirt wherever it touched.

Mr. and Mrs. Harry Armstrong left on Thursday last for Wetaskiwin to reside. Mr. B. Tookey is the agent here now for the A.P. Grain Co.

Have not seen Ulva McFadyen for a long time—we learn now that he is manager at Kenilworth Corners while Don is hauling grain for the farmers.

Mr. and Mrs. Fred Maddex of Vermilion were visitors in town last Thursday.

Mr. and Mrs. Al Bowcroft visited around the district last week, spending some time with Mrs. Gordon.

Mr. Potter of Kitscoty is installing a new cistern at the hospital.

THURSDAY NIGHT

The Islay chicken supper date is set for Nov. 7th in the hall. So please, folks, who help by giving chickens, don't dispose of all your flock. You will get a call from the committee or better still, you call the committee, Mrs. D. Martin or Mrs. Bothwell.

The next W.A. meeting will be held at the home of Mrs. Shaw on Nov 1st. If you have bazaar work finished you may hand it in.

Noticed in town during the one cent sale—Mrs. Gladys Gould, Mrs. Jim Gould, Mrs. B Tookey, Mrs. Ken Reid, Mrs. L. Buchanan, Mrs. Ed McFadyen, Mrs. Otis Midgley, Mrs. Syd Grout, Mr. Bill Tookey Sr. told you never your gloves Bill?), Mrs. Chas. Hanna and Elaine, Jimmie McFadyen and many more.

Guests at the McSeeley home have been their daughter Dorothy of The Pas, Man., and Mr. Fred Glover. Mrs. McSeeley and Dorothy also visited relatives in Edmonton accompanied by Mr. Glover.

Surprise! Civilization

PRINCE GEORGE, B.C.—Failure to find snow on the ground and Indians complete with moccasins and feathered headdress came as a surprise to an American free lance writer from New York state on a visit here recently with his family. From a map he had of Canada he had gained the impression that Prince George on the Jasper-Prince Rupert line at the Canadian National Railways was on the edge of the northern tundra with all kinds of travelling hardships. Now of course, he has changed his former 'backwoods' idea and admits the country is far from what he thought—in fact he is thoroughly impressed with it' beauty.

Sell More Insurance

Sales of new life insurance in Canada in August totalled $140.3 millions, a gain of almost 10% over the same month of 1950, reports The Financial Post.

Of this $106.6 millions was ordinary, up about 1.3%; $12.5 millions was industrial, up 2.3% and $21.2 million group, more than double 1950.

Six provinces showed gains: Alberta, Manitoba, Ontario and Saskatchewan were down.

Total sales of ordinary insurance for the first eight months were $1,001 millions, up 10% from last year.

Allandale Notes

Until today, Oct. 9th, we were enjoying the grandest fall weather, above normal for this time of year. Threshing and combining are general throughout the district.

Our very best wishes to the newlyweds Mr. and Mrs. Bev Baldock. May their life together be always as happy as their wedding day.

Mrs. Tommy Greaves and daughter, Brenda from the city attended her brother's wedding and then spent a few weeks with her parents Mr. and Mrs. Baldock.

Noticed in Mrs. A. Cameron in the Journal that George English of Two Hills killed a huge bear on his farm.

Mr. and Mrs. Lawrence Magistad and family from the city were recent visitors at the Magistad home.

We recently received a letter from Oscar Johnson. After being in a tubing since going to the city he is now in a cast and seemingly getting on quite well. Our hopes are for his steady improvement and before too long that he will be able to come home.

Mr. and Mrs. Woody Wilson had as their guests recently the latter's parent, Mr. and Mrs. Martins from Chilliwack, B.C.

Howard Pratt and Morgan Dybvig, were visitors in the district a short while ago.

The road construction gang are in the Parish Hall. Food was sent from Ralph Strome's corner. It would be good to have this road north fixed so we could have our mail delivered, church is impassible.

This summer has been the worst for roads yet, we can expect such treatment in the winter but not all through the summer.

Recent visitors at the R. Strome home were Mr. and Mrs. O Nolder from Edmonton.

What a gravel surprise this morning Tuesday—CELT at 7.00 p.m.

It's Dollars and Cents You Are Burning!

Don't burn stubble. Printed like that it doesn't sound very serious, and with the vast amount of straw available this fall there may seem some excuse for getting it out of the way to provide for easier tilling and seeding. An excuse, however, is not always a satisfactory reason, and a moment's reflection will bring to light the dangers of stubble-burning.

C. A. Chesshire, Agricultural Engineer, Alberta Department of Agriculture, points out that in the first place modern tillage and seeding equipment can operate in heavy trash cover with little difficulty. Secondly, straw returned to the soil in of far greater benefit than the few ashes that remain after burning. Held in the soil surface it improves tilth, helps to prevent erosion, and provides food for the tiny soil life that is so essential to fertility. Returning straw to the soil is only part of good farm practice, but if its benefits were no greater than that of preventing drifting and excess run-off it would be well worth while. If soil conservation means anything to you—don't burn stubble!

discouraged, stand on the sidewalk and watch the crippled and the blind. Witness those who are really handicapped. Then thank your lucky stars that you are well and able to work.

QUICK CANADIAN QUIZ

1. What Canadian discovered in 1930 our uranium source for World War II's atomic bomb?

2. What leading industry depends on what natural resource?

3. What has been Canada's peak immigration year?

ANSWERS: 1. 1,339 miles. 2. Canada has how many government-owned and privately-owned radio stations? 3. How long is the Canada Alaska highway?

ANSWERS: 1. Gilbert Labine. 2. 15 CBC stations, 133 private stations. 2. Trees for the manufacture of newsprint and pulp products.

GOVERNMENT OF THE PROVINCE OF ALBERTA

SEPTEMBER 18, 1951

The Executive Council has had under consideration the report of the Honorable the Minister of Agriculture dated September 14th, 1951, stating that

WHEREAS pursuant to the provisions of Section 3(a) of The Live Stock Diseases Act, being Chapter 1 of the Statutes of Alberta, 1948, and amendments thereto, a petition signed by two-thirds of the owners of cattle in any municipal district or improvement district may be presented to the Minister requesting the establishment of that municipal district or improvement district as a restricted area for the eradication of Brucellosis; and

WHEREAS a petition has been presented to the Minister requesting that the municipal district of Vermilion River No. 71 be established as a restricted area for the eradication of Brucellosis; and

WHEREAS the said petition has been examined and found to be in accordance with the provisions of Section 3(a) of The Live Stock Diseases Act.

THEREFORE, upon the recommendation of the Honorable the Minister of Agriculture, the Executive Council advises that the MUNICIPAL DISTRICT OF VERMILION RIVER No. 71 be and is hereby established as a RESTRICTED AREA for the ERADICATION OF BRUCELLOSIS.

(Signed) Ernest Manning,
Chairman.

Candle-light Ceremony At Alliance Chapel

TIESZEN—MEE

The candles were lighted by Mrs. Albert Mix for a double ring ceremony the evening of September 21st at the Alliance chapel, when Miss Muriel Agnes Mix, daughter of Mr. and Mrs. W. R. Mix became the bride of Mr. Gordon Tiessen, son of Mr. and Mrs. H. D. Tiessen of Abbotsford, B.C.

Rev. Eric F. Berry performed the ceremony before an altar banked with autumn flowers.

Given in marriage by her father, the bride wore a gown of traditional white brocaded satin styled with fitted bodice trimmed back and front with covered buttons, a full skirt with inverted, front pleat and long sleeves tapering to lily points. The Elizabethan collar was complemented with a rhinestone neck-lace, the gift of the groom. Her floor-length veil was held in place with a fitted headdress and the bride carried a showered bouquet of American Beauty roses.

Miss Leta Mix was maid of honor and Miss Marjorie Mix was bridesmaid. Their identical gowns were fashioned of pink and turquoise taffeta. They wore chapel veils held in place by matching headdress and wore matching mittens, both carrying bouquets of fondled.

The groom was attended by Mr. Albert Mix, cousin of the bride.

The ushers were Mr. James McAuley and Mr. Geo. Jensen. Mr. Robert Willoughby of Marwayne played the wedding music and Mrs. James McAuley, sister of the bride, sang "This Is Our Prayer during the dedication and "Together" Lilo's served by

Pathway We Tread' during the signing of the register.

Mrs. Mix, mother of the bride, wore a two-piece navy dress with matching accessories and corsage of pink carnations.

A reception was held later at the Legion hall. The bride's table was centred with a three-tiered cake embedded in tulle and banked with tall white tapers and bouquets of roses and gladioli.

Rev. Eric Berry proposed the toast to the bride and the groom very fittingly responded. Mr. R. Willoughby was master of ceremonies and was assisted in the program by Mrs. Willoughby and Mr. and Mrs. R. Chenoweth.

Mrs. Albert Mix was in charge of the guest book.

For travelling the bride donned a navy tailored gabardine suit identical to the groom's suit, with rose and navy accessories and she wore a corsage of rose carnations.

Both the bride and groom are students of the Western Canada Bible Institute in Regina and for the present are making their home at Vermilion.

Complimenting Miss Muriel Mix previous to her marriage to Mr. Gordon Tiessen, the Young People of the Alliance chapel entertained at a miscellaneous shower at the home of and Mrs A. B. Mix.

Wednesday prior to the marriage of her daughter, Muriel, Mrs. W. R. Mix entertained at a trousseau tea in her home. Assisting were Miss Leta Mix assisted by Mrs. Albert Mix and Miss Bertha Wilson, served tea.

Ethelwyn News

All eyes are on the weather these days and everyone is rushing against time to get the threshing finished. It is very unfortunate time for farmers and gathering in the crops should be the concern of all able to help, if at all possible.

The Clandonald Anglican church are holding their annual harvest home service and Rev. Cathcart gave a very inspiring message.

Last week end Joyce Cooper, Don MacGillivray and Floyd Wadsten called on Oscar Johnson and Tommy Stockwell at the University hospital in Edmonton. Both patients are doing very well. Oscar is using a wheel chair for travelling and Tommy is now settled with plenty of congenial company in his ward.

Mr. and Mrs. Wm. Seal enjoyed a six weeks motor trip to Eastern Canada this summer. They visited with their daughters and families. Mr. and Mrs. Jim Kinsella (Constance) of Mr. and Mrs. Cecil Vealie (Florence) at Windsor, son Ernest and family at Wilcox, Ont., Mr. and Mrs. Seal also enjoyed a very happy visit with some former Ethelwyn friends Mr and Mrs. Wm. O'Dwyer. Mr. and Mrs. Mickey O'Dwyer and family, and Mr. and Mrs. Hughy O'Neill and family. Unfortunately Grandma O'Dwyer broke her hip last Xmas day and has been confined to hospital ever since. Although in bed all the time she is happy and well cared for. Grandpa O'Dwyer divides his time with the children and is in good health. Micky and Phebie as their friends here remember them, own and operate a cafe with the help of their daughters. Next spring they are to go back to England for a holiday. Lizzie and Hughie O'Neill have a 13-acre truck farm, lovely gardens and fruit trees—you always did have a green thumb Hughie, anything would grow for you! Remember the picnic dinner we had near Elk Point one day and you pulled a handful of little spruce tree seedlings just like pulling radishes. You are there at home in grain fields at some distance from buildings. With established colonies of rats just east of our eastern border, these rodents are now moving around looking for winter quarters.

Among these migrants will be females in search of suitable nesting places. Following settlement under a cosy farm building, their litters can be expected to arrive within a week or so, and unless prompt action is taken colonies can become quickly established.

Everyone is urged to be on the alert for both rats and rat signs. Hunters, harvesters and children passing back and forth from school, can be of great assistance in keeping close watch for these pests. It is easier to kill a single rat than to clean up an established colony. If rats are killed or their presence suspected, the incident should be reported immediately to the pest control officer, district agriculturist or Field Crops Branch, Department of Agriculture, Edmonton.

The average Canadian woman uses eight pairs of full fashioned hosiery annually.

Sixteen Years Ago Today

Oct. 17, 1935

The Inter Mix Mixed track meet is scheduled for Oct 24th, considerably later than usual due to the schools being closed during the outbreak of poliomyelitis.

The Tower Royal Bank building is now in the hands of contractors who are renovating it into post office premises.

The Liberal government was swept into office at Ottawa, ousting the Conservative in Alberta. Social Credit elected 15 of the 17 candidates and the CCF ginger group were all defeated.

Gwen Robinson was elected president of the high school literary society, Allan Wiebe vice-president and Lelia Scott sec.-treasurer.

Thirty-two Years Ago Today

Oct 15, 1919

Dr. and Mrs. V. H. Scott had as a Thanksgiving visitor Mrs. Scott's brother, Capt. H. J. Clarke, A.D.C. of Ottawa who shortly expects to be associated in dental practice with Dr. Scott.

Temperatures fell as low as 3 above during the past week, but climbed as high as 65 above it has been very cloudy with only 17.4 hours of sunshine for the entire seven days with three days without any sunshine at all.

The town expected to inaugurate day power and light service from the town plant in November.

Some old time farmers were selling out including Norman Atkinson, Frank Lewis, W. G. Bowden and Ralph Brooks.

The World of Wheat

By H. G. L. STRANGE
Director, Research Department, Searle Grain Company, Ltd.

THE DREADED INFLATION

People are gradually becoming aware of, and so dreading, the inflation of money that is gradually creeping upon us. The cause of our present inflation is simply that we are re-arming to preserve our freedom and liberties against Communist aggression. As munitions and armaments are being built there are fewer goods for civilians to buy. Yet the people, because of higher wages and greater employment and overtime, have more money in their pockets, so naturally all prices rise. To stop inflation Labor Unions must stop asking for increases in wages and all of us must spend less and save more, investing our savings for preference in government bonds and savings certificates. Then the Dominion and Provincial governments, municipalities, city councils and school boards must themselves endeavor to reduce their expenditures, and to delay, until our rearmament is completed, improvements they would like to make. If all will co-operate in this way the inflation will soon be stopped in its tracks and all prices will stop rising.

But the government is being asked to control inflation by artificially controlling commodity prices. That is a myth and a delusion and will not work, for rising prices are merely the effect and not the cause of inflation. Rising prices cannot be stopped by price controls any more than a doctor can cure a burst appendix by rubbing liniment on the patient's stomach.

Crosley's phonograph records are selling at the rate of 30,000,000 a year, according to RCA Victor officials, who say the kiddies' discs now represent 12% of the total record market as compared to 1% in 1947.

CRUCIAL TIME FOR RAT CONTROL

W. Lobay, supervisor of Crop Protection, Alberta Department of Agriculture, reports that during the past two weeks Norway rats have been killed in areas of Compeer, Schuler, Monitor and Acadia Valley. You can detect the rats were found in grain fields at some distance from buildings. With established colonies of rats just east of our eastern border, these rodents are now moving around looking for winter quarters.

C.N.I.B. Tag Day Sat., Oct. 20

Annual tag day for the C.N.I.B. will be on Saturday, Oct. 20th. Contributions may also be given to any member of the Frog Lake Chapter, I.O.D.E.

SUPPORT THE C.N.I.B.—

During this month we will be asked to support the work of The Canadian National Institute for the Blind as we are each year at this time. Its annual rural campaign is underway and the goal for Northern Alberta is $20,000.

Most of us know that the Canadian National Institute for the Blind is a nation-wide organization which devotes itself exclusively to the task of helping those who are blind as well as those who are threatened with blindness. It is doubtful, however, whether very many of us have a very intimate knowledge of how extensive its program is. It would seem opportune, therefore, for us to examine this program briefly so that we will know better what we are being asked to support.

In Northern Alberta the C.N.I.B. operates a splendid service centre which is located in Edmonton and which contains residence accommodation, rehabilitation and training space, recreation and workshop facilities as well as administration offices. This centre is manned by a carefully selected and specially-trained staff, some of whom are themselves blind, who are specifically concerned with the welfare of the 500 sightless persons throughout Northern Alberta and with others who are in danger of losing their eyesight.

The fact that these facilities exist, manned by such personnel, is in itself gratifying. Most of us will agree that the welfare resources of our community would be incomplete without them. We can think and say this with conviction when we wonder, where it not for the C.N.I.B. where we would turn for help and advice should blindness enter our own homes.

The activities carried on in, and stemming from, the C.N.I.B. centre are many and varied and they are available without charge, to blind people, of all ages, races and creeds. Its welfare department establishes personal contact with them, becomes familiar with their needs and interprets the special services which have been developed. They can learn to read Braille and then make use of the free lending library containing a wide range of good books. They can learn handicrafts and acquire an interest and occupation. They can be taught to use a cane and to travel on the streets alone. They can be placed in suitable employment and can become self-supporting again.

We feel sure all will agree that it is a work worthy of our most careful and sympathetic consideration. In supporting it we are investing rather than giving, investing in a worthwhile community enterprise. We should be both proud and grateful that our society has produced such a service because it has been built and maintained by the Canadian public. We cannot allow such a healthy plant to wither. We must continue to nourish it and foster its growth.

Buy your advance tickets to the Elks Carnival now. Three big nights of games — fun — dancing — for only 25c. Oct. 26, 29 and 30. 15-16t

The World of Wheat

By H. G. L. STRANGE
Director, Research Department, Searle Grain Company, Ltd.

WE PAY A PRICE

The more one observes life the more one is compelled to notice that we have to pay a price for any advancement or progress we make. We discarded Marquis wheat because it was not rust-resistant, but no one pretends that in all other agronomic characteristics our new wheats are quite as good. We have greatly increased the milk production of cows but the modern high milk producer does not have the vitality possessed by the old fashioned low producer. We have greatly increased the production of eggs per hen but the modern bird seems to be more prone to disease. We abandoned the binder in favor of the combine but grain does not mature or resist frost in the swath so anything like the extent it did in the stook or the stack. We have introduced labor-saving machinery on the farm enabling one man to work much more land, but our rural population is declining. We broke up the natural grass of the prairies and grew grain but brought down upon us a veritable plague of weeds.

No doubt this progress has all been worthwhile, but the point to remember, it seems to me is that we have to pay a price whenever we interfere with nature.

Farmers — your local elevator agent will tell you how to give a happy ending to the story of a crippled child.

The Farm Economy

HISTORIC PROBLEMS of the Canadian farmer at this time were discussed at the annual meeting of Canadian and American farm economists held recently at the Ontario Agricultural College at Guelph. It is well known that farmers are dependent upon the same factors as those operating other industries in carrying on their work. Capital, labour, equipment, and marketing conditions are among the many matters which are of great importance to the farmer, and problems of this nature were discussed at the meeting. Dr. H. H. Hannam, president of the Canadian Federation of Agriculture was one of the speakers, and gave some interesting facts concerning the farmer's position in the Canadian economy at this time.

• • • • •

Do Not Share High Returns

Among the many facts presented by Dr. Hannam, were some dealing with the relationship between the farmer's returns for his work and the general level of prices and profits at this time. From May, 1936, to June 1951, Dr. Hannam said, industrial prices rose 82 per cent, while farm prices rose only 13 per cent. In the same period, retail prices rose 57 per cent and there was a 12 per cent rise in the cost of living. These figures show that in spite of the high levels of prices which have been reached in Canada, the returns to the farmer have not been in proportion to those in industry or in the retail business.

• • • • •

High Costs Of Operation

At the same time the farmer has been buying equipment, and the various items needed to operate his farm and his home at the high market prices. In the period mentioned above, wages of farm help were increased 12 per cent. Although he is not getting his full share of the present high prices, Dr. Hannam believes that present returns to farmers are satisfactory, but he predicted a reduction in farm prices with the exception of meat, in the near future. These, and many other aspects of the farmer's economic problems were discussed and it was shown that shortages of equipment and of adequate labour are now causing hardship, while lack of sufficient capital is a constant drawback to the average farmer. It is well that the public should be made aware of these matters, for in view of the high cost of food at this time, other sections of the population do not always have an accurate view of the farmer's economic problems.

Despite Weather

Wheat Protein Content High

But Grades Take Slumping

WINNIPEG.—Wet weather on the prairies has struck a heavy blow at the grade of this year's record wheat crop but the grain's protein content—important in bread-making—remains high.

Results of a survey released by the grain research laboratory of the board of grain commissioners showed that less than five per cent. of hard Red spring wheat is expected to grade No. 1 Northern. This compares with the 10-year average of 28 per cent. Less than 30 per cent. will make No. 2 Northern compared with 46 per cent.

Despite the poor grade, the "preliminary protein level" of the wheat is 13.9 per cent., the same as last year. The long-time average for Canadian wheat is 13.6 (For breadmaking 12.5 is considered ideal; percentages can easily be lowered to that figure.)

The board's chemists said the main factors in the degrading were sprouting, bleaching and related types of damage caused by wet harvest weather.

All across the prairie grain belt, farmers have been harassed by rain, sleet or snow in efforts to reap an expected crop of almost 500,000,000 bushels of wheat.

Fish are able to live at the greatest known depth of the oceans.

Fewer Deaths in Traffic Accidents

REGINA.—Number of traffic accidents in Saskatchewan has increased this year although there have been fewer highway fatalities, J. A. Christie chairman of the highway traffic board said in a bureau of publications release.

To the end of August this year there had been 38 fatal accidents, compared with 43 in the same period in 1950. Those accidents caused 45 deaths last year and 40 in 1951.

Total accidents for the same two periods were 3,675 this year and 3,350 last year.

Edmonton Fans Lose Appetites

EDMONTON, Alta. — The Clowns of Edmonton football fame has apparently extended to their stomachs.

J. E. Jackson, hot dog concessionaire, said many specialized in eats down when the Edmonton Eskimos downed the Winnipeg Blue Bombers in the western conference football season.

The Eskimos then bit a stump when losing to the Saskatchewan Roughriders. Jackson's sales dropped to 200 dozen When the Eskimos lost again to Winnipeg the sales tumbled to 100 dozen.

Nobody in Edmonton is rooting harder for the team than Jackson.

Funny and Otherwise

A recruit who was notorious for being late at roll-call on one occasion happened to be the first to fall in. It was a great surprise to the sergeant, who had almost given up the man as incorrigible, and he expressed his self surrealistically. "Huh! We're first at last. We've shaken his behind before."

• • • •

"What about the thirty-five dollars you owe me?"

"Quite all right — It's your birthday next Thursday and I'm going to bring it to you with my congratulations."

"You just bring the money and I'll congratulate myself."

• • • •

A man walked into a restaurant and sat down at a table. "What will you have, sir?" asked the waiter.

The customer shook his head. "Not a thing," he replied. "I'm not hungry."

The waiter stared. "Then what's the idea," he grumbled, "of coming in here?"

The customer shrugged his shoulders. "It's very simple," he replied. "This is my lunch hour."

• • • •

Mr. Barry was a keen cyclist and his young wife played the piano. They had a little son and both desired to entertain him with a tune that would embrace their favorite pursuit.

After much thought they decided to call him Handel Barr!

• • • •

"His fishing stories are impossible. He's just been trying to tell me that he once caught six jellyfish, all different flavors."

• • • •

Speaking about hatred, a preacher asked those members of his congregation who had conquered this sin to stand up.

A very old man—the oldest man in the county—got to his feet.

"You don't hate anybody at all?" asked the preacher.

"No, I don't!" said the old man. "That's wonderful. Tell us how you did it."

"Well," piped the aged one, "all those skunks who did me harm, all those blundering fools I met—and he cackled triumphantly—"they're all dead!"

• • • •

DA: "Are you positive that this man stole your car?"

Plaintiff: "I was, but after the cross examination I'm not sure that I ever owned a car."

• • • •

A woman in the midst of divorce proceedings was complaining to a friend about the boring conversations she had to endure with lawyers.

"Oh," said her friend, "don't talk to me about lawyers. I've had so much trouble over my property that sometimes I wish my husband hadn't died."

• • • •

Wife: "Well, what happened when you asked your boss for a raise today?"

• • • •

Father: "Get up, son, the day's half gone. What do you suppose Abraham Lincoln was doing when he was your age?"

Son: "Haven't the slightest idea, but I know what he was doing when he was your age."

• • • •

Husband: "Why he was like a lamb."

Wife: "What did he say?"

Husband: "Baa."

News From Kitscoty

The annual chicken supper and concert sponsored by the Kitscoty United church Ladies' Aid will be held in the town hall on Thursday Oct. 25th. Everybody welcome.

Mr. and Mrs. Wm. Wright and baby son also Mr. Lew Wright of Edmonton visited their sister and brother-in-law Mr. and Mrs. Alf Frank over the long week end.

Mr. and Mrs. J. Blair and boys spent a week-end in Saskatchewan visiting Mrs. Blair's folks.

Mrs. Harold Chisholm, Linda and Josie of Edmonton are visiting their parents Mr. and Mrs. C. N. Gray for two weeks.

Mrs. Wm. Barber and Sharon of Edmonton are visiting at the home of the former's parents Mr. and Mrs. Seabrook for ten days.

Sorry to report Mr. Alex Potter is ill and has been a patient in the Islay hospital for over a week. He returned home Sunday and enjoyed a visit from his son Bill and Mrs. Potter and children of Alliance and son Alex from Lacombe.

Mr. and Mrs. G. W. Leviston of Edmonton, one time residents here, visited Mr. and Mrs. A. Hale and Mr. and Mrs. Wm. Govier over the week. end.

Mr. Chartrie Simmons met with a very painful accident last week while operating his combine on his farm here. His right arm is badly broken and torn, which resulted in the amputation of his thumb and part of one of his fingers. We are pleased to say that Mr. Simmons is feeling better and now home from the hospital.

Mr. Raymond McDonald of Whitehorse, N.W.T. has joined Mrs. Mc Donald and family at the C. A. Mahaffy home for a visit before they return to their home at Whitehorse.

Prepare For Winter By Using More Dairy Food Products

During winter months, people use more energy than in summer, doing the ordinary things on every day life, according to the Dairy Foods Service Bureau, the merchandising branch of the Dairy Farmers of Canada. The average person in Canada carries a greater weight in clothing during winter. Outside, footing is more difficult and insecure causing a greater expenditure of energy in the simple task of walking. Winter chores about the house, with most people call for more strenuous effort, particularly if snow and ice removal are a part of these chores. These all add up to the need for a greater store of energy in winter.

It would seem imperative that the store of energy be maintained at a high peak, and that the resistance, built up during the sunny summer months, to combat winter sickness, be held at a high level. To help Canadian: achieve these objectives, the Dairy Foods Service Bureau will, through the month of November, emphasize the part that an increased intake of all kinds of dairy foods can play in helping to maintain the energy supply and bodily health during the winter season.

In the food and advertising pages of national magazines, daily and weekly newspapers, and over the air, and with the co-operation of dairy food manufacturers, processors, distributors, wholesalers and retailers the store will be ready. New and tempting uses for whole milk, butter, evaporated and powdered milk, ice cream and cheese will be publicized during the month.

S. C. and C. T. HECKBERT

Wildmere Winks

The writer was too busy last week cooking for the threshers to send in any news. Too bad this news had to come again but many are going ahead threshing and combining while it is still cool. Men are out shocking the stooks and are threshing as the grain is tough anyway. It could be a lot worse if this rain should melt and soak in. Six weeks of lovely fall weather seems a thing of the past in our sunny Alberta. Another week of fine weather would have made such a difference to the farmers. Cliff Cruthers has his combining all done but has a few acres of oats to thresh out of the stook. Some still have cutting to do, others grain to cure before both standing and in the swath. All we can hope for is fine weather for a few weeks yet.

Deepest sympathy is extended to Mrs Tom Miller of Vancouver who was visiting in our district and while here was called home owing to her husband's sudden turn for the worse. Mr. Miller passed peacefully away in his sleep on Oct. 5th. He was such a cheery and friendly man. Everyone who knew him will miss his visits to our district. The community joins with the writer in our sympathy to Mrs. Miller and their two sons left to mourn his passing.

Sympathy of the community is also extended to these families, bereaved since our last news: Mrs. J. R. Thompson and daughters are sorry on the loss of a loving husband and father. Mr. Thompson is an other whose familiar voice will be greatly missed. He had been quite ill for many months and was not seen out amongst his friends for quite some time. To Mr. Chris Thomson of Tolland we give our heartfelt sympathy on the loss of his brother. He was still but a young man, just another of those things hard to understand at the time. Our sympathy to Miss Violet Webb of Hanmond on the loss of an uncle, Mr. J. Thompson of Marmidge, the same week. Strange that all three men, none related, had the same name, only spelt a little differently. It's something Mr. Moyer may not see again as long as he is a funeral director.

We do feel sorry to hear of the bad accident to Elmer Samuelson of Amburside district when he had his hand severely cut with the combine. He is such a happy cheerful lad, good ball player too, but looks as is his ball playing days are over. However miracles can happen and medical science can do so much these days. Good luck Elmer from your many Wildmere and Bawood friends.

Mrs. Mary McLean of Vancouver visited here for a few days but with everyone so busy it was hard to get around. Mrs. T. Wilson, son Tommy, Mrs. McLean and Mrs. Cruthers were out our way one Sunday. Mrs. Cruthers visited with her son Cliff and family, and at the Wallington home, the real warm spot to visit Mrs. Wilsons sister Mrs. Art Beckman and family at the east Battle River farm. Mrs. McLean has now returned to her home at the coast. She went back to Edmonton with Mr. and Mrs. Alex Smith and Scott who spent the Thanksgiving week end with Alex's mother Mrs. J Smith and boys. Mrs. A. Smith also visited her mother Mrs Leland of Asbumside while here.

Owing to it being such a busy time Canon Teape did not hold any church services on Sunday at Bawood. We all hope he may yet see his way clear to come out before winter sets in.

October meeting of the W.I. to be held at the home of Mrs. Wm Steele was cancelled owing to so many members being busy with threshers and cutting. Next meeting will be at Mrs. Wallington's on Nov. 7th. Roll call "Name a fact re song". Topic, Mrs. Garnett. Bring along a darning needle as there may be a quilt to tie that day members.

Duck Hunters Asked To Be Careful

Last fall several head of caribou found dead during the hunting season in areas frequented by hunters. This year hunters are again noticed shooting in close proximity to grazing livestock. Farmers are concerned and ask that all hunters make sure their cattle are well out of range or out of the line of fire. Please take due precautions.

Bond Salesman

Vermilion, Alberta.

Dear Friends:

I again ask you to reserve your Canadian Savings bond application for me. During the past eight years I have done my best to sell Victory and savings bonds. The co-operation that I have received from my friends and my friends' friends has exceeded my fondest expectations, all of which I deeply appreciate.

I have offered my services and have been duly appointed for the current campaign and I again solicit your kind assistance.

The raising of the maximum to $2000 will enable you to consolidate small issues purchased in the past, whether Victory bonds at 3% or Canadian Savings at 2½%. This will extend the time of redemption and at a greater interest it held to maturity. Bonds may be purchased in $50, $100, $500, $1000 and $5000.

This is the only call bond issued in Canada that guarantees you 100 per cent of principal and interest when you want it and it is secured by the total resources of Canada.

I am sorry that I am unable to call and see you personally. Just phone 109 and I think we can arrange.

Yours very truly,
H. Perry Long.

Will Press Demands For Lower Gas Tax

Two major questions are expected to be discussed by the Alberta Motor Association when it holds its annual meeting in Calgary Nov. 24

One is the need of pressing demands on the provincial government for removal of the increase of one cent a gallon in the gasoline tax. At the last session in the legislature the tax was raised from 9 to 10 cents a gallon.

The A.M.A also is maintaining its campaign for the adoption of a flat $10 license fee for motor cars, similar to the Ontario system.

These requests to the provincial government have been discussed with members of the cabinet. A report on these discussions will be given when the provincial board meets in Calgary.

The A.M.A. maintains that there is double taxation of motorists through the present system and that they are fully entitled to relief from this burden.

With its strong membership of more than 65,000, the organization plans to maintain its campaign to secure relief and thus aid the tax burdened motorists.

Other major questions also are scheduled for discussion, including safer four-lane highways and the adoption of safety education courses in the high schools

Weekly Newspaper President Visits Vermilion Friend

On Thursday, Mr. A. W. Hanks of Winnipeg, President of the Canadian Weekly Newspapers Association stopped over at Vermilion to visit Mr. and Mrs. E. H. Buckingham.

During the first war these two old soldiers attended the first machine gun school ever conducted by the Canadian Army. They proceeded to France as machine gunners and were both wounded in the June 2nd, 1916, scrap at Mount Sorrel. They returned to the same hospital in England and spent several months as part sergeants in the Garrison Duty Depot at Hastings.

Mr. Hanks and other Newspaper Association officials will visit Edmonton, Vancouver and Calgary before returning east.

Former Vermilion Men Prominent

AIRDRIE. — Outstanding pitching of Bill Meadors helped the Airdrie team to a 5-3 victory over Milwin, to capture the Rosebud Baseball league title.

In the game played at Airdrie Sunday, Meadors gave up three runs in the first inning and then held the visitors scoreless for the remainder of the game.

Bob Edwards tied the score in the sixth inning with a home run.

THORNCLIFFE

Dance at Thorncliffe school on Oct. 26th. Good music. 15-17

Pleasant Valley

It is not very pleasant at time of writing. The north wind doth blow and it feels like snow'. It is to be hoped that it clears again until the harvest is done.

The W.A. meeting was held at the home of the writer. Sorry you could not attend Lila. We hope that Bill will soon be better and out and about again.

Doris Giles is staying on the farm with her mother while David is out threshing.

Congratulations to Mr. and Mrs. Harry Perkins on the birth of a daughter.

On Sunday Mr. and Mrs. Gilles spent the day with yours truly. Mr Gilles went over to the threshing outfit and took a good long look wishing that he was able to pitch bundles too.

Three School Divisions Represented

A.T.A. Convention Attracts 236 Teachers

Two hundred and thirty-six teachers from the Wainwright, Vegreville and Vermilion school divisions met in annual convention at the Vermilion school of agriculture last Thursday and Friday. Of the total attendance 77 were from Vegreville school division, 89 from Wainwright and an even 100 from Vermilion which is a considerably larger division from the standpoint at rooms operated.

The teachers were welcomed to Vermilion by Mayor S. C. Heckbert and to the school of agriculture by Principal N. N. Bentley.

Guest speaker for the convention was Dr. Donald Nylen, director, department of guidance services for Seattle public schools. He gave the address at the banquet on Thursday evening and addressed a public meeting on Friday afternoon. He spoke on 'Child Guidance'. Another outstanding address was that of Dr. H. T. Sparby of the Faculty of Education, who dealt with the proposed changes in the high school curriculum.

The Department of Education was represented by Mr. T. Byrne and Dr. A. W. Reeves, high school inspectors, with A.T.A. officials present being E. C. Ansley, general secretary of the A.T.A. and Mr. F. Seymour, assistant general secretary. Mr. H. E. Balfour, Department of Education, was a featured speaker of Friday afternoon.

The convention was complete with discussion groups, addresses, a banquet on Thursday evening, followed by a dance, and business sessions of the three A.T.A. groups.

On Friday morning the A.T.A. sub-locals held their annual meetings and the following principal officers were elected:

WAINWRIGHT
President — John Woloshyn of Edgerton
Vice-Pres.—Mrs. Spence, Chauvin
Sec.-Treas. — John Taylor, Wainwright.

VEGREVILLE
President—George Kravetz, Mannville
Vice-Pres. — Nick Hrynyk, Innisfree
Sec.-Treas. — John Finlay, Vegreville.

VERMILION
President—Jas. Smith Kitscoty
Vice-Pres.—John David, Streamstown
Sec.-Treas. — Clark Richardson, Paradise Valley.

An interesting interlude at the convention was the official recognition of the 30th anniversary of the formation of th Vermilion A.T.A. sub-local. According to the official records there are now only two teachers in the division who were members of the local at that time both these teachers are members of the Vermilion teaching staff and they are sisters, Mrs Lillian Elden and Miss Dorothy Oakley. The latter has at present a year's leave of absence due to illness. To these ladies bouquets were presented by Miss Marjorie Knapp of the Vermilion high school staff with some very befitting remarks.

New Officer Heads R.C.M.P. Detachment In Vermilion

Cpl. Stan Surby has been transferred to Vermilion to take charge of the R.C.M.P. detachment here. Cpl. Surby has spent the previous seven years at Two Hills.

Replacing Const. Bob Jonston comes a new officer, Const. Dave Vickerman. His home is at Olds but has spent the past three years in the Northwest Territories. He went from there to Regina to complete his 'riding'.

Rounding out the local detachment is Const. Larry Martin who has been here for the past few months.

Consecration of St. Saviour's Church 25 Years Ago

45th YEAR SINCE PARISH WAS ORGANIZED

On Sunday, Oct. 21st an interesting anniversary passed almost unnoticed at the St Saviour's Anglican church. It was exactly to the day, on Oct. 21st 1926, under the guidance of Rev. Stephens, minister at that time, that the church was consecrated and a service of Thanksgiving held. This then was the 25th anniversary of that event and was the 45th year since the parish of St. Saviour's was organized.

In his sermon Sunday night, tribute was paid by the present incumbent, Canon Teape, to the men who saw to it that a church was built at Vermilion, and also the fact that 25 years ago the church was free of debt, mentioning a few of the ministers who had been charged to care for this parish, in its life. Rev. Gilbert, Rev. Harding, Rev. Smith, Canon McConnal and Archdeacon Leversedge, all of whom he knew personally, together with several others, who were called to mind by the old timers present.

There are still some of the original members of the congregation residing in the district and town. It is also worthy of note that most of these men are still very actively engaged in the operation and management of the church and its affairs. Wonderful progress has been made over the last number of years including the building of a new rectory, and the starting and completion of the new parish hall last year.

A. K. Butler Appointed Inspector, Canadian Bank of Commerce

A. K. Butler, formerly a well known member of the Vermilion branch of the Bank of Commerce, has been appointed to the position of assistant inspector. Art has been manager of the branch at Peace River for the past year or two and now leaves there for Calgary from which centre he will work.

Baby Girl Dies In Minburn Fire

CHILD'S MOTHER SEVERELY BURNED

A five months old girl died in a blazing farm home in the Minburn district on Monday while her mother Mrs. J. Kratky was visiting a neighbor about a half mile distant.

Unable to assist the baby, six other children rushed from the house and then were forced to watch their home destroyed by fire with their baby sister inside.

The child, Freda Darlene, was the daughter of Mr. and Mrs. J. Kratky, her mother was visiting a neighbor when another neighbor saw the house in flames and rushed to the scene to find the six children standing nearby.

The mother arrived a short time later to discover the baby missing and the house demolished.

The Kratky farm is 12 miles south-west of Mannville and five miles south-east of Minburn. Dr. D. Haslinoff of Mannville stated that no inquest would be held.

Salvation Army Helps Burned Out Family At Minburn

Upon learning of the disastrous fire which took the life of a five-month-old girl and completely demolished the farm home of Mr. and Mrs. J. Kratky of the Minburn district, Lieut. R. Chapman of the local Salvation Army, made immediate arrangements to dispatch clothing to meet the need of the parents and six small boys who lost all their possessions in the fire.

Contact was made also with the Army's Social Service centre in Edmonton, for the shipment of bedding and other necessities for the fire-stricken victims.

Once again citizens who have responded so willingly to the Red Shield Appeal, have had a hand in meeting a distress. Thanks to the loyal group of citizens who stand behind 'The Army of the Helping Hand'.

Elks Carnival Starts Tonight

RUNS FOR FRIDAY, SATURDAY, MONDAY EVENINGS

The annual three-day Elks' carnival, one of the gala events of the year in Vermilion, starts this Friday night and continues Saturday and Monday evenings. The carnival is complete with games of skill and games of chance with plenty of good merchandise of many varieties given away as prizes. Fun for everyone is planned and the games include bingo, darts, hoopla, crown and anchor, race horses, etc.

There is dancing every night and door prizes are given away each evening, with the draw for the grand prize taking peace Monday night.

This is always an interesting event, packed with fun and sociability, plan to attend one, two or all three nights. Proceeds go towards community and charitable projects.

Night School To Start Next Monday

There has been such a good demand for both typewriting and shorthand that classes will begin on Monday, Oct. 29th at the high school at 7:30 p.m. Bookkeeping will be offered from 7:30 to 8:30 p.m., typewriting from 8:30 to 9:30 p.m., the same as the past term. Former students from points outside of Vermilion it is felt that it would be best to take advantage of this opportunity to improve themselves can still take steps to enroll and become members of Vermilion's first night school.

Remember the time and the place, Vermilion high school, Monday Oct. 29th at 7:30 p.m.

Mayor S. C. Heckbert Appointed to Health Unit Board

COUNCIL RENEWS THE R. C. M. P. CONTRACT

A special meeting of the town council was held Oct. 15 with Mayor S. C. Heckbert and Crs. Mitchell, Reid, Payne, Webb, Urquhart, Kehoe present.

Correspondence received from the Dept. of Public Health re representative for the Health Unit board; R.C.M.P. re September report and agreement.

Financial statements for September were approved.

The following motions carried: That Mayor S. C. Heckbert be appointed Vermilion representative for the Health Unit board.

That the police contract be signed subject to the amendment clarifying the duties of police.

That the application for erection of a store addition of M. Simonsen be approved, providing he has same suceeed within 12 months.

That application of A. L. Watt for a building permit for extension to garage on Lots 16, 17, 18, 19 blk. 2 Plan 6647S for $250.0 be approved subject to approval of building inspector.

There was considerable discussion on the sidewalk contract with the H. Latrace Const. Co and the secretary was instructed to prepare a complete report on the sidewalks for the consideration of council.

The secretary reported that the maintenance man for International Water Supply was in town and that the town well would be given a general overhaul and that it would be necessary to conserve the water on 16th and 17th after which time the well would be back in action.

'A' Coy. Represented On Royal Guard Of Honor

BY FIVE MEMBERS FROM VERMILION

'A' Coy., of the Loyal Edmonton Regiment is very proud of the fact that five members of the unit have been chosen to be in the guard of honor for the visit of H.R.H. Princess Elizabeth and the Duke of Edinburgh to the city of Edmonton.

This is a composite guard made up of army, air force and navy.

The guard has been parading regularly over the past few weeks in Edmonton and from all reports is developing into a first class precision unit.

The members of 'A' Company participating in the guard are Sgt. O. Up an, Sgt. C. Underdown, Cpl. G. Webb. Cpl. M. Gould, Cpl. Roy Barnett.

It is expected that participating in this guard of honor will be a thrilling experience for the boys and it is hoped that a large number of citizens of Vermilion will have the opportunity of seeing them in action.

New Armories Progressing

While standing of 'A' Company the new armories is progressing rapidly and 'A' Coy. is looking forward to parading in the new building and hope that they will be joined by many of the young men of the town to make a bigger and better 'A' Company.

Marianne Purves Dies Following Car Accident

The sad word was received on Saturday that Miss Marianne Purves, R.N., of Islay, had died at the Royal-Alexandra hospital in Edmonton as a result of injuries received in a car accident near Wainwright, just one week before.

Miss Purves was the daughter of Mr. and Mrs. Wm. Purves of Islay, was born and brought up in that district. She was 23 years of age and at the time of the accident was a member of the nursing staff at the Wainwright municipal hospital.

Funeral services were held at Islay on Wednesday afternoon, Oct. 24th at 2:30 o'clock. Interment took place at the Islay cemetery.

Army Information Centre Opened Here

SGT. LANGELL IN CHARGE

The Canadian Army Recruiting office in Edmonton, commanded by Capt. Roy A. Jardine, has announced the opening of an army information centre in Vermilion. It is located at the Vermilion armouries and Sgt. Langelle, a veteran of World War 2 is in charge.

Sgt. Langelle is experienced in this duty as a purely voluntary basis and welcomes inquiries from the young men of the district regarding service in the Canadian Army active Service force.

Sgt. Langelle states that there are vacancies in all corps of the army and that recruits are at present serving abroad in Europe and Asia. Canada offers her soldiers the opportunity to make service to their country a very profitable career and the prospect of a life in the army is worthy of investigation. Those interested are advised to contact Sgt. Langelle at once or if visiting Edmonton see Capt. Jardine at the recruiting office at HQ Western Command on Kingsway.

R. B. Carmichael Re-Opens Photo Studio

Attention is drawn to the large display advertisement announcing the reopening of the Photo-craft Studio in Vermilion by Mr. R. B. Carmichael. The new studio is located just one door west of the post office (upstairs).

V.S.A. OPENS TUESDAY, OCT. 30

Delayed one week by the late harvest the Vermilion school of agriculture will open for the 1951-52 terms on Tuesday Oct. 30th at 9 o'clock. Everything is in readiness for the opening and the halls of the institution will soon be a scene of great activity.

Senior Baseball Meeting Sunday, November 4

TO WIND UP AFFAIRS FOR SEASON; HAVE CASH BALANCE

A meeting of the members of the executive, players and anyone else interested in baseball will be held in the library room of the town hall on Sunday afternoon Nov. 4th at 2:30 o'clock.

The senior baseball club this year has enjoyed a very active season with the number of games played on the local diamond greatly in excess of those played for a number of years. They also took part in numerous sports day tournaments.

The financial statement for the season which follows shows a credit balance of $67.94

Receipts

Cash on hand May 1, 1951	$263.38
Games	845.6...

Balls, Bats, Equipment	$ 87....
Entry Fees	240....
Advertising	23.95
Transportation	250....
Jackets	20.40
Crests, Lonament	25.83
Lunches, Bank charges	11.11
Telephone 4 Telegraph	12.16
	$ 869.62
Cash on hand Oct 22 '51	67.94
	$ 437.56

St. Saviour's Men's Club To Meet Monday

The first fall supper meeting of St. Saviour's Men's club for the fall season will be held in the parish hall on Monday Oct. 29th at 6:30 p.m. Following the supper Canon Teape will host a discussion on the topic 'Church Union'.

Attendance at these meetings was very good last year proving a popular meeting place for the men of the congregation

Eastern Alta. Hockey League Meeting Sunday, October 28th

ST. PAUL AND N. BATTLEFORD INTERESTED IN FRANCHISES

The North Battleford Beavers and St. Paul are interested in obtaining franchise in the Eastern Alberta Hockey league this season. They have applied for entry and this will be one of the numerous interesting points decided at the annual meeting of the league being held in Vermilion this Sunday afternoon, Oct. 28th. If the applications from these two towns are accepted it will make the former Eastern Alberta league a six-team loop and will bring a very high standard of hockey to Vermilion — providing of course that Vermilion sees enough hockey talent on hand to ice a good contender this winter.

Teams already holding franchises are Vegreville, Vermilion, Lloydminster and Wainwright.

Seek Players and Executive Material

Tigers Call Hockey Meeting

Service Clubs Asked to Have Representatives Attend

The Vermilion Tigers Hockey club have called a meeting to discuss hockey prospects and this will be held on Tuesday Oct. 30th at 8:00 p.m. in the library room of the town hall basement. Service clubs and all organizations are asked to send representatives to this meeting as it is desired to find out if the town and district wants hockey this season. Business men and farmers should attend in force and thus the whole matter would come in for wide-spread discussion. A lot of moral as well as actual support is needed to put hockey over and it is particularly desirous that the Kinsmen, Legion, Elks and Male Voice chorus have representatives there.

PLAYERS NEEDED

Anyone who wishes to play this season is quite welcome to try out with the Tigers. It is not known how many players there are in Vermilion and district as those of you who want to play leave your name with Jack Brown. There is little doubt but that a few players will have to be imported in order to bring the calibre of the team up to that of other league contenders, one of these teams is advertising for hockey players in the daily press even now.

At any rate if the people of the town and district want a league contender they should actively support the Tigers, not leave it to the faithful few to do all the boosting and the work required.

Hockey meeting — Tuesday, Oct. 30th at 8:00 p.m.

Election for Councillor Div. 4 This Saturday

Electors of Div. 4 of Vermilion River M.D. go to the polls on Saturday Oct. 27th to elect a councillor to succeed the late Harry Gordon Pat McGuigan of Islay and O. H. Quist of Marwayne are the two candidates. There is considerable interest in the election.

Guest Minister at St. Saviour's Sunday

The Rev. Mr. Bruce of the British and Foreign Bible Society will preach the sermon at the evening service at 7:30 o'clock in the St. Saviour's Anglican church.

Cattle Prices Soar To New High At Vermilion Sale

Cattle prices soared to a new high at the regular monthly sale of the Eastern Alberta Livestock Sales Association held at the Vermilion stockyards last Wednesday when $37.75 per cwt. were paid for seven months old calves and feeder steers brought $31 per hundred.

Monty Hines sold a full carload of the seven months old calves that topped another carload of calves, ever shipped from Vermilion. The V.S.A. also bought two calves, paying a top price of $37.75 for them.

Advertised as the place where buyer and seller meet to their mutual advantage, the next sale will be held here on Wednesday, Nov. 21st

Miss Jean Brennan of Edmonton was a visitor to the town over the week end.

By The District Agriculturist

"GREEN ACRES"

DRYING DAMP GRAIN

There are reports of damp grain that has heated and is now of no use for sale or for stock feeding. Everything possible should be done to save both of damp grain from heating. Check it almost daily. Once it starts heating it will go through the whole bin. Your elevator agent moves heating grain daily from bin to another. This may be the best way to handle it on the farm also. Some farmers have put damp grain through a threshing machine more than once. Any method that will keep the grain moving and cool it will help.

The inventor who can develop a workable grain dryer will have the heartfelt thanks of many farmers in this district. Anyone with bright ideas about drying grain should see Mr. Acheson at the school of agriculture Vermilion. Mr. Acheson is prepared to try out any system, which seems workable.

RATS NOT WANTED

We are living on the north-east frontier. Can we hold the line against the invasion of rats which threatens the east fast free area in North America? Everyone is urged to watch for rats and rat signs and report anything suspicious to the municipal office or to your D.A.

FARM FORUMS START

On Oct. 29th, 8:30 p.m. the Farm Radio Forum starts up again and the forum will be broadcast each Monday evening all winter. The first three broadcasts will deal with the farm. Why not start a listening and discussion group in your neighborhood to meet once a week? This program is for farm people. For particulars on forming a discussion group from my office.

HANG FARM STRAW

The National Research council advocates the use of straw for making paper and insulation material. The agricultural administrator may all straw should be returned to the land if we are to maintain crop yields and soil fertility. These fellows should get together. It is my humble opinion that the straw in this area should be burned fed to stock or sold for making paper. It should all be returned back into the soil to insure higher yields and more profit in growing crops.

FOOT-ROT IN CATTLE

This disease causes farmers tremendous losses in loss of weight in infected cattle. It can be cured in a few days by a veterinarian. He injects drugs into the infected animal's veins. Lame animals should be examined and treated if foot-rot is suspected.

Keep Her A Princess

We question the use of the title 'Our Future Queen' for the charming Princess who is now visiting us, declares The Financial Post. In all probability she will someday be our sovereign. But let's think of her as a Princess. To constantly refer to her as 'future Queen' can really bring no pleasure to her or any of us. For she can never be Queen while her father lives. And in days like these, this is not a pleasant reminder.

Cyclists, Take Care!

It is noticed that cyclists, not confined to boys and girls by any means, are still riding the sidewalks in residential sections of the town, despite the recent accident in which an elderly man was knocked down and injured. The town has issued warning that strict measures will be taken for anyone found violating the regulation that cyclists must ride on the road. The roads are now packed down and there is no excuse for riding on the sidewalks.

Wintry Weather Sweeps In

After missing the worst of the wintry weather experienced in many parts of Alberta in the past few days, what is to all appearances, winter, closed in on the Vermilion district this week. Two light snowfalls have whitened the ground and the thermometer sank to five below the Thursday morning. At the same time it was 13 below at Red Deer and 26 below at Grande Prairie. There is a depth of 1¼ inches of snow on the ground at the Beam station. Warmest spot for the past week was 28 above on Monday.

It is hard to gain an accurate estimate of the amount of threshing left to be done in the area. Apparently the farmers north of town are much further advanced in that respect than those to the south where the crop was a little later in ripening. It is thought however, that 60% of the crop is threshed, with a good 40% still undone.

Weatherman sees no prospects of a change in the immediate future.

Ernie Everett who has gained considerable fame as Edmonton's yodelling newsboy was a visitor in town on Thursday. Ernie claims that news 'boy' is a misnomer as he was 66 years old last August.

In order to clarify matters, the recent grant requested from the town council by the Salvation Army was not made by local officials, but by the Public Relations Dept. in Edmonton and for institutional purposes.

Official Information re Convention Expenses

Convention expenses are not allowable as a deduction from income from an office or employment and the labor unionist or any other person would not be permitted to deduct such an expense from salary or wages.

A person in business or carrying on a profession, however, may deduct convention expenses if they are reasonable and the convention attended is clearly related to the business or profession concerned. Thus in the case of a lawyer the expenses of attending a convention of the Bar Association in Canada would be allowed to the extent that the deduction claimed was reasonable. The same principle would apply to the medical doctor, a licensed practitioner or a farmer.

The deduction may be made only from the income of the business or profession and under no circumstances may a doctor, lawyer or any other professional man in any employment, deduct convention expenses from his salary.

The above information was kindly supplied to the Standard by Robert Fair, of Vermilion, M.P. for Battle River.

Death of Mrs. Henry Sweeney

A well known lady of the Thorncliffe district, Mrs. Henry Sweeney, passed away at the Vermilion hospital on Friday, October 19th following a lengthy illness. She was 71 years of age. Mrs. Sweeney had lived in the Woodvale and Thorncliffe districts since the year 1926 and leaves a large family and a wide circle of friends to mourn her death.

Left to mourn the loss of a loving wife and mother are her sorrowing husband, five daughters, Mrs. Frank Wilhelm (Margaret); Mrs. Harold Isley (Fanny) of Wetaskiwin; Mrs. Ray Osterburg (Elizabeth); Mrs. Fred Swan (Mary Jane); Mrs. Jack Schaumleffel (Martha), and three sons, Harry, Charlie and David all of this district. There are 23 grandchildren. Three brothers live in the U.S.

Funeral services, very largely attended, were held at the First United church, Vermilion, on Monday, October 22nd at 3:00 o'clock in the afternoon. Interment took place at the Vermilion cemetery. The Rev. C. W. MacKay officiated.

Moyers were in charge of arrangements.

Canadian Utilities Instal Transmitter

Canadian Utilities who make considerable use of radio as a means of communication between various offices, construction crews and personnel, have installed a transmitting station just to the west of town, a little north of the hospital.

Vegreville School Div. Elects New Trustee

In the election for school trustee in subdivision 3 of the Vegreville school division, Michael Tym of Innisfree won over Ronald Peden by a margin of 12 votes in a close contest. The election was made necessary by the resignation of Percy Thompson of Innisfree who has moved to Lacombe.

Pioneer Lady Passes Away At Elk Point

SARAH FRANCES CASKEY

Funeral services for Mrs. Sarah Frances Caskey of Elk Point, who passed away October 16th at the age of 89 years, were held Friday afternoon Oct. 19th in the Elk Point United church. Interment took place in the Elk Point cemetery.

Pall bearers were Messrs. E. A. Bellis, E. Arnott, Lloyd Lambright, O. J. Fish, D. C. Nelson and Tom Wolfe.

Mrs. Caskey was a very widely known pioneer of Elk Point. She is survived by four sons, Roy Sampson, and Dewey at Vancouver, Cran Albert of St. Paul and Warren Edward of Edmonton, formerly of Vermilion, her husband, J. R. Caskey, predeceased her in 1936 and son Marlyon was killed at Vimy Ridge in the first world war.

INFLATION NOTE

They're stemming the tide of money supply, says The Financial Post. It is down to $4,719 millions at latest, drop of .08% from previous month, which was unchanged from month before that. Last year money supply—active bank deposits plus currency—rose right through these periods. Now the gap is closing with last year level with total only $11 millions higher than year ago.

Sixteen Years Ago Today

Oct. 24, 1935

Mr. and Mrs. Jack Mackenzie moved to Edmonton where Jack has leased a garage at Jasper Place.

Practically all of Western Canada was blanketed by a snowfall varying from 2 to 6 inches in depth. Vermilion area was the exception, only a slight skiff showing here.

J. A. McBride was elected president of the senior hockey club with Tom Watts vice-president and Russell Carroll, secretary-treasurer.

The Board of Trade was advocating certain building restrictions as several granaries had been moved onto town lots and converted into residences.

Thirty-two Years Ago Today

Oct. 22, 1919

Attendance at the Vermilion high age, numbering 57. 27 are from school district terms is well above average rural school districts.

It is expected to be about Jan. 1st before the new municipal hospital will be opened here.

Ray Norton was advertising eavestrough and roofing. Also metal siding at $18 per M and shingles at $3.83 per thousand.

Old timers of the town and district, Mr and Mrs. Jack Mace, moved to Edmonton.

Reece Scott, W. Arnold, Wm. Boyle, J. T. Banks and Fred Watling were members of the Meiberta M.D. council.

Higher Auto Insurance

The Canadian motorist will have his 1952 cost-of-living pushed up by an all-Canadian upward adjustment in auto insurance premiums, statistics indicate. Increases will probably be announced before the end of 1951, warns The Financial Post.

The factors responsible for this affect the public liability and property damage rates most. They are: Increased repair costs due to increased prices for parts, labor, and the complex design of the modern car.

Tendency of courts to award higher indemnities for property damage and personal injury.

Increased accident frequency in various areas.

Teen-age drivers.

Woodvale News

Once again this year we have to offer our sincere sympathy to a family who lost one of their loved ones. Last Friday Mrs. Henry Sweeney died after several years of illness and though her husband, children and grandchildren will miss her very much, they will not begrudge her peace and rest after so many years of suffering and pain.

Harvest Operation Difficult

Harvesting operations came to a standstill when snow and ice covered these parts on Oct. 15. From Union school south quite a lot of snow fell, varying in depth, straight combining was resumed by Wednesday when the ice had melted from the heads of grain and by Saturday threshing outfits started up again, despite dampness of stooks and grain. With icing conditions present almost every morning progress is slow and there is still a lack of harvest help.

The Canton - Watson Red Cross held their October meeting on the 17th at the home of Mrs. Gordon Portsmith and had a pleasant afternoon quilting, talking and enjoying a leisurely lunch afterwards. We did not talk all the time either but had quite a business session too. The next meeting will be on Nov. 14 in the home of Mrs. Harry Portsmith. The auxiliary applied for a demonstration by Miss Bernice Reed, the district home economist, for one of the fall meetings. We hope to have the date for that event in our next news.

Mrs. Naomi Foster (nee Freeman) was a guest at the home of Mrs. Otto Wolters for a few days.

Lad. Hanne who has been visiting her parents this summer in the Hindvilla district and who made a trip with them to California, hopes to go there again soon to take a course in massage. Foot massage treatment given to her parents there from which they greatly benefitted, got her interested in this new treatment.

We received a very interesting letter from Emily Young who is at present staying in Montbliard in France near the Swiss border where she and her companions are holding religious meetings. She was in England and Belgium during the summer and hopes to go to Switzerland this coming winter. Her sister, Georgette is at present in Belgium.

Sheaffer Stresses Clips To Cut Down On Pen Losses

10,000,000 LOST EACH YEAR

Sheaffer Pen Co. recently made a survey in the U.S. to find out how many pens are lost by school children during their school years. The average was 0.1 pens lost per child.

On an industry-wide basis, Sheaffer estimates more than 14,000,000 pens will be sold for the school trade this year and, according to the survey findings, about 10,000,000 probably will be lost.

To help cut down this high loss figure Sheaffer is stressing the safety value of inserting clips which adjust to varying thicknesses of material without the danger of spreading or becoming 'sprung'.

Another suggestions Sheaffer is passing on to school-bound young ones is to clip the pen and pencil to back straps.

YOUR PERSONAL PENSION PLAN
PROVIDED THROUGH
The Alberta Government Retirement Annuities Act
HERE ARE MORE QUESTIONS AND ANSWERS ON
ALBERTA GOVERNMENT ANNUITIES

QUESTION: In the event of unforeseen need of funds prior to my reaching the retirement age, may I withdraw my deposit?
ANSWER: Yes. A depositor may withdraw all or any part of his account which has been on deposit for at least five years but will forfeit all interest on any funds withdrawn.
QUESTION: In the event of my death, will my beneficiaries receive any benefits?
ANSWER: Yes, the total amount of all deposits, together with interest at 3% per annum, simple interest, will be paid to the estate.
QUESTION: May a depositor at time of his retirement obtain an annuity payable to both himself and wife?
ANSWER: Yes. At any time after reaching 55 years of age a depositor may obtain an annuity, and may select:
(a) a single life annuity
(b) a joint annuity
(c) a guaranteed term annuity for a period of not less than five years.

Broncho Busters Orchestra To Play At Islay Hall

The Broncho Busters orchestra will play at a dance in the community hall at Islay on Friday Nov. 2nd. This orchestra features Spanish, electric steel guitars, violin, accordion, banjo and vocals. They plan to present a real western program that evening.

Lunch will be served by the Ladies of the Royal People at the Elks carnival Oct 26, 27, 28. 16-17x

A SAFE DRIVER IN AN UNSAFE CAR . .
Cancel Each Other Out
Driving without proper lights, windshield wiper, and defroster is as annoying as reading fine print with dirty glasses, and can be definitely more deadly.
The maintenance of Automotive Safety Equipment in A-1 condition is more important than ever in winter driving.
The use of chains when travelling on icy highways, well-aimed headlights, a windshield wiper that really wipes, plenty of speedy unwaving a narrow peephole, and an efficient defroster is your assurance of safer driving in winter.
ALWAYS REMEMBER . . . A SAFE DRIVE IN AN UNSAFE CAR CANCEL EACH OTHER OUT.
Be Careful - the life you save may be your own.

Many Interesting Subjects At Board of Trade Meetings

ALL BUSINESS MEN AND FARMERS INVITED TO ATTEND

The following is a summary of the discussions and activity carried on at the Board of Trade meeting last week. The meetings are being well attended and are very interesting.

The president was in the chair and there were 23 present. Mr. T. Watts introduced Mr. D. Welsh of Gerard Rest Warm. The chairman extended a welcome to Mr. Welsh and to Mr. Jim Irving.

The minutes of the previous meeting were adopted on motion of J. R. Hoake and W. P. Pilkie.

Business

T. Watts reported that the Welcome Banners for the A.T.A. convention and for the opening of the V.S.A. were on hand and it was now up to the business men to co-operate and display them in the windows. Doing so would signalize these noteworthy events and would create considerable favorable publicity for Vermilion.

Economic Survey Well Received

A. M. Watt reported that the distribution of the 300 copies of the economic survey of the Town of Vermilion had attracted considerable attention as acknowledgments were now coming in from more than a dozen companies.

Breakfast Club to Fly Here

Bill Pilkie reported that the Edmonton Breakfast club planned to fly to Vermilion on Sunday, Oct. 28, and would land on the local airfield. The airport committee had accepted the kind offer of Mr. N. N. Bentley to serve the fliers breakfast at the college for the very nominal charge of 50 cents each. Any local business men who wish to mingle with the visitors and accompany them to breakfast at the college were welcome to do so.

St. Paul and Lloyd. Visitors

G. W. Sutherland reported that there had been a joint meeting of representatives of the Junior Chambers of Commerce from Lloydminster and St. Paul on Sunday. The purpose of the meeting here was to listen to an address by Roger Pommerleti, regional representative of the Junior Chamber who came from Calgary. As a result of their knowhow in arranging for a place to meeting the J.C. officials were served the Vermilion Board with some slivers of Lloydminster Old Log Cabin value, nothing). Mr. Sutherland the Vermilion vice-president, was in attendance and extended a welcome to the twenty visitors present. (Note: Fred acknowledges slivers with thanks).

Chinese Food Dinner

Mr. Bill Pilkie moved that we have a Chinese food dinner served at the next luncheon. This was seconded and was carried with two dissenting votes, Mr. Jim Nicholls and Mr. Sandy Watt.

Fires Prices

G. W. Sutherland opened a discussion on fixed prices for merchandise as it appears that legislation will shortly be introduced at Ottawa to render such practices illegal.

Several speakers were heard on the topic and the matter finally turned over to the retail committee for further consideration and a resolution if they thought fit.

The chairman appointed Gerald Stephens to the retail committee to replace Mr. Friedman who is absent from town most of the time.

It was moved by George Webb and seconded by Tom Watts that a letter of congratulations be sent to a former Vermilion boy, FO Steve Pus, R.C.A.F. who has recently graduated as a radio navigator.

Health Committee

Dr. A. B. King, chairman of the health committee reported progress with regard to the Health Unit, and said that the Board to administer same was now being set up, and that Mayor Hecbert would be Vermilion's member on that Board.

Park Project

Mr. Melvin Hill, a member of the special committee on the park and slam project reported progress and stated that some work might be done this fall providing satisfactory arrangements for construction could be made.

At some interesting points of previous meetings have escaped press mention the following are gleaned from the gathering of Oct. 15th at which 27 business men were present.

Mr. Tom Conboy chairman of the committee in charge of fire prevention week campaign, gave a detailed report covering the activities of his committee. The chairman complimented Fire Chief Conboy and expressed the appreciation of the board for the work done by the committee.

A motion was then passed expressing the confidence of the Board of Trade in Fire Chief Conboy and the Vermilion fire brigade.

The secretary read a letter from Messrs. Arnold Parks and Charles Goff of the T.B. clinic expressing their appreciation for the welcome extended to them in Vermilion, their pleasure at attending the Board of Trade luncheon while here, and in particular to Mr. Tom Watts for the many kindnesses shown by him to them during their week's stay in Vermilion.

Ask Western Man on Board

A motion was made by K. G. Urquhart seconded by A. M. West that a resolution be forwarded to the Minister of Transport urging that the now vacant seat on the Board of Transport Commissioners be filled by the appointment of a man from Alberta.

Commend Kinsmen for Marking

Ashley Cooper spoke of the good work done by the Kinsmen in marking the sidewalk curbs for the orderly and more convenient parking of cars. He stated that this would make room for more cars, and add greatly to the appearance of parking as all would be parked at the same angle. A motion commending the Kinsmen for their good work was passed.

Introduce New V.S.A. Members

Mr. N. N. Bentley introduced three new members of the V.S.A staff in the persons of E. McCrimmon, V. T. Janssen and T. Rackham.

Ashley Cooper on behalf of the Board extended congratulations to Mr. J. V. Jacobson.

ment to the position of Dominion Director of Education in the N.W.T Mr. Jacobson spoke a few words of appreciation for the welcome extended to him here, saying that he would miss Vermilion and its Board of Trade.

The Board heard with considerable interest that the town council were obtaining costs from the Manix Construction Co. as to hard surfacing the main business streets of the town. The board members professed themselves as being fully in accord with the actions of the town council in this respect.

Newsreel of Royal Visit Already on the Screen

A special newsreel story of the arrival of Princess Elizabeth and her consort, the Duke of Edinburgh, in Montreal and their official welcome to Canada at Quebec City is now playing in theatres across Canada.

The entire footage was shot by Associated Screen News cameramen, and was edited in their Montreal studios. This was done as a joint service for all the American newsreel companies Paramount, Movietone, Metrotone, Universal and Warner-Pathe.

The Canadian film makers will also cross the country with the Royal entourage to give a complete photographic coverage for the newsreels.

May we suggest a Sitting?
Illustrated—Buick Custom Deluxe 4-Door Sedan
A General Motors Value
No doubt about it—you'll make a mighty handsome picture in a snapping new '52 Buick.
But it isn't the way you look, but the way you feel that's really important.
We'd like you to discover a Buick's ease and comfort, a Buick's power and performance, a Buick's steadiness and control—just to see if maybe you have been missing a travel treat. We'd like you to discover what a valve-in-head engine, as Buick builds it—gingered with Fireball combustion—can mean in pulse-pounding thrill and in big miles-per-gallon figures.
We'd like you to learn what coil springs on all four wheels—not just the front ones—can do in the matter of smoothing a rough road and keeping you on a level keel.
We'd like you to see what generous roadweight and a rigid torque-tube mean in solid steadiness of ride—what Dynaflow Drive® does for you in downright comfort and convenience—what a breeze it is to handle so big and roomy and impressive a car.
Most of all, we'd like you to note the easy-to-take price tags our cars wear—what a whale of a lot more automobile you get for your money in today's Buicks than you'll get elsewhere.
So—come in for a sitting soon, won't you? Whether you try a CUSTOM, SUPER or ROADMASTER, you'll find it the top buy in its field—and a beauty from any angle.
WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM
NO OTHER CAR PROVIDES ALL THIS

OUR COMPLETE SHORT STORY—

A Night Like This

By VICTOR di CASTRI

sent? Sally, you love me. You can't sacrifice your own happiness just because you feel you can't leave your sister alone in the world. Peggy's young and pretty and she's got a good job—she'll be all right."

Sally smiled wanly. How many times Bob had said that. She watched his grim, harassed face and his fingers clenching on the steering wheel. They had been to a movie and had been parked outside Sally's apartment for about fifteen minutes, but to Sally it seemed as if they spent most of their lives in the blue coupe trying to figure out a way to get married and at the same time not leave Peggy alone.

Bob put his arm around Sally. His dark, handsome face reflecting his earnestness. "Sally, you said yourself that Peggy has turned down several proposals. What about Mike Slogan?"

Sally was embarrassed. How could she tell Bob that Peggy had a lot of fancy ideas and wanted to marry wealth and position; she had told her so. Sally evaded the question by saying, "Oh, they had some kind of a disagreement and it fizzled out."

But Bob was insistent. "Well, he wasn't the only one. What about the others? What is she waiting for, a prince charming on a white horse?"

Sally shifted uneasily on the worn leather seat. She could see that he was going to lose his temper. She couldn't blame him, but she was tired and frustrated herself and she knew that if he persisted they would probably have another fight. It seemed crazy but she should fight with Bob when she loved him so much.

Sally moved over impulsively and leaned Bob on the corner of the mouth. "I'm going to go now, Bob. We're both tired. Maybe something will turn up."

"Maybe," Bob stormed. He was angry and made no attempt to conceal it.

Her heart cried out for him but she reached for the door, stole one last glance at him, then stepped out of the car and ran.

She was at the large oaken door of the apartment building before she heard Bob pull the car door shut, but there was no sound of the car starting.

Listlessly she walked up the flight of steps to her apartment and let herself in. She was glad that Peggy had received that invitation to go out tonight. Right now Sally wanted to be alone. Very much alone.

For the first time her love for her sister was clouded with a little resentment. Oh why hadn't Peggy married Mike Hogan? It was all very well to want to reach for the moon but most people had to be content with considerably less.

When Sally had expect herself crying she forced herself to laugh resignedly. She went over to the black book at the side of the phone. It was a wild chance but it was the only straw left to grasp. She went down the list of names until she came to Mike's. It was a plain name and he was a nice guy. But would he be in? Most men wouldn't hang around a boarding house at night. But it was getting late. Maybe he was back now.

Breathlessly she dialed the number and asked the landlady at the other end, "Is Mr. Hogan in—by any chance?"

"I'll go and see," the voice answered.

Sally's throat was dry. How was she going to broach the subject of Peggy?

And then Mike answered, but it was only after he repeated "Who is it?" a second time that she managed to tell him who she was. "Can you come over, right away?" she stammered.

If Mike thought her request unusual he concealed the fact. "Sure. Sure, I'll be right over."

She had coffee on by the time he arrived. Nervously she said, "I'm so glad you could come."

"That's O.K. Sally, what's up?"

Sally knew that she shouldn't hesitate to tell him about Peggy but just the name it was difficult to find just the right opening. "Mike—" she began.

And then the door opened, and there was Peggy. And Bob was with her. Peggy looked at her sister in surprise and then at Mike and exclaimed, "Mike! Mike, what are you doing here?" She started to run forwards him but changed her mind.

Mike was on his feet, but it was Bob who stepped forward. He took Sally's hand firmly and announced, "Peggy, I've had enough of this beating around the bush. Sally and I are going to get married. Right away."

An expression of consternation clouded Peggy's face. "But Sally—"

Bob was unyielding. "Peggy, we want your consent."

Peggy appeared stunned. But only for a moment, because the next Mike had scooped her in his arms and started dancing around the room.

Sally looked at Bob with wondering eyes.

When Sally and Mike's joyous laughter had subsided, Peggy pointed a finger at her sister and grudgingly said to Mike, "She wants my consent—"

Bob appeared perplexed but still angry. "What's so funny?"

"What's so funny?" Peggy asked almost hysterically, "why I gave Mike up thinking that you would never get around to asking Sally to marry you."

When they all finally got tired of talking about their happy, smug wedding plans, they decided that they needed more than coffee on a night like this. Nothing less than bacon and eggs would do. Especially if Peggy and Mike went into the kitchen and left Sally alone with Bob.

WESTERN BRIEFS

Drive-in Letter Box

CALGARY, Alta. — Calgary residents learned they could have a drive-in letter box if the city council gave up four parking meters. Postmaster Robert Hopkins said he would be willing to install a special letter box for drivers on the curb alongside the post office.

Permanent Office

SASKATOON. — R. M. Blakely of the Swift Current experimental farm was appointed permanent secretary of the Canadian Turkey Federation here at the annual meeting. The meeting also decided to set up a permanent central office at Swift Current.

Solo Flight

PORTAGE LA PRAIRIE, Man.—Something new in local education will be seen here when the first school radio workshop in Manitoba is opened at the Prince Charles school. District school children will be given a half-holiday to mark the occasion.

Attempt Failed

PLASTER ROCK, N.C.—In a vain attempt to rescue a dog from the path of a freight train, William Brown, 50, was killed. Brown, a deaf mute and partially crippled, was trying to chase the dog off the tracks when he himself was struck.

Down Increased

EDMONTON. — Provincial Government deals on most types of lumber taken from Alberta forests have been increased. Forestry officials said dues on sawn spruce and pine lumber have been increased to $6.75 per 1,000 board feet from $5. Dues on other types of sawn lumber have been raised in proportion.

Hunting Campaign

FLIN FLON, Man. — Northern Manitoba, now famous for its copper-zinc mine at Flin Flon and Sherritt-Gordon nickel at Lynn Lake and gold at Snow Lake, may produce still another precious metal. This was revealed here when A. G. Dibbs of New York returned from visiting a chromite discovery 95 miles east of Flin Flon. The new discovery is believed to contain considerable amounts of precious tungsten.

Just House Sense

LOLLIE, Sask.—Recently when a coyote raided the chicken pen at the farm of Sert Gideon near here he encountered more trouble than he bargained for. The coyote was about to leave the chicken yard with a hen in its mouth when two horses gave chase. The four-footed rascals chased the coyote until it dropped the chicken and then they slowly escorted the limping bird back to the barnyard.

Not As Expected

ILE A LA CROSSE, Sask.—W. C. Wentzell of Ile a la Crosse is the proud possessor of the only apple tree in this part of northern Saskatchewan. During the summer months he carefully pruned and sprayed it stumbling all the while the juicy red apples he would gather from the tree this fall. Recently he went to his garden to gather the fruit, and found instead of the bountiful crop he had expected that the tree had borne only one apple. It did weigh more than half a pound however.

More Comfort Wearing FALSE TEETH
Here is a pleasant way to overcome loose plate discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmer for hours. Does not contain any gummy, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug store.

SAVE MONEY NOW! get LOVELY NEW BLANKETS from your OLD WOOLLENS!

One-Man Army

Manitoba Soldier Tops List For Bravery Award In Korea

OTTAWA. — A one-man army who fought until he could hardly stand topped the names on a list of five Canadians decorated for gallantry in Korea. He is Pte. Wayne Robert Mitchell of Virden, Man., a 21-year-old former hydro worker whose "extraordinary courage" in helping fight off an overwhelming Chinese attack during their April offensive brought him the coveted Distinguished Conduct Medal.

Four other men with 25th Brigade units—Mitchell is a member of the 2nd Battalion, Princess Patricia's Canadian Light Infantry — were awarded the Military Medal. In addition, 11 officers and men, all but one still alive and in Korea, were given Mentions in Dispatches.

PTE. W. R. MITCHELL

Citations for the five gallantry awards all bespoke unusual bravery under fire but the gallantry of Mitchell was tops.

Despite two wounds, he Brenn-gunned one "overwhelming" Red assault to a halt largely by himself, carried a wounded man to safety despite a wound of his own, rushed a Chinese machine gun firing the Bren from the hip to relieve a group of wounded men who were pinned down, covered his platoon's withdrawal by moving from place to place under fire, and refused to be evacuated after four enemy assaults.

He stayed at his post through that long night of April 25 at Kapyong, close to his Bren. "At daylight," said the citation, "Pte. Mitchell could hardly stand for loss of blood." He was flown back to medical care by helicopter.

The Military Medal winners included three artillerymen, all of them drivers for forward observation officers, the men who go up with the infantry to see that they get supporting gunfire when they need it.

Hungarian Partridge Must Take Blame

PRINCE ALBERT, Sask.—A. F. Cooper of Tweedsmuir, Sask., said that Hungarian partridges are to blame for disappearance of the pinnated grouse in Saskatchewan.

Game authorities say the grouse, or prairie chicken, now is almost extinct in the province.

Mr. Cooper, a pioneer, says he has seen partridges attacking a prairie chicken nest and killing young birds. Partridges kill more prairie chicken than hunters, he added. 2956

Believes Northern Route Is Better

EDMONTON.—Mayor Sidney Parsons is seeking the support of Winnipeg and Vancouver for the Yellowhead routing of the Trans-Canada highway.

The mayor said he wired Mayor Garnet Coulter of Winnipeg and Mayor Fred J. Hume of Vancouver suggesting establishment of a "joint relations group" to press for the northern route.

He said the Yellowhead route, which would pass through Edmonton, is 147 miles shorter between Winnipeg and Vancouver than the southern route which would go through Calgary.

Canadian Army In Need Of Doctors

EDMONTON.—The Canadian army is subsidizing medical students in Canadian universities in an effort to meet the shortage of medical officers, Brig. W. L. Coke, director-general of medical services, said at a press conference. Brig. Coke, touring army hospitals in the west, needs 60 more doctors to fill present vacancies.

Minor Changes In Services Rendered By The Standard

In order to attempt to meet the increasing cost of producing this newspaper, a few minor changes are being made for services rendered. These changes are designed to increase revenues slightly, and to cut down labor by eliminating unremunerative bookkeeping for the small amounts involved.

OBITUARIES

A charge of 10c per line will be made for all portions of obituaries listing floral tributes and memorial donations. To estimate the cost, allow 6 words to one line.

In Memoriams and Cards of Thanks

In Memoriams and Cards of Thanks will be charged for at the rate of $1.00 each, and are payable cash with order.

Teas, Bazaars, Card Parties, Dances

All notices of Teas, Bazaars, Sales of Work, Card Parties and Meetings are to pay the minimum 25c, and MUST be Cash with order. The cost of booking these costs more than the revenue derived.

Classified Advertisements

The rate for Classified Advertisements has been changed to 1c per word straight — CASH with order. Ads. phoned in must be paid same day, or in case of rural residents, the same week. An extra charge of 25c will be made for any ads. booked.

News Notes from Your District Home Economist

—By Bernice Reed.
Wainwright, Alberta.

Have you dug up your winter woollens yet? Remember to make sure that your summer clothing that you store is clean, and unstarched, and you needn't bother ironing it because you'll have to re-iron it next spring anyway.

To Get a Very Large Cake

Beat the whites of 20 fresh eggs; then let degrees beat a pound and double-refined sugar sifted through a two sieve; mix these well in a deep earthen bowl; add orange-flower H2O, and a piece of fresh lemon peel of the former enough to flavor, and no more. Whisk it for 3 hours till the mixture is thick and white, then with a thin bread bit of board spread it all over the top and sides, and set it in a cool oven, and an hour will harden it. How's that for a quick and easy recipe? Mrs. Comley of Jarrow showed it to me in her New System of Domestic Cookery published in 1920—a most fascinating book.

Look to Proper Storage

Look to the proper storage of your fruits and vegetables. The object of storage equipment is to control the temperature and humidity in the air storage room. For this reason the space given over to storage should be well insulated, should have some method of cooling with outside air and an arrangement for increasing the humidity. Ventilation can generally be provided by merely opening a window. Outside sunlight should not be admitted to storage rooms, for not only increases temperature but also causes sprouting of onions, potatoes and other vegetables. Windows and other openings which allow sunlight to enter should be darkened. Humidity can be adjusted by a false floor providing a space of three or four inches underneath. This can be partially filled with soil or peat, and moistened for high humidities. Even sprinkling the floor or using containers filled with water will help to maintain high humidity.

But however good the storage and however much care is given to storage control, much of the success or failure in storing fruits and vegetables depends on putting sound material into storage at the start. If they are reduced to storage temperature immediately after being harvested their storage life will be greatly increased.

Stored materials should be examined frequently. If wilting occurs the humidity in the storage room should be increased. In rot or any form of breakdown or other disease is noticed no matter how slight the affected fruit or vegetable should be discarded. This will prevent other stored material from being tainted or damaged.

To Remove a Stain

Remove a stain by sponging from the outside of the stain towards the centre with light brushing motions to spread the moisture into the cloth around the stain to keep a ring from forming. Put with a dry cloth and dry rapidly to prevent a ring. Fruit and much more useful information are to be found in the free pamphlet, Stain Removal which you may have for the asking.

Next Week's Question

Which variety of apple is best for eating and which is best for cooking during November? There are about six varieties of each type, so you'll discover how much you know about apples.

Prince Edward Island is only a little more than one-sixth the size of Vancouver Island. P.E.I.'s area is 2,184 square miles and that of Vancouver Island about 12,408 sq. miles.

Buffalo Herd Outgrows Park

Canada's famous buffalo herd at Elk Island National park, near Lamont, has again outgrown the grazing capacity of the fenced 75 square miles forming the park, and Resources Minister Winters has announced that a tender has been awarded for the slaughter of 600 buffalo early this winter. The herd now numbers approximately 1625 animals, an increase of around 600 since 1948, when the herd was last reduced. Scientists of the Canadian Wildlife Service of the Department of Resources and Development recommended the reduction in the interests of good herd and range management.

The tender of Burns and Co. of Calgary has been accepted, the Minister stated, and the reduction in the herd will take place at a newly constructed abattoir in the park commencing Dec. 10th.

The buffalo to be slaughtered will be predominantly males, including approximately 75 three-year-olds, 75 four-year-olds and 300 five-year-olds. The remaining 150 will be five-year-old females.

Of the 600 hides resulting from the slaughter, 75 have been reserved for use of the R.C.M.P. and 50 for the Department. The remainder will be sold commercially.

STORE SALES DOWN

Department store sales were down 12% week end Oct. 6th, compared with the same week earlier, says The Financial Post, and September sales were 7% below same month last year.

New License Plate System For Alberta

The provincial government has decided to abandon the system which has been in use since the present license system was inaugurated of changing the number plates on motor cars every year, according to information received by the Alberta Motor Association.

Instead, there will be a 'permanent' license plate, which will first come into use when the next license year opens April 1, 1952. Thus Alberta is adopting a system that has been in effect in some states for many years and which also is being considered by some other western provinces.

The next license plates will have pearl gray letters ... ground which is a combination designed to make them easily recognized.

Another change is that the lettering will stand out, as a chemical paint will be used to make them glow in a reflected light. Experiments elsewhere on this set-up have given good results.

The provincial secretary's department also has decided on another change, which will result in a combination of letters and numbers, instead of the present plates which show only numbers.

Half-Million Need Help In Yugoslavia

In Yugoslavia half a million children, students, old and sick people will require outside help to survive this winter. You can help them through the non-profit, relief organization known as CARE. CARE has a variety of food and textile packages for Yugoslavia ranging in price from $5.70 to $18.75. Perhaps you would like to send a package of food, a warm blanket or maybe a baby's layette. CARE representatives in Yugoslavia will see that your parcel will go where it is most needed. Send your order today to CARE, 73 Albert Street Ottawa 4. 3bit

The average Canadian woodsman eats a pound of meat a day when working in the bush.

Whether trucking is your business or only part of your business, it is most important that you select exactly the right truck to do your job both properly and profitably. With this one thought in mind, our truck engineers have designed a complete line of over 80 Mercury Truck models (including 2 Cab-Over-Engine models) ranging from ½ to 5 tons. There are three mighty V-8 truck engines... twelve rugged reinforced chassis for extra strength and longer life. There are added comfort features in both the Custom and Standard Cabs. There's appearance... big, good-looking appearance that speaks well for both you and your business. Your Mercury Truck Dealer will be glad to discuss your trucking problem and assist you in the selection of exactly the right truck to do your job.

Select exactly the right truck for your job

Mercury M-1: One of seven series, has a maximum gross vehicle weight of 4700 pounds. Specially designed for pick-up and light delivery, it gives you the speed, comfort and easy handling of a passenger car combined with the power, strength and economy of a light truck. The Mercury M-1 has steering-column gearshift as standard equipment in both the Standard and the Custom Cab. The Mercury M-1 is available with pick-up and panel bodies and is readily adaptable to a variety of special bodies.

All Mercury Trucks are powered by famous Mercury V-8 Truck Engines featuring "Loadomatic Economy". Years of research and constant improvement have made these engines the finest of their type in the world. See your Mercury Truck Dealer... he understands your trucking needs.

STAY CLEAN

By preventing dirt and grime from penetrating pores of paint film, new paint is said to hold its clean appearance for a long time, cutting maintenance cost by as much as 40%, reports The Financial Post. Can be brushed, sprayed or rolled coated; covers most surfaces with only one coat; can be repainted without special preparation of the surface. Made in non-yellowing white and variety of colors in both flat and gloss enamel.

His Royal Highness, the Duke of Edinburgh, took ove, the throttle of the giant Canadian National locomotive 6401 as the Royal train sped from Vineland to Winona, Ont., a distance of 14 miles. Here he is seen standing at the door of the engine cab just prior to the start of the trip. Close by was the veteran engineer A. S. Heron, of Toronto, who kept a watchful eye on things.

Paradise Valley

Messrs. J. L. Vice Sr. and Bill and Jack Vice all of Edmonton were recent visitors with Mr. and Mrs. L. Vic. at Paradise Valley.

We regret to hear that Miss Helen Krasnyk is a patient in the Lloydminster hospital. Her many friends hope she will soon be home again.

Mr. and Mrs. W. Hall of Port Radium, N.W.T. have returned to their home there after having an extended holiday that took them to Bill's old home in Ontario as well as visiting in town with Mrs. Hall's parents Mr. and Mrs. J. W. Guy.

C.G.I.T. Members Graduate

On Wednesday evening the home of Mrs. E. V. Gunn was the scene of a very happy party when the C.G.I.T. group gathered to present three of their former members with a small gift on their graduation. Miss Kay Swayne, Miss Laura Knutson and Miss Mary Baxter who will not be with us this year. Miss Knutson and Miss Swayne are leaving to attend the school of agriculture at Vermilion and Miss Baxter is attending the Wainwright high school. Miss Violet Adams and Miss Marion Fulgham will also be missing this year as Miss Adams is working for the Treasury Branch at Vermilion and Miss Fulgham is attending high school at Camrose.

The schools in town and district had a holiday on Thursday and Friday as the teachers attended the A.T.A. convention at Vermilion.

The municipal road crew stopped over in Paradise Valley on their way to do work south of Riversource.

Check Stove Pipes

Now is the time to check furnace and stove pipes. Faulty pipes are one of the chief causes of fires on Canadian farms. And while checking the pipes, what about the chimney itself? It can have deteriorated a lot in the past six months and need pointing or a new chimney pot. An excellent fire protection on a farm is a roof ladder for fires often originate around the chimney and the roof.

A few buckets and a number of water barrels at suitable points around farm buildings are often a greater protection than a fire engine many miles away over snow-bound roads. But water buckets are worse than useless if the water is frozen, so choose a reasonably warm place to locate them.

The simplest fire-fighting equipment is bucket of water or sand, a small fire extinguisher, even a horse blanket. If available immediately, can smother an incipient fire before it becomes a disastrous blaze.

Mrs. Noggins Buys A Bond....

By Bruce Hutchison

My good neighbour Mrs. Alfred Noggins, who was born in London was telling me today that she had invested her stake in Canada by the purchase of another government savings bond.

Now that I like saving, you understand, she said. I'd another spend but why should I save as an investment in the great Canadian nose Certainly saved up enough to build the railways and the ships and the Ottawa Gals and all like that, and I wasn't for saving we'd have to where we was at the moment like this in this here never ending battle. We'd be home stable and safe again in a wigwam but times is changed and sense is not common as it used to be.

That was the gloom of it right off, but I hadn't met a cheerful person. We're the world's most gloomy race and I reckon we're not even glad to be alive. Now I'm not glad to be alive to the point of thanking God for it, but I'm not sorry I was born either. I'm glad I'm in this country rather than Russia and I'm glad I'm not in Russia's satellites and I'm sorry I'm not in Canada's satellites. But I'm not sorry I'm alive so long as the sun rises and I can get without actually buying a bond.

I don't see bonds.

That's the government's affair not mine. I've let the government have mine so far. I've got my hands full with my farm that that's active on the farm and not the city. That will take two hundred for the next ten years, if it's without the government interference.

Actually the government would only get more money if I was instead of borrowing mine, maybe I'd lay my hands on more stuff and then the land of the nation. They'd be getting it from some country instead of taking it away from a poor man.

And of that did I save and there was no dollars rolling around do you think there'd be one extra tractor coming around? That's the economics says George, and I don't like em. Let the government look after the economics and I'll look after my farm, says I.

What I say—for I do begin a argument with old George—if they print that more money and it's worth no more much I says do you think some forty acres or a new tractor will cost you? That says George is the government's affair and they put it on and they trouble in my when I've plenty of my own. Let the government keep prices down with a body can live.

Anyway says George I don't care if prices keep going up. Let em rip. I'll get more out my milk and potatoes so it don't matter. And anyways I've got plenty of money in the bank. I've got life insurance for my old age so I'm not worryin' so long as the government leaves me alone. And I says, how much will your money be worth in your old age if prices keep climbin'? That's inflation says George, I'm against inflation but what that got to do with savin bonds? You'll find out, I says, and left old George standin' on the road, lookin' kind of puzzled.

Which reminds me," said Mrs. Noggins "of my Uncle Egbert, who was once an alderman in Liverpool till the auditors took a look at the books. Egbert was against savin' on principle and it worked out all right because a run off with a widow from Manchester and lived appily on er means ever afterwards. Yes, sir, a stick to a principles to the last."

Funny and Otherwise

A French writer declares that North American women are nothing more than dolls. Unfortunately adds the man at the next desk, the talking kind.

• • •

I showed to the wife, the young husband bought a dog breaded when he was left in the country. When it arrived at the home station, the agent phoned over now to the wife, "I have a dog house for your husband."

• • •

"How I was like being a married man," it said it.

"I find it to be a husband a little like ours. He's much more trouble than a dog."

• • •

"George dear, you'll never guess what I got from the butcher's today. I haven't guessed what it is myself, yet."

• • •

"I'm a mother chemist," he replied. "Come and make an guess."

• • •

Lady Customer: "I see this medicine is advertised as good for man and beast."

Druggist "Yes."

Customer "Gimme a bottle, I believe it's the right combination to help my husband."

• • •

"I take a meal out occasionally but I never go to the same restaurant twice."

"I don't leave a tip either."

• • •

Motor salesman: "This car is absolutely the last word."

Customer: "Just not my wife if there's anything she loves it is the last word."

Announce Date For Manitoba Grain Vote

WINNIPEG — Agriculture Minister F. C. Bell said Nov. 24 has been set on the date when farmers in Manitoba will decide if they want to continue marketing coarse grains exclusively through the Canadian wheat board.

Proclamation for the coarse grains marketing referendum had been issued under legislation passed at the last session of the legislature.

The question on the ballot will be: "Do you wish to continue to sell your oats and barley as at present?"

The ballot must be marked "yes" or "no".

Generally, those eligible to vote will be actual grain producers and persons entitled to a share of crop under a lease, agreement of sale, or a mortgage provided such share is payable in grain and not in cash.

Since the compulsory marketing of coarse grains through the wheat board was passed two years ago, much controversy has developed over its benefits.

Premier D. L. Campbell told the Manitoba legislature last April that he had been informed the coarse grains bill would be repealed if farmers showed through the plebiscite that they did not approve the present system.

Mr Campbell said the vote will be of utmost importance to the province because farmers of Manitoba's neighbouring legislation could conceivably result in scrapping the scheme for Saskatchewan and Alberta.

—United Press Canadian

DECORATED FOR BRAVERY—Five members of the 25th Infantry Brigade in Korea have been honored with war medals for "Courage, devotion to duty and coolness under fire." Gnr. K. W. Wishart, Ochre River, Man., was awarded the Military Medal when he stood calmly in the face of a Communist attack directing artillery fire by wireless.

GOOD AS MILK

RIO DE JANEIRO. — People who drink the sap of the macaranduba tree in parts of Brazil say it is as good as a glass of milk. Tests show the sap has 34 per cent butterfat, plus sugar and minerals.

Will Seek Police From British Isles

EDMONTON, Alta.—Mayor Sidney Parsons says the city will seek police recruits from the British Isles, including the land of the shamrock.

It isn't that there aren't enough O'Briens or O'Learys on the force. There just are not enough policemen, he said.

Parsons said Edmonton's police force has been undermanned by about 15 men during the past two years and it was impossible to find suitable recruits in Canada.

Another Royal Visit Next April

THE HAGUE, The Netherlands.—Queen Juliana of The Netherlands and Prince Bernhard will pay an official visit to Canada and the U.S. in April, 1952.

The queen and her husband have accepted invitations from Canada's governor-general, Vincount Alexander, and his wife, and from President Truman and Mrs. Truman.

Ford-Monarch and Ford Farming Dealers

Wildmere Winks

Mr. Hugh Taylor who has a farm here but makes his home in the States, has been here visiting at the home of Mr. George Wilson. He helped Mr. Wilson stook and also got in a couple of days threshing for Mr. L. Alexander of Battleview farms Mr. Taylor's land.

When we were in Vermilion on Friday that Mrs. Henry Sweeney of Thorncliffe district had passed away it cast a pall of sadness even though it was known she could not get well, as she has been ill for several years with a bad heart condition. Mrs. Sweeney was always a very pleasant woman and her Irish ways always endeared her to everyone. She leaves to mourn her passing her loving husband, five daughters Mrs. F. Wilhelm (Margaret); Mrs. Ray Osterberg (Betty); Mrs. J. Schaumleffel (Martha); Mrs. Fred Swan (Mary Jane) all of Vermilion, Mrs. Albert Sinnett and Mrs. H. Isley (Frances) of Wetaskiwin; three sons, Harry, Charlie and David all of Vermilion. The well filled church at her funeral and the very com forting sermon given by Rev. Dean Ray, showed that the bereaved were no alone in their hour of sorrow. Two grand old hymns were sung 'Abide With Me' and 'Nearer My God to Thee'. Mr. and Mrs. Sweeney lived for many years in the Woodvak district before moving to their present home in Thorncliffe. Their son David still resides on the old home place in Woodvale. Betty (Mrs. Osterberg) lives in Wildmere. To the family the community and writer extend deepe sympathy in the loss of a loving mother, and the to the aged husband who has lost a loving wife and partner of a good many years.

One can hear praise on all sides for those wide parking marks on the sidewalks for parking cars. All cars have to park at the same angle now and not take up more space than needed.

We are pleased to say some have at long last got through harvesting. J Wallington finished his run last Friday afternoon, Lloyd Hoe art is through and Cliff Crutters will be through this week. It is nice to see it cleaned up although some have smashed grain that will mig he have to be out until next spring now, namely Holte's, Smith Bros and Noel Carnett. From all reports Vermilion district has been lucky as far as snow goes compared with other parts of the province.

G Whitlock, J. Wilson, F. Haines and J Wallington all have had cards from Aubrey Rendell. He and Mrs. Rendell had a good trip over and the weather has been nice in England. This wish to be remembered to their many friends here.

Canon Teape of Vermilion will hold a Thanksgiving festival service in Rosswood school on Sunday Nov. 28th at 3.00 p.m. Folks here this date in mind and plan to attend.

Rev. Heuser of the Foreign Bible and Missionary Society will hold a picture show in Wildmere school on Friday evening Nov. 2nd. Ladies kindly bring something for lunch

News came around lately Billy Smith and Frank Gibson drilled a few new Pontiacs.

Sprouted and Frozen Grain For Livestock

Contrary to the beliefs of some farmers, frozen and sprouted grains are not poisonous to livestock, Dr. F. Whiting, Livestock Nutrition Specialist, Dominion Experimental Station, Lethbridge, suggests that this idea may have arisen from introducing too much sprouted or frozen wheat into the ration at one time, with resultin death losses Wheat, whether sprouted, frozen or normal, is a very heavy feed and Dr. Whiting must be mentioned to it gradually.

The feed value of frozen or sprouted grain will be equal in feed value to normal grain for all classes of livestock Grain that is badly frozen or badly sprouted will have a lighter bushel weight and a higher proportion of fibre. It will still make good feed for sheep and cattle but will be less valuable for poultry and swine Poultry and swine do not make efficient use of fibre in feed.

Dr. Whiting warns against feeding moldy or heated grain to any

Seagram TELLS THE WORLD ABOUT Canada

This advertisement was designed by The House of Seagram to tell the people of other lands about Canada and things exclusively Canadian.

Many people in Latin America, Asia, Europe and other parts of the world are not fully aware of the richness of Canada's natural resources, wild life, scenic beauty and cultural traditions. The more the peoples of other lands know about our country, the greater will be their interest in Canada and Canadian products.

The House of Seagram feels that the horizon of industry does not terminate at the boundaries of its plants; it has a broader horizon, a farther view. It is dedicated to the development of Canada's future, to every land of the globe

livestock Most molds that grow in hay that has been put in the stack before being properly dried or grain that has been cut with too much or threshed before dry, are no harmful

Some are however, and it is impossible to know by its appearance whether or not molds feed is harmful.

Moldy feeds should not be fed unless fed in very short supply, says Dr Whiting. If slightly molded feed is to be used it should be added to the stack in such a way that they can take out the moldy parts. Moldy hay should never be put through a feed chopper as spores are put into the air and the feed. Stock fed moldy or tainted feed will be a poor feeder. If they start they will feed the feeding of moldy hay is continued

Alberta Leads the Way In Polio Research

The Alberta Chapter of the Canadian Foundation of Polio was the first chapter in the Dominion of Canada to sponsor a Research program on a province-wide scale. Each case of Polio reported in 1951 will be home visited and a complete history and questionnaire form filled out. As many cases as possible from 1950 will also be visited.

The aims of the Research program are:

Try and find out if there is any link in the cases of Polio or to see what keeps the virus alive from summer to summer.

To try and find out the route by which the virus is carried into the body and the factors that make the route possible.

The statistics will be compiled at the end of the year and it is for that valuable information will be forthcoming.

It is interesting to note that Ontario and Nova Scotia have their eyes on Alberta and they plan to carry out a similar program if the results are gratifying.

Miss Enid Blakey C.S.I. (C) of Stettler is carrying out the Research program for the Foundation. Workers in with this and when she is in the district is the rehabilitation of older cases of Polio. This worthwhile program is being sponsored by the Canadian March of Dimes.

Bowtell Bulletin

Deepest sympathy is extended to the Sweeney family in their recent sorrow. Another of our old timers has gone to be well earned rest.

Ralph Lind at time of writing is a patient in the hospital.

Did we hear right folks or are our ears deceiving us with the rumor that Pleasant Valley church is to close? Surely not be cause our attendance isn't so large. In comparison with Vermilion on an average we do very well in this writer's opinion. Surely we are not to be deprived of a few services during the summer months in our little old church which has been used for so many years. We are only humble farmers but we surely want God's blessing like our town neighbors. What do you think Pleasant Valley scribe?

Sorry to hear that little Bobby Rladale is a patient in the Islay hospital.

Mrs. O. McGinnis and Pat of Edmonton stopped off and visited at the Simenuck home on their way to Lloydminster.

Th. coyotes are bad in the district. Mrs. Lippert has lost most of her turkeys and many chickens.

Due to the late harvest only five ladies attended the Busy Bee Circle her meeting at Mrs. Gow's, but a very good time was enjoyed.

Mr. and Mrs. Tattersall were recent visitors of the latter's parents, Mr. and Mrs. Dixon.

It's Never Too Soon

A. M. Wilson, Alberta's Field Crops Commissioner, suggests that there will never be a better time than now to arrange for next year's seed. The pick of the crop can be selected at harvest, stored separately and saved for next year's planting. Where seed is of particularly good quality, two years requirements might well be held in reserve.

There is usually part of the crop better than the rest, and a little selection when threshing may make a great deal of difference in the quality of next year's. In areas where cleaning plants have been established, grain intended for seed might be hauled to the plant directly. This will mean one less handling and an important start made towards next year's operation.

Don't neglect your seed grain requirements until spring, urges Mr. Wilson. Farmers who wait until then will find that the export market has absorbed the cream of the crop and will wish they had acted earlier.

RIVERTON

Congratulations to Mr. and Mrs. D. Vivian on the birth on a daughter, in Islay hospital on Oct. 22.

Barbara Durnin left by bus on Saturday night for Vegreville where she will find employment in a department.

Mrs. B. Spicer left on Friday for Crooked Creek where her daughter lives. Mr. Spicer will join her as soon as he gets things ready for winter.

Mrs. Durnin attended the teachers' convention in Vermilion last week end.

Mr. Ward is still in Islay hospital but is feeling much better.

Mr. Wes Smith of the Canadian army is helping out on his uncle's farm, Vern Sinclair.

Charles and Gerald Wirsehowski also home on harvest leave.

The Ladies' club is to meet at Mrs. W. Mathison's Nov. 1. A whist and bridge drive and bazaar has been arranged to be held at the school on Nov. 9th.

Talk Too Much

The Financial Post recently asked a group of citizens how to make Parliament more efficient. In their replies one citizen stood out above all others — MP's talk much, too often.

Most frequently voiced suggestion for improving parliamentary efficiency was: become limit speeches, especially in debate on the Throne speech, on the budget.

Some other suggestions: put more of the detail work in the hands of committees; pay member more and cut down their numbers; shorten sessions; parties should organize their speakers to avoid repetition, give the Senate more to do.

Televise proceedings, urges one respondent. This, he suggests, would quickly bring more efficiency to proceedings.

Joseph Robinson Thompson Laid To Rest

At Vermilion on October 5th, 1951 a very well known rancher and farmer in the person of Joseph Robinson Thompson passed away.

He was born at Christiansburg, Virginia in 1878 but left there at the age of 16 and travelled to various parts of the United States before settling down in Idaho where he married Nancy Virginia Gutzer. The family remained there until 1910 then moved to a ranch in Jig Valley, Alberta.

In 1919 Mr. Thompson and family arrived in Hindville district, south-east of Vermilion where he farmed successfully for many years. He acquired quite a large holding of grazing land in the Barrendale Hills where he spent many happy days riding amongst his cattle.

As a young man he was an expert horseman and as a judge and feeder of cattle he had few equals. His cattle on several occasions have topped the market at various places.

He saw poor years and good ones but through sheer grit and foresight he accomplished much in the cattle business.

In 1936 he suffered the loss of his wife but with the aid of his family he carried on his farming operations at Hindville.

In 1941 Mr. Thompson married Mrs. Beulah Telford and they lived on the farm until 1949.

Some time before his death Mr. Thompson made his home in Vermilion but his love for the outdoors was always uppermost and only a few weeks before passing he requested to be taken out to see the cattle.

He will long be remembered for his kindly deeds and he was always ready to help anyone less fortunate than himself. In the days of free range many a weary rider called at his ranch home and was shown wonderful hospitality.

Left to mourn his loss are a loving wife, three sons and six daughters: Luther, Joe and Archi Mc; Charlie Johnston, Mrs. Karl Nelson, Mrs. John Tattersall, Mrs. Robert Galloway, Mrs. Kenneth Watt, Mrs. Keigley of Saskatchewan, two step-sons and two step-daughters, Albert, William, Roy and Jack Telford, Mrs. Ray Whalen and Mrs. Clarence Crocker.

He is also survived by five brothers and three sisters living in Virginia, U.S.A.

There are 34 grandchildren and two great grandchildren.

Funeral services were held in the United church and were conducted by Mr. Reitu and Mr. Prop, largely attended by friends and neighbors.

Pall bearers were his six sons-in-law, Charlie Johnson, Karl Nelson, John Tattersall, Robert Galloway, Kenneth Watt and Lloyd Young.

Floral tributes were received from: Loving wife and step-children Albert, Jall and Lois, Roy and Robin, Jean and Ray, Jack, Mac and Clarence: Loving family, Luther and Mary, Miriam and Charlie, Nellie and Carl, Ruby and Johnny, Bertha and Robert, Vivian and Ken, Ila and Lloyd, Joe and Marjorie, Archie and Emily; Hugh and Ruby McAmmond; T. D. Watt and Gladys Clark; Mike and Sylvia Farkash; Gordon, Annie and Myrtle Terry; Mr. and Mrs. W. Bowman and boys; Jean and John Stewart; Mr. and Mrs. T. Nelson and family; Mrs. Eckford and Joan; Eileen and Phil; Mr. and Mrs. Clarence Nels; Mr and Mrs. F. J. Richardson; Mrs. Turner, Glenna, Sylvia and Tim; Mr. and Mrs. Logan Gow; Ken Rowe and Sons; Mr. and Mrs. Cartwright and Jack; Mr. and Mrs. A. M. West and Mr. and Mrs. E. M. Bowman; Herb and Frank Young; Karl and Florence and Wayne Sampson; Mr. and Mrs. Harry Turner and family; Mrs. McKee and family, Mrs. Dunlop, Johnny and Ruth, and Mr. and Mrs. J. McLeod Sr.; Charlie and Irene Stewart and family; Mr. and Mrs. Les Kehoe and Larry; Mr. and Mrs. A. Webb and family; Mr. and Mrs. H. Stewart and family; George and Laura Stewart; Mr. and Mrs. W. Stewart and Joe; Chris Thomson and family; Doreen Davis and girls. Lee Williams and associates.

Cemetery Fund: Alf and Gladys Robinson and boys; Maurice and Minnie Watt and family; Mr. and Mrs. J. R. Hillcox and family; Fred, Alma Attfield and family; Mrs. Ed Watson and family; Clifford and Marjorie, Keith Crocker, Arthur Fortune; R. Watt and family; Mr. and Mrs. W. Lamport and family; The Teaman Family; J. A. Watt.

Crippled Childrens Fund: Mrs. K. Redmond; Mr. and Mrs. Chas. Redmond and family; Mr and Mrs. G. A. Pringle; Doris and Pringle Galloway and Margaret Fred Scott; J. H. Tweell, Albert and Gladys, and Arthur and Mavis. Mr. and Mrs. A. F. Galloway.

Canadian Cancer Society: Ruby and Hugh Pearman; Mr. and Mrs. T. Preyon; Mr. and Mrs. C. Young and family; Mr. and Mrs W. J. Crocker and Myrtle; Mr. and Mrs. John Wilhite and family; Mr. and Mrs. Guy Whitlock and family; Mr. and Mrs. Tessaman and family; Ray, Hilda Preston, Eileen Young; Mr. and Mrs. Wm. Davies; Mr. and Mrs. Wm. Whitlock and family; Mr. and Mrs. Proctor and Reg; Ganton Red Cross Auxiliary.

Flowers for the home: Mr. and Mrs. A. Osbaldeston.

Allandale Notes

Until this evening, Oct. 21st, the weather remains cool, some uneven ha, machines have been going quite steadily for 12 days without a stop. It may sound unbelievable but here at Allandale we haven't any snow, and a few frosts but this has all disappeared. One can really appreciate this when we hear of the heavy snow storms elsewhere. In the south, and not very far either. They had to use the snowplows to open th roads. Another week and threshing should be almost finished.

Joe Spalding who used to live in the Allandale district seems to have knocked down and run over by a car in the city while crossing the street. His legs were broken and he suffered other serious injuries.

Last week end Tommy Greaves joined his wife and daughter at the Babcock home for a four day holiday.

Mr. Caron from Walsworth is drilling a well on the Mayers farm. Several others around here would also like to have wells drilled.

Mr. and Mrs. Theodore and family, Beverly and Steven from Wainwater, arrived at the Thomsdon home Oct. 19th. They spent their holidays at the latter's parents' home in Oshawa, Ont. They purchased a new 1951 Chev and they motored back and stopped here a few days. Little Steven had the misfortune of cracking a bone in his leg while out and was unable to get around very well.

Th road construction gang are now working east and west on Jack Cree road. This high road will make a great task in summer and winter. In wet weather it's unpassable, and drifts badly in the winter.

Allandale Williamson injured his ankle while working on Armstrong's threshing outfit with his load of bundles upset.

We are very pleased to see Mr. Arthur Lord back from the Old Country, feeling and looking very well. He still enjoys stooking and threshing.

Threshing and combining Oct. 23rd:—Combines, Mr Little's from town, one is at Herb McPhee's and another to be at Ommen's in a few days; Orville Armstrong at Edward's, Jimmy Monaghan at Woody Wilson's and Throndson-Stromhe at Throndson's.

Threshing outfits :—Darling's at Moore; McPhee's at Herb McPhee's, Crose at home, Nelson finished at Allandale and are north, Armstrong's at Lee's and Thrund sons at Ommen's.

Closing Thought—Many a person who has returned to the good life after seeing their wild oats having their fling has learned to their dismay that something priceless in their life has been damaged or lost. They are only as good as a spoiled wreck. One cannot repair health and vigor or nerves, mind and body that have been violated. There is no redress for wasted years and abilities.

Save the Best And Cull the Rest

Production of 329 lbs. of butter fat per cow as compared with 197 lbs. makes a world of difference to the herd owner. The first herd below the average production of cows on test with the Alberta Department of Agriculture Cow Testing Service; the latter is the estimated production per cow for the province. It would seem from this that owners of herds on test are using their records to carry out a sound breeding and selection program as well as improving their feeding practices.

R. P. Dixon, Supervisor of Dairy Cattle Improvement, reports that over 120 herds are now on test with the Department's Cow Testing Service. Each year, every owner of a herd on test receives a detailed report on his herd which sets out the actual amount of milk and butterfat given by each animal for the year. Also shown is the herd average and the average of all cows under test. Last years report which went to 1750 owners showed production figures on 1731 cows.

The Cow Testing Service is available to owners of herds of three cows or more in the province of Alberta, and is offered for both grades and purebreds. Full information about the Cow Testing Service can be obtained from District Agriculturists or from the Dairy Branch, Alberta Department of Agriculture Edmonton.

A citizen without loyalty to his hometown is not an asset to his community. 23tf

NOTICE
OLD AGE ASSISTANCE

Under authority of the OLD AGE ASSISTANCE ACT and the OLD AGE PENSIONS ACT (ALBERTA) the Government of the Province of Alberta is prepared to pay fifty per cent of any allowable assistance up to a maximum of $40.00 per month to persons who have reached the age of 65 years but are not yet of the age of 70 years.

To qualify for this form of assistance persons in this age group must have resided in Canada for the 20 years immediately preceding the date of the proposed commencement of assistance payments, or, if he has not so resided he must have been present in Canada prior to those twenty years for an aggregate period equal to twice the aggregate period of absences from Canada during those twenty years.

According to the Act, any person in receipt of an allowance under the Blind Persons Act or the War Veteran Allowance Act, 1946, or a person under the Old Age Security Act, cannot qualify for assistance under this scheme

An unmarried person with an income of $1,200 per year or less, exclusive of this form of assistance, could obtain the maximum allowance, or $60 per month. In his income is in excess of this amount the allowance will be reduced accordingly so that the person's income and allowance will not exceed the sum of $72.00 per month. A married couple, with no dependents, will be similar, the corresponding figure is $1,200.00 per annum while for a married couple who lives with his spouse and is helped with the running of the home by her, the figure is $1,320.00 per annum.

To avoid delay in making payments after the scheme comes into effect, applications for forms have been prepared and any person who can qualify for, and desires this form of assistance, may obtain a set of these forms from their local municipal office, or directly from the Old Age Pensions Branch of the Department of Public Welfare. The forms should be completed and returned as soon as possible, either through the municipal office or directly to the Old Age Pensions Branch, Administration Building, Edmonton.

Arrangements have been made with the Municipal Association whereby the local municipal officials will assist applicants in the preparation of the forms. If so desired. Applicants are reminded that proof of age, preferably in the form of a birth certificate, and proof of residence for the stipulated period in Canada, must accompany all applications as otherwise assistance cannot be approved.

W. W. Cross, M.D.,
Minister of Public Welfare

Many Line Extensions Made

Can. Utilities Expands

Mr. J. C. Dale, General Manager Canadian Utilities Ltd., reports as the current construction period draws to a close that the greater the part of the projected program of extension to urban settlements planned for this year has been completed in recent weeks.

This has been accomplished in spite of the abnormal conditions that prevailed. Work was frequently interrupted by the recurrent and excessive rain storms that characterized the past summer and in addition to this, there were occasional supply shortages, a by product of 'Cold War' controls.

On the nine urban centres recently connected to the Company's system, two, Owlseye and Fort Kent, are in the St. Paul area. To the west of this where an interconnecting link of the Company's full transmission network has been completed from Smoky Lake to Vimy, the Municipality of Bellis is now in service and Vilna will be in the course of the next few days.

South of Lloydminster, thirty-one miles of train mission line has been built to serve the Hughenden Valley settlement and distribution system, have been completed and are in operation at Paradise Valley, Marwayne, Loughlin and Riverbourne.

In the Grande Prairie district, extensions have been made to serve the residents of Dimsdale and Waking.

At the nine points affected, close to 500 customers and their families are now enjoying the new comfort, the convenience and the economical service that becomes available with the advent of dependable central power. It also opens the way for local industrial expansion.

It is also interesting to note that partly as a result of this expansion program, possibilities of rural electrification are opened up. Already four rural electrification associations in the areas referred to are in various stages of organization and as a result, about 200 new farm services will be completed this fall.

Rooms for Rent

GOVERNMENT OF THE PROVINCE OF ALBERTA

SEPTEMBER 10, 1951

The Executive Council has had under consideration the report of the Honourable the Minister of Agriculture dated September 14th, 1951, stating that:

WHEREAS pursuant to the provisions of Section 3(a) of The Live Stock Diseases Act, being Chapter 51 of the Statutes of Alberta, 1948, and amendments thereto, a petition signed by two-thirds of the owners of cattle in any municipal district or improvement district may be presented to the Minister requesting the establishment of that municipal district or improvement district as a restricted area for the eradication of Brucellosis; and

WHEREAS a petition has been presented to the Minister requesting that the municipal district of Vermilion River No. 71 be established as a restricted area for the eradication of Brucellosis; and

WHEREAS the petition has been examined and found to be in accordance with the provisions of Section 3(a) of The Live Stock Diseases Act:

THEREFORE, upon the recommendation of the Honourable the Minister of Agriculture, the Executive Council advises that the MUNICIPAL DISTRICT OF VERMILION RIVER No. 71 be and is hereby established as a RESTRICTED AREA for the ERADICATION OF BRUCELLOSIS.

Local News of Interest

ANNOUNCEMENT

The Gould-Gillies wedding previously announced to be held October 26th, will be held on Tuesday, October 30th at 2:30 o'clock in the afternoon at Knox United church at Islay. The dance will be held that evening.

Mrs. H. N. Stephens, who has spent the past two months visiting at the home of her son Mr. and Mrs. Harry Stephens at White Bear, Minn., has returned to her home in Vermilion.

Lieut. Bert Mead, who has been assisting with harvest operations on George Mead's farm for the past two days returned to his home at Namao on Sunday. George and Mrs. Mead and son Bobby accompanied him, returning Monday night.

Maurice A. Fallow accompanied by two friends Dr. Williamson and Bill Scorer from Edmonton spent a day or two in the district this week on a shooting expedition. They arrived in town Tuesday morning.

Following a visit here a short time ago Mrs. Monteith of St. Paul and who at one time lived in Vermilion for many years, decided that she would not much like to return to Vermilion to live. She is now back in town and has rented a comfortable suite.

Aldous Kent and Wally Antrim, proprietors of the Vermilion Beverages, recently attended the annual convention of Alberta Bottlers held in Calgary.

Mrs. Clyde Hicks spent a day or two in Edmonton this week visiting her mother who is ill in the hospital there for some time.

John Tarangle, the commercial teacher at Vermilion high school, spent two days recently at the Victoria Composite high school in Edmonton, studying the manner in which the commercial courses were handled there.

Mrs Wm. McIntyre of Vermilion has received a double bereavement recently with the death of her mother Mrs. Gaudet and later with the passing away of her father, Mr. George Brunner, who died at his home at Gravelbourg at the advanced age of 98 years. He was till but a very short time.

Mrs Mary Manning, formerly a nurse on the staff of the Vermilion Municipal hospital, has returned to the west after taking some special nursing courses in Eastern Canada. She has been at Toronto and Montreal. Miss Manning is now nursing at the Stettler hospital.

After sight-seeing, visiting numerous friends and generally looking over the country at the coast, Mr. and Mrs. Charlie Thompson have returned to Vermilion and will spend the winter there

CARD OF THANKS

We wish to thank our friends for their kindness, sympathy and floral offerings during our recent bereavements.

Wm. McIntyre Family

Attractive Bridal At Derwent

ZAZULAK—BARANOWSKI

An attractive bridal was held at the Derwent Catholic church in which Miss Esther Baranowski became the bride of Mr. Paul Zazulak.

Rev. Fr. Chevinsky performed the ceremony for the daughter of Mr and Mrs. S. Baranowski of Elk Point, and the son of Mr and Mrs. A. Roscoe of Derwent.

Entering the church the bride wore a floor-length gown of white lace and net. A headdress encrusted with diamonds held in place the short veil edged with lace and she carried a bouquet of red and white carnations. She wore a gift, a rhinestone necklace and bracelet, was the only jewelry she wore.

The matron of honor attending the bride was Mrs. J. Yakemitz Bridesmaids were the Misses Elsie Roscoe, Nettie Gasiowski and Helen Drozdowski. The Misses Lilac Roscoe and Nettie Gasiowski were gowns of blue taffeta while Miss Helen Drozdowski wore a blue net and net gown. All wore corsage veils and blue lupins flowers.

The groom was attended by Mr. Walter Sethney, Mr. John Roscoe and Mr. Paul Gadzuk

Later a reception was held at the home of the bride's parents.

Services Planned For Salteaux, Basswood

Canon T. W. Teape will hold services at the following places on Sunday Oct. 28th in addition to those which appear in his regular church notice:

11:00 a.m. — Salteaux, Harvest Festival.
3:00 p.m. — Basswood, Harvest Festival

Local Teachers Attend Basketball Coaching School, Red Deer

Jas. Bell and J. Cocotalis of the Vermilion high school staff spent their Thanksgiving holidays, Oct. 6, 7 and 8 attending a basketball school for coaches which was held at Red Deer. The course was sponsored by the Health and Recreation Branch of the Dept. of Education and had Mr. M. Van Vliet in charge.

Mr. Bell and Mr. Cocotalis are basic and supervise very active boys and girls basque leagues in the local high school, with practically every girl and boy in the school participating.

Air Cadet Parade Monday Cancelled

The Air Cadet parade scheduled for Monday evening Oct. 29th has been cancelled due to the fact that a conference of air cadet officials, commanding officers and civilian committee representatives is being held in Calgary that day and local personnel hope to be in attendance.

Last Monday 27 cadets were on parade when considerable drill instruction was given.

A clothing parade will be held on Monday, Nov 5th when recruits will be outfitted with uniforms. Those of last year's cadets who have outgrown their uniforms please bring them in for exchanging. Target practise will also be held at that parade.

George Whyte Retiring From Farming

AUCTION SALE TUESDAY NEXT, OCT. 30th

George Whyte who recently sold his fine looking farm just three-quarters on a mile south of town, to Hill Dixon, is holding an auction sale of his large machinery and equipment on Tuesday, Oct. 30th. The sale starts at 1:00 p.m. and C. J. Casterton is the auctioneer.

C.Y.O. Holds Successful Card Party

WINNER OF WATCH NOW IN KOREA

The members of the C.Y.O. were very pleased with the large crowd which attended their first card party of the season. The watch which was raffled at the card party was won by Capt Hayes of the Wainwright military camp Capt. Hayes is now in Korea We all hope that this will be a happy and prize for the Captain who is now far from home We thank all those who helped with the lunch and prizes and all those who came to make the party a success.

IN MEMORIAM

In loving memory of my dear wife

Caroline Agnes Upshall

who died Oct. 27th, 1950.

Day by day we saw her fade
And gently pass away
While in our hearts we often prayed
That she might longer stay
Oh do not weep for me
Or wish me back again.
But think how sweet 'twill be for me
To suffer no more pain.

Ever remembered by her Husband and Sons.

For the Best Values in Men's Wear

He helps us live longer - - - and look better

Tall, neighborhood pharmacist helps us to live longer. He is a vital link in the chain of development that has lengthened life expectancy by more than 17 years in the past half century.

He is the responsible custodian of the modern drugs, medicines and antiseptics that do so much to relieve pain, shorten illness and prolong life. He keeps himself fully informed on each new discovery, e.g. it is said that 60% of drug sales today are products that did not exist 15 years ago and that 90% of doctors prescriptions could not have been filled 15 years ago. You, pharmacist knows these drugs and carefully dispenses them at reasonable cost.

The pharmacist not only helps us live longer - he helps us to look better too with the wide variety of toilet good he sells.

Jane Gunderson

Miss Jane Gunderson Wins Bible School Scholarship

DAUGHTER OF MR. AND MRS. O. GUNDERSON

A 1951 Grade XII graduate of the Lloydminster high school, Miss Jane Gunderson has been awarded a one-year Bible School scholarship by the Lloydminster Baptist church. Miss Gunderson has already enrolled and taken up residence at the Multnomah School of the Bible in Portland, Oregon.

Jane is the daughter of Mr. and Mrs. O. Gunderson and since she won the scholarship the family has moved from Vermilion where they have a home and reside.

It will be remembered that the Lloydminster Baptist church took part in a Sunday school contest in the fall of 1949, sponsored by the 'Christian Life' magazine. This Sunday school was first prize in its particular class, competing with churches all over Canada and the United States. This was largely through the efforts of the pastor Rev. V. E. Ross, the teachers and scholars who worked to increase the attendance and interest. When the results were published it was found that the Sunday school had won first prize for schools of its size, the prize being a 16 mm. sound film projector and a one-year scholarship in the above-mentioned Bible school. At the time there was no member of the church or Sunday school who was in a position to take the course. Miss Gunderson was chosen as the recipient of the scholarship for her diligent work during the contest.

After completing her Grade XII here this year, Jane left for Portland in the late summer. She reports that the course is proving very enjoyable and extremely interesting, and is very appreciative of the opportunity to study in a school of this type. All good wishes for a successful year are extended to her. —Lloydminster Times.

CARD OF THANKS

We wish to extend our sincere thanks to Dr. King, Miss Keith and the nurses at the Vermilion Municipal hospital for the care, attention and kindness given to Mrs. Sweeney in her last illness, and to Mr Sweeney who is at present a patient in the hospital.

Henry Sweeney and family.

May Be Five Team Loop

Eastern Alberta Hockey Organizes for Season

JACK BROWN ELECTED PRESIDENT

The Eastern Alberta hockey league will operate this winter with the probability that it will be a five-team loop in place of the usual four. An application from St. Paul for inclusion was regarded favorably now that the new highway has been completed from Vermilion to that town, but the application of the North Battleford Beavers for a franchise was rejected. It was thought that the inclusion of North Battleford would entail too much travelling to be feasible.

The annual meeting of the league was held at Vermilion on Sunday afternoon in the lobby of the Columbia theatre with strong representations from Lloydminster, Vegreville, Wainwright and Vermilion in attendance.

The retiring president Dr. Asch of Wainwright was in the chair and gave a very complete president's report, pointing out the weaknesses of the league as operated last season and making many constructive suggestions as a result of this past experience. Dr. Asch and Dr. Bradley, also of Wainwright, who are league secretary, seemed to have studied all the various debatable points as they arose during last season and had suggestions for improving the situation during the approaching winter.

All delegates present seemed keen to continue operation of the league although with the possible exception of Lloydminster appeared to be faced with player shortages.

The president and secretary are elected in turn from each of the towns in the league and this year it fell to the lot of Vermilion to supply these two officials.

Officers elected are as follows:

President—Jack Brown, Vermilion.
Sec.-Treas.—Dr. A. Ben King, Vermilion

Executive—John Finlay and Cliff King of Vegreville; Dr. Asch and Jim Humphreys of Wainwright; Lyle Harper and Wilf Easterman of Lloydminster; Ken Rowe and Russell Carroll of Vermilion.

If St. Paul decides to enter the league they will appoint two members to the executive also.

An executive meeting to arrange the league schedule will be held Nov. 18th.

The matter of efficient refereeing came in for considerable discussion. It was hoped to arrange for a school of referees to be held as soon as ice is available. Anyone having ambitions along hockey officiating lines will be welcome to attend.

A great many matters came up for general discussion and it is hoped that the league can be carried throughout the season on the high level of sportsmanship very apparent at this meeting.

Anglican Club Meets For Duck Dinner

DISCUSS CHURCH UNION

The first meeting of the Anglican Parish club, for the ensuing year, convened at a sumptuous wild duck dinner in the Parish hall on Monday evening. The ducks were provided through the hunting ability of Mr. Claude Brennan, and were served with all the trimmings of a Christmas dinner. The executive were in charge of the arrangements and there were 29 men present.

Topic of discussion following the dinner was 'Church Union'. Canon Teape outlined briefly some of the thoughts both for and against the idea in order to lead those present into a debating mood and a very interesting discussion developed. It seemed to be the consensus of opinion that while there would be difficulties to overcome, church union would be very desirable in a town of Vermilion's size.

The vice-president of the Anglican club, Mr. Cecil King was in the chair. The next meeting will be held on Monday, Nov 26th.

Pat McGuigan Elected Councillor Div. 4

Voters of Division 4 of the Vermilion River M.D. went to the polls in force on Saturday last and elected Pat McGuigan as their councillor. The defeated candidate was O. H. Quist of Marwayne. Only 28 votes separated the candidates with a total of 604 votes cast:

Results of the election by polls were:

Poll	McGuigan	Quist
Islay	220	12
Marwayne	12	218
Campbell Lake	18	8
Davis	31	0
Myrtle Hill	9	30
Allardale	31	15
	321	283

Derwent A.T.A. Sub-Local Elects Officers

The reorganizational A.T.A. meeting of the Derwent sub-local was held on Friday, Oct. 26th in the Derwent school. The following officers were elected:

President—Mr. M. J. Charuk
Vice-Pres.—Mr. W. C. Bober
Sec.-Treas.—Mr. D. S. Chrapko
Press Corr.—Mr. W. A. Sakowsky
Local Councillor—Mr W. C. Bober
Trick Mem Rep. - Mr. M. J Charuk.

The Social committee is composed of Mr. S. Wysocki, Mrs. S. Wysocki, Miss Demkiw and Miss Yonzwishen.

Hon. David Ure To Address Public Meeting Here

ARRANGED BY THE BOARD OF TRADE

The Hon. David Ure, Minister of Agriculture, will give an address at a dinner meeting in Vermilion on Wednesday, Nov. 28th. The event is being arranged by the Agricultural committee of the Vermilion board of trade and it is hoped that a large number of farmers and townspeople alike will take advantage of the opportunity to hear Alberta's minister of agriculture. The Hon. Mr. Ure is noted as being an aggressive young man who likes to see things achieved. He is also gifted with plenty of foresight

Tickets will shortly be sold for the dinner meeting and full details will be announced in the Standard.

Town Pledges All Possible Help For New Park

A special meeting of the town council was held Oct. 19th with Mayor S. G. Heckbert and Crs. Payne, Mitchell, Webb, Urquhart, Reid present Cr. Kehoe was out of town.

Moved that notice of meeting be waived.

The Council met with the Board of Trade park committee headed by Mr. Hill to discuss recent developments regarding the proposed park in the Vermilion River valley.

Mr. Hill told the Council that he had been instructed to contact all organizations who would do anything in connection with the project and get from them a written commitment as to what they are prepared to do.

After considerable discussion with Mr. Hill and his committee the Council passed the following motion:

That the Council of the Town of Vermilion, in special session the 18th day of October, 1951, herewith agrees on behalf of the citizens of the Town to do everything possible to assist in the establishment of a proposed Provincial Park at or near the Town of Vermilion, having due regard to:

1. The constitutional powers of the said town.

2. The financial resources of said town.

The Council herewith specifically agrees to aid in the said proposed establishment of the said park by undertaking advantage of recreational facilities.

(a) Making available public works equipment of the town for road making and/or maintenance or for such other purpose as may from time to time be deemed necessary.

(b) Providing suitable summer water service to a point at or near the development for the use of those

(c) Lending assistance in maintaining the premises of the development free of debris.

(d) Assisting in the construction of essential adjuncts of the recreational facilities, such as shelters, cooking devices, litter collecting

(continued on page 2)

J. V. JACOBSON LEAVES FOR NEW APPOINTMENT

SUPT. OF EDUCATION FOR NORTHWEST TERRITORIES —TO LIVE AT FORT SMITH

Official announcement was made last week of the appointment of Mr. J. V. Jacobson of Vermilion to the position of Superintendent of Education for the Northwest Territories. The special order-in-council passed this week announced that Mr. Jacobson was the successful candidate in the competition which had contestants all across Canada. Mr. Jacobson who was employed by the Vermilion School Division as assistant superintendent left for Ottawa Oct. 27th where he will confer with government officials until Nov. 10th. Following this he will fly to his new headquarters at Fort Smith, N.W.T. Mr. Jacobson who will be in charge of the educational system for the N.W.T. will have the following duties:

Organizing and administering an adequate educational system, including academic, technical, vocational, physical training, welfare and adult education in the Northwest Territories; to recommend method of instruction and curriculae for native, half-breed and white children to fit them for life in their present surroundings or to proceed to higher studies; periodically to review existing legislation governing education and to suggest revisions and amendments so that the School Ordinances and Regulations of the Northwest Territories meet changing conditions and requirements; to inspect the public schools, the residential mission schools, Mission day schools and Indian and Eskimo schools in the N.W.T.; to ensure that all requirements of the school laws and regulations are being complied with; to assist in the selection of teachers; to assist and advise teachers; to make educational surveys; to prepare reports and to make recommendations; and to perform other related duties as required.

Mr. Jacobson taught at rural schools in the Vegreville Division; as assistant principal at Edmonton high school and served as supervisor of instruction in the St. Paul school division and later as director of guidance and assistant superintendent of the Vermilion school division, which position he is now leaving for his new duties with the Dominion government.

Executive positions held by Mr. Jacobson have been Honorary Field Commissioner for the Alberta Boy Scouts Assoc.; Superintendent and Local Secretary of the St. John Ambulance Assoc.; Alberta Red Cross Society; Royal Life Saving Society; Boards of Trade and Chamber of Commerce; Library Board; Curling club; Vice-President and later President of St. Paul Local A.T.A.; President of Elk Point sub-local A.T.A.; Executive Chairman for Western Canada of the A.S.M. School of Narcotic Education; also positions in other community organizations and in Home and School groups.

Mr. and Mrs. Jacobson and son Ronnie and daughter Wendy Faye will occupy a modern house in Fort Smith. All Mr. Jacobson's travelling will be by plane. Mrs. Jacobson and the two children are at present in Edmonton and will accompany Mr. Jacobson north when he goes after Nov. 15th.

Derwent Elects Officers

The reorganizational A.T.A. meeting of the Derwent sub-local was held on Friday, Oct. 26th in the Derwent school. The following officers were elected:

President—Mr. M. J. Charuk
Vice-Pres.—Mr. W. C. Bober
Sec.-Treas. Mr. D. S. Chrapko
Press Corr.—Mr. W. A. Sakowsky
Local Councillor—Mr W. C. Bober
Trick Mem Rep. - Mr. M. J Charuk.

The Social committee is composed of Mr. S. Wysocki, Mrs. S. Wysocki, Miss Demkiw and Miss Yonzwishen.

Many Armistice Activities Planned By Canadian Legion

The Vermilion Branch of the Canadian Legion has planned numerous activities in observance of Armistice Day, Nov. 11th. The program starts with the Armistice Dance in the Elks hall on Friday, Nov. 9th. On Saturday evening the annual Armistice smoker will be held in the Legion hall. This is open to all veterans of all wars.

On Sunday, Nov. 11th the parade will form at the Legion hall at 10:30 a.m. with all organizations being invited to take part. During the march to the cenotaph in the park the salute will be taken by Lieut.-Col. W. Cromb from Edmonton. Following the brief ceremony of laying of the wreaths at the cenotaph the annual Armistice service will take place in the Columbia theatre. The guest speaker this year is the Rev. Wm. Brown of Wainwright, a veteran of two wars.

Home and School Association Meets Next Thursday

OFFICERS TO BE ELECTED

The Vermilion Home and School Association will hold its first meeting for the current year on Thursday Nov. 8th. This meeting will be held in the Primary school and will convene at 8:00 p.m. All teachers and parents of school children are invited to attend.

The business session will include a report of last year's activities to be given by the retiring president N. N. Bentley and the election of officers to conduct the affairs of the Association during the 1951 - 52 school term.

A nominating committee consisting of Mr. J. R. Roxburgh, Mr. W. Roebuck and Mrs. Mark Norton has been appointed to propose a slate of officers but additional nominations from the meeting will be invited.

The guest speaker for the evening will be Mr. S. D. Simonson, Superintendent of the Vermilion School Division. Mr. Simonson who has just recently come to the Vermilion district from Wainwright, where he has been associated with an active Home and School Association, has chosen as his topic for the subject 'What a Home and School Association can do for our Children'. Mr. Simonson's topic and the discussion that is expected to arise out of it should provide a basis for a most interesting and useful program of topics to be studied by the Association during the forthcoming season.

Over one hundred members joined the Home and School Association here last year and it is expected that the Association will be strongly supported by both parents and teachers again this year.

V.H.S. Scores Double Basketball Victory

VISIT OF WAINWRIGHT STUDENTS THOROUGHLY ENJOYED

Last Friday night the Vermilion high school was invaded by a pair of challenging basketball teams from Wainwright high. The invasion, however, was successfully repulsed at the Vermilion school of agriculture gym with Vermilion both winning both games.

The girls' team, coached by Mr. Holoniuk, proved too good for the Wainwright girls, winning 36 to 8. High scorers for Vermilion were B. Bentley 10, D. Schmidt 8, A. Bell, the boys team had to work hard for their victory, with the score being 29-20 for Vermilion. Leading scorers for the boys were D. Schmidt 11, M. Dixon 7, R. Zaluski 7.

Wainwright C. Carter 7 and Lee 10.

Following the game the Wainwright students and staff were entertained by a 'get acquainted dance'. Every type of apparel was present from pajamas (shirt striped) to tab coats. Sheriff Kehoe was on hand to make sure the students came as they were called. After a delicious lunch of sandwiches, cake and pop the high school orchestra was relieved by a record player.

After the closing dance Wainwright started for home but before leaving offered a challenge to Vermilion's basketball teams in the not too distant future.

V. S. A. Students Going To Toronto Royal

Two of the students who will be in attendance at the Vermilion school of agriculture this winter will be going to Toronto for the week end to attend the Royal.

Miss Alice Bollof of South Edmonton will be one of a team of girls to represent Alberta in the Clothing competition against teams from other provinces.

The selection committee will choose from not more than one competitor from each province and the winner will be awarded a valuable one year University scholarship.

Students will also attend the VSA join in wishing these members of the student body every success at Canada's premier Agricultural fair

Mannville High School Newsettes

Our Hallowe'en dance was held last Friday, and it seems was quite successful, all dressed in the spirit of it.

Donna Henning went up to the city to see Princess Elizabeth and Prince Philip. She reports she had a very nice trip and a good look at 'the Royal Couple'.

Due to harvesting either being finished, or else grain being too damp to harvest, attendance has steadily increased during the past week.

School rings for graduation students will be ordered very shortly with hopes that they will be here in time for our graduation dance next spring.

One Hundred and Sixty-five Students

School of Agriculture Opened October 30

The regular courses in Agriculture and Home Economics for the 1951-52 term opened at the Vermilion school of agriculture on Tuesday Oct. 30th.

In spite of critical labor shortages and most unfavorable harvesting conditions throughout rural areas, almost 100 per cent of the enrolled students signed the register on opening day. Unfavorable progress of the harvest at home caused a considerable number of last-minute cancellations of reservations held by prospective students, but the vacancies in the Agriculture classes were quickly filled from a waiting list at the school. Consequently, final enrollment is approximately the same as in recent years. However, the enrollment in the Home Economics classes is about twenty less than capacity. The total now includes 165 students.

Regular classes began for all the students on Wednesday and a full program of extra-curricular activities will be organized immediately. Highlights of this week's student entertainment include a Hallowe'en party on Wednesday evening and the staff reception on Saturday evening.

Old Days Renewed At 22nd Annual Old-Timers' Round-Up

The 22nd annual round - up, banquet and dance of the Vermilion Old Timers Association took place at the Legion hall on Thursday evening with an attendance of members of 118, despite poor weather and late harvest.

The round-up opened with a banquet for which the ladies auxiliary of the Canadian Legion were caterers. The menu could not be surpassed and much credit is due to the auxiliary for its excellent service. Vice-president W. J. Moses presided over the tables and at the business proceedings which followed. Among those seated at the head tables were Rev. and Mrs. C. W. MacKay, Canon and Mrs. T. W. Teape, Mrs. H. C. Stephens, Mr. William Steele, J. W. G. Morrison, Mrs. A. E. Monaghan, Mr. and Mrs. Walter Fisk, Mr. and Mrs. Geo. Whyte, Deputy Mayor Jack Reid and Mrs. Reid.

Short complimentary addresses were made by Canon Teape and Rev. MacKay, the latter being present for the first time. Both speakers extolled the work done by the pioneer old timers, who had contributed as much towards the progress and welfare of our district.

In speaking Mr. Morrison regretted the enforced absence of the president and said because of Mr. Robinson's devotion the association was built up around him as the outstanding central personage. Included among other speakers were Jim Wallington, A. M. West, Mr. Wintergill of Edmonton and a former resident of the district, and William Steele.

The secretary, Mrs. A. M. West, read a letter from the president Mr. C. W. Robinson who is ill in hospital, in which he desired to be relieved of his office. In doing so he wished the association every success. As treasurer Mrs. West reported that the association had a balance to its credit.

The election of officers for the ensuing year resulted as follows:

Hon. Pres.—His Worship Mayor Herbert.
President—Charles W. Robinson re-elected (with a round of applause as a token of esteem and confidence.)
1st Vice-Pres.—G. F. Stephens
2nd Vice-Pres.—Carman Long
Executive — Mrs. Chris Jensen, Mrs. Geo Whyte, Mrs. Jack Reid, Mrs. Walter Fisk, Geo. Whyte, Jim Wallington.

Mr. Jack Reid as deputy mayor and on behalf of Mr. Heckbert who was unavoidably absent and the people of Vermilion, extended a hearty welcome to this fine, fine gathering of old timers.

A three minute silence was observed in memory of members of the old timers who had passed on since the last meeting.

The executive appointed Mrs. Hilda Cross as secretary and Miss A. Smajchuk as the treasurer, Mrs. West having tendered her resignation. A vote of appreciation for her services in that office over a long term of years was tendered to Mrs West which was emphasized by a gale of applause.

Mr. and Mrs. George Whyte, Mr. and Mrs. Walter Fisk and Mrs. Annie Cameron received the guests as a reception committee.

Dancing followed with Hannah's orchestra providing ideal music for the many and varied old time dances, executed with surprising energy, and grace by the many old timers present. Jim Wallington officiated as a very efficient master of ceremonies. The round-up was a highly successful and enjoyable affair throughout.

The prime movers in organizing the Old Timers Association some 22 years ago were Charles Robinson, P. G. Pilkie, Charlie Henry and Wenz Brown. They builded better than they knew. The life of the elders days is renewed every year in this newer age.

To the members who for one reason or another were unable to attend, the Old Timers convey this message—"We missed you and hope that you will be back at our next gathering." The new executive wishes to say thanks to everyone who helped in any way with the arrangements for the round-up and extra thanks to the retiring members of the executive, Mrs. A. Cameron, Mrs Art Monaghan and Mrs. A. M. West, and to Mr. Bill Moses for his untiring devotion to the Old Timers.

Fair Attractions For 1952 Arranged

S. G. Heckbert, Manager of the Vermilion Agricultural Society and Chairman of the Western Canada Fairs Association Attractions committee spent several days in Saskatoon recently checking bids for 1952 grandstand attractions for all fairs in the three prairie provinces. Seven bidders from various U. S. and Eastern Canada points submitted programs and that of the Irvin Cobb Kentucky Colonels, officers of Des Moines, Iowa, was the one purchased.

This is the same booking agency that has provided the fine program for the past four years and patrons of the Western Canada Fairs are assured of good entertainment again in 1952. The program will include such interesting acts as the Three Seals, three trained animals which will delight the young-sters, Fred Keich, ventriloquist a friend of Edgar Bergen and Charlie McCarthy in Chicago, a pair of French artists who are at present in London England for a six weeks engagement at one of the larger theatre and who are experts at balancing in wondrous positions, the Victoria Troupe who will astound the throngs with their antics on cycles of various kinds Mazi Tuk the famous Korean barrel roller and numerous other acts winding up with a flashy revue featuring music and dancing suitable for all.

The Vermilion Agricultural Society is to hold its annual meeting early in December when plans for the 1952 fair will be advanced. The meeting will likely take the form of a dinner and Dave Andrew, well known in this district and presently secretary for the Canadian Hereford Association will attend and address the meeting in connection with some of the recent business trips abroad. Notice of this meeting will be given in later issues of the Standard and it should be borne in mind that all district members are eligible to be members of the Agricultural Society and will be cordially welcome to attend this meeting.

Win Your Xmas Turkey At Fiddlers' Contest

Someone is going to win a great big Xmas turkey at the Kinsmen Old Time Fiddlers' contest as a feature of the evening is the raffling of a five turkey donated by the kindness of Mr. Alex Morrison. Tickets will be sold at the dance that night

LEAK PROOF BOILER?

Hot water storage tank leaks brought about by rust and corrosion are licked, claims the manufacturer of a new 33-gallon stoneline boiler reports The Financial Post. It will deliver 25 to 40 gallons of hot water an hour. The one-piece unit is made of steel and lined with a hard-fired stoneware glaze. Heating elements are protected by a ceramic sheath.

Vermilion Was Well Represented At Royal Welcome

The town and district of Vermilion was very well represented at the welcome extended to the Royal Couple, Princess Elizabeth and Prince Philip in Edmonton last Saturday. Fully one hundred citizens must have made the trip to the city to take part in the tumultuous welcome. Besides this the town is very proud of the fact that seven members of Vermilion's 'A' Coy. of The Loyal Edmonton Regiment, formed a part of the Guard of Honor.

Without one single exception the lovely Princess Elizabeth captivated the hearts of all the Vermilion people with her grace and charm and beauty. No one regretted making the trip over long-coated roads to take part in the long-to-be-remembered welcome.

Weather Cold And Wintry

THRESHING STOPS

Everything but proper harvesting weather has been experienced during the past week with sub-zero temperatures being registered. Rain and sleet last Friday put a stop to threshing stooks and swath again possibly until next spring, unless some really fine weather arrives. The immediate area is fortunate in that there is no snow to speak of, just a slight skiff here and there.

The season is cheering as some warmer weather is supposed to envelope the district this week end.

Daily temperatures since last Thursday:

Date	High	Low
Oct. 25	16	- 3
Oct. 26	37	- 6
Oct. 27	37	30
Oct. 28	42	31
Oct. 29	27	15
Oct. 30	36	16
Oct. 31	14	5
Nov 1	30	- 3

Coldest October For Seven Years

The mean temperature for October 1951 was the lowest since the installation of the weather station her seven years ago, and two degrees lower than the average of those seven years. Statistics supplied by Dept. of Transport Beam station at Vermilion show the following mean temperatures:

1951 — 32; 1950 — 34; 1949 — 36; 1948 — 41; 1947 — 43; 1946 — 38; 1945 — 40.

Skating on lakes and sloughs is now being enjoyed.

WORK ON HIGHWAY STOPS

Work of hard-surfacing highway 16 east of Vermilion has been discontinued for the year, the construction crews moving out during the past week. The Mannix Co. hard surfaced a stretch from Stony Creek to one mile east of Borradaile, about 17 miles, while the government crew worked from Kenilworth a few miles east.

A citizen without loyalty to his hometown is not an asset to his community.

Saw Filing Shop Observes First Anniversary

BY FILING 1200th SAW

Chris Christensen who opened an automatic saw filing shop in Vermilion just one year ago celebrated his first anniversary in town by filing his 1200th saw. The venture was a new one for Vermilion but Mr. Christensen is well satisfied with the progress made since opening the shop. He states that people from surprising distances bring their saws to him for sharpening. Besides saw sharpening which is done with the very latest automatic equipment, Mr. Christensen has sharpened a multitude of other tools, everything with an edge, in fact. He expects that he will sharpen 1800 saws during the coming year

Elks Carnival Again Successful Event

Dogie Mailes won the major prize at the Elks carnival, taking home a radio valued at $75. Mr. J. G. Johnson of Clandonald collected the $25 prize. These were drawn for on Monday evening. Another winner of a big prize was Mrs. Mildred Petersen who won the tilting chair donated by the Ladies of the Royal Purple. The three-day carnival was the usual success with many people attending and taking part in the numerous games and all round fun provided.

Fashions that forecast trends of Tomorrow

Sixteen Years Ago Today

Oct. 31, 1935

A cold wave is was sweeping the prairies and snow is general with about four inches on the level in this area.

Lowest temperature was three above.

Mrs. Arthur Snape passed away. One hundred and twenty-one students registered opening day at the V.S.A. with more to come.

The Big Four hockey league will not be operated this winter as wholesale importation of hockey players on the part of some of the teams had ruined the competition.

Lloydminster high school won the track meet with Vermilion second and Provost third. Other schools competing were Paynton, Irma, Wainwright and Kitscoty.

Cpl. Fred Olson, R.C.M.P. was transferred to Edmonton being succeeded here by Constable Harrison.

Thirty-two Years Ago Today

Oct. 30, 1919

Carl Demers and his father A. C. Demers have completed a new carriage shop on 1st St. North.

J. G. Taggart, B.Sc. was principal of the V.S.A.

During the week ending Oct. 25 the records show that four days were below zero.

W. J. Hannah marketed a choice bunch of 36 head of cattle, receiving top prices totaling $3323.70 for them.

Pleasant Valley

The weather is damp and dull, delaying harvest until spring by all appearances at the present time. Makes one feel a little blue doesn't it? Such wonderful crops — and grain spoiling in the bin.

To make matters worse — the writer hears that the old church here may be closed. We are wondering why, no doubt it is the money problem, as that is the root of most evil, or we should say trouble in this case. We don't know if there is much to complain about in this respect either, after all we only have about twelve services each year. They seem to be well attended at that. Why spend so much money on larger churches when the attendance is no larger in comparison than at our own little church in the wild woods? It was bad enough to have the school closed which was beyond our control but we would regret seeing the service at our church discontinued.

Canon Teape has just phoned and said that he would hold a meeting at the home of the writer on Monday evening next, Nov. 5th at 8:00 p.m. Don't forget the date and everyone interested in having services at Pleasant Valley be sure to attend. Surely some satisfactory arrangement can be made.

Remembrance Day And the Poppy

Soon the little red poppies will bloom on millions of coats through out Canada. As the annual day for the wearing of the poppy draws near, it is well to bring to our minds the significance of this little flower. Why do we have a Poppy Day?

First, we wear the poppy once a year to express the feeling of reverence that is always in our hearts for the men who died for Canada in two World Wars. The poppy is their flower. It grew on the battlefields in France and in Belgium where so many of them fought and died: It grew over their fresh graves — the one touch of beauty and life in all that region of destruction and death known as the front. Nothing can symbolize our remembrance of the sacrifices of the dead in so fitting a way as by the wearing of the poppy. Secondly, we wear the poppy to help lighten the burden for those who are still undergoing suffering and hardships because of the wars, the disabled veterans, and the families of the disabled and the dead. Making the poppies gives employment to many men who otherwise would be unable to earn anything towards the support of themselves or their families.

Entrusted with the sale of these poppies and wreaths, made by these disabled veterans at Veteraft shops in Montreal and Toronto, the Canadian Legion will have thousands of volunteer workers on the streets collecting sales. The poppies and wreaths which citizens are asked to buy are made by disabled ex-servicemen who are incapable of earning a living in any other way, and who, but for this industry, would be a charge on public funds. It is the only livelihood they have. The big part of the proceeds from the sale of poppies and wreaths goes towards their salaries—the balance is entrusted to Legion branches throughout the Dominion to be used solely for the benefit of ex-servicemen, widows and children of veterans who through no fault of their own are in need of help. No profit whatsoever is kept aside for any other Legion work. All veterans benefit by the sales, whether they are Legion members or not. In Poppy Day did nothing but keep disabled and needy ex-servicemen self-supporting and self respecting citizens, it would still be worthwhile.

Thus, the purpose of Poppy Day is three-fold, and in wearing the Poppy we do three things.

Keep in remembrance the thousands of heroes who gave their lives for Canada in the two World Wars, and in doing so keep the meaning of the Poppy forever fresh in the memory of the growing generation.

Help the disabled veterans and their dependents through employment in the manufacture of the poppies and wreaths.

Help to create funds to be used in assisting needy ex-servicemen and their dependents.

In addition to the practical side of buying and selling Poppies and Wreaths, the Legion does not forget to stress the main thought behind the Poppy—the symbol of remembrance for Canada's heroes.

We'll Do Better Next Time

What suggestions for the next Royal Tour. The Financial Post asked a group of experienced citizens. Unanimously, they urged less formalism, a severe shrinkage in public occasions. Let our royal visitors see much more of the real Canada and Canadians, don't subject them to such a rigorous schedule is the theme of most replies. As one respondent, a woman reporter on the royal train, put it: Let's treat our royal visitors like human beings, with consideration for their feelings and wishes.

Dewberry News

Dewberry Ladies AM chicken supper was very well attended with the program which followed much enjoyed.

Mr. and Mrs. W. Porter are again away to their winter home at Vancouver. Phillip will take his second year at the Vermilion agricultural college.

Dewey Johnson is home from Edmonton where he received treatments for severe cuts to his eye caused some time ago by barb wire while lifting out a fence post.

Threshing is nearing completion, also combining, with much of the coarse grains testing tough or damp.

Dewberry sports association will soon be calling for tenders for ice making in the curling rink in anticipation of an early curling season

Sound Move

Once again a bill is before Parliament which would tidy up our calendar on the matter of national holidays. If it is passed, Dominion Day and Victoria Day will be celebrated on the nearest Monday in their respective months instead of any day during the week as at present.

A midweek holiday causes confusion in many lines of business and industry, and it is of little use as a rest or for a trip, declares The Financial Post. There is enormous public support for this change. The bill before Parliament should be passed.

URANIUM RUNS ON

Canada's industry surpassed by U.S. as the world's second largest uranium producer, is moving full blast ahead in the Blind River-Algoma and consolidating her position with a wave of new exploration and development activity in the Beaverlodge (Goldfields) area of Northern Saskatchewan, says The Financial Post. Altogether 13 to 20 drills are now at work in this area. There which hopes for new and impressive finds.

OUR COMPLETE SHORT STORY

TOMORROW, KATE

Johnny, Hey Pet . . . Why . . . Had She Married?

By Constance Edgerton

KATE ENRIGHT sat on the ranch house porch. It was a night like this twenty-seven years ago that she came here. She stood a moment at the open door, then dropped to an old chair to dream of her new work, teaching the school nearby.

Twenty-seven years in one little school, and tomorrow was her last day. She would wear a set smile, thank her neighbors for their kindness and co-operation, give the impression she was ready to retire.

There was to be a program and picnic. It would never do to let anybody know she was sunk, felt ousted, because one young mother who insisted: "Young teachers for young children."

She knew, from bits of talk, that Elinor Gordon was particularly anxious to get another teacher.

Kate had reared Elinor's husband, Johnny Gordon, found him asleep in the house the night she came. His was in a big chair, and when the lamplight shone on him his hair was golden and his little face was smudgy.

I in the morning she got his story: Five years old, an orphan. He had been living around with the ranchers but came here, playing it was his home.

Kate had taken the school "night unseen" because it had a house next door. She hadn't bargained there'd be an adorable little boy to keep her company. They fell readily into life together. Kate had established a home and surrounding acreage. When Johnny finished the grades he enrolled in a boarding school in town for high school. Vacations he whipped around them in his father's car.

While he was a student there the Elinor family came into the valley. Their daughter, Elinor, was at the big university, set on becoming a surgery school teacher. She and Johnny met, fell in love, were married the week after he was graduated, and Elinor forgot about nursery schools.

Elinor kept at Johnny, saying Kate was too far out of step to handle children, and if Johnny doubted this, he should visit every family in the school district," ask what they thought of Kate, 'and when he found they didn't consider her the best teacher in the county, would he be satisfied?

Johnny started out to canvas the district. He couldn't stand out against Elinor any longer. He loved the school, the desk where he had carved his initials when Kate wasn't looking, the flowers on the sills, the long benches, maps, blackboard, and the silver birch in the yard. He had fallen from that tree and broken an arm when he was nine.

Elinor had said: "Kate, you're not progressive."

Progressive? She had attended summer schools, kept up with young-er teachers, but not with Elinor's discipline.

But now she swatted the dropping of the sword. She would apply for the school at Link Prairie, drive back and forth. Even though Elinor said "You've taught long enough. Retire," she had to keep on.

Families came from remote corners of the district. To say goodbye . . . to wish me well.

The program went off better than she expected. The women set tables and lay out the luscious food they had prepared. Kate stayed a few moments in the school to try to stifle her wildly beating heart and force a smile to her cold lips. She went and stood on the steps, and Johnny came to her. She thought: Oh, Johnny, how could you do this? He took her cold hand and the crowd cheered. Plainly Johnny silenced them and said: "On behalf of the school board and the district, Miss Enright"—it was coming, the dismissal. He had never called her Miss Enright—"I am asking you to teach next year and as many more years"—Cries of: "Atta Kate! Our Miss Kate!" stopped him. She felt the hated beard right, Johnny said: "Say yes, Kate." She had no words so she nodded, and the cheers made her dizzy. The women crowded around, telling how Johnny came to every home asking them to sign a paper to keep Miss Kate.

Johnny, her boy . . . Why had she doubted?

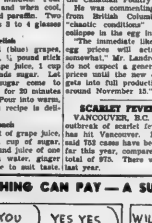
Only One Yard 54"



4899
WAIST
34"-50"

by Anne Adams

SEW THE ONE-YARD SKIRT! Yes, this requires only one yard of 54-inch fabric for any of its sizes—waist 24, 25, 26, 28, 30. Look at the smart button trim and front flaps; the back-lacing which makes this the best-fitting skirt you ever had! Look at the diagram above, two big pieces, three little ones! Fashion, thrift and easy sewing in Pattern 4899.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

Send thirty-five cents (35c) in coins (stamps cannot be accepted) for this pattern. Write plainly size, Name, Address and Style Number and send orders to:

Anne Adams Pattern Dept.,
Winnipeg Newspaper Union,
60 Front Street W., Toronto.

GRAPE PRESERVES

Good news is in store for the housewife who makes her own grape preserves for year-round table use. A record grape harvest this autumn assures a plentiful supply of Canadian grapes at attractive prices.

Here are some popular grape recipes:

Grape Jelly

Wash, drain and place Concord grapes in a preserving kettle. Mash and heat until the juice flows freely. Strain through jelly bag and add ¾ cup sugar for each cup juice. Boil until sugar sheets from edge of spoon, from 10 to 20 minutes. Pour into sterile glasses, and when cool cover with hot melted paraffin. Two pounds grapes makes 3 to 4 glasses of jelly.

Grape Relish

Half peck Concord (blue) grapes, ¾ cup whole allspice, ½ pound stick cinnamon, 3 cups grape juice, 1 cup cider vinegar, 3 pounds sugar. Let ingredients except sugar come to boil and strain. Add sugar and boil after adding sugar. Pour into warm, sterile glasses. This recipe is delicious with meats.

Grape Punch

Ingredients are pint of grape juice, ½ tray ice cubes, 1 cup of sugar, juice of two lemons and juice of one orange. Dilute with water, ginger ale or other beverage to suit taste.

Western Briefs

Goose Hunt Goes Sour

KAMSACK, Sask.—Easier driving between Kamsack and Canora will come to pass shortly in spite of weather conditions. J. N. McEachern has been awarded a contract calling for 800 tons of gravel per mile, to be placed on No. 9 highway between here and Canora.

To Home Street

EDMONTON—An Edmonton street will be named in commemoration of th visit of Princess Elizabeth and Prince Philip. This will be a departure from usual Edmonton practice. Even though Elinor said streets and avenues are numbered in a grid system.

Will Be Helpful

MEDICINE HAT, Alta.—A babysitter and nursing service is provided here for parents attending evening services at a local church. Baby carriages may be wheeled right into the nursery from one church entrance.

Banded Chicken Shot

BRANDON, Man.—A prairie chicken, bearing band No. 3274 of the Game branch, Winnipeg, was included in the bag of a group of Brandon hunters recently while hunting south of Deleau. The bird was banded in the fall of 1950 and was not observed until Stewart Pickall was picking the bird after his return home.

Inspecting Flocks

BRANDON, Man.—A staff of thirty men will soon be on the road inspecting laying poultry flocks throughout Manitoba, states D. C. Foster, provincial poultryman. A few inspectors, all of whom are hired on a temporary basis, have already made a start but delayed harvesting has prevented the work from getting under way as early as in other years. Mr. Foster stated. Inspection should be completed before the end of the year.

Sent Lead Long Service

CALGARY.—George A. Morrison, a man who has written 23,000,000 words in the past 36 years, has retired from the staff of official court reporters at the Calgary court house. During his long term of service he has been the silent but busy recorder of every word spoken during more than a thousand trials and has filled some 80's large note books with his neat shorthand notes.

Awarded Scholarship

UNION POINT, Man.—Miss Mabel J. Brown, daughter of Mr. and Mrs. N. D. Brown, has been awarded the Roger Goodwill scholarship, valued at $50, for her work in grade 10 last term. She attended Sts. Agathe high school for grade 10, and Union Point school for the preceding grades.

Settling Blaze

VANCOUVER.—A bandit sauntered into a confectionery store here left puzzled and without loot after getting absolutely no answer from the attendant to his demands for money. The clerk recently arrived from China and speaks no English.

Farm Conference To Open December 4 In Ottawa

OTTAWA. — The farm kingdom's biggest annual get-together will open here Dec. 4.

The agricultural department announced that the annual federal-provincial agricultural conference will be held Dec. 4 to 6.

In past post-war conferences, delegates dwelt largely on shrinking markets for Canadian surplus farm products and the need for continued federal financial assistance.

The loss and the world's rearmament drive has changed the picture drastically. Now it is a case of shortages in some commodities and climbing costs of production and labor to meet the agricultural path.

Sask. Forest Fire Loss Lowest In Twenty Years

REGINA. — Fifty-two forest fires burned northern Saskatchewan this year, lowest number in at least 20 years, Fred Warburton, resources department fire control chief, reports.

In a bureau of publications release, Mr. Warburton said a total area of 14,000 acres was burned, with timber damage estimated at $41,000

Fire fighting costs amounted to $18,000.

Mr. Warburton said a total area of 14,000 acres was burned, with timber damage estimated at $41,000

Fire fighting costs amounted to $18,000.

Collapse Of Egg Market Unlikely

WINNIPEG.—The general level of egg prices in 1952 will be "somewhat lower than in 1951," but there will be no collapse of the market, W. J. Landreth, of Winnipeg, chairman of the Canadian Poultry Council, said.

He was commenting on a report from British Columbia predicting "chaotic conditions" and imminent collapse in the egg industry.

"The immediate likelihood is that egg prices will actually increase somewhat," Mr. Landreth said. "We do not expect a general lowering of prices until the new crop of layers gets into full production some time around November 15."

SCARLET FEVER IN B.C.

VANCOUVER, B.C. — The worst outbreak of scarlet fever since 1944 has hit Vancouver. Health officers say 703 cases have been reported so far this year, compared to the 1944 total of 975. There were 190 cases last year.

WOMAN PRINCIPAL

REGINA.—For the first time in 38 years a woman Miss Alexandra E. Graham has been appointed principal of a Regina public school

How to Use Plenty Of Inferior Feed. . .

The prospects are for an abundant livestock feed supply in Canada, although of inferior quality, following poor weather conditions at harvest time. The same is true in the United States where more hay per hay-eating animal unit will be available than ever before. Of feed concentrates, specialists in Washington report a supply 8 to 10 per cent. less per animal than during the last three years, but about that much more than the average before the War.

The problem will be to make the most efficient use of the feed on hand, whatever the quality. Sound wheat and coarse grains make excellent feed. But what of unsound grains, unsatted grains or rusted roughages? Do they constitute a danger to livestock? What is their nutritive value?

According to a release issued by the Experimental Station at Swift Current, Sask., smutted grains or rusted roughages are not injurious to livestock. Ergoty grain, on the other hand, is harmful and should not be fed if the ergot bodies make up one-tenth of one per cent. of the grain.

Sprouted grain is a good feed, entirely without danger to livestock. Its feeding value being lower than that of similar unsprouted grain, it is necessary to increase the amount fed to obtain good results.

Considerable roughage will be of inferior quality. Hay that has been in the field during a series of rains totalling two inches or more may lose up to 25 per cent. of its dry matter containing as high as 50 per cent. of the proteins. Practically all of the Vitamin A will also be lost. If this type of hay must be fed, it will be necessary to feed some form of protein supplement if good results are to be obtained. Hay that has heated slightly in the stack will not necessarily be harmful. Again, however, some of the nutrients have been lost and additional amounts will be necessary to give the same results as sound hay. Extremely musty or dusty roughage should be avoided. Its feeding value is low and should not be fed as there is a danger of serious mould poisoning. This poison can be detected by chemical analysis.

Advocates Parent-Teacher Talks

—Instead of Report Cards

MOOSE JAW, Sask.—The old-fashioned school report card would be replaced by private, informal and regular parent-teacher conferences if Dr. S. B. Laycock, dean of the college of education, University of Saskatchewan, had his way.

At the convention of the Moose Jaw superintendencies Dr. Laycock said individual parent-teacher conferences would be a to be improved, a great deal in order to carry out such a program.

Many interviews have failed to do anything for the child and have created antagonism between the home and school because teacher or parent, or both, adopted the wrong attitude, or because the interview was not properly conducted.

Teachers should not hold a conference if their aim is to put pressure on the child or complain about the child. Teachers must feel a sincere desire to help the child, Dr. Laycock said.

Teachers also must have genuine respect for parents. "The teacher must realize that the child's home and parents powerfully affect his social and emotional development in school and also his ability to read, to spell or compute."

CAPES HARD HIT

WINNIPEG.—A Vancouver restaurant official said that Canadian consumers have suffered "a very high mortality rate" during the last three years because of rising costs and operational losses.

News Notes from Your District Home Economist

—By Bernice Reed, Wainwright, Alberta.

From Irma Girls' Club

The Irma girl's club has begun again with President—Jean Larsen, Vice-President — Lorna Archibald, Secretary—Donna Coultman. Members are Irene Doota, Charlotte Milne, Doreen Simmerman, Marjory Coultman, Shirley Mae Brown.

Chauvin Dancers Girls' Club

The club has also begun again with Mrs. Fahlan as leader. President: Katherine Pitman, Vice-President: Evelyn Pierce, Secretary — Mary Nesetvold, Press Reporter — Alleen Pitman. Members are Barbara McLeod, Betie Baynham, Anna Kislo, Eve Fatheridge, Jean Cargbill, Margaret Cargbill, Mary Ellen Boomhour, Maxine Saville.

Clandonald Homemakers

Clandonald Homemakers Girls' club is being led by Mrs. Stanley. President—Marlene Grauman, Vice-President—Mary Ann Gawdunyk, Secretary—Jean Organ. Members are Erna Brook, Donna Schneider, Marilyn Brake, Elle Cathcart, Joyce Barclay, Signe Grauman, Marion White, Beth Cathcart.

All three clubs are sewing clubs.

Most Always

Rub a little grease on the bottom of a pan, for more usually the coffee boil when she has to put it over the fire to hurry up a meal. Then the black rubs off easily and the pan bottom is clean.

Something to Remember

Shine aluminum may be prettier to look at, but you'll do well to chose the dull-finished kind for pie pans, cooky sheets and baking tins —pies, cakes and cookies will brown much better. Shine deflects the radiant heat.

Fix Brake and Wires

The sparkle on your third finger left hand, has probably dimmed considerably, though the sparkle on your marriage hasn't a bit! Diamond: have a great affinity for anything oily and greasy, and soap film collects on the back of them, preventing light from shining through, light from below as well as above. Is what makes them twinkle. Bathe your diamond monthly in a solution of 1 part ammonia to 3 parts warm water, brushing with a tiny, soft clean lipstick or eyebrow brush. Rinse in clear water then drain on tissue paper. Never, never poke around it with a pin.

Hallowe'en Apples

Did you know that the best November eating apples are McIntosh, Snow, Jonathan, Grime's Golden, Delicous and Starman. Best November cooking apples are Greenstein, Wealthy, Ribston, King, Baldwin, Stark and Wagner.

Now Here's a Sticker

For next week. What percentage can you expect a fabric to shrink when it is dyed?

Red Cross Branch Needed in Every Community

VAST AMOUNT OF SERVICE RENDERED

The future of the Red Cross lies in the local branches according to W. A. Austin of Didsbury, provincial zoning committee chairman. The speaker made this announcement at zone chairmen's meetings in both Edmonton and Calgary where he told those assembled that from some 380 branches at the end of World War 2, there are now some 109 branches in Alberta.

The province is now being divided into zones with volunteer chairman in charge of each. It will be the work of each chairman to work with local branch officers in building up the strength of the branches and, when required, to help in the formation of the new branches in the zone.

Chairman for the Vermilion zone is Mr. J. R. Robson of Vermilion whose territory extends from Vermilion to Lloydminster and from Clandonald to McLaughlin.

The chairman stressed that although there has been a serious loss in the number of branches since 1945 and 1946, increasing services of the Red Cross require the same amount of funds as during the war.

He urged the zone chairmen to visit the towns in their areas, saying that there must be a Red Cross branch in every town, village and hamlet in Alberta.

The Alberta Red Cross Crippled Children's hospital is in need of financial support as is the Blood Transfusion service which requires funds as well as blood to continue its life-giving benefits. Without a strong, active Red Cross branch in every district, these services as well as all Red Cross programs will be threatened with curtailment, Mr. Austin said.

Many Alumni Attend Saskatchewan University Re-union

More alumni attended the University of Saskatchewan alumni re-union weekend than ever before, the committee officials announced after the three-day activity ended last Sunday. Nearly 600 former students from many parts of Canada took in the general meeting Friday night and approved an increase in membership fees, saw the biggest parade in university history of student floats through downtown Saskatoon on Saturday morning, were on hand to see Joe Griffiths presented with an honorary life membership in the alumni association at the Saturday banquet in recognition of 32 years outstanding and devoted service to the university', and renewed their acquaintance with university professors, their deans and university president Dr. W. P. Thompson at the university tea on Sunday afternoon in Convocation hall.

Students of the college of medicine took top honors in the parade float competition. Nearly 3000 persons witnessed the parade which was—held for the first time on a Saturday morning.

Alumni returned to visit their university from Geneva, N.Y., Ottawa and Hamilton, Ont.; Winnipeg, Edmonton, Calgary, Camrose, Hanna, Red Deer and Vermilion; Victoria, Nanaimo, Chilliwack and Trail, in Saskatchewan they came from Regina, Prince Albert, Calmville, Hudson Bay, Davidson, Rosthern Lockwood, Yorkton, Carlea, Indian Head, Yellow Grass, Milestone, Melfort, Biggar, Leader, Bradwell and Assiniboia.

Attending the reunion from this district was Elaine Shermansky.

Yesteryear in Review

WILL BE PRESENTED HERE NOV. 2nd

A program of the gay and happy times of yesteryear will be presented in the United Church hall on Friday evening Nov. 2nd by a Kitscoty concert party of fifteen members under the direction of Mrs. Elsie Batty.

Mrs. Batty's reputation as a director of fine music is well known in Vermilion and vicinity, and an evening of enjoyment and relaxation is assured. Costumes will add an atmosphere mindful of the 'Gay Nineties'.

The concert is being sponsored by Mrs. Dick's W.A. group. Remember the date — Friday evening Nov. 2nd at 8:15 p.m. Admission, adults 75c, students 25c.

SMOKING LESS

Smokers still don't like those taxes, reports The Financial Post. Cigarettes released for consumption in September were down 19% from the same month last year; release of cigars down 63%; cut tobacco down 24% also shows effect of tobacco workers' strike.

YOUR **PERSONAL PENSION PLAN** PROVIDED THROUGH *The Alberta Government Retirement Annuities Act*

HERE ARE MORE QUESTIONS AND ANSWERS ON

ALBERTA GOVERNMENT ANNUITIES

QUESTION: Are annuities paid monthly?

ANSWER: Yes, the depositor at date of his retirement may select that his annuity be paid monthly, quarterly, semi annually or annually. Annuity payments, however, must be at least $10.00, otherwise the Provincial Treasurer may pay the sum at the credit of the depositor in a lump sum, or in instalments.

QUESTION: May a depositor's account or his annuity payment be seized or garnisheed?

ANSWER: No. Neither the depositor's account prior to retirement nor his annuity payments after retirement may be seized, garnisheed, assigned or transferred.

QUESTION: Does the Government guarantee the Fund?

ANSWER: Yes. The fund and the payment of all annuities, interest and other monies from the Fund are guaranteed by the Province of Alberta.

Minor Changes In Services Rendered By The Standard

In order to attempt to meet the increasing cost of producing this newspaper, a few minor changes are being made for services rendered. These changes are designed to increase revenues slightly, and to cut down labor by eliminating unremunerative bookkeeping for the small amounts involved.

OBITUARIES

A charge of 10c per line will be made for all portions of obituaries listing floral tributes and memorial donations. To estimate the cost, allow 6 words to one line.

In Memoriams and Cards of Thanks

In Memoriams and Cards of Thanks will be charged for at the rate of $1.00 each, and are payable cash with order.

Teas, Bazaars, Card Parties, Dances

All notices of Teas, Bazaars, Sales of Work, Card Parties and Meetings (to be per line (minimum 25c), and MUST be Cash with order. The cost of booking these costs more than the revenue derived.

Classified Advertisements

The rate for Classified Advertisements has been changed to 3c per week straight — CASH with order. Ads. phoned in must be paid same day, or in case of rural residents, the same week. An extra charge of 25c will be made for any ads. booked.

Paradise Valley

Congratulations to Mr. and Mrs. Kenneth Brassington on the birth of a daughter, born in the Lloydminster hospital on Oct. 25th.

We extend best wishes to Mr. and Mrs. Art Murphy of Edmonton on their recent marriage which took place at Edgerton on Oct. 13th. Mrs. Murphy before her marriage was Miss Joyce Chandler of Edgerton. Art is a veteran of the 2nd world war; and at that time made Paradise Valley his home.

It is with deep regret that we hear of the death of Mr. David Thomas Sr. of Lougheed, Alberta who passed away on Tuesday, Oct. 23rd. Mr. and Mrs. Thomas were one of the very first to settle in the hamlet of Paradise Valley. Mr. Thomas opened a Massey-Harris agency here in the summer of 1929 and lived here for many years before selling out and going to the coast for a few years. The family moved back here for awhile and then they moved to Mirror where D. Thomas Jr. operated a barber shop. They then moved to Lougheed where they have lived ever since. Mr. Thomas leaves a widow and one son David Thomas Jr. and one daughter Mr. I. Burden all of Lougheed. The funeral was held on Wednesday. Our sincere sympathy is extended to the family. Mr. Thomas had not enjoyed good health for many years due to a hear. condition.

A farewell party was held on Wednesday evening for Mrs. B. White at the home of Mrs. J. W. Guy. Whist was played with Mrs. Fred Brassington taking first and Mrs. Armitsham the other. Mrs. White is leaving for Edmonton where she will in future make her home.

Mr. and Mrs. E. H. Davis had the misfortune to lose their farm home on Saturday afternoon by fire. No one was home at the time and everything was lost. The cause of the fire is not known. Mr. Davis is the layman in charge of the McLaughlin - Paradise Valley United Church field.

The "Valley Maids"

The Valley Maids C.G.I.T. held their re-organization meeting on Wednesday, Oct. 24th at the home of their leader Mrs. E. V. Gunn. Officers elected for the year are: President—Audrey Guy; 1st Vice-Pres—Joan Richardson; 2nd Vice-Pres.—Grace Shoddart; Secretary—

Province Proclaims Holiday Nov. 12th

Alberta school children are not the only ones who will benefit from a Remembrance Day holiday on Monday, Nov. 12. It was announced Tuesday.

A public holiday on Nov. 12 has been declared with Hon. J. J. Bowlen, lieutenant-governor of Alberta signing the proclamation Tuesday. The holiday follows by one day the Nov. 11 Remembrance Day prayer, which this year falls on Sunday.

Earlier the department of education had announced that Nov. 12 would be an official holiday for all school children and teachers in Alberta.

Broncho Busters Orchestra To Play At Islay Hall

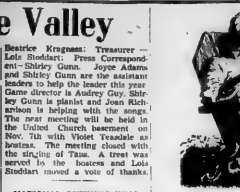
The Broncho Busters orchestra accordion, banjo and vocals. They will play at a dance in the community hall at Islay on Friday Nov. 2nd. This orchestra features Spanish, electric and steel guitars, violin plan to present a real western program that evening.

The World of Wheat

By H. G. L. STRANGE
Director, Research Department
Searle Grain Company, Ltd.

SUPPLIES OF GOOD SEED

Supplies of true-to-variety Registered and Certified seed, and which have good appearance, will be most scarce this year. It is important to buy a few bushels of Registered seed (and every farmer, for his own sake, should buy a few bushels each and every year to maintain the high quality and yield of his crops) should realize that the mere appearance of Registered seed, whether it is plebald or starchy looking or somewhat shrunken, is no indication of its quality as seed, for the quality of seed is in the breeding and its germination. Seed, therefore, that would grade quite low for milling purposes at the elevator may be the most excellent seed and on the other hand seed which might grade a No. 1 for milling purposes might be the poorest kind of seed because it may not be true-to-variety and may consist of mixtures of varieties. It is desirable, of course, to have true-to-variety seed which is also of fine appearance, but the appearance really amounts to nothing. If the sack containing the seed is sealed as Registered, then the farmer need not worry about the quality of the seed even though the appearance may be poor.



NATIONAL BUSINESS HEAD

Reu L. Perrault, Montreal, who has been elected president of the Canadian Chamber of Commerce at the national business organization's 22nd annual meeting in Quebec City Oct. 30th to Nov. 1. Mr. Perrault, prominent in business circles in Eastern Canada, is President of the automobile firm of Cumming-Perrault Ltd., Montreal. Active in association, community and welfare work, Mr Perrault has served on the executive council of the Canadian Chamber, on several Chamber committees and is a former honorary-treasurer of the Chamber of Commerce of the Montreal district. He takes over from Dr. Francis G. Winspear of Edmonton former president of the Canadian Chamber of Commerce.

It's nice to know you can stay "on your own" after 65!...

To men who like machines...

RCAF aircraft need your care!

Some men are especially good with their hands. They like to work with engines, machines or machinery. Such men are needed now in the R.C.A.F. — men with the skill and know-how to keep modern Aircraft in perfect flying shape.

If you are mechanically minded, you can serve Canada — in defence against aggression — as a skilled Aircraft Technician. The R.C.A.F. will give you the necessary trades training — at good rates of pay with opportunities for advancement in the modern field of aviation.

You must be between 17 and 40, and have Grade 8 education or better

The RCAF will train you as a skilled AERO-ENGINE, ARMAMENT, AIRFRAME, INSTRUMENT, OR RADIO TECHNICIAN.

SEE THE CAREER COUNSELLOR AT YOUR NEAREST RCAF RECRUITING CENTRE — OR MAIL COUPON

YOUR COUNTRY NEEDS YOUR SERVICES!

A Prison Reform

MUCH THOUGHT HAS BEEN GIVEN in recent years to methods of dealing with criminals and of conducting penal institutions. Modern prisons differ greatly from those of earlier times and there is a growing tendency to better living conditions in prisons and to help prisoners towards rehabilitation while they are serving terms in penitentiary. It has recently been announced by Joseph McCully Deputy Commissioner of Penitentiaries, that nearly 2,000 inmates of penitentiaries in Canada are now taking correspondence courses in educational subjects. This is part of the programme which has been undertaken to help prisoners to fit themselves for useful work when they return to the outside world.

• • • •

Proved Plan Is Worthwhile

Results of permitting prisoners to take correspondence courses have proved that the plan is well worthwhile. A recent survey, taken of prisoners at Collins Bay penitentiary, Kingston, Ontario, showed that nearly eighty per cent. of those taking courses in vocational education did not revert to crime after leaving prison. In many cases criminals are men who have not been trained to make their living honestly, or who have been in work for which they were not suited. Trained for useful work, and for skills fitted to their abilities, many are happy and successful after receiving vocational instruction while serving terms in penitentiary.

• • • •

Meeting With Good Results

Mr. McCully drew attention in his report to the fact that restriction of personal liberty was the greatest punishment suffered by prisoners, and that proper treatment during their time in penitentiary could result in them going out as better and more useful citizens. This new policy of putting emphasis on the rehabilitation of prisoners is meeting with excellent results. Mr. McCully said. For many years there has been interest in all parts of Canada in improving conditions in prisons and it is encouraging to know that progress is being made in dealing with this important social problem

No Water Loss To Manitoba In River Project

OTTAWA. — Manitoba need not worry about any water loss through the operation of the South Saskatchewan river project, G. M. Ferrie (Ex-MacKenzie) told the commons.

Speaking in the throne speech debate, Mr. Ferrie said a power development project at Frog Narrows on the Churchill river could control the waters as far as Lake Winnipeg during high water at Frog Narrows. The Churchill flows down into the Saskatchewan.

Extension of the Sherridon-Lynn Lake railroad right through the north to Reindeer Lake, Lake Athabaska and Uranium City in Northern Saskatchewan, and then to Fort Smith and on to Prince George, B.C., was advocated by Mr. Ferrie. He also suggested construction of a defence highway from Edmonton to Winnipeg.

The MacKenzie member asked that the government spare no expense in trying to defeat the new threat of rust in western Manitoba and eastern Saskatchewan.

Expect 7,500 Farms Wired This Year

REGINA—The Saskatchewan Power Corporation said it expected 7,500 farm homes would be wired for rural electrification by the end of the year.

The total indicated that about 5,000 homes had been wired already this year.

The power corporation said the general construction program was ahead of last year's, with 94 miles of line completed. About 65 miles had been finished at this time last year.

GOLDEN PRAIRIE A GOOSE-SHOOTERS PARADISE

GOLDEN PRAIRIE, Sask. — The district around Golden Prairie is a goose-hunters paradise so it seems.

Recently a nine-man hunting party bagged 43 of the big honkers, one of which weighed more than 13 pounds.

They aren't even wild, hunters report. The geese have been scrounging high water at Frog Narrows. The Churchill flows down into the Saskatchewan.

Extension of the Sherridon-Lynn Lake railroad right through the north to Reindeer Lake, Lake Athabaska and Uranium City in Northern Saskatchewan, and then to Fort Smith and on to Prince George, B.C., was advocated by Mr. Ferrie. He also suggested construction of a defence highway from Edmonton to Winnipeg.

The MacKenzie member asked that the government spare no expense in trying to defeat the new threat of rust in western Manitoba and eastern Saskatchewan.

Funny and Otherwise

• • •

One sweet thing to another: "I like men who make things. Like Mr. Potter. His made $50,000 last year."

• • • •

Doctor: "Now, take a deep breath and say nine, three times."

Willie (after inhaling): "Twenty-seven."

• • • •

A restaurant keeper noticed that a man of customers assented the current day's paper for an irritating long time. He hit on this little piece of sarcasm.

Prominently displayed on the walls was "no announcement: These items to read are requested to buy yesterday's papers."

• • • •

Finding she tired quickly, a woman decided to weigh herself. As she stepped off the scales her husband eyed her appealingly and cooed: "Well, what's the verdict? A little over-weight?"

"Oh, no," said his wife, "but according to that height table on the scales I should be about six inches taller!"

• • • •

A cavalry recruit was at his first riding practice.

"I don't like the look of this horse's head," he complained.

"Don't worry, you'll soon get over that," the instructor replied.

• • • •

Marriage is a mutual partnership: The husband is the mute.

• • • •

"That quack who cured me wants a testimonial. What can I say?"

"Just say: 'He is an unqualified success'."

• • • •

Among the anglers trying their luck on the pier was one who was trying a bone on the end of his line. "What do you think you'll catch with that?" he was asked.

"English, of course," he replied.

• • • •

Concerned about her husband in the Navy, a wife sent a note to the pastor. It read, "John Anderson having gone to sea, his wife desires the prayers of the congregation for his safety." The mailer read aloud: "John Anderson having gone to see his wife, desires the prayers of the congregation for his safety."

• • • •

The industrialist who eyed his wife over the dinner table in surprise and remarked: "That's a beautiful necklace you're wearing, my dear."

"Yes, isn't it darling," answered his wife, "I found it in the herb nest of your car."

• • • •

Some cause happiness wherever they go; others whenever they go.

• • • •

"I see by government statistics," declared Mrs. Boggs, "that one-third of all married women work."

"That means," nodded Mrs. Triggs, "that the rest of the husbands have to buy their own cars."

• • • •

An elderly woman entered the knitwear department of a busy store and asked for instructions about making a sweater for a dog.

"How big is he?" inquired the assistant, politely.

The woman started to make vague gestures.

"Maybe you'd better bring him in," suggested the girl at length.

"Oh, I can't possibly do that," came the answer. "I want it to be a surprise for him."

Vermont state has more cows than humans. [sic]

ICE ACCIDENT PREVENTION and RESCUE

CANADIAN RED CROSS SOCIETY
Swimming and Water Safety (1951)

This is the time of year that the first ice forms on sloughs, ponds, creeks. Children are anxious to put on their skates and start the skating season. The fun is not without its dangers, as the ice has hardly had time to become thick enough for real safety.

Parents should investigate the ice-making site by chopping a hole in the ice and measuring the thickness. Two inches is fairly safe for individuals, three inches for small groups.

It would be wise for an adult to go with the children. The supervisor should take along a length of rope and a long pole, should the break through occur, rescue attempts can then be started without delay.

The victim should support himself by spreading his arms on the ice surface. Rescuers should lie down so as to spread their weight then squirm their way toward the victim until he can be reached with the pole or rope. The rope should have a small loop at one end so the victim can slip his hands through for a secure grip.

If ice crossings must be made it is wise to carry a long pole which will support the bearers weight across the hole, should the person break through. Avoid skating or walking on ice alone. If you break through you will likely need help. Ice that borders open water is usually quite thin, such as might be found on running streams.

Springs are frequently found in large bodies of water and the spring water often creates thin spots in what appears to be quite thick ice. Skaters and walkers are wise to keep close to shore where they may be reached quickly provided of course that there is someone present who is equipped and capable of performing a rescue.

Thousands Of Trees Given To Sask. Schools

REGINA. — Many of the young trees resting for the winter on Saskatchewan school grounds came from the forest nursery station at Indian Head.

Last year more than 30,000 young trees were sent free of charge to schools from the station for the conservation and beautification of school grounds.

The station supplies certain trees and shrubs free to any school in the province, in co-operation with the provincial department of education. Trees and shrubs available for school use are spruce, caragana, Manitoba Russian poplar, leaf willow, laurel willow, cottonwood, caragana and elm.

"Evergreens are not on the free list," L. F. Winn, chief engineering assistant of schools, said. "But these may be obtained at a small charge if applications are made directly to the station."

Flowering shrubs are not available. Schools wishing trees apply to either the department of education or nursery station.

A federal government conservation project, the Indian Head nursery also supplies trees for Manitoba schools.

Former Sask. M.P. Dies In N.W.T.

KITCHENER, Ont. — Albert Frederick Totake, former Liberal Member of Parliament in both the provincial and Federal fields, died at Yellowknife, N.W.T., after a brief illness, it was learned here. He was 60.

Born in Kitchener, Mr. Totake was educated at Kitchener public schools and the Collegiate, serving his apprenticeship in pharmacy in a drug store here.

He graduated from the Ontario College of Pharmacy in 1903 with honors. He received the degree Bachelor of Pharmacy from the University of Toronto in 1908.

The next year he moved to Saskatchewan and in 1906, at the age of 25, was elected member of the Saskatchewan Legislature for Vonda. He was re-elected in 1912 and the following year was chosen chief government whip. He retired from provincial politics in 1917.

He was elected member of the House of Commons representing Humboldt in 1926.

LABOUR AREA

Vancouver Island has an area of about 13,600 square miles, compared with 2,164 square miles for Prince Edward Island.

Old Custom Says Prince Philip Responsible For Indian Family

REGINA, Sask.—Prince Philip does not know this yet, but he might as well learn the worst. From now on he is responsible for the children of Mrs. Joe Bear, Indian squaw of the Mellis Tribe near Stony Rapids, in north Saskatchewan.

There is nothing personal about this. It just happens that Mrs. Joe Bear made moccasins that were presented to Prince Charles and Princess Anne.

That is where the Prince gets hooked for Indian tribal custom lays it down that any man who accepts moccasins from an Indian woman thereafter accepts responsibility for her children, past, present, and future.

That's only half the story. Never before were moccasins the occasion of such a hunt. Not until recently did the Saskatchewan Government know it would be in order to present the Princess with gifts.

When they did find out, they decided to give a unique gift of real Indian moccasins—and none of your store variety. But making moccasins in the old decorated Indian style is almost a lost art. So the word went out to Saskatchewan Government officials in the north:

"Two pairs of the best moccasins you can find. Size for boy approaching three and girl of one year old."

All over the northland Indians suddenly decided the white man was going crazy. Planes on patrol and other services dropped out of the skies on lonely lakes and air strips near Indian villages with no other request than for two pair of moccasins.

At last they were found, and flown down to Prince Albert, where a government official discovered they were not exactly the right size.

So another cry went out—for an Indian woman, skilled in her art, who could alter them.

It was a close call, but the moccasins, suitably altered, got into Regina on time and were presented to the Royal Couple at the Legislative Building reception.

And that's the end of the story —except to remind Prince Philip about that old Indian custom.

WHEAT BEING SHIPPED TO PRINCE RUPERT ELEVATOR

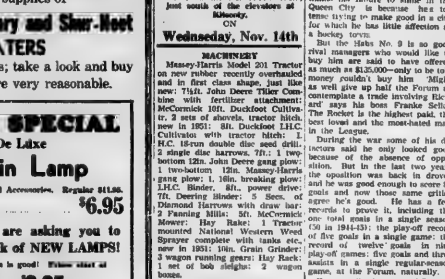
PRINCE RUPERT, B.C. — Five wheat, to be moved into Prince Rupert in a decade has started rolling into the dominion government's 3,- 250,000-bushel grain elevator here.

Deliveries are expected to be at the rate of about 100 carloads a week. About 600 carloads will fill the elevator.

A magnetic day is 23 hours and 56 minutes.

Luscious HONEY BUN RING

Quick to make with the new Fast DRY Yeast



HONEY-BUN RING

● Hot goodies coma pullin' from your oven in a jiffy with new Fleischmann's Fast DRY Yeast! No more spoiled cakes of yeast! No more last-minute trips — this new form of Fleischmann's Yeast keeps in your cupboard! Order a month's supply.

● Scald ½ c. milk, ½ c. granulated sugar, 1½ tsps. salt and ¼ c. shortening; cool to lukewarm. Meanwhile, measure into a large bowl ½ c. lukewarm water, 1 tsp. granulated sugar; stir and mix; let it dissolve. Sprinkle with 1 envelope Fleischmann's Fast Rising Dry Yeast. Let stand 10 mins., THEN stir well.

Add cooled milk mixture and stir in 1 well-beaten egg and 1 tsp. grated lemon rind. Stir in 2 c. once-sifted bread flour; beat until smooth. Work in 2 c. (about) once-sifted bread flour. Knead on lightly-floured board until smooth and elastic. Place in greased bowl and grease top of dough. Cover and set in warm place, free from draughts. Let rise until doubled in bulk. Punch down dough and roll out into an oblong sheet ½" wide and 20" long; loosen dough. Combine ½ c. lightly-packed brown sugar and ½ c. liquid honey; spread over dough and sprinkle with ½ c. broken walnuts. Beginning at a long side, loosely roll up like a jelly roll. Lift carefully into a greased 9½" tube pan and join ends of dough to form a ring. Brush top with melted butter. Cover and let rise until doubled in bulk. Bake in moderately hot oven, 375°, 45-50 minutes. Brush top with honey and sprinkle with chopped walnuts.

Noel Noyes, Owner — Lloydminster
Jonathon Fox, Auctioneer, Lloydminster

NEWS from ISLAY

The Islay chicken supper is on Nov. 7 and begins at 6:00 o'clock. Moving buildings this week in this are is the moving topic. Mr. Luqui the building mover from Lloydminster is moving the old restaurant building out to Mr. Bill Davies' farm; the old livery barn has been sold and is going out to Mr. Wellington Barnett's; the Clarence Gould house is being moved to Kitscoty. All this moving is being done by Mr. Luqui.

Miss Muriel Hutton is in hospital for a few days and in the same ward is Mrs. Albert Dupuit, but Mrs. Dupuit said she was having her holidays. Anyway, we hope well for both ladies. Also Mrs. Graham Gardiner is there and we hope that she too will be better soon. Mrs. Don Vivian is in hospital and is happy to announce the birth of a fine big daughter.

A very pretty wedding was solemnized in the United church here on Tuesday, Betty Gillies and Lloyd Gould. We wish them a long and happy life. We believe they are going to live on what was once known as the Forsythe farm, but now owned by Mr. Gillies. We are glad to see that old time home once again will be occupied.

Did we read aright in Bowtell news that Pleasant Valley church is going to be closed?. That would be too, too bad. Folks, don't let that pioneer spot disappear!

Rev. Mr. Sneddon of Marwayne will occupy the pulpit of the Islay United church on Sunday Nov. 4th at 3:00 p.m.

All Time Scoring Record Possible for Maurice Richard

Sometime this season Maurice (The Rocket) Richard will slam in the 324th goal of his NHL career and break Nels Stewart's all-time scoring record.

In the current issue of Maclean's magazine, Trent Frayne explains an apparent chink in his armor: he never plays his best hockey on the Toronto Leafs' home ice. This has sometimes been attributed to a welldressed female fan of the Leafs who always sits in the front rows and is said to enrage him with her persistent heckling. At times Richard himself blames the heat in the Maple Leaf Gardens and the vastness of the place. But his boss thinks his failure to shine in the Queen City is because he's too tense trying to make good in a city for which he has little affection as a hockey town.

But the Habs No. 9 is no good rival managers who would like to buy him are said to have offered as much as $125,000—only to be told money couldn't buy him. Might as well give up half the Forum as contemplate a trade involving Richard, says his boss Frankie Selke, Jr. Richard is the highest paid, the best loved and the most-hated man in the game.

During the war some of his detractors said he only looked good because of the lack of top opposition. But in the last two years the opposition was back in droves and he was good enough to score 83 goals and now those same critics agree he's good. He has a few records to prove it, including the one total goals in a single season (50 in 1944-45); the play-off record of five goals in a single game; the record of twelve goals in nine play-off games; five goals and three assists in a single regular-season game, at the Forum, naturally.

Frayne tells the story of Richard at the scoring machine. Richard the hot-tempered man who picks a fight in the middle of a New York hotel lobby, and Richard the family man who grieves despondently during a west coast tour because he was separated from his wife and three children.

Right Before You

You don't have to rummage through drawers or look under the bed with a new compartmented paper file, reports The Pencil Medical Post. It is made of molded fibre and is designed to hold small parts, screws, jewelry, fishing flys, etc. The box has a snap-tight lid with rustproof hinges, is partitioned to keep articles in the right place.

Vermilion Livestock Selected For Toronto Royal Show

Hon. D. A. Ure, minister of agriculture, stated today that in accordance with the department's policy of assisting breeders in the province to assemble and exhibit live stock at the Toronto Royal Winter Fair, the Alberta Live Stock board has recently made its selections. W. H. T. Mead, Chairman of the Board, indicates that about the same number of livestock from Alberta will be exhibited at Toronto this year as in 1950, when the exhibit comprised 12 cars. In 1950 there were 31 horses, 38 beef breeding cattle, 15 dairy cattle, 46 marine cattle, 30 sheep and 7 swine exhibited by Alberta breeders. While there may be a few slight changes before the judging date, the number of animals in each exhibit this year will be about 25 horses, 40 breeding cattle, 17 dairy cattle, 44 marine cattle, 14 sheep and 19 swine.

In the list of the Alberta breeders from whose herds live stock has been selected to go to Toronto this year is W. L. Robinson, well known Vermilion Shorthorn breeder.

Presentation To Their Royal Highnesses Memorable Occasion

The memorable occasion of being presented to their Royal Highnesses, Princess Elizabeth and the Duke of Edinburgh, and attending the state dinner in their honor at the Macdonald Hotel which climaxed the official reception for the Royal Couple, was one of those 'once in a lifetime events' that will never be forgotten.

The 250 guests, which included members of the legislature and judiciary, city and provincial officials, officers of the armed forces, and prominent professional and business men began to arrive at the hotel shortly after 6:00 p.m., and by 6:45 all were assembled on the mezzanine floor to wait until it was time to be presented to Princess Elizabeth and Prince Philip.

The Royal Couple arrived at 7:00 p.m. and at 7:20 the long awaited moment had come, and the guests, headed by members of the judiciary wended their way slowly down the stairs to the main floor to be presented to Princess Elizabeth and Prince Philip who received them near the entrance to the dining room.

In the receiving line with their Royal Highnesses were Lieutenant-Governor and Mrs. Manning, Premier and Mrs. Manning.

Princess Elizabeth had a charming smile for each guest presented, and greeted each one with 'How do you do'. The Prince also met the guests with a pleasant smile and a firm handclasp.

Shortly after all guests were in the dining room the head table guests led by Lieut.-Governor and Mrs. Manning, entered the dining room.

For the occasion the Princess wore a black cocktail length dress with black sequins, black elbow length gloves and carried a small black evening bag. Her shoes were black open-toed suede pumps with high heels. She wore a diamond necklace with matching earrings and diamond bracelet on her right arm.

The head table, which was actually three separate tables was decorated with red roses in deep green foliage along the entire length. Tall blue lit tapers in silver candelabra completed the decoration.

The guests' tables were set diagonally to the head table and were decorated with trays of light, and dark brown and yellow chrysanthemums, flanked by yellow tapers.

Both the Princess and Prince smiled many times throughout the dinner and talked a great deal with head table guests.

A toast to the King was proposed by the Lieutenant-Governor, but there were no speeches.

At 9:20 p.m. the Royal Couple and head table guests left the dining room to attend the football game at Clarke stadium, bringing to a close the state dinner.

—Ben Knolwen, Ft. Sask. Record.

Canal Lining

Asphalt re-inforced with Fiberglass is used in a new liner for irrigation canals, ditches, stock ponds, swimming pools, to control seepage, reports The Financial Post. You over-excavate at least a foot, lay the liner in strips, cover the liner with about a foot of the soil you took out.

Widespread Health Program by Alberta T.B. Association

The Hon. Ivan Casey, Minister of Education, has given his endorsement to the Health Education program of the Alberta Tuberculosis Assoc., which this year again includes a special poster competition for pupils of Indian and Metis schools in Alberta.

Mr. Casey said, 'The educational work being done by the Alberta Tuberculosis Association is showing gratifying results. When the girls and boys in our schools are encouraged to participate in competitions of this type, they also acquire valuable and authentic information about public health programs which will stand them in good stead later in life.'

Students are invited to submit a poster of their own design and composition, illustrating any phase of good health habits. Individual prizes for each grade will be awarded and over $100 in cash, sports equipment, or other school extras will be presented to the winners. Over 50 schools throughout the province are eligible.

Response to the first poster contest last year was very good, with some exceptionally fine works being submitted, and interest is keen again this year, Alberta Tuberculosis Association officials stated. This contest is a branch of the work of the Association which derives its support solely from the sale of Xmas seals.

Letters to the Editor

THE CANADIAN RED CROSS SOCIETY
Calgary, Oct. 29, 1951.

Editor, Standard,
Vermilion, Alta.

Dear Sir,

May we take this opportunity of thanking you, most sincerely, for your generosity in promoting the Red Cross September appeal for grain. We feel certain that had the weather permitted a harvest this year, that the time and space given by the media of Alberta would have encouraged the farmers to complete the needed $40,000 quota.

While we were not successful in reaching our objective, we do want you to know that we appreciate greatly, your support and interest in the service we render crippled children in this province.

Yours sincerely,
D. H. Tomlinson,
Commissioner, Alta. Div. C.R.C.S.

Allandale Notes

Very miserable weather has been predominating — some threshing continued until the 26th and plans are to commence again this week. October 25th the thermometer registered 20 below at Johnny Nelson's. It is generally ten degrees colder there than elsewhere. Very few have completed threshing their grain.

Taken from the Journal—Quick action on the part of her mother, Mrs. Gordon Mayhew, who threw the main electric switch in the house, saved the life of Eleanor Mayhew. Eleanor was attempting to remove a light bulb from its socket in the basement while standing on the wet floor. She was powerless to let go and screamed. When the switch was thrown she fell unconscious to the floor. Eleanor is the granddaughter of Mrs. O'Dee and spent her holidays this summer here on the farm. She was immediately taken to the hospital and was recovering nicely. We sincerely hope by now she is home and feeling herself again.

Owen Johnson Returns Home

We were greatly surprised and pleased when we called at the Johnson home last evening, Oct. 29th, to find Owen home. He came by train last Thursday Oct. 25th and is looking very well. His right leg is in a cast to the waist yet and he is using crutches.

Little Kathleen Bluck, daughter of Mr. and Mrs. Keith Bluck (nee Marian Dack) who now reside in Calgary, won first prize in a baby's beauty contest in Calgary. She received a lovely silver cup with her name inscribed on it.

Closing Thought: How do you rate, neighbor? An elderly lady was heard to remark, "I have lived in many different places in my life and I've always had nice neighbors' I wonder why? A lot depends on yourself No matter what your standing is in the community, above all be a good neighbor.

Junior Chamber of Commerce Officials Meet Here

"What Makes a Success?"—was the subject of a heated discussion held by the Alberta Junior Chamber of Commerce, in the library of the Vermilion high school, on Sunday, Oct. 14th.

Is success the mere attainment of a single ambition? The achievement of a single idea? Or are you successful as soon as you claim the respect of others? Such were the questions posed, and one by one each delegate gave his impromptu opinion.

The first observation made, to which all agreed, was that it success is what everyone is searching for, war it not odd that it could have so many definitions? For it was soon shown that success depends on the point of view of the person defining it. A man may be successful in his own view, but not necessarily so in the opinion of society.

One man said success was the product of effort and perseverance; another held that any man who contributed more than was his line of duty to society, was a success.

One suggested that to succeed, a man must first have a knowledge of what caused a 'failure' — and should recognize that selfishness and inefficiency were the chief contributing factors to failure. For with a narrow self-interest, a man's ideals are placed on too low a plane; his interests often turn against the interests of fellow citizens, and indeed, against his own self-improvement: lack of ambition was largely the result of a selfish desire to take the 'easy' road through life: failure is personified by a man who has no hope—no ambition—no peace of mind—no aim in life—no happiness and rendering no useful service to society and who lives only for selfish motives.

Anything better than this might be considered then, a success relative to the degree of accomplishment. By society standards it was conceded that a man's individual success was reckoned on his material gain and how he obtained them: his diversions, and his community contributions.

From an individual point of view success is derived by the careful organization and development of a man's abilities: a practical recognition of a man's relationship with his fellowmen—and with God; that faith in spiritual values is essential to great achievement: that faith in oneself and hope are vital to success: that the greatest stimulus to success is unselfish devotion to family, community and nation.

At the conclusion of this discussion, Roger Fiumerelli, National Vice-President of the Junior Chamber of Commerce of Canada, reminded the delegates that the purpose of this organization was to 'train leaders', and that to do so, all activities should have a direct bearing to the 'Jaycee Creed' which was designed to produce success-ful men. The Jaycee Creed is: We believe — That faith in God gives meaning and purpose to human life: That the brotherhood of man transcends the sovereignty of nations: That economic justice can best be won by free men through free enterprise: That government should be of laws rather than of men: That earth's great treasure lies in human personality. That service to humanity is the best work of life.

The Junior Chamber of Commerce of Canada with its 233 Chambers and 27,000 members, is providing a great proving ground for young men 18-40 years of age to become Canada's leaders tomorrow. In the international field more than 32 countries are represented in Junior Chambers', and it is Canada's honor this year to have a Canadian, Phil Pugsley of Montreal, as the President of all Jaycees throughout the world.

Person present: J Roger Fiumerelli, National Vice-President, Jr. Chambers o. Commerce of Canada. Chairman, Paul Doulet, Regional Vice-President, Alberta Jr. Chambers o' Commerce. St Paul Jaycees: Paul Letourneau, Marcel Demers, Robert Drouin. Rene A Binette, Maurice Mailloux. J Arman Lord, Ed Trudel. Edmonton Jaycees — Geo. Berge, Jim Smart. A M Presma.

Island Hill Hall

There will be a dance in the Island Hill hall on Friday Nov. 16. Good music. Everybody welcome 14-18x

Problems in Civic Affairs

A recent survey conducted by the American Public Work Association indicates that the top ten problems of public works officials are:

Street construction and maintenance.
Refuse collection and disposal.
Civic defence.
Traffic and Parking.
Public Relations.
Sewage treatment.
Snow and ice control.
Organization and personnel.
Street sanitation.
Water supply.
Cemeteries, of course vary from community to community but committees on civic affairs might well check this list against their own communities in determining their projects for next year and in assigning priorities to these projects.

To those you love the best and want to please the most, give a family portrait of you and yours. It's the gift that only you can give . . . the gift that's sure to please. Phone for your appointment today.

News From Kitscoty

A miscellaneous shower in honor of Miss Doreen Potter, bride-elect of November was held recently in the Tracy Memorial hall with about seventy friends present, to wish Doreen well. The hostesses were Misses Kelly Tyler, May Evans and Kay Geortzen. They were ably assisted by Sheila McCorry, Dollie Evens, Ella Pidcock and Marie Alton. Mrs. Ted Sheppard was in charge of the entertainment which consisted of making a hat for the bride and her attendants and a fashion show of a trousseau which brough forth lots of laughter. After a very nice lunch was enjoyed by all. Miss Kay Geortzen in a few well chosen words presented Doreen with he, gifts which were displayed in their attractive wrappings on a table unvier a canopy of tri-colored streamers. Doreen spent a happy hour opening, and admiring the gifts which she graciously thanked all in attendance for. Doreen is one of our popular A.G.T. operators and will be missed by her many friends in town and district as she plans to live in Peace River

Kitscoty United Church Ladies Aid wish to thank all who so kindly patronized their annual chicken supper, on Oct. 25th. Many thanks also to those who in any way contributed and assisted towards the success of the supper and concert.

Pleased to see Mr. and Mrs. Ted Joe home again and nicely settled. Best wishes for good health in the future to you both.

Sorry to hear Mrs. F. Seabrook is not feeling as well again and at present is a patient in Islay hospital.

Pleased to report at last that Ted Sheppard who is a patient in the Lloydminster hospital is much improved and feeling a lot better. We all wish him a speedy recovery to health.

The seventh school room opened in Kitscoty last Monday for grades 6 and 7 with Mrs. D. C. Maitais teaching. This room was opened owing to the crowded condition of the elementary.

About 30 folks from Kitscoty and district made the trip to Edmonton on Saturday to see the Royal Couple. By all reports the trip was worthwhile, the Princess is very lovely and the Duke handsome. Some of the high school crowd waited as long as 5 hours so as not to lose their place in the front ranks and therefore enjoyed a close up of the Royal party at the legislative buildings.

Mrs. T. Ryan of Dawson Creek, B.C., one time resident in the district, is visiting friends here and is now staying with Mr. and Mrs. H Parkin.

The Royal Cafe opened again for business on Saturday. It has been modernized and is now clean and compact. Under the management of Bill Chew it is an asset to the town.

Sorry to have to report that Mr. Charlie Simmons has had to undergo another operation on his broken arm and had it re-set. The accident happened about two weeks ago on his farm.

Interest in Junior Red Cross Increases

1200 REACHED IN ALBERTA — 30,312 MEMBERS

A heavy increase in the number of Junior Red Cross branches and members is reported from the Alberta Division with 1160 branches and 30,312 members enrolled so far this year. Last year at the same time there were 765 branches and 18,091 members.

According to Miss Kathleen Hermans, provincial director of Junior Red Cross, the growth is due to increased support from the Alberta Department of Education and the school superintendents who see in Junior Red Cross a program that gives the child concrete experience in doing his share of facing the problems of the modern world.

The international friendship program at Junior Red Cross is being stressed by educators who find that in these days of world stress and tensions the program is a practical means of developing friendship and tolerance.

The children make portfolios showing their daily lives and these are exchanged with students in foreign countries. Dr. Muriel Uprichard, national director of Junior Red Cross who visited Alberta last week, reported that Alberta had sent 30% of the portfolios exchanged during the 1950-51 school year.

At the present time Alberta Juniors are also making layettes and clothing and filling health and school kits for needy children in war-ravaged areas. During the 1950-51 year the Alberta Juniors made clothing valued at $2000 for overseas distribution and it is expected that figure will be exceeded this year.

Grave Monuments on Display

A complete line of grave monuments may now be seen at Hoyer's Funeral Home. tfnc

Local News of Interest

Mr. and Mrs. W. S. Dougan wish to announce the engagement of their youngest daughter Glenna, to Mr. Melvin Hutchinson, son of Mr. and Mrs. Frank Hutchinson of Islay. The wedding will take place on November 21st.

Mr. and Mrs. Joe Young of Saskatoon visited friends in town last week. 'Joe' was in the bakery business in Vermilion prior to the 1918 fire when he moved to Saskatoon where he still carries on that business on a major scale.

Mrs. W. McLean is a visiter in Edmonton this week end, a guest at the home of her mother Mrs. Jessie Fisher. Mrs. Fisher will celebrate her 82nd birthday on Friday, Nov. 2nd.

Mr. and Mrs. Thos. Watts motored to Edmonton Tuesday afternoon to attend the wedding on Wednesday of Miss Lou Tyner, daughter of Mr. and Mrs. Leigh Tyner, formerly of Vermilion.

Miss Yvonne Patenaude of Vancouver is visiting friends in town and district. Miss Patenaude is the daughter of Mr. and Mrs. Homer Patenaude formerly of Vermilion, now residing in Vancouver. The visitor is a graduate of the Vermilion high school. She is on the staff of the Claims Dept., Canadian National Telegraphs.

Lieut. Robert Chapman is away this week attending the Congress of the Salvation Army officers being held at Vancouver.

Miss Josephine McLaughlin, the daughter of Mr. and Mrs. Jack McLaughlin of Vermilion, left last week end for St. Johns, Que., where she will train with the Women's Division of the R.C.A.F.

Many many friends in Vermilion will be interested to learn that a son was born to Mr. and Mrs. Ben Reeves at Fort St. John, B.C. on Sept. 21st. The baby has been named Brian James.

A former Vermilion girl, Miss Mary Louise Knoll now of Edmonton, leaves Thursday this week for Cleveland, Ohio, to work in the dental department of Western Reserve university. On Sunday Miss Knoll's mother, Mrs. J. J. Knoll entertained at tea in honor of her daughter.

Mrs. E. T. Rooks received word recently that the home of her mother Mrs. B. Bendixen at Heinsberg had been completely destroyed by fire Tuesday night. Nothing was saved from the fire.

Mrs. W. G. Urquhart returned recently from a very enjoyable visit down east with her son Mr. and Mrs. Douglas Urquhart at Toronto and son Mac at Kingston.

The many friends of Angus Dewhurst, pioneer homesteader and former resident of the Landonville-Anglo Lake district, will be saddened by the news of his death from a brain hemorrhage, on Oct. 11th in a hospital near his home in Washington. Mr. Dewhurst is survived by his sorrowing wife, two daughters Vernie and Irene and two sons Alfred and Harry, the family were all with him when he passed away.

Ernie Everett came down from Edmonton last week to attend the annual send-up of the Vermilion Old Timers Association, bringing his old friend the accordion with him. Ernie has the reputation of being the only newspaper vendor in Canada who yodels his clarion call 'buy a paper Sir'.

BROWNIE PACK TO BE ORGANIZED

NEW DEVELOPMENTAL AND NON-RACIAL

The Vermilion 1st Brownie Pack has been reorganized after a lapse of many years. There will be a meeting of parents and other interested adults in the Scout hall at 3:00 p.m., Monday Nov. 25th for the purpose of reorganizing the local Brownie Association. The group is non-denominational, non-political and non-racial, and it is urged that those mothers wishing their daughters to become Brownies attend this meeting as the Company can only accept a limited number of youngsters.

Youth Fellowship at The Alliance Chapel

On Tuesday evening Nov. 6th at 8:00 o'clock Rev. and Mrs. Len Newell, accepted candidates for missionary work in Mexico, will speak at a Youth Fellowship service at the Alliance chapel. Mr. Newell is a gifted speaker and the meeting will be an interesting and worthwhile one.

Mr. and Mrs. Arthur M. Wilson were visitors in Vermilion and Marwayne on Friday last. Art, who is field crops commissioner for the province, was in Marwayne on business connected with the new seed cleaning plant there.

Mr. and Mrs. R. A. Milholland of Elk Point have announced the engagement of their daughter, Joyce Doreen, to Mr. E. M. Weisenborn, son of Mr. and Mrs. Hurt Weisenborn of Edmonton.

Jim Nicholls attended a meeting of Canadian Utilities employees in Edmonton over the week end and while there happened to be right on the main parade route of the Royal Couple.

Mr. and Mrs. W. S. Porter of Dewberry have left by car for their winter home in Vancouver

Happy Hour Group

The Happy Hour Group meeting will be held on Thursday Nov. 8th at the home of Mrs. Wm. Fooks at 8:30 p.m.

Legion W.A.

The Ladies Auxiliary to the Canadian Legion will hold their regular monthly meeting on Monday Nov. 5th at 8:00 p.m. in the Legion hall.

Tea and Sale

The annual Home League tea and sale will be held in the Legion hall on Saturday, Nov. 17th at 2:30 p.m. 17-20

FIRE AT THE A. G. ✓. WORK SHOP

Fire which had gained quite a hold on the interior of the building was discovered in the work shop at the rear of the Alberta Government Telephones property at noon on Saturday. The blaze proved to be a stubborn one and was difficult to combat due to the heavy insulation and the galvanized sheeting on the building.

Apart from the roof little damage was visible to the exterior of the work shop.

POPULATION OF VERMILION 1,984

INCREASES 570 IN 10 YEARS

Figures for the 1951 census are now being released and the population of Vermilion is given as 1,984 in the last Dominion census in 1941 the town's population was 1,548, so that a steady growth has taken place. Along with the 1,984 are 30 permanent residents at the school of agriculture who are not included due to the fact that they are just outside the town limits. This really gives the town a population of 2,014.

Other populations in the area are given with the 1941 population appearing in brackets.

TOWNS

Wainwright — 1984 (1660)
Panoka — 2371 (1336)
Lacombe — 2273 (1653)
Blairmore — 1936 (1731)
Carbonlton — 1612 (1285)
Coleman — 1961 (1870)
Barrhead — 1246 (1209)
Bonnyville — 1137 (903)
Camrose — 4128 (2580)
Grande Prairie — 2031 (1721)
Leduc — 1640 (971)
Peace River — 1677 (1073)
St. Paul — 1406 (1018)
Stettler — 2121 (1285)
Vegreville — 2219 (1688)
Westlock — 1148 (1209)

VILLAGES

Derwent 233 (171); Innisfree 267 (253); Manville 536 (396); Mirror 130 (129); Rich Point 451 (307); Kitscoty 235 (234).

Practically all towns have shown quite decided increases in population. Several in oil development areas such as Lloydminster, Leduc, Stettler, Barrhead, Westlock, have more than doubled their 1941 populations.

Home & School Assoc. Meet At Dewberry

DEAN ANDERSON TO BE A NEW SUPERINTENDENT OF SCHOOLS

The October meeting of the Dewberry Home and School association was held recently. Those attending had the opportunity of meeting the new superintendent for the Vermilion school division, Mr. S. Simonson and Mrs. Simonson. Other guests were Mr. and Mrs. Jas. R. Robson, also of Vermilion.

Mr. Simonson as guest speaker outlined the functions of the Home and School organization. Its primary aim was to benefit the child, he said and to allow teachers and parents to meet and work together to solve individual problems. He suggested that as well as holding the business session of the meeting, lectures and discussions had a definite place in the H. and S. programs. Topics of interest could well be, 'pre-school children', 'enterprise education', 'the crime comics and movies', 'bus drivers and their discipline problems'. High school courses could be discussed by the teachers.

The organization should also work on a practical project such as school or ground planning, special equipment, libraries, hot lunches and health programs.

The next meeting of the Dewberry Home and School association will be on Nov. 15th.

Hotel Burns At Melfort, Sask.

JUST PURCHASED BY MANNVILLE FARMER

Early in September Mr. Terwenty Wahlstedt, a leading farmer in the Manville district, made arrangements to purchase the Ossrtz hotel at Melfort, Sask. Last Friday the building was gutted by a fire which drove thirty men going to the north in their night attire, having been aroused by the night watchman when he discovered that the premises were on fire. Mr. Wahlstchuk was back at Manville at the time arranging for the sale of his farm preparatory to moving his family to Melfort. He had previously disposed of his farm holdings. His loss will be small. It was found that the automatic alarm system was out of order. Metal sheeting which covered the framework interfered with the firemen.

Police Officer Honored At Two Hills

ON DEPARTURE TO VERMILION

TWO HILLS. — Approximately 250 guests gathered at the recreation hall here recently to bid farewell to R.C.M.P. Corporal S. J. Surby.

Cpl. Surby had been stationed at Two Hills for the past seven years, coming here from Peace River. Cpl. Surby had taken active part in all the sports clubs in town and being an active member of the local Canadian Legion and Board of Trade. Mrs. Surby also will be missed in the women's clubs where she had acquired a fine needlework and sewing.

Cpl. Surby is being transferred to the Vermilion district where he will be in charge, and is replaced by two Hills in Cpl. Conrad. His wife was formerly posted at Lac La Biche.

At the farewell party for the Surby family, they were presented with an eight-piece silverware set. The address was read by present were Cpl. and Mrs. Richards and Joe Shypowski of Edmonton and Constable Wallace of the Derwent detachment.

P. M. Shavcook was master of ceremonies and R. A. Tanner spoke on behalf of the board of trade. Mayor D. M. Geiera spoke on behalf of the town. P. Mysko on behalf of the sports clubs and J. F. Elko for the Canadian Legion. Cpl. and Mrs. Surby were asked to give speeches during which they thanked the large crowd in attendance for the gifts etc. Following this, a delicious lunch was served and dancing followed. —Ed. Journal.

CARD OF THANKS

We wish to extend our sincere and heartfelt thanks for the flowers, memorial donations, cards of sympathy, help and prayers received from our friends and neighbors during our recent bereavement.

Mr. and Mrs. W. G. Parvea and family.

CARD OF THANKS

The Ladies of the Royal Purple wish to thank everyone for their kind and generous support of the sale of tickets on their lucky draw and sale of lunch during the Elks carnival. The lucky number was won by Mrs. Mildred Peterson.

ELECTRICITY

On behalf of the Alberta Government Telephones I wish to express sincere thanks to the Vermilion Fire Brigade for the prompt response and efficient manner in which they handled the fire on our premises on Saturday last.

Jack Reid.

Derwent Fire Hall Nears Completion

THE VERMILION STANDARD 14 PAGES

Vol. XLVI. No. 19. Vermilion, Alberta, Thursday, November 8th, 1951. $2.00 per Year

Application To Quash Is Dismissed

Court Rules Municipal Building By-Law Valid

The application of Mr. Fred Haines to quash the by-law passed by the Municipal Council of Vermilion River to provide for an expenditure of $35,000 in erecting a building for municipal office purposes was dismissed with costs by His Honor Judge McIsaac before whom the application was heard at the September sittings of the District Court at Vermilion. The applicant contended the by-law was illega! on the grounds:

That the by-law did not name the place at which the proposed building was to be erected.

That because of a severe storm on day of election the number of electors voting did not represent a fair or reasonable proportion of the total possible vote.

That a poll was transferred to another location.

That in another poll no record was kept of those admitted to vote.

That in the same poll the ballots cast were not initialled prior to being voted.

In his judgment His Honor held the by-law had been regularly passed and was legal on its face and that despite the irregularities which resulted from the storm the voting was honestly conducted and while bad weather may have prevented some voters from going to the poll this was neither an illegality nor an irregularity.

His Honor also held it was not necessary that the place where the proposed building was to be located should be stated in the by-law and the Council had the right themselves to choose the location.

The applicant, he further mentions, could only contest the voting on any by-law under the procedure which is set out in section 127 of the Act. The application was not filed under a different section.

J. D. Adam, K.C. and F. J. Richardson appeared on the application for Mr. Haines while V. U. Miner, K.C., J. W. G. Morrison, K.C. and J. McCrory represented the Municipality.

J. S. Cross Sells Highest Price Heifer

The Hereford heifer 'Miss Dan Zento' owned by J. S. Cross of Vermilion, brought the highest price of $800 at the Edmonton annual fall stock show and sale last Thursday. The heifer had previously placed second. The purchaser was H. B. Rogers, Bitters Lake who also purchased the first prize heifer for $700.

BROWNIE PACK ORGANIZED

An organizational meeting of the mothers of the 1st Vermilion Brownie Pack was held in the Scout hall on Monday, Nov. 5th with the following officers elected:

Mrs. Bob George—Badge Secretary. Mrs. M. Smeltzer — Brown Owl; Mrs. W. F. Stewart—Tawny Owl; Mrs. J. H. McIntyre—Secretary.

A meeting of all Brownie mothers and other interested persons will be held at the home of Mrs. M. Smeltzer on Monday, Nov. 26th at 8:30 p.m.

POPPY DAY THIS SATURDAY, NOVEMBER 10th

ORIGIN OF POPPY IS FASCINATING

The origin of the poppy is extremely fascinating. In Rome mythology the red poppy was the symbol of death indicated to Somnus, the god of sleep. For centuries the red poppy, which grows wild in Europe, has been associated with the battlefields of Europe, especially in Flanders, where it grows annually in the wheat and uncultivated fields. Poppies grew profusely on the battlefields of this territory, and because it was widely believed the red flowers came from the blood of the dead. The association of the red poppy with the battlefields of he First World war was largely the result of the popular poem by Col. John McRae, Canadian physician and poet, who died of pneumonia in France in 1918. His poem, 'In Flanders Fields' was penciled on a page torn from a dispatch book by Col. McCrae during a lull in the 16 days of fighting at the Second battle of Ypres. The poet submitted it anonymously to 'Punch' and the editor, recognizing the beauty and originality of the poem, printed it in a heavily leaded type. The original manuscript is owned by the Royal Victoria hospital in Montreal, where the author had practised medicine.

As the significance of the poppy becomes more widely known, and the work which is done with the proceeds of the poppy, sale becomes better understood, more and more Canadians wear the little flower each year. The wearing of the poppy has become recognized almost universally not only as a means of paying tribute to the memory of those who died ,but also as a means of aiding those who are bearing the afflictions of war's aftermath. Its sale has become the means by which all can donate, according to their ability, to this great cause. A poppy is your badge of remembrance. When you buy a poppy from the Canadian Legion, don't feel charitable- feel proud—and wear the poppy proudly! It's your proof that you have not forgotten those who gave or would expect so little. They did their part—do yours by greeting poppy workers with a welcome and buy a poppy!

CANADIAN LEGION

Armistice Program

Friday, Nov. 9 - Armistice Dance

Saturday, Nov. 10 - Poppy Day

Sunday, Nov. 11 - Remembrance Day Service 10:45 a.m.

All Organizations wishing to join with the Legion in the Parade to the Cenotaph, please assemble at Legion Hall at 10:30 a.m. on November 11th.

WEAR A POPPY ON REMEMBRANCE DAY

Monday, Nov. 12th Provincial Holiday

ALL STORES AND BUSINESS PLACES IN TOWN CLOSED

Monday, Nov 12th has been proclaimed a provincial public holiday in Alberta, consequently all schools and business places in Vermilion will be closed. The holiday will be in observance of Armistice Day which this year falls upon the Sunday.

Livestock Auction Wednesday, Nov. 14

The regular monthly sale of fat, stocker and feeder cattle will be held at the Vermilion stockyards on Wednesday next, Nov. 14th. The sale is conducted by the Eastern Alberta Sales Association Prices reached a new high at the last sale with 37.75 per hundred being paid for calves.

Purebred Cattle Sale Thursday, Nov. 15th

The Vermilion Agricultural Society will hold the annual sale of purebred cattle and swine at the Fair grounds on Thursday next, Nov. 15th. This provides an excellent opportunity to purchase very high class breeding stock, as 30 head of purebred cattle and about sixty head of swine have been listed for sale.

Miss Grace Bury Breaks Her Wrist

While on her way to early services at St. Nicholas church last Sunday morning Miss Grace Bury slipped on the icy street and suffered a fractured wrist. The injury was not discovered until during the afternoon when Miss Bury, not realizing the extent of her injury continued her walk on to the church.

This is the third time that the same wrist has been broken by falls. It had only nicely healed from the last fracture. Miss Bury is now in hospital.

Edinburgh Daily Carries Vermilion Story

BOARD OF TRADE SURVEY ATTRACTS WIDESPREAD ATTENTION

The Vermilion Board of Trade, in cooperation with the Department of Economic Affairs of the Government of Alberta this summer issued an economic survey of the town and district of Vermilion, 3000 surveys were printed and mailed up to a month ago, but also as a means of aiding those who are bearing the afflictions of war's aftermath. Its sale has become the means by which all can donate, according to their ability, to this great cause. A poppy is your badge of remembrance. When you buy a poppy from the Canadian Legion, don't feel charitable- feel proud—and wear the poppy proudly! It's your proof that you have not forgotten those who gave or would expect so little. They did their part—do yours by greeting poppy workers with a welcome and buy a poppy!

A story about Vermilion over one column in length, based on the information contained in the Industrial survey, appeared in The Scotsman' a daily paper issued at Edinburgh. The story is written by a special correspondent and is an excellent one. As it is a copyrighted article it cannot be reproduced without permission The story ends with the statement that the next time the writer goes to Alberta he certainly means to stop at Vermilion.

As space is at a decided premium in the United Kingdom newspapers the story indicates the interest there in Alberta and should go a long way towards publicizing Vermilion.

DON'T FORGET

Time — 8:00 p.m

Place — Elks Hall

Date — Tuesday, Nov. 13

Event — The Kinsmen (5) Time Fiddlers' Contest

The judges will be Mrs. C. Upshall, Mr. Jack Brown, Mr. D. Folk.

Wear a Poppy Remembrance Day!

Carload of No. 2 Garnet Wheat At Searle Elevator, Islay

The Searle grain agent at Islay advises the Standard that a carload, 2500 bushels of No. 2 Garnet wheat was delivered to his elevator at Islay. This grain tested dry and averaged 42 bushels to the acre.

It was grown on the farm of Mrs. D. Bowman, north of Islay and was the only grade 2 grain which has been delivered at this elevator this fall.

Meeting To Organize Sr. Hockey Executive

THURSDAY, NOVEMBER 15 AT 8:00 P.M.

It is now definite that a separate senior hockey organization will be required the same as in previous years to handle the Vermilion Tigers. A meeting to organize, elect officers, etc. will be held at the library room of the town hall on Thursday evening next week at 8 o'clock.

Mr. Jack Brown who has been president of the Tigers Hockey club for the past two years, is this year president of the Eastern Alberta league, consequently he can hardly be expected to carry on in the two major offices. It is hoped that a goodly representation of business men and farmers attend the meeting.

Hockey prospects are looming up now as the club is greatly improved, in less than 14 promising players including an experienced goalie, have been contacted and are interested in playing. All of these men incidentally are working right in town.

W. R. Cornish Sells Top-Priced Ewe

Top prices were paid for Suffolk ewes and rams from the farm of W. R. Cornish of Manville at last week's fall stock show and sale in Edmonton. A Suffolk ewe brought $240 while a ram was sold for $225.

Treasurer Eleanor Adam

Group Rep.—Irene Adam.

The Department made up of representatives from each group, meets once a month. The other groups meet once a week. Some of the things planned are a Candy sale and a Tea and Sale of Handicrafts

Claude Underdown Has Leg Broken

Claude Underdown suffered a fracture of both bones at his left leg below the knee on Tuesday when a pile of bags of cement 100 pounds each, buckled in the centre and fell on him. The injured man was engaged in piling up the cement bags at the Crown Lumber yards when the accident occurred. The break is a bad one and will require some three months to mend.

Royal Tour Pictures at Columbia

News flashes of the Royal Tour are contained in the news reels at the Columbia theatre this week end. These particular flashes are taken at Ottawa and on the road to Niagara Falls.

Vol. XLVI. No. 19. Vermilion, Alberta, Thursday, November 8th, 1951. $2.00 per Year

Minburn-Vermilion Health Unit Official Name

Health Unit Board Organized Wednesday

Due to the fact that the organization meeting of the new Minburn-Vermilion health unit was held on Wednesday afternoon proximity to press time prohibits any lengthy report of the proceedings. However the governing board was set up with the following officials:

Chairman of Board—S. C. Heckbert, Vermilion

Vice Chairman—Jas. Stone, Kitscoty

Sec-Treas. H. J. Payne. Vermilion.

Official representatives attending the meeting were H. J. Payne, Vermilion; P. Mezuyan, Islay; James Stone, Kitscoty; R. C. Johnson, Irma. Members of the board who were unavoidably absent were W.C. Johnston of Kinsella, S .C. Heckbert of Vermilion.

Dr. N. Baxter who is in charge of the formation of Health Units, Dept of Health, Edmonton, was also present. He outlined the duties of the new board as set forth in the Health Unit Act. Dr. Baxter was empowered to recommend the appointment of a medical health officer and a senior nurse, appointments to be approved by the board.

Miss Sophie Pawliuk was engaged as stenographer-technician for the board. Miss Pawliuk is experienced in this work.

The head office of the unit will be located at Vermilion and the secretary Mr. Payne was delegated to lease suitable premises here. Suboffices will be located at Innisfree and Kitscoty

Medical Society Holds Monthly Meeting

The monthly meeting of Medical Society No 9 of the Alberta Medical Association was held at Lloydminster on Wednesday, Oct. 31.

During the afternoon the visiting doctors were conducted on a tour through the Sidney roofing plant by Supt. R. Johnson.

Twenty two doctors were in attendance for the evening meeting. Distinguish guests were Dr. W. Bramley Moore, Registrar of Alberta College of Physicians and Surgeons.

Mr. Brimacombe was initiated at Alpha Lodge No. 384, Toronto Ont. on June 22, 1889, so that he has been a member of the fraternity for more than 52 years. He affiliated with Vermilion lodge on March 2, 1909, was Worshipful Master of the Lodge in 1914, and was made a life member on Nov. 24, 1927.

Safety Stickers Are Compulsory By Jan. 1

All passenger cars and motor cycles operating in Alberta must bear safety stickers by Jan. 1st to avoid prosecution.

This was announced by Hon. C.E. Gerhart, Provincial Secretary, at the first of the week. He stated that instructions have been issued to assure that no cars or motorcycles without safety stickers will be allowed to operate on Alberta roads and highways after Jan. 1, the date of issue which do not bear the approved government safety sticker will be subject to prosecution after that date.

Mr Gerhart said that the safety testing campaign had begun in July and since then motorists had had ample time to have their cars tested. Charge for the safety test is $1 and garages and service stations in all parts of the province are operating as approved testing stations.

The Provincial Secretary pointed out that the purpose of the safety testing campaign is to make the roads and highways of Alberta safer by keeping faulty vehicles off the roads. He suggested that motorists who have not yet had their cars tested do so soon to avoid needless inconvenience.

By The District Agriculturist

"GREEN ACRES"

PIG CLUB MEETING

Boys and girls between 12 and 20 years old who would be interested in joining a pig club are asked to meet in my office at 3:00 p.m Friday, Nov. 9. It was suggested that a club be formed at Vermilion but other districts can also start clubs if there are enough people interested. Let me know what you want

NEW BULL POLICY

The Alberta Department of Agriculture announced a new livestock policy this week. Ten per cent discount will be allowed on pure bred bulls bought under the plan. Local dealers can be arranged but bulls must be inspected before leaving the sellers place.

PURE BRED MRI. AREA

The new livestock policy provides a 10 per cent discount on bulls bought by a farmer living in a pure bred sire area. Vermilion River MD is about to come under this policy as cattle owners here will be able to get 10% discount instead of 10% which applies in other districts.

FREE TREES AVAILABLE

It was announced this week that application for free trees from the government must be put in a year ahead. This means that anyone wishing to get trees in 1953 must order them before March 31, 1952. Get your order in now so that you will not be set back a whole year in your plans.

SILAGE IN ALBERTA

A new circular on silage has just come to hand. Silage is being recognized all over as a cheap feed for cattle and sheep. Silage does not spoil when put up wet. Anyone feeding dairy or beef cattle should get a copy of this circular

ATTENTION WOMEN'S GROUPS

Miss Bernice Reed, the District Home Economist stationed at Wainwright, told me recently that she would be glad to attend meetings of farm women groups in this area. You could let me know the date and place of the meeting and any suggested subject and I will pass on the information to Miss Reed.

Wear a Poppy Remembrance Day!

Snow Falls; Weather Improves Later

This area, which had missed the snowfalls common throughout Alberta this fall, received a good covering of snow last week end. However, this week the weather has become considerably milder and practically all the snow has disappeared. This gives farmers hopes that the prevailing warmer weather might again bring about threshing conditions.

VERMILION BOXERS TO COMPETE AT LLOYD

Several Vermilion boxers including Herb. Will and Marvin Little and Bob Acheson have entered the boxing tournament to be held at Lloydminster on Friday, Nov. 23. Other entries have been received from Barrhead as well as Lloyd itself.

W. H. Little will run a passenger bus from here so that anyone caring to attend the boxing matches, is assured of transportation.

Local Hall

There will be a dance in the Island Hill hall on Friday Nov. 16. Good music. Everybody welcome. 15-12p

Allandale

Dance in the Allandale school on Friday, Nov. 16th. Proceeds in aid of the Xmas concert. Musgrave and Michel orchestra. 14-20p

Banner and Dance at Kolonee

The Union and Kolonee Homemakers' club will hold their annual bazaar and dance on Friday evening, Nov. 9th at Kolonee school. Everybody welcome. 14-19

A friendly group of 21 girls gathered in the clubroom Tuesday night — but something was after. Oh, now we know—the long underwear, straw hats and 'most of the funny faces were gone. Initiation was fun—let's do it again.

President Lil Harcuther was automatically elected to present the Stagette wrench at the cenotaph on Sunday Nov 11. Lil would appreciate it if any Stagettes staying in town over Sunday would join her in uniform at the Legion hall at 10:30 a.m. Sunday.

We seemed to have wound ourselves up into a fine state of confusion over our membership procedure, so to simplify matters we nominated Betty Giles as convener of a membership committee and let he take the reins.

Sorry that the girls from the college were unaware of the change of meeting night this week and made the hike down town for nothing on Monday night. It will be Tuesday from now on. Some of those ambitious characters are going to night school on Monday. Who is the teacher up there anyway?

Hey Betty Barr—what the job permanently? You did the notes up in fine style last meeting and thanks for taking over for me.

Nov. 4th proved a successful Stagette week Sunday with 15 girls in uniform attending church.

This is a grand place to put in a plug. The club has accepted the concession for serving lunch at the Legion Armistice dance in the Elks hall on Friday Nov. 9th. Lunch counter will open at 12 or thereabouts and close when you are full or broke!

Oh yes—the checking list: Fri. Nov. 9. Myrrie and Vivian, Eleanor Jean and Lil.

Saturday Nov. 10. Mary Anne and Lucy.

Tuesday, Nov. 13. Elva and Dot A., Merle and Dorothy D., Edie and Celia. 1st shift to start 7:30.

Saturday Nov. 17: Barbara and Faye.

We were disappointed to hear that Wainwright Stagette club has met with discouragement but we sincerely hope that the interest and enthusiasm of the few will eventually be the winner. It takes a bit of doing girls but is well worth the effort in the end so don't give up without a darn good fight.

OBITUARY

GEORGE ALFRED FLEMING

Mr. George Alfred Fleming of R.R. 1, Irma, passed away at his home on Sunday, Nov 4th at the age of 72 years. He had lived in the district since 1910.

Mr. Fleming is survived by his wife, one son Archie of Irma, and two brothers, John of Irma and Archie of Port Alberni, B.C. Three sisters live in the British Isles. There are five grandchildren.

Funeral services were held at the United church, Mannville on Thursday Nov. 8th at 2:00 o'clock in the afternoon with interment following in the Mannville cemetery. Mr. E. Kelso and Mr. W. Propp officiated.

Moyers were in charge of arrangements

The many friends here of Mr. and Mrs. John O'Donnell (nee Gladys Caulis) will be interested to learn that John was privileged to be a member of the Guard of Honor when the Royal Couple visited Chilliwack on Oct. 26th. John was one of the hundred men picked from the Royal Canadian Engineers at the School of Military Engineering, Vedder Crossing, B.C. The picked squad did considerable training every afternoon for about three weeks. John was also sent to Vancouver the week previous to help police the crowds during the Royal visit, with the men from the 22nd Field Squadron which he is now in. He has finished his basic training and is now commencing regular courses.

Joe Dabinett drops the editor a line from Calgary and hopes that everything is going well with all Vermilion and district people. He says that it has been a very trying time for the farmers in the Calgary district, with most of the crop still not cut and no feed for the stock. It amounts to a calamity in many districts. Joe adds, "I sincerely hope our farmers around Vermilion get the bulk of their threshing done." In lighter vein, he says that he has put one over on the local curlers as he has already started the season in Calgary, having played three games during the first week. One of the advantages of artificial ice.

Russ' Flower Shop has secured a downtown office located two doors east of the Dominion Branch. In premises formerly occupied by Vermilion Photocraft. Russ will open his new office Nov. 15th.

IN MEMORIAM

In loving memory of
Mr. Fred Walters
who passed away Nov. 3, 1936.
His memory is as dear today
As in the hour he passed away.
—Daughter Rose.

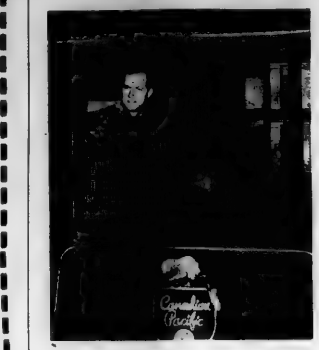
THE DUKE AT THE THROTTLE



—In the midst of the Royal Tour, the Duke of Edinburgh took the throttle of one of the Canadian Pacific Railway's giant 'Selkirk' locomotives, largest in the British Empire, for the steep pull up Notch Hill in the Canadian Rockies. At the rear of a typical railroader, Prince Philip is shown here in the cab of the locomotive at the end of the run.

Woodvale News

Just when the last Standard reported that harvesting had stopped, combining and threshing were resumed in many parts of this and surrounding district. Even if some of the threshed grain is damp, quite a number of farmers want some of their fields cleared or are in need of grain for winter feeding. What Sunday's heavy snowfall will do to these activities we will have to see, but probably harvesting will go on here and there. It is hard, cold and discouraging work under these adverse weather conditions.

It is very pleasant to travel to Vermilion partly over a hard-surfaced road now. However, it has its drawbacks as accidents are on the increase due to a tendency to overspeed and these slushy roads are very slippery when not dry. Art Lysons found out that the latter was true when his truck loaded with coal slid into the ditch and overturned. Fortunately the two occupants, Art and his brother-in-law Keith were not hurt at all but the truck was badly damaged.

Mable Lysons is at present working at the U.S.A.

Mr. and Mrs. Van Wagenengen and Bud Heidebrecht were recent visitors to Edmonton. Mrs. Cecil King spent a few days there also, staying with her daughter Joy.

John Crooks of Airways was a visitor at the Lysons' home and helped on the threshing outfit of Harry Sweeney. Apparently one has to go farther south for warmer weather than Airways in central Alberta where they have had more snow and cold weather than here.

Mrs. Osbaldeston gave a dance in Ganton school to raise money for the Christmas fund. As the dance was informal almost every one came in brightly colored shirts and jeans, and the occasion was enjoyed very much. Mrs. J. Lyons made a great big beautifully iced cake decorated with candles for four persons celebrating their birthdays that day and after blowing out the candles together, the cake was passed around and almost everyone had a piece of it.

Mrs. Carter, our Woodvale supervisor spent the week end at her parents' home near Chauvin.

Miss Bernice Revel will give a talk at the Red Cross meeting of Dec. 5th at the home of Miss Ruby Thomson. The November quilting bee is at the home of Mrs. Harry Portsmouth on the 14th.

Mr. and Mrs. Paul Gautier received word of the birth of a son Marcel Joseph to their daughter Therese (Mme. Pelletier of Perigord, Sask.).

Harry Turner is putting in the safety poles on the telephone line. They are necessary now that the power line is installed in the district.

Vermilion Agricultural School Grad. Chosen

Prairie Provinces candidates for the Eaton Agricultural Scholarship were announced Monday. Selections have been made by the provincial ministers of agriculture and Alberta will be represented by Stanley Ross Gould of Rosalind.

The candidate will leave Winnipeg on Saturday, Nov. 10th for Toronto meeting with the judges at the Royal Winter Fair on Nov. 13th, that evening, the winning candidate will be presented with the Scholarship by Mrs. John David Eaton at the Royal Winter Fair opening dinner. Other finalists will be presented with suitably engraved wrist watches.

The Scholarship which provides all college fees, lodging and board for a four-year course, commences in the autumn of 1952 and is available at any agricultural college in Canada selected by the winner. The cost of books, travelling expenses, clothing and other incidental expenses will not be included.

In selecting competitors, the ministers of agriculture considered academic standing, activity in agricultural organizations, good citizenship, and the candidate's qualifications as a potential leader in community affairs.

If the scholarship appears to be successful, Eaton's proposes to offer a similar award in succeeding years.

FARM PROSPECTS FOR 1952

Here is the farm outlook for the next year as seen by Prof. D. J. MacFarlane, of the economics department at Macdonald college, as reported in The Financial Post.

"Looking at 1952, the prospect is that farm prices will continue high. This forecast is made against consideration of the fact that some commodity prices have weakened in the past three to six months. It also takes account of the fact that Canada is just getting under way its rearmament effort. Adding the builds and hearish factors together and translating them into their influence on agriculture, it look like a rising farm price level or at worst no general decline.

With Winnipeg as the hub CNR lines over Manitoba from the U.S. border to Churchill on Hudson Bay. The 510-mile line from The Pas to the Bay and the branch to Flin Flon on the Saskatchewan border tap a country rich in minerals, furs and other resources.

When you add it all up...

WHEN you consider the men, women and money needed to operate *3,700* branches — you see what is involved in looking after the greatly increased demands made by busy Canadians upon their chartered banks.

In ten years . . . with bigger staffs and higher wages, payrolls have jumped from $40 million a year to $102 million

. . . taxes, federal, provincial and municipal, have risen from $9.5 million to $20.7 million a year

. . . interest paid to depositors has increased from $22 million to $57.8 million a year.

And these are only three of *many* expense items. Yes, today more than ever, it costs money to run a bank.

Christmas Seals Seen On Way To 132,000 Homes in N. Alberta

Christmas Seals for 1951 will be mailed Nov. 10th to 132,000 homes in Edmonton and Northern Alberta, it was announced Monday by W. J. Mahony, chairman of the Edmonton Kinsmen Club Christmas Seal committee. A jolly apple-cheeked Santa Claus features the new Xmas seal. This is the 25th year that seals have been sold by Canadian Tuberculosis Associations.

Mr. Mahony said that the 1951 objective for Edmonton and Northern Alberta would be $80,000 for the 1951 seal sale. This will help to continue mass surveys with the Alberta Tuberculosis Association's mobile chest X-ray units, provide further chest X-ray installations for hospitals, carry on the Associations programs of rehabilitation, health education, nursing and welfare services.

Provincial objective is $185,000. $9,950 more than was raised in 1950. C. Reid Dickey, general secretary of the Association, said that all operating costs are increasing and that the additional money will all be needed especially if more X-ray

Notice to Creditors and Claimants

IN THE ESTATE OF FRANK L. WHITE, late of Vermilion, in the Province of Alberta, Retired Farmer, Deceased.

NOTICE is hereby given that all persons having claims upon the estate of the above named FRANK L. WHITE, who died on the 13th day of September A.D. 1951, are required to file with the undersigned by the 10th day of December A.D. 1951, a full statement duly verified of their claims and of any securities held by them, and that after that date the Executor will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed or which have been brought to his knowledge.

DATED this 19th day of October A.D. 1951.

JAMES McCURRY,
Kitscoty, Alberta.

CONSTITUENCY NEWS OF THE ALBERTA WOMEN'S INSTITUTES

Attention secretaries — see that the branch handicraft lists are sent as soon as possible to Mrs. Alex Henderson, Manville, our constituency convener.

Owing to the busy season some meetings were not held. The September and October meetings were as follows:

Creighton

Creighton met at the home of Mrs. R. Wagner with 8 present. Mrs. H. Hamilton gave her report on the Manville rest room. Mrs. P. Sloan was invited to attend next meeting to give a talk on leathercraft as a number of members are interested in taking this up as a hobby.

Five Point

Five Point met at the home of Mrs. A. Clark with 10 present. This was the branch birthday. Roll Call, 'Our favorite newspaper and why'. Mrs. W. B. Ross exhibited some pen paintings on all kinds of fabrics done with a special pen and oil paints. She showed all materials and tools, describing her methods, but could not demonstrate as it required time to dry. Mrs. R. Calder demonstrated different methods of tenderizing. Mrs. R. C. Gordon is a new member.

Kitscoty

Kitscoty met at the home of Mrs. E. Batty with 8 present. Donations were made to the Unitarian Services Committee of Canada and the Canadian Institute for the Blind.

Lloydminster

Lloydminster met at the home of Mrs. E. Seabrook with 6 present in September and at Mrs. J. Hunter's in October with 16 present. Pictures were taken to put in the parents for Britain to give them a room friendly note. October was the branch's fourth birthday month and a lovely cake with four candles, the gift of Mrs. Seth Wallace, was enjoyed to celebrate the occasion. Grandmothers were entertained. The president Mrs. E. Jones gave a brief resume of the formation and growth of the Alberta W.I. Mrs. C. Gee was the winner of a hat making contest. Mrs. A. Bird is a new member.

Ramsay

Ramsay met at the home of Mrs. T. Henderson with 6 present. It was decided to sell tickets on a 'Xmas Eats Hamper' and to hold a home cooking sale. Details to be announced at the next meeting. Donations were made to the Manville library and to Dr. L. Hichmanovs for Greek relief.

Salteaux

Saltaux met at the home of Mrs. W. R. Staden with 7 present and at Mrs. W. Hinton's with 6 present in October. A welcome substitution is to be sent to an invalid.

Don't Look for Miracles

Britain's troubles are too deep and too big for Churchill to solve quickly, warns The Financial Post. Britain's ace is for another painful domestic economic crisis, regardless of what party is in power. There are foreign crises, gravely affecting Britain's interests, which may not be manageable even by people of capacity, experience and courage. So popularity at home isn't [illegible] ahead as unlikely for the Churchill government. For Socialists, the next while is a pleasant time to be out of office.

The weakness of Churchill's position is serious for more than British reasons. As one Ottawa man puts it: 'This seems to kill any chance of getting a really solid attack on the U.K.'s basic problems. In 1947 and 1949 Britain tinkered with them. In this new crisis Britain isn't likely to get through so easily unless she tackles fundamentals and accepts the fact that she is living beyond her means.'

These babies thrive on hard work!

They're Built to GO and KEEP GOING!

Whether you need a fleet-footed pick-up model or a heavy-duty giant, a GMC is the best buy you can make today for tomorrow's hauling jobs. From the rims up, these husky babies are truck-engineered to stay young through years of rough-and-tumble trucking service. Feature after feature proves their superiority: their wider, faster-acting hydraulic brakes, their heavier axles and longer, "pillow-action" springs. And you pay no more for all this extra GMC quality! Such matchless features as the Weathermaid cabs with Ventiguard-controlled ventilation, the easy-turn steering system—all these and many others are standard equipment with GMC! So come in. Select from the widest range of engine-chassis-body combinations on the market. Drive out in a rugged GMC tailored to your job. You'll know it will take you further and cost less to run—because these babies thrive on hard work!

Wildmere Winks

Mrs. Adam Smith of Vancouver who spent the past six weeks visiting her family in Wildmere left for her home by plane on Tuesday last. Billie and Adam took her to Edmonton. They also drove to Stoney Creek near Barrhead to visit a cousin before Mrs. Smith left.

Wildmere Junior Red Cross will hold a social evening and card party in the school on Friday Nov. 16th. Come and enjoy a chat with your neighbors.

Mr. and Mrs. Frank Gibson, Mr. and Mrs. John Wilson and Mr. and Mrs. R. Martin celebrated their wedding anniversaries with a short holiday to Edmonton last week end.

The people in this corner of Alberta should consider themselves very lucky as far as snow goes. From Ponoka south to Calgary, there is lots and hardly any threshing to done. Roads had to be snow ploughed in places.

Alfie Fadden very kindly did the chores at the Wallington home when they were called to Calgary last week.

Mrs. Henry Preiss and brother Alex Cameron of Ponoka spent the week end of Oct. 27th at the Wallington home with their niece and nephews Peggy, Bobby and Kenny Graham. Mrs. J. Summers of Dartwell, sister of Mrs. Graham, also spent the week end at the same home.

Canon Teape will hold church service at Beaverdell school on Sunday afternoon Nov. 11th at 2:00 o'clock.

OBITUARY

MARGARET ANN SWEENEY

Margaret Ann Sweeney, beloved wife of Mr. Henry Sweeney, passed away at the Vermilion hospital on Friday, October 19th at the age of 70 years.

Mrs. Sweeney was born in Letterkenny County, Donegal, Ireland, and came to the Woodvale district with her husband and family in 1906.

Left to mourn her loss are her loving husband and eight children, three sons Harry, Charlie and Owen and five daughters, Mrs. Margaret Wilhelm, Mrs. Frances Isley of Wetaskiwin, Mrs. Elizabeth Osterburg, Mrs. Mary Jane Swan and Mrs. Martha Schaumleffel. There are 23 grandchildren. Three brothers, Robert, John and William Robinson all live in Philadelphia, Penn., U.S.A.

Beautiful floral tributes were received from:

Loving husband and family: Mary, Jane and Fred; Martha and Jack and family; Mac Simonsen Family; Mr. and Mrs. A. M. West, Mr. and Mrs. E. M. Stewart; Mr. and Mrs. Fred Kottmeier; Robert Wilson; Robert Elson; Clifford Schaumleffel; Mr. and Mrs. Rankin; Mr. and Mrs. Jim Ross; Mr. and Mrs. Harry Turner; J. A. Isley; Mr. and Mrs. Ken Isley and family; Mr. and Mrs. Art Lymans; Lawrence Lewis; Mr. and Mrs. Logan Gow; Mr. and Mrs. Ernest Jones; Mr. and Mrs. Wm Isley and family; Mr. and Mrs. Geo. Webb; Thorncliffe W.I.; Mr. Katz; Mrs. Noonan and family; Mr. and Mrs. Marion Mann; Mr. and Mrs. Cartwright and Jack; Mr. and Mrs. Jim Kirk; Mrs. L. Fadden; Mr. Joseph Pellam; Mr. and Mrs. Mahan Hill; Leona and Billy McLaughlin; Turner Family.

Contributions to Crippled Children:— Frank Van Wageningen Family; Mr. and Mrs. T. H. Davis Louise and Donald; T. D. Watt and Glady. Clarke; Gaston-Watson Red Cross Auxiliary.

Contributors to the Canadian Cancer Society, Hugh and Ruby Pearman; James, Ruth and Billy Moses; Hugh and Ruby Mc. and Mrs. W. Dougan and family; Mr. and Mrs. T. H. Hobbs; Mr. and Mrs. W. S. Dougan and family.

Donations to the Cemetery Fund: Elmer, Anne and family.

Contributions to C.A.R.E.:— Mr. and Mrs. O. L. Wolters and family.

Other floral contributions were received from: Mr. and Mrs. L. Howard; M., and Mrs. C. Crutcher; Mr. and Mrs. Albert Smith; William and Adam Smith; Mr. and Mrs. Fred Haines; Mr. and Mrs. J. M. Wilson; Mr. and Mrs. G Whitlock; Mr. and Mrs. R. H. Martin; Mr. and Mrs. J. H. Bathe; Mr. and Mrs. W. Westman; Mr. and Mrs. Wm. Garnett Jr.; Mr. and Mrs. Frank Gibson; Mr. and Mrs. J. Wallington and children; Wildmere W.I.; Mr. and Mrs. W. J. Garrett; J. Kennedy; Mr. and Mrs. A. Holte and Baillie.

Funeral services were held at the First United church, Vermilion, on Monday, Oct 22nd at 2:00 o'clock in the afternoon. Interment took place at the Vermilion cemetery. The Rev. C. W. MacKay officiated.

The pall bearers were Robert Wilson, Robert Elson, George Webb, Bert Dagman, William Dougan and James Rowe.

Moyers were in charge of funeral arrangements.

A.M.A. Urges Signals At Level Crossings

Greater safety at level crossings is a need of majos importance, according to officials of the Alberta Motor Association.

During the present year, several fatal accidents have occurred at these crossings in Alberta while many persons have suffered serious injuries.

Recently the Edmonton branch of the A.M.A. initiated action to secure some relief. Its attention had been drawn specifically to railway crossings near Morinville, northwest of the city, and just north of Wetaskiwin, on the Calgary-Edmonton highway. A fatal accident occurred recently at Morinville.

Owing to the number of trains daily over the Wetaskiwin crossing, it was suggested that more warning signals should be provided for motor traffic.

It was contended that the installation of wig-wag signals at level crossing would tend to reduce accidents at these intersections.

The situation was drawn to the attention of the provincial highway department so that it could take the matter up with the board of transport commissioners. It was suggested that federal aid to eliminate such crossing could be provided from the grade crossing fund or that some other course might be taken to improve conditions and effect greater safety for motorists.

Fashions

Two-Piecer

4507 12-20

by Anne Adams

Wraps! Buttons! Cut from ONE main pattern part—that's the blouse! Hangs beautifully! Slender but walkeasy! Bow-simple too — that's the skirt! A honey of a two-piecer for any occasion; and that's what you need! Smart and gay in rayon or wool!

Pattern 4507 comes in sizes 12, 14, 16, 18, 20. Size 16 takes 4⅞ yards 39-inch fabric.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

Send thirty-five cents (35c) in coins (stamps cannot be accepted) for this pattern. Write plainly size, Name, Address and Style Number and send orders to:

Anne Adams Pattern Dept.
Winnipeg Newspaper Union.
60 Front Street W., Toronto.

"Not too hard, son. Just keep at it."

"Yes, sir," Jimmy nodded. He stared up at Buck Peters with candid eyes. "Look, Mister Peters—I bet you'd make a bit with Miss Morgan, the teacher, if you'd give her some of this perfume as a present, maybe."

Buck Peters stared. "What makes you think I want to make a bit with her?"

"Well, last Sunday I was out at Crystal Lake when you were sittin' on the hill by the Old Snag. After you left, I went up to the Snag an' seen where you'd written her name in the sand extra fancy."

Buck Peters hunched down. "Listen, son! As a favor, keep it quiet." "Sure, Mister Peters. Doesn't Miss Morgan know?"

"No one but you and me. Let's keep it a secret."

"Yes, sir. I c'n keep a secret good."

"I'll bet you can." The policeman clapped the boy on the back. "How many bottles of perfume have you got?"

"Two, here in my pockets."

"Ten, eh? And the price . . . Fifteen cents? Here's a dollar and a half. I'll buy every bottle. But remember, that other matter is a secret."

"Sure thing! And thanks a lot." The boy whistled as he walked down the street, mentally checking his totals. Ten bottles sold, plus the five other bottles that left only thirty-five to sell.

"I better see if Mr. Dennis has any parcels to deliver," he decided, stepping into the drug store. Then he stood in the kitchen, seeing Miss Morgan. She was looking at perfume bottles.

Jimmy spoke in his quick decision. "Miss Morgan, can I talk to you, please? It's just that you're going to get some perfume, free as a present."

"I haven't any friend who'd buy me perfume."

"Sure you have. He's a swell guy, too, Dolly. I promised not to tell." "But how do you happen to know all this?"

"Well, I'm tryin' to earn a fishin outfit, and I got to sell fifty bottles of Rose de Paree perfume. This man who likes you took ten bottles from me, at fifteen cents each, but it's a secret. I found out about him like you, and he wants it kept quiet. Maybe you don't even know you're."

"Ohhh!" Miss Morgan looked confused. "I use a lot of perfume so perhaps I could buy some of yours, too. How about selling me five bottles?"

"Say, that's swell! I haven't got any with me, but I'll run home an' get 'em right away."

They went down Central Avenue together. At the corner, Nick the Vegetable Man was standing near his cart while Buck Peters was bending over Tony and Toby, the two billy goats.

"My goats, she smella good now, huh, Jimmee?" smiled Nick. "Lookut what Mista Peters do: he empty ten bottles p' perfoom all over da goats."

"Ten bottles—?" Miss Morgan stared at Buck Peters in a speculative way, while Buck gazed back at her with obvious pleasure. Miss Morgan became pinkish, but she was smiling.

"It's all right, son," Buck dropped a hand on the boy's shoulder. "Nick's goats certainly needed that perfume, and I thought perhaps you'd sell me some more."

"Ohhhh—Sure thing, Mister Peters!"

"How many bottles left, Jimmy?" "Thirty-five, sir—No, I only got thirty, 'cause Miss Morgan here is going to buy five."

Buck Peters guard at Miss Morgan again. This time, it was his turn to get embarrassed, seeing the amusement in her eyes. He turned back to Jimmy.

"That's fine perfume, son. Even Nick's goats smell wonderful. I know, I think I'd best buy all thirty bottles, this time."

"Gee willikers! I'll get 'em, right away!"

"I'll come with you," suggested the policeman. He fell into step.

"I'll run ahead an' get them," Jimmy said, excited.

"A good idea," nodded Buck. "Don't you think so, Miss Morgan?"

"An excellent idea," she agreed, smiling.

Behind them, Nick the Vegetable Man began to sing. This time, it was a love song.

OUTBARDING HOME RIGHTS

CALGARY—The Imperial Oil Limited said it was obtaining petroleum and natural gas rights on another 2,000,000 acres of Alberta Crown lands. The new lands are about 360 miles northwest of Edmonton.

STOCK INCREASES

EDMONTON. — City police have had to build a special department in the police garage to store unclaimed bicycles and tricycles. About six of the bikes have piled up. 2958

THE STANDARD, VERMILION, ALTA.

OUR COMPLETE SHORT STORY—

The Boy With Fifty Bottles

Sensational Stunts by an Amazing Boy.

By KERRY WOOD

JIMMY placed ten bottles of Rose de Paree perfume in his pockets. The first time he'd gone out selling the stuff he'd carried fifty bottles, but he'd sold only five. At 15 cents a bottle, he was a long way from earning the $7.50 he had to send the perfume company to qualify for the fishing outfit they offered as premium.

He walked over to Poplar Street and knocked on a door.

"She's no home," said Nick the Vegetable Man, coming up behind. "Missus Reeves, she's up da town. She's see me and she's buy dis cabbage, which I leave now."

"Okay, Nick," Jimmy nodded, pausing to pet Tony and Toby, the two billy goats who pulled Nick's cart. "Whew! Your goats sure smell strong, Nick."

"Da smell, she's healthy," defended Nick, breaking into operatic song.

Jimmy went over to Mrs. Dandelt's. She told him that her husband had just bought her a large bottle of her favorite perfume as a birthday present. But she gave him a cookie. Next house, the lady said no and closed the door. The fourth home produced another cookie, but no sale. Jimmy sat at the curb to eat his cookies.

"Hi!" It was Buck Peters, the policeman. "Why so solemn?"

"It's on account of a fishin' outfit, Mister Peters. It's got a four-foot steel rod, a reel that clicks, a line that's fifty feet long, a red an' white float, an' five hooks."

"Sounds dandy," said the town's police force. "Where is it?"

"In here in my pockets."

"Ten, eh? And the price . . . Fifteen cents? Here's a dollar and a half. I'll buy every bottle. But remember, that other matter is a secret."

"Sure thing! And thanks a lot." The boy whistled as he walked down the street, mentally checking his totals. Ten bottles sold, plus the five other bottles that left only thirty-five to sell.

"I better see if Mr. Dennis has any parcels to deliver," he decided, stepping into the drug store. Then he stood in the kitchen, seeing Miss Morgan. She was looking at perfume bottles.

Jimmy spoke in his quick decision. "Miss Morgan, can I talk to you, please? It's just that you're going to get some perfume, free as a present."

"I haven't any friend who'd buy me perfume."

"Sure you have. He's a swell guy, too, Dolly. I promised not to tell." "But how do you happen to know all this?"

"Well, I'm tryin' to earn a fishin outfit, and I got to sell fifty bottles of Rose de Paree perfume. This man who likes you took ten bottles from me, at fifteen cents each, but it's a secret. I found out about him like you, and he wants it kept quiet. Maybe you don't even know you're."

"Ohhh!" Miss Morgan looked confused. "I use a lot of perfume so perhaps I could buy some of yours, too. How about selling me five bottles?"

"Say, that's swell! I haven't got any with me, but I'll run home an' get 'em right away."

They went down Central Avenue together. At the corner, Nick the Vegetable Man was standing near his cart while Buck Peters was bending over Tony and Toby, the two billy goats.

"My goats, she smella good now, huh, Jimmee?" smiled Nick. "Lookut what Mista Peters do: he empty ten bottles p' perfoom all over da goats."

"Ten bottles—?" Miss Morgan stared at Buck Peters in a speculative way, while Buck gazed back at her with obvious pleasure. Miss Morgan became pinkish, but she was smiling.

"It's all right, son," Buck dropped a hand on the boy's shoulder. "Nick's goats certainly needed that perfume, and I thought perhaps you'd sell me some more."

"Ohhhh—Sure thing, Mister Peters!"

"How many bottles left, Jimmy?" "Thirty-five, sir—No, I only got thirty, 'cause Miss Morgan here is going to buy five."

Buck Peters guard at Miss Morgan again. This time, it was his turn to get embarrassed, seeing the amusement in her eyes. He turned back to Jimmy.

"That's fine perfume, son. Even Nick's goats smell wonderful. I know, I think I'd best buy all thirty bottles, this time."

"Gee willikers! I'll get 'em, right away!"

"I'll come with you," suggested the policeman. He fell into step.

"I'll run ahead an' get them," Jimmy said, excited.

"A good idea," nodded Buck. "Don't you think so, Miss Morgan?"

"An excellent idea," she agreed, smiling.

Behind them, Nick the Vegetable Man began to sing. This time, it was a love song.

Western Briefs

Shortage of Manpower

REGINA—Shortage of manpower is bringing women into employment on jobs normally reserved for men.

Unemployment insurance commission reported in its prairie regional bulletin, a wholesale tobacco and confectionery firm in Moose Jaw was unable to get male warehouse help and decided to try two girls on their work. They have proved very satisfactory, the bulletin added.

Highway Closed

REVELSTOKE, B.C. — Big Bend Highway, 17 miles north of Revelstoke, to Donald, has been officially closed for the winter season.

Set an Example

WINNIPEG.—A 182-year-old citizen set an example at the polls in the Winnipeg civic election and the tardy voter could take encouragement from it. John Haanah, who celebrates his 103rd birthday, was out bright and early to maintain a flawless 71-year record of marking ballots.

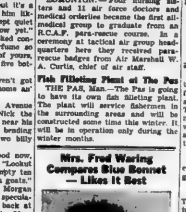
Home Science Course Graduates

EDMONTON.—Four nursing sisters and 11 air force doctors and medical orderlies became the first aircrew medical group to graduate from an R.C.A.F. para-rescue course. In a ceremony at tactical air group headquarters here they received parachute badges from Air Marshall W. A. Curtis, chief of air staff.

Fish Filleting Plant at The Pas

THE PAS, Man.—The Pas is going to have its own fish filleting plant. The plant will service fishermen in the surrounding areas and will be constructed some time this winter. It will be in operation only during the winter months.

Mrs. Fred Waring Compares Blue Bonnet — Likes It Best



Mrs. Fred Waring wants to share a discovery with you. Compare Blue Bonnet Margarine with any spread at any price. Like the wife of the famous band leader, you'll love the delicate, sweet-sweet flavor of this delightful vegetable margarine. You'll appreciate Blue Bonnet's nutrition, too! You'll welcome its real economy today! Buy Bonnet and get Mrs. Waring's Flavor! Nutrition! Economy! Use it in cooking, on vegetables, as a delicious spread.

Blue Bonnet Margarine is sold in two types — regular economy package with cake of yellow Quik tag for fast, easy mixing.

Did It the Elementary Way

VANCOUVER—Robert McKay, 67, caught a 16-pound salmon with his bare hands at Kitsilano beach here. He waded into the water with his clothing on and scooped the fish up, taking 10 minutes to subdue the flipping salmon.

Tourist Monies Up

REGINA—American tourists spent nearly $2,000,000 in Saskatchewan this year. Last season they spent $1,800,000. The government bureau of publications also said total tourist revenue from all sources will be up about $250,000 to about $4,000,000.

Tobacco on Way Bridge

PRINCE ALBERT, Sask.—Euphasia on a Prince Albert drive for a new bridge to span the North Saskatchewan river here has been turned from the federal to the provincial government. A special committee spearheading the city drive will submit a brief to the Saskatchewan government requesting assistance.

ODDITIES In The News

A hideous, leering head of a wolf topped the body of the witness testifying at Upper Marlboro, Md., before a grand jury investigating gambling. The witness was a woman who donned a wolf's head mask—complete with long snout, lolling red tongue and pointed ears—to avoid identification as she left the jury room.

A. J. Anderson of Minneapolis, has travelled in a course outlined "life begins at 65" at the Y.M.C.A. He is 82.

When Frederick Decker, 32, of Twickenham, England, found an injured squirrel he took it to hospital where a nurse found its leg was broken. Decker tried two wooden splints, which the squirrel ate. Now it has an aluminum splint.

Sammy, the pet goldfish at a school in this Staffordshire town, was left alone when five broke out in part of the school. After the blaze was extinguished, Sammy was found happily swimming in his warm water bowl.

The Mitchell H. Cross family of Mason City, which planned to name their first boy Chris Cross was visited by a double cross. Mr. and Mrs. Cross didn't get a boy on their first expectancy five years ago. It was a girl, who they named Christine Ann, but everyone called her Chris. Then twins were born. Their names have not been selected.

SHOOTA KLIBBO DUCK

WILCOX, Sask.—An albino duck was shot near here by Hills Shroder. The duck is snow-white but flesh-colored feet and bill pale pink eyes and white feathers.

Sawchuck Shows His Magic

Netminder Terry Sawchuck of the Detroit Red Wings, sets the pace in the N.H.L. goal-keepers department with a terrific average of only one goal against him per game. The 22-year-old star also holds the shut-out spot with 2 in the 5 games he has played this season. In the photo above Sawchuck knocks away a labeled shot from the stick of Elmer Lach in a recent game. Pronovost, Detroit rearguard, seems amazed at the miracle Terry performed.

Flin Flon Puts into Operation Unique Sewer, Water System

FLIN FLON, Man. — Mayor Cyril Steventon pressed a switch and the $1,000,000 sewer and water system here was put into operation on Oct. 24.

The special ceremony at the pumphouse took place at 3 p.m. and opened this northern Manitoba mining town's grea' at public works project in history.

The installation—of the return system type—was necessary to prevent freezing when virtually all pipes had to be laid above ground due to the rocky terrain.

General Expenses Of Men in Public Office Not Deductible in Tax

OTTAWA. — General expenses incurred by men in public office cannot be deducted for income tax purposes, the income tax appeal board ruled in a decision made public recently.

The ruling was made in appeals by Hubert Bedaraz, mayor of Fort William, and by F. J. Mitchell, Edmonton alderman. Mr. Badaraz sought to deduct $840 from his 1949 salary of $2,000 for expenses incurred in connection with the chief magistrate's post — including monthly broadcasts to citizens on the state of the city's business.

Mr. Mitchell sought to deduct $750 from his 1948 income for the same reasons.

BEST FIDDLER

CARMAN, Man.—An unusual feature of the annual old-time fiddlers' contest here was the entry of two women contestants. The winner, however, was Albert Cooper of Neelin, who also won last year.

Five Westerners Win Awards For Heroism

Royal Canadian Humane Association Recognize Acts Of Nine Canadians

HAMILTON, Ont. — Acts of heroism by nine Canadians were recognized by the Royal Canadian Humane Association in awards made. All were awarded the association's parchment certificates.

Allan Walker Ritteringham, Vancouver, was honored for the rescue of Carol, Edna and Gordon Dalziel from their burning home on Jan. 30.

The following awards were made for bravery in aquatic accidents:

Norman Yerkies, 13, of 34 3rd Avenue, Dauphin, Man., for the attempted rescue of Geraldine Geddes from drowning in the Vermilion River, Dauphin, June 30, 1951.

William Irwin Moore, Winnipeg, for the rescue of a woman from drowning in the Red River at Winnipeg, June 2, 1951.

Theodore Lemon,2 503 McConnell Road, Chilliwack, B.C., for the rescue of Ernest Semko from drowning in Cultus Lake, B.C., June 17, 1951.

F. G. Copeland of the light station at Carmanah Point, B.C., for the rescue of the crew of the Reine boat, Delmar, two miles west of Carmanah Point, Nov. 2, 1950.

Gordon Dyke, 18, Pool's Island, Bonavista, Nfld., for rescue of Frederick James from drowning at Pool's Island, Sept. 3, 1950.

Robin Gordon Kempton, Maitland Bridge, N.S., for the rescue of Eugene Levin, from drowning in Minard's Lake, April 22, 1951.

Michel Audet, Ste. Anne de Bellevue, Que., for the rescue of Yvette Lalonde, from drowning at Diarsell, Que., July 31, 1950.

George Shook, Jr., Welland, Ont., for the rescue of Donna Coulter, from drowning in the Welland Canal, June 1, 1951.

To Permit Beaver Trapping in Southern Saskatchewan This Fall

SASKATOON.—For the first time in more than 30 years fall trapping of beaver will be allowed this year in southern Saskatchewan.

The reason: Beaver have increased in the south to the point where in some areas they are causing property damage by blocking culverts, flooding roads and fields, cutting valuable trees and even gathering shocked or swathed grain from adjacent fields, presumably to patch their houses and dams.

In announcing the fall beaver trapping, Game Commissioner E. L. Paynter stressed that it was not an "open season" and that permits would be granted to trap beaver only where the beaver were responsible for property damage.

Radio signals travel in space at 186,000 miles an hour.

Cruel Blow To Prairie Farmers

There is bad news from the Prairies, states The Financial Post. Snow, sleet and rain have again delayed harvesting. The season is now so late that there are serious doubts whether this vital job can be completed before winter sets in.

Farmers, and especially grain farmers, are accustomed to setbacks from unfavorable weather. That is a normal gamble they must be prepared to accept. But the experience this year is in a different category. Bad weather has continued without a break for weeks on end and it has hit a crop which promised to be one of the best in 20 years. Furthermore this blow follows immediately the disaster of last year when an early and severe frost wrecked last minute hopes of a bumper harvest.

All of Canada will sympathize with the prairie farmer in this unfortunate season.

News Notes from Your District Home Economist

—By Bernice Reed,
Wainwright, Alberta.

Carrot Cookies

½ cup shortening; 1 cup sifted flour, 1 tsp. baking powder; Dash of salt; 2 eggs, slightly beaten; ½ tsp. baking soda; ½ cup grated carrots, ½ cup honey; 1 cup quick cooking rolled oats; ½ cup raisins; ½ cup chopped nuts (peanuts).

Sift together the flour, baking powder and salt. Cream the shortening, and add the beaten eggs. Mix together the honey and baking soda, and alternately add this and the dry ingredients to the shortening mixture. Add the rolled oats, grated carrots, raisins and chopped peanuts. Drop from a spoon onto a greased sheet and bake in a 400 degree F. oven 12 minutes.

N. B. If desired any sweetener can be used, even brown sugar with the shortening using the same amount of honey in the recipe.

To Salvage a Pillowcase

When a pillowcase splits at the end seam, as they often do after long use, first cut off one to three inches, depending on how much is worn new it up again. Next, rip out hem and sew on double strip of muslin in your favorite color, wide enough to make up for the part snipped from the other end. Touch of color to harmonize with room decorations gives bed linen a special look, nice enough even for guests — and you'll get many more months of wear from it.

Potted Spring Flowers

I still think there isn't anything nicer than the first hyacinths or daffodils in the spring. If you've often thought you'd like to pot some bulbs indoors for flowering in the spring, but you just didn't know how to go about it right, now is your chance to start. Here's how—Soil is not very important but it should contain a fair amount of sand. Peat or leaf mold may be added, but barnyard manure must be omitted unless thoroughly pulverized with age. After potting, water well and keep the bulbs in a cool dark part of the basement. Six to eight weeks is about the average storage time during which the root system develops. During this period keep the soil moist but avoid dryness or saturation.

When the top growth is about an inch long, the pots should be moved to a lighter place in the basement and should remain there until a slight change in color from yellow to green occurs. From then on the bulbs may be forced in a room that is somewhat cooler than the average living room—often the hall or a cool window is a suitable place. The bulbs should remain there until the leaves expand and the flower buds appear. At that time they may be safely moved into a warmer temperature. The full blooms will last longer if kept out of direct sunshine

GIGANTIC

My grocer held a sale today
That almost caused a crisis
Some items were reduced to sell
As low as last week's prices.

Bet You Knew!

That a fabric may shrink as much as 10 percent when it is dyed? You know now though, don't you?

For Next Week

Let's hear your description of vinyl.

WILDWOOD

Mrs. Robert Drysdale entertained the ladies of the district on Thursday at a very pleasant social event.

Glad to have Mrs. David Jack home after a few days rest in the hospital.

Gordon Tattersal, Ole Horgestad, A. Horgestad, W. Shantz, E. Jack, Mrs. D. Jack, George Jack, Ted Wheaton, Neil Shook, J. D. Stowe, Chas. Drysdale and the Wildwood school have been connected on the power line and are now enjoying the pleasures electricity can give their homes.

Mr. and Mrs. Lehoiey called at the Alfred Jack home last week.

Rev. Mr. Groves of Chauvin renewed acquaintances here recently. He was accompanied by his mother.

Miss Ada Jack spent Sunday with her parents.

Mrs. David Drysdale is visiting her daughter Mrs. J. D. Stowe.

Mr. and Mrs. Bill Ezehak and Darryl spent Sunday at the C. N. Jeffery home.

Mr. Frank Payne came from Edmonton for his wife and daughters who have been visiting Mr. and Mrs. Geo. Jack since Thanksgiving. He was accompanied by his brother Bill of San Francisco.

Mr. and Mrs. Bauman attended the teachers' convention held recently in Vermilion.

Religious meetings have been held in the school Sunday afternoon. The two speakers are from distant points.

Misses Eileen, Doris and Beverly Jack were fortunate enough to get to Edmonton to witness the Royal tour there.

TOO MUCH TAX?

What was scheduled to be a short session of Parliament, mainly to deal with the new old age pensions, already is beginning to look like the usual weary wordy wallow, it says The Financial Post.

Something will have to be done about this business or Parliament will find itself in continuous session and still bogged down as far as essential work is concerned. Much of the trouble stems from far too much general talk, far too little preliminary work and planning by special committees.

Mighty Beautiful

MERCURY with MERC-O-MATIC DRIVE
THE SIMPLER, 2-PEDAL-O-MATIC TRANSMISSION
MORE EFFICIENT AUTOMATIC TRANSMISSION

You'll thrill to a new kind of driving ease and performance the very first time you take the wheel of a new Mercury. It's on the road, any road, that Mercury with Merc-O-Matic Drive will give you a new concept of power plus convenience. There's no clutch pedal to push, no gears to shift —it's all automatic. With Merc-O-Matic Drive you simply step on the gas to go, step on the brake to stop.

Look at the *Mighty, Beautiful* Mercury . . . inside and out . . . your sense of values will tell you, it's Mercury for me. Examine the styling and comfort appointments . . . you'll agree why Mercury stays fashion-right longer and retains traditional high trade-in value.

Visit your Mercury dealer. Accept his "road test" invitation for the drive of your life in a Mercury with Merc-O-Matic Drive . . . you'll agree, *there's nothing like it on the road.*

3-Way Choice in transmissions: Merc-O-Matic Driving • Ultra Touch-O-Matic Overdrive optional at extra cost, and the Silent-Sure synchronized standard transmissions.

There's PROVEN PERFORMANCE in the MERCURY V-8 ENGINE

The rugged economy-proven MERCURY 112-Hp "Hi-Power Compression" engine is backed by 30 years' experience of the world's largest manufacturer of V-type engines. It delivers more power to weight ratio, is scientifically balanced, efficiently cooled and whisper-quiet in operation. Mercury has also proved its most-miles-per-gallon economy by winning officially-sponsored tests.

Longer To Live

ONE OF THE ADVANTAGES of living in the present century would appear to be a growing tendency for men and women to enjoy a longer life span. Life insurance officials report from time to time on this subject and figures given by them show that the life expectancy of the average person has increased considerably since the beginning of this century. One firm reported that since 1912 the average length of life of industrial policy holders had increased by twenty-one years. The rate for industrial policy holders is reported to be slightly higher than that for general population, but no doubt figures for this group would represent the general trend.

People Now Live Longer

The decline in the death rate has been steady through the past thirty years and at the present time the average length of life of industrial policy holders is 58.3 years. This is an increase of three years since 1946. Advances in medical science, higher standards of living, extended public health services and increased use of hospitals through sickness insurance plans were given as reasons for the declining death rate. In addition, many diseases which formerly took a large toll of lives each year have been brought under control and the number of fatalities from pneumonia, influenza, tuberculosis and common childhood diseases have decreased steadily in recent years.

Work Still To Be Done

It is reassuring to know that the scientific and social advancements which have been made in the present century are resulting in a longer life expectancy for the people. Much fine work by doctors and others has been put into the fight against disease and great strides have been made both in extending health services and in raising living standards throughout the country. The decline in the death rate is a tribute to these endeavours and no doubt it will continue to drop as time goes on. The results which have been achieved so far should be encouraging to those who work in various ways to prolong the life expectancy of the population.

Mackenzie Highway Vital Link To Canada's West Northland

Important Supply Route for Northern Industry and Outlet for Minerals

EDMONTON — The Mackenzie highway, a vital link with Canada's northland, reached farther into the Northwest Territories than any other highway in Canada. Only the Alaska highway extends farther north, but it enters the Yukon without touching the Northwest Territories, and doesn't link with important industries of the area.

The all-weather Mackenzie highway stretches across muskeg forests and farmlands for 284 miles from Grimshaw near Peace River to Hay Rivers to Hay River on Great Slave Lake in the Northwest Territories.

It is a vital supply route for northern industry, carrying mining machinery, provisions and supplies to the north and shipments of fish, grain, fur and lumber to the south and west of Grimshaw. It is also an important outlet for gold from Yellowknife and uranium from Port Radium on Great Bear Lake.

Large trucks now deliver supplies to the doorsteps of traders who once waited weeks for them to be freighted along the Peace River or carried by winter tractor-train. The truck cargoes are moved on to Yellowknife and points on the Mackenzie river by boat from Hay River.

Homesteaders in Alberta's far north use the highway to carry harvests to elevators. Areas around planning Keg River and Fort Vermilion have become increasingly important as agricultural centres and have shown some marketed more than 800,000 bushels of wheat and 300,000 bushels of coarse grain.

Great Slave Lake is Canada's greatest supplier of fresh-water fish, marketing over 7,000,000 pounds of whitefish and lake trout, valued at $413,000, were hauled from Hay River down the Mackenzie highway while only about 1,000,000 pounds were carried by the water route.

Formerly limited supplies of fish were taken only in summer from the northern lake and transported by water down the Slave and Athabasca rivers to waterways on the Athabasca river. Winter fishing now accounts for almost half the total annual catch.

The fur industry has also been affected by the highway. Pelts are shipped in large trucks to Grimshaw. Trappers and traders have been brought closer to Peace River towns and are within easy reach of hospital and medical services.

Tourists seeking new horizons travelled the highway last summer, stopping to view two of the north's scenic spots—the Louise and Alexandra Falls. Both are located on the Hay River, within the Northwest Territories.

Construction of the highway was started in October of 1946 and completed in 1948. Preliminary surveys had begun in 1938 and were carried on during the winters of 1938-39 and in an effort to find a winter road for tractor-trains.

The winter road was used during the winter months until the all-weather highway was built. Parties set out in 1945 to survey the terrain for the Mackenzie highway. They followed the same general route of the winter road, detouring around muskeg and swamp areas.

Construction of the 84,300,000 highway was a joint effort of the federal and Alberta governments. The 302 miles in Alberta were paid for jointly with 40 per cent by Ottawa and the west Territories was a Dominion government project.

Maintenance graders and trucks keep the road in condition during summer months and two snow plows keep it open during the winter.

New Method Used In Alberta To Locate Oil

CALGARY —A new method of locating oil and gas fields—long—is attracting attention in Alberta. The new method proposes to determine the actual presence of oil or gas through the operation of electrical currents. This contrast to seismograph operation, which can at best locate structures favorable to oil accumulation.

The method has been developed by Dr. F. W. Lee, former chief of the geophysical survey section of the U.S. bureau of mines. He organized the bureau's division of geophysical exploration in 1926.

Dr. Lee's method works the same as electric logs in wells already drilled. But he claims to be able to tell by the electrical resistivity method in advance of any drilling whether any gas or oil are present.

With an improving scientific record behind him, Dr. Lee is beginning to attract considerable attention in Alberta where the location of stratigraphic traps is still a hit or miss proposition.

Several independent oil companies are using the Lee survey and some report results that have proved productive.

Should the new method establish all that is claimed it could revolutionize the oil search in Canada. It would reduce the cost of exploration and would be reflected in the price of gasoline.

I Was Nearly Crazy With Fiery Itch—

For quick relief from itching of eczema, pimples, athlete's foot, scabies, other itching skin troubles due to surface germs, use world famous, medicated Zemo. Soothes and relieves irritation. Clears away scales and crusts. Stops scratching. Aids healing. Non-staining, greaseless, easily washed off. Doesn't stain clothing. Use only as directed. Zemo is sold on this guarantee: Must relieve skin irritation due to surface germs in most cases, or money back. 35c, 60c, $1.00. Extra strength, $1.25.

MOUSE COP

The Best and BETTER BOOM! Oh mercy, more or less. Other than snares or poison, safer, more sure. 25c SOLD

WINSTON CHURCHILL

Once again Winston Churchill has been chosen as prime minister of Great Britain. It was Churchill who successfully led the British people in the country's worst crisis during World War II, and the people are now looking for his guidance during their present difficult time.

Funny and Otherwise

Donald and Mary decided to adopt a child. A little girl was produced and Mary was about to close the bargain when Donald tapped her shoulder.

"Mary," he whispered, "let's take a peep. How ye forgotten the lad's cup we found in the trunk?"

• • • •

1st wife: "Does your husband still help you entertaining?"

2nd wife: "Not if I can help it."

• • • •

Farm For Sale: If purchased before next heavy windstorm, a barn will be included.

• • • •

A small boy saying his prayers was asked by asking for a baby sister. Then he turned to his mother and said, "And please may I have the whole of her room when she's done with it?"

• • • •

The bank carpenter was instructing the new apprentice. "Now, you don't worry about hitting your thumb with a hammer. It's the time you have got to keep it attended to to attach an object."

• • • •

Man in department store, to clerk: "Have you any dog biscuit?"

Clerk: "Do you want it for yourself?"

• • • •

Man: "Certainly I want it for myself. Who did you think I wanted it for?"

Clerk: "I thought you might have a dog."

• • • •

Husband: "You women make me laugh. You say you've been shopping, but you haven't bought a single thing."

Wife: "I'm not the only yesterday, dear, that you said you had been fishing."

• • • •

"Prisoner" said the judge, summing up, "you carried out in an adroit and skilful manner."

Blushing, the prisoner interrupted: "Now, my lord, no flattery, please."

• • • •

Extract from a patent medicine testimonial: "Without using your tablets regularly I am another woman. My husband is delighted."

• • • •

Wifey—Oh, Bill, baby can walk! Hubby—That's fine. Now he can walk up and down at night by himself.

When Your BACK Begins to Ache

BECAUSE—Backache is often due to weary irritation and tiny Dodd's Kidney Pills have helped bring happy relief from backache by stimulating the kidneys. Get Dodd's Kidney Pills at any drug counter. Let them help you like they have helped millions for over fifty years. Use as directed.

Cookies For Christmas Parcels

When it comes to packing those Christmas parcels for the boys overseas, you'll want to include those all-time favorites — homemade cookies. And the more substantial the cookie, the more chance of its reaching its destination intact.

Here are just a few popular recipes.

Peanut Cookies: ½ cup shortening, ½ cup brown sugar, ½ cup white sugar, ½ cup quick rolled oats, 1 cup peanuts, 1 cup flour, 1 tsp. baking powder, ½ tsp. baking soda, 1 egg, vanilla, ½ lb. pkg. salted peanuts.

Mix all ingredients (all nuts and last) empty in the salted peanuts. Drop from spoon on greased baking sheet.

Quick Rolled Oats Cookies: ½ lb. shortening (a little butter is good flavor), ½ cup brown sugar. Cream together. Add: ½ tsp. baking soda dissolved in 1 tablespoon boiling water, ½ tsp. vanilla. Add: 1 cup quick oats, 1 cup sifted flour, pinch salt.

Oven temperature 350 degrees Electric stove bake 12 to 15 minutes. Gas stove bake 8 to 10 minutes. You may add coconut to above mixture.

Fruit Almond Delights: ½ lb. glace cherries, ½ lb. almonds, 1 cup coconut. Put all through mincer. Blend with a slightly beaten egg. Flavor with: ½ tsp. baking powder, ½ tsp. baking soda, ½ tsp. salt. Add: 1 cup shredded coconut, 1 cup quick cooking oats, few drops vanilla. Drop from spoon on greased cookie sheet.

Canadian Macaroons: 2 egg whites, ½ cup granulated sugar, ½ cup brown sugar, 1 tablespoon flour, 2 cups cornflakes, ½ cup walnut meats, chopped, 1 cup shredded coconut, 1 teaspoon vanilla. Beat egg whites until very stiff, add sugar, flour and other ingredients. Mix well and drop by teaspoonfuls on buttered cookie sheets. Bake 20 minutes in a moderate oven (350 deg F.). Yield: 60 macaroons.

Soldiers Request Chocolate Bars, Candy, Wool Socks

LETHBRIDGE — Two Canadian soldiers back from Korea have a message for Santa Claus—the boys still on the battlefront want chocolate bars, candy and woollen socks.

Words of reading matter, too," said Maj. D. R. Harris of Calgary, one of 21 Canadian veterans who arrived here recently from Tokyo.

LILLEY PUPPIES

MOOSE JAW, Sask.—M. C. Boles of Moose Jaw has a giant pumpkin and was ready for Halloween. He grew a monster weighing 43 pounds and 54 inches in circumference.

An oyster may lay as many as 60 million eggs.

Research Of Native Materials By Saskatchewan Scientists May Yield Needful Soluble Silicates

Used in Soap Making, Weighting of Silk, Fabric Dyes, Waterproofing Textiles and Bricks and Cement, and Many Other Ways

REGINA.—A new industry, using three native Saskatchewan materials — sand, lignite coal and sodium sulphate — may be in the making for this province. Scientists at the University of Saskatchewan are using these materials to produce soluble silicate, a material with a large number of commercial uses.

The research project, sponsored for two years by the Saskatchewan research council, is being carried out by Dr. S. D. Cavers, professor of chemical engineering.

Soluble silicates are used in soap manufacture, the impregnation of wood, weighting of silk, fabric dyes, as an adhesive in corrugated paper boxes, as a waterproofing treatment for bricks and cement and in many other ways.

The scientists are seeking to produce soluble silicates by fusing sodium sulphate, available in large quantities in Saskatchewan, with silica sand and carbon. A series of small-scale tests has been made using temperatures from 900 to 1,300 degrees centigrade. In these first experiments, a commercial silica called Ottawa sand and commercial carbon black were used with the Saskatchewan sodium sulphate.

Yields as high as 86 per cent, soluble silicates have been obtained.

Now the researchers are seeking to use all Saskatchewan materials in the process. A pure sand, available in large quantities in the province, is being substituted for the Ottawa sand and lignite char, a material produced in Saskatchewan mines, is replacing the commercial carbon black.

First tests indicate that these substitutions can be made without seriously affecting the yield of soluble silicates. However, further experiments are required before commercial production can become a reality. These involve fusion on a larger scale to determine whether the production would be possible on a commercially feasible basis.

Man. Experiences Worst Harvesting Year Since 1900

WINNIPEG — Manitoba agricultural experts said the current harvesting season rivals 1900 as the most unfavorable in the history of the province.

Between 15 and 20 per cent. of the Manitoba crop was still to be harvested on Oct. 26, the provincial agriculture department reported.

Most of the unharvested crop lie in the southwest, west and northern sections of the province.

Main cause of the poor harvest is said continuous unfavorable weather conditions including several snowfalls.

Officials estimated that not more than 20 per cent. of the crop in the rich Swan River valley country has been harvested to date.

In 1900 records show that farmers finally got their break in good weather on Oct. 7. This year, poor weather has generally prevailed throughout the last two months.

At least 80 per cent of the province's sugar beet crop has been harvested so far.

Mallard Duck Hits Record Weight Of Six Pounds Two Ounces

PRINCE ALBERT, Sask. — A six pound two ounce female Mallard duck shot near the Carrot River valley is believed a record. Saskatchewan hunting catch, resources department officials said.

The weighmaster of the Mallard was 43 inches and its length 28½ inches.

The Mallard was shot by Steve Bedlock of The Pas, Man. Carrot River valley is 120 miles northeast of here.

Finer, tastier BREAD

Yours, with wonderful fast-rising DRY Yeast!

You're sure of tempting, delicious bread when you bake with Fleischmann's Fast-Rising Dry Yeast. It's wonderful new yeast keeps its full-strength and fast-acting qualities without refrigeration! Buy a month's supply!

WHOLE WHEAT BREAD

● Combine 3 c. boiling water, ½ c. granulated sugar, 4 tbs. salt and 3 tbs. shortening; stir until sugar and salt are dissolved and shortening melted; cool to lukewarm. Meanwhile, pour into a large bowl 3 c. lukewarm water, 1 tsp. granulated sugar, stir and sprinkle in 2 cakes Fleischmann's Fast-Rising Dry Yeast. Let stand 10 minutes. THEN stir well.

Stir in cooled sugar-shortening mixture, 6 unsifted cups whole wheat flour and 7 c. whole wheat or graham flour. Stir about half of the flour into yeast mixture; beat until smooth. Work in remaining flour; add additional wheat flour, if necessary, to make a soft dough. Knead on lightly-floured board until smooth and elastic. Place in greased bowl; turn once to grease top of dough. Cover and set in a warm place, free from drafts. Let rise until doubled in bulk. Punch down dough, grease top and again let rise until doubled in bulk. Punch down dough, turn out on lightly-floured board and divide into 4 equal portions; form into loaves; place in 4 greased 9" x 5" x 3" pans. Cover and let rise until doubled in bulk. Bake in hot oven, 400°, about 50 minutes. Remove from pans; cool on wire racks. Yield: 4 loaves.

Enjoy delicious Fleischmann's Fast-Rising Dry Yeast breads, rolls, coffee cakes, buns, every day! Write for FREE booklet of recipes. Address: Standard Brands Limited, Montreal, Que.

News From Kitscoty

Congratulations to Mr. and Mrs. Ken Jenkins (nee Doreen Potter) who were married last Saturday in St. John's Anglican church. The best wishes of the town and district go with this young couple to their new home in Peace River.

Mrs. Stewart Jenkins of Peace River visited Mr. J. Jenkins here, when in town for her son Ken's wedding. Mr. and Mrs. Jim Isaacs of Edmonton, the groom's sister, attended the wedding and visited with their grandfather Mr. J. Jenkins.

The Kitscoty troops in Beogh-Yesseryear under the direction of Mrs. H. Batty, presented their show in a very appreciative audience in the United church hall in Vermilion last Friday.

Sorry to hear that Miss Elaine Batty was ill and unable to get home from her school at Derberry last week end.

Theodore May, R.C.N. is on holiday leave at his mother's here for a month.

Kitscoty has gained several new dwellings recently. Mr. C. Connaster is building a new residence and Mr. T. Olvens has moved a house onto his lot just west of Mr. and Mrs. J. R. Fox residence. We presume Mr. and Mrs. T. Olvens will be nicely settled by the time the curling rink is turned on.

The men employed by the Lloydminster Gas Co. are busy laying every day connecting pipes into the houses and we do hope it won't be too long before the natural gas flows into them to be turned on. Coal supply in town is quite plentiful.

Mr. J. A. Smith paid a business trip to Calgary last week travelling from Edmonton to Calgary by plane.

More Radios Than Telephones in Canadian Homes

More Canadian homes have radios than telephones, it was revealed today by J.D. Campbell, well known radio executive and Chairman of the National Radio week committee. Over 90% of Canadian homes have one or more radio receivers as compared to 50% with telephones.

Starting in a modest way with simple crystal receivers and low power broadcasting stations, the industry has developed its products and services greatly over the years to the present highly advanced AM and state-of-the-art FM and television receivers incorporating many improvements resulting from wartime research in creating very specialized electronic equipment for the armed forces.

Starting from a manufacturing output of a few thousand sets per year during the early years of its life the industry is now producing at the rate of three-quarters of a million receivers per year.

To Age Group 65 - 70 Years

Province Announces Details Of Old Age Pension Assistance

Under authority of the Old Age Assistance Act and the Old Age Pensions Act (Alberta) the Government of the Province of Alberta is prepared to pay 30% per month of liable assistance up to a maximum of $40 per month to persons who have reached the age of 65 but not yet 70.

To qualify for this form of assistance, persons in this age group must have resided in Canada for the 20 years immediately preceding the date of the proposed commencement of assistance payments, or, if the person is not a resident, he must have been present in Canada prior to those 20 years for an aggregate period equal to twice the aggregate period of absences from Canada during those 20 years.

According to the Act, any person in receipt of an allowance under the Blind Persons Act, or the War Veterans' Allowance Act, 1946, or a pension under the Old Age Security Act, cannot qualify for assistance under this scheme.

An unmarried person with an income of $1,200 per year or less, exclusive of this form of assistance may obtain the maximum allowance of $40 per month. If his income is in excess of this amount, the allowance will be reduced to a figure that the combined income and assistance will not exceed the sum of $120 per month. In respect to a married person living with his spouse, the corresponding figure is $1200 per annum, while for a married person who lives with his spouse who is blind within the meaning of the Blind Persons Act, the figure is set at $1320 per annum.

To avoid delay in making payment when the scheme comes into effect, applications forms have been prepared and any person who can qualify for, and desires this form of assistance, may obtain a set of these forms from their local municipal office or directly from the Old Age Pensions Branch of the Department of Public Welfare. The forms, should be completed and forwarded as soon as possible, either through the municipal office or directly to the Old Age Pensions Branch, Administration Building, Edmonton. Arrangements have been made with the Municipal Association whereby the local municipal officials will assist applicants in the preparation of the forms if so desired. Applicants must be 65 years of age, preferably in the form of a birth certificate and proof of residence in Canada. Proof of residence in Canada, must accompany all applications, as otherwise assistance cannot be approved.

Lower Gasoline Tax Advocated by A.M.A.

Request for removal of the one cent increase in the gasoline tax and reduction of the license fee charged to motor licensees will be made at the 1951 annual meeting of the Alberta Motor Association to be held at Calgary on Nov. 21th.

The association states that the motor car license plate fee should be set at $10 for cars registered in Ontario. It says that this is almost double the fee charged by Ontario to the tax burden of the car owner.

The increased gasoline tax estimated to take more than $1 million from motorists this year also should be removed, the AMA said.

If this step is taken by provincial authorities, the AMA said, he refund from the 11 cent per gallon tax paid on gasoline in the 1951 season of the licensed car.

Other major issues to be considered by the AMA will be the need of driver improvement courses in the province, extension of tests of motor vehicle drivers licenses, highway engineering and safety of motor vehicles and roads, promotion.

The annual meeting will be preceded by sessions of the provincial board of the two motor vehicle bureaus operated by the association in Calgary and Lethbridge, it is announced. These are expected to reveal that total membership of the association is near its current peak which would be a new record.

SASKATCHEWAN OIL PRODUCTION UP

REGINA — The Lloydminster Petroleum association report that 934,400 barrels of oil were produced in Saskatchewan in the first nine months of 1951. Production for the same period last year totalled 780,000 barrels.

Net production for the Lloydminster-Saskatchewan area during June was 134,154 barrels a day or better.

The association listed 180 wells as producers in September, compared with 125 last year.

MALE MAJORITY

VANCOUVER — Co-eds at the University of British Columbia shouldn't have any dating difficulty this winter. Of the university's total enrolment of 8,355 students, the registrar's office reported 75.1 per cent. are male.

Islay Hospital Board Holds Regular Meeting

The regular monthly meeting of the Islay Municipal hospital board was held in the hospital on Oct. 12th at 2:00 p.m. Present, Mr. Jack, Mr. Shirreff and Mr. Butz.

Mr. Jack was appointed chairman filling the vacancy created by the death of Mr. Gordon.

The minutes and financial statement were adopted as read.

A new banking resolution was adopted and signed authorizing the chairman and secretary to sign and conduct the business of the hospital district.

Accounts of Mrs. C. Johnson and Mrs. Noel Kent were accepted as transfer patients and ordered paid.

Resignation of Mrs. Grant, R.N., was accepted, and authority to advertise for replacement given by the board.

Letters from Supervisor of municipal hospitals and director of hospital services outlining procedure to secure special grants for corporation employees nominated for hospitalization privileges were read and filed for reference at the December meeting.

Salary increases in the amount of $5 per month were granted applications from two staff members.

Accounts and salaries were accepted as approved.

The secretary was authorized to arrange immediate completion of the eastern contract.

Matron's report. In hosp. 8; admitted 21; discharged 24; remaining 5; Births 2; Deaths 1; operations maj. 2, minor 10. Grant days 343. Receipts $4524.25.

Adjournment to meet Nov. 9 at 2:00 p.m.

Salaries $811.85; Phone 9.55; Utilities 32.09; Univ. Hosp. 239.75; Islay hosp. petty cash 4.85, cr. N. Kent $20, cr. C. Johnson $80; Chas. Johnson 103.25; Northern Hdwe. 3.65; Ed. Clandonald News

Clandonald newsshaitn, been absent for so long it might be supposed that we would have quite a lengthy column to submit this week but such is not the case. Although the end is in sight, threshing is still uncompleted in our corner of the district so until that time does arrive our news will have to be rather brief. The threshermen with whom we are best acquainted, does not ever seem to have heard of the 40 hour week and has not yet seen his way clear to allow your correspondent time off to write his news column.

Elevator Capacity 270,000 Bus.

Work is almost completed on the new U.G.G. annex for the elevator operated by Pat Conway. We understand that until a motor can be obtained nothing but dry grain can be stored in the new structure, so that things being as they are this year, it will not be of much help just at present. This new annex will give Clandonald a total storage capacity of about 270,000 bushels.

Crops Yields Excellent

Crops on the whole are very good in the district especially the coarse grains. Most farms have all available storage space filled and a great deal is piled on the ground. Also some of those lucky enough to have grain of the milling grades have filled and emptied the same bins several times.

Cliff Stockwell left last week for Edmonton after having spent the past weeks helping with harvest. As his son Tom will be confined to a city hospital for several months Cliff plans to make his home in Edmonton for the present and has obtained employment with an oil drilling firm.

Although details are lacking, we understand that George Chalmers narrowly escaped serious injury recently when clothing became caught in the power take-off while combining for a neighbor.

Ed Barclay and family are now living in their new residence which has been under construction since late last summer, although it is not quite completed.

Wheat Pool Estimate Places Crop 69% Threshed This Area

The Alberta Wheat Pool estimates that 69% of the province's grain crop was threshed to the end of October.

Calgary is the centre of a district which has experienced the worst harvesting weather of any part of the province. Within a radius of 30 miles of this city only from 5 to 10 per cent of the threshing has been completed.

In the Peace River district 60% of the threshing has been completed, and in the Fairview, Edmonton east to the Saskatchewan border 69% has been completed.

In the southern part of the province about 42% of threshing is finished, and the same percentage holds true for the far end of the Goose Lake line.

There have been past years when fine weather in November and even December enabled threshing to be done, but a change in the current weather will have to occur very soon or half the province's grain crop will go into the winter unthreshed.

Crop in swath can be picked up next spring if the season turns out to be a dry one, but more trouble will be encountered with crops that are not cut as grain will be flat on the ground and picking it up will have to be a row way operation.

Local News of Interest

Mr. Bob Allen, president of the Canadian Legion requests that all persons selling tickets on the wrist watch etc. turn in their stubs before the Armistice dance on Friday night, Nov. 9th.

D. C. McGrath, chairman of the Vermilion School Division board, and J. R. Robson, secretary, went to Calgary Monday to attend the annual convention of the Alberta School Trustees association being held Tuesday to Thursday inclusive.

Mrs. F. C. Lister of Kelowna, B.C. was a visitor at the home of her daughter Mrs. Wm. T. Goodwin in town recently. Mrs. Lister was on her way back home after visiting in Ontario.

Mr. and Mrs. Percy Smith of Red Deer spent the week end in Vermilion guests at the home of Mr. and Mrs. S. C. Heckbert.

Mr. and Mrs. A. R. McFadden of Bluffton, Alberta, were week end guests at the home of Mr. and Mrs. Egbert Wells to renew a friendship that commenced during the homestead days of 1905 near McLeod. Mr. and Mrs. McFadden were on their way to Saskatoon to visit their son-in-law Dr. Lynn Bolton who attended college here a few years ago.

Mrs. Charlie Spencer of Sherbrook, Sask., stopped off in town for a few hours one day last week to say hello to her many friends here. She was en route to Edmonton at the time.

Mr. and Mrs. Bob George were in Edmonton last Saturday evening and attended the Eskimo - Rough Riders football game.

Mr. and Mrs. Bob Greig of Trochu were in town over the past week end renewing acquaintances.

Mr. and Mrs. Frank Young have leased their farm south of Islay and have moved to Vermilion to reside.

Walter Thompson, formerly of Vermilion, who has spent the past thirteen years at Nanaimo, B.C., is visiting relatives and friends here and in various other parts of Alberta.

Friends here will be interested to know that Constable Jim Allen, of the R.C.M.P., formerly stationed at Vermilion and more recently at Red Deer, has been transferred to Ottawa.

Mr. and Mrs. Peter Wilkinson, after a 25-year sojourn in Vermilion and district, have rented their home in Vermilion and moved to Edmonton last week. They were accompanied by their son Jim.

Win Your Xmas Turkey At Fiddlers' Contest

Someone is going to win a great big Xmas turkey at the Kinsmen Old Time Fiddlers' contest as a feature of the evening is the raffling of a live turkey donated by the kindness of Mr. Alex Morrison. Tickets will be sold at the dance that night.

Contestants are informed that they may have any type of accompaniment they wish, piano, guitar, accordion, etc.

The $40 per month no-means-test old age pension will require $28 million a month in tax revenues in 1952, or $336 million for the year. —Quick Canadian Facts.

Saccharin is derived from coal tar.

Mrs. Robert Fair attended the state dinner in honor of Their Royal Highnesses, Princess Elizabeth and the Duke of Edinburgh, at the Macdonald hotel on Saturday, Oct. 27 and had the privilege of being presented to the Royal Couple. Mrs. Fair states that they are a truly charming couple, well suited for their high station in life, and that the dinner in their honor was a fitting climax for the official reception. In the receiving line with Their Royal Highnesses were Lieut.-Governor and Mrs. Bowlen and Premier and Mrs. Manning.

Mr. and Mrs. John O'Donnell and little son Michael of Vedder Crossing, B.C., enjoyed a visit recently from Mr. and Mrs. Don Richards and two boys Leonard and Donald, formerly of Vermilion and now living in South Burnaby, near Vancouver. The O'Donnells say that everyone carries a fishing rod out there now and that the fishing is very good. They also add "We hope to get back to Vermilion for a visit soon. There is no place like home."

Mr. Charles T. Deford, well known Vermilion old timer celebrated his 75th birthday at the home of his daughter and son-in-law Mr. and Mrs. Henry Greig at Trochu. The grandchildren presented him with a lighted birthday cake, singing happy birthday, also with a gift. Mr. Deford enjoys good health. He has recently spent a month at Athabasca visiting his brother Sanford and a niece and nephew. One of his joys is looking forward to and receiving the Standard each week.

Death of Mrs. Earl R. Graham

A pall of sadness was cast over the Wildmere district on Monday October 29th when word was received that Mrs. Earl R. Graham had passed away. For the past nine years she had been a patient at the Central Alberta Sanitorium at Calgary. She fought hard to regain her health but it was a losing battle. A more patient sufferer God never made. She passed peacefully away in her sleep early Monday morning at the age of 42 years.

Mrs. Graham came as a child from Scotland with her parents, the late Matthew Cameron and Mrs. Cameron, to Ponoka, Alberta where she grew to womanhood and married Earl R. Graham of Wildmere. She lived here for several years.

She leaves to mourn her loss her loving husband, one daughter Peggy and two sons, Bobby and Kenny. Her aged mother lives at Ponoka. There are two sisters Mrs. Chas. Brownbill of Turner Valley and Mrs. Henry Preiss of Lang Bay, B.C. and five brothers, Jim in the U.S., Robert and Thomas at Powell River and Port Mellon, B.C., Alex and Charlie at Ponoka. There are three nieces and five nephews. Mrs. Graham's three children have made their home since their mother's illness with their aunt and uncle Mr. and Mrs. J. C. Wallington at Wildmere.

Funeral services were held from the Little Chapel on the Centre at Jacques Funeral Home in Calgary on Thursday afternoon for the Rev. Lyndon Lawson of Wesley United spoke very comforting words from the Book of Job. Mrs. Graham was laid to rest in Queens' cemetery in North Calgary.

Beautiful floral tributes which covered the casket were received from: Lord Beaverbrook; Mr. and Mrs. Langley, Moyerton S.D.; Mrs. H. A. Ford, South Ferriby, to begin duties as soon as possible.

Transfers: Miss Thelma Flint from Jemperton S.D. to Mr. Bridges' Veterans' Convalescent Home, Calgary; Wildmere Community sent a memorial donation of $23.30 to purchase comforts for the patients at the Central Sanitorium in memory of Mrs. Graham.

CARD OF THANKS

Words cannot express our thanks and appreciation for the kindness, flowers, memorial donations, words of sympathy and cards extended to us in our sudden bereavement.

Earl R. Graham and children.

Clandonald

A recent visit to the Johnson home found Oscar in remarkably good spirits and looking forward to the time when his cast will be removed and he will be able to get around more freely. He expects to return to the University hospital in about three weeks time for further treatment. A considerable amount of their crop has been threshed and Ronnie has made a splendid job of running the farm since his father's accident several months ago. June and Joyce attended the agricultural week in Edmonton were visitors at their home over the week end and were able to lend a hand with the threshing during their short stay.

Wilbur Coyle who formerly operated a hardware and lumber yard business here has now purchased a hardware in North Edmonton opposite the Transit hotel and will be very pleased if any of his old friends dropped in to say hello when they are in that part of the city.

Lake Louise, near Banff has been called the most beautiful single scene in North America.

WINS SUIT OF MONTH

Winner of the Kinsmen Club suit of the month for October was Mrs. Jack Wright. Tickets are now on sale for the November drawing of this popular event.

Marwayne Woman Receives Honor

Although Mrs. Rosina Dudlyke of Marwayne was not presented to Princess Elizabeth and the Duke of Edinburgh during their visit to Edmonton on Saturday, she yet has reason to feel extra proud of her contribution to the colorful ceremonies.

Weeks ago Mrs. Dudlyke began work on three large flags, the Cross of St. George, the Welsh flag and the Cross of St. Andrew.

Hopefully she telephoned the Royal visit committee and asked if the flags might be used along some point of the procession route.

Her answer was in the affirmative but little did she dream that two of the flags would be used as the main decoration at the legislative buildings.

The Cross of St. George and the Welsh flag both occupied places of honor, waving in the breeze from the lamp standards flanking the entrance to the buildings.

Intricate detail was painstakingly worked into the Welsh flag. On the outer border were squares of green each beautifully embroidered with the names of the counties of Wales. In the centre of the white background was a large red dragon, perfect in every detail.

Mrs. Dudlyke's other flag, the Cross of St. Andrew, was displayed in the window of a down town store.

Vol. XLUI. No. 20. Vermilion, Alberta, Thursday, November 15th,. 1951. $2.00 per Year

Dates For Annual Sub-Divisional Meetings Set

The monthly meeting of the Divisional Board of the Vermilion School Division was held at the Divisional office on Friday, Nov. 2.

All trustees and Supt. S. D. Simonson were present.

South Ferriby S.D.: Board approved moving of teacherage from Eight S.D. to South Ferriby S.D. to be used as temporary school building.

Myrtle Hill S.D.: Secretary reported on additional barn space provided.

Uneeda S.D.: Board approved payments for pupils required to board away from home because of distance from school in accordance with Sec. 138A School Act to maximum of $1 per day for each pupil in grades 1 to 8.

Paradise Valley: Official opening of new building was announced as Friday, Dec. 7. Report showed the furnace not operating efficiently and immediate attention was requested of contractors.

Kitscoty S.D.: Board approved gas installation at the elementary grade schools at Kitscoty as soon as gas is available.

Dewberry S.D.: Board approved preparation of one room in new building to be in use at earliest possible date to replace temporary basement room now in use.

Superintendent's Reports: Mr. Simonson presented report for October—Appointments: Mrs. Lucile Maitais, Kitscoty school; Mrs. J. Hoe, Peconia Lake S.D.; Mrs. Mary Langley, Moyerton S.D.; Mrs. H. A. Ford, South Ferriby, to begin duties as soon as possible.

Transfers: Miss Thelma Flint from Jemperton S.D. to Mr. Bridges' S.D., replacing Miss Danychuk.

Debentures Sale: Secretary reported sale of $9,000 debenture at yield of 4.36%. Board instructed that letter of appreciation be forwarded to manager of Debenture branch for successful sale.

Annual Meetings in Subdivisions: Dates were arranged for annual meetings in Subdivisions.

Subdiv. 3, Monday, Dec. 3, Dewberry; Subdiv. 2, Tuesday, Dec. 4, Kitscoty; Subdiv. 3, Thursday, Dec. 6, Mawarwyne; Subdiv. 6, Friday, Dec. 7; Subdiv. 4, Saturday, Dec. 8.

Kitscoty High School Holds Elections

SHIRLEY MORNING IS PRESIDENT

The corridors of K.H.S. buzzed with election talk prior to Student Council elections for the 1951-52 term. Heading the list of officers is Shirley Morning, president for the coming year. Others elected to office are: Vice-President—Harvey Dejong; Sec.-Treas.—Ella Pidcock; Social Convener—Albert Haskell; Sports Convener—Laurie Durnin; Press Reporter—Margery Roberton.

Men Wanted! Such was the cry uttered by twenty-six lonely females at the high school party on Thursday night. Somehow the male portion of the population seemed to be sadly lacking until about three dances from the end. But don't get worried boys, we really had a grand time without you!

Thorncliffe school.

Salary Schedule 1951-52: Committee reported on meeting with Mr. F. Seymour representing A.T.A. Board decided to abide by previous offer as presented to the Salary Schedule committee.

Kitscoty S.D.: Recommendation from local board was endorsed appointing F. Dana as full time caretaker at Kitscoty.

Borradaile Bus Route: Board approved extension of route on highway 16 to Vermilion.

Next meeting Dec. 14th.

Remembrance Day Observed By Soloman Services

Remembrance Day was observed in Vermilion on Sunday by solemn services arranged by the Vermilion branch of the Canadian Legion. Despite the heavy snowfall and cold, wind several hundred attended the parade and the Laying of Wreaths at the cenotaph, while many were put to flight away from the theatre doors on and all to organize to take advantage of a long season of "sitting out" time. To that end a general curling meeting will be held at the rink on Monday evening next, Nov. 19th at 8:00 p.m. to make plans for the coming winter. The ladies are also elected. Everyone interested in curling is invited to attend.

Taking the salute on the March Past was Lieut.-Col. W. T. Cromb, who has been from Edmonton for the occasion.

The Rev. Wm. Brown, M.A., P.S.A., of Wainwright, himself a veteran of two wars, gave a very learned address. A finer speaker could not be found.

Adding to the significance of the occasion was the rendering of the song 'In Flander's Fields' by Mr. Thomas Watts. Accompanist for the service was W. B. Elford.

Remembrance Day activities concluding the social side of Legion life were the Armistice dance held at the Elks hall on Friday evening and a Smoker to which veterans of all wars were invited, held in the Legion hall on Saturday night. Lt.-Col. Cromb was a guest at the Smoker for a short time.

Dewberry District Ratepayers Discuss Road Conditions

A. ALBORG, M.L.A. EXPLAINS ROAD GRANTS

A large gathering of ratepayers met in the Dewberry high school recently to discuss matters of road improvements and maintenance. Out of the discussion was created a delegation of five will meet with the Vermilion River council to present their views. It was regrettable that the two local M.D. councillors were not informed of the meeting as much information could have been given by them. Mr. A. Ashborg, M.L.A. was present at the meeting, and gave a good outline of grants receivable. The main complaint of ratepayers from outside is rough road conditions due to the lack of maintaining.

Manufacture of House Numbers Delayed

Delay in the delivery of house numbers for the town of Vermilion has been delayed owing to the fact that the firm which contracted to supply the numbers at Saskatoon, has closed down and neglected to inform the Kinsmen of that fact for some time. Negotiations have now been completed for the manufacture of the numbers by an Edmonton company and delivery may be looked for in the not too distant future.

Oil crews are drilling another well in the Hardiene area close to the one drilled last summer.

CUT LAKE IN RIVER ICE

Cattlemen of the Lea Park area, not to be outdone by the dangerous condition of ice at the Lea Park ferry, and not able to get their cattle home to south of the river, cut a large channel by saws to enable the ferry to again operate long enough to get their cattle across. Many of the farmers range their cattle north of the river at Lea Park in the summer time at association leases.

Prizes at the masquerade dance were: 1st Couple—Gerry Garnier; Best Dressed Couple—Shirley Volker and Margaret Fry; Best Dressed Girl—Charlotte Tulloch and Best Dressed Lady—Monica Garnier.

Sol Leroy and family are leaving shortly to spend the winter in California.

GOOD WORK BY BRIGADE

The Dewberry Fire brigade were able to save the house occupied by Mrs. Margaret Fry from fire at though all bedding and clothing were destroyed. Children, playing with matches is believed to have been the cause of the blaze. The fire broke out in an upstairs attic. This is the first chance to prove its worth of the new chemical fire fighting equipment.

Vermilion Boys' Band To Hold Meeting

TUESDAY, NOV. 20 AT THE SCOUT HALL — 8:30 P.M.

Members of the Vermilion Boys' band, their parents and any other persons interested in this organization are invited to attend a meeting in the Scout hall next Tuesday evening, Nov. 20th at 8:30 p.m.

Included in the program for this meeting will be a report on the band organization, its membership, instruments and finances as at the present time.

Kitscoty S.D.: Recommendation from local board was endorsed appointing F. Dana as full time caretaker at Kitscoty.

Borradaile Bus Route: Board approved extension of route on highway 16 to Vermilion.

Next meeting Dec. 14th.

CURLING MEETING MONDAY, NOV. 19th

AT CURLING RINK, 8 P.M.

Good news for curlers! Icemaker Alcock Kent has ice-making well under way and rings will be put in over the week end, so it is hoped all to organize to take advantage of a long season of "sitting out" time. To that end a general curling meeting will be held at the rink on Monday evening next, Nov. 19th at 8:00 p.m. to make plans for the coming winter. The ladies are also elected. Everyone interested in curling is invited to attend.

Booster Club Members Wanted for Tigers

TO WIPE OUT DEFICIT OF LAST SEASON

Four hundred Booster club members are needed at $1 per head to wipe out the last season's deficit of the Tiger hockey club. Everyone joining the Booster club has a chance to win a new Winchester shotgun. The owner of this gun will be decided at the first home game of the Tigers this winter.

You can obtain your Booster club membership ticket from Jack Brown at Craig's or Russell Carroll at Nelson-Hill. Be sure to help out by getting yours today.

Paradise Valley Grain Club Achievement Day

Mr. and Mrs. N. N. Bentley, Geo. Braithwaite and E. H. Buckingham Act As Judges

The Junior Grain Club of Paradise Valley held their judging competition and achievement day at Wainwright on Wednesday, Nov. 7th in the school auditorium. There were 22 pens of out of the 25 entries, which was considered a very good turn out considering the harvest weather experienced this fall.

Mr. Bentley, the principal of the school of agriculture, Vermilion, assisted by Mrs. Bentley and Mr. Braithwaite, Wheat Pool man, of Vermilion, performed the difficult task on judging the grain and oil of choosing a winner. Mr. Buckingham, district agriculturist for the Vermilion area conducted some very interesting grain judging contests among members of the club.

Mr. Bentley gave a short talk regarding ways in which a winner is chosen and some of the important factors in club work. Mr. Buckingham and Mr. Braithwaite also stressed points of importance and enlarged on subjects of club work.

Kenneth Adams was chosen first prize winner, closely followed by Marilyn Adams for second. Both are going to Roy Adams, 4th and 5th positions were awarded to Duane and Pat Frerricks.

Samples of the three top entries will be sent to the Provincial Seed fair next spring at which time they will represent the Paradise Valley Grain club in a competition with all other clubs of the Province.

Lunch was served by the girls of the Paradise Valley Grain Club members would like to thank the judges for so ably assisting their club through the past year, and also express their thanks to their leader Mr. Walter Day for his encouragement and assistance.

Provincial Social Credit Convention

NOVEMBER 21st TO 23rd

The annual convention of the Alberta Social Credit league will be held in Calgary Nov. 21 to 23 Orvis A. Kennedy stated in Edmonton that upwards of 250 delegates will attend from all sections of Alberta.

Noted Author To Address Vermilion Audience Nov. 19th

LESLIE GORDON BARNARD GUEST SPEAKER AT THE CANADIAN CLUB

The next Canadian Club meeting will be held in the United Church hall on Monday, Nov 19 at 8:30 p.m.

The guest speaker for the evening will be the noted novelist, short story writer and lecturer, Leslie Gordon Barnard of Montreal. Since 1945 he has devoted full time to the profession of writing, chiefly in the short story field, as a contributor to leading periodicals in Canada, the U. S. and abroad. Some of his works as an author are 'One Generation Away', 'The Immortal Child', 'Janets', 'So Near is Grandeur'.

Mr Barnard has had wide experience as a speaker and has chosen for his subject at Vermilion, 'The Quebec Scene of Today'. In this talk he focusses a writer's 'eye view' on Quebec life and background, and some of the problems and promises of his native province.

Fall Open Dance Planned At V.S.A.

The annual fall open dance at the Vermilion school of agriculture is being held on Friday, Nov. 23rd. This annual event, sponsored by the staff and the Alumni association has always proven popular with local citizens of town and country who enjoy a good dance.

Joe Dyck and his orchestra from Vegreville will supply the music for dancing from 9:00 p.m. to 1:30 a.m. Lunch will be served in the dining room of the school.

Home and School Assoc. Elect New Officers

The first meeting of the 1951-52 term of the Vermilion Home and School Association was held in the Primary school, Nov. 8th. A good representation of parents and teachers was in attendance.

Mr. Simonson, Superisor of schools for the Vermilion school division, gave an interesting and helpful talk on the manner in which the association might benefit the children of our community. Mr. Simonson mentioned topics that the executive might consider when planning the year's program.

Officers for the new term are as follows:

President—Canon T. W. Teape
Vice-Pres.—Mr. Hugh Stewart
Secretary Miss D. Oldenburg
Treasurer Mrs. A. Kibblewhite
Executive—Mr. F. H. Walker Mr. M. P. Smeltzer, Mrs. L. Robinson, Mrs. T. Beckham, Mrs. G. Lyons.

Board of Trade Pays Tribute to Buster Newman and Chuck Wagon Crew

Paying tribute to Buster Newman and his chuck wagon race crew for their achievements during the summer, the Vermilion Board of Trade entertained Buster himself and two of his outriders, Roy Newman and Roy Matters at the Wednesday luncheon meeting. It was felt that Mr. Newman had brought considerable and widespread publicity to the town and district by his exploits and the town business men took this means of showing their appreciation.

The Newmans took part in chuck wagon races at six rodeos during the summer, including the big one in Calgary, Edmonton and Drumheller. Among the events in which they competed in Calgary, Edmonton and Drumheller, winning prizes in four of them At Calgary Buster's outfit was featured on the front pages of the daily papers several times during the week long contests.

The president of the board Roy Mitchell, was in the chair and there were 31 present at the enjoyable function

John Rochford Moved To Edmonton Hospital

John Rochford, well known Bowell district young man, who suffered a serious eye injury in a recent accident about three weeks ago has recently been moved to the University hospital for further treatment for the injured eye. It will be recalled that John was engaged in stacking when a bundle fell down on him. He was working at the time and the butt of the sheaf struck him in the face cutting and bruising the eyeball. Doctors have since been trying their utmost to save the sight of the eye.

Answer that Christmas Seal letter.

Hon. David Ure Will Be Guest Speaker

Annual Farmers' Banquet Planned by Board of Trade

At least once every year the Vermilion Board of Trade sets aside one meeting specially for members and visitors from the rural areas. The guest speaker on that occasion is one well qualified to speak on agricultural topics.

This year the Board of Trade has been fortunate to have the Minister of Agriculture for the Province of Alberta, the Hon. David Ure, accept an invitation to be present and the meeting will take the form of a banquet at which Mr. Ure will be the guest speaker.

The banquet will be held in the Anglican hall, Vermilion, on Wednesday Nov. 28 at 6:30 p.m. Tickets are available at most of the stores and from E. H. Buckingham or Jas. R. Robson.

Please accept this as an invitation to all farmers in this area who wish to be present at the meeting.

Emil Zaharko, Second; Ed Donald, Third

GEORGE STEWART AGAIN WINS FIDDLERS' CROWN

Nobody entertainment at it best, aptly describes the annual old time Fiddlers contest held under the auspices of the Kinsmen at the 12Bks hall on Tuesday evening. Every one of the 12 competitors added some feature to delight the large audience, and each one, whether a prize winner or not, contributed a share to the overwhelming success of this event.

For instance, real old timers like Oscar Johnson of Dewberry and Neil McGee were there. Well over the 70-yee span they took a keen delight in the proceedings. Oscar played at the first dance ever held in Vermilion back in 1907. Lorne McLean, well known retired Vermilion business man and a premier entertainer in his heyday, did his bit as well e W. D. Hill Williams who played at countless country dances in the Claymore area before retiring from farming and moving to town a few years ago. There were the Mainville Fiddlers, Ed Semmer who has aived in this district since 1907 and it ally makes that fiddle sing, and Layton Bialey, a younger but very popular contestant. The 1948 champion Vernon Bush of Paradise Valley was right in the running again and had the crowd swaying to his rhythmic beat. Adding novelty was the father and daughter combination George Stewart and 14-year-old daughter Mary who has only played since July and something could be said about them all, real entertainers whom the crowd greatly appreciated.

The three judges, Mr. Jack Brown Mrs. Chas. Upshall and Mr. D. C. Polk, based their selections on four points — time, tone, clarity, and theme, 100 being allotted for each.

The prize winners were:

1st, George Stewart, Vermilion accompanist Bob Barnette, 375 points.

2nd, Emil Zaharko, Derwent, accompanist Fred Stupark, 370 pts

3rd, Ed Donald, U.F.A. from Bushby, accompanist Stewart Osben, 365 points.

To the winning fiddler went the title of champion fiddler of Eastern Alberta, a silver cup and $25 in cash; second prize $15 and third prize $10. Honorable mention went to Oscar Johnson and Neil McGee as the two oldest fiddlers to take part.

Following hard on the heels of the three winners were George Dockerty of Vermilion, Vernon Bush of Paradise Valley and Ed Summers of Mannville with 360 each.

Don Taylor proved a masterful and witty emcee, crossing swords continually during the evening with Kinsmen Ben King, much to the amusement of the audience.

Speaking of audiences, there were 122 paid admissions to the contest and this really meant a crowded house.

A western hoe down was held following the Fiddlers' contest.

A turkey donated by Morrison Bros. was given to the person guessing closest to the weight of the bird. The winner was Mrs. Jim Miller from east of town, who along with three others estimated the big turk to tip the scales at 30 pounds. It went a few ounces over the thirty, but the four names were dropped into a hat and Mrs. Miller came out the winner and one fine turkey to the good.

Frank Shongrundner Passes Away At Penticton, B.C.

Frank Shongrundner Sr., who farmed here for some twenty years prior to 1947, passed away at Penticton, B.C., on Nov. 2nd at the age of 66 years.

He leaves to mourn his loss his wife and son Frank at Penticton, and son Frank Jr. and daughter Mrs. C. Y. Young, both at Vermilion.

Frank Jr. and Mrs. Young both attended the funeral at Penticton on Nov. 7th.

Gordon Williams Appointed Rink Caretaker

Many Matters Occupy Council

A regular meeting of the town council was held Nov. 8th with Mayor S. C. Heckbert, Crs. Payne, Mitchell, Boyd, Urquhart and Wells present.

Correspondence: Dept. of Public Health re Board of Health representative: Prov. Fire Commissioner re Imperial Block, Vermilion Board of Trade re hard-surfacing; Mr. Andrews re Vermilion Boys' Band request; Department of Municipal Affairs re contract and monthly report. The Photostat Studio re sign.

Communications were carried

That application of R.F.P. Cooper for a permit to place an addition to a building on Lot 12, Blk 7, Plan 847-S, an application to build a garage on Lot 2, Blk 9, Plan 847-S for Geo. White; an application to build a garage on Lot 8, Blk 29, Plan 6647-S for Robert Young, an application to build a garage on Lot 28, Blk 2, Plan 6647-S by Wm. Elder be granted.

That an accountable advance to R.C.M.P. for prisoners' expenses be increased to $50.

That the application of R. H. Carmichael to erect a shop be granted but to comply with the by-laws.

That taxes of Western Airmotive Ltd be cancelled on Nov. 2 in the amount of $25.20.

That books of W. G. Williams for $160 per month as caretaker of the arena rink and outside rink starting Nov. 1 1951 be accepted.

That reclamation of Mr. Tony be accepted and that the position of scavenger be advertised

Town accounts were passed and ordered paid and water and sewer accounts be passed and ordered paid same having been certified by the Finance committees.

Delegation Re River Hill

Mr. W. Moore attended the council meeting and complained about conditions of the river hill in that his property was being damaged by sand washed down during any rainfall. Mr. Urquhart reported that he had been in contact with the government engineers who have accepted the responsibility for the condition of the hill and that we should get some action soon. The mayor expressed the concern of the council in this matter

Arena Rink Sanitary Conditions

The report of the M.H.O. Dr. A. B. Kirk, on the general condition of the sanitary arrangements at the rink was read and led to considerable discussion. Mr. Mitchell reported that, with the caretaker and secretary-treasurer he had inspected the arena and that with the limited funds available this year, only minor changes could be made. He recommended however, that a full scale investigation be made into the arena situation and that plans be drawn up to have major alterations effected under the 1952 budget.

Town Houses

The Secretary reported on the general condition of the town houses and it was agreed that a long range program should be drawn up to remedy the situation. This was tabled for a future meeting to be held after investigation by the committee.

Letters to the Editor

Central Alberta Sanatorium,
Calgary, Alta., Nov. 6, 1951.

Mrs Hilda Cross,
General Chairman
Mobile X-ray Survey Committee,
Vermilion, Alberta.
Dear Mrs. Cross:

With the summer season drawing to an end, one thinks about the projects that have been completed by the Mobile X-ray Units.

The work done has been quite satisfactory and we would like to take this opportunity to thank you and your committee for the very great assistance given to us. With out this aid, the work could not have been accomplished.

Thank you again for your co-operation and assistance.

Kindest regards,
G. R. Davidson, Med. Dir.
Div. of Tuberculosis Control.

For every wound, however small, get first aid at once. Don't put fingers or a handkerchief over a cut—rather apply an antiseptic and cover it with a sterile dressing.

History shows that the press has been uniformly on the side of the common people.

Canadians earning $5. a week and less pay more than half of the $647,500,000 paid to Ottawa as personal income tax in 1940.

VERMILION PEOPLE ARE GENEROUS

GIVE FREELY TO CANCER FUND

Organizations such as the Red Cross, Cancer Society, Salvation Army, C.N.I.B. find that the people of Vermilion and district are very generous with the result that the total collected for service work is frequently considerably more than at comparative points within the province. This is borne out by the recently issued rural returns for the Cancer Crusade of 1951. Approximately 300 towns and villages are listed and Vermilion is second highest with a total of $1300 donated. The high mark was set by High River in the south with $1628.50.

Other collections were: Wainwright $194.25; Wetaskiwin $1300; Vegreville $803; Stettler $1158; Camrose $101; Cardston $875; St. Paul [illegible]

Villages and hamlets in this area rallied well with the following donations: Chauvin $10.25; Derwent $129.50; Dewberry $102.80; Elk Point $333.20; Hardisty $18.75; Kitscoty $101.50; Manville $353.25; Minburn $69; Streamstown $24.01; Myrnam $313.17.

RADIO ON THE FARM—

Radio broadcasting has probably meant much more to farm dwellers than any other technical development in this century. Not only does it provide the full range of entertaining news, sports programs, educational features, and late news that are available to the city dwellers, but what is more important, it has brought in valuable forecasts on specialized agricultural subjects including talks by experts on the various phases of modern farm problems, crop and weather reports, detailed information about production on farm crops and many other special features.

In addition radio has ended the isolation which once characterized farm life in Canada and has permitted the farmer and his family to enter into a kinship with their fellow men and women all over the Dominion.

Radio today is a highly developed industry, which has only one object in mind—to bring music and entertainment, symphonies, sporting events, educational features and farm programs, and the latest on the spot news to all Canadians no matter in what sections of the country they may live.

Canadians Eat Too Little Fruit, Vegetables

Despite the fact that fresh fruits and vegetables are the best buy for the food dollar, Canadians do not eat enough of them for proper health, writes L. F. Burrows, secretary-treasurer of the Canadian Fruit Wholesalers Association in the current issue of C.I.L. Packaging News.

He says that a balanced diet requires the consumption of 537 lbs. of fresh fruit and vegetables annually by a normal person. Statistics show that only 376 pounds are eaten although the prices of these commodities rose much less than foodstuffs generally.

Pointing out the increasing importance of the fruit and vegetable industry, Mr. Burrows says that between 1913 and 1949 the per capita consumption of fruits and vegetables increased 25% in the U.S. while that of dairy products increased 28%. In Canada a similar pattern is evident although Canadians still have quite a way to go to achieve the U.S. level of fruit and vegetable consumption.

The aim of his association is to see that fruits and vegetables average about 25% of the total food bill in this country instead of the present average of between 15 and 20 per cent.

Mr. Burrows maintains that this aim could be achieved through better selling methods and a better presentation of basic facts when. About 99% of fruits and vegetables which reach the store counters these days are disposed of by impulse buying and nine out of ten impulse purchases are based on eye-appeal.

The Laurentians are the oldest mountain range in the world.

T.B. Association Issue X-ray Report

Statistical summary and preliminary report of persons X-rayed by the Mobile Chest X-ray units provided by the Alberta TB Association through Xmas seal funds, and operated by the TB Division, Alberta Dept. of Health, gives the following results of clinics held in this area.

The first figure is the number X-rayed, the second the cases of active TB, third figure inactive TB and the fourth column, other abnormalities discovered:

Clandonald	203	2	4	4
Derwent	201	1	2	4
Kitscoty	384	0	2	6
Myrnam	1466	2	10	11
Marwayne	260	0	5	6
McLaughlin	220	0	3	4
Paradise Valley	413	0	2	3

Five-Inch Snowfall Brings Winter

Hopes that we were still in for a deferred spell of Indian summer weather were completely submerged by a 5-inch snow fall on Sunday and Monday. The result is a decidedly wintry looking countryside. The snowfall was general over Alberta. This area has consistently missed the snow experienced in most of Alberta giving rise to the hope that a few fine days would come along so that some more threshing could be done.

The snowfall was a heavy wet one with the result that roads and highways over the week end became very slippery and dangerous, making travel really hazardous.

The weather has not been cold, the warmest spot for the past week was last Thursday with 42 above, and the coldest was this Thursday morning with 1 below, which was the only below zero weather of the week. On Sunday the highest reading was 35 above. Ranking second lowest to the 7 below was 12 above earlier in the week.

SORRY, Folks

—If you have had to wait an extra half hour for that Grease Job or Car Wash.

OUR SERVICE DEPARTMENT HAS BEEN STRAINED TO THE LIMIT THESE FALL DAYS!

But THANKS!

—for being patient with us when our staff is going 'all out' to give you fast and efficient service!

The World of Wheat

By H. G. L. STRANGE
Director, Research Department,
Searle Grain Company, Ltd.

The Question of Low Grade Wheat

Many are perplexed about the prices spreads on No. 3, 4 and Feed wheat compared with the prices of No. 1 Northern wheat, and why the spreads vary in different years. Some think there always ought to be the same price spread between these lower grades and No. 1. Perhaps the perplexity is because we fail to realize that for the most part No. 1, 2, 3 and 4 Northern wheats are used for making flour and bread for human consumption, whereas No. 5, 6 and Feed wheats are for the most part only suitable for animal feeding. There are, therefore, two distinct and separate markets which do not always work together. The prices at any time for the wheat suitable for human consumption depend on the relative prices of other products such as rice, potatoes, fruits, vegetables, fruits, fish and meats that human beings can substitute to some extent for bread wheat; whereas the prices of wheats suitable for animal feeding depend on the relative prices of substitutes that animals can consume, such as corn, oats, hay, forage crops, grasses and so forth. If we can keep these distinctions in mind, it will give us a better understanding of why the prices of lower grade wheats suitable for animal feeding are not always in direct relationship to the prices of higher grade wheats suitable for human consumption.

The Empress of Scotland At New York

The 26,300-ton Canadian Pacific luxury liner Empress of Scotland, shown here passing the Statue of Liberty at New York, has been scheduled for 3 sunshine cruises from New York to the storied Caribbean this winter. She will leave for the Spanish Main for her first 16-day cruise on Feb. 1, following this with trips on Feb. 20 and March 5th. Prior to starting her cruise season, the white-hulled flagship will have the honor of carrying Princess Elizabeth and the Duke of Edinburgh back to England following their tour of Canada. New ports of call in the Virgin Islands and Barbados have been added to this years cruise itineraries.

Miss Eva McCrae Married in Edmonton Ceremony

Sacred Heart rectory was the setting for an attractive bridal when Miss Eva McCrae became the bride of Mr. Emil Sperling.

The bride is the daughter of Mr. W. K. McCrae and the late Mrs. McCrae of Vermilion. Parents of the groom were Mr. and Mrs. John Sperling of Kerrobert, Sask.

Rev. Father Doyle performed the ceremony.

She wore a floor-length gown of white satin and lace styled with an inset yoke and lily point sleeves. Her bouquet was of Talisman roses.

Miss Hattie Naslund of Viking was bridesmaid in a gown of brocaded organdie and she carried a bouquet of chrysanthemums and carnations.

Mr. Nick Sperling was best man. Wedding music was played by Mr. Alex Gemmel.

Later a reception for about 30 guests was held at the Cottage Tea Room when the groom's mother, received wearing a navy crepe dress with gray accessories. A corsage of red roses and white chrysanthemums was pinned at her shoulder.

The bride's table was centred with a three-tiered cake.

Mr. William Pelz proposed a toast to the bride.

Leaving for a honeymoon to Great Falls, Montana, the bride donned a gray wool dress with black accessories.

The newlyweds will make their home at 9650-112 Street, Edmonton.

Miss Wilamine Bell Is November Bride In Edmonton

Bowe's Wedding salon was the setting for a pretty bridal recently when Miss Irma Wilamine Bell exchanged marriage vows with Mr. James Richard McEwan.

The bride's parents are Mr. and Mrs. W. J. Bell of Vermilion. The groom is the son of Mr. and Mrs. H. J. McEwan of Calgary.

Rev. F. S. McCall performed the ceremony in which the bride was given in marriage by her father.

For her wedding she chose a lime green frock with contrasting accessories and an arm bouquet of Talisman roses.

Miss Patricia Cross was the bride's only attendant, frocked in brown taffeta. Her bouquet was a colonial of mixed flowers.

Mr. William McEwan was best man.

During the signing of the register Mrs. K. Pulleyblank sang 'Because'.

Later at a reception the mother of the bride received her guests wearing a green taffeta afternoon dress with red roses en corsage. The groom's mother, who also received, was dressed in a burgundy frock with black accessories and a corsage of Talisman roses.

A two - tiered wedding cake flanked by vases of pink carnations and bronze and white tapers graced the bride's table.

Los Angeles, California will be the home of the newlyweds, following a honeymoon to Detroit and Wisconsin.

For travelling the bride changed to a brown English plaid suit

Appointments Made To Health Unit, Hospital

Vermilion River Council Meets

The following is a summary of the minutes of the meeting of M.D. Vermilion River No. 71 held in the municipal office, Vermilion, on Nov. 6 and 7.

Oath of Office was administered to and signed by Cr. P. McQuigan.

Present: Reeve John Leighton, Crs. A. Clarke, J. D. Sime, R. A. Watt, P. McQuigan, Thos. Belsheim and D. G. Lawrence.

Moved by Cr. Clarke that L. Hutchinson be allowed $75 damage caused by impounded horses. Cd.

NEWS from ISLAY

The Misses Catherine and Marie Carey spent the holiday week end with their parents Mr. and Mrs. Jack Carey. Catherine is taking the two year teacher training course at Varsity and Marie is studying at McTavish Business college.

For some time it was rumored that Islay would see a new C.N.R. station built here. The contract has now been let, according to our agent here, Mr. Kennedy. Two small buildings have been located on to C.N.R. property by the contractor—so it seems we are to have a new station.

Mr. and Mrs. Albert Van den Dolder have moved into their town house, and Mr. Don MacInnis has rented the farm of Mr. Frank Young.

Mr. Carman, who farmed south of Islay, near the Island Lake, is now living in one of Mr. H Funk's trailers, near the lumber yard.

We notice Archie Chambers has added a piece to his house which looks quite comfortable, nicely done with red insul brik siding.

Mr. B. Teskey, the A. P. Grain agent at Islay, moved his family in last week and are residing in the A.P. house.

Some Islan ladie were at Marwayne last Friday to a W. M. S. rally. The guest speaker was Mrs. Chattergon, B.A., a citizen of Trinidad. Miss Chattergon came to Canada first to study medicine in Winnipeg, on the devaluation of the pound she had to change her course for the time being, so is in training for a nurse. She graduates in March. She also has a teacher's certificate and has done much missionary work for the W.M.S. in Canada. She asked why it was we in Canada have so much, no one in Trinidad knows what it is to have three meals any day, nor enough to wear.

Native Dave Martin drives a different car, a Mercury. He left his Dodge in Marwayne and it can be handy for Mrs. G. Midgley to drive when hers was removed to a Jeep driven by a young lad. Fortunately Mrs. Olin Midgley was not hurt.

The Islay chicken supper is over for another year, and well patronized it was. Some 250 people were in attendance. The ladies of the W.A. wish to thank all and sundry who helped in any way, with food, work, donations of money, and the waitresses too. Many patrons remarked how smoothly it went. It is quite heartening to hear the compliments, for the ladies do a big piece of work. The men too, who set up the tables and take them down again—to them also a word of thanks.

Many are so sorry to learn that Bill Waterfield is still confined to bed with rheumatism. It is hoped for a quick recovery.

Mrs. A. Anderson and Mrs. John Mark are in hospital and a speedy recovery is wished them.

Newfoundland is 3 times as large as P.E.I. has only one fifth of that province's residents.

Quick Canadian Facts

Stomach enems No. 1 is over fatigue. Hurry and doze at the beginning of the day can upset the stomach. Persons returning from work very tired should drink a glass of water and lie down for about 20 minutes before their evening meal.

Attention,

Passenger Car Operators

GOVERNMENT OF THE PROVINCE OF ALBERTA

Announces The Third Annual

Master Farm Family Award

for 1951 to the following:

JOHN J. POROZNI, WILLINGDON, Alberta
J. W. HOSFORD, SOUTH EDMONTON, Alta.
FLOYD GILKYSON, LA GLACE, Alberta
VICTOR WATSON, AIRDRIE, Alberta

The Master Farm Family Award is recognized by an award of $1,000.00, an engraved plaque and a name plate for the farm entrance.

The purpose of the Master Farm Family program is to find and honor those who have achieved notable progress in farming, home-making and citizenship and who, by their example, are encouraging interest in farming as a way of life. The Department of Agriculture is indeed proud and gratified with the high standard of attainment among the farm citizens of Alberta as revealed by the Master Farm Family program.

News From Kitscoty

Congratulations to Mr. and Mrs. R. F. Lascelles whose marriage took place last week in St. John's Anglican church, Kitscoty. Later in the evening they entertained their many friends at a dance in the town hall.

Mr. and Mrs. Wm. Lang and family of Myrtle Hill district have purchased the Maughn house and taken up residence in town. We bid them welcome and hope they will enjoy living here.

Mr. and Mrs. Gordon Inglis spent the long week end in Edmonton visiting their daughter Marion, who is a student at the U. of A. They were accompanied by Miss Sheila Pidcock who visited her aunt and uncle Mr. and Mrs. A. C. Linsdell and friends.

Miss Elaine Batty spent the week end visiting friends at Fielding, Sask.

Mr. H. Stokes was an Edmonton visitor for the Remembrance holiday at the R. I. Howlett and A. C. Linsdell homes.

Raymond Mahaffey of Calgary is at present visiting at his parents home here.

Mr. and Mrs. Ralph Rose, Edmonton, spent the long week end visiting with the latter's mother Mrs. A. McClelland and with Mr. and Mrs. N. C. Browne.

Miss Loretta Mitchell of Lloydminster spent the Remembrance Day holiday visiting with Ella Pidcock.

Farmers' Help Required

Record keeping to provide a basis for present and future operations is an important part of the farm business, but to the progressive farmer, knowledge of his own transaction is no enough. For effective and timely production, he needs to know something about the intention of farmers throughout the country and the kinds and amounts of farm products available from time to time. Special reports containing information of this kind is the Dominion Bureau of Statistics. Engaged in the Canada-wide business of fact-finding, they must rely for certain of their information on the voluntary co-operation.

Early in December, many Alberta farmers will have an opportunity to help in this important work. At this time of year the Bureau of Statistics, in co-operation with the Alberta Department of Agriculture and similar departments across Canada, conducts an annual survey as to the number of livestock on farms and the cost of farm labor. The survey has no connection with taxation. The farmer's individual form is seen only by workers in the Dominion and Provincial agricultural statistical offices and the farmer is protected by law against the wrong use of his return. All individual forms are kept strictly confidential.

Questionnaires for the 1951 survey will be in the mail around the end of November. Farmers who receive them are asked to complete and return the forms just as soon as they possibly can. A widespread response is needed and the Bureau is relying on your co-operation.

Happy Home Group Meeting

The Happy Home group will meet at the home of Mrs. Joe Hart on Thursday Nov. 22 at 8:30 p.m.

Turkey and Pork Sale

The I.O.D.E. will hold their turkey and pork sale on Thursday, Nov. 29th at 3:00 p.m. in the Legion hall. 30-2t

United Church W.A.

The W. A. of the First United church of Vermilion will hold their annual fall bazaar, sale of home baking and tea in the United church hall on Saturday, Dec 1st from 3:00 to 5:00 p.m. 30-2t-CLIPPING

The typical Canadian household now pays $11 a week in taxes to the federal government alone; in 1938 the figure was $4 a week.
—Quick Canadian Facts.

News From Vermilion

Mrs. A. Bechler of Vancouver is spending a month with her niece and family, Mr. and Mrs. Emerson Earl.

Sorry to hear Mr. Bill Lang is a patient in Lloydminster hospital. We all wish him a speedy recovery and better health in the future.

Mr. John Dale is the new owner of the Texaco Service on highway 16 just south of town. Mel Warren is the new manager.

Kitscoty United Church Ladies Aid are holding their annual bazaar, home cooking sale and afternoon tea on Friday Nov. 23 from 3:00 to 5:30 in the Tracy Memorial hall. Everybody welcome.

WEDDING BELLS

JENKINS—POTTER

Rev. Pechover of Lloydminster officiated at a very pretty wedding in St. John's Anglican church, Kitscoty, on Saturday, Nov. 3rd when Doreen Elsie, youngest daughter of Mr. and Mrs. J. C. Potter was united in marriage to Kenneth Stewart, second son of Mr. and Mrs. Stewart Jenkins of Pence River.

The youthful bride, given in marriage by her father, was charming in a grey and navy suit, with navy accessories, her corsage was American Beauty roses.

Mrs. Ralph Grey was her sister's matron of honor, she was attired in a green suit, pink and black accessories and wore a pink rose corsage.

The groom was handsome in a blue grey suit, and was supported by his brother-in-law, James Isacrs of Edmonton, wearing a grey suit.

After the ceremony a reception was held for members of the bride and groom's friends at the bride's home where a three-tiered wedding cake adorned the bride's table. Rev Pechover proposed the toast to the bride and the groom ably replied.

The newly wed couple then left for Edmonton where they spent a few days before going to Peace River where they will make their home.

Pleasant Valley

Weather is dull with lots of snow now.

Our church meeting was well attended with 17 members present. It proved very interesting and a better understanding was reached. A vestry was appointed to guide the destinies of the Pleasant Valley church and the members are Bert Gould, Christie Clark, Fred Payne, Tom Sherwood, Mrs. Sherwood and Mrs. Maire. On Monday morning Christie Clark accompanied Mr. Buckingham on a canvass for funds. On Tuesday Gordon Gould was called upon. Our services will be continued, with the next one being held at the home of Mrs. Giles on Sunday, Nov. 18. It was thought much better to hold it in a house than going into a cold church. There will be a Christmas service at the sherwood home and another at the writer's home. Keep all this in mind folks and come along!

The writer accompanied by Mrs. Fraser, Annie, and Mrs. Jones spent a very enjoyable Friday afternoon at the home of Mrs. Johnson at Borradaile where a plastic demonstration was held. On Sunday about thirty attended a similar demonstration held at the home of the writer, with one at Mrs. Burt's on Monday and another at Mrs. Shaw's Tuesday night. They were very enjoyable and everyone seems to like seeing all the pretty things. Good sales were made.

Everyone is glad to hear that Mr. Woodruff is improving. Also that Mrs. Dupruit is feeling better.

Mrs. Fraser of Vermilion is visiting the writer for a short time before winter sets in.

Hope that everyone has their bulbs planted for winter blooming.

THIS COMPLETE SHORT STORY—

SECOND MEETING

Unexplained Words Presumed The Mystery For Val.

By ANNA E. WILSON

VAL stopped dusting out the pigeon hole long enough to glance at David Roth's lumber mill backed up against a blue, of purple and brown. She opened the window wider to let in the sun. The smell of pines from across the river made her think of young Dave Roth. She sighed painfully.

The phone rang. It was Dave's cousin, Claire. She was excited. "Dave's coming back, Val. The company's moving it's headquarters. Come to dinner tonight. And please wear that green dress with the gold belt. Dave loves it."

Val replaced the receiver, her hand shaking. Tonight she'd see Dave Roth. Even when she calmed down enough to sort letters, her heart was thumping.

Her hands still full of letters, she took another glance at the lumber mill and now the sun fairly danced on the river and the maples were pure gold. She finished sorting the letters in her hand right down to the last one. She stared at it idly.

Mrs. David Roth. It couldn't have been plainer.

She put the letter carefully in an empty hole and went on working numbly. The post office was quiet. At the noon whistle, she closed the window and started home from the mill. Two girls entered, giggling. Seeing the closed wicket, they took it for granted that the office was deserted.

Pelly Rodgers was all agog. "She came in with Dave Roth on the noon train. Blonde and just the right kind of figure." She dropped to a whisper. "They say he was crazy about Val before he went away. I wonder how Val will take it?"

Thing a scarf about her head with cold fingers, Val knew how she would take it. She'd wear her green dress with the gold belt and—but somehow she couldn't see herself smiling at Dave Roth's wife. She couldn't bear it.

It was scarcely a year ago that Dave had come to work at the mill. Dave's father had a dozen small plants across the country and this was one of them. She'd been working in the mill office helping Peter Riehle, the manager. Peter was due for a long vacation. She'd been bent over typing when he came in bringing Dave with him.

"This is Dave Roth, Val. He's taking over while I'm away." Like it-could up right into Dave's eyes. She'd been conscious of a large brown hand in which her own was smothered.

They'd both loved the smell of fresh-cut wood and pine needles that drifted through the window. When she told him about Steve, he'd exploded.

"Bosh, Val. It's true that you and Steve have been going together since you were kids but that's no reason why you should feel you have to stick to him because you're sorry for him. Accidents happen every day and Steve would be the last person to want you to be unhappy."

Dave had taken him to the hospital and the minute their eyes met over Steve's barrel chair, she'd known it was all over.

Steve's love and trust shone plainly in the eyes that followed every move she made. He confided to Dave, "If it weren't for Val, I wouldn't have the strength to fight on. Tomorrow's the tenth operation."

Dave had wired for a manager to take over and left the next day for company headquarters. She'd taken his job in the post office. She'd had only one letter from Dave — when Steve had died six months ago. She'd felt that Dave was giving her time to get over Steve's death tactfully.

Outside, Val saw Dave with Peter. Phil carried her tray in the lunchroom. He nodded her mildly. "It's time you went out more. Ever since Steve died, you've been moping." His blue eyes twinkled into a frown. "Seems to me that if Dave Roth really loved you, he'd have done something about it. Why not forget about it all and let me take you to a show tonight?"

Phil loves me, Val thought numbly. She gathered up her purse and gloves. "I'll let you know later. I want to think things over, Phil."

She was thinking it over at noon-afternoon. The letter lay uncalled for. Starting again at the river, Val was thinking of another letter. Steve's letter. She hadn't got it until after Steve-died.

"I knew," Steve had written, "it had happened to you and Dave the minute you came into the hospital. I'd have spoken then, Val, but I knew that if you married Dave thinking you'd hurt me there would have been a flaw in your happiness. I knew then that it would only be a few months at the most and Dave isn't the kind to love lightly."

Steve had loved so much. Had understood so much. Had he been right about Dave? Was that letter just a part of a nightmare? She took it out and read over the address. Mrs. David Roth. Blonde with a nice figure.

Her hands hesitated between the suit and the green dress. If she went out with Phil tonight, he'd ask her to marry him. He was kind and honest. Her hands ran smoothly over the suit. In the pocket something crackled. It was Steve's letter. Steve hadn't blamed her for loving Dave. He had tried to smooth the way of her happiness.

The green dress made her hair look less brown and her eyes like spring water. In the doorway of Claire's living room, her courage faltered.

Claire's voice steadied her. You're late, Val. Dave's waiting in the living room, her eyes found Dave's. He smiled broadly. "Come over here, Val. I've someone to show you."

Val was conscious of smooth shining hair and grey eyes. She's older than she seems, her mind registered. Then Dave's voice cut through her fog in her brain.

"What do you think, Val. Dad's moving his headquarters here, lock, stock and barrel. He's coming tomorrow but I brought Eleanor ahead to help pick out houses. Val . . . this is Mrs. David Roth . . . my stepmother."

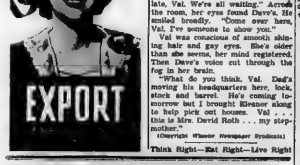
Avoid embarrassment caused by loose plates. Get FASTEETH today at any drug store.



RT. HON. ANTHONY EDEN who has been named foreign secretary of Britain by Prime Minister Winston Churchill. Mr. Eden will also be deputy minister and leader of the house of commons.

Ken Watson Drops Competitive Curling

WINNIPEG. — Ken Watson who Dawes times has piloted a Manitoba rink to the Dominion curling championship announced he is quitting competitive curling. It means the end of the famous curling partnership with his brother Grant.

"Mr. Curler" to Manitobans, Watson and Grant are known throughout Canada for their curling prowess.

In addition to winning the Dominion crowns, Ken Watson has skipped to Manitoba championships seven times—six of them consecutive. Seven times he was grand aggregate winner.

Ken said he would confine his curling to club games this year and will devote much time to his job as chairman of the Dominion high schools committee of the Dominion Curling association. He was the originator of the Manitoba high schools bonspiel and has encouraged boys all over Manitoba to take up the game.

Western Briefs

Trout To Sparkle Again

BLAIRMORE, Alta. — Trout in Crow's Nest River will sparkle again. Forestry officials said open coal-mine sumps which poured coal dust into the river this summer have been closed. The dust turned the fish jet black.

To Coach Dauphin Team

DAUPHIN, Man. — Roy Bentley, brother of Max and Doug Bentley of National Hockey league fame, has been signed as coach of the Dauphin senior and assistant director of minor hockey for the 1951-52 season.

Record Prices For Hogs

EDMONTON. — Record high prices was realized for purebred Yorkshire bacon-type boars at the Edmonton Fall show when $360 was paid for the champion by Ken Houghton of Frenchman's Butte, Sask.

Made Hazardous Landing

PRINCE ALBERT, Sask. — Bush pilot Donald Brenridge made a hazardous landing on the thin, early-season ice on a northern Saskatchewan lake to pick up a badly-burned child.

Collegiate Reopens Next Year

KAMSACK, Sask.—It is expected that classes will start in the new Kamsack collegiate next August, according to the report given by W. Turner, chairman of the collegiate board, to the annual school ratepayers' meeting.

Legal Ability

VANCOUVER. — Since Chief Justice W. E. Farris announced that judges won't recognize improperly-dressed lawyers, the legal fraternity has been brushing up on the proper legal dress. It includes a black waistcoat, "dicky" or white shirt, wing collar and tie, dark striped trousers, black shoes and black robe.

Oil Plant in Bonnyville Area

EDMONTON.—Plans for construction of an oil-processing plant in the Bonnyville area, 150 miles northeast of Edmonton, have been announced by Tor American Oils Ltd. of Montreal. Construction is to start immediately on the plant as well as on storage tanks, loading platform and racks.

Manitoba And Sask. Milk Production Drop

WEYBURN. — Milk production in Manitoba dropped 67,000,000 pounds in the three-year period from January, 1948, until Dec., 1950, C. H. P. Killick, provincial dairy commissioner, reported.

The trend in 1951 continued downward with indications pointing to a further two per cent decrease to the amount of milk produced, he said.

In 1948, milk production totalled 3,192,000,000 pounds; in 1949 it had slipped to 1,162,000,000 and in 1950 the figure stood at 1,125,000,000.

REGINA. — Milk production in Saskatchewan dropped almost 200,000,000 pounds from 1948 to 1950, government records showed.

Saskatchewan milk production in 1948 was approximately 1,802,000,000 pounds. By 1950 it had dropped to 1,612,000,000 pounds.

Dairymen attribute this decline to relatively higher returns from other types of farming, such as beef cattle or grain production. Other reasons advanced are the difficulty in obtaining suitable labor, the impact of dairy product substitutes and the low price of dairy products.

The number of milch cows on Saskatchewan farms this year is the lowest in 20 years.

MEASURE ACCURATELY

Concentrates of Vitamins A and D should be measured accurately, drop by drop. Overdosage is dangerous and may produce ailments in the tissues of children. 2939

CREST RUB with ECLECTRIC OIL

Canada's Oil Exploration Leads Into Frozen Wastes

By ANDREW R. BOONE
(CPC Correspondent)

EDMONTON, Alta.—The western world may not need Iran's oil, since the richest oil field yet mapped on the North American continent is here under Canada's west and northern plains. It is a vast underground sea formed of tropical coral.

The fat, sedimentary basin of Alberta's plain now being explored could take in all of California, Texas, Oklahoma and Louisiana, with room to spare. The rich strikes which have wakened all of Canada are but an indication of the vast supplies awaiting discovery.

Promising even greater strikes is this ancient sea extending from the North Pole to the Gulf of Mexico.

The California Standard Co., the Canadian subsidiary of the Standard Oil Company of California, discovered the clue to Canada's first production in the deep Devonian limestone at the Princess field seven years ago. Other discoveries in the Calgary-Edmonton area are now part of Canadian history.

Today, exploration looks to the north along the plains that lead to the Arctic ocean. Finding oil in Canada's wilderness involves constant battle against nature to a degree few Canadians or Americans realize. Some of the vast area is only sketchily indicated on maps. All is wild and forbidding. It is North America's coldest area, beset by Arctic gales and temperatures as low as 72 degrees below zero. Lake Athabaska lake in endless chains over thousands of square miles. Muskeg, a peat-like moss, becomes a quivering bog in summer, ready to swallow man and machine.

Only in winter can the oil exploration crews work. Through frozen

Technicians load shothole drilled through frozen muskeg muskeg. Cold is so intense water for drilling must be carried in boiler.

—Central Press Canadian.

earth they carefully place their drills at measured intervals along bulldozed trails.

Cold is so intense water for drilling shotholes must be carried in a boiler, its fire fed by logs, to keep it from freezing. When the thermometer drops to 30 below, lubricants solidify in a running start, steel buckles like plywood, batteries freeze and rubber crumbles.

Despite the Arctic cold, the prize sought by these explorers is formed of tropical coral. Nearly 6,000 feet down lies the bottom of the Devonian sea. Coral reefs in long barriers rise above layers of sedimentary rocks.

Oil has seeped upward, to be trapped in the crowns of these reefs, and in porous layers above. To find and map these reefs accurately is the exacting job of the seismograph crews.

Strikes at Acheson and elsewhere indicate the reefs to be enormously rich in high-gravity oil. Canadian and U.S. companies are expanding farther and farther north.

New equipment, including special trucked vehicles, will permit their crews to labor both summer and winter to get at the black stuff awaiting the drill.

Next stop: the North Pole.

Light, fine-textured BUNS

So easy to make with new fast DRY Yeast!

Here, at last, is fast acting yeast that *keeps* — stays full-strength without refrigeration till the moment you use it! No more spoiled yeast — no more slow years! Get a month's supply of the new Fleischmann's Fast Rising Dry Yeast!

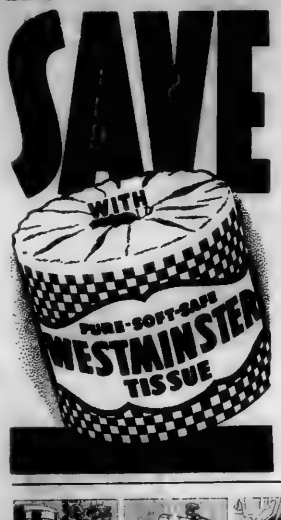
FEATHER BUNS

Scald ½ cup milk, add 2 tbsp. granulated sugar, 1 tsp. salt and ¼ cup shortening. Heat stirring constantly, to melt sugar and salt and dissolve shortening. Cool to lukewarm. Measure into a large bowl 1 cup lukewarm water, 1 tsp. granulated sugar, and sprinkle or crumble 1 cake Fleischmann's Fast Rising Dry Yeast. Let stand 10 minutes. Then stir well.

Add cooled sugar-shortening mixture, 2 cups sifted bread flour and 1 egg. Beat until smooth. Work in 1½ cups sifted bread flour to make a very soft dough. Grease top of dough lightly and set in warm place, free from draught. Let rise until double in bulk. Punch down dough and cut out rounded spoonfuls of dough with a tablespoon and drop into greased muffin pans filling each pan about half-full. Grease tops. Cover and let rise until doubled in bulk. Bake in a hot oven, 425°F., about 20 minutes. Yield — 24 medium-sized buns.

—By Lee Cassell

THE TILLERS



News Notes from Your District Home Economist

—By Bernice Reed, Wainwright, Alberta.

Cadogan Teen Club

Is a newly organized Interior Decorating club. The girls are taking, 'A Girl's Room' and 20th quarte projects. Mrs. Warburton is their leader, Mrs. Spidle is assistant. President is Mildred Jickling; Vice-President, Joyce Kisslinger; Secretary, Lucille Nelson and club reporter, Doreen Hanson. Members are Alice McCarthy, Lucille McCarthy, Grace Nelson, Ruby Jickling, Edith Kisslinger, Doris Hanson, Shirley Kreiser, Georgie Trigg and Barbara Fraser.

Canadian Assoc. of Consumers

The latest bulletin gives three methods for removing printing from bags. For years, economical rural homemakers have used the soft cotton materials of many flour and feed bags for making all kinds of things, aprons, dish towels, children's clothing etc. Some homemakers make the mistake of trying to remove the printing by using too strong a bleach for the purpose or bleaching for too long a time. This weakens the fibre. In December we gave some instructions how to remove the print from bags. Recently we received additional information from the U.S. Dept. of Agriculture. Here is a list of different methods which have been used successfully to remove the black printing:

Scrub bags with hot water and laundry soap. This often removes nearly all the ink. The rest usually disappears if bags are boiled in water with lye, half an hour and rinsed. A mild chlorine bleach may be necessary to take out the last traces. If water is very hard, the 'built' synthetic detergents sold for general laundry use may be used.

Wet a bar of laundry soap and rub on the bag until it is entirely covered with a thick layer of soap. Roll up the bag and let stand for several hours. Then wash and boil, if necessary.

Soak the bag in kerosene over night. Then wash, first in lukewarm water, then in soapy water, and rinse thoroughly.

Cover the black print with lard or soft petroleum jelly, rubbing the grease into the fabric thoroughly. Leave overnight to loosen the black, then wash in soapy lukewarm water and rinse.

Boil bags in water with sodium hydrosulphite or other dye remover which may be purchased at drug stores. Follow directions on the package and rinse thoroughly.

If you do not belong to the C.A.C. yet do send your 50c yearly membership fee to Mrs. W. Edwards, 10561-106 St., Edmonton. You'll receive easily that amount back in information as well as helping to improve consumer goods.

Raw Carrots

Mrs. Henry Nickel of Hayter sent in this item for serving raw carrots: We have been fond of carrots cooked in different ways but not raw. Now for dessert I often make up two packages of Jello 3" size. Flavor: add two tablespoons of sugar. When it cools and starts to set, I add six medium size carrots, washed good and put through food chopper with fine blade; and four apples with the core removed cut through the chopper also, or shredded. Serve with cream. I have used oranges instead of apples or other fruits and we are fond of it equally as well.

Vinyl

Vinyl is one of the thermoplastic materials. Thermoplastic materials do not undergo a chemical change when heat is applied but merely soften and may be formed into shapes when pressure is applied. When cooled the material becomes rigid, but may be made plastic and mouldable again when sufficient heat is applied.

Next Week's Question

Paradise Valley

Congratulations to Mr. and Mrs. Nick Stepanoff on the birth of a son in the Lloydminster hospital on Oct. 29th.

Again the Uneeda Lunch has changed hands. Mr. and Mrs. Freeman are coming back and Mr. and Mrs. Forslund are returning to Edmonton. We are glad to see the Freestone family back in town once again.

Mr. Tucker Rayson is busy these days building himself a house on Third Street. Tucker says it is a case of having to, as the house he was living in has been sold.

Mr. Arthur Swayne met with a very painful accident on Thursday when he slipped and fell while playing ball in the school auditorium and fractured his leg. He was taken in to the Lloydminster hospital in the school van.

A meeting of the Paradise Valley Curling club was held in the basement of the Memorial hall on Wednesday evening. Plans were drawn up for the winter months and a caretaker appointed. We understand that James Andrew will be in charge of the ice this season.

Mrs. W. A. Gunn returned home on Friday evening after attending the trustees convention which was held at Calgary this year.

The weather during the past week has been wonderful and even if the forecast is for colder weather we are very thankful for at least one week of nice days. As a result of the mild spell the streets and roads are very slippery. A few are still trying to combine and threshing is still going on.

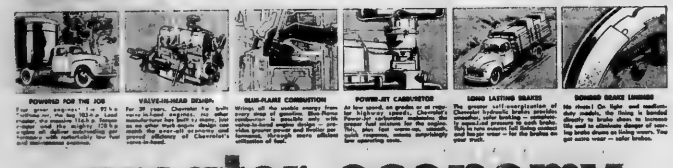
Mr. William Swedeck who is attending the Tech school at Calgary arrived home for the long week end on Friday night.

Mr. Albert McDonald has accepted a position with the Searle Grain Co. and is now employed at the local elevor.

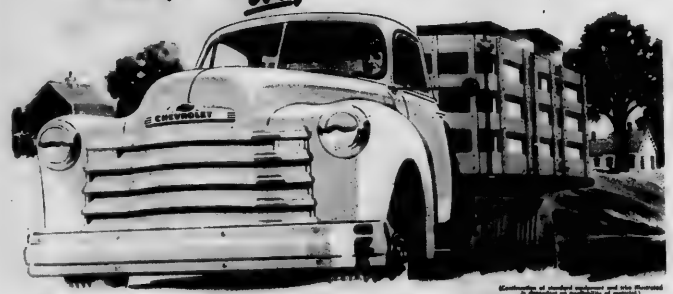
The local branch of the Canadian Legion sponsored a dance in the Memorial hall on Friday night which was fairly well attended. Jack Paget and his orchestra supplied the music.

BADLY NEEDED DEVICE

At last there is some hope of taming those blinding lights on the other fellow's car. The Financial Post reports a new device. You wear them like eye-glasses to effectively cut down night driving glare, say the makers. [illegible] lenses giving opaque shields [illegible] sufficient for the driver to use his headlights beneath — when headlights approach he lowers his head to cut the glare, without affecting his view of the road ahead.



greater economy
engineered in!
... to do more work for your money



Just take a look at the engineered-in economy features of Chevrolet trucks. Features like valve-in-head engine design, Blue-Flame combustion, Power-Jet carburetor, long lasting brakes and a host of others. All the vast engineering and manufacturing experience of Canada's largest truck builder is used to give you greater economy on the job.

And Chevrolet economy goes far beyond low operating costs. It means engines, chassis and cabs will stand up under rough, tough use month after month, year after year. It means building extra ruggedness and efficiency into Chevrolet trucks at lowest cost.

Every day, more and more truck users are switching to new Chevrolet trucks. Take a tip from these truck-wise buyers and get engineered-in economy and more work for your money.

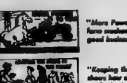
MORE POWER TO THE
Farmer

When you keep up with agricultural progress your farm operation becomes a good-paying business. That's where The Commerce can help you. Your Commerce Manager represents a Bank that has for many years taken a keen interest in promoting better farming and in looking after Canadian farmers' banking needs. Why not pay him a visit?

Be sure to ask for your copies of these booklets. They are available at any Commerce branch.



"More Power to You" explains farm mechanization in keeping with good business practice.

"Keeping the Farm in the Family" shows how a farm can be run as a profit-sharing partnership.

"Feature on the Production Line" deals with growing control and soil conservation necessary for better land use.

"Good Breeding Stock" outlines the conditions of history which help you to realize top production.

"Quality Makes Sales" tells how to get quality with volume at an economical production cost.

Sixteen Years Ago Today

Nov. 14, 1945

A. C. Majury was elected president of the Vermilion Inspectorate Educational Association at the annual convention attended by 350 teachers. Mr. Urquhart of Claymore was elected vice-president and J. J. Part secretary-treasurer.

The Arena rink under the management of Charlie Wilson was advertised to open on Friday night, Nov. 19th. First doubleheader in the Civic league will be Wednesday Nov. 20th.

"If November keeps up its present record it will be the coldest November in the history of the country." Low readings this week have been Tuesday 21 below, Wednesday, 16 below, Thursday 18 below, while the mid-day readings have been barely above the zero. All side roads are blocked to motor traffic by snow, as well as a few main market arteries.

Thirty-two Years Ago Today

Nov. 15, 1929

Edgar Porter leaves this week for Toronto where he has secured a good position.

Weather recording at the V.S.A. show some very low readings for this early in the winter, Nov. 5, 29 below; 6th, 17 below; 7th, 19 below. The G. W. V. A. held special Thanksgiving services in observance of Armistice day.

A revolutionary new motor car, the Overland 6, was heard announced by the manufacturers. Jos. McKone was the dealer in Vermilion.

Master Farm Family Awards Announced

The third group of Master Farm Family award winners have been announced by Hon. D. A. Ure, minister of agriculture. The winners are: John G. Porozni Family of Willingdon; J .W. Hosford Family, South Edmonton; Floyd Gibbon Family, La Glace; Victor Watson Family, Airdrie.

Each master farm family receives an award of $1000, an engraved plaque and a name plate for the farm entrance.

Objectives of the master farm family program are to provide practical recognition of farm and family progress and approved agricultural practices. The advantages of the farming vocation and the wholesomeness and dignity of rural life are emphasized and farm youth are provided with a goal by the program.

Mr. Ure reminded the people of Alberta that one of the main purposes of the program is to find and honor those families who have made outstanding progress in farming, homemaking and citizenship.

"The winners of the Master Farm Family are Good Farming, Right Living and Clear Thinking," he said.

"I hope the program will continue encourage and maintain the high ideals of good farming practices, good family relationships and good citizenship.

With the continuance of the program from year to year, the high standards required for nomination are becoming more fully appreciated by the people of the province. A total of 36 families were nominated for the 1961 Master Farm Family award, a total slightly less than.

Candidates for the awards must be Canadian citizens who have operated farms in Alberta as owners or leasees for 20 consecutive years, (military service is included). At least three neighbors must testify as a candidate and the candidate must personally accept the nomination.

The winners are selected on a district and regional basis and confirmed finally by a provincial committee. The regions correspond roughly to the soil zones of Alberta. Both technical and practical agriculturists and home economists are represented on all committees.

Under the system of selection, provision is made for an evaluation under 87 factors related to the farm, cultural practices, family, and community life. It will be seen therefore that a very high standard of performance is required and that a family can measure up only by a creditable record in all or most of the points of this very comprehensive score card.

The main divisions are the home and farmstead, operation and organization of the farm, family and community life and management and business methods.

Possible maximum scores have been calculated carefully for each division according to its relative importance and the record of each candidate is assessed in relation to the possible scores.

The Minister of Agriculture congratulates the master farm families for their fine records of achievement and also commends the other candidates who were honored by nomination. He expresses sincere appreciation for the work done by the various selecting committees.

In the first six months of 1951 Ottawa had obtained from tax revenues a half billion dollars more than had been required to meet government spending the period.

Do You Think You're Fireproof?

YOU DON'T STOP PAYING for fire insurance on your home just because you may have lived there successfully for 20 years without suffering a fire, points out Health magazine in an editorial. By the same token, wise parents don't neglect the immunization of their family just because they've never had a close relative or a friend's child struck down by one of the preventable diseases—diphtheria, whooping cough, tetanus (lockjaw) or smallpox.

• • • • •

Continued Vigilance Is Imperative

"Wise parents and their physicians may never have had a close friend or relative struck down by one of these insidious killers; but they realize that continued vigilance is imperative," declares the Health League of Canada magazine. The effectiveness of a persistent immunization program has been demonstrated by several Canadian cities. Take Brantford, Ontario, for example. For the past 20 years the Telephone City boasts a completely clean sheet so far as diphtheria is concerned—not a single case reported since November 1930. The last death from diphtheria in Brantford occurred in 1928. This is claimed to be a world record among cities of comparable size.

• • • • •

Immunization Gospel A Must

Or take Toronto, with only one case and no diphtheria deaths in the three years 1943-45; and Hamilton, Ontario, with its notable achievements in prevention. But elsewhere in Canada, despite the availability of safe and simple immunization, there were 305 deaths from 12,182 cases of whooping cough, and 49 deaths from 421 cases of diphtheria last year. "It is clear" concludes the Health League magazine, "that the gospel of immunization must still be preached."

Must Reduce Accidents To Keep Insurance Rates Down

TORONTO.—Merlin Donald of the All-Canada Insurance Federation said that several companies are thinking of quitting the automobile insurance field because they are paying out so much in claims that they expect to take a loss or make only a small profit.

He told the Canadian Good Roads Association:

"As costs go up, through more accidents and more expensive accidents, insurance rates have to go up if premiums continue to go up, it can be assumed that more and more people will stop driving or will drive without insurance. In other words, our product will be priced out of a substantial market. The only way we can see to reduce insurance rates is to cut down the number of accidents."

Suggests King Visit Canada To Recuperate

VANCOUVER, B.C.—The Vancouver Sun suggests that King George should spend a month or two in Canada when he recovers.

"The king is King of Canada," the newspaper said in an editorial. "The resigning monarch is unfortunately not a well man, but in the future the king of Canada should play a larger personal part in the government of Canada.

The editorial suggested the king should open Parliament annually.

Funny and Otherwise

Editor: "Have you submitted those parody anywhere else first?"

Poet: "No, sir."

Editor: "Then where did you get that black eye?"

• • • • •

Employer—Do you think you know enough to be useful to this office?

Office Boy—Know enough? Why, I left my last place because the boss said I knew too much.

• • • • •

Tenderly: "What time is 't was beautiful?"

Popular: "Two."

• • • • •

Harper, seeing his friend Cash standing in the rain outside an expensive seaside hotel, went up to him and said, "What are you going to do, old chap? Stay out and get wet or go in and get soaked?"

• • • • •

She—They seem such a happily married couple.

He (absently)—For one't go by looks, my dear. They may be saying the same thing about us.

• • • • •

Two little girls were playing keeping house, one being the wife, the other the husband. When the "wife" insisted on carrying the purse the other objected.

"Don't you know," persisted the "wife" in the man who earns the money but the woman who spends it?"

• • • • •

"And what are you doing about saving electricity?"

"We've stopped the electric clock and my husband is using an ordinary name."

• • • • •

Everyone in the village had vainly searched for a lost cow. Finally the local nit-wit went out and brought it to it.

"How did you find her so quickly?" the owner asked in surprise.

"Why," the nitwit explained, "I just thought if I were a cow where I'd go, and I went there and there she were."

• • • • •

"I don't understand how you came to marry her," a friend remarked to a friend whose marriage had failed. "You admit that you didn't particularly care for her—then how did she get you?"

"Well," came the dry rejoinder, "it's not something you can explain very easily, but I suppose it must have been because she wanted me worse than I didn't want her."

• • • • •

Western Towns Gain Awards For National Efforts

Vegreville, Red Deer, Dauphin and Winnipeg Recognized by Canadian Chamber of Commerce

QUEBEC.—Awards for work in fire prevention and in health and safety programs were made by the Canadian Chamber of Commerce to local boards of trade and chambers across Canada.

The fire prevention contest is based on reduction in fire losses, permanent improvements in building construction, general fire protection, and particularly the participation of the local board or chamber of commerce and educational work. Winners of the fire shield were:

Communities of more than 50,000 population, Ottawa board of trade; 10,000 to 50,000, La Chambre de Commerce, Hull, Que.; 5,000 to 10,000, Kenora, Ont., board; honorable mention, Red Deer, Alta., and Nelson, B.C., boards; less than 5,000, Vegreville, Alta., chamber; honorable mention, Lunenberg, N.S., board.

The health and safety contest is based on accomplishments in health and sanitary improvements, reduction in accidents and communicable diseases, and particularly the educational and preventive work carried on by the local board or chamber. Winners of the awards, metal statuettes, were:

Communities more than 50,000, Windsor, Ont., chamber of commerce; honorable mention, Winnipeg chamber; 15,000 to 50,000, greater Niagara chamber; 5,000 to 15,000, Red Deer, Alta., chamber; honorable mention, Dauphin, Man., chamber; Kenora, Ont., board; Thorold, Ont., board; less than 5,000, Lunenberg, N.S., board.

Communities more than 50,000, Windsor, Ont., chamber of commerce; honorable mention, Winnipeg chamber; 15,000 to 50,000, greater Niagara chamber; 5,000 to 15,000, Red Deer, Alta., chamber; honorable mention, Dauphin, Man., chamber; Kenora, Ont., board; Thorold, Ont., board; less than 5,000, Lunenberg, N.S., board.

"It Was Pig Food, Not The Pigs That Increased This Time"

It was the pig feed—not the pigs—that increased profits quickly for Leon Bushnick, of Camp-Bridge, Man. He picked up 1½ tons of sour dough in his garage-disposal truck. As he drove along, the dough kept to rise. Bushnick first noticed the increased feed when its dough began oozing into his cab. He tried to get to the hog farm as fast as he could, but reached it within 15 minutes. Police came along, declared Mr. Bushnick's truck a "public nuisance" and recommended that another truck share the load. Both trucks arrived at the piggery full to the brim.

Think Right—Sew Right—Live Right

Horse-And-Buggy Days Were Dangerous Too

TORONTO.—Forty years ago almost 4,000 persons lost their lives in horse-and-buggy accidents in North America in a single year, the Canadian Good Roads association was told.

Merlin Donald, of the All Canada Insurance Federation in Montreal, said that "we have become so accustomed to associating the motor car with traffic accidents that we overlook the fact that mankind was always shown an amazing ability to get into trouble no matter what his method of locomotion."

He quoted from a newspaper clipping of 1891 which said "the deadly horse-and-buggy catastrophes have piled up several serious cases during the past week. Motorists, a whole family was hurled to destruction by a team of runaway cars."

Beet Growers Returns Greater

WINNIPEG. — The first bag of sugar produced from beets in Manitoba sold at auction for $2,000.

That was 11 years ago. This year more than 1,000 growers in the province will receive $2,625,000 for their crops.

The province's only processing plant—a $1,000,000 structure at Port Garry—expects to extract sugar from a record 175,000 tons of beets before it shuts down for the year early next January.

Since harvesting began, bulky mechanical pickers and strong-backed laborers have plucked the sweet crop from almost 30,000 acres planted last spring. Sugar output should reach 40,000,000 pounds compared with last year's record of 35,000,000 pounds.

Manitobans say that sugar beet fires dates back at least 30 years when the provincial government harvested small experimental plots. It took drastic sugar shortages during two world wars to persuade government officials and farmers that the industry had a future.

The Canadian sugar beet industry is scattered in four provinces — Alberta, Manitoba, Ontario and Quebec. Alberta yields are considerably above the other provinces, partly because beets are grown on irrigated land.

Alberta's crop this year is expected to be 430,000 tons from 36,000 acres planted. Ontario has the next largest crop with 347,000 tons expected from 31,500 acres.

Manitoba is third followed by Quebec which reports 10,000 acres sown and an expected yield of 100,000 tons.

PERFUME FROM APPLES

In an attempt to reduce the surplus in the country's apple crop, the U.S. Department of Agriculture is experimenting with a method to develop commercial perfumes from apple essence, states C-I-L Agricultural News. Only the apple skins are being used in the process. Scientists are trying to find other uses for the waste pulp.

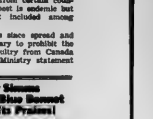
Britain Bans Import Of Poultry From Canada

LONDON. — Imports of poultry from Canada will be banned in Britain from November 13 because of the "serious risks" of fowl pest spreading into the British poultry industry, the Agricultural Ministry announced.

Dutch poultry also will be barred. Last April Britain prohibited imports of poultry from certain countries where fowl pest is endemic but Canada was not included among them.

The disease has since spread and "it is now necessary to prohibit the importation of poultry from Canada and Holland," a Ministry statement said.

Ginny Simms Compares Blue Bonnet —Sings Its Praises!



Give your meals a new note! Take a tip from Ginny Simms! Compare Blue Bonnet Margarine with what you spread it on any time. Like the celebrated songstress, you'll love the morning-fresh, spring-sweet flavor of this fine-quality all vegetable margarine. You'll appreciate Blue Bonnet's nutrition. And you'll welcome its real economy, too. Buy Blue Bonnet and get "all 3"—Flavor! Nutrition! Economy! Use it in cooking, on vegetables, as a delicious spread.

Blue Bonnet Margarine is sold in two types — regular economy package with color wafer, and also in the famous Yellow Quik bag for fast, easy color.

Wildmere Winks

Everyone was sorry to hear of Margaret Whitlock coming down with the scarlet fever last week. It is surely not a very pleasant illness and we all wish her a speedy recovery with the hope that her sister Hazel does not take it.

Mr. and Mrs. L. Fadden received a pleasant surprise last week when Lindy's brother Clayton phoned them from Richford, Vermont, U.S.A. The call was so clear and plain they really enjoyed their short talk. Lindy's father has been in the hospital with a badly burnt leg since August and he had come home that day. While he could not step on that leg yet he was much better.

The boys have been busy starting to make ice in the curling rink for another winter of an interesting and healthy pastime. We understand that Battleview men are interested in curling and are coming up again this winter.

There will be a whist drive put on by Preston Jr. Red Cross at Wildmere this Friday, Nov. 16th.

Basswood Jr. Red Cross is holding a Box social and dance in Basswood on Nov. 23rd.

The Wildmere W.I. is having a bazaar and dance in the Basswood school on Friday, Dec. 7th. Every one welcome.

A goodly sized congregation was out to church at Basswood on Sunday to hear Canon Teape give a very interesting sermon on Armistice day. We were pleased to see Mr. and Mrs. F. Van Wageningen and son Florent of Woodvale there. Canon Teape plans to hold church again in Basswood on Nov. 25th. Roads and weather permitting.

When Billie and Adam Smith were coming home from Edmonton recently they were assured by Address zon and called on some friends Bob and Adam Scott. Bob had visited in Wildmere some years ago.

Mr. and Mrs. Walden Westman visited at Mrs. Westman's parents' home. Mr. and Mrs. J. Batke Sunday afternoon.

Quite a number of folks around here attended the Gerber sale in Vanesil last week, while others took in the Harvey Wilson sale the same day.

Jimmie has the snow fence up folks and it really snowed on Sunday.

J. Wallington, Lindy Fadden and Adam Smith worked Monday on the telephone main line putting it in shape before winter sets in.

Bowtell Bulletin

Deepest sympathy is extended to the Graham and Wallington families in their recent sorrow.

John Rochfort had an operation on his eye in Edmonton on Thursday and we all sincerely hope that is will be successful.

We are sorry to hear that Mr. Dixon is ill in the Wainwright hospital, having been taken there from his daughter's home, Mrs. Tattersal, with whom he was visiting.

The Robinson home looks very nice with a coating of imitation stone.

Bob Johnson is now stationed at the C.N.R. station in Vermilion.

Mr. and Mrs. Jones and Mr. and Mrs. Sherwood enjoyed a visit with Mr. and Mrs. B. Gould, also a short visit with Mr. and Mrs. L. Gould the same day.

The Community club is holding a dance in the hall Nov. 23 folks.

Mr. Walker, William, and Charlie Pearman were visitors to Edmonton.

Congratulations and all good wishes to the newlyweds, Mr and Mrs. L. Gould (nee Betty Gillie).

Congratulations to Mr. Chas. De ford who recently celebrated his 75th birthday. Charlie farmed for many years in Bowtell district.

Fred Playne, Jim Repp and Mike Warawa were Calgary visitors this week.

Mr. and Mrs. Sherwood enjoyed a visit on Sunday at the Johnson home.

Thirty people attended the demonstration held at the home of Mrs. Johnson. It was nice to see Mrs. Fraser and Mrs. B. Gould present. The writer enjoyed a chat in town recently with Mrs. Odinchuk.

The Lippert family have moved to town for the winter.

Minister National Health Endorses T.B. Seal Sale

The Hon. Paul Martin, minister of National Health, issued a statement endorsing the Christmas Seal sale of the Alberta Tuberculosis Association as follows:

"During the past few years Canadians have been in the happy position of being able to observe a tremendous decrease in the number of lives lost to tuberculosis, a disease once commonly referred to as 'the white plague.' What was a few years ago a leading killer has become a lesser scourge owing, in great part, to increased facilities for diagnosis and to improved diagnostic equipment, particularly mass X-rays. To the voluntary tuberculosis associations goes much of the glory for this winning fight over an age-old enemy. Since the work of the Alberta Tuberculosis Association, and of the other provincial associations, depends so largely for its success upon the proceeds from the sale of Christmas Seals, I consider it a privilege to heartily endorse your association's annual appeal for funds. Every citizen who buys Christmas Seals is purchasing an investment in better health for all."

Christmas Seals have been mailed to 750,000 homes in Alberta and the Association is hoping to receive at least 100,000 contributions averaging $1.85. Since many of the annual contributions amount to $1 or less, it will be necessary for a great many Albertans to give well over that amount in order to reach the provincial objective of $185,000. Christmas Seal funds are spent on preventive services, health education, occupational therapy, rehabilitation, nursing and welfare services. Tuberculosis is gradually being reduced as a cause of death but the incidence of the disease remains high in Alberta there are still 1200 patients under treatment and there are probably another 1000 unknown cases.

Ethelwyn News

Mr. and Mrs. Thorvuen Burns are moving this week to their new homestead north of Edmonton.

On Friday Nov. 2 Miss McCormick sponsored a box social and dance at the school. Mulgrew's orchestra supplied the music.

Sincere sympathy is extended to Mr. and Mrs. Rock Burns and daughters on the loss of their infant son and brother. Sympathy also to Mrs. Art Smith and family on the passing of a loving husband and father. May God comfort these sorrowing people.

The W.A. meeting was held at the home of Mrs. Jaremco on Nov. 1st with 9 members present and two guests. One new member joined bringing the membership up to eleven. It was decided to bake an item and to meet it stroped to anyone who wished to donate a dime or more to the W.A. fund by using a patch on the apron with the money under the patch. The apron is already in circulation so will be calling at your house in the near future. The next meeting will be held in town at Mrs. Pick's on Dec. 6th. All you ladies who have not yet joined but are interested please accept this open invitation to attend the next meeting or any future ones.

Since last writing Grandpa McBride has spent a few days at the farm with his daughter and family Mr. and Mrs. Harold Cooper.

A fagged rainbow trout was recently caught in Lake Michigan, and it had traveled 400 miles in six months.

Help Your Paper Get All the News

You can help make the Standard the brightest, newsiest weekly paper in Canada!

We want to get all the news. The Standard maintains only a part time news gathering staff and it alone cannot reach into every corner of this active town and district for a complete news coverage of every organization, every individual, having a story to tell.

There are scores of different organizations — lodges, farm groups, boards of trade, church groups, etc., throughout Vermilion, Villages and hamlets in this district whose activities the Vermilion Standard would like to report. Appointment of a press secretary to keep the paper in touch with your organization activities would help the Standard closer to its objective of giving you ALL THE NEWS.

As individuals our readers can help too. Did your neighbor celebrate their 50th wedding anniversary? Did you have out-of-town friends visiting you over the week end? Or did anything at all of news interest happen to you or your friends? Won't you let us know so that we can tell our family of some 9000 interested readers about it?

What does your Label read?

Returns Home

Mrs. Helen J. Campbell has returned to her home in the west, following an extended visit in the east. Mrs. Campbell visited in St. Louis, Mo., with her brother, Rev. John Norman Morrison, pastor of one of the leading churches in that city. She also visited relatives and friends in Chicago, New York, Springfield and Boston, Mass. In Cape Breton she was the guest of her brother Rod Morrison and family, Glace Bay, and another brother James R. Morrison, Sydney. Mrs. Campbell now makes her home with her brother J. W. G. Morrison, K.C., in Vermilion, Alberta.

—Sydney N.S. Post-Record.

The arrangements for this trip were made by the local agency of the Canadian National Railways. Mrs. Campbell arrived home last week.

HORTICULTURAL SOCIETY MEETING NOV. 21

Vermilion Horticulture Society will hold their annual meeting at 8:00 p.m. Nov. 21st at the school of agriculture. All residents of Vermilion and district interested in gardening are welcome. A program has been arranged. 2-

Gives Talk On Health Unit

Dr. A. Ben King was the guest speaker at the regular meeting of Wildmere F. U. A. on Wednesday evening. The Doctor gave a talk on the Health Unit and its work.

Col. W. T. and Mrs. Cromb of Edmonton spent Saturday and Sunday in town, guests at the home of Mr. and Mrs. W. L. Rosdeck.

Frank Crawford of Edmonton was a business visitor to Vanesti and Vermilion over the Remembrance day week end.

W. J. Macnab returned from Wilcox last night where he was a delegate to the annual convention of the United Grain Growers Ltd.

Mr. and Mrs. Vic. H. Cooper and daughter Joanne motored to Calgary over the Remembrance Day week end where they visited Mr. and Mrs. Bob Bell and daughter Brenda, and renewed acquaintances here.

Mr. and Mrs. Thos. Connolly and little son motored to Edmonton for Remembrance day week end where they visited friends.

W. I.

Regular meeting of the W.I. will be held on Monday, Nov. 19th at 2:30 p.m. at the home of Mrs. W. Bell. 20-

Happy Hour Group Meeting

The Happy Hour group will meet at the home of Mrs. Joe Hart on Thursday Nov. 22, at 8:30 p.m.

Tea and Sale

The annual Home League tea and sale will be held in the Legion hall on Saturday, Nov. 17th at 2:30 p.m. 17-20

Sale of Work & Home Cooking

All Ten Provinces Well Represented At Annual Chamber of Commerce Meeting

CANADA IS SOLELY OF TRADE CONSCIOUS

Business and community leaders from all 10 provinces have returned to their homes across the country after attending the 22nd annual meeting of the Canadian Chamber of Commerce in the Chateau Frontenac, Quebec City, Oct. 29-Nov. 1. Main subjects under discussion were the inflation problem, Canada-U.S. relations and community building as symbolized in the Chamber of Commerce movement.

Feature speaker was Charles E. Wilson, U.S. defence mobilizer who told some 600 delegates to the meeting that Soviet Russia soon will have to choose between making a lasting peace or living in an island of austerity, while the militarily-mighty free world prospers. Another speaker, Mrs. W. R. Walton Jr., president of the Canadian Association of Consumers, urged that Canadians be told the facts about inflation. She advocated that all governments reduce drastically all non-defence spending, and that industry eliminate certain frills and pass the savings on to consumers.

Policy declarations and resolutions on such things as trade, immigration and free enterprise were approved by the conference. One resolution asked the Federal government to take no present action on its proposed legislation concerning resale price maintenance. The resolution urged that the Government withhold action until the Chamber can obtain the views of its 500 member Boards of Trade and Citizens' Committees across the country, and that, in any event, no action be taken at this session of Parliament. In debate on resolution, mail delivery delays ran into heavy criticisms from many delegates.

Another resolution noted protests by Canada and other countries against U.S. action in imposing import restrictions on cheese, fats, and some other imports in violation of obligations under the General Agreement on Trade and Tariffs.

Speaking about the work of individual Boards and Chambers, the report noted that the moral fibre of this nation is only as good as the morality of its people — the people who live in the 700 communities and more, where Boards and Chambers can focus the best minds of city, town and hamlet in the direction of good leadership."

A new technique for conducting group discussion was tried out at the meeting. Each session was broken up into groups of six, and each group was asked to come up with its best answers to various questions, after about five minutes discussion.

One question was: What is the best way to promote increased activity in your local Board? And here are some of the answers: Give some task to as many members as possible. Delegate responsibility according to individual abilities. Have all members know the committee work. Don't leave everything to the executive council.

ALLANDALE

The weather lately hasn't been too cold, was mild enough to stop the threshing machine. Mr. Johnson's started again on the 10th. They are now at home and will finish by the first of the week. The combining no doubt will have to wait until spring. More snow is falling and forecasts are for still more.

Sincerely after Joe Soallin was admitted to an Edmonton hospital due to an accident he passed away. Another of Allandale's old pioneers to pass on.

The teacher, Miss Jean West and pupils entertained the parents and friends on Thursday afternoon.

Mrs. Selina Lee and family have moved to Clandonald for the last months to make it more convenient to get Linda to school. They will be living in Mrs. Wilkinson's house, Bridget Pierce will stay with her as she is attending school in Clandonald.

W. M. S.

The W.M.S. of the United church held their regular monthly meeting on Thursday Nov. 8th at the home of Mrs. Albert West. There were 26 members and four guests present. Mrs. W. Barr the president was in the chair and extended a warm welcome to all present.

Mrs. Hart, Mrs. Long, Mrs. Roebuck and Mrs. E. Filgate conducted devotional. Minutes were then read, reports given and business of the month discussed. This latter was quite lengthy and interesting.

Mrs. Roebuck gave a review of two more chapters of the study book. Roll call was taken. Mugah was then repeated and a very good lunch was served by the committee in charge. The ensuing social hall hour was much enjoyed by all.

Vermilion Board of Trade Set Example

LLOYDMINSTER — In an effort to create a bit of interest in Board of Trade affairs, and to keep the members more in touch with what is being done, it was decided at the last executive meeting to have a dinner meeting the second and fourth Thursday of the month.

The meetings will be run on Am-Bar lines to the Vermilion Board of Trade dinner meetings. They will commence at 12 15 and end at 1 30 sharp. —Lloydminster Times

Dewberry and District Seek Improved Roads And Maintaining

TENDS MEETING TO BE HELD NOVEMBER 21.

The Standard has been asked to give some publicity to a meeting of the Dewberry and district residents for better roads in that area. The first direct action towards that objective came over one month ago and is outlined to the Standard as follows.

Of prime importance is the fact that because of the poor road condition of the roads over which the school busses have to travel, the bus drivers suggested direct action unless the council took some action to remedy this condition.

On Oct. 8th a meeting was held of the ratepayers of the district, said meeting decided to send telegrams to Hon. Ivan Casey, Minister of Education, Hon. Gordon Taylor, Minister of Public Works, Mr. A. Aalberg, M.L.A. and Mr. Thos. Wilson, secretary of M.D. No. 71, reading as follows: "A ratepayers' meeting was held in Dewberry school on Oct. 8th to look into the matter of transporting our children to school. Bus drivers suggest strike unless roads are made passable. Tried to get action from local councillors. No result."

The second meeting of the Dewberry and district ratepayers was held on Oct. 30th to discuss ways and means of putting district roads, with about sixty in attendance which is proof of the keen interest the people throughout the district have in the state of the roads over which they travel. Mr. Green expressed the opinion that in order to improve our roads, we must either raise our taxes or adopt more efficient ways of working. He depended on the road maintainers (8 feet wide) taking one man to drive the tractor and another man to operate the maintainer. The meeting passed a resolution asking that a motor grader be again stationed in Dewberry and that the council enquire into the advisability of procuring another maintainers (12 feet wide) with one man control for use with our large farm tractors. A delegation consisting of Ben Timanson, A. Red man, Jack Grant, Cliff Hamilton and G. T. Skinner was elected to present this resolution to the council at their next council meeting.

A third meeting of the Dewberry and district ratepayers is being held on Tuesday evening, Nov. 20th. Mrs. Lawrence, Belsheim and McQuigan have promised to attend. Reeve Leighton is also hoped to be present if he could get away.

People of Dewberry and District interested in Better Roads, please do not neglect to attend this very important meeting!

Most Active Year In Hockey History Planned

Tiger Hockey Club Elects Officers

On Thursday, Nov. 15th in the library room the newly elected executive for the Vermilion Tigers Hockey club was elected as follows:

President—Dr. Ben King
Hon. Pres.—Charlie Upshall
Sec.-Treas.—Tom Slade
Executive — Roy Barnett, Glenn Baldwin.

Signs Elmer Kreller as Coach

The president announced the signing of Elmer Kreller, formerly of Edmonton Flyer fame, as playing coach for the 1951-52 season. The executive feel that this is a big step toward building up a good senior team for Vermilion. Fans can look forward to seeing Elmer in action at the first home game, which is tentatively scheduled for Saturday, Dec. 1st with Vegreville Rangers the visiting team.

Many New Plans

The new executive plans a very extensive publicity campaign this year in order to create greater fan support which the local club so well deserves. For the first game the Vermilion boys' band has been hired to provide good music between the periods. At the first game also the draw will be made for the Wilchester pump gun on which tickets are now being sold by the Booster club.

Advance Season Ticket Sale

As soon as they are printed advance season tickets will go on sale throughout the town and country. These tickets sell at $5 each and admit the ticket holder to each home league game and all exhibition games. They also give the holder priority on reserve seats for the play-offs. The money derived from the sale of these tickets is needed by the club to start the season before money can be realized from gate receipts. It is hoped that as many people as possible will purchase these and all can be assured of a first class brand of hockey to be presented this year.

Novelties to Add Interest

It is planned also to hold special ladies' nights, boys and girls nights, and farmers nights throughout the season, at which times admission prices will be reduced and many attractive prizes will be given to the lucky ticket holders. These special nights will be announced in future in your Standard, and on the display posters.

A circular will shortly be sent to every householder in town and district introducing each player and setting out the program planned for the year. The enthusiastic support of every citizen is earnestly requested by the executive, and they in turn promise the best and most exciting year of hockey ever seen in Vermilion.

Exhibition Game with Regina

Negotiations are underway to try and arrange an exhibition game with Regina Pats, currently at the top of the Saskatchewan Junior hockey league.

The executive plans to reduce the admission prices as follows: adults 50 cents; students 25c; children under 14, 10c.

The members of the Stagette club will be selling the advance season tickets and all citizens are requested to support this effort.

First Hockey Practise Tuesday At 6:30 P.M.

The first senior hockey practise of the season will be held on Tuesday evening Nov. 27th at the arena at 6:30 p.m. Every worthwhile boy playing on Coach Elmer Kreller will be here and anyone who wants to play with the Tigers is requested to be on hand for this important practise.

Dick Coyne Gets Perfect Crib Hand

IN FOUR-HANDED GAME

Dick Coyne of Vermilion has now reached the ultimate as far as cribbage is concerned. Dick held a perfect hand last Sunday evening while playing in a four-handed game. A hand-holding game makes the possibilities of the hand even more remote.

Dick held three 5's and the Jack of Spades, when lo and behold, the 5 of Spades turned up in the cut. Dick couldn't contain himself and began jumping up and down on his chair exclaiming "I got it, I got it!"

Playing with him at the table were Albert Hareuther, Bob Patmore and Harold Swanson. Dick and his partner went on to win the game.

Christmas 'Seal' your Xmas mail.

Elmer Kreller To Coach Tigers

Elmer Kreller

Elmer Kreller, for the past several years an outstanding player with the Edmonton Flyers, and who retired from that team at the end of last year, is playing coach for business reasons, has been signed as playing coach of the Vermilion entries in the Intermediate A league, is the good news announced by the hockey executive this week.

Elmer purchased the Massey Harris agency business at Mannville last spring, as it is hoped that he will solve the coaching problems of the Tigers for years to come.

The first practice will be held at the arena on Tuesday evening at 6:30 p.m. and all players with ambitions to make the Tigers, from surrounding towns and district are asked to attend. The new playing coach will be present and will look over the possibilities of all applicants. Seventeen local boys have evinced interest in playing as is it hoped that with the efficient coaching that Mr. Kreller can give them Vermilion will be able to do without important players.

Elmer, who is looked upon here as being a local boy, is heartily welcomed to Vermilion.

Fred Haines Re-Elected President of The Wildmere F.U.A.

ADDRESS GIVEN ON THE HEALTH UNIT BY DR. A. R. KING

The annual meeting of the Wildmere F.U.A. with a goodly number in attendance, was held Wednesday Nov. 14th. Mr. Fred Haines was re-elected president with G. Harrison as vice-president. Ray Osterburg is secretary-treasurer. The three directors are Dave Dibben, W. Garnett and J. Bathe.

Mr. Haines was nominated as delegate to attend the convention at Calgary next month.

Dr. A. R. King of Vermilion then gave a very interesting address on the new Medical Health Unit recently formed for this area. He pointed out that this was largely preventative medicine and that it is nothing to do with the M.S.I. but rather covered the field of inoculation, vaccination, monthly check of well babies with recommended formulas, etc., periodic checks of all school and children. General sanitation throughout the country including, wells and water supply. The Medical Health Officer in charge automatically becomes health officer of the prescribed area, having charge of all communicable diseases and quarantines. The cost of the health unit is borne, 40 per cent by the provincial government and 60 by the municipality or approximately 60c to 70c payable in taxes.

Coyote Control

The subject of coyote control was discussed and the meeting was in debted to the Doctor in explaining that the overall plan was to apply to the municipal office for aid. They would then turn it over to the local game warden who would visit the area and place cyanide guns at strategic and safe places. These gun would be taken up in the spring before any stock is turned out. Dr. King pointed out that this gun was a capsule of cyanide placed on a spring contraption with a special scent only attractive to coyotes, the capsule explodes in the coyote's face and instantly kills him.

THANK YOU

Canadian Legion Post 11 wish to express their thanks to all organizations who participated in the Armistice Day activities, and to Mr W. P. Pilkie for the free use of the theatre.

CHRISTMAS SEALS FIGHT T B

HON. DAVID URE TO SPEAK HERE

TICKETS NOW AVAILABLE FOR BOARD OF TRADE BANQUET

The Hon. David Ure, Minister of the Provincial Department of Agriculture, will address a dinner meeting of the Vermilion Board of Trade on Wednesday evening next at 6:30. The meeting will be held in the Anglican church parish hall. The tickets for this event are now available at $1.25 at many of the stores in town, or from individual members of the agricultural committee of the Board.

Mr. Ure will speak on a subject of wide interest to farmers and it is hoped to have a large number from the country present.

Boys' Band Association Organizes for Year

R. B. CARMICHAEL IS NEW PRESIDENT — GIRLS TO BE ADMITTED

One of the greatest acquisitions that a town can have is a band — it is needed at all public gatherings, fairs, sports days, parades. It is constantly in demand from the neighboring communities and thus contributes much towards publicizing the centre from which it comes. In Vermilion we have a band, provides an activity for the young people in a very worthwhile field. It does take work and worry on the part of public spirited and interested citizens to organize, maintain and finance a band.

On Tuesday evening the Vermilion Boys' Band Association held its annual meeting and the following officers were elected:

President—R. B. Carmichael
Vice-Pres.— J. Crawford
Sec.-Treas. — Miss Dorothy McCormick
Committee — Jim Nichols, N. N. Bentley, J. R. Boake, B. Pilkie.

The Bandmaster is Mr. Wally Prystoh of Dewberry and to him too much praise cannot be given. He drives over 30 miles each way, rain or shine, to meet the boys and the band once every week. He has proved a very efficient instructor.

High school assistant points were decided and these included the following: Girls will now be admitted to the band; newcomers are invited to join; present members showing lack of interest will be weeded out and their instruments turned over to the newcomers.

In order to bring new band members along quickly Mr. Prystoh has consented to teach newcomers to play band instruments free of charge.

Discussing the undertaking of the band now that the grant from the town is no longer forthcoming per se, the question of finance, and one that has yet to be solved for the coming year.

Agricultural Society Plans Annual Meeting

THURSDAY, DEC. 13th: R. ANDREW GUEST SPEAKER

Vermilion Agricultural Society plans on holding its annual meeting on the evening of Thursday, Dec. 13th and a somewhat novel arrangement is involved in the plan. Increasing interest in the work of the Society for some years past has been quite evident. Largely due to a desire to broad program which is arranged for younger farm people and the extension of the exhibition plant to a point where it rivals any in Western Canada. Increasing interest in this year will take the form of a district get together, and Dave Andrew, formerly on the staff of the Provincial school of agriculture at Vermilion, and now national secretary for the Purebred Cattle Breeders, to attend and address the gathering, giving some of the highlights of his numerous trips, including one to Mexico and one to the Old Country in recent weeks.

The Society is arranging to have a "Jiggs" dinner served prior to the meeting and details of the unusual event will appear in the next issue of the Standard.

Vermilion's annual fair probably gives Vermilion wider advertising than any other event held in town and it is hoped with such a wider co-operation of all district people to make the Vermilion Fair outstanding, not only in Alberta, as it is at the present time, but in the entire West.

Those interested should keep in mind the date of December 13th when reports of the 1951 program will be given and plans laid for the coming year.

Average Prices Far Above Those of 1950

Vermilion Fair Board Holds Successful Livestock Sale

The 1951 sale of purebred livestock sponsored by the Vermilion Agricultural Society proved to be the most successful such event ever held in Vermilion. Top prices of 1950 were exceeded by comfortable margins and the quality of the stock offered was the best so far available at any similar sale.

In 1950 the average price for all ages of animals sold was $261 while this year the average price overall including young calves, was $410 and the average price for Hereford cows rose to $485. Elton M. Clements of Vegreville obtained $1675 for 3 heads of Herefords, while Mike Hichuk, well known Vermilion Hereford breeder secured the very nice price of $587 for a cow and calf, the calf being only a matter of weeks old. These prices are typical of those applying to the sale and Auctioneers Don E. Ball of Edmonton has expressed the conviction that another year, if the quality of offerings is still further improved that the Vermilion sale will easily top that held annually at Edmonton.

The 1951 sale, with slightly less in the way of offerings, exceeded that of the previous year by some $3000 and the Society feels that improved quality and the regular holding of such a sale will result beneficially for it as one of the most all important livestock industry in the Vermilion area.

Outstanding breeders offering stock for sale included Homer Campbell of Clandonald; J. & Chas. Vermilion, L. C. and V. C. Fiedler, Hillmond, Sask.; J. C. McCormick, Vermilion; Hughes Bros, Vermilion; W. H. Duncan, Vermilion; M. P. Hynica, Peter Samoil and Wm. McCutcheon, Lavoy. Elton M. Clements, Vegreville and M. Hchuk of Vermilion. Buyers came from a wide area speaking well for the growing importance of this event to the district breeders

Organization Meeting Civil Defence Dec. 6

A public meeting to hear an address on Civil Defence organization will be held in the Legion hall, Vermilion on Thursday Dec. 6th at 8:00 p.m. The speaker will be Mr. M. Bedard who will spend two days in town to assist Mr. George Martin in line up a Civil Defence organization.

New Four-roomed School for Mannville

TO COST $80,000.00

The board of public utilities commission has authorized trustees of Vegreville school division to borrow $80,000, according to a proclamation Monday. The money is for construction of a frame, stucco 4-room elementary school in the village of Mannville.

Dewberry Home And School Assoc. Meets

HOT LUNCHES PLANNED— UNDERTAKE CARE OF RINK

The November meeting of the Home and School Association was held recently with another very interesting program for its members. As the group has been considering hot school lunches for the Dewberry students, our new Home Economist, Miss Bernice Reed had been invited to speak on the subject.

For many of us it was the first opportunity to meet Miss Reed, who has replaced Miss Hortsay in this capacity. She gave first the requirements of the ideal school lunch and explained how the hot lunch filled those needs. As examples she told us of the projects now being carried on at Irma and at Chauvin. Colored slides were used to illustrate her talk. They were taken at Irma and Chauvin.

Another project that has been under discussion by the group is now official. Twelve students will undertake the care of the town rink under the supervision of the association.

About fifty members were in attendance.

The next meeting will be held December 13th. "All parents are invited to attend.

Royal Purple Celebrate Fourth Birthday

The Order of the Royal Purple, an auxiliary to the B.P.O.E. was instituted in Vermilion four years ago on November 21st. As the Order almost immediately ceases to exist it was only fitting that the anniversary be marked in some way. In order to do this the Ladies of the Royal Purple entertained their husbands, members of the Lloydminster O.O.B.P., members of the A.F.O.E and other friends at a very happy gathering at the Elks hall on Tuesday evening.

Managing the very successful event was the Honored Royal Lady, Mrs. Edith Waddenberger, assisted by Mr. Don Taylor as emcee. Dancing was enjoyed to the music of Williams orchestra with novelty dances and prizes adding to the general enjoyment of the occasion.

During the lunch hour a birthday cake complete with four candles was cut and served to all present.

The first Honored Royal Lady was Mrs. Fay Park, followed by Mrs. Marjorie Logan. Mrs. Helen Williams is the present incumbent. During the intervening four years the Order has amply fulfilled their purpose of fraternal and social service.

Answer that Christmas Seal letter.

Canadian Club At Vermilion Hears Address on Quebec

The address delivered on Monday evening to the Canadian Club by Jacques Gouin formerly of Montreal but recently of Edmonton, on the subject of "Quebec" was enjoyed by a large audience. Mr. Gouin is a fluent speaker, so that is half the battle, and possesses a pleasing and restful effect. He began his address with personal remarks concerning his home, his family and the church spires, all contributing factors in making the people of that province a people set apart in the Canadian national life. The speaker, he said is traditionally a man of the soil next to nature and as a man of large families and must hence be deeply religious. Due to the prevailing custom in the province of Quebec the eldest son of life is different, he is happy and contented, his children are happy and he seldom wanders afar from the white church spire. Wherever he goes he takes his own way of life with him and does not stray to impose it upon others.

Happy attention was paid the speaker as he unfolded a way of living which does not obtain in other parts of Canada and which contributes so much towards making Quebec a province of happy and contented people who just want to live their life alone.

The well attended meeting was presided over by the president, Mr. G. F. Strothers, who tendered on behalf of the gathering, a hearty vote of thanks to the guest speaker.

By The District Agriculturist

"GREEN ACRES"

OFFICE HOURS

During the past three weeks quite a number of farmers have called at my office when I was away. I cannot of course look after calf clubs, seed fairs, weed counting plants etc. and at the same time be in my office. I will be away a lot during the next two weeks any one coming in any distance should telephone first to see when I will be there.

MAGPIE TRAPS

In driving over my district a lot of magpies are noticed. These birds haven't a friend in the world. At this time of the year watch out for their attacks on cattle. They can peck large wounds in the backs of the animals before the damage is noticed. Get a plan from my office and build a trap.

DUTCH ELM DISEASE

Now is the time to dig that ice well that you have needed so long. Get plans from my office and have ice on the farm next July when you need it most. Think of the saving from meat and fruit spoiling every year for want of cool storage in hot weather. An ice well or an ice house pays for itself the first year.

FEEDERS ASSOCIATIONS

Four new feeder associations were started in Alberta this year. Two of them are in my district, Islandville and Marwayne. I hope that farmers with feed and shelter will get cattle to feed. The chance of the price holding up is better than usual. Use your gravel and figure out how much you can make by feeding cattle. I saw 20 head on feed last week and it would look like a profit of $1000 in five months.

SWEEPING

If you intend to buy screenings or move it to your farm, stay within the law. Get a permit from your weed inspector or apply to this office. Screenings must not be moved on highways except when they are in tight containers to prevent weed seeds from scattering on to farm land.

OVER PASTURING

A lot of raw land in this district has been overgrazed and will give poor pasture until renovated. This can only be done by keeping cattle off for several years or by reseeding with crested wheat. Experiments at Scott, Sask., show that discing of the prairie is sufficient to give crested wheat a start when seeded with a double disc drill.

WILD OATS

Now is the time to dig that ice well that you have needed so long. Get plans from my office and have ice on the farm next July when you need it most. Think of the saving from meat and fruit spoiling every year for want of cool storage in hot weather. An ice well or an ice house pays for itself the first year.

(Extract from Hansard)

Fair, R. (S.C.) Battle River — "Nylons are to a certain extent down."

Johnson C.E. (S.C.) Bow River — "No garters?"

Renowned Singer At The Alliance Chapel

Those who attended the Youth Fellowship service at the Chapel on Tuesday evening were thrilled and blessed as they listened to Marvin H. Swartz sing solo after solo with ability and feeling. His wife accompanied him on the piano and gave special interpretations from the piano. Mr. Swartz is a soloist with the St. Paul Choral club and an outstanding soloist for Youth for Christ. He made familiar Gospel hymns live.

NOTICE OF COMPLETION OF VOTERS' LIST

NOTICE is hereby given under the powers as to Section list of the Town and Village Act that the Voters' List of the TOWN OF VERMILION has been prepared and that a copy of the said Voters' List is posted in the office of the Secretary-Treasurer.

The posted list is open to inspection during business hours.

Any qualified elector may make application for the correction of any error or omission in the said Voters' List by serving notice upon the Secretary-Treasurer in writing on or before the First day of December, 1951.

DATED at Vermilion this 16th day of November, 1951.

R. C. Ackerman,
Executive Sec.-Treasurer.

2-2c

Masquerade Ball Tuesday, Dec. 4

On Tuesday Dec. 4th in the Elks hall, the Kinsmen will present their third annual masquerade ball. This promises to be another highlight in the Vermilion social season this fall and everyone is invited to attend. Judges will be appointed and generous prizes will be offered for all classes of costumes.

Admission will be 75c per person. Keith Inmans orchestra will provide the music. 21-2c

School For Referees Is Planned

The executive of the Eastern Alberta hockey league plans to hold a school for all those interested in refereeing. Bob Hanby, an experienced referee from Edmonton, will conduct the school and can impart a wealth of information regarding rules and the general handling of games. The school will be held at the Vermilion arena on Dec. 2nd or Dec. 3th. More information will be given next week.

WILDWOOD

Mrs. Chas. Shand of Edmonton is visiting her son John and other relatives in this neighborhood.

Mr. and Mrs. J. K. Hogg and family spent Sunday with Mr. and Mrs. A. Herpertzt.

Mrs. Alf Jack and children went to Edgerton to Remembrance day.

Mr. Marshall Bowen has moved his house to the foot of the hill and after some remodelling will move his family in.

Mr. Bob McKay and family of Edgerton visited his sister Mrs. A. Jack at the week end. He was accompanied home by his mother and son Donald who had spent the week here.

Mr. John Tattersall of Red Deer having purchased the Slotter Ranch has moved his family and chattels here from the south. We welcome them to our neighborhood.

Mr. and Mrs. Floyd Bracewell of Lloydminster visited the C. N. Jeffery home recently.

Mr. and Mrs. H. E. Jacobson of Lacombe called on Mr. and Mrs. G. D. Jack over the week end.

The ladies of the district working in relays have greatly improved the appearance of the hall by cleaning and scrubbing it. Now for the men to make a few repairs!

Mr. and Mrs. Ted Wheadon and family are making a trip to Oneway to visit Mrs. Wheadon's mother who has been quite ill. Mrs. Hall's acquaintances here wish her a speedy recovery.

Several of the men from this district went north on Sunday to join in the coyote hunt. Others who could not make the trip were hunting coyotes closer to home.

There are several residents both old and young who would be pleased to have Mrs. Langley of Moyerton renew acquaintances in Wildwood sometime. Mrs. Langley was a teacher here last year.

YES, It Pays to Fertilize!

as shown below . . .

• 1951-52 AVERAGE WHEAT YIELD INCREASE ON SUMMERFALLOW IN ALBERTA:

Soil Zone	No. of Tests	Bushels of 13-62-0 per Acre: Increase in Yield Bushels	Increase in Yield Bushels 35 lbs.	60 lbs.
Black and Black Transition (Central Alberta)	29		5.0	8.4
Dark Brown and Thin Black	68		7.7	9.0
TOTAL	138 average		6.6	9.1

* Data taken from page 7, "Fertilizers in Alberta," Alberta Dept. of Agriculture, Bulletin No. 5, courtesy of Provincial Advisory Fertilizer Committee.

Based on wheat at $1.50 per bus. delivered at Boundary elevators

Value of 6.6 bus. increase at $1.50	$ 9.90 per acre
Less cost of 35 lbs. 11-48-0 fertilizer	1.75 per acre
PROFIT	$ 8.15 per acre
Value of 9.1 bus. increase at $1.50	$13.65 per acre
Less cost of 60 lbs. 11-48-0 fertilizer	3.00 per acre
PROFIT	$ 10.65 per acre

Similar profits are obtained from use of fertilizer on coarse grains.

OTHER ADVANTAGES:

1. Conserves Soil Fertility.
2. Earlier Maturity.
3. More Even Ripening.
4. Greater Weed Control.
5. Better Grades.
6. Retards Crop Diseases.

MANNVILLE PASSES CURFEW BYLAW

HAVE CURFEW SIREN AT 9:00 P.M. — PROVIDES FOR HEAVY PENALTIES

MANNVILLE:—A curfew by-law has been passed by the Mannville council to take effect Dec. 1. The by-law provides that no child 15 years and under will be allowed to be in a public place, or on the streets in the village unless under the guardianship of an adult relative 21 years or older after the sounding of the curfew siren.

Any child to whom the by-law applies found in a public place or on the streets after the designated time may be warned to go home by a probation officer, inspector, constable or a police officer. If, after warning, he refuses or fails to go home, he may be taken by the warning official to his home or to a shelter.

Parents permitting their children to violate the by-law will be guilty of an offence and liable on summary conviction for a first offence to a penalty of $5, and for a second offence to a penalty of $10. For a third offence the penalty will be $20. In each case with costs and in each case in default of payment to a term of imprisonment not exceeding three months.

From July 1 to Aug. 31 the curfew siren will be sounded at 10:00 p.m. and from Sept. 1 to June 31 at 9:00 p.m.

Rubber Tires Need Care

On many farms these days there is an appreciable investment in rubber tires. While it is true that tires save wear and tear on the machine by absorbing shocks, the rate at which the tires depreciate is much greater than that of steel or wooden wheels. Proper care of tires can certainly increase their useful life. Rubber tires on all farm equipment should be kept properly inflated when operating.

If rubber tired machines is left idle for any extended length of time it should be put on blocks, advises C. A. Cheshire, Extension Agricultural Engineer, Alberta Department of Agriculture. Next best to blocking up the machine is to increase the pressure in the tires of the idle machine by about ten lbs. Wherever possible wheels should be removed and stored in a dark, dry place. If it is not feasible to remove the wheels they should at least be covered. This shielding from the light will help greatly in extending tire life.

A four leaf clover is considered lucky because its four leaves form a cross.

Fight TB with Christmas Seals!

Woodvale News

Sometimes news travels fast—but sometimes in these parts boys and girls happen to one's neighbors, do not come to your attention until weeks later. Therefore we are sorry we never have expressed yet our sympathy to the Graham children over the passing away of their mother. We feel sure that those long years in the sanatorium for her were made more peaceful with the knowledge that they were so well taken care of by their aunt Klaudi and uncle Jim.

Mrs. Dod. McGrath accompanied her husband to Calgary where he attended a convention earlier this month. Shortly after their return Mrs. McGrath took care of her brother's little girl while he nursed his wife in the hospital with a brand new baby brother. Therefore, congratulations to Mr. and Mrs. Art Canton on the birth of their son.

Congratulations also to Mr. and Mrs. Jos Ahlgren on their recent marriage. Friends and neighbors gathered at Union school on the 11th to shower them with lovely and useful gifts and on the 16th the crumb gave their wedding dance at the school where a raisedly crowd attended and had a real good time.

Mrs. J. Lasure and Mrs. C. Kopp helped the writer one day make a quilt for he, daughter, a friend indeed, much appreciated and a visit much enjoyed.

At the Red Cross meeting at Mrs. H. Purtenuh's home a week later another quilt was tacked by the members who always like to get together. On this occasion, after a business meeting, the basters was presented with a scarf and the best wishes of the ladies for a pleasant holiday trip to the East, for which Mr and Mrs. Purtenuh hope to leave by Nov. 25th. Mr. Purtenuh has sold his farm to Andy Halasz and although all their friends hope they will enjoy their trip very, very much they also hope that their plans to return in a year will be fulfilled. We would not like to see them leave for good as so many friends and neighbors have left in the past years.

And what could our Red Cross do without our friendly stark-knitter. Our stock is getting smaller all the time with Mrs. R. Oldenburg joining us, to live with her daughter, Dorothy in Vermilion later in the season.

Deadline Is Set For Alberta Car Tests

The Alberta government means to enforce its law requiring compulsory inspection of vehicles, according to information received by municipal officials as the Alberta Motor Association.

The new law affecting motor cars and motor cycles came into effect July 1, but it was decided to allow a generous time for car owners to have their cars put through the testing stations.

Now it appears that little more than one-third of the cars on the road have observed the law, though some 1200 testing stations have been approved.

Recently the provincial authorities announced that no cars would be tested before Jan 1st, 1952, steps will be taken to enforce the regulation.

While there has been no official statement, it is reported that the police will be instructed to remove from the roads after Jan 1 any car which is operated without the required sticker on the windshield showing that it has been tested and approved.

The testing station is authorized to collect $1 for the mechanical test.

T.B. Seal Sale Away To A Good Start

Christmas Seal receipts for Edmonton and Northern Alberta for the first week of the 1951 campaign total $7000 according to V. J. Mahony, chairman of the Edmonton Kinsmen club Christmas Seal committee. The amount is slightly higher than last year's figure for the same date, and leaves $73,000 still to be collected to reach the objective of $80,000 for Edmonton and Northern Alberta.

Provincial receipts now amount to $18,366 toward an objective of $150,000.

C. Robb Dickey general secretary of the Alberta TB Association said: "We are greatly encouraged by returns so far, but we have a long way to go yet. Mass surveys with the Christmas Seal mobile chest X-ray units, hospital X-ray installations, rehabilitation and health education, as well as our nursing and welfare services, need to be carried on just as vigorously as ever if we are to maintain the gains we have made against TB."

Christmas Seal contributions are income tax deductible and receipts will be sent on request.

DEWBERRY

The United Church Ladies Aid at Dewberry will hold the annual church bazaar on Saturday, Dec. 1, commencing at 2:30 p.m. in the Dewberry church. There will be the bazaar, home cooking and tea afternoon tea. Everybody welcome. 21-2

Islands Hill Hall

Dance in the Island Hill hall on Friday Dec. 14th. Good music. Proceeds in aid of Campbell Lake Xmas tree. 20-1

Bowtell

Dance at the Bowtell Community hall on Friday Nov. 23. Good music. Everybody welcome. 20-1

It is estimated that Canada's gross national product in 1951 will be $21 billion and that it will amount $13 billion will be spent on consumer goods.

OUR COMPLETE SHORT STORY—

THE WIND

It Was the Crushing Storm of a Tree That Saved Money

By C. E. PRIEST

THE wind began to blow early in the morning, gently at first, but with gradually increasing force until the old leaves on the trees that bedged the dignity of Blackmore Avenue were as ruffled as the nerves of Henry Corlan, who stared out at the whipping branches from the security of his home.

He lapped a staccato tune on the pane while the wind played games with dust on the sidewalk below. Within the hour he and Lucille Morris would be leaving for the Island. Their chartered cabin cruiser, stocked for a week-end, waited at the anchorage. The carefully prepared telegram which demanded that he fly to a distant and imaginary conference already had been casually called to the attention of his wife.

Henry turned from the window and tiptoed into an adjoining room. He looked down at his sleeping wife with the cold compassion that a man grows to hold for a woman who shares his bed and board but not his heart. His wife still slept, serenely. Henry picked up his bag and left the house, leaning forward into the wind.

The wind in the morning had been off-shore, blowing against the tide, and when it died down the water quickly became smooth, so that Henry and Lucille made the crossing to the Island without incident. They docked late at the club there, dancing to the languishing moans of a string orchestra which was still playing when they returned across the quiet water of the cove to their boat.

But now the wind returned. It began gently, sending small waves like the undersongs to lap at the white sides of the cruiser, and rocking it at the mooring, enough, so Lucille said, to make her ill. Henry cared for her, and after she had fallen asleep went to the forward cabin for the night.

By dawn, however, the wind was beating down over the hills to turn the cove into churning whitecaps. Henry arose and dressed carefully and went on deck, leaving Lucille still sleeping. There was no possibility of going ashore, nor was it safe to attempt a return crossing, the waves piled so high, Henry shrugged. The wind would die down eventually and time, in the circumstances, was not a consideration.

But the wind did not die down. In late afternoon Henry noted a group on shore observing the cruiser through binoculars, as if they were trying to read its name and number. Henry and Lucille stood up and waved cheerfully.

At dusk they went below and turned on the radio to hear the weather broadcast. The storm, it seemed, was worse than they had realized. Great damage had been done to the mainland. Trees and even buildings had been blown down.

Then the newscaster mentioned The Island, and listed the boats and their occupants that were marooned by the storm. He mentioned Lucille and Henry with, as it seemed to them, a slight accentuation of names.

Henry knew that his wife expected him to travel by plane to and from the "conference" for which he had so carefully set the stage. He now knew her husband, concerned over his safety, to her radio at home — and hearing his name coupled with Lucille's. Henry turned to Lucille and said, attempting a smile and a shrug: "This spells everything."

It displeased him when Lucille replied cheerfully, "Oh, well, it had to come out sooner or later, you know," undoubtedly, he thought, she thinks this situation will force me into some decisive action, such as asking for a divorce.

He studied Lucille, then, in the soft light of the cabin, from an entirely new viewpoint, considering her for the first time as a woman who might be within the realm of possibility become his wife. And it came to him suddenly, and it puzzled him that he had not realized it before, that Lucille was not greatly different from his wife. Then Henry looked down at Lucille with the cold compassion of a man for a woman who shares neither his bed nor his board.

But he said nothing of this to Lucille. Instead, he resolved to end his relationship with her, ineffectual as it was, as soon as they returned to the mainland, and he went again on to the forward cabin for the night, saying, "Lucille, you are still ill, and I will not venture to disturb you."

Monday morning, in the quiet water that followed the storm, Henry returned to the anchorage and, after dropping Lucille at her apartment, Henry hurried to Blackmore Avenue. His wife met him at the door and he braced himself.

She said, "You're late. What made you late?"

He was too surprised to answer immediately, and while he was striving to collect his thoughts, she continued, "I have been practically isolated here. Half of a tree crashed down beside the house, cutting off the electricity. The refrigerator, the lights, the radio and all the clocks were off for hours. The wind here was terrible."

"Yes," Henry agreed, "it was the wind that made me late."

Old Age Pension Will Be Taxable

OTTAWA.—Hon. D. C. Abbott, Finance Minister, said in the Commons that the Federal old-age pension of $40 a month, starting January next, will be subject to taxation.

He told George Cruickshank (I—Fraser Valley) that the pension will be regarded as income for tax purpose, but probably few of the pensioners will fall within the income tax brackets.

The pension will total $480 for a single person. The income tax exemption for a single person is $1,000.

Do You Know That . . .

The star badges worn by some Royal Canadian Mounted Police denote the number of years of service in the force. Each star represents five years, and is worn between the elbow and the shoulder of the left arm.

COMMUNITY DOCTORS

Most of the ancient Greek physicians were community doctors, whose salaries were raised by levying taxes.

The most dangerous automobile drivers are still in their teens.

West Growers Sweep Grain Awards At Fair

TORONTO, Ont.—Albert Kessel, Rosetown, Sask., took the world championship in rye at the Royal Winter fair with an exhibit of Prolific. Kessel was world champion in barley last year.

Reserve winner in rye is Chris Morck of Dixon, Alta., who won last year when Kessel was reserve winner.

Howard Roppel, 21, of Rockyford, Alta., won the world wheat championship with an exhibit of Marquis wheat.

Roppel is a member of the Rockyford junior grain club which also provided last year's world titlist 15-year-old Ricky Sharp. The new wheat king took the reserve championship last year and in 1949.

The 1951 reserve championship went to S. J. Alsberg of Red Deer, Alta., showing Reward wheat. Alsop took the reserve crown in 1948.

W. E. Riegelmeyer of Normal, Ill., is the new world corn king. He defeated E. W. Ilgenfritz of Kansas City, Ill., who won last year and in 1949.

Runner-up and reserve champion in Corn Belter of Milford, Ill.

The barley title went to T. S. Brown of Camrose, Alta., reserve, Harry V. Holt, Peace River, Alta., member of the Peace River 4-H club, champion in 1949.

The oats crown went to Mathew D. Rohmer, Seagulo, Alta., reserve, Gordon S. Meyer, Elmwood, Alta.

Two new competitions were inaugurated at the Royal—soybeans and forage crops.

R. E. Hicks of River Canard, near Windsor, Ont., won the soybean championship and runner-up was Mr. Riegelmeyer of Normal, Ill.

Ken Davis of New Westminster, B.C., won the forage-crop championship with an exhibit of red clover, also shown by runner-up A. C. Gilmore of Lulu Island, B.C.

More Than 2,000,000 Visit National Parks

OTTAWA. — More than 2,000,000 visitors saw Canada's national parks this year, with Riding Mountain Park showing the greatest gain in visitors over last year, according to figures released by the Canadian government travel bureau.

At the end of summer, 220,543 visitors had visited Riding Mountain, a gain of 50,522 over the same period in 1950.

Prince Albert national park had 85,200 visitors, an increase of 12,597. Banff national park continued to be the major single attraction of the parks system, with 402,130 visitors this year, 17,923 more than last year.

Total parks visitors at the end of summer numbered 2,004,020.

All oil drilling in Alberta between 1947 and 1951 would have stretched 3,761 miles if concentrated on one hole.

Adela Rogers St. Johns Compares Blue Bonnet — Won't Go Without it!

Adela Rogers St. Johns offers an idea for you. Compare Rain Bonnet Shortening on purity, texture and price. Like the famous novelist, you'll love the delicate, sunset-rose flavor of this fine-quality all vegetable shortening. You'll appreciate Rain Bonnet's nutritious, hard-to-beat creaming qualities, too. Buy Rain Bonnet and get "all 3 flavor" Nature-of Lemon-Lime Pie. It is cooking on your part, as a delicious prize!

Rain Bonnet Margarine is sold in two forms — regular quarter-pound package with color wafer, and also in the famous YellOw Quik bag for fast, easy mixing.

To Boost Flour Output

REGINA — Plans for increasing the production capacity of the Saskatchewan wheat pool flour mills at Saskatoon from 1,200 barrels a day to 2,000 barrels were approved at the annual meeting of delegates producta from the wheat pool mill are sold on the domestic market in British Columbia, Alberta, Saskatchewan Manitoba and the Maritimes.

Drinkers Due for Arrest

NEW WESTMINSTER — Fans better leave their flasks at home City Police Commissioner has ordered a crackdown on drinking at hockey games in Queens Park Arena Mayor Jackson told the commissioner he had received numerous complaints from fans and said the situation is getting out of hand. "We cannot allow this. If it doesn't stop we will use the law," he declared.

Rates Going Up

VICTORIA — Car insurance premiums according to indications will take a healthy rise in 1952 the Liberal Leader's fancy, grabbed it and implemented it on the spot. "I feel the motorist appreciates some change what will cost him the money. He pair charges, both for labor and material, are much higher than ever before, and insurance charges have not kept pace with the increased costs," one agent said. Other factors, however, may offset to some extent the expected premium increase.

Price of Milk Up

FLIN FLON, Man.—Milk prices in Flin Flon have been increased two cents a quart. The increase, announced by two distributors, boosted milk prices to 25 cents a quart. The distributors said the increase was made necessary by higher price of raw milk and to provide the town with an adequate supply.

Special Department Needed

EDMONTON. — City police have had to build a special department in the police garage to store unclaimed bicycles and bicycles. About 60 of the bikes have piled up.

Keep Standards

CALGARY.—Alberta school trustees have rejected any watering down of teachers' standards. At the end of its annual convention the Alberta School Trustees' Association defeated a resolution asking a cut in the training necessary for a permanent teaching certificate.

1952 Car Models To Be Frozen

OTTAWA — As a result of a Dominion-Provincial conference in Ottawa, all Canadian passenger cars and certain trucks will be frozen on 1952 patterns a defense production official said.

Furnace and body stampings for Canadian cars come from the U.S. and parts for 1952 models already have been shipped. The U.S. announced that 1953 models will be almost the same as the ones on the market for 1952.

Western Briefs

Phones Increase

LETHBRIDGE, Alta.—Six hundred new telephones went into service at one swoop here, following the total of telephones in service in Lethbridge to 6,300.

Unlucky Timing

VANCOUVER.—Just a few minutes after the policeman on the beat had stopped for his nightly chat and departed, the night attendant at a garage here was confronted by an armed hold-up man who robbed the till of $35.

Climax Voyage

DRUMHELLER, Alta.—Mrs. Eric Holmes cast a heavy "vote" in the competition for giant turnips in this region. She harvested a turnip weighing 18 and ¾ pounds from her garden.

Women Fail Suffrage

PRINCE ALBERT, Sask.—Mrs. H. Bradley, president of the Saskatchewan Women's Progressive Conservative association, said that "by failing to vote" politics women are failing down on the original idea of suffrage."

Honest Finder

MEDICINE HAT, Alta. — When Alan Jorgenson found a wallet on a store counter he promptly turned it over to police. George Flaig gratefully claimed the wallet which contained his life savings of $1,100.

Bad Harvest Weather Cuts Crop Returns

WINNIPEG —The Canadian wheat board reported its estimate of 1951 prairie wheat crop marketings has been reduced about 30,000,000 bushels because of one of the worst harvesting seasons on record.

It now is anticipated the crop will provide the board with only 452,631,000 bushels instead of the 482,321,000 bushels indicated by a board survey Sept. 20.

The lower estimate is revealed by the board's final survey of the season held Oct. 25.

Wheat held by farmers for seed and feed is not included in the results.

Of the hundreds of photographs taken during past month of Princess Elizabeth, none have captivated her unusual beauty as completely as this full-length picture at a "canadian embassy" in Washington. Or so said Prince Philip, and he should know. President Truman promptly had the photo enlarged and handsomely framed as a farewell gift for the delighted Duke.—Central Press Canadian.

Saskatchewan Farmer Harvests First Crop Of Tame Mustard

HAZLET.—One of the first crops of tame mustard ever grown in southwestern Saskatchewan is still being harvested, nine miles northwest of Hazlet on the Andrew Johnson farm.

Mr. Johnson contracted to grow 60 acres of seed for A. Lethbridge & Co. of Regina, which is nearly double the average yield of 1,000 pounds.

Price of mustard seed per pound is seven cents. When harvesting is completed Johnson will haul his crop to Lethbridge, where it will be used in the manufacture of oil for paint.

If favorable weather comes Mr. Johnsons are hopeful that they may be able to harvest their mustard crop for market this fall.

ODDITIES In The News

Doctors at Milford, Iowa, operated on eight-year-old Pietro Fabrizi and found in his stomach 79 nails, two short pieces of barbed wire two penknifes, a small piece of tin and a yard of electric wire. Pietro will recover.

◆ ◆ ◆

Miss Olive L. Bryant, Middlebore, Mass., found a tax bill sent to her great grandfather in 1811. He was charged $3.60 for 40 acres of land, with buildings.

◆ ◆ ◆

Mrs. Irene Dicestre, Jamestown, R.I., swept into the sea by a wave, was grabbed by a fisherman's line and reeled in far enough for her husband to rescue her. Mrs. Dicestre, 23, was dashing when the wave hit her. Nicholas Palumbo, fishing with a heavy line and a 6-pound test line, heard the shouts and made a cast. He reeled her in to calm water.

◆ ◆ ◆

A bird in the hand is more comfortable than one in the bush. At least that's the way Mrs. Michael Allen of Bexley felt after she saw a small grey bird fit into the mouth of her four-year-old son, Michael. A doctor found the boy, who said the bird had pecked him twice before retreating.

◆ ◆ ◆

A 47-year-old prospector, accidentally locked in a railroad freight car and imprisoned more than a week, was dragged out alive and is recovering in a hospital at Sandpoint, Idaho. Fred S. Howerton, of Pratt, Kan., said he crawled inside the car at Troy, Mont. "I hollered and hollered but no one heard me," he said.

◆ ◆ ◆

Karl Dahlsen of Marsha's Vineyard, Mass., tired of the hedgehogs while he was on vacation at West Chop this fall. He wanted to mail postcards but the West Chop post office mail sled was mailed shut. Dahlsen was about to tuck the cards under the door when a native drove up and yelled "Hey, the post office is closed —"It next summer."

Your Provincial TREASURY BRANCHES

GOVERNMENT OF THE PROVINCE OF ALBERTA

Report to the People

BY ROBERT FAIR, M.P. BATTLE RIVER

In my last report I made reference to the opening of a new Session of Parliament and outlined some of the legislation mentioned in the Speech from the Throne and promised to deal with specific items of legislation as it was proceeded with in the House.

Up to the present many matters have been introduced and discussed, at some length. Some pieces of legislation have been referred to committees where they are still under consideration and there are still on the order paper several items which have not been dealt with. The Speech from the Throne is still being carried on two days a week, namely Mondays and Wednesdays.

War Veterans' Allowances

An amendment was moved by Mr. Drew, Leader of the Progressive-Conservatives, and a sub amendment was also moved by Mr. Coldwell, Leader of the C.C.F. On Wednesday last Mr. Coldwell's sub-amendment was disposed of and Mr. Victor Quelch, Social Credit member for Acadia, immediately moved another sub-amendment which read as follows. "That the amendment be amended by adding thereto the following words -Furthermore we regret that your Excellency's advisers have failed to compensate the recipients of war veterans' allowance for the increase in the cost of living by an appropriate increase in the amount of the allowance".

In support of his amendment Mr. Quelch had the following to say and I am using the quotation from Mr. Quelch's speech as a summarization of the case for burned out veterans claims for an increase in their allowance. "Some Hon. members have said to me: Well, you must admit that we have periodically increased the amount of the war veterans' allowance. That is true. It used to be $10 a month for a married recipient. Then it was increased to $20 a month. In 1948 it was increased to $70 a month. But the question one should ask is this: Are the recipients of war veterans' allowance today any better off than when they were getting $20 a month or $40 a month? If we allow for the depreciation of the dollar we shall find they are no better off, or actually not as well off as when they were getting $20 or $40 a month. I worked out what the wa. veterans' allowance is worth today in terms of the dollar at the time the veteran was getting $20 a month or $40 a month, and I found this — In 1920 the married recipient of the war veterans allowance was receiving $40 a month, in round figures. The cost of living at that time was 100. The cost of living today is 190.4. Therefore the dollar today is worth only 52 cents in terms of the 1920 dollar. That means that $70 today is worth only $36.40 in terms of the 1920 dollar, so that actually the veteran today is receiving $3.60 less than when he was receiving $40 in 1920. In 1948 the war veterans allowance was increased to $60 a month. At that time the cost of living stood at 123. Therefore a dollar today is worth 65 cents in terms of the 1946 dollar. In other words that $70 today is worth $45.50 in terms of the 1946 dollar, which means that actually today the veteran is getting $14.50 less than when he received $60 a month in 1948. In 1948 the war veterans allowance was increased to $70 a month. The cost of living then stood at 135. Therefore the dollar today is worth 81 cents in terms of the 1946 dollar. That means that $70 today is worth $56.70 in terms of the 1946 dollar, so the veteran today is getting $13.30 less than he received in 1948, in terms of real purchasing power."

Mr. Quelch made many other significant points during his address but space will not permit me to deal with them as there are other matters that should also be dealt with. It will be of interest to learn that earlier in the Session Hon. Hugues Lapointe announced in the Commons that legislation will be introduced at this Session providing for an increase in the basic rate of disability pensions. He did not elaborate or give any information as to the amount of the increase but something worthwhile is expected.

With regard to the War Veterans' allowance he advised the House that in the 1932 Session a Special Committee on Veterans' Affairs would be set up to deal further with the question of War Veterans' Allowance and make a recommendation to the House. Many of us felt that there are many cold days between now and the time this proposed committee's report would be made, perhaps next May or June and have pressed on the address in reply to the Speech from the Throne to have the matter dealt with now rather than next Session as it is felt that the War Veterans' plight is much worse than that of many who are on disability pension.

HIGH COST OF LIVING

Practically every speaker who has taken part in the address in reply to the Speech from the Throne has dealt with the high cost of living and one Government spokesman stated that the only legislation the Government intends to bring in at this Session to bring down the cost of living and prevent inflation is that referred to in the Speech from the Throne as follows "The Government has received an interim report from the Committee studying the combines legislation recommending that suppliers of g prohibited, from resale ... ing distributors to resell such goods at fixed o. minimum resale prices. You will be asked to consider legislation arising out of the committee's interim report."

(Continued next week)

EAGER TO HELP RED CROSS

Although Indians and Eskimos have long been regarded as among the most hurried races in the world, they still have time to help others less fortunate than themselves. Away up in Aklavik, N.W.T., the local Eskimo and Indian women are most anxious to join the Red Cross Women's Work committee and do Red Cross sewing. Knitting instructions are too complicated for them to follow, but they are all excellent sewers and work will be sent to them from Division headquarters in Calgary. Aklavik is Alberta Division's most northerly Red Cross branch and has a fine record of service.

MEN WHO THINK OF TOMORROW PRACTICE MODERATION TODAY

News Notes from Your District Home Economist

—By Bernice Rael, Wainwright, Alberta.

I have a lot of catching up to do so I'll start with

Sewing Circle

Had a meeting and made a Judy dress form for one of its members.

Good Luck W. I.

South of Czar, had a meeting cancelled because of snow.

The 20 Club

North of Provost, heard a bit about Home Decorating.

Blackfoot Community Ladies and Dodgson W.I.S.

Talks on "She Always Looks so Smart".

Valley Hill Club

Had a brief sewing demonstration.

Metropolitan Country Club

Had a whole day of sewing.

Metropolitan Willing Workers

Learned a little about "Living Thriftily".

Peacebridge

Had a wonderful meeting (one that many ladies' clubs could follow to advantage) and a talk on "Fitting and Cutting your Pattern".

FRUIT SALE EXPERIENCE

By Evelyn Wade

Three simple words
Can cause much sorrow:
'Let's leave the dishes
Until tomorrow'

In A Baby's First Year

He enjoys playthings to look at and listen to, to bite and shake and hold and drop. Choose different shapes, textures, bright colors (red, yellow, blue green) washable materials, hard finishes which do not chip, rounded edges, no loose pins, eyes or springs.

Next Week's Question

A one to two year old enjoys what playthings? I'll tell you next week so you'll know what to buy for Christmas.

Paradise Valley

Mr. and Mrs. J. B. Chambers, now of Mannville but former residents of Paradise Valley were down visiting old friends during the long week end.

Miss Jessie Eddleston of New Lindsay, who is attending high school at Rimbey spent the week end with her friend Miss Shirley Oates.

Mr. John Hargest has taken his belt to Kelowna, B.C. for the winter months as he thinks the weather is too cold for him now.

Mr. and Mrs. Elmer Clay have moved into the Thibadeau home for the winter from their farm south of town.

We understand that Mr. and Mrs. Jerry Vert have sold their property in town to Mr. and Mrs. A. Acker and will spend the winter in Lloydminster.

Miss Barbara McEllinney of Edmonton who is in training at the University hospital spent the long week end to visit friends here. While in town she was the guest of Miss Shirley Oates.

On Saturday afternoon the basement of the United church was the scene of a very happy event when the many friends of Miss Barbara Flint gathered to shower her. Miss Flint's marriage will take place in early December.

Mr. Arthur Clarke, councillor for this subdivision of the Vermilion municipality, attended the annual convention of M.D.' held in Calgary. Mr. Hrudicsdell and some to Eagle Butte during the past week. [illegible] where they had dances and bingo.

Our town was practically [illegible] We are glad to hear that Mrs. Sorrell on Friday night when every. J. A. Lawrence who underwent a one several to go some place [illegible] serious operation in an Edmonton attended the chicken supper and hospital has been able to return dance at Vansell, others went to [illegible]

DECEMBER SURVEY

When the December agricultural survey forms are distributed about the end of this month, farmers will have an opportunity to make a contribution towards stability in the marketing of their products. Don't be anybody tell you that incomplete information on farm production will increase the prices farmers receive, advises R. E. English, Statistician, Alberta Dept. of Agriculture. Fill out your form when you receive it and return it in the addressed, post-free envelope without delay.

Farming in Alberta is highly commercialized, with emphasis on production for sale rather than for home consumption. Farmers have learned that uncertain consumer demands make prices variable and uncertain, which increases the risk in farming. Not only that, but such a situation increases the possibility for speculation in food products, with speculators profits further reducing prices to the primary producer.

On the other hand, farmers read ily recognize that an assured steady consumer demand stabilizes prices and permits the farmer to plan his production program more efficiently. Speculation is reduced to a minimum and while the consumer may pay to more, the farmer receives higher average prices. Uncertainty with respect to supplies coming to market can be just as disastrous to prices farmers receive as uncertainty in consumer demand.

Meteorologists' charts show that Canada's summer temperatures now are several degrees higher than generations ago.

The population of Newfoundland is estimated at 353,000, about equal to that of Greater Vancouver.

ONE IN TEN

A million Canadians now have jobs in manufacturing. Ten per cent of these are in the primary textile industry. (The latest Dominion Bureau figures are 1,080,000 in manufacturing and 104,000 of these in primary textiles.)

Besides leading all other Canadian industries in numbers employed in manufacturing, primary textiles also is away ahead in the size of its payroll. It is up among the leaders in providing jobs for women and in being well spread out through the smaller communities.

Dominion Textile is a considerable part of this basic textile industry.

Young men... Here is Challenge and OPPORTUNITY

Training and experience in leadership are two of the most valuable assets you can possess, no matter what lifetime career you select. You may obtain both training and experience as a leader under a new plan whereby the Canadian Army is training young men with Junior Matriculation or Equivalent Educational Standard as Officers in the Active Force.

But there is a challenge in the standards you must meet — in the courses you take and pass before you can qualify for a commission.

And, there is opportunity in the privilege of leading Canada's soldiers at home and abroad.

If accepted you begin training at Camp Borden as an Officer Cadet to qualify as a Second Lieutenant in the Active Force. You will receive Second Lieutenant's pay while in training. When you are granted a commission you will then serve for periods of 3, 4 and 5 years as you choose under the Short Service Commission Plan. At the end of this service you may apply for a permanent commission.

To qualify you must be:—Single — Physically fit — Between 18 and 25 years of age and Have a Junior Matriculation or Equivalent Educational Standard.

A Common Bond

ACCOUNTS OF THE VISIT of the Princess Elizabeth and her husband the Duke of Edinburgh to Canada filled the newspapers, were featured on the radio and formed the main topic of conversation among the people during the Royal tour of this country. Canada showed that in spite of her growing independence as a member of the Commonwealth of Nations, the ties with Great Britain remain strong and interest in, and respect for the Royal Family does not diminish. One aspect of the tour which may have impressed many Canadians was the manner in which it brought the country together in the welcoming of the Royal Visitors.

Learned Many New Things

Following the course of their journey through the radio broadcasts and the press, there were few Canadians who did not learn much about their country which they had not previously known. Kapuskasing in Northern Ontario, which may have been only a name to many was described at the time of the royal visit as a modern planned community, with an important place in the Canadian economy. Many who had never seen Nanaimo on the coast of Vancouver Island were able to visualize that old and rugged city, and warmed to the greeting extended to the Royal Couple by the school children who had gathered there from the surrounding districts.

A Symbol Of Unity

Broadcasts from the prairies were heard by people to both the east and west who had never visited there, but were brought nearer by the description of the welcome given to the Princess and her husband as they passed through the West. This was true of the entire tour and there can be no doubt but that, in uniting to pay honor to the Royal Visitors, the Canadian people were reminded of the extent of their country and of the fact that each community had the same desire to welcome the future Queen and her husband and to show its esteem for them. It has been said that through the years the Crown was the symbol of unity which held the British Empire together. There have been many changes in that Empire, but the visit of Princess Elizabeth and the Duke of Edinburgh to Canada has shown that the Royal Family is still a powerful force in bringing people together in common thought and purpose.

Horse Coming Back In Value

Scarcity Given As Main Reason For Better Prices At Auction Sale

MOOSE JAW—Record prices which almost doubled those of last year were realized during the 20th annual horse auction sale at the Moose Jaw stockyards.

Altogether, 153 head passed through the auction ring bringing an average price of from $90 to $70.

A roan gelding owned by George Radstone of Moose Jaw drew the highest price. The animal was purchased by R. H. Moore of Drinkwater for $145.

I. Reid Kare of Winnipeg paid the largest amount for a team when he bought a pair of sorrels owned by George McKenzie of Belbeck for $260.

Auctioneer Laurie Drachett, questioned as to the scarcity of horses as the main reason for the high prices they were drawing. He noted too that many more individual farmers were among the buyers at the auction than in previous years. The opinion was expressed that farmers were anxious to buy horses again because of their increasing scarcity. They would be used mainly for transportation over muddy and snow-bound rural roads.

The increasing popularity of horse meat for food was responsible for the growing scarcity, officials stated.

UNCOOKED FOWL BAKED IN PARCELS TO BRITAIN

LONDON. — Canadians sending Christmas food parcels to friends or relatives in Britain were asked to refrain from including turkeys, geese, chickens, duck, pheasant, guinea fowl or partridges—unless the fowl is fully cooked.

The British Agriculture Ministry drew attention to an order effective now prohibiting the import of poultry carcasses from Canada, Holland and Jersey. The ban was imposed as a precaution against fowl pest.

Funny and Otherwise

The microphone was thrust before the winning jockey, and the very embarrassed hero was asked to address the nation.

Breathlessly he said: "May I take this opportunity to pay a tribute to the other jockeys, without whose co-operation my victory would have been impossible?"

Sh—"I hear your boy friend wasn't able to settle down and get a home."

Mer. "He'll be's got a good start. I gave him the gate last night."

"I was to buy my girl a present. What do you think she would like?"

"Does she like you?"

"Oh, yes, I'm positive she likes me."

"If she likes you, she'll like anything."

Bill: "What kind of a dress did she wear to the party last night?"

Will: "I can't remember, I think it was checked."

Bill: "You don't say! That must have been a real party!"

Irish corporal: "What's how 'tons. The bullet went in one cheek and came out the back."

Newsman: "Feel how did it miss your heart?"

Irishman: "No heart was in me mouth."

Dora: "Look out, Harry! That bull's making straight for us."

Harry: "Well, don't panic. Help me up this tree."

"What Johnny," asked teacher, "is a comet?"

Johnny's reply was an absolute blank face. Teacher tried a new task.

"What is a star with a tail?" she said.

Johnny's face brightened. "Mickey Mouse!" he answered promptly.

A drunk was watching a revolving door and saw a man walk in. As the door swung round a pretty girl stepped out.

"Darned good trick," he muttered, "but I still don't see how that guy changed him clothes so fast."

Doctor. "Take this medicine; although it is bitter—just think it is honey."

Patient: "Doctor, how would it be to drink beer and think it is medicine?"

The man wearing the rather frayed-looking suit entered a tailor's shop. "I hear that my son has owed you for a suit for three years," he commenced.

The tailor's face brightened. "That's right, sir," he replied. "And have you come to pay the bill?"

"Gracious, no," replied the other. "I want one myself on the same terms."

"I don't see why you complain about the size of my bill. It's not as big as it might have been."

"That's right; it wasn't as thick as I could have been either."

Sunday school teacher: "Now children, you must never do anything in private that you wouldn't do in public."

Sammy: "Hurray! No more baths."

Advance Christmas Shopping in Korea

With Christmas-time "just around the corner," these Montreal servicemen in Korea took time to shop for their loved ones at home. PCP. J. E. Dumas, (left), Pvt. Pageau, (centre), and CSM H. Bissonnette, all of the 2nd battalion, Royal 22nd Regiment, are seen "examining the goods," at U.S. 3 corps rest hotel in Seoul.—Central Press Canadian.

National League Hockey Notes

Plays Well Below Royalty

Floyd "Busher" Curry, hard-working right winger of the Montreal Canadiens, plays his best hockey before Royalty. On Monday, October 29, in Montreal with Princess Elizabeth and Prince Philip looking on, Curry scored three of Montreal's six goals, and all three were notched in the second period. This was the first Hat Trick of the season.

Three players in the N.H.L. scored three goals in one period last season. Maurice Richard of Canadiens did it twice, and both times it was in the opening period. He tallied three times against Boston on February 3 and repeated his performance against Chicago on March 16. Bert Olmstead, teammate of Richard's, did the same thing in the second session on March 10 against the Black Hawks. Nick Mickoski of New York Rangers fired the rubber into the Chicago cage three times in the second period on December 24 a year ago.

Disc Jockey During Summer

New York Rangers' Reg Sinclair, who is fast developing into their top scorer, was a disc jockey on a Sherbrooke, Que., radio station during the summer months. Sinclair, highest-scoring rookie last season with 18 goals and 21 assists for 39 points, is the leading New York goal scorer right now. He had five goals in his team's first seven games.

Only Four "Genuine" Hawks

There are only four members of the 1951-52 edition of the Chicago Black Hawks who are "genuine" Hawks and didn't play for any other N.H.L. team. The four are Bill Gadsby, Bill Mosienko, Doug Bentley and rookie Fred Hucul. The remainder of the Chicago club played at one time or another for other N.H.L. clubs. Harry Lumley, Lee Fogolin, Jack Stewart, Al Dewsbury, Clare Martin, Clare Raglan, Roy Conacher, Pete Babando, Jimmy Peters, George Gee and Jim McFadden, all came to the Hawks direct from the Detroit Red Wings. Gus Kyle, defenceman, and Pete Horeck played with Boston Bruins last season, while Gus Bodnar came to Chicago from the Maple Leafs. Ted Horeck also played for Detroit at one time.

Rousard An Good Prospect

Alex Delvecchio, 20-year-old, 180-pound, 5 ft. 10 in. left centre, who joined the Detroit Red Wings on Saturday, October 27, enters the N.H.L. with many of hockey's most astute observers ranging his praises. Jack Adams, Detroit manager, calls Delvecchio the greatest prospect he's seen since Gordie Howe entered the Red Wings' organization, who was born at Fort William, Ont., played for Oshawa Generals in the O.H.A. Junior A League last season where he compiled a total of 120 points. He had been playing with Indianapolis Caps of the American Hockey League before the Wings summoned him to the fold and in his last game with the Caps he assisted in four goals as the Caps edged Providence in overtime, 4-3.

The number of camels in a single caravan varies from 40 to 600, or more. Some have used 1,000.

Advice When Skating On Thin Ice

If you ever plunged through ice into freezing water, what would you do? Scramble to your feet and try to rush away?

That, says the Red Cross, is where many make a fatal mistake.

In a release, the Red Cross said that if past records are any indication, many will die during the winter season from submersion or its after-effects.

Most will be children. And many will die in groups.

The Red Cross says many of these deaths can be prevented. Records show a cluster in ratios does not plunge straight down into the water when the ice breaks beneath him. Instead he tripped and sent sprawling. Then he usually makes his first mistake: he tries to scramble to his feet and skate away from danger. In getting to his feet he concentrates his weight on one small area of the already-weakened ice. Then he really breaks through.

If you are ever plunged into icy water, remember:

If the ice is thin, all around you and no one is near to rescue you, break your way forward to shore or to solid ice.

If it is possible to climb out, lay your arms across the ice and kick your feet up and down to prevent them from jackknifing beneath the break. Kick and wriggle your way up on the ice, then roll away to solid ice before standing up.

If you must go to the rescue of someone else, find some reaching aid such as a long pole, plank, or rope—anything so you may reach the victim from the safety of thick ice. Lacking equipment, if there is a group of rescuers, form a human chain.

Leeks, first known in Mediterranean countries, have been known since prehistoric times.

Gardiner Says

Farmers May Have To Alter Seeding, Harvesting Methods

OTTAWA. — Agriculture Minister Gardiner said in the commons that farmers may have to change their seeding and harvesting methods if they want to avoid having crops covered with snow. He said that years ago western farmers were losing much of their crops to frost and snow. Efforts were made to find a wheat that would ripen 10 days earlier than the then known varieties. Experimental farms eventually provided what has become known as Marquis wheat.

But seeding and harvesting methods have largely eliminated the advantages provided by the early ripening of Marquis wheat.

Late seeding this year and in other years were not due entirely to the weather. They were at least partly due to the type of equipment used. Under certain weather conditions a tractor could not be properly used. It could not work at times when horses could work. Machinery companies, said Mr. Gardiner, are experimenting on equipment that will enable farmers to get their crops seeded at the earliest possible date.

Late seeding, resulting from the use of heavy equipment, also meant late harvesting. Last year's crop was frozen and this year's was largely under snow.

Mr. Gardiner said he would not state that the situation would have been different if old-fashioned binders were used instead of combines. But the situation did point to the need for a change in seeding and harvesting methods.

Montreal Is No. 1 City

OTTAWA. — Population standings for 14 major Canadian cities, including metropolitan areas, based on the 1951 census, with 1941 figures in brackets:

1. Montreal, 1,370,044 (1,145,382);
2. Toronto, 1,106,382 (968,928);
3. Vancouver, 594,330 (377,447);
4. Winnipeg, 350,924 (299,957);
5. Ottawa, 218,078 (225,660);
6. Quebec, 271,336 (224,766);
7. Hamilton, 258,373 (197,732);
8. Edmonton, 176,112 (97,849);
9. Windsor, Ont., 136,568 (120,975);
10. Calgary, 136,719 (83,021);
11. Halifax, 132,074 (97,183);
12. London, Ont., 103,281 (91,224);
13. Victoria, 103,199 (75,500);
14. Saint John, N.B., 77,265 (70,927).

Manitoba Lady Carters To Play Provincial Tourney

WINNIPEG.—Plans for Manitoba's first ladies' provincial curling championships were laid at the semi-annual meeting of the Manitoba Ladies Curling Association.

The playdowns will be along the lines of those already organized in Saskatchewan and Alberta.

The province will be divided into two districts which have not been decided. Dates will be set later.

Association officials said it hoped eventually to stage western Canada championships with representatives from the four western provinces competing.

Habit Wife Did Not Want Broken

DETROIT. — A man married man brought into court for one-armed driving was freed recently.

Turned out the lady was his wife.

Police reported they caught Robert Mason driving with his arm around a woman Sept. 12. Traffic referee Rollin D. Shull eyed Mr. Mason sternly

Then Mrs. Annie Mason stepped up. She said her husband had his arm around her and it was a habit she didn't want broken.

"How long have you been married?" asked Mr. Shull.

"Five years and it's wonderful," said Mrs. Mason.

"Case dismissed," said Mr. Shull.

Board of Trade Holds Regular Weekly Meeting

The following is a summary of the minutes of the Board of Trade meeting held on Nov. 7th.

Past President Mr. Ashley Cooper was in the chair and there were twenty-two present.

The chairman welcomed Mr. Fred Haines and Mr. Wally Antrim.

Mr. Smeltzer introduced Mr. Byrne, township school inspector.

Mr. Tom Watts paid tribute to the publicity which the town of Vermilion received due to the advertising appearing on the Vermilion Bevvegas' bottles.

The minutes of the previous meeting were adopted as read.

The chairman reported that town and board of trade delegates were attending in Edmonton that day to see Mr. Tanner, Minister of Lands and Mines, re the dam as apparently some difficulty had arisen in this connection.

Mr. Tom Watts, Chairman of the Retail section presented their findings in regard to the proposed legislation by the Dominion government, namely the elimination of fixing re-sale prices by manufacturers or suppliers.

Mr. Watts presented a very comprehensive report and recommendation for the committee which was listened to with interest by the members of the Board.

Motion: Watts-Urquhart — That this Board go on record as being opposed to the recommendation of the McQuarrie report before proper investigation has been made among retailers of the province and that we endorse the suggestion of the Canadian Chamber of Commerce that a survey be made among its members' Boards in regard to this question so that the Chamber can present to the Government the opinion of the Boards of Trade across Canada. Carried.

Mr. Morrison spoke at some length on the legal aspect of the resolution and suggested that perhaps a resolution was not necessary.

Motion: King-Hanlan — That the secretary of the Board take under consideration a tour by Board members of the Sidney Roofing plant at Lloydminster, possibly in the spring. Carried.

Mr. Fred Haines invited Board members to visit his local F.U.A. at any time possible to attend.

Mr. Billie Fuhrer pointed out that the junction of highways 41 and 16 on the South side should have a warning light. This matter was referred to the Roads committee to take up with the Town of Vermilion.

Mr. Haines mentioned that the crossing one mile east of town on highway 16 was dangerous and he suggested that there should be created a 25-mile per hour zone there, 50 yards each side of the crossing. This was also referred to the Roads committee.

Mr. Ashley Cooper read the club calendar. Meeting adjourned.

Wildmere Winks

When the Whitlock home was quarantined for scarlet fever the Wildmere P.O. was moved for the time being to the farm of George Wilson. It is Rod Martin is looking after the mail. Forty-one years ago last May Wildmere P.O. was opened on Mr. Wilson's farm. The writer remembers the first mail her family received when the old stage coach rattled the news that King Edward VII had died: also that her grandfather Graham, 96 years old had passed away. He had lived under four sovereigns, living only four days in King George V's reign. Before Wildmere P.O. was opened someone used to drive horseback once a week over to Auburndale P.O., then located across the road from where the Co-op store is now. They would bring back everybody's mail and it would be dumped out and sorted by the news-hungry settlers. Rural mail delivery has taken some of the interest out the Wildmere P.O. still has a warm spot in hearts of many people who go into their mail nooks as name for many years.

The social evening and whist drive held by the Junior Red Cross at our school last Friday evening was a decided success both financially and socially. The children thank everyone for their support. Prizes for euchre went to Mr. Hilda Kufeldt, who works at Mrs. Hughes Beauty parlour, consolation to Mrs. A. Holte. Men's prizes were tied between Bob Martin and J. Batke but when cards were cut, Bob Martin was the winner, consolation Baillie Holte. The Junior Red Cross members then served a lovely lunch.

Dr. King of Vermilion gave a very interesting talk on the Health Unit, at our school at the F.U.A meeting last Wednesday evening.

We are sorry to hear that our writer of Chatsworth Chatter is having illness in her home but hope to hear of Mr. Thompson's health being improved soon.

Billie Smith along with Paul Fontaine were up by Long Lake deer hunting but they were not successful in getting any game. However the morning after Billie came home he shot a huge coyote right near the farm. These animals are really their in our country.

Cliff Cruthers of Wildmere is the proud owner of a new Monarch car purchased last week through Ken Urquhart of Vermilion.

Mr. Albert Holte received the sad news of the death suddenly of his brother-in-law Mr. Herman Dalins of Wetaskiwin. Albert attended the funeral at Wetaskiwin on Tuesday last week.

Don't forget the box social and dance put on by Basswood Junior Red Cross Nov. 23rd.

Carson Trapp will hold church in Basswood on Sunday Nov. 25th.

The writers and family called at the Harry Perkins' home in Hewett on Saturday to have a look at

Alone, But Not Friendless

In Arborfield, north-eastern Saskatchewan, Boy Scouts for the past year have been carrying water, chopping wood, removing ashes and generally looking after an elderly man living alone and unable to perform these tasks. When the man was hospitalized recently, the Scouts cleaned his home from attic to basement, repainted two rooms, arranged transportation for his return from hospital, and are continuing for him their daily good turn.

their oil furnace. Jimmie is planning on putting one in also and is so hard to get. It really throws out a nice steady heat and the Perkins' are very well pleased with it.

We received a nice letter from Mrs. Rendell in England last week. They are enjoying their visit very much and have had them over to enjoy a much longer ticket extended until February so holiday than at first planned. We also had a lovely letter from Mrs. George Ronaghan at Creston, B.C. Thanks a lot folks, in times of sad news letters do as much to lighten the sorrow of having a loved one pass on.

Wildmere curling rink is about ready to start on its schedule to, from what we have purchased a bigger lighting plant so will be sure of good lights throughout the winter.

COME TO CHURCH

SUNDAY, NOV. 25th, 1951

St. Saviour's Anglican Church
Canon T. W. Teape

Dancing from 9:00 to 1:30
ADMISSION — $2.00 per Couple
(INCLUDING LUNCH)

Allandale Notes

Since last writing the weather has been cold but over the week end was milder.

Mr. and Mrs. Rufus Ganness and daughters Janice and Irene from New Sarepta were visitors the week ex Nov. 10th in the Allandale district.

Mr. and Mrs. Tommy Greaves and daughter, Brenda were visitors at the home of the latter's parents Mr. and Mrs. Baldock from Nov. 10 to the 11th.

Congratulations to Mr. and Mrs. James Walsh (nee Della Gannes) on the birth of a 9-lb. son on Nov. 14.

Congratulations also to Mr. and Mrs. Butler on the birth of a daughter, recently.

Mr. and Mrs. Wm. Armstrong and Mr. and Mrs. Orville Armstrong motored to the Port to see with Mr. Jim Armstrong and family, Bill's twin brother. Uncle Jim hasn't been well for some time.

Th. Fiddlers' contest—It was a pleasure to listen to the old tunes. Ours. Johnson of Dewberry, so well known in Allandale, participated in the contest assisted by Mrs. Nora Rosaghan on the piano.

The well driller at Johnny Nelson's ran into difficulties at 120 feet and has started another well.

The dance held at the school on Nov. 16th in aid of the Xmas tree was very successful. It was a lovely evening for an outing. The music was greed by the Michel-Maigrey orchestra and there was a very good attendance. An angel food cake baked by Mrs. Baldock was auctioned. Each bidder put in what they bid, mostly 5c to 25c. The last bidder who received the cake was Mr. Hugh Leighton who taught Allandale for the past two years. He generously donated the cake back and it was then sold by straight auction to Mr. Jack Wells. The turkey was won by Dr. King of Vermilion. Beverly Stromo drew the ticket. The turkey was donated by Mrs. Johnny Nelson. The sportsmanship and generosity of the crowd was much appreciated.

Noticed Morrison mentioned growing bulbs for winter bloom - please tell us more about them, what kind are the best, where to obtain them and how to get best results. The Prairie Gardener is very interesting. The broadcast comes over CBK 9:40 a.m. Sunday. This morning he talked about the Cyclamen, a very beautiful plant, but I think most of our rooms are too warm for them to get good blooming results. Them is nothing more beautiful than plants that bloom in the winter.

Correction in last week's news — should have read Mr. and Mrs. Ivan Fee, instead of John, sorry.

We had a pleasant surprise last Monday afternoon when Mr. and Mr. Harold Cooper and son Dennis called. It does one good to have friends drop in and have a chat.

Surprise house warming. — Last Monday evening a number of friends and relatives called at the new home of Mr. and Mrs. Herb McPhee. They have a lovely country home, all wired for electricity and like a number of others are hoping for this new line to go through. A very enjoyable evening was spent, midnight lunch was served and all went their way. A cordial welcome was extended to all to return again.

Closing thought — To worry on other's work leads only to lack of accomplishment, off one's own part. While we are thinking about what seniors, else is going or not doing, to ourselves are unprofitable servants.

Mrs. Andy O'Neill (nee Kathleen Phillips) war home a short while and her mother Mrs. Jim Phillips returned to the city with her to visit with her daughters.

Former Vermilion Man Finds Way To Combat Barley Smut

Dr. Lawrence E. Tyner

Dr. Lawrence E. Tyner, plant pathologist of the Dominion laboratory, a science service division of the Canadian Department of Agriculture, stationed at the University of Alberta in Edmonton, has discovered a simple chemical control of barley smut. Through his work millions of bushels of barley lost each year through the scourge of smut may be saved.

Dr. Tyner lived for many years in Vermilion taking practically his entire public and high school education here. He was the son of the Rev. J. E. Tyner who was pastor of the Baptist church. The present Dr. Tyner graduated from the Vermilion high school in 1930, and many of his former classmates still reside in the district.

FORD TROLLEY FOR CRIPPLED CHILDREN'S HOSPITAL

The Grand Encampment of the Independent Order of Odd Fellows in Alberta recently presented a $600 electrically-heated food trolley to Alberta's Red Cross Crippled Children's hospital. Making the presentation was Charles Plant of Pelican Grand Patriarch, received by Gordon Hamilton, Grand Representative and D.F. Christie, Grand Scribe, both of Calgary. Mr. Mervyn C. Graves, C.A., chairman of the hospital board, accepted the food trolley on behalf of Red Cross.

Community Club Is Formed At Claysmore

On Oct. 2nd interested people of the Claysmore district met at the school and formed an association to be known as the Claysmore Community Club. The following officers were chosen:

President—Mrs. Oliver Willes
Vice-Pres.—Mrs. Harry Williamson
Secretary—Mrs. Robt. MacMillan.

The following men were appointed directors—R. D. Lynch, H. Williamson, Les Kreller, Robert MacMillan, Lloyd McCrae.

The second meeting of the club was held at the school Wednesday Nov. 14th. Insurance and repairs to the school property were topics for decision.

An entertainment committee was appointed to take charge of social affairs for the club during the winter, consisted of Mr. and Mrs. Ray Williams, Mr. and Mrs. Peter Krywabinsky, Mr. and Mrs. Les Kreller, M. Vernon Willes.

The five directors are meeting at the school Nov. 21 to makes definite matter on materials needed for repairs.

o o o o

Mr. and Mrs. Stanley Gerrie of Edmonton spent the long week end as the home of Mrs. Gerrie's parents, Mr. and Mrs. R. M. MacMillan.

Home late threshing was done on Saturday, Nov. 10 but heavy snow on afternoon stopped all operations in that direction. Winter now seems to be here to stay.

Mr. and Mrs. J Horne and family spent last week end visiting relatives and friends in Red Deer.

Mr. and Mrs. A. Olstad and baby accompanied them as far as Camrose. All returned by car Monday evening.

Dawn Kreller, small daughter of Mr. and Mrs. Elmer Kreller of Manville has been visiting her aunt and uncle Mr. and Mrs. Les Kreller.

Mr. and Mrs. Tom McCauley and family have moved into the new house built by the Searle Grain Co. and find it very nice and comfortable, also handy to the school bus.

The World of Wheat

By H. G. STRANGE
Director, Research Department, Searle Grain Company, Ltd.

ALL FLESH IS GRASS

The good book tells us "All flesh is grass and all the goodliness thereof is as the flower of the field".

If we consider the food of man we realize how true this is. Meat people in the world consume wheat and its products than any other single food, but wheat, like many other field crops, is a grass plant. It is in fact one of the innumerable members of the great family grass: a family that has such a vast number of kinds and varieties that it is quite beyond description. When, therefore, we eat flour and bread we are in fact eating grass processed by the mysterious chemistry o nature into the wheat kernel, further processed by man into flour, and bread. When we eat meat we are also eating grass, for the animals, whether they feed on pastures or on grain, themselves transform grass into meat. But we do not eat grass for more than this. Ou, clothing is to a great extent also of grass, fo, when we dress in wool we, ar, actually clothed in grass transformed by weather nature from grass eaten by sheep into wool on the animal's back. And so we rest in the great truth expressed in the Bible that "All flesh is grass, and we might add, as in most of our clothing too.

Miss Margaret MacMillan who is attending University in Edmonton was home for the week end.

Ladies Social Club Notes

The regular meeting of the Ladies Social club was held at the home of Mrs. R. MacMillan on Wednesday afternoon with seven ladies present. Plans were discussed for the bazaar to be held Friday Nov. 23 at the school. Tea will be served from 2:30 to 6:00 p.m. There will be a table of home cooking as well as the usual bazaar articles. It is hoped that the weather and roads will be favorable to encourage a large attendance as the proceeds are for our Christmas fund.

Everyone was pleased to welcome two new members to the club, Mrs. Fred Watling and Mrs. Joe Besser.

The next meeting will be at the school on Wednesday Nov. 28th and will probably be the last meeting of the social club for the year.

Mr. and Mrs. R. D. Lynch plan a motor trip to Calgary for the coming week end to visit Mrs. Lynch's father Mr. Robert Simmons.

Make Sure of Seed Supplies

Arrange for you seed supplies without delay, advises J. E. Birdsall, Supervisor of Crop Improvement, Alberta Department of Agriculture. Arrangements made now will save trouble and uncertainty at seeding time. In spite of the small amount of grain threshed in some areas this fall, most districts should be able to take care of their seed needs if action is taken now.

Grain that has undergone soaking, freezing and thawing will not likely be suitable for seed advises Mr. Birdsall. A sample taken from stook or swath will not be a safe guide to the germinating ability of the unthreshed crop. Farmers who have been unable to thresh enough of their crop to date should endeavor to obtain seed supplies without delay from more fortunate neighbors.

It is never wise to use seed that has not been tested for germination. Such tests are more than usually important this year. Tests may be arranged through your elevator agent or a two pound sample may be sent direct to the Plants Products Division, Dominion Department of Agriculture, Calgary. The Plant Products Division charges 75c per sample for this service, and on request an official germination, analysis and grade will be given. If the grain is intended for sale as seed an official test is essential.

Dogs Are Yapping Louder for Favorite Canned Food

HAMILTON. — The Canadian appetite is indeed living a dog's life, if his appetite for canned dog food is any criterion.

The country's purebreds and mongrels are gobbling up more than 45,000,000 cans of dog food annually, according to latest available statistics. Fifteen years ago the total pack in Canada was a mere 1,000,000 cans.

The product was first packed in this country in 1926, and its popularity increased steadily until World War 2 when production was drastically cut on by tin plate restrictions. Since the end of the war, when the pack became more nearly equal the output of dog food every year has climbed rapidly, stated S. F. B. James, sales division manager, American Can Co.

There are more white-tail deer per square mile in Nova Scotia than anywhere else in North America. —Quick Canadian Facts.

Now reduced to an cause of death among the population as a whole, tuberculosis is still first cause of death among those between 15 and 44.

Tuberculosis is one of our chief health enemies. Hundreds of Canadians die of this disease each year. Buy Christmas Seals and help eradicate this killer

NAUTICAL BACKDROP: The Canadian Pacific's 20,000-ton immigrant passenger vessel Beaverbrae forms a nautical backdrop for the visit made to Canadian Vickers at Montreal by Princess Elizabeth and the Duke of Edinburgh on the Montreal leg of the Royal Tour. Form erly the German ship Hussaran, the Beaverbrae carries over 700 new Canadians from all parts of Europe to this country on each of her voyages. She was in drydock for her annual overhaul when the Royal Visit occurred.

Don't Bank on Chance

Every time a motorist neglects an unsafe condition in his car he is making a deposit with death . . . And, the final accounting may come sooner than he expects. Saving money is a good habit — but saving a life, perhaps your own or a member of your family, is much more important. Regular checking of tires, windshield wiper, brakes, defroster and lights can be a life-saving investment.

- Be Careful - the life you save may be your own!

SURE, a trim new Buick makes a mighty pretty picture when you see it in your driveway, or watch it wheel by.

But if you could get a mechanic's-eye view of this big, broad beauty as it sits on a lift, you'd see an impressive picture of rugged brawn that makes Buicks give such a good account of themselves on the road.

You'd see the full-length torque-tube drive that forms the whole power relay system, and steadies your going like a giant hand beneath you.

You'd see all four wheels cushioned by sturdy coil springs that are completely service-free, practically breakproof—and a principal reason for the ever-level Buick ride.

But mainly, you'd see the massive foundation that backbones every Buick—the deep, wide, X-member frame that's rugged as a rock, and a brute for strength.

So when you look at the beauty of a Buick—the big mileage power of its valve-in-head Fireball Engine—and the money saving ability of its Dynaflow Drive*—don't overlook the tough stamina that goes with it all.

And whether you're looking at a Buick CUSTOM, a Buick SUPER or a mighty ROADMASTER, don't overlook the fact that a '51 Buick, with all its luck, costs less per pound than any other car of comparable size, structure and weight.

Better come see us first chance you get—and find out what a smart buy this is—from every angle.

NO OTHER CAR PROVIDES ALL THESE:

DYNAFLOW DRIVE*—turns steam on dream and car
FIREBALL ENGINE—high-compression, valve-in-head 8-cylinder engines
Roadmaster, 322 hp. Super 124 hp. Custom, 120 hp. (Super and Custom with Dynaflow, 128 hp.)
PUSH-BAR PERFORMANCE—combines smart style and unsurpassed protection
VISION-CLOSE CONTROLS—greater clarity at night
TORQUE-TUBE DRIVE—flawless ride, improves driving control
4-WHEEL COIL SPRINGING—softens ride, gives perfect control
DUAL VENTILATION—admits air fast especially in right or left of front compartment
SAY-CHECKMATE BRAKES—hydraulic—multiply pedal pressure five times at brake shoes
PERMANENT STEERING—improved, car keeps handles, obtaining correspondence on road models
Plus Self-locking luggage lid, Trunk-for parking brake, Two-way spring lock, Safety Ride rims, Hi-Fi rear engine insulating, Body by Fisher

Specifications, equipment, trims and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.

Kitscoty High School Notes

A Play-Night or a Prom? This was the question that kept K.H.S. students in heated debate after the Student Council suggested on Wednesday that we have an invitational semi-formal dance instead of the usual Play-Night. A vote taken on Friday saw the Prom win the battle by a large margin, so the main topic of conversation for the next few weeks will probably be "What are you going to wear?".

The gym was the scene of another lively shin-dig on Wednesday. We were pleased to see the teaching faculty run out full force.

Flight-Sergeant Ingrim from Edmonton gave an interesting talk and showed a film to the cadets, and also a number of girls, in the gym on Thursday, Nov. 15. His spoke of the Flying Scholarships open to the cadets and of the chance to visit in the U.S. or Britain. The film entitled "Pilot's Heaven", showed how even a small mistake while flying may result in a sudden trip to see St. Peter. The evening was enjoyed immensely by all.

Sixteen Years Ago Today

Nov. 21, 1935

The Board of Trade had commenced a strong agitation to have the Dept. of Public Works snow plow the highways during the winter.

The town was faced with unpaid taxes to $34,000 current and $18,000 arrears.

The Civic League hockey season had started with a double-header.

Fred Firth was elected president of the curling club. Geo. Webb was vice-president and Ed Corey secretary-treasurer.

After registering a low of 11 below the weather became milder and Wednesday and Thursday were warm and bright.

Thirty-two Years Ago Today

Nov. 23, 1920

Mr. and Mrs. W. S. Roberts of Grizzly Dene ranch left Wednesday for Freeland where they will spend the winter.

Mr. and Mrs. Jos Mare left on Wednesday to make their future home in Edmonton.

Herman Ganton was elected president of the high school literary society, Gladys Kennedy vice-president and Janet Wilson secretary.

Vermilion Valley M.D. was advertising a by-law to restrain the running at large of animals.

Motorists Alerted To Carbon Monoxide

Officials of the Alberta Motor Association have issued a warning to motorists concerning the danger of carbon monoxide gas poisoning. With colder weather here, there are risks being run when cars are parked in garages without windows being open to admit air.

Carbon monoxide gas is a very treacherous poison. It is colorless and tasteless and can easily cause tragedy to the unsuspecting.

One survey in the U.S. showed that one in every 20 cars had sufficient carbon monoxide in the passenger compartment to cause sickness or drowsiness to the driver and resultant accident.

During every winter a number of deaths occur in Alberta from carbon monoxide.

Motorists should be on the alert against this deadly poison gas. On occasion, children sleeping in a rear seat have been asphyxiated.

When taking the car out of the garage, make certain that one or more windows are open. Take every precaution against that deadly menace—carbon monoxide.

Changes in Cattle Improvement Policy

Changes in the Alberta Department of Agriculture's Cattle Improvement Policy announced recently by Hon. A. Ure, Minister of Agriculture, include an increase in the maximum assistance per animal from $40 to $90. This now represents 10% on a $300 bull instead of on a $40 animal. In the municipalities or improvement districts that have been declared pure bred sire areas, assistance of 15% will be allowed up to a maximum of $60.

Another change is that eligible applicants may now receive assistance under the policy in the purchase on a second bull, provided that at least two years have elapsed since the purchase of the first one in considering second applications the breeding program of the applicant will be taken into account. Transportation charges will still be paid on bulls shipped to the applicant's nearest shipping point, but a provision is included in the new policy to arrange for bulls received and so reduce transportation.

As in the past bulls will be purchased by the Live Stock branch of the Department. All bulls supplied under this policy will be pure breed as eligible for registration, tested for tuberculosis and accepted by officials of the Live Stock branch. Full particulars on the Cattle Improvement and other Livestock Improvement policies may be obtained from District Agriculturists or from the Livestock branch, Alberta Dept. of Agriculture, Edmonton.

Car Dealers Off Hook

New car dealers who have been going grey lately as investigations mounted and demand dropped, heaved a big sigh of relief recently, states The Financial Post.

The freezing of car styles as of 1955 means that dealers won't have to worry about carrying stocks of cars, outdated by new models.

Of the Big Three, only Ford is making a model change this year. But just about all were planning on major face-lifting on the 1953 models.

Unless business picks up or supply fails us, this could have been quite a newborn. The minute a restrictive mode comes out, dealers figure on a substantial markdown, on any stock they have on hand.

Answer that Christmas Seal letter.

Local News of Interest

Writes From England

The Editor received a very welcome letter this week from Aubrey Rendell and Mrs. Rendell who are visiting in England. So far they have spent a very pleasant time, being at St. Andrews in Kent. Aubrey admits that there has been a little rain and some fog at times, but service is very good from their area and it is an easy matter to get anywhere they wish to travel. It has been an exceptionally good year for apples in England and long streams of trucks loaded with the fruit are a common sight. They were also in time to see the hop pickers at work which is quite an event. Some parts of that district are very old dating back to year 600 but the land is still in good condition. The farmers have been able to do some fall work and he saw some seeding done. That area suffered a considerable amount of storm damage but most of it has now been built up again. Mr. and Mrs. Rendell are planning a trip to the west of England soon to have a look around and visit some of the old scenes. They send regards and best wishes to their friends hereabouts.

CELEBRATE 40th ANNIVERSARY

Mr. and Mrs. J. Wilson Ford of Vermilion celebrated their 40th wedding anniversary on November 17th. Their many guests on this occasion were Mr. and Mrs. Frank Gilbert and family, Miss Violet Webb and Mr. Roy Garnett.

Al Douglas, for the past year and a half accountant at the Canadian Bank of Commerce, has received notice of his imminent transfer to the branch of the bank at Medicine Hat. Al and family will be leaving shortly for their new location much to the regret of the many friends they have made during the short stay in town.

Mrs. R. S. Brison has returned to her home in Vermilion after visiting in the East for the past three and one-half months. While away she was the guest of her son Ralph and family at Leamington, Ont., and of her sister Mrs. Cup Mills of the Lakeshore Road.

Mr. and Mrs. Norman Stanley and family of Clandonald were recent guests at the home of Mrs. Stanley's parents, Mr. and Mrs. S. Groves at Blissine. On the return trip David Groves accompanied them home.

Sgt. and Mrs. Wayne Dempster (nee Addie Caldwell) and three children Darlene, Don and Wynn spent a day or two in town last week and at Islay where they were the guests of Mrs. Dempster's sister, Mrs. Gordon Purser and Mr. Purser. The Dempsters are on their way east by car to Hagersville, Ont., where Sgt. Dempster is stationed with the Canadian army.

Mrs. James Craddock, now of New Westminster, B.C., but a former citizen of Vermilion many years ago, spent a few days in town recently renewing old acquaintances. While here she was the guest of Mr. and Mrs. W. Fisher of Mrs. Craddock intended to spend some time in Edmonton at the home of her daughter Dorothy (Mrs. Hodgkinson). Mrs. Craddock makes her home with her second daughter, Florence (Mrs. Govier) at New Westminster.

Maurice Lebody of the oil town of Devon spent several days in town the past week, visiting his parents Mr. and Mrs. M. M. Lebody.

Observe 40th Wedding Anniver's'y

A well known couple of Vermilion, Mr. and Mrs. Lorne N. McLean, celebrated their fortieth wedding anniversary on Sunday, Nov. 18th. Mr. and Mrs. McLean have been residents of Vermilion for all of their married lives and have always taken a keen interest in community affairs and especially in musical circles. They have given freely of their talents, Lorne with his violin and banjo, Emily with her lovely soprano voice.

In honour of this anniversary a number of their old friends met at the new, well designed residence to pay their respects and to tender felicitations. On behalf of the gathering, Mrs. J. J. Knoll who was present from Edmonton, presented Mr. and Mrs. McLean with a console table lamp.

The evening was entertainingly spent in sing-song, piano selections and choruses. Mr. McLean delighted with several old time favourites on his favorite violin.

Mr. and Mrs. McLean were married forty years ago by the Rev. Hodgins, then ministering at the Methodist church in Vermilion.

The party broke up with all joining in singing 'For They are Jolly Good Fellows' and expressing best wishes for many years of happiness in their new home at 4709-47th street in Vermilion.

Our Tuesday meeting opened as usual with the singing of the Happy Hour ode and the reading of the minutes of the previous meeting. We were pleased to welcome a few newcomers in the person of Ivy Chanman. Welcome to the club, Ivy.

The highlights of the meeting this week were the planning of the Christmas party, Helen (Crough) MacMillan, our former president, is honorary chairman. Let's remember to celebrate the annual event out at her home and we are surely looking forward to that.

Our Holly frolic for 1951 was also a topic of discussion. It was decided to hold the affair on the 26th of December is here once more. That is always a big event in the life of a Sagette.

Many thanks to the person who—even it might be, who fixed the light over the door of the clubroom.

If you see any old mops in the street on the evening of Thursday Nov. 29th you can be sure it isn't alone for that's the night we've dubbed 'Scrub-night with a party after'. (I think).

Eleanor Jean reported the delivery of two new coats for the Wee Master at the hospital; proof that the aids committee have been busy. Now girls—those coats are nice but not worth getting sick for. Anyway, you can't get into the hospital with measles, can you Barb?

Here's news—Saturday night Nov. 24th Doc Bedard and Lena and Les can be found in the check room: Tuesday 27th, 1st shift Betty Giles and Ivy Crough like it; 2nd shift Betty Barr and Mildred; Saturday Dec. 1st, Myrtle and Violet, what do you think of a better way to celebrate a birthday? Bro-therrr!

Thorncliffe W. I.

Despite muddy roads there was a good turn out at Mrs. Howard Bell's on Nov. 14th. Roll call — only one member absent. Seven small children helped out with the meeting.

The meeting was opened with the singing of the "Ode" followed by the 'Womens Creed' and the roll call 'Favorite Recipes'. It was agreed to charge a 10c penalty for anyone missing a meeting or not prepared with a roll call or social item.

Most of the business concerned the bazaar which turned out to be a huge success, part of the money will go toward the Xmas concert. Lunch was supplied by Mrs. Les Clarke and Mrs. Earl Watt.

The next meeting will be held at the home of Mrs. James Moore on Dec 5th at 2:00 p.m. Roll call will be 'Healthful Hints' and the subject 'An Embarrassing Moment'. Let's have a one hundred percent attendance

APPRECIATION

I wish to express my deep appreciation to Dr. King, Dr. Bradford and Dr. Stephens, Miss Keith and all the nurses at the hospital, for their kindness to me during my recent stay in hospital, also to the many friends who paid visits and sent gifts during that time. To all a very heartfelt Thank you.

Claude Underdown.

IN MEMORIAM

In loving memory of our dear wife and mother

George Young

who passed away Nov. 26, 1950.
"In our garden of memories we meet every day."
—Deeply remembered by Nora and Family.

Bowtell Bulletin

Twenty-one ladies gathered at the home of Mrs. Repp for the November Busy Bee meeting. It was pleasing to have Mrs. B. Gould, Mrs. A. Cameron and Mrs. E. Carroll as visitors. The following officers were elected for the ensuing year: President—Mrs. Johnson; Vice-Pres.—Mrs. Low; Secretary—Mrs. Perkins. Treasurer — Mrs. Repp. auditor—Mrs. Carroll. Sick committee Mrs. Jones and Mrs. Sherwood. The next B.B. meeting will be held at the home of Mrs. Robinson with lunch by Mrs. Repp and Mrs. Maggs. Each lady to bring a small gift, not over 50c in value

There will be a card party in the hall on Dec 7th.

Mrs B Gould was a dinner guest Thursday at the Repp home. Mrs. Harrison has a nice new electric rearigerator; the Maggs family visited on Sunday at the Knutson home

Mr Knutson is at present visiting his brothes in Saskatchewan.

Congratulations on the birth of a son to Mr and Mrs. R. Hoben, (nee Thelma Smith) They are in Oklahoma.

Mrs. Lyons and son Ed were visitors Sunday at the home of the former's brother, Mr. Vic McKee.

The Sweezes family were Sunday visitors at the home of Mr. and Mrs. Jones.

Threshing is still being carried on at Johnsons and Scott's.

Shower In Honor of Mr. and Mrs. J. Ahlgren

An interesting and well attended social event took place at the Union school on Wednesday evening Nov. 14th when a shower was held for Mr. and Mrs. Joe Ahlgren who were married recently. Representatives from four districts gathered to honor the newlyweds.

The school was nicely decorated for the occasion with pink and white streamers and white wedding bells.

There was a variety of entertainment during the evening, commencing with community singing led by Mr. and Mrs. Wes Funnell, a stunt with clothespins, a contest, two humorous readings by Mrs. Jensen, a Scotch song by Mr. Ross, while little Miss Elaine Sherrit's solos made a decided hit with the gathering.

A beautifully decorated wagon pulled by two little ponies, Rosemary Galloway and Larry Funnell as bride and groom, brought many lovely and useful gifts. They were presented by Mr. Markland with appropriate remarks. Mr. and Mrs. Ahlgren expressed their sincere thanks for the gifts and many expressions of good will.

Lunch was served and the happy evening was brought to a close with a circle and the singing of "For They are Jolly Good Fellows".

OBITUARY

GRACE JEMIMA BENDIKSEN

Mrs. Grace Jemima Bendiksen, the wife of the late Rev. Bendiksen of Heinsberg, passed away at the Vermilion hospital on Sunday Nov. 18th at the age of 70 years. Funeral services were held at Elk Point on Monday Nov. 12 and interment followed at the Frog Lake cemetery. Revd. Robt. Chapman of Vermilion officiated.

Mrs. Bendiksen was predeceased by her husband who passed away a little more than two months ago. Surviving members of the family are three sons, Victor and Floyd at Heinsberg, Roy at Pentiction, B.C., and six daughters, Mrs. E. T. Rooks, Vermilion; Mrs. Henry Otten, Chicago; Mrs. Burt Parker, Edmonton; Mrs. Alfred Fahrby Lindberg; Mrs. Albert Keast, Stettler; Mrs. Bill Evans, Lindberg, and twenty-seven grandchildren.

Mrs. Bendiksen was born at Gilman Illinois, on March 28, 1881, but has been a resident of the district since resided in the Heinsberg district.

Wildmere W. I. Notes

The W.W.I. met at the home of Mrs. J. Wallington on Wednesday Nov. 7th with 9 members present. Owing to the president Mrs. Whitlock being ill, the meeting was attend by vice-president Mrs. J. H. Batke took the chair. Roll call was answered by a favorite song. Correspondence was read and a couple of letters were tabled until next meeting. Mrs. W. Steele had the blankets on hand that had been made out of the old woolen coat for the past two years. His term now expires. Nominations for his successor will be made at the meeting on Friday.

Dates and places of other subdivision meetings are: Wildmere, Monday, Dec. 7 at Dewberry, R. C. Mead's residence; Lyell, Tuesday, Dec 4, at Kitscoty, A. King trustee, his term also expires: Subdiv. 1, Wednesday Dec. 5 at Marwayne hall. Lloyd Brown trustee; Subdiv. 4, Saturday Dec. 8 at Thorncliffe school. D. C. McGrath trustee.

Times of all meetings with the exception of Vermilion are 2:00 p.m. See clipping in advertisement for showing in this issue for further particulars.

DEER LAKE DOINGS

The weather is the main topic of conversation these days, as everybody is anxious to know what to expect from day to day.

Threshing started again around here. Hope that it will be finished up this time.

Sunday visitors at the Proud home on Sunday were Mr. and Mrs. Wagner and Mrs. Richardson and Mrs. Buck, and Mr. Tom Hagan.

The four Fry boys stayed with their parents over the week end while Mr. and Mrs. Dewberry were being repaired after the fire. They have now returned to Dewberry.

Mr. and Mrs. Gervase Kinsbella drove from Lloydminster in a Chev truck on Sunday to visit Mrs. Kinsella's parents Mr. and Mrs. Phil Ahlgren. Mr. Kinsella and wife were also supper visitors at the Philbin home.

Several from here drove down to the sale at Mrs. Harry Gordon's only to find that it had been postponed until the spring.

Durward Bowman and family are noticed driving a new truck.

It is to be hoped that a good crowd attends the dance in the school on Friday. Proceeds are for the Xmas tree. Music will be by the Broncho Busters, which is led by our school teacher Mr. James Ford.

District Mourns Passing Of Two Pioneers

Death of Mrs. L. H. Payne

Mrs. Lilian Mary Blackwell Payne, beloved wife of Mr. L. H. Payne of Vermilion, passed away at the hospital on Wednesday Nov. 28th. She was 72 years of age.

The deceased was a true pioneer of the district settling in the Pleasant Valley area in 1908. She lived on the original farm until three years ago when she and her husband retired from farming and purchased a home in Vermilion.

She leaves to mourn her passing her husband, one daughter Mrs. George Richardson of Vermilion, and two sons Frederick of Vermilion and Ronald in Edmonton. There are five grandchildren, and two sisters, Mrs. Emilie Maire in Edmonton, Miss Lucy Evans in England, and three brothers Hugh S. Evans, Vermilion, and two in England.

Funeral services will be held at St. Saviour's Anglican church on Saturday Dec. 1, at 2:00 o'clock. Interment will be at the Vermilion cemetery.

Mr. and Mrs. Henry Smith Celebrate Golden Wedding

Mr. and Mrs. Henry Smith of Vermilion celebrated their 50th wedding anniversary on Friday, Nov. 16. The occasion was marked by a family dinner at the home of their daughter and son-in-law, Mr. and Mrs. Ted Riley of Vermilion. All members of the family were present with the exception of two daughters who were unable to attend.

The family presented the bride and groom of 50 years ago with a purse of money and flowers. Cards of congratulations and other gifts were received from many friends.

Annual School Meetings Next Week

VERMILION SUBDIVISION FRIDAY, DEC. 7th

Next week will see the annual school meetings at the six subdivisions of the Vermilion school division held in their respective districts.

Subdivision No. 6 which is the Town of Vermilion school district will be held in the Legion hall on Friday evening Dec. 7th at 8:00 o'clock. The town's representative on the school division board is Ashley Cooper who has served for the past two years. His term now expires. Nominations for his successor will be made at the meeting on Friday.

Dates and places of other subdivision meetings are: Wildmere, Monday, Dec. 7 at Dewberry, R. C. Mead's residence; Lyell, Tuesday, Dec 4, at Kitscoty, A. King trustee, his term also expires: Subdiv. 1, Wednesday Dec. 5 at Marwayne hall. Lloyd Brown trustee; Subdiv. 4, Saturday Dec. 8 at Thorncliffe school. D. C. McGrath trustee.

Times of all meetings with the exception of Vermilion are 2:00 p.m. See clipping in advertisement for showing in this issue for further particulars.

By The District Agriculturist

"GREEN ACRES"

NATIONAL RADIO FORUM

There are a lot of farm groups in Alberta meeting every Monday at 8:30 to listen to the National Farm Radio Forum and afterwards discuss the subject of the evening. If there are any such groups in my area place let me know as I would like to visit your group. These broadcasts are for farm people. It only needs someone in your district with an inspiration to combine a study group with a social evening and the forum is started. See your D.A. for particulars.

GRASS DRYERS

There are a lot of types of grain dryers being tried out this year. Some of them are doing good work. It would appear that certain chemicals are very efficient in removing moisture from damp grain. These chemicals can be dried and used again. Seed for example would be useful and reasonably cheap in taking excessive moisture out of market grain.

WINTER SUNLIGHT

It is well known that sunshine is essential for the health and growth manufacture vitamin D in the animal body. This vitamin is necessary for the growth of bone and tissue. Farmers can use violet ray lamps in winter to take the place of the sunshine of summer. One hour's use of the lamp per day seems to be enough to make young growing pigs and calves healthy, thrifty and disease resistant.

MEAT FOR YOUNG PIGS

Farmers on the power line can have their meat for keeping young pigs warm up to two weeks old. The lamps are used in a hover and some times will save a whole litter in cold weather. Get a plan of the hover and the proper use of heating lamps from this office.

WATER HEATERS

The days are past when farmers chop holes in the slough or water cattle. Many cases of shipping fever can be traced to cattle drinking ice water. It pays to have a good heater in the water trough.

COMMERCIAL FERTILIZERS

Tests conducted in Alberta during the past 30 years show conclusively that fertilizing farm crops is a very paying business. In this district fertilizer has increased wheat yields up to 20 bushels per acre. The average increase is over 7 bushels per acre. Use between 30 and 40 pounds of fertilizer per acre. Orders should be placed now to get discounts.

E. R. Buckingham, D.A.

"Daddy" Woodruff Dies At Islay

Irving Semon Woodruff, affectionately known as "Daddy" by a host of friends, young and old, passed away at the Islay municipal hospital on Sunday, Nov. 25th. He suffered a stroke during the summer and never recovered from its effects. He was 70 years of age and has lived in the Pleasant Valley district for the past 25 years.

He leaves to mourn his loss one daughter, Mrs. Laurence Carey of Islay, and one brother S. W. Woodruff, Islay. There are five grandchildren.

Funeral services will be held on Thursday ,Nov. 29 at St. Saviour's Anglican church, Vermilion, at 2:30 o'clock in the afternoon. Interment will be at the Wainwright cemetery.

Vermilion Represented At The Banff School Of Fine Arts

Twenty-five selected farm young people attended the Rural Leadership course at the Banff School of Fine Arts last week. This course which started in 1930 will be a two-day annual affair produced by the Extension Department of Extension and sponsored by the town itself. All the band association in last week's Standard announced that Bandmaster Wally Protach was prepared to give the newcomers lessons between the hours of 4 and 6 on band days. However — here is the catch. The band has only four instruments and he must be present when an instrument on a closet shelf that you haven't looked at for years—how about putting it in good use and banging it to the Vermilion young people's band? Anyone who can help out in this respect contact Bob Carmichael at the Photocraft Studios, phone 455.

Greenlawn Street Club Achievement Day

A very successful Achievement Day was held at Ellsworth school on Saturday, Nov. 10. There were fourteen members present out of a total of 15, a very good turn-out considering the weather.

Mrs. S. Pettem, instructor in Metal Work and Mathematics, accompanied by Mr. T. S. Rackham, instructor in Field Husbandry and Mr. F. R. McCrimmon, dean of the mens residence and instructor in Horticulture, all of Vermilion Provincial Agriculture, were present. The latter two acted as judges.

While judging was going on Mr. Pettem gave an interesting talk on selection and judging of grain. Mr. Rackham gave a short but detailed stating the judges' reasons for selecting the winning grain.

The Nicholas was chosen as first prize winner, with Andy Jones second, Alan Lumley third, Jim son and Curtis fourth, Gail Cunningham Up and Melvin Lumley sixth.

The remaining competitors received ribbons for showing their grain and helping with the judging.

Well Attended Meeting Of Ratepayers Held At Dewberry

ROAD'S SUBJECT OF MUCH DISCUSSION

The meeting of ratepayers held at Dewberry on Monday, Nov. 26th was attended by surprisingly large number, people being present from as west as Allsdale and east to Marwayne. In fact the hall was decidedly overcrowded indicative very clearly that the ratepayers are taking a greater interest in municipal affairs.

Road conditions which are evidently very unsatisfactory in that area, were discussed and Councillor Curtis Rich and Melvin Lumley swift.

The remaining competitors received ribbons for showing their grain and helping with the judging.

Councillors George Lawrence and Paddy McQuigan were present but Tom Bebiuk was unable to attend and sent his regrets. Also Mr. Overby, road supervisor for the M.D. also present.

A resolution asking that road maintainers be kept for road maintenance was put forward and carried and was passed. It was then point-d out that there is a grant of as much as 50 percent on some road building but nothing for road maintenance. The unsatisfactory condition that there are no funds available for maintainence.

Another meeting will be held after the financial statement of the M.D. has been issued. Delegates from this meeting will attend the annual ratepayers meeting. The resolution asked for more action about better road conditions in this area.

Neil Jones was chairman of the meeting with G. T. Skinner secretary.

Hockey Referee School At Arena Sunday

POTENTIAL REFEREES, COACHES, MANAGERS, PLAYERS, ARE INVITED

The Eastern Alberta Hockey league is sponsoring a school for potential hocky referees at the Vermilion arena on Sunday. This can be attended by all who would like to referee, by coaches to familiarize themselves with the rules, by team managers so they will know what they are talking about, and by players too if they so desire. There is no charge.

Bob Hanby of Edmonton, an experienced referee and student of hockey will be the instructor. The school will be given in the arena gymnasium and the practical course on the ice. This will be practically a full day's session and will commence at 9:30 a.m. this Sunday, Dec. 2nd.

Anyone interested is welcome to attend — just come along to the arena.

Vermilion Tigers vs. Vegreville Rangers Saturday, Dec. 8th

Twenty-five hockey prospects are on the roster of Vermilion Tigers along with coach Elmer Kreller. Owing to the mild weather of the past week the players haven't taken to the ice yet. Of these players one newcomer comes from Provost, one Myrman, six from Manville, four from the V.S.A. with the remainder prospect of being signed. All the boys are keen to try out and quite anticipate being coached by Elmer Kreller.

In the meanwhile, the first game is only two weeks away and our boys haven't even been on skates yet. Vegreville Rangers and Tigers meet here for the league opener on Saturday Dec. 8th at 9:00 p.m.

Souvenir programs, all numbered, will be sold at the game and the person who holds the number drawn, will receive a valuable prize. The draw for the Booster club shotgun will also be made at this game.

23 NEW BAND RECRUITS

GREAT SHORTAGE OF INSTRUMENTS

Indicating great enthusiasm at the present by members of the Vermilion Boys' band, 23 boys and girls attended the meeting on Thursday evening at the Scout hall. The band association in last week's Standard announced that Bandmaster Wally Protach was prepared to give the newcomers lessons between the hours of 4 and 6 on band days. However — here is the catch. The band has only four instruments and he must be present when an instrument on a closet shelf that you haven't looked at for years—how about putting it in good use and banging it to the Vermilion young people's band? Anyone who can help out in this respect contact Bob Carmichael at the Photocraft Studios, phone 455.

Town Council Holds Special Meeting

TO CONSIDER BY-LAWS AND CORRESPONDENCE

A special meeting of the town council was held Nov. 19th with Mayor S. C. Heckbert and Crs. Reid, Pope, Urquhart, Cooper present.

Correspondence: Dept. of Highways re Sec. N. W. Plan 1471 AQ. Subdiv. J. Gee re assessment for 1932: CNR re power line easement: Kinsmen Club re street numbers.

The following motions carried.

That the secretary be instructed to remit '190 to the Provincial Treasurer in payment of 2.38 acres of Blk. X Plan 1471AQ.

That Sidney J. Gee be employed as assessor for 1932.

That Mr. Cosens' consents to Canadian Utilities to construct a power line over property on lease from C.N.R. for park purposes.

That Mr. Sinden be granted permission to operate a service station known as Veteran's Service station.

That we establish rent at $15 per month for L. Samuel.

That Pt. U. C. Webb be appointed as deputy mayor for November and December, 1951.

That the Misburn - Vermilion Health Unit be requested to act as the Board of Health in Vermilion and request the Medical Health Officer of the Unit to act as M.H.O. of Vermilion.

Mr. G. Martin attended the meeting and gave a very complete and interesting report on the current aspects of training and organization of Civil Defence in which he was instructed while attending the Civil Defence school at Olds.

The Council decided to take steps to set up the Civil Defence organization in Vermilion. The secretary was instructed to apply under the Provincial Civil Defence co-ordinator to have an organization meeting with a representative from their office in attendance.

Maurice Mercer Heads Manville Curlers

BONSPIEL WEEK FEB. 11th

MANVILLE: — About twenty men decked at the season's first club meeting that the Manville curling club held at the hall on Tuesday.

Officers elected were President — Maurice Mercer, Vice Pres. — Russel Whitson, Second Vice Pres. — Charlie Forbes, Executive — Mr. Gerhart M. B. Van Dusen Len Manz, Elbert Hubbard Secretary — Raoul Bedard.

It was decided that members of the curling club would put the ice in the rink and generally prepare it for the caretaker.

Hear Dynamic Address By Hon. David Ure

109 Attend Board Of Trade Farmers' Banquet

The annual Board of Trade Farmers' night held Wednesday evening attracted 109 from the town and a wide district, who heard an outspoken address by the Hon. David Ure, minister of agriculture for Alberta. He spoke on the problems facing farmers and seeing what they could do to cure these problems themselves. Mr. Ure had an overall picture of farming conditions past, present and future that simply amazed his audience. The speaker pulled no punches, where praise was due he gave it unstintingly, where he felt there should be criticism it was also forthcoming in no uncertain manner, along with constructive suggestions.

The guest speaker was introduced by W. R. Cornish, M.L.A. in a short witty address. Chairman of the meeting was Mr. Russ Taylor, a member of the agricultural committee. Welcomes to the guest speaker and to the many farmers present were extended by Mr. D.R. Mitchell, president of the Board of Trade, and Mayor S. C. Heckbert. J. D. Robson moved a hearty vote of thanks to Mr. Ure following the address to the evening.

An interesting interlude was the presentation by the Hon. Mr. Ure of a wilking stick inscribed with the words, Alberta Land of Farmers ers', to the chairman Mr. Taylor. Mr. Ure explained that the stick made Alberta as distinctive when at the Toronto Royal and other Exhibitions.

Catering was excellently carried out by the Happy Hour Group of St. Saviour's church. The very active council affair was arranged by the agricultural committee of the Board of Trade comprised of J. R. Robson, chairman, E. H. Buckingham, and Russ Taylor.

Farmers all the way from Marwayne to Manville were noted in attendance, making the event one of the most successful farmers' nights ever held by the Board.

Cancer Society Meeting Friday, Nov. 30th

The annual meeting of the Vermilion Division of the Cancer Society will be held in the library room in the town hall basement on Friday evening, Nov. 30th for the purpose of re-organizing for the coming year. All interested in this vital work are urged to attend.

RED CROSS MEETING DEC. 3

The local branch of the Canadian Red Cross Society will hold their annual meeting in the library room of the town hall on Monday Dec. 3 at 8:00 p.m. All interested persons are invited to attend.

Dr. Thompson Speaker At United Church Anniversary Services

The Anniversary Services will be held in First United church, Vermilion on Sunday, Dec. 2. Morning worship will commence at 11:30 a.m. and evening worship at 7:30. The guest speaker at both services will be Rev. E. J. Thompson, M.A., B.D., Principal of St. Stephens Theological College, Edmonton. Come and bring a friend.

Organization Meeting Civil Defence Dec. 6

A public meeting to hear an address on Civil Defence organization will be held in the Legion hall, Vermilion, on Thursday, Dec. 6th at 8:00 p.m. The address will be Mr. M. Bedard who will spend two days in town to assist Mr. George Martin to line up a Civil Defence organization.

CLANDONALD CURLING CLUB MEETING

The Clandonald Curling club will hold a meeting on Wednesday next, Dec. 5th at the curling rink. Skips are to choose their corn rinks and give personnel at this meeting.

Clandonald Curling Club.

ISLAY ACTIVITIES

Ed McPadyen and Frank Bowman left last week for the north to hunt big game.

Mrs Nellie Forsythe of Edmonton spent a few days with her sister over the week end Mrs. John Maire.

Mrs Frank Hutchinson returned home in time for son Melvin's wedding which took place Nov. 21st in Vermilion Mrs. Hutchinson visited in Edmonton, Innisfail, Calgary, Vancouver and Victoria, flying B.C. from Vancouver to Victoria and return.

Why was Bill McLean going so fast one day last week in the direction of Lavoy Beach on Sunday?

Mr. and Mrs McLean are duly congratulations on the birth of a daughter

On Saturday evening Mrs Noonan of Vermilion demonstrated Nylon Wares at the home of Mrs Annie Young, some twenty or more were in attendance It is wonderful how so many articles that can be used in so many different ways It was a very interesting demonstration

Mr and Mrs Bill Young of Dewberry were callers at the Albert Anderson home on Tuesday

The whist party held last week, the 16th, by the school for Xmas tree funds was a real jolly evening and quite a success financially too. Mrs. Neil McLennan took ladies' 1st and Mr. McLennan won the gents' first prize. Mrs. Bill Shaw carried off ladies' second and Mrs. Nora Carey the consolation while Mr. McFadyen took second and Jim Miller consolation for the men.

Rock Roosters the Tops' — Dave Martin thinks so, they had a Box Social and sold at an average of $3 each.

When in Vermilion on Monday I called on Mrs. Jack McQueen and was glad to see her looking so well and quite jolly.

Kersey Gunn spent the past week with Mr. and Mrs. Bothwell, going to school on the bus, while Mrs. Lila Waterfield was in Calgary to visit with sister Ruby.

Because the Bible Society supplies the Scriptures in some 786 out of 1034 languages to the Missionary Societies of all churches, it needs funds to carry on and so there will be a canvass soon. We hope all will be ready when the canvassers calls. In 1950 in Canada Scriptures were circulated in 35 languages. In 1951 the Society will celebrate the 150th anniversary of the founding of the British and Foreign Bible Society

To celebrate the 45th anniversary of the United church, Islay, there will be special services at 3:00 p.m. Sunday Dr. E. J Thompson of St. Stephens college, Edmonton will be guest minister.

The Weather

Weather has been mild all week with the exception of last Friday morning when 21 below was registered, coldest of the winter to date. Since that time weather has moderated with no sub-zero readings and little frost during daylight hours. Warmest day was Wednesday with 39 above. Cooler weather is forecast.

Curling started last week end, about the same time as one year ago. The ice is not quite ready in the arena and probably won't be until we get some frostier weather

C.G.I.T. Candlelight Service Dec. 16th

Wins Lucky Star Program Prize

Mrs. Alice Riley had the lucky star program at the Columbia on Wednesday and won a double header prize of $10. The winning number was 311.

Manville Home & School Assoc. Discuss Reports, Scholarships

MANNVILLE. — Pronounced one of the most interesting ever held in Manville, the November 15th meeting of the Manville and district Home and School Association convened in the Manville school auditorium. The general meeting featured a discussion of report cards after which three lively discussion groups of the parents and teachers of children in the three grade levels were formed.

The feeling of the meeting was that the parents did not want to do away with report cards in favor of personal interviews between parents and teachers. Little interest was evidenced in the idea of personal interviews, first proposed by Manville school teachers last week when the question, "Would you be willing to come to the school for an interview with the teacher of your child," was asked.

A committee for the investigation of the supplying of scholarships, bursaries, prizes, etc. for the Manville school was elected. This matter is also being investigated by the sub-local A.T.A. In the past there has been no official recognition of scholastic achievements of the pupils. Those serving on the committee are Mr. W. R. Van Dusen, Mrs. G. Younge, Mr. G. Kravetz, Mrs. C. Finley.

Names of those children who were awarded certificates and pins for reading a number of approved books during their summer vacation were read.

Sixteen Years Ago Today

Nov. 25, 1935

Many demands for help were being received by the Vermilion Associated Charities (Sunshine), families being in acute distress throughout town and country.

Mrs. George Whyte left on Nov. 15th to spend the winter at her old home in County Down, Ireland.

Changeable weather with only 3 sub-zero temperatures recorded during the week and a decided mild spell holding away at press time.

V. U. Miner was elected Mayor of Lloydminster.

Due to the early onset of winter, cattle shipments have been very heavy.

Hockey and skating seasons were well underway but curling had not yet started.

Thirty-two Years Ago Today

Nov. 28, 1919

Mr. Charles Gilchrist passed away at Islay.

The Mannville municipal hospital was officially opened, the first on the continent to conduct a hospital entirely on a tax-paying basis.

A. J. Reynolds and S. R. P. Cooper announced their retirements from the school board when terms expire at the end of this month.

Wm. Steele was elected president of the Vermilion Agricultural Society. Wm. Telford and Dan McLaren vice-presidents. D. D. Brown was secretary pro tem.

"Best Program Ever" Is Comment

AMATEUR NIGHT AT MANNVILLE PROVES A HUGE SUCCESS

MANNVILLE. — The best ever held in Mannville, is what they're saying about the Amateur Night in the Orange hall here Nov. 16th under the auspices of Christ Church vestry.

An audience of 280 watched 17 entries and a fiddlers' contest, spaced off with entertainment items by non-competitors. Mr. C. W. Hamilton was master of ceremonies.

First prize in the pre-school age competition was won by the clear voice of Lorraine Cartier, with second going to pert Gail Mercier. Both of the little girls sang solos.

In the school age to ten years' competition, top honors were copped by Nedi Myers with her plaintive solo 'Iv. Got the Mumps' really rolled the audience in the aisles. Betty Proudfoot, in the costume of a bluebird, won second prize for her rendition of 'I Bluebird on your Window Sill'. Myrna Whitson, who recites in a clear, sweet voice, was also entered in this competition.

The 11 to 14 years age group, the judges said, was a particularly difficult one to judge. Winner of the prize, one door east of Revelstoke Sawmill Co. 22-5x

The judges were C. Torrance, A. Rostron and S. Chorney.

Cool Water. Also entered in this group were James Craft, banjo solo; Merlyn Mercer, recitation and Florence Schaek, solo.

Equally difficult to judge was the 15 to 18 years age group. First went to Betty Proudfoot, vocal solo; 1st, while tying for second place were Bernice Philip, vocalist, and an instrumental duet by Joyce Gamble on the accordian and Annie Daubney on the mandolin.

Competing in this group was Miss Gamble in an accordian solo, and Misses Shirley McFadden and Sharon Meece in a vocal duet.

The only contestant in the adult competition was Miss Delores Ambler, talented vocalist.

First prize in the fiddlers' contest went to Letham Blakely, second to Ed Summers and third to Steve Zaharko.

During the evening the audience was entertained by James Johnston who sang 'Lindy Lou and The Wig Wag Waggle of the Rib'. Mrs. Reg Legg whose comic song 'I Never Cried so Much in all my Life, highly delighted the audience. Also entertaining were Miss Merna Summers who read The Shooting of Dan McGrew' and eight members of the Mannville teen-agers club who staged a square dance.

YES, It Pays to Fertilize!
as shown below . . .
* 1941-50 AVERAGE WHEAT YIELD INCREASE ON SUMMERFALLOW IN ALBERTA!

Soil Zone	No. of Tests	Bushels of 11-15-0 per Acre	Increase in Yield Per Acre 25 lbs.	Increase in Yield Per Acre 50 lbs.
Black and Black Transition (Central Alberta)	33		3.9	5.4
Dark Brown and Thin Black	65		7.3	9.9
TOTAL	116 average		6.6	9.1

* Data taken from page 7, "Fertilizers in Alberta," Alberta Dept. of Agriculture, Bulletin No. 3, courtesy of Provincial Advisory Fertilizer Committee.

Based on wheat at $1.50 per bus. delivered at Country elevators

Value of 6.6 bus. increase at $1.50	$ 7.91 per acre
Less cost of 50 lbs. 11-48-0 fertilizer	1.32 per acre
PROFIT	$ 6.70 per acre
Value of 9.1 bus. increase at $1.50	$10.92 per acre
Less cost of 50 lbs. 11-48-0 fertilizer	1.41 per acre
PROFIT	$ 9.51 per acre

Similar profits are obtained from use of fertilizer on coarse grains.

OTHER ADVANTAGES:—
1. Conserve Soil Fertility.
2. Earlier Maturity.
3. More Even Ripening.
4. Greater Weed Control.
5. Better Grades.
6. Retards Crop Diseases.

Clandonald News

Annual Sale of Work

On Saturday, Dec. 1st commencing at 2:30 p.m. the ladies of the Anglican church at Clandonald are holding their annual sale of work and tea in the Orange hall. This is an annual affair and eagerly awaited by those anxious to purchase the many beautiful hand-made articles offered for sale. This sale also includes home cooking and farm produce. Everyone is invited to attend and make the sale the success it has always been in former years. Lunch will be served all afternoon.

On Saturday, Nov. 24th the Hardieah Club of the United church held a tea and sale of work in the Orange hall. The articles for sale were all made by the children and their teachers and consisted of dishlines, plaques, leather work and many other useful articles and decorative knick-knacks. Those in charge of the club report a very successful sale and wish to thank all those who in any way helped to make it such a success. The Handicraft club leaders are Mrs. Goddard and Mrs. Peck.

A few threshing outfits are still struggling to complete harvesting operations before the snow gets too deep. On the cold days the grain comes out in fairly good shape but as soon as the temperature rises far too much snow stays in with the grain. This also greatly increases the difficulty of getting the straw through without plugging.

Two young farmers of the Landonald district recently returned from a big game hunting expedition in the Athabasca area. Hunting was reported as just fair but in travelling was decidedly rugged, there being about a foot of loose snow to wade through. The boys did not return empty handed having a nice buck to show for their trouble.

Ernie Lawrence, district farmer, recently returned from a short holiday trip visiting friends at Peers and Edmonton. He reports finding Tommy Stockwell looking well and in good spirits when he called upon him at the General hospital.

Miss Margaret Rowntree, youngest daughter of Mr. and Mrs. A. Rowntree, left last week for Edmonton where she will visit with her married brother and sister whose homes are in the city. Later she plans to continue on to Calgary where she will visit her sister Edith. Following the holidays Margaret intends to take a business course at one of the Edmonton colleges.

Mr. Tim Gardner, of Turner Valley district who makes his home in Clandonald, left for Yellowknife some time ago to visit with his son Ed who works in that northern town.

Alex Goldsmith is noticed driving new Mercury sedan truck.

Mannville High School Plan Year Book

ENTIRE PUBLICATION BY THE STUDENTS

MANNVILLE. — Staff of this year's edition of the Mannville High school year book was elected this week at a meeting of the Students' Union. Those elected were:

Editor—Ruby Coulter. Sub-Editor—Patsy Whitere. Society Editor—Bernice Phillips. Boys' Sports Editor—Paul Way. Girls' Sports Editor — Hazel Winters. Biographies Committee — Alayne Thompson, Mary Boyle, Florence Otto, Herbie Korbett, Arthur Schumacher. Humour Dept. — Joan Fisher, Annie Drubaet, Adelita Pedrychuk, Janet Scott. Photographs Committee — Maxine Ambler, Stella Way, Donna Henning, Fred Otto, Roger Miller, Kevin Maleau.

In charge of sketches for the year book are Lillian Kamitsky, Lillian Woywitka, Arlene Leitch, Gerald Fisher, Frank Ewing.

It was decided that, because of high prices of printing the students would make the year books themselves. This year, even the photographs in the books will be the product of student labor.

Islay Municipal Hospital Board Meets

The regular monthly meeting of the Islay Municipal Hospital board was held in the hospital on Nov. 8th. Attending were Messrs. Jack, Butz, Shirreff and Inman.

Notification was received from Municipal District No. 71 of the appointment of Mr. I. D. Inman to complete the term of office of the late Mr. Gordon. Mr. Inman took the oath of office and the customary form was signed and filed.

Moved by Mr. Butz that the minutes of previous meeting and the financial statement be adopted as read. Cd.

Resignation of the Matron was accepted with regret and ads were authorized for replacement. Cd.

The Board adopted a resolution opposing the proposal of the Government to include hospital employees under the Unemployment Insurance Act.

Salaries and accounts were authorized paid as approved. Cd.

Matron's Report: In hospital 8; admitted 25; discarged 22, remaining 11; Births 2; Deaths 1; Minor ops. 4; Grants for month $887.11.

Adjournment to meet Saturday Dec. 8th at 2:00 p.m.

Salaries $948.90. Accounts: Phone $15.90; Utilities 74.87; Purdy 30.00; C. Miller and Son 36.00; Fisher & Burpe 450.00; University hospital 210.75; Ed. Journal 21.28; E. G. Chatsworth Chatter

Quite an acreage of threshing remains to be done in this locality, but it appears that favorable operations are finished for this year. Mr. M. Tovell is reported to be threshing onto this week-end. It has certainly been a heart-breaking year for the farmers, with lateness in spring and fall operations, and unseasonable weather the entire summer.

At present we are enjoying agreeable weather and hope it continues.

Miss Ryan and the schoolchildren are busy rehearsing for the Christmas concert. A cootie party, Menu and fish pond evening are held on Nov. 9th and a pie social and dance on Nov. 23rd in aid of the concert funds.

Mr. Howard Ferguson and baby were recent visitors at the home of Mr. and Mrs. M. Tovell. Howard motored down from Edmonton last Saturday.

Mrs. George Henry, Sr., and Mrs. George Henry Jr. of Edmonton visited at the former home last week end.

Joe and Bert Bertram left on their return trip to Nanaimo Nov. 6th.

Ernest Thompson, who recently spent some time in the Edmonton hospital is now at the Vermilion hospital.

Thank you, Wildmere Winks writer, for your kind wishes.

The December meeting of Chatsworth Country club held at Mrs. Leo Kleinknecht's was not so well attended, due to the interest of harvesting. The November meeting was held at Mrs. M. Tovell's on Thursday, 15th with a good attendance and the Decemb.. meeting is to be held on the 13th at Mrs. A. Tovells. (Sorry we have no more particulars re above meetings, being unavoidably absent).

THE GOVERNMENT LIQUOR CONTROL ACT OF ALBERTA

Application For Beer License

Public notice is hereby given that the undersigned intends to apply to The Alberta Liquor Control Board for a License to sell Beer by the glass or open bottle for consumption on the licensed portion of the premises, and also to sell Beer by the unopened bottle for consumption elsewhere than upon the licensed premises, in conformity with the provisions of The Government Liquor Control Act of Alberta and the Regulations made thereunder, with respect to the following described premises.

Beer Saloon in the west half of the ground floor of the Kitscoty Hotel, situated on Lots 1 and 2, in Block 1, Plan No. 2088-F, Kitscoty, Alberta.

Dated at Kitscoty, Alberta, this 30th day of November, 1951.

Ronald S. Argus,
Applicant.

Any person desirous of protesting against the issuance of a liser Licensed to the applicant should notify the Alberta Liquor Control Board, Edmonton, in writing, within thirty days of the date shown at the foot of this advertisement.

OUR COMPLETE SHORT STORY—

CHANCE ENCOUNTER

Irma Had the Qualifications, But Someone Was Always Just a Jump Ahead of Her.

By PAMELA LEE

SEE that every moment is occupied. No odd corner left undiled. Pretend it's fun. Talk as that you never hear that other voice that says you're lonely.

Each morning Irma Tisedale made out a list of Things To Be Done. It gave her pleasure to tick them off. They didn't really matter, yet she kept to schedule. She was the mainstay of committees. Nothing big, just one to be ruled on.

The first order. It lay smooth on the top of the pad. She tore it off. One, two, three carbons. She inserted them deftly, saw that the edges were even, and with an adroit movement the order was in the machine. Just like every other order had been for the last seven years.

A failure. Why? She had the qualifications, but someone else had always been just one jump ahead. And the men she'd liked, they'd always passed her by. She was capable—she could have run a home . . .

She was tired of the office. But supposing she left? She had security here, even if she was typing orders. A pension too, when it was needed.

She was a little stout, with fine lines round her eyes, and her hair was swept up in a roll. If she had been a successful business woman it might have been different. If she had been successful at anything for that matter. Yet, paradoxically, she might have got somewhere with that. If she had tried harder. She'd wanted to be an artist. Once. So long ago it almost frightened her to remember. Her she painted dreadful sad vases. Some she gave away at Christmas and the best she kept. But even they could not comfort her today. There was no one to whom she really mattered. She tried to take a grip on herself, but the tears were already trickling down.

Miss Kreuger looked over with alarm. "Miss Tisedale, are you feeling well?" Irma responded for the typewriter cover and pulled it over the machine. "I've a bad head. I think I'd better go home."

Miss Kreuger looked worried. "You can't go home alone, let me get someone to go with you, or call a taxi."

"No, thank you," said Irma, rising. She walked out dabbing at her face with her handkerchief. She collected her coat and took the elevator. Stepping outside, a curious change took place in her. She wasn't Irma Tisedale any more. She was people, all sorts of people, in all the streets in all the world. Walking home, she went straight to the little cupboard where she kept her work. She knew what she was going to do. Sell up. Start afresh. She'd begin with the glasses and vases. She wrapped each carefully and placed them in a bag. She'd take them down to the gift shop and see if they'd buy them.

Rating filled her as she hurried down to the street car. She could hear it approaching and she ran. Suddenly her foot caught. She fell out her arms to save herself, but it was too late and she went down with a thud. A man stopped to help her up. She was trying to speak and could only point to her bag. He picked it up and felt inside.

"Broke," he said. "I'm afraid they're all broken."

Irma stared, stricken. To have said them would have been different, but to lose them! She felt a hand on her arm and she found herself in a taxi by cafe.

The glare from the fluorescent lighting beat into her eyes. It threw no kindly shadow, nowhere to hide her face, take away tears, hide the years. The straight-backed wooden chairs were leather seated. She looked at the man opposite. She could feel a piece of hair straggling down the side of her face, her hat was crooked, but she didn't care any more.

He was smiling. "Some coffee will do you good." She nodded.

"What did you have in your bag?"

"Glasses and vases," she said slowly. "I paint them. It's silly, isn't it?"

"Why? I think it's rather nice. I used to paint myself . . . once. But when my wife died there was no one else to appreciate it but me . . . so I don't paint any more."

Irma suddenly saw a little man, with plump arms, a little bald, red face, eyes that twinkled . . . and were kind, and he had a button on his coat hanging by a thread. Almost without thinking she reached over and it came off in her hand. He looked down a little ruefully.

"I'm rather busy, I'm afraid." She paused. "By the way, my name's Johnson, Herbert Johnson."

Suddenly she felt tired. Perhaps it was the coffee. Herbert Johnson took Irma to her door. He looked at her little garden. "Needs digging. I'll do it over for you if you like, Sunday."

Irma hesitated. "If you've any more buttons that need sewing, I'll . . ."

"Would you do that?" said Herbert Johnson.

"Why, sure," said Irma. And a warm glow started to stir inside her as she watched his round little figure disappear down the street.

Two Motorists Escape Injury From Falling Tree

FLIN FLON, Man.—Two motorists narrowly escaped injury while traveling in the front seat of a car a few miles south of town.

Suddenly a huge tree fell across the hood of the car, bringing the vehicle to a dead stop. On the roadside they saw a truck and trailer still clutching his axe, as he watched the two men get out of the car unhurt.

The wood cutter, not being apprised as a tree-feller, allowed the 30-foot tree to fall toward the highway just as the car was passing.

No Babies in Cabbages

PARIS.—The stork is no longer chic in France today.

Henri Giraud, of the little town of Rosele in France, had 20 flourishing cabbages. He proudly watched them grow—until one day he found them completely destroyed, stripped of every leaf.

French police found the culprits: a party of curious little girls, whose parents had told them that babies come from cabbages, and who decided to see for themselves.

M. Giraud had planned to prosecute the villians. Instead, he now has to explain to the small culprits why there were no babies under his cabbages.

NOT SPECIAL BREED

Palomino horses are not a special breed, but a rarity which happens in horses of several strains. 3041

SMARTERY thing that ever happened to your pat? Easiest thing you ever put on your sewing machine! Soft, feminine blouse is simple enough to wear to desk or to date. And just look at the diagram—THREE main pattern parts. Wrap-tie closing!

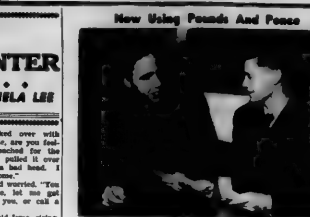
Pattern 4782 comes in sizes 12, 14, 16, 18, 20; 40. Size 16 takes 2⅝ yards 39-inch.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

Send thirty-five cents (35c) in coins (stamps cannot be accepted) for this pattern. Write plainly size, Name, Address and Style Number and send orders to:

Anne Adams, Pattern Dept.,
Winnipeg Newspaper Union,
60 Front Street W., Toronto.

Now Using Pounds And Pence



Posted to England with the R.C.A.F.'s 418 fighter squadron are three Saskatchewan airmen. They'll be using pounds and pence over there and, as shown here, the differences from the Canadian dollar comes up for discussion between Leading Aircraftsman S. B. Beach, of Tremaine, Sask., (left), and Aircraftsman 1st Class W. R. Alton, of Cut Knife, Sask.

(National Defence Photo)

Western Briefs

Grown Fig Trees

LANGLEY PRAIRIE, B.C.—Alec Forrest grows juicy figs right in his own backyard in this Fraser Valley town. It is believed the only fig tree in British Columbia producing in large quantity and good quality. He planted the tree as a sapling 13 years ago.

Disarming Radium Rube

CALGARY.—Dr. H. S. Baker, of the University of Alberta, speaking to a group of teachers here, urged them not to be afraid of discarding ancient grammatical rules in favor of accepted modern usage.

Bush Souvenir

VANCOUVER.—Fifty wild ducks are recuperating from bad hangover at Francois Lake, B.C., after getting boiled on the sun from a bootleg distillery hidden in the woods.

To Extend Rail Coverage

EDMONTON.—The city of Edmonton has started negotiations with the Canadian National Railways looking to elimination of its railway level crossings in the city.

Soon Everything

DRUMHELLER, Alta.—Fire Chief William Guterson said "Now I've seen everything," after a blaze was extinguished on the roof of the water tank at nearby Rosedale.

Detective Blushed

VANCOUVER.—Two blushing detectives recently watched a blind man and artificial flowers to a police-woman in civilian attire and then told him he would be summonsed for selling without a civic licence.

Pioneer Answers Roll Call

MOOSE JAW, Sask.—One pioneer who came in Moose Jaw in 1882 answered the roll-call at the 56th annual old-timers' rally here. The only one arriving that year to attend the meeting, he was Arthur L. Davies, 73.

To Distribute Mosquitoes

REGINA.—Saskatchewan Federated Co-operatives is co-operating with the Saskatchewan Dairy Pool will manufacture margarine at Saskatoon for distribution through co-operative stores, President George Urwin said.

Heroic Act Of Dying Mother Saves Children

THE PAS, Man.—The story of a heroic mother's dying act which saved the lives of her four young children came to light recently in this northern Manitoba town.

The mother, Mrs. Maggie Bailey, 35, suffered an internal hemorrhage while her husband was away from their lonely trapper's cabin, about 200 miles north of here. She feared she would die before his return and realized the four small children into bed with her.

When the husband, Fred Bailey, returned next day, he found her dead. But the children were safe. They ranged in age from three months to five years.

He bundled them into a dog sled and took them 30 miles to Thicket Portage, 175 miles north of here on the Churchill railway, where he reported the mother's death to R.C.M.P.

The body of the mother has been brought out for burial.

The one-room log house where she died was a typical northern trapper's cabin—small and isolated, miles from neighbors and a base for trapping operations which sometimes take men away from home for two or more days at a stretch.

RETURNS TO FIRST SEAT

KAMSACK, Sask.—Edwin J. Johnson was Kamsack's first mayor in 1907. Now he's again in the mayor's seat, winning the post in a recent civic election.

Itch...Itch...Itch
I Was Nearly Crazy

ODDITIES In The News

LONDON.—Post office clerks here have addressed a request to authorities to issue hexagonal pencils. They said round pencils tend to roll off their desks.

Mrs. J. Maclena, a florist, pulled off a fabulous longshot at Sydney, Australia. With unprecedented stakes she picked $360,000,001 to 1 against her, she won both first and second prizes in the New South Wales state lottery. She shared the first prize of $12,000 with a friend. The second prize of $2,500 she split with her sister.

Lois Lambrecht of Lige, Belgium, quarrelled with her boy friend, apparently decided suicide was the only way out, and jumped from the window of her third-floor apartment. But instead of meeting death, she landed in the arms of her startled suitor passing beneath the window on his way home. A kiss ended the quarrel.

Rev. E. L. Overden, pastor in the village of Aveley, England, has a dip for parishioners. He collects pfennigs to keep his church bright and clean and says that discarded coins make the best polishing rollers.

A pupil learning college at Newcastle, Eng., after three years study was presented with a book as tribute to his enthusiasm in mastering the French language. He is George Firstone, a 75-year-old grandfather.

Mrs. Robert Ebert of Wooster, O., lives close to the Wooster College golf course, because it's handy for her hobby. She collects lost golf balls, has 1,140 of the things. She plays golf herself, but she doesn't lose any balls.

NORTHERN LAKE

Great Bear Lake has an area of 12,000 square miles larger than Lake Erie or Lake Ontario

Lignite Coal May Produce Waxes For Shoe, Floor Polishes

Experiments Being Carried Out at University of Saskatchewan and Supported by Research Council

REGINA.—Waxes for use in the production of shoe, floor and furniture polishes may be produced from Saskatchewan lignite coal, if experiments now in progress at the University of Saskatchewan are successful.

The experiments, being carried out by Dr. S. D. Cerris professor of chemical engineering, and Dr. R. L. Kager, professor of chemistry, are supported by the Saskatchewan Research council.

Commercial wax has long been produced from the brown coals of Germany and from lignite coal in California and Devonshire. It was the similarity of these coals to Saskatchewan lignite that led to tests of the wax content of coal produced in the province.

So far, the tests have not determined whether there is enough wax in Saskatchewan lignite to warrant commercial extraction operations. The commercial production will also depend on the properties the wax is found to have.

German brown coals contain up to 10 per cent. wax and California lignite has produced as high as 30 per cent. wax. Saskatchewan lignites tested have so far failed to produce higher than four per cent. wax.

However, a pre-treatment process is being investigated which would increase the yield of wax to about eight per cent.

The method of extracting the wax consists of dissolving it out of the lignite by means of a mixture of organic solvents. The solvent mixture, consisting of benzine and ethyl alcohol, is boiled in the lower section of the apparatus and condenses in the upper portion from which it goes into the middle part where the coal is located. The solvent drains off the top of the coal chamber carrying with it some of the wax. This process is repeated many times.

The wax produced by the process is a hard, black substance. Tests will have to be made to see if the color of the wax can be lightened and the material adapted to commercial uses.

DUE FOR FINE WEATHER OR WILD GOOSE IS CRAZY

TORKTON, Sask. — A woman shopper in Yorkton reported that a wild goose was sitting on a nest of eggs in a small creek near her home at Sturgis. "It either means we are due for fine weather or that goose is crazy," she said.

Safety Tests To Be Compulsory In Alberta

EDMONTON.—Failing to get results on a co-operative basis, Provincial Secretary Gerhart has set a Jan. 1 deadline by which all passenger cars and motorcycles in Alberta must have been tested and affixed with an official passed safety tester.

Legislation was passed last March, making annual safety tests compulsory in Alberta. All cars and motorcycles must be tested between May 1 and July 1, but because this was the first year of the program the July deadline was not enforced.

Only about one-third of Alberta's 180,000 car owners have had their vehicles through the compulsory tests being conducted by 1,500 approved stations at garages and service stations.

It has been stated unofficially that cars that fail to pass the safety tests will be removed from the roads by police.

Calgary Girls Must Wait Longer To Claim Find Of Money

CALGARY. — Two unnamed Calgary girls will have to wait another six months to make those dreams of spending unexpected wealth come true.

The girls found a considerable amount of money in the city six months ago, then applied to the province commission to receive the money if it was not claimed.

The practice has been that lost property when not claimed within six months be given to the finder.

In this case, the amount of money involved is large, and the police commission has extended the waiting period to a year. British law establishes one year, and the police commission will use this period.

The police department will not release the names of the girls, the amount of the money, or where it was found.

Do You Know That . . .

The last issue of the small silver three-cent coin was in 1870. Those dated 1921 are valued by collectors, who will pay $10 and up for each one, depending upon its condition. Their value is due to the fact that fewer than 50 of them ever reached the public.

Takes Gas Out Then It's Pumped Back

LETHBRIDGE Alta. — In Turner Valley, the Western Canada Natural Gas Company takes gas from the earth. Near Burdett, 160 miles southeast of Calgary, the company puts it back into the ground.

The gas is pumped into 31 huge underground storage wells during the summer, and released as needed during the winter.

Lorne James, field foreman at the station where gas is pumped back underground, said storage capacity in the natural wells is practically unlimited.

Each day 4,300,000 cubic feet of gas is forced below ground at a pressure of 645 pounds per square foot. This pressure is enough to ensure a steady flow when the gas is released in winter. The gas first comes from the Turner Valley fields at a pressure of 140 pounds per square foot.

News Notes from Your District Home Economist

—By Bernice Bond, Wainwright, Alberta.

Vanscott F.W.I.A.

Vanscott F.W.I.A. had a roasting and talk on "Hot School Lunch and the always looks smart."

Pelican F.W.I.A.

The club met and learned how to clean and adjust their sewing machines.

Hewitt, Manhattan

While on the subject of sewing machines Mrs. Valleau told me how to sew backwards easily on your machine even without the reverse gear. All you do is lift the pressure foot and pull the material towards you while sewing. That should help you quite a bit, I think.

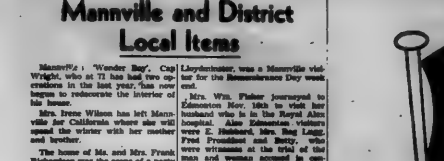
Playthings

Playthings for the one or two-year-old are many of his baby toys. As he gains control of his muscles, as he crawls and walks about, always investigating, giving him also things to push and pull, to fit together and take apart, to pile and knock down, to pound and throw. The one and two-year-old will enjoy a pegboard with large pegs to grasp in his hand. Stuffed animals, a ball to throw, blocks to pile and knock down, chairs to push about, and a train without wheels to push over the floor. Stuffed Animals—Well-made stuffed animals outlast the cheaper ones 3 to 4 times. Oilcloth, plush, mohair, Dress, felt and real pelts with cotton stuffings are used for the better animals. The cheaper animals have less durable straw stuffings and cannot be washed. Most washable animals are so marked. Wash only those stuffed animals which have been purchased as washable. Apply stiff soap suds with a brush and do not wet them through. Dry quickly in the sun or on a radiator. Brush the hair up when dry. Those with oilcloth coverings can easily be wiped clean. Dolls—A baby does not notice details on a doll. A small rag doll about 10 inches long, cuddly and light enough to be dragged around by the arm, is ideal. The doll for the very small child needs no wardrobe. Bright colored squares are preferred to clothes.

Next week we'll continue this with the kind of toys the two to three-year-old enjoys most. This I. Fan isn't it?

Question for Next Week

This question is to ask you to send in your favorite candy recipes, or other ideas for Christmas to be put in a Newsletter so that everyone may enjoy them.



Relive the happy days of years gone by. Old friends will be glad to see you . . . visit cherished landmarks . . . you'll welcome the interlude of rest and relaxation!

To enjoy your homecoming, go by train. Via Canadian National you can sit back in the solid comfort of day coach or sleeping car. Dependable meals . . . friendly service every mile of your journey.

Paradise Valley

The Parodi e Valley branch of the Canadian Legion held special services in the United church on Sunday after on Nov. 11th. Remembrance Day. Mr. A. G. Les, an ex-service man, conducted the service. Music suitable to the occasion was played by Miss Shirley Gunn at the organ. Quite a number of service men attended as well as the public.

On Sunday evening Nov. 18th the United church was filled to hear Mr. W. E. Mullen of Edmonton who was in charge of the Paradise Valley field for four years, conduct the service. Mr. Mullen gave a very forceful message which was much appreciated. We are glad to hear of Mr. Mullen's continued success in his chosen work. We are also very pleased to hear that Mrs. Mullen, who did not enjoy good health the past few years, is much improved.

Mr. and Mrs. J. W. Gordon had as their guests over the week end the Misses Margaret French and Jennie Sawka of Edmonton.

In a letter received from the Rev. Emanuel J. Heuer, District Secretary of the North Alberta Auxiliary of the British and Foreign Bible society, he informs us that he will not be able to visit Paradise Valley this season and would like a canvas completed here as soon as possible. If you are interested and planning on supporting this worthy cause please leave your contributions with our local pastor and receive an official receipt.

We regret to report the serious illness of Mrs. Walter J. Sirett who had to be taken to the Lloydminster hospital on Tuesday evening. Latest reports are that she is slowly improving.

Mr. Leslie Holgate who is employed at Knox's garage is spending a few days in Edmonton.

Mr. and Mrs. Parke Dobson left on Friday morning for Edmonton and Calgary. Mr. Dobson is the Wheat Pool delegate for this division and will attend the annual meeting being held in Calgary this week.

Mr. John Rayson held his sale on Wednesday and he and Mrs. Rayson have taken up residence in town having purchased the White house.

Mr. and Mrs. M. Hoskins and Miss Heather Hoskins, Mr. and Mrs. T. H. Rayson were Sunday visitors with Mr. Hoskins Sr. at Viking.

The students of Paradise Valley high school are launching their annual 'Salesmanship Week'.

This plan which is sponsored by the MacLean-Hunter Publishing Co. and which has proven immensely successful in schools throughout Canada, enables the students to obtain money for many extra-curricular activities at the school as well as providing funds for athletic equipment, movie projectors, educational tours, and many other worthwhile activities.

Citizens of this community are being given the opportunity through this plan to assist the high school students, and at the same time subscribe to Canada's leading magazines, or avail as a fine selection of other publications.

Your renewals and new subscriptions would be appreciated.

On Sunday evening Nov. 18th the young people of the district gathered at the home of Mr. and Mrs. Jim Gordon for a farewell party in honor of Herb Fennell who left on Monday night for St. Johns Que. where he will be stationed in the R.C.A.F. After games, contests and a delicious lunch Gordon Gay presented Herby with a purse of silver as a remembrance from the group. All sang in g "For He's a Jolly Good Fellow" everyone wished Herby the best of luck in his new venture.

We see Mr. and Mrs. M. Hoskins sporting a brand new Ford three days. J. Dale of Kitscoty made the sale.

Visitors to Edmonton over the week end included Mr. C. A. Richardson who attended the opening ceremonies of the new A.T.A. office and Mr. and Mrs. A. L. Johnson and family.

EXCLUSIVELY CANADIAN...

A message to Canadians from Seagram's, the largest distillers of Canadian whisky, who hold each year all Canada's Athletic Cups. Scenes of many nations compete for the honour of catching the biggest and the greatest number of those fighting deep-sea giants.

Created and signed by The House of Seagram, this advertisement, with appropriate copy for foreign lands, is appearing in magazines and newspapers printed in various languages and circulated throughout the world.

Seagram TELLS THE WORLD ABOUT Canada

This advertisement was designed to tell the people of other lands about Canada and things exclusively Canadian.

Many people in Latin America, Asia, Europe and other parts of the world are not fully aware of the richness of Canada's natural resources, wild life, scenic beauty and cultural traditions. The more the peoples of other lands know about our country, the greater will be their interest in Canada and Canadian products.

The House of Seagram feels that the horizon of industry does not terminate at the boundary of its plants; it has a broader horizon, a farther view—a view dedicated to the development of Canada's stature in every land of the globe.

The House of Seagram

Rosarade Ball Tuesday, Dec. 4

On Tuesday Dec. 4th in the Elks hall, the Kinsmen will present their third annual masquerade ball. This promises to be another highlight in the Vermilion social season this fall and everyone is invited to attend. Judges will be appointed and attractive prizes will be offered for all classes of costumes.

Admission will be 75c per person. Keith Ingmire orchestra will provide the music. 21-2b

DEWBERRY

The United Church Ladies Aid at Dewberry will hold the annual church bazaar on Saturday, Dec. 1 commencing at 2.30 p.m. in the Dewberry church. There will be the bazaar, home cooking table and afternoon tea. Everybody welcome. 21-2

Mannville and District Local Items

Mannville — 'Wonder Boy', Capt Wright, who at 71 has had two operations in the last year, has now begun to redecorate the interior of his house.

Mrs. Irene Wilson has left Mannville for California where she will spend the winter with her mother and brother.

The home of Mr. and Mrs. Frank Richardson was the scene of a party of the employees of the M.D. of Minburn and their friends Nov. 10. Mr. Richardson is the M.D. foreman.

Miss Shirley Brown, now of Lloydminster, was a Mannville visitor for the Remembrance Day week end.

Mrs. Wm. Fisher journeyed to Edmonton Nov. 16th to visit her husband who is in the Royal Alex hospital. Also Edmonton visitors were E. Hubbard, Mrs. Reg Legg, Fred Prendiville and Betty. They were witnesses at the trial of the man and woman accused in connection with the recent Mannville NADP grocery robbery. Mr. Prendiville's car was also stolen.

Mr. and Mrs. S. Olesenberg were Kilsara and Edberg visitors during the Remembrance Day week end.

A Mannville man who got a very good look at Princess Elizabeth during her recent tour of Canada was Harold Coulter of the RCMP who held a door open for the Princess to pass through.

Mr. and Mrs. James Gushko report having seen, on their recent trip to Edmonton, Rev. V. P. Cole, formerly of Mannville and now of Tofield. Mr. Cole was on his way to Meacherpe on a hunting trip.

Miss Joan Hubbard returned from Edmonton with her father on Nov. 20th. Because of ill health she plans to stay with her parents until some time in the new year.

Messrs. Ed and Will Barnes returned last week from Kingston, Ont., where they have been visiting since June with their sister.

Miss Diane Whitson was honored by thirteen of her little friends on her 7th birthday Nov. 19th. She entertained at a party in her home.

The structure being erected on Mannville's main street between the post office and Coop store is for the property of Mr. Peter Grabas. Mr. Grabas has not definitely decided what type of business the building would house. He plans depending on a barber or not be safe to also repair business in which he is now engaged.

NEW OUTFIT FOR BRITISH TROOPS

Girls employed by a Northampton England, firm have been working overtime for the past ten weeks turning out a new type of winter outfit for British troops in Korea. It is a convalescent garment containing 51 pieces of material and consists of a long locker with attached hood, made of grey-green gabardine, lined with matching blanket. It is waist and weather proof and weighs only 3½ pounds.

Report to the People

BY ROBERT FAIR, M.P. BATTLE RIVER

HIGH COST OF LIVING

(Continued from last week)

Many members have quite happy that something along this line would be done and early in the session the Hon. Stuart Garson, Minister of Justice, placed a resolution on the Order Paper preceding the proposed legislation. You can imagine the disappointment of members in the House and people all across the country when apparently at the request of the annual meeting of the Canadian Chamber of Commerce a resolution was passed asking the Government to postpone the enactment of the proposed legislation until further consideration was given to it and the electorate given the opportunity to present their views thereof, coupled with the legislation the Minister of Justice brought in a resolution providing for the setting up of a committee to study the interim report of the McQuarrie Commission of four men who had considered the matter already. This would seem to be a repudiation of the recommendation of the Commission and people are now asking why governs Canada the Canadian Chamber of Commerce or the people's elected representatives?

The resolution introduced by the Minister of Justice was passed and the committee named. Whether the committee will complete its work in time to have legislation passed before the Session ends next month is a matter of conjecture. We all hope the necessary legislation will be passed and made effective before Parliament prorogues.

Freight Rates

Legislation providing for equalization of freight rates and two other bills dealing with railway matters are now before a special committee set up to investigate such matters, and rather heated debates are taking place in the committee meetings as representatives of both railroads are doing their best particularly the representatives of the C.P.R. to have things remain just about as they are. As reported by the statement by the Hon. Chevrier, Minister of Transport, immediate results cannot be expected with respect to equalization of freight rates as it may be some years before this is finally made effective.

Canadian Broadcasting Corp

A committee has also been set up to deal with proposed amendments to the CBC legislation. In this connection it is proposed that this year Parliament provide $6,750,000 for CBC purposes, which includes the provision of television facilities at Montreal and Toronto. A grant of $1,500,000 has already been made to the CBC in the last session or two. This makes a total of $8,250,000. In the 1951 fiscal year and provision is also being sought for a supply of a similar amount during the next four fiscal years. The Canadian Chamber of Commerce or the people's elected representatives?

Space will not permit a further review at this time but I hope to report further in the middle of next month.

SKID STOPPER

There's new hope for ending one of the greatest hazards of winter motoring. A new sanding device is reported in The Financial Post for use on all car, trucks etc. With a flick of the finger the driver can release chemically treated sand under the rear wheels in an instant. Installation is said simple and the device is concealed when installed. Besides safety it also comes in handy for starting off from icy traps.

A Successful Season

THE CORPORATION PLAYS an important part in the marketing of Western Canadian wheat and the movement of grain from the prairies to the ships which carry it to the world markets is a major event in the economic life of this country each year. While a large part of the crop is shipped from the great wheat terminals at Port Arthur and Fort William, an increasing amount is carried from the port of Churchill. Although this Western sea port has not yet been developed to the extent to which early advocates of the project aspired, it is fulfilling the hopes of those who believed that this ocean port, close to the grain fields of the prairies, could be developed.

* * * * *

Past Record Is Broken

A report on activity at the port of Churchill during the season just past shows that the first vessel called on the 8th of August and that the port was closed to navigation on October 8th. During that time twenty-one vessels called at the port and 7,378,443 bushels of wheat moved through it. This was larger than the record amount shipped in 1950, in which year 6,767,743 bushels were shipped by the Hudson's Bay route. Storage elevators were filled to capacity and there were 840 cars of grain at the port or en route to it when the first vessel arrived this season. Mr W C McNamara of the Canadian Wheat Board reported that at all times there were sufficient supplies of wheat to meet the requirements of incoming ships. About 700 000 bushels were left in the elevators after the port was closed for the season.

* * * * *

Elevators To Be Utilized

Since the close of navigation more wheat has been directed to Churchill by the Canadian Wheat Board and it is expected that the elevators there will be used this winter to their full capacity, which is 2,500,000 bushels. The port of Churchill is a project of many years been a subject of controversy between conflicting interests in Canada, but experience has shown that it is of practical value in shipping goods to and from points in Western Canada. It is obvious that the long rail haul between the prairies and the sea ports on the east and west coasts adds to the cost of the items which are transported. However, the shortness of the season at the port of Churchill presents an obstacle to the full and effective use of it which some might. It is interesting to know of the extent to which it is operating at the present time and the increasing activity there is encouraging to those who have believed in the future of this northern sea port.

Importing Butter "National Shame"

OTTAWA.—Senator R. B. Horner (PC—Saskatchewan) told the Senate it was a "national shame" that Canada was forced to import 40,000,000 pounds of butter while farmers here in Ida and decaying in her western agricultural basin.

If dairying in the west were not encouraged, he said, the day might come when the west will "be getting powdered milk from eastern Canada." The west might have a lot of wheat, but it had too little milk.

DOG'S BEST FRIEND

PLUMPTON, Devon, England — Retired Mine Pony Jimmy, who used to daily pushes Jillie, her 9-year-old barrier, through the streets in a baby carriage.

"I don't mind the folks staring," Miss Foster said. "Jimmy has been the best friend in the world to me, and I'm looking after her now."

She said her 13-year-old dog is paralyzed in both hind legs.

Immigrants To Canada Reaches 129,985

OTTAWA.—Canada accepted 129,985 immigrants in the first nine months this year, an increase of 75,000 over the same period of 1950, the immigration department said.

The total included 21,938 from British Isles, 6,013 from the United States, 43,834 from north European countries and 54,191 from all other countries.

The 30,276 shifted workers among the immigrants made up the largest single occupation group Agricultural workers included 19,244.

Ontario took the biggest proportion of immigrants—73,046. A total of 37,534 went to Quebec, 9,640 to British Columbia, 9,078 to Alberta, 5,865 to Manitoba, 2,946 to Saskatchewan, 1,373 to Nova Scotia, 1,026 to New Brunswick, 180 to Prince Edward Island, 183 to Newfoundland and 21 to the Yukon and the Northwest Territories.

Immigration officials have predicted the total immigrant total will reach 130,000 by the end of the year.

CANADIAN LEPER COLONY HAS TWO NEW INHABITANTS

BENTINCK ISLAND LEPER COLONY, B.C.—This dread, lonely island off the southern coast of Vancouver Island has two new inhabitants, increasing the total number of patients to four.

The first two cases of leprosy diagnosed in Vancouver in 10 years were recently brought to the Federal Hospital here.

Both patients are Chinese, one a 29-year-old man, the other a 16-year-old boy.

Canada's only other leper colony is at Tracadie, N.B.

SPICE QUEEN CROWNED FOR 1954 EMPIRE GAMES

VANCOUVER. — The 1954 Empire Games in Vancouver will cost an estimated $2 million.

Hon Smith, general chairman of the Empire Games committee, gave this estimate to delegates at the annual meeting of the Amateur Athletic Union of Canada here.

Mr. Smith said the City of Vancouver had pledged $50,000 each year until 1954 for a total of $300,000. The Federal Government is being asked for a grant and the B.C Government will also be asked to make a substantial grant.

NEW BAYER TB DRUG HOSPITALS TAB AND WIRE

EDMONTON — A dapper young man of Ukrainian descent took over as Edmonton's mayor and vowed he'll "sell the city far and near". At 37, William Hawrelak is the second-youngest mayor in Edmonton's history. In the recent civic election he routed former Mayor Bd Parsons by a landslide majority.

PUDGY

Sample Of Canada's Role in Defence

Reminiscent of rehabilitation scenes during Second World War, three members of Canada's crack 410 fighter squadron board R.C.A.F. transport plane at Marville, France, en route to Metz, where they will be equipped with new F-86 Sabre jets overseas, will form part of the newly created No. 1 Canadian Fighter Wing at North Luffenham in England, and will be available for duty as part of the integrated Force under General Eisenhower. Left to right are: Aircraftsman James Goodwin, of Paradise, N.S.; Leading Aircraftsman Roderick Bowers, of Fredericton, P.Q.; Corporal Joseph Beverdere, of Hanover, Ont.; Sergeant Michael Grosvenor, of Flemington, Ont.; Sgt. Lorne Sheridan, of Winnipeg; L.A.C. Don Steele, of Fredericton; Cpl. Doug Laycock, Calgary and Cpl. Bill Copland, Vancouver.—Central Press Canadian.

Edmonton Scientist's Discovery May Save Huge Barley Loss

EDMONTON.—A simple chemical control, discovered by an Edmonton scientist, may save prairie farmers millions of bushels of barley annually lost through the scourge of loose smut. Dr. L. E. Tyner, plant pathologist of the dominion laboratory of plant pathology, of science service division of the Canada department of agriculture, started in 1948 to search for a means of combatting the grain fungus.

He found the means in a chemical known as spergon. Strangely, spergon had been on the market for many years, but as a treatment for garden seed. In commercial form it is a yellow powder which has an effective principle as a chloranil.

The effectiveness of this chemical has been demonstrated by thousands of tests in the last three years at dominion laboratories in Edmonton, Saskatoon and Winnipeg.

Tests show a smut reduction from 9 per cent. in untreated Montcalm barley to zero in properly treated barley. The tests were carried out with several varieties and with the exception of one case where 0.2 per cent. smut was left after treatment, the fungus was completely cleaned.

Treating barley with spergon and smut killer requires that the seed be soaked for about 10 hours in water and then for 45 hours in a two per cent. solution of spergon. The pre-soaking in water softens the seed and allows the chemical to penetrate the embryo where the smut grows.

Unlike other forms of barley smut, loose smut does not attack the outside of the seed but eats out the heart. With this problem confronting him, Dr. Tyner dropped the idea of using powders and concentrated on solutions.

He tried about 50 chemicals in the solution before he found one that would kill the smut but not the seed.

Until Dr. Tyner discovered the spergon method, the only known way to combat loose smut was the costly hot water method. It entailed mainly a tricky and rigid control of temperature and time. An expensive machine had to be set up in a central location and farmers could have their barley seed cleaned for $1 to $1.25 a bushel.

Besides the Montcalm, Dr. Tyner used Newal, Vikal, Pfund and Olaf barley varieties, gathered mostly from farms in Alberta and Saskatchewan.

Dr. Tyner carried out his research at the University of Alberta.

Urges Development Of Historic Sites

PRINCE ALBERT, Sask. — The Prince Albert Historical society has been urged to develop more historic sites.

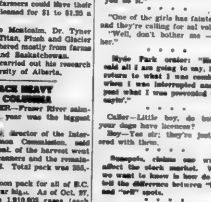
Campbell Innis of North Battleford, Sask., Saskatchewan representative of the Historic Sites and Monuments board, spoke at a meeting here.

He said the society should search out district sites, important in the history of the area.

BIG CHRISTMAS

LETHBRIDGE, Alta. — Mr. and Mrs. Leonard G. Banita celebrated their 60th wedding anniversary the day after Christmas. Banita, 89, came to Alberta as a homesteader in 1905.

His Chest Supports Also Second — It's Her Favorite!



What to get good reception? There's no end from this Chest. Compared with any Bouvier Margarine with any spread at any price. Like the famous television one and another, you'll love the delicate, sunny flavor of this low-priced, high-quality margarine. You'll appreciate Rich Bouvier's nutrition, too! You'll welcome special economy by buy-ing Bouvier in pound "all in" Vitamin A Flavor! Nutritious! Economical! Use it in cooking, on vegetables, as a delicious spread.

Rich Bouvier Margarine is sold in two 1-lb. — regular Bouvier package with color wafer, and also in the famous Yellow Quix bag for fast, easy mixing.

BOUVIER

PRAIRIE PARADOX

(By James H. Gray in The Ottawa Citizen)

CALGARY.—In a year such as this has been, the good farmers have had to take a more lenient line than the poor ones. Over a large area of Southern Alberta, the farmer who threw up his hands last summer and crawled into a hole is better off than his energetic neighbors who tried desperately to save something from the wreckage caused by bad weather. Here are some footnotes to the tragedy.

A large rancher who resisted the temptation to market his veal calves last summer at the top of the market had a terrific crop of hay. He could see feed ahead for the winter, lots of it. He'd keep his cattle over and market them next year when they were fat at the right age. He had his only a third cut when the August rains and snow hit. His loss—2,000 tons of hay. Our plan the secondly to ship his feeder steers to market.

Another farmer worked himself into exhaustion getting his hay into stacks. The rains came before the stacks settled and the hay rotted. Still another, seeking to protect his new stacks of baled hay, rushed out and bought some tarpaulins and covered them. When the rains stopped and the sun came out he went to take off the canvas. The bales were covered with mushrooms and rotted.

In late August I drove through the biggest coarse grain crop on record in the fields. All night, practically it was frozen. It could still be cut for feed. The farmers started gathering in cattle for the winter to eat the feed. One farmer went in back to the bank and got $40 000 more than the year they arrived it showed his bank manager. It is still down and he is frantically hunting for cattle to eat the feed, feed at any price.

Or take the people who went into the production of registered seed. A neighbor of mine broke 10 acres last year, summerfallowed it and put it in free of weeds and planted registered seed. The inspector approved it. The crop ripened and then came the frost and snow. On his 10-acre plot he had 60 to 70 bushels of seed to the acre. As registered seed it would have netted him at least $1 25 a bushel or $70 to $80.

But the frost and snow destroyed its germinating qualities. If he can ever get it threshed, he'll be lucky to get $300 for the crop. His alternative is to sell it in the open for chicken who are stuck for fodder. He can get a fantastic price of 15 cents a sheaf for it, or around $400 for a sheaf crop.

If he'd decided last year, however, to ignore good farming methods, save to how the picture would have looked. Last year he'd have harvested around 2,000 out sheaves on land breaking and these sold for around 7 cents each in the fall. That would have produced $210. He could have sold his crop for every bit the year and stacked it. Then he'd have invested in on the feed bonanza and have collected $600 for his shrewdness this year. He'd have had less expense for seed and no worry and more profit at the end.

The millions of bushels of oats and barley lying stinted under the snow recently caused the biggest traffic jam in history at the Calgary stock yards. Trucks full of unfinished cattle were lined up for two miles awaiting to unload. Half finished beef targetting the market facilities though the price has held up very well. The slaughter of these animals means a lower supply of beef next year. The steer that was started at 400 pounds this fall would have produced 900 pounds of choice meat next year.

Even the hog raisers have taken a frightful beating. Here again it has been the good farmer who took the chin. One farmer who has been concentrating on . . . breeding stock was . . . to the money-making point after a long, hard grind. Recently he was forced to load three trucks full of bred gilts for slaughter, for bald what they would have brought he answered shock.

True, there are those who are relatively fortunate. Anybody with feed can get a high price for it this season. Ably, Or they can sell their feed at good prices. For example: A fellow had low lands of green feed and went out to get it with a truck. Before he got there a hard-pressed rancher had come along and bought the whole crop for twice what the first man had offered.

The most tantalizing thing about it all has been the weather. It rained just enough to raise everybody's hopes. A short time ago a chinook blew over it. Farmers and farmers-ers got ready to get onto the land and pick up their crops. Then it rained again. The rain turned to snow. The crops are back down under more snow than ever.

RECRUITS FOR WOODS

PRINCE ALBERT, Sask. — More than 800 men in northern Saskatchewan have signed contracts to spend the winter working in the timber in northwestern Ontario.

The Rockefeller foundation was established in 1913 with an endowment of $182,814,000.

Funny and Otherwise

* * * *

The way to keep chums with women is to let them think they are having their own way, and the way to be married is to let them have it.

* * * *

Patient—Joe looks a lot better after his operation. What did you operate on him for?

Doctor—We took away a bran rail that had been pressing against his instep for years.

* * *

The pretty model teacher was trying to tell her pupils about the seed of spring.

"As I stood on the station platform one sunny April morning waiting for my train I had something lightly caressing my cheek. Can you tell me what it was?" she asked.

"The station-master's moustache?" answered the small bad boy of the class.

* * *

Scotty (hoping for free advice): "Doctor, what should I do for a sprained ankle?"

Doctor (also a Scot): "Limp!"

* * *

A police officer was preparing to fingerprint an offender.

"Wash your hands," he ordered.

"Which of them?"

The officer nearly brutalized for a moment.

"No," he said grimly, "dust one of them, I want to see how you do it."

* * *

"One of the girls has fainted, sir, said Sky'ow rolling the family volatile.

"Well, don't bother me — find her."

Hyde Park orator: "Having said all I am going to say, I will return to what I was saying when I was interrupted and repeat what I was interrupted from saying."

* * *

Caller—Little boy, do both of your dogs have licenses?

Boy—Yes sir; they're just covered with them.

* * *

Sausage, claims one writer, affect the stock market. What we want to know is how do you tell the difference between "bay" and "wet" spots.

* * *

"Jackson and Williams had a terrible row at the club," said Watson.

His companion looked surprised. That's strange," he said. "I thought them two were inseparable."

"They were," said Watson. "It took six of us to drag them apart."

FOR BRONCHIAL COUGHS YOU CAN'T BEAT BUCKLEY'S MIXTURE

"THE POOR BOYS NEED A LAUGH"

MILAN, Italy.—A woman in Milan telephoned the newspaper one night to report, in a voice shaking with emotion, that young men were trying to climb into her apartment.

"Hurry, lady," said the man on the phone. "It's the police you'll have to call. This is the fire brigade."

"I know," said the lady, "the poor boys need a ladder."

DEWBERRY NEWS

COME ONE — COME ALL

The Dewberry Home and School Association are putting on an amateur hour — Date is Dec 6th (not as previously reported, Dec. 31); Time 8:30. Proceeds to go to help the boys who are running the Dewberry rink. All those wishing to enter should contact Mr. McIlwraith with details of their number. A good chance for everyone to get behind these ambitious lads and have an enjoyable evening as well. We hope there will be a huge crowd.

Young People To Live At Kitscoty

WAFF—DANYCHUK

Chalmers United church, Edmonton, was the scene of a pretty wedding recently, when Rev. Wallace H. Moss united in marriage Pearl Isabel, eldest daughter of Mr. and Mrs. Steve Danychuk of Biggar, Sask., and Laurence Ernest, only son of Mr. and Mrs. Laurence Waff of Kitscoty, Alta.

The bride given in marriage by her eldest brother, Mr. George Danychuk of Biggar, chose a royal blue wool dress with navy accessories. The corsage was of orchids and roses. The bridesmaid, Miss Eva Watt, sister of the groom, wore a dress of winter-white wool with brown accessories, and corsage of bronze mums.

The groom was supported by Mr. Earl Danychuk, brother of the bride, also of Biggar.

Following the ceremony a reception was held at the home of Mr. and Mrs. Steven Fedick of Edmonton. A three-tiered wedding cake flanked by tall tapers and yellow and white mums centred the bride's table. A toast to the bride was proposed by Mr. Steven Fedick and ably responded to by the groom.

The young couple are making their home south of Kitscoty.

Wedding Bells At Mannville

HANSEN—WILSON

Miss Margaret Lucille Wilson, youngest daughter of Mrs. Irene Wilson, became the bride of Mr. Donald James Hansen, son of Mr. and Mrs. Chris Hansen, all of Mannville. Rev. Harold Penner performed the ceremony in the Mannville Memorial Hall on Saturday Monday, November 12th.

The bride was attended by her sister, Mrs. Stella Warnke of Edmonton, and the groom's sister, Miss Elizabeth Hansen of Mannville.

Attending the groom were Mr. Peter Hansen and Mr. John Wilson.

The bride's floor-length gown of white satin and lace was fashioned with net yoke and pearl and rhinestone trim and fitted sleeves. Her three-quarter-length veil of net was held in place by a pearl and rhinestone tiara. She carried a bouquet of red roses and her only jewelry was a matching rhinestone necklace and earrings.

Mrs. Warnke wore a floor-length gown of pink sheer with a matching elbow-length veil. She carried a bouquet of cerise chrysanthemums.

Mrs Hansen was gowned in blue taffeta with matching veil. A bouquet of yellow and bronze pompons mented her costume.

For the couple's wedding, Mrs. Wilson wore a dress of wine crepe with brown accessories and pink roses en corsage.

The groom's mother wore a black crepe dress with matching accessories and a corsage of red carnations.

A reception for about thirty guests was held in the young couple's new home following the ceremony.

For a honeymoon trip to Edmonton and Wetaskiwin the groom chose a suit of beige gabardine with brown accents, with which she wore beige accessories.

Suffers Serious Eye Injury — Magnet Will Be Used

MANNVILLE.—A steel splinter from a powerful axe spun which he was hammering entered the eye of Wm. Fisher, formerly of Mannville. Nov. 13th. Mr. Fisher who is employed by Ferguson Supply, Edmonton, is in the Royal Alexandra hospital under the care of Dr. E. F. Foy.

The splinter, which reaches from the pupil of Mr. Fisher's eye to the back of the eyeball, will be removed by use of a powerful magnet, Mrs. Fisher has been informed.

Little hope is held for complete sight restoration for Mr. Fisher. The accident did not otherwise injure him.

Mrs. Fisher and the couple's two children live in Mannville.

Pleasant Valley

We are sorry to report that our neighbor, Teddy Hollister, passed away on Sunday night at the Islay hospital. Deepest sympathy is extended to the family. He was an old timer of more than 30 years of this district.

The writer is also sorry to hear that Mrs. Playne is so ill and still here whether she is improving or not.

A community meeting was held at the home of Christie Clark on Monday evening with quite a large number in attendance.

Another ware demonstration was held on Sunday night at the home of Melina Robinson. A full house is reported. The weather was nice but the roads slippery.

Mr and Mrs Jim Gould and family were supper guests at the home of Mr. and Mrs. Underdown in Vermilion on Sunday. The writer and husband, Laurence and Christie journeyed to Kitscoty where a goose supper was enjoyed at the home of Mr. and Mrs. Jack Hartley.

Mrs. Giles is moving to Blackfoot to open her tea shop this week. David is remain at the farm to feed the cattle.

Hello Allandale: did you say most homes were too warm for Christmas to bloom" Perhaps a wee bit too cool as they like warm sunshine I have a few tulips left if you would care to have them, just let me know.

"The kitchen is a homey place. The curtains are not made of lace but the plants in the window are all in bloom.

They fill the air with sweet perfume.'

Vermilion Man Weds In Vegreville

WINTER—ZIEGLER

The United church at Vegreville was the setting for an attractive bridal when Miss Marguerite Ziegler, daughter of Mr. and Mrs. John Ziegler of Vegreville became the bride of Mr. Joseph Peter Winter, son of Mr. and Mrs. J. P. Winter, of Vermilion.

Rev. G. B. Mather performed the double-ring ceremony.

Entering the church with her father, the bride wore a gown of lace over satin, fashioned with illy-point sleeves and a fitted bodice with tiny self-covered buttons. Her long veil was caught in a corsage of seed pearls and she wore a double strand of pearls, and matching earrings, a gift of the groom. She carried a bouquet of red roses and white baby chrysanthemums.

The Misses Geneviève and Lillian Ziegler attended the bride. They were identical gowns of blue figured nylon net with matching chapel veils. Each carried a bouquet of red roses and white baby chrysanthemums.

Mr. Arnold Winter and Mr. Albert Winter, brothers of the groom, were his attendants. Ushering the guests were Mr. Ray Clarke and Mr. Arnold Winter.

Mrs. D. McClements played the wedding music and during the signing of the register Mrs. Robert Bauer and Vermilion sang "Through the Years."

Following the ceremony a reception for 60 guests was held at the bride's home. The bride's table laid with white linen, was centred with a four-tiered wedding cake flanked by vases of yellow chrysanthemums. Mr. E. J. Gesgelein of Tofield proposed the toast to the bride.

Later in the evening a dance was held in Alida hall.

For a honeymoon, the bride donned a light brown wool worsted dress with dark green accessories and red roses en corsage.

The couple will make their home in Vermilion.

Kitscoty High School Notes

A new way to life away leisure more boys.

hours has been found in the form of a Wurlitzer recently installed in the cafe downtown. Many high school jukebox fans can be found around it at almost any time. However it seems that our Jitterbug enthusiasts of the earlier part of the week have discontinued their lively practices. Dont you like dancing anymore?

The weekly high school party was held on Wednesday night as usual. The varied dances were enjoyed by all, although after one of the Sadie one poor student was overheard to remark, "why don't we dance something we know how to do?".

NOTICE is hereby given that Nick Jacula of Mannix, Alberta, has made application to the Minister of Public Works, Edmonton, for a lease of the following road allowance or surveyed highway, viz.

That portion of the road allowance between the north-west of Section one (1), Township fifty-one (51), Range Seven (7) and the north-east of Section two (2), Township fifty-one (51), Range Seven (7), all West of the Fourth Meridian.

Any protest against the granting of the above mentioned lease must be forwarded to the Minister of Public Works, Edmonton, within thirty days from date of this notice.

DATED at Vermilion November 19th, 1951.

NICK JACULA,
(Applicant.)

C. W. L. meeting at the home of Mrs. Malcolm on Friday, Nov. 30 at 8:00 p.m. 22c

TEA & SALE OF WORK

The Leadership Training Group of the CGIT will sponsor a tea and sale of work on Saturday, Dec. 15th at the United church hall from 3 to 5 p.m. This is the first project undertaken by this group and encouraging support would be appreciated. Adults 25c, children 15c. 22-1c

Report of the Wildmere Beavers

On Nov. 17th Wildmere Beavers (W.I. Girls' club) met at the home of Sylvia Steele. It was pleasing to have a visitor in the person of Alice Clark.

Only six members answered the roll call giving Santa a tip on what they want for Christmas.

The girls are going to do some sewing, for the hospital.

Plans were made for a New Year's Eve dance at Dewberry hall. The date is mind folks. They then studied "welcoming a guest from the Kingsway" and some of the girls demonstrated.

Mary Gibson gave an interesting short book review on the book "Heidi".

For Social Doreen Martin read a short story. The Mystery Box was a rain check doll and was won by Mrs Martin. Due to the absence of our President Marlene Smith the vice president Doreen Martin was in the chair.

After adjourning the meeting a lovely lunch was enjoyed.

Girls please note Due to the busy Christmas season we will hold our next meeting on Jan. 12th at Betty Smith's.

SHOWING AT THE
Arrow Theatre

Thurs. Fri. Sat., Dec. 6, 7 and 8
"BATTLEGROUND"
—Drama. Starring Van Johnson and John Hodiak.

FO. Clarence Killeen and Mrs. Killeen of Trenton had as their Sunday supper guests recently Miss Brady, formerly of Vermilion, and now of Toronto, and ACI Norman Cooper, son of Mr. and Mrs. R. S. Cooper, who is stationed at the Trenton air base.

Roy Walker, well known old timer of the town and district, is at present a patient at the University hospital in Edmonton where he is undergoing surgery and will probably remain for some time. Roy's address is Ward E, 3rd floor, University hospital, Edmonton. Roy marvels at the facilities and equipment at the hospital and says that it is quite a revelation, and has great praise for the kindness, thoughtfulness and care that is showered on everyone.

Mr. and Mrs. Tom Souder of Edmonton paid a brief visit to Vermilion on Monday while on their way to old home scenes at Clandonald where they plan to stay for a week or so.

Several parties were held in honor of Mrs. J. J. Knoll of Edmonton during her recent visit to Vermilion While guests of honor at the home of Mr. and Mrs. L. N. McLean in their new home.

Allan Heidebrecht, formerly of Vermilion who has been carpentering in the north country, is at present working with the Wm. Pettigrew crew here.

Mrs. J. Crawford was elected vice-president of the Vermilion Boys' Band association and not Mr. Crawford as stated in last week's Standard.

Mrs. Percy McKone of Edmonton was a recent visitor here at the home of her daughter, Mrs. Dick Swanson and Mr. Swanson.

IN MEMORIAM

In loving memory of
Mary Phillips
who passed away four years ago today
Deep in our heart lies a picture
Of a loved one lost to rest
In memory's frame we will keep it
Because she was one of the best.
—Birdie and Family

IN MEMORIAM

In loving memory of our mother, Mrs. Charlie Dewberry who died November 17, 1947.
"Gone dear mother, gone forever
How we miss you sitting here
But you left us to remember
None on earth can take your place"
A happy home we once enjoyed
How sweet the memory still
But death has left a loneliness
The world can never fill.
—Sadly missed by Toby, Greta Sarah and family

Home & School Assoc. Is Organized At Paradise Valley

On Wednesday evening Nov. 21 Mrs. Vogel and Miss R. Reay of Wainwright attended a meeting in the high school room, which was called with the purpose of determining the wishes of the ratepayers of Paradise Valley school division as to whether they wished to organize a Home and School Association. A fair number attended. Mrs. Trey outlined the aims and principals of the organization in a very interesting manner. Miss Reed, the District Home Economist, spoke on Hot Lunches for the pupils. After considerable discussion it was decided to organize a branch here and the meeting then elected the following slate of officers:

President—A. M. Trevitt
Assoc. President Mrs. E. Wels
Vice-Pres—Mrs. C. R. Murray
Secretary—Mrs. R. Acasser
Treasurer—C. A Richardson.

The executive has the power to appoint committees for the different phases of work of the association The next meeting will be held on Dec. 12th

Committee chairmen School Education C A Richardson Parent Education—Mrs. J Adams Publicity W A Gunn Finance A Johnson Health Mrs M Hawkes Community Standards Mrs. W A Gunn Social Mrs G. Vernon

All adults interested in children are invited to become members Speaker at next meeting will be Mr C A Richardson and his topic "The new curriculum for secondary schools"

The Prairie Crocus is the emblem of Manitoba.

Greenlawn Grapevine

Sorry folks, in spite of the title the contents of the following lines will be strictly censored. We'll leave the liveliest to be told by those with greater qualifications (better imaginations, you know) while we stick to the worthwhile things that are being told on the Grapevine in Greenlawn.

For instance, we're all very happy to hear that Mrs. Joe Ryan is to enjoy a trip to the Old Country this year. She leaves Dec. 6th and will be in Ireland in time for Xmas with her family. Happy voyage Mrs Ryan, and a swell holiday.

P. T. A. Tweeks Officers

The Greenlawn P.T.A. recently held their annual meeting and election of officers. J. D. Magill was returned to office as President; Verll Sweet will serve as Vice-President and Mrs. Effie Mathison is the new secretary, Mrs. Anne Mathison, Mrs. Win Mathison and Bill McMullen will aid and abet as the executive. With the Calgary convention coming up, there was too much business to be finished and another meeting was called for Nov. 29th

OBITUARY

MRS. GRACE BENDIXEN

Mrs. Grace Bendixen of Heinsberg, well known lady farmer of the district, passed away at the Vermilion hospital on Nov. 9th at the age of 70 years 7 months and 15 days.

The deceased was born at Gilman, Illinois, U.S.A. on March 25th 1881. It was here that she met Benjamin Bendixen and they were united in marriage on Sept. 27th, 1899. They came to Canada in the Kitscoty-Marwayne area in 1909 where they lived, steered, returning to the States in 1920. They resided in Onanga, just 4 miles south of Gilman until 1929 when they took up residence in the Heinsberg district.

She leaves to mourn her passing six daughters and three sons. The sons are Floyd and Frank, both of Heinsberg and Roy of Innisfree, B.C. The daughters are Mrs. Ethel Rooks of Vermilion; Mrs. Irene Ortiss, of Chicago Mrs. Helen Parker, Kitscoty Mrs. Vera Fakeley, Lindbergh; Mrs. Laura Kean, Sterling; Mrs. Frances Evans Lindbergh. There are 19 grandchildren.

Funeral services were held at the United church in 62k Point. Services were conducted by Lieut. and Mrs. Chapman of the Salvation Army, Vermilion.

Hymns sung were the "Old Rugged Cross", "When the Roll is Called up Yonder" and "Abide With Me". Pall bearers were Messrs. Rushfeldt, Dewey, Coombes, Smith, Rinde and Lawrenson. Interment took place in Forest Lawn cemetery beside Mr. Bendixen.

Beautiful floral tributes were received from: Her loving family, Ethel and Ernest, Inez and Henry, Helen and Burt, Frank, Kathryn and Roy, Vera and Alfred, Laura and Albert, Frances and Billy, Eleanor and Floyd. The Grandchildren, Russell, Herbert, Sylvia, Florence, Roger, Margaret, Henrietta, Allan, Lorraine, Gerry, Elmo, John, Linda, Edna, Benny, Marilyn, George, Grace and Jean; Mrs. Agriculture; Mr. and Mrs. R. McLaughlin; Mrs. Grace Todd, Chris Bredahan; Pat Doherty; Mr. and Mrs. Ed Gould, and family; Mr. and Mrs. Jack Mercer and family; Mr. and Mrs. Martin; Mr. and Mrs. A. Hall and Mrs. John Parkins and Teddy; Mr. and Mrs. A. M. West, Mr. and Mrs. F. C. Thomson; Dominican and Mrs. John Parkins and Teddy; Mr. and Mrs. A. M. West, Mr. and Mrs. F. C. Thomson; Dominican Home League; Vermilion W. I.

Flowers sent to the home: Lieut. and Mrs. Chapman; Mr. and Mrs. Smith; Mr. and Mrs. Wm Zeolkowski; Mr. and Mrs. Ed Gould, and family; Mr. and Mrs. Fred Maddex; Helen Bell; Mr. and Mrs.

News from Kitscoty

The town and district wish to extend their congratulations and best wishes to Mr. and Mrs. Larry Watt who were recently married in Edmonton. Last Friday they entertained their many friends to a wedding dance in the town hall where about 300 people gathered to wish them well and dance to the sweet music of the Rhythm Kings.

Mr. and Mrs. C. A. Mahaffy and family have just received word that since 1915 have disposed of their farm and taken up residence in Lloydminster. Fred Bell and family remain to extended to them in their new home.

Mrs. Vogel has been visiting her son Rev. C. K. and Mrs. Vogel and family for the past week.

Mrs. McGlaskie of Erskine is visiting her son Andy, Mrs. McGlaskie and family.

Mr and Mrs. R. F. Lascelles have also taken up residence in Lashburn.

We are sorry to hear Tim Bootsman has a broken ankle and is on crutches. Andy McGlaskie has been laid up with an injured knee, result of a tobogganing accident. Best wishes for a speedy recovery to you both. Also better health to Mrs. J Monson and Mrs L. Kohlrum who have been receiving medical attention.

We welcome Mr. and Mrs. Howard Beck and family of Marwayne district to our town. They have now taken up residence in their home here as they moved to town recently Mr. Beck is one of the mechanics at Daley garage.

Mr. and Mrs. Lawrence Watt have moved their house from the farm onto its foundation in town and carried out extensive repairs to it.

Kitscoty United Church Women's and ladies auxiliary will also be highly patronized their annual bazaar, tea and home cooking sale on Nov. 23. To all friends who so generously donated lovely articles for the sale, or made cash donations, or in any way contributed towards the success of the bazaar, we extend a very sincere thank you.

Mr. and Mrs. Bill Govier and girls of Edmonton spent several days here recently visiting with their parents Mr. and Mrs. Wm. Govier.

Mrs. Wm. Babbage enjoyed a recent holiday with her son George and family at Elk Island park and with her daughter Mr. and Mrs. H. Landry and children at Vegreville.

The talk of the town - When is the gas going to be turned on? The coal is getting low!

WILDMERE WINKS

A nice crowd turned out to the church service at Basswood on Sunday. It was pleasing to see Mr. and Mrs. Roy Dibben of Vermilion, being like old times to have them. Canon Taylor will hold church again on Dec. 9th roads and weather permitting. If the weather is good we may be able to have a Christmas service.

Frank Gibson and J. Batke of Basswood both have feeder cattle this fall. Frank got 16 and Johnn, 17 head.

We understand that the box social and dance held at Basswood school Friday night was a success, socially and financially. The writer was not there so cannot give you a report on it.

Mr. T. Best was a visitor to the Wallington fleese on Sunday and spent some time with them. Mr. B. is now very well settled again and is comfortable in his little home or in the hill

The writer and family were callers Saturday evening to the Holtz home in Wildmere and at the Albert Smith home in Basswood on Monday evening. Both evenings were greatly enjoyed.

The writer had nice chats with Mrs. A. Hildreth, Mrs. Spencer Sr of Cummings district, Mrs. Sherwood, Mrs. Rindale, Mrs. W. Walker, Mrs. Jack Holtz, Mrs. Chris C Moore on Saturday afternoon. We also had tea at the Anglican church sale with Mrs. Holtz, Mrs. Hildreth, Mrs. Walker and Mrs. Clifford. The taquery pie, cupcake and tea was really good ladies.

Keep in mind the W.W.I. bazaar and dance to be held at Basswood school on Friday evening Dec. 7th. The W.I. meeting will be at Mrs. W. Beale's on Dec. 5th.

Funniest thing seen—A big fat fellow, a tall slim one and a smaller chap trying to play Jumping Jack a stik. How did the game turn out boys?

Bill Reid: Mr. and Mrs Lloyd Harris: Mrs. D. Noonan and family: Mrs. Mabel Black and Bryan, Lyle, Salvation Army: Mr and Mrs. J. Richardson and family: Mr. and Mrs. Chicago Mrs. Mabel Martin: Mr. and Mrs. H. Martin and Mrs. and Mrs. A. M. West, Mr. and Mrs. Fred Maddex; Mrs. Mills, Mrs. Marie, Izabell and Margaret: Miss Craig: Mr. and Mrs. J. Wallington: Fan Dancers: Mrs. Geake and boys: Mrs. E. Filgate: Mrs. E. Hildreth: Emily: Lawrence and Eunice Mayhew: Mrs. McClelland and Reba: Aunt May Starr: W.A.: Mrs. Mabel Black: Lea and Ed Cosby

Mr. Martin McBride, donation to the Cancer fund.

Public Skating Starts Monday

Good news for the skating public, the arena will open for skating on Monday evening from 7 to 9 o'clock, providing present frosty weather holds. Ice-making has been a slow and aggravating task at the arena for the last two weeks as it hasn't been cold long enough to freeze much inside the big building.

The arena rink schedule will appear in next week's Standard, in the meantime here are the new skating hours, which are somewhat different than in previous winters:

Monday—7 to 9 p.m.; Tuesday—4 to 5:45 and 7 to 8:30; Wednesday—3 to 4:30; Thursday—7 to 8:30; Friday—4 to 5:45 and 8 to 10; Saturday 1 to 4:30; Sunday 2 to 4:30.

Sub-Divisional School Meeting This Friday

The attention of ratepayers of this sub-division of the Vermilion School Division is called to the fact that the annual meeting will be held in the Leyton hall on Friday evening at 8:00 o'clock. The object of the meeting will be the nomination of candidate for the office of trustee for the subdivision, the term of the present trustee having expired.

Ratepayers of subdivision No. 4 will meet at the Leyton hall on Saturday Dec. 8th at 8:00 p.m.

2-Year-Old Injured In Fall Downstairs

Little Ernest Gibson, 2-year-old son of Mr. and Mrs. Frank Gibson of the Basswood district, fell down the stairs at his home last Friday and suffered a very bad double fracture of his arm, just above and just below the elbow. He was rushed into the Vermilion hospital and then taken to a specialist in Edmonton.

Dist. Superintendent Of C. & M. Alliance To Visit Vermilion

On Thursday evening Dec. 13th the Rev. W. H. Hunter of Vancouver, B.C., will be holding one meeting in the Alliance chapel. He is the superintendent of the Alliance Canada and is an outstanding speaker. He has had pastorates in Northern Regina and Vancouver and has also had a wide radio ministry. The meeting starts at 8:00 p.m. and everybody is urged to come early.

Evangelistic Services At The Salvation Army Citadel

Special Evangelistic services will be held at the local Salvation Army citadel this coming weekend, Dec. 7th, 8th and 9th. These services will be conducted by Brigadier F. J. Merrett of Edmonton, Divisional Commander for Army work in the province of Alberta. Brig. Merrett is an outstanding speaker and has served with The Salvation Army for the past 25 years. The public is cordially invited to attend the services which will be held on Saturday at 8:00 p.m. and Sunday at 11:00 a.m. and 7:30 p.m.

CHRISTMAS SEALS FIGHT TB

By The District Agriculturist

"GREEN ACRES"

TURKEY CLUB SALES

Folks, here is your chance to get scientifically fed turkeys for Xmas. The Junior turkey club has been formed and sales are follows:

Marwayne: Dec. 11th at Community hall: Vermilion: Dec. 12th at the armories. Come at 3:00 p.m., that's when the actual sale starts.

RANGE VACCINATIONS

Dr Anderson has pretty well finished the western half of Vermilion RM. Dr. Ross Smith and Anderson will do the eastern half. Results have been highly satisfactory to date. Only a few places yet to do. More help is being looked up as the program is bigger than expected. The vaccination will all be done even if there are a little late.

MANURE SPREADERS

The other day I actually saw a manure spreader working in a field. Manure spreaders are almost as scarce now as the horses that used to make most of the manure. It pays, however, to get all the manure out on the land. Pasture land is one of the best places to spread manure. It can be done with a fork if you haven't got a spreader.

FEATHER PULLING

Feather pulling which leads to cannibalism in laying pens is a vice that spreads right through the flock if not checked. Give the birds plenty of floor space and lots of litter, with scratch grain in it. Feed a growing mash and be sure the birds get plenty of animal food such as meat, meal and tankage. Alfalfa as green feed is also valuable. Catch the birds that have the vice and market them.

VEGETABLES IN CELLAR

In the cellar we have potatoes, onions, carrots, beets, cabbage, marrows and pumpkins. Last year we had celery and tomatoes at this time. What I mean is I grew them, I didn't buy them and neither do the ones I have. Why buy vegetables grown in California.

It does not seem right that we should import onions by the sack when they can be grown so easily here.

SHIPPING FEVER

Outbreaks of shipping fever are reported all over this district. The best thing to do is to get the Vet. Cattle are worth enough to give them medical attention. The smart thing to do is to vaccinate all cattle before anything happens. It is not wise to wait until some animals are sick until you start to vaccinate

R. B. Buckingham, D.S.A.

Public Meetings Are Planned For Alexandra Constituency

AT PARADISE VALLEY, MARWAYNE, LLOYDMINSTER AND CLANDONALD

Four public meetings sponsored by the Alexandra Social Credit Association will be held in the near future. On Friday evening Dec. 7 Hon. Ivan Casey, the Minister of Education will speak at Paradise Valley. On Wednesday Dec. 12th, Hon. Gordon E. Taylor, Minister of Highways will speak in the Legion hall in Lloydminster at 8:30 p.m. On the following day Dec. 13th Mr. Taylor will address two meetings, one at Marwayne at 2:30 p.m. and another at Clandonald at 8:30 p.m.

These meetings are not intended to be political. Rather they are being held in order to provide an opportunity for the people of the Constituency to hear comprehensive reports from the Ministers of Education and Highways concerning the work and problems of their respective departments.

Family Gathering Marks Golden Wedding

MR. AND MRS. ANDREW BAUER WED 50 YEARS

A happy family gathering marked the 50th wedding anniversary of Mr. and Mrs. Andrew Bauer, on Sunday, Dec. 2nd, held at the home of their son and family Mr. and Mrs. John Bauer.

Features of the afternoon were songs rendered by the grandchildren of Mr. and Mrs. Bauer, and by the presentation of a Coleman oil heater from their sons and daughter.

Present at the Golden Wedding supper were Mr. and Mrs Emery Maines and family, Mr. and Mrs. Tony Bauer and family, Mr. and Mrs Bernard Bauer, and Mrs. Yochum.

During the day messages were received by phone from Mr. and Mrs Carl Bauer at Atmore, Alta., Mr. and Mrs Fred Bauer from Wetaskiwin and Mr. and Mrs. Joe Bauer from Lloydminster, Sask.

The evening was brought to a fitting close by all joining hands and singing "For They are Jolly Good Fellows" and expressing best wishes for many years of happiness in their new home in Vermilion, to the bride and groom of fifty years ago.

KINSMEN INITIATE NEW MEMBERS

HOLD DINNER MEETING

The regular December meeting of the Vermilion Kinsmen club was held Dec. 3rd in the Brunswick hotel dining room. There were 22 members present with President Ron Payment in the chair. Alex and Jack Stewart were guests of the dinner in recognition of their generous donation of a turkey for the Christmas party.

Bill Sutherland reported that the balance of the house numbers have been paid in full and a small profit there will receive their numbers during the week.

Initiation of New Members

The feature of the evening was the initiation of new members. The new members were conducted by Past President Ben King. The new members are Vic Jansen, a transfer member from Lacombe; Bob Hafner, Art Simpson, Jim Bell, George Brashawan and Martin Shaika.

Vegreville Rangers vs. Vermilion Tigers

Hockey Opener This Saturday Night

Old Timers In District Sell Farms

Two of the oldest and best known farms in the district are reported to have changed ownership this week. These are the holdings of George Brown and Ted Clark aggregating altogether six quarter sections. One of the quarters sold by Mr. Brown and other to Clandonald at 8:30 p.m.

These meetings are not intended to be political. Rather they are being held in order to provide an opportunity for the people of the Constituency to hear comprehensive reports from the Ministers of Education and Highways concerning the work and problems of their respective departments.

Sub-Divisional School Meeting This Friday

The attention of ratepayers of this sub-division of the Vermilion School Division is called to the fact that the annual meeting will be held in the Leyton hall on Friday evening at 8:00 o'clock. The object of the meeting will be the nomination of candidate for the office of trustee for the subdivision, the term of the present trustee having expired.

Ratepayers of subdivision No. 4 will meet at the Leyton hall on Saturday Dec. 8th at 8:00 p.m.

The smart thing to do is to vaccinate all cattle before anything happens. It is not wise to wait until some animals are sick until you start to vaccinate

R. B. Buckingham, D.S.A.

Vermilion's 1951 edition of the Tigers, lacking ice in the arena, have been practicing all week on the outdoor rink at the V.S.A., under the careful eye of Coach Elmer Kreller, and a very fine team is shaping up. The executive feel that they can assure everyone of a hockey team full of fight and team spirit, and exciting to watch.

Don't under any circumstances miss the first game of the season against the Vegreville Rangers on Saturday evening Dec. 8th. All the craftsmanship known to lacemakers is being used to build up a sheet of ice in the arena despite the mild weather. Very little frost is being registered inside the arena building

SEASON'S TICKETS

Anyone who has not purchased their season ticket yet can contact any member of the Skeptics, Dr. Kim, o. Tom Stack and they will be glad to supply you with one or more. There are 9 league games and at least three exhibition games planned for the season.

Play Bingo — Get Your Xmas Turkey

On Friday evening Dec. 14th in the Elks hall everyone will have a chance to take part in a novel bingo night as the Vermilion Tigers hockey club are sponsoring a turkey bingo — every time someone wins a bingo he or she will receive a dressed turkey weighing 18 to 20 pounds.

There will be accommodation for over 300 at one time and it is hoped that citizens will help support the Tigers in this venture. Some cash awards will be given also.

Everyone attending will be charged $1 at the door and given ten tickets to play bingo.

Keep that night free — come in and have fun and win you Xmas turkey. 23-1c

Art Wiebe's Golden Bears To Play Vermilion Tigers

The executive of the Vermilion Tigers Hockey club has arranged for an exhibition game with the University of Alberta Golden Bears, coached by Art Wiebe, former Tiger coach. The game will be played some time shortly after New Year's Definite date will be announced later.

Mannville Calf Club Organized for Season

On Saturday night sixteen boys and girls met at Mannville to reorganize the calf club. There will be twenty or more members in the club this year.

The successful season of 1951 was reviewed at the meeting. Bruce McDonald was the gold medal winner donated by the Bank of Commerce for the exhibitor of the champion steer at the Vermilion Calf Club show.

Lorne Hubbard was elected president and Bruce McDonald vice-president of the club. Shirley M Donald is the secretary. Ole Storvold of Mannville, Gambles Ole was elected leader on the Mannville club.

District Agriculturist R. B. Buckingham gave the club members instruction on feeding and management of club calves. The matter of holding the show at Mannville instead of Vermilion was discussed but not decided. It is felt to be advisable to have the show in a different town for each year.

Selkirk has the weather been so favorable to allow the Selkirk Rangers to play on Saturday. Dec. 1st the date of the St. Mary's Academy A.A. tournament. As in former years a fine assortment of useful articles was offered for sale and we understand that most of them were disposed of with most gratifying results for those who were in charge of the affair. The ladies wish to take this opportunity of thanking all those who by their donations made it a particular success. Apart from the financial side the bazaar is quite a social event much looked forward to around the district and during the course of the afternoon.

It was decided once to see our old friends Mr and Mrs. Tom Souder a visit. Mr. and Mrs. Souder were the former acquaintances of Mr. and Mrs Souder planned to visit here on Sunday During their absence Tom's sister Mrs. Hank Lewis from Seattle was looking after Mrs. Souder Sr. Tom had recently been on a hunting trip with his nephew Fred Stanley in the country south of Carrot Creek. They had very good success and each succeeded in bagging an elk Mr. and Mrs. Souder's son Frank is back in the very best in the future

G. C. McConnell Heads Derwent Curling Club

The Derwent Curling club held its annual meeting on Friday, Nov. 30. The executive elected for the 1951-52 term was: Mr. G. C. McConnell — President: Mr. W. C. Baker Vice-President: Mr. S. Brandsbo—Secretary-Treasurer.

NOTICE
Of Annual Meeting
NORTH-EASTERN LIVESTOCK SALES ASSOCIATION

The annual meeting of the North-Eastern Livestock Sales Association will be held on Saturday Dec. 15th at 2:00 p.m. in the Legion hall. All members are urgently interested are requested to attend. 23-1c

Farewell Party For Arthur Boulton

On Friday evening of last week some forty friends and neighbors gathered at the home of Mr and Mrs. Morris Cooper, south of Vermilion. The occasion was a farewell party in honor of Arthur Boulton who has sold his farm and is leaving in the near future to spend the winter at his old home at Miami in Manitoba.

A very jolly time was enjoyed by all.

Following a bountious lunch provided by the hostess Mr W F Cooper on behalf of those present presented Mr Boulton with a hotel some suit case as a token of esteem to their departing friend and neighbor, and wished him God speed and

Buffalo Coulee Couple Celebrate Golden Wedding

RECEPTION IN HONOR OF MR. AND MRS. W. ELWARD

Mr. and Mrs. Alex Stone and Mr. Jerrold Elward were hosts at an open reception in honor of Mr. and Mrs. W. Elward on the occasion of their Golden Wedding anniversary.

The reception was held at the home of Mr. and Mrs. Alex Stone and some sixty-five guests were present to extend their best wishes and congratulations to this esteemed couple and long time residents of this district.

Mr. and Mrs. Elward were married in Smith Falls, Ont., in 1901, coming west to Edmonton in 1908 where they resided until 1910. They then came here to what at that time was known as the Cummings district, with their son Jerrold, where they have since resided.

A most fitting toast was proposed by Mr. Alex Stone to which Mr. Elward replied, expressing his pleasure in having so many friends.

A three - tiered wedding cake flanked by yellow chrysanthemums and candles of the same shade graced the table laid with a lace cloth.

Those pouring tea were Mrs. H. Wear, Mrs. R. Woodruff, Mrs. W. Irving and Mrs. A. Green. A dainty lunch was served by Mrs. R Bang Mrs. W. Hanbke, Mrs. H Hare Mrs. R. Harlow, Mrs. D Lou and Miss R. Haris.

During the evening vocal selections by Lt. T. Watts were much appreciated by all.

Mr. and Mrs. Elward were recipients of many beautiful gifts including a two-way chair with matching stool, a gift of their friends and neighbors, presented by Mr. Hardy Mills.

Miss Doreen Stone was in charge of the guest book.

Telephone calls and messages were received from Ottawa, Windsor, Toronto, Edmonton, Vancouver and Oliver, B.C.

Lady Curlers Organize

TEN RINKS SWING INTO ACTION

A general meeting of the ladies' curling club was held in the curling rink on Tuesday, Nov. 29 with twenty-five members present. The new slate of officers elected for the ensuing year is:

President, Grace Adam
Vice-President—Marg. Tough
Secretary—Louise Davis
Treasurer—Irene Moffatt

Ten rinks were formed as follows and curling draws are already away to a good start. The first game being played on Monday, Dec. 3rd. In the following list the skip is named first, followed by the 3rd, and and lead

Jean Rowe, Lois Allen, Ollie Bootsman, M. Perri:

Mona Perriett, Mrs. MacDonell, Marion, Bibbo's, Hilda Wilson:

Irene Moffatt, Evelyn Carroll, Mrs. Brashawate (no lead yet).

Grace Adam, Jo McCaig Grace McDonald, Frankie Maxwell.

Bertha Calvert, Louise Robinson, Louise Davis, Elva Haskell.

Kay Stewart, Betty Barr, Muriel Smeltzer, Ann Wright.

Helen Bell, Mrs. Peterson, Dot McVernick, Mrs. J. Brown.

Dora Carson, Gertie Simonsen, Mrs. Landell, 'Kay Caron:

Mabel Crawford, M. Fairy, Marj Tough, Ivy Chapman.

Alice Krause, (May Schmidt, Wilma McLeant, Patsy Jones, Noreen Hetherington.

United Church W. A. Groups

Groups 1, 2 and 3 of the United church will meet in the church hall on Tuesday evening, Dec. 11th at 8:00 o'clock. 23

V.H.S. HI-LITES

Flashes from the sporting world of V.H.S. all center around the boys and girls basketball teams. Of the five competing teams in the junior league Shirley Cross's gang took the way with a total of 12 points while Schmidt and Martin are tied for second with 8 points. Holding down the 3rd and 4th positions are Brinkley with 6 points and Taylor-Bell with 2. Those girls that seem to have a basket every time they shoot the ball are Schmidt with 119 points, Brinkley 96 and Martin 86.

In the boys' league Bill Schmidt leads with 8 points, Boake, 2nd with 6, Tom Acheson 2 and Dixon at the bottom of the heap with no points. High ranking scorers for the boys are Boake 44, T. Acheson 33 and Boys, 32.

Well boys, it seems all good things end too soon, at least Basketball season does any way. For three short years the girls of their team to show the boys how to be good sports. Two sectioned out duties as calling for and taking the boys to school, shining their shoes, carrying books and treating the boys to refreshments after school. For the dance Friday night the girls called for the boys and presented them with truly unique corsages, from lemons to decorated pop pieces. At the dance of course it was all up to the girls, dances, lunches, etc. After lunch some of the girls were prosecuted for neglect of duty during the three days.

A very enjoyable evening was had by the few who attended the dance—and the rest? Well how about a little more school spirit next year and support your school functions a little better?

Grade IX

On Friday, Nov. 30th the Grade Nines rose in the high school for their Susie Fawkin party. Games and relay races were included in the evening's entertainment. Music was provided by the Dogpatch Hare (Gr. 9 orchestra). The Penalty Party for those girls who weren't very attentive during the week proved to be a laugh and a cuff! In spite of some of the Gr. 9's being brought to justice everyone enjoyed themselves.

News Items from Clandonald and District

As several people have remarked on the absence of Clandonald news in the Standard lately, the time during the harvest season we have no items to furnish at some of the correspondents failure to keep them supplied up to date for the whole season.

Seldom has the weather been so favorable as which was enjoyed on Saturday, Dec. 1st the date of the St. Mary's Academy A.A. tournament. As in former years a fine assortment of useful articles was offered for sale and we understand that most of them were disposed of with most gratifying results for those who were in charge of the affair. The ladies wish to take this opportunity of thanking all those who by their donations made it a particular success. They had very good success and each succeeded in bagging an elk Mr. and Mrs. Souder's son Frank is back in the very best in the future

Legion Plans Xmas Party For Veterans' Children

The Canadian Legion will hold a Christmas party on Wednesday evening Dec. 19th for the children of all veterans. The children to attend are limited to 12 years of age and under, and admission is by ticket only. Application for tickets should be made at the Legion hall on the following Tom Wilson, Webb's garage or Stephens store

An interesting program is being planned with competitions for the children 4 to 6 years, 6 to 9 and 9 to 12.

Following a bountious lunch provided by the hostess Mr W F Cooper on behalf of those present presented Mr Boulton with a hotel some suit case as a token of esteem to their departing friend and neighbor, and wished him God speed and

It happens only once a year — the Christmas Seal sale of the Tuberculosis Associations. You will not be asked again — until next Christmas — to help finance the campaign against a disease which takes a yearly toll of over 6000 lives. Will you not answer the appeal of the tuberculosis association, and buy seals now? It is a small thing, to do, but it is worth while.

Copy Held Over

Owing to heavy demands on space for Christmas advertising, a very large number of news items and articles were crowded out this week. available space being filled up before much of the news was set. The copy held over includes weddings, an obituary, a report to the people by A. Aalbergs, M.L.A., several country news bulletins ,news of the W.I. and local items. It will all be in next issue, and much more besides.

A report of the Board of Trade meeting, held Wednesday at which Mr. W. H. Elford was a guest artist, will appear next week, as well as a report to the United Church Men's club.

HOLLY FROLIC

It's Stagette Dance Time again! So keep Dec. 26th in your date book and enjoy dancing to the tunes of the Vermilion orchestra. Get your ticket early. Or OH — you'll get invited for sure.

Good News For Christmas Cooks

Un-iodized coarse cooking salt with no new high price. Christmas Holiday fare, with most of the traditional food items in the best supply since pre-war, according to The Financial Post.

From turkey to nuts, almost everything associated with the old-time Christmas feast will be readily available. Prices, well here and there a little bit higher, in a couple of instances lower.

Claysmore Clippings

Alvin Bauer is reported to have shot 11 rupeer so far this fall.

The ladies' aid met at the home of Mrs. H. Williamson Wednesday afternoon with 16 members present. Plans for the Xmas concert were discussed. Mrs. J. Wiles, Mrs. Fred Watling, Mrs. Kreller and Mrs. V. Winters were appointed to the committee for buying the treats and filling the sacks at the Winters home. Mrs. H. Williamson is arranging and making up the program for the concert, so kindly send in all names etc. to her.

Mr. and Mrs. G. Antrim who lived at Claysmore for some years have returned to Vermilion and are now living on the south side.

Mr. and Mrs. Neil McLean and family visited at the home of Mr. and Mrs. Robert MacMillan last Sunday afternoon and evening.

Mr. J. Duffy Sr. returned home last week end after three weeks in the hospital. He is feeling much improved in health.

Mr. and Mrs. Frank Lloyst were visitors at the home of Mrs. Jeanie Harris last week.

Mr. and Mrs. T. McCauley and family were dinner guests at the home of Mr. and Mrs. Robert Hauer last Tuesday evening.

Rodney Harrison called at the home of Mr. and Mrs. Robert Hamilton last Sunday. He reported his mother and sisters were well at Steelhurst where they are now living.

Mr. and Mrs. Frank McCauley and son Jack, and Mr. and Mrs. Roberts and family were visitors at the home of Mr. and Mrs. Tom McCauley on Sunday last.

Gravelling has been done on the school bus route from Claysmore across the coulee to the Stellaville hall. Road work and gravelling has also been carried out on the road north across the river which will make a big improvement, especially for winter driving.

The dance held at the school on Friday afternoon Nov. 23 was a social as well as a financial success. All members are very pleased with the results. Thanks are extended to all who donated so generously and helped in any way with the work. There is now a nice sum on hand for the Christmas fund.

A few of the near neighbors surprised the Tom McCauley family Friday evening with a house-warming party. Games, stunts and a sing-song were much enjoyed by all. A delicious lunch was served by the hostess. All had such a good time that it was suggested we have more surprise parties during the winter. Take warning neighbors — you may have a knock on your door any evening!

CANADIAN NATIONAL

Sixteen Years Ago Today

Dec. 5, 1935

R. W. Bushell of Manville has purchased the Vermilion City Dairy from D. Colvin and has already taken over the business.

272 were in attendance in grades 1 to 8 with 101 in grades 9 to 12.

Boxing Day was proclaimed a civic holiday at the request of the Board of Trade.

The Board of Trade was pressing council for a town rest room for accommodation of country people.

Mrs. J. Dawson Stephens, a resident of many years standing here, left to make her home with her sister in Hamilton.

Thirty-two Years Ago Today

Dec. 3rd, 1919

W. E. Sutton was appointed the secretary-treasurer of the Agricultural society succeeding Jos Mast.

Wm. Telford and Jack Tucker marketed three carloads and four carloads of cattle respectively during the week. They were fortunate in striking a strong market, 13c and 14c being the prices obtained. Jack received over $200 for 1 steer.

Taxes collected by the town to date in 1919 amounted to $76,558.

All positions on council and school board were filled by acclamation. On the council Wm. Bryden and John Craig were re-elected and W. B. Nellis enters the council for the first time; on the school board four members were elected, two old members W. P. Pilkie and H. P. Long and two new members W. S. Cash and M. G. Brimacombe; J. W. G. Morrison was re-elected as the Vermilion representative on the hospital board.

A. J. Reynolds was elected president of the curling club, W. E. Mackenzie vice-president and John Craig Ches. Basford, Bill Telford, Alf Kaiser and Leon Goldman on the executive. John Law was secretary-treasurer.

ALLANDALE

The weather has been mild, a few more inches of snow too. The morning the last day of November the trees were all covered with frost silhouetted against a beautiful blue sky just as the sun was rising, it made a wonderful sight.

Mrs. Don Wilson and family, Raymond, Dorothy and Marlene spent a week at her parents' home (Ostenaco) from Nov. 21 to 27 while her husband and dad were away hunting. They went west of Edmonton around Drayton Valley. Weather was good for hunting but they couldn't find any game. On account of the snow the muskegs weren't frozen so they couldn't go farther into the woods.

Dr. Anderson assisted by Norman Armstrong was through the district on Nov. 29th vaccinating calves for Bang's disease. This is another step forward by the Agricultural board to eliminate this dreaded plague.

Our deepest sympathy to the family of the late Daddy Woodruff and to the family of the late Mrs. Payne.

Last week Mr. and Mrs. Tien Sonder from Edmonton were visiting in Allandale for a few days. It is grand meeting with old friends. We've heard our Dewberry correspondent has left us for the winter. Couldn't we have a substitute? We do look forward to the news of Dewberry as there are so many familiar names in and around town.

We are very sorry to hear that Mr. Doherty Sr. of Vermilion who used to live near here, hasn't been well and hope before too long he'll have regained his health.

Closing Thought: Put a seal upon your mouth and guard your heart with the same vigilance as the ramparts of a city. Write your name in kindness, love and mercy on the hearts of the thousands you come into contact with year by year and you will never be forgotten.

The "Valley Maids"

The Valley Maids C.G.I.T. met at the home of Miss Joan Richardson on Nov. 26th. Audrey Guy, the president called the meeting to order and it was opened by the singing of "O Canada" and "Mr. Wing. A session was formed and the minutes were read. Joyce Adams led the worship with the rest of the girls assisting. Minutes of the last meeting and the treasurer's report were accepted, also correspondence read. It was decided that the group do carol singing on Dec 19th. Date of Vesper Service to be decided at the next meeting. Work for the next meeting was given out. Patterns are here for aprons. The first year group have started their sewing.

After the business meeting Audrey introduced Miss B. Reed, district economist, to the meeting. Miss Reed, on behalf of the Alberta Wheat Pool presented to the Paradise Valley Girls' Garden Club 'Vogue's Book of Etiquette' which is a complete guide to traditional form and modern usage. This was awarded for the highest general efficiency in Garden Clubs for this district under the supervision of Miss B. Reed. She gave a demonstration on how to clean and set just your sewing machine and showed a film on how to insert the three main kinds of zippers. We are glad to welcome Miss Reed as our new Economist and we appreciate her demonstrations and talks to us very much.

A hearty vote of thanks was extended to Miss Reed and Mrs. Richardson.

If we want a healthy Canada we must find the many people who do not know they have TB. Your TB association is using Christmas Seal funde to find these people. Buy Christmas Seals

OBITUARY

I. S. (Daddy) WOODRUFF

The funeral service for the late Daddy Woodruff took place on Thursday, Nov. 29th at Vermilion. The service was conducted by Rev. T. W. Teape at St. Saviour's Anglican church. Burial was made in the Wainwright cemetery, at the side of his wife who predeceased him in 1911.

Pall-bearers were Harry Van den Dolder, Albert Van den Dolder, Bert Hutchinson, Tommy Sherwood, Ed Baldwin, Charles Burt.

Daddy Woodruff was born Oct. 24, 1861, at West Stockbridge, Mass., U.S.A. He arrived in the Wainwright district in 1905, moving to the Morrison district in 1913, where he had lived continuously until his death. Daddy Woodruff will always be remembered for his friendliness and his interest in community affairs.

He leaves to mourn, one brother Seym of Islay, daugher Lena, also of Islay, and five grandchildren.

Mover's Funeral Home was in charge of arrangements.

The floral tributes were as follows:

In loving memory, Brother Seym daughter Lena and family: With Deepest Sympathy, Mr. and Mrs. Charles Burt and Keith; Wilfred Kay and Margaret McLennan and Frank, Thelma Robinson and family; Mr. and Mrs. Bert Hutchinson Tom, Isabel Sherwood and family; Mr. and Mrs. Repp and boys. Mr and Mrs. John Carey and family: Jimmy, Nellie and Bob Forsythe; Mr and Mrs. Albert Van den Dolder; Mr. and Mrs. DeDelly and Mr. and Mrs. Harry Perkins; Mr. and Mrs. Harry Van den Dolder, Morrison Community Association. Pleasant Valley W.A. Anders and Catherine Aalborg, Pleasant Valley ball team Mrs. Cummings, Pat and Ruby Mrs. Josie Warawa and family.

Donations to Cancer fund in lieu of flowers: L.C. and Paul, Merlin Joan and Pat; George, Pam and Pandine; Bill, Fran, Cathy and Billy; The Rochford family. Betty and Dick Arnold; Ed Baldwin Laurence and Christine Gould, Isabelle and Jimmy Monaghan; Mr and Mrs Jim Miller and Jimmie Mrs. Lee; Islay Students' Union

CARD OF THANKS

Mr. Seym Woodruff and Mrs. and Mr. L. Carey of Islay take this opportunity to thank the doctor, the matron and nurses of the Islay hospital for care taken of Daddy Woodruff while he was a patient in the hospital, also sincere thanks to the friends and neighbors for their kind expressions of sympathy and help during the family's sad bereavement.

KITSCOTY

The Kitscoty Women's Institute catered to a very successful board of trade luncheon last Thursday and wish to take this opportunity to thank all their kind friends who so generously donated baking and other foods, which helped to make this luncheon a success which will help the K.W.I. to carry on their good work.

Congratulations to Mr. and Mrs. Allan Batty who are the proud parents of a baby daughter born Nov. 30th. A sister for Michael.

We are pleased to hear that Mr. Tevi Sheppard and Mr. Wm. Lang have returned home from hospital and trust they are both feeling much better.

Mrs. John Dale was a recent visitor to Saskatoon, staying with her daughter Mr. and Mrs. Ross Walker and family

Mr and Mrs. Henry Joy and Arlene spent the week end visiting relatives and friends in Edmonton.

Miss Margaret Christie has accepted a position in Craig's department store in Vermilion.

Mr. R. S. Angus of Vancouver, B.C. is the new manager of the Kitscoty hotel. He was accompanied by Mrs. Angus and small daughter.

ISLAY NEWS

Saturday afternoon at 3:00 o'clock everybody is invited to come to the Islay hall where you may buy your Christmas gifts and enjoy a pleasant hour or so with your friends, pie, doughnuts (home made) and coffee served at the lunch tables. There will be aprons, knitting, figurines, fancy work and home baking.

We are sorry to report Mr. Gillies in hospital again. We hope he will soon be out and around.

Mr. and Mrs. Clay of Paradise Valley were visitors at the home of Mr. and Mrs. John Maire. Also over the week end Mr. and Mrs. Emil Matre of Edmonton and Mrs. Marcelle Stoffery were visitors.

Canon Teape conducted Anglican church service on Sunday afternoon at the home of Mr. and Mrs. Gordon Gould to a large number.

There was a large attendance at the United Church anniversary service. It is not often we have the privilege of hearing such an interesting and fluent speaker as Dr. E. J. Thompson. Even the children enjoyed the service.

Mr. and Mrs. Jim Hanna were in town Tuesday and called on Verna's parents, Mr. and Mrs. Dave Buchanan. Jim and Verna are on their way to a permanent position on a farm just north of Lloydminster.

You should take notice by the Standard, also the posters notifying you of the annual school meeting in your own division. If they are no better attended than in the past they are liable to be abandoned. Are you not interested in the affairs of your school?

WOODVALE

Everybody has been enjoying the milder weather of the past week and some are wondering if the snow will all go, but the chances are slim, we think, as it also snows or sleets a bit everytime it cloads up. Combining is still going on in the district which must be something of a record for late harvesting, but farmers seemed determined to clean as much crop as possible under the circumstances.

We have to welcome a few more babies who have arrived in the district: a little boy in the Ernie Ruud family, and a little girl at Kenneth Watt's. Congratulations to the parents.

Harry Turner has bought a new Chev car; Otto Wolters purchased two bulls; several families are now the owners of stainless steel cooking utensils, and aluminum ones in sets. Salesmen of these latter products have been busy in the district. There was a cooking demonstration at the home of Mr. and Mrs. R. Watt when several families spent a very pleasant evening. As far as the writer is concerned she enjoyed the dessert made by the lassies more than the dinner by the demonstrators. Mrs. Noonan has been showing her nylon ware at several homes among them at Mrs. A. Robinson's, Mrs. R. Watt's and Mrs. J. King's. These evening get-togethers are much enjoyed by all it seems.

There was a dance in Woodvale school last Friday with everyone having a good time.

Children are practising for their Christmas concerts and in Union where there is no school, the ladies are planning a Xmas party and have given the premises a good cleaning. We hope all those preparations for the festive season will not come to naught by a measles epidemic. A couple of measles have been reported at Joe Thompson's and everyone with children exposed are waiting for possible new cases. There is a good chance however that all will be well by Christmas.

Mrs. J. Lysons spent several days with her daughter Mrs. Harry Sweeney in the Thorneliffe district when the latter's husband went to Edmonton to sell some cattle.

Mr. and Mrs. Harry Portsmith left for the east on Nov 25th for a vacation. They plan to be away for a year. Best wishes for a very pleasant time accompany them.

Dave Berezoy moved his barn to the south of the slough which threatens usually to put it under water each spring.

---

her.

Mr. and Mrs. Joe Batty were Edmonton visitors the first of this week.

Mr. and Mrs. Archie McLean and Dennis were in Edmonton last week where Dennis received a medical check over, we are pleased to say he is feeling a lot better now.

About eight members of the Canadian Legion, Kitscoty branch, got busy one evening last week and insulated the ceiling of the Tracy Memorial hall. Mrs. Byrt, President, kindly set up another heater. The hall will now be quite warm for meetings and other social functions.

The Ladies' Curling club held their first meeting of the season at the home of Mrs. Cliff Miller. The officers for 1952 are:

President—Mrs. Agnes Franke
Vice-Pres. Mrs. Sadie Miller
Secretary—Miss Gwen Dunsmore.

At the close of the meeting a delicious lunch was served by the hostess.

Tuberculosis takes 12 Canadian lives every day. In 1900 the death rate was 8 times what it is now.

OUR COMPLETE STORY STORY—

The Letter to Lester

Aged Aliens, (Shaleen), Reveal Their Life's Secret To Each Other.

By Walter Desmond Booth

MISS SARA WORTHY, was very old, and it was not expected that she would live. She had been ailing most of her life, but she had been fortunate in having her only sister, Alice, to minister to her. Neither had married, and had grown old together in the rambling house in their father had left them fifty years before.

As Miss Alice sat by her sister's side she turned over in her mind the tangled events of their lives. She made up her mind that she would throw off a burden she had borne all these years. Not that it would matter now, but her conscience would at least rest easy.

Miss Alice laid a hand on her sister's arm. "Sara," she said softly.

Sara turned her head slowly and looked at her. "I hear you, Alice."

"Are you strong enough to listen to me?"

"I'm quite strong now, Alice." "I don't know how to start, and it isn't a very good time to bring up the subject at all, but I can't wait any longer, Sara, I have a confession. Forty-nine years ago next month you were supposed to be married to Lester Mankin. But you two had a little spat—remember?—and—at what was it all about? Oh, yes, it was about whether or not you would live with his people or with ours. I don't know whether the quarrel was worth what you two put into it but he left in a rage, saying that you would never hear from him again until he knew the right sort of girl for you. Lester was awfully prideful.

She paused in pensiveness, then continued. "Lester wrote you and wrote him a letter. I don't know what you wrote him—that you wanted to make up, I guess—for you said that—"

Miss Sara raised her hand feebly, but Miss Alice pushed on. "Not now, Sara. Let me finish. As I was saying, you wrote a letter to Lester. I can guess that you had swallowed your pride. I did walk down with you to mail it. Do you remember that you asked me to go, Sara?"

Sara tried again to say something. Again Alice stopped her. "No, wait, Sara. I'm not through." She began slowly again. "I saw you mail the letter, Sara. You did your part, but"—she lowered her voice—"you never did hear from him." The tragedy of a broken love hung heavy over the bed.

"Sara, I saw you mail your letter, but I saw, too, that you had forgotten to address it. I let you forget it, Sara. Did you understand what I said? I let you forget to address the letter. You can understand now, can't you, Sara, why Lester never answered or called you?" She lowered her voice again to make the supreme confession. "You must certainly realize now, Sara, why I let you mail the letter unaddressed. I myself loved Lester, so I couldn't stand by and see him marry you. He might have loved me, if it hadn't been for you. But I didn't have a chance after what happened. He wouldn't even come near the house—and finally left town." She spoke passionately. "Sara, I loved him dearly! Will you forgive me for what I did, Sara?" She sobbed softly into her lace handkerchief.

Miss Sara laid a thin hand on Miss Alice's knee. "Alice," she said tremulously, "listen carefully to what I must tell you. When Papa died we had nothing but the tiny income and this house. I knew that we could make them both last to the end of our days if we were careful. Alice, I didn't really love Lester—that is, not enough to marry him. And, Alice, if you had married him and gone away, who would have stayed here with me? Alice, I, too, knew that the letter was not addressed." She turned her head away. "I planned to let you see the envelope. When you didn't call my attention to it, I knew then, that you, too, loved Lester. If you had called my attention to it, I would have addressed it, but it would have amounted to about the same thing, because there was only a blank piece of paper in it." Her voice choked. "Alice, I couldn't let you go! Can you forgive me, dear Alice?" She turned her head and looked pleadingly.

Their eyes met for a long moment. Then her gaze shifted from her sister's face to the farthest side of eternity and hung there.

Physiotherapists In Short Supply

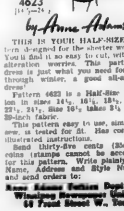
EDMONTON — Shortage of physiotherapists has placed down pains of the Canadian Arthritis and Rheumatism Society to establish clinics and operate mobile units in Alberta, executive director Edward Dunlop of Ottawa said.

The society plans to bring some women physiotherapists from Britain to make up the shortage.

Do You Know That . . .

British born people may receive their birth certificates by writing to the Registrar General, Somerset House, London, England, giving all the information, including place, date and full names. Cost of five shillings and one penny, which may be sent as a postal order.

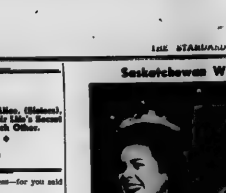
Mrs. Quentin Reynolds Compares Bisc Bonnet — Likes It Best!



Here's a hint from Mrs. Quentin Reynolds. Compare Bisc Bonnet Margarine with any spread at any price. Like the noted journalist's wife, you'll love Bisc Bonnet's fresh, sweet flavor! Rich nutrition! Heat economy! Bisc Bonnet is fine quality all-vegetable margarine. Use Bisc Bonnet in cooking, on vegetables, as a delicious spread. Buy Bisc Bonnet and get "all three" — Flavor! Nutrition! Economy-se!

Bisc Bonnet Margarine is sold in two types — Regular economy package with color wafer, and also in the famous Yellow Quee bag for fast, easy color.

Saskatchewan Won And Lost



Saskatchewan Roughriders lost the Grey Cup final to Ottawa Rough Riders, but they came up with a winner in Myrtle Bainbridge, who was chosen "Miss Grey Cup". Miss Bainbridge, 19, is pictured above as she is seen being crowned by another beauty, Colleen Hotchkiss, the Miss America titleholder. Miss Bainbridge hails from Regina, and represented Saskatchewan in the beauty contest.

Western Briefs

Billion Dollar Expenditure
WETHERN, Alsk. — Grant Faulkner, Imperial Oil representative here, told the Weyburn Young Fellows club that by '60 and '65 years the oil industry will have invested three-quarters of a billion dollars on the prairies since 1947.

Portable Classrooms
WINNIPEG.—Portable classrooms are to be used for the first time in Winnipeg next year to meet the increasing number of children reaching elementary school age. Winnipeg school board decided to budget for six "portables" at a cost of $12,000 each.

"Retire" Mayor
REGINA. — Gordon Grant is not only the 50th mayor in Regina's history. Just elected, he is the first native of the Saskatchewan capital to become its chief magistrate.

Well Abandoned
VICTORIA, B.C.—Peace River Alfred Fort St. John No. 2 well has been abandoned, British Columbia government officials said. A report to lands minister E. T. Kenney said a drill

Nurses From Britain
PORTAGE LA PRAIRIE, Man.—Fifteen nurses will be flown to Canada from Great Britain to relieve the shortage of nurses at the Portage la Prairie general hospital, the board of directors announced. Ten will be graduates and five practical nurses.

Winter Fish Season Opens
REGINA—Winter commercial fishing has started in Saskatchewan for the 1951-52 season, Provincial Fisheries Director A. H. MacDonald reported in a bureau of publications release. Mr. MacDonald forecast that the value of Saskatchewan's 1951-52 fish production would come very near a record-breaking $1,500,000.

B.C. Rowing Bid
VANCOUVER — British Columbia's eight-man rowing crew will make a bid for the 1952 Olympic games at Helsinki, Finland, Athletic Director Bob Robinett said that the varsity crew will be sent to St. Catherine's, Ont., next J for the Canadian Olympic trials.

STEADY TENANTS
VANCOUVER — Mr. and Mrs. Philip J. Jones of Cadboro Bay have just celebrated their 60th wedding anniversary in the same house in which they were married. Mrs Jones's father built the house for his daughter and constructed in the Cadboro Bay area.

TO OPEN HATCHERY
GLADSTONE, Man. — The Manitoba Dairy and Poultry pool will open a hatchery in Portage in Prairie in time for spring production of turkeys and chickens, H. E. Baltzer, a pool director, said here.

ODDITIES In The News

Sixty-five-year-old James Gregory of Clinton, Ill., swallowed a lathing nail while lathing and plastering a house 26 years ago. Gregory still has the nail. An x-ray showed it lodged in the chest area Doctors said it was "harmless".

A seven-foot woman' beggar at Oakville, has appeared in a district of Khulna in East Bengal, and has been attracting crowds wherever she goes for alms. She is followed by a 21½-foot man with a grey moustache.

Hunters of Westmoreland, N.H. will have no excuse for accidentally shooting farmer R. W. Churchill's cows. He has painted COW on the sides of the animals.

R. B. McCallum, of Rockland, Maine, had to climb a tree to harvest one of the squashes in his garden. The vine had grown up the trunk and onto a limb, where it produced a squash seven feet above the ground.

Elvin Kinner, 48, of Butte, Mont. was shot by a dog When Kinner swerved his pickup truck to avoid an oncoming car, his shotgun, which had been propped against the car window, slid to the seat. The dog stepped on the trigger.

CANADA WEST "REBORN"

In Medicine Hat they are proud of their little museum dedicated to the pioneer West. A few days ago I visited this museum and talked to the old timers, says John Fisher, noted radio-speaker. One of the original sod busters who came from Ontario told me he walked beside his Red Fly or cart from Winnipeg to Medicine Hat—a thousand odd miles. His first home was built out of sods, mud and poles. When he first homesteaded he sowed his grain in the same fashion that people used in primitive times. He sowed his grain by dipping his hand in the bag and broadcasting the seed from side to side. When the first crude seeder arrived, he believed the West was discovered again.

He made the grandest predictions. When the reaper and binder came he predicted all over again. And the old steam thresher with her long bouncing belt was something to behold—this was science at its best. When the tractor replaced the horse, the old timer shook his head. Then came the mighty combine and again he talked of the change in one man's lifetime. But something happened just a little northwest of him recently which has fired the old man with new imagination. He now believes that the golden wealth of the plains has a new black friend miles below the earth. "Oil," said the old timer, "is going to remake not only our West, but the whole of Canada."

The historian will agree with this aging old homesteader by the time the Already the historian has several years of evidence. Even the language of the West is changing. Gone into the cavern of sweet memory are the expressions like "bull team, cowpunchers, homesteader, harvesters' excursion." The Ox Bow cart is now getting old in museums. The horse is the primitive cradle to the combine. But, old timer, you are now seeing the revolution of the "cat cracker" and pipe lines and wonders which would make Aladdin's Lamp look limp and lost. If you could see the mass of wonders at this new refinery you would just shake your head. You would ask "what next?"

And if the Fathers of Confederation could be here today, they would laugh at their sanguine predictions about steel across the Prairies. The train of unity now rides on oil and through pipes. The "cold pipe of peace" has given way to the pipe of plenty. The symbol of the new Canadian dream is here in the weird assortment of pipes and towers southeast of Edmonton. The Fathers would be proud of this all-Canadian company. Yes, old timer, keep a place in your museum for oil. Remember, the West is just starting.—The War Cry.

Snow houses or igloos are not very common among Eskimos.

Demand For Wheat Will Boost Shipping

WINNIPEG — Prairie wheat will probably move to eastern markets and Atlantic coast export points by rail at a capacity level this winter, a wheat board official said.

W. C. McNamara, the board's assistant chief commissioner, said in an interview there is a keen demand for Canadian wheat.

"We should be able to sell about all we can move, even by the more expensive rail route to shipside."

Mr. McNamara said rail movement would make the cost to importing countries a couple of cents a bushel more, but he did not think the difference would be a great factor in the face of the big demand.

There are certain limitations. One is the shortage of railroad terminals and grain handling capacity at the head of the Lakes, because Canada's wheat crop is bigger than usual. Another is the fact that the Atlantic ocean ports are frozen up with ice during the winter. Shipments would depend on the severity of the winter conditions.

Mr. McNamara said the board has no estimate of how much wheat will be shipped by rail to the Atlantic coast this winter.

Islay Wedding Unites Well-Known Families

GOULD—GILLIES

A wedding of much interest took place in the Knox United church, Islay, Oct. 30th at 2.30 o'clock in the afternoon when Miss Dorothy Gillies became the bride of Mr. Lloyd Gould.

The bride is the daughter of Mr. and Mrs. A. Gillies of Islay. Her husband is the son of Mr. and Mrs. Bert Gould, also of Islay.

Rev. K. C. Vogel performed the ceremony amid bouquets of tall mauve mums and ferns.

The bride, given in marriage by her father, was charming in a floor-length gown of white sheer with sweetheart neckline, full puff elbow length sleeves, side peplums of lace and tight fitting bodice fastened down the back.

Her full-length veil was held in place with a lace fleur headdress and rosebuds tied in white ribbon streamers fell from her bouquet of Cascade American Beauty roses.

Her only jewelry was a cameo necklace and matching earrings, a gift from the groom.

Mrs Chrissie Gould, the bride's sister, was matron of honor and wore a gown of yellow sheer with ruffled neckline, matching lace mitts and carried a colonial bou. quet of carnations.

Miss Doris Gilles as bridesmaid wa. powned in mauve taffeta with large folding neckline, short puffed sleeves, matching lace mitts and she also carried a colonial bouquet of carnations.

The groom was attended by his eldest brother, Mr. Lawrence Gould. Ushering guests to pews marked with ribbon bows were Mr. Gordon Gould and M Bill Gilles.

While the register was being signed Miss Shirley McCormick sang, "I'll Walk Beside You", accompanied by Mrs. Lila Waterfield.

For her daughter's wedding Mrs. Gillies chose an afternoon dress of wine tricotine crepe. A corsage of yellow carnations was pinned at her shoulder

The groom's mother was dressed in a mauve silk faille and pink carnation corsage.

Following the ceremony twenty-four guests sat down to a turkey supper at Mr. and Mrs. Lawrence Gould's.

Laid in white, the table was centred with a three-tiered wedding cake banked on either side with tall vases of apple blossoms.

Misses Anne Sorochan and Marion McFadyen assisted with the serving, Mrs. Lily Giles was in charge of the kitchen.

Rev Mr. Vogel proposed the toast to the bride. Later that evening a wedding dance was held in the Islay hall for the young couple's many friends.

Mr. and Mrs. Gould will make their home on the groom's farm west of Islay.

C.G.I.T. Candlelight Service Dec. 16th

The C.G.I.T. will hold their Xmas Candlelight service on Sunday Dec. 16th at 7:30 p.m. Music will be supplied by the Junior choir directed by Mr. Jack Brown. Everyone is invited to attend this very impressive service. 23-1x

Rye Dist. Children Move into New School House

November 19th was history day in the Rye school district as the teacher and pupils moved into the new school on that day. It is a five-modern structure, well lighted and ventilated, bright and cheery. Our children are fortunate to have such a fine warm building to attend. It is hoped that everyone will take pride in helping the teacher keep the school in its present condition.

A winer drive and dance was held in the old Rye school Friday evening. Five tables of whist were played. There was a shortage of ladies but the gentlemen were good sports and filled in the vacancies. The winners were: Ladies' Zinie Pochaniuk, Ernest Kenst and Peter O'Donnell. Gents, Eddie Pochaniuk, Buck Elliott and Robin Attfield. The Muigrew and Michel orchestras, with several willing helpers, supplied the music. Denis McCormick was M.C.

We hear a lot lately of city people taking up square dancing and how much they enjoy the beauty and dignity of this old dance with its many variations. The writer hopes that they continue to enjoy it that way and never allow it to become the wild gallop that is called a square dance at most country dances, when it is indeed a menace to life and limb.

The United Church young people held a very successful tea and sale of handicrafts in Clandonald last Saturday. This group ranges in age from 6 to 14 years and have only been working a few weeks under the direction of Mrs. Gammond and Mrs. Peck. Everyone was amazed at the quantity and quality of the work accomplished. Many a Xmas present will be a well painted plaque, hanger or leather purse purchased at the sale. Mrs. Peck had charge of the handicraft booth, Mrs. Goddard and Mrs. Pilgate were in the kitchen department. The children served all the tea and the lunch as well as washing all of the dishes. It is quite possible that more than one mother was amazed at the efficient way her children carried out their duties. On behalf of the parents the writer would like to thank Mrs. Pilgate, Mrs. Goddard and Mrs. Peck for spending so much of their time and energy in teaching and instructing our children, both in the Bible and handicraft work.

(This bulletin was last week, please make the allowance for lapse of time).

Throw off your winter woes

PACIFIC COAST

This winter get out in the warm sunshine of the Pacific Coast . . . where the change in weather and scenery will do you the world of good.

So will the trip by train. Canadian National offers you complete comfort . . . in the surroundings of modern day coach or sleeper. Enjoy tasty meals in the diner at the miles you travel by.

Add California to your vacation pleasures, too . . . conveniently near Vancouver when you go by train.

Your nearest Canadian National agent will help you with any travel plan.

CANADIAN BANKROLL

More Canadians had savings deposits in the chartered banks in Canada on Sept. 26, 1951, than a year ago, but because the number of depositors increased more rapidly than the monetary value of their deposits, the average holding was lower, at $82, down slightly from the $643 average in 1950 and $639 shown in 1949, says The Financial Post.

Number of accounts rose 3.5% while dollar volume rose only a little over one-quarter of one per cent. Thus the lower average.

Highway Safety Education Unit Now In Service

TO TEACH HIGH SCHOOL STUDENTS AND GROUPS

Carrying the gospel of highway safety to high schools in Alberta will be the duty of the new white panel truck which goes into service this week as the first Highway Safety Education Unit of the province's government.

The unit is sponsored by the Motor Vehicle Branch of the Provincial Secretary's Department and will be available to all schools with students at or near the legal driving age of 16 years. The unit will also serve groups and organizations interested in promoting highway safety.

Although primarily an educational unit, which carries a 16mm sound movie projector, the truck will also be equipped with a first aid kit, tow chain, wrecking bar, firefighting equipment, a stretcher and flares so that its driver will be able to assist motorists in trouble.

Inspector P. J Rowan of the Motor Vehicle Branch has been placed in charge of the unit and is authorized to enforce the Vehicles and Highway Traffic Act on his travels as well as to arrest any motorist for traffic violations.

Mr. Rowan is a graduate of the Nyhart Driver Training Course. He holds a certificate of proficiency in the St. John's Ambulance Association and is an experienced auto mechanic. During the past four years, he has travelled in all parts of Alberta as an inspector for the Motor Vehicle Branch.

His job will be to inform the public on the Vehicles and Highway Traffic Act and the Public Service Vehicle Act as well as show films and lecture on safe driving. Schools or organizations wishing to use the services of the new safety education unit should contact the Motor Vehicle Branch at the Administration Building, Edmonton.

THE GOVERNMENT LIQUOR CONTROL ACT OF ALBERTA

Application For Beer License

Public notice is hereby given that the undersigned intends to apply to The Alberta Liquor Control Board for a License to sell Beer by the glass or open bottle, for consumption on the licensed portion of the premises, and also to sell Beer by the unopened bottle for consumption elsewhere than upon the licensed premises, in conformity with the provisions of The Government Liquor Control Act of Alberta and the Regulations made thereunder, with respect to the following described premises:

Beer Saleroom in the west half of the ground floor of the Kinsway Hotel, situate on Lots 1 and 2, in Block 1, Plan No. 2028-P, Kitscoty, Alberta.

Dated at Kitscoty, Alberta, this 26th day of November, 1951

Ronald S. Agnew,
Applicant.

Any person desirous of protesting against the issuance of a Beer License to the applicant should notify the Alberta Liquor Control Board, Edmonton, in writing, within thirty days of the date shown at the foot of this advertisement.

Bowtell Bulletin

(Editor's Note—This bulletin was crowded out last week. Please make due allowance for lapse of time).

The district was saddened by the passing of a well known and well loved old timer in the person of 'Daddy' Woodruff. His cheery smile, happy and helpful disposition will be greatly missed by many friends and neighbors. Deepest sympathy is extended to his brother Syme and daughter Mrs. L. Carey.

The writer was surprised and pleased to receive a phone call from Mrs. Cowan, letter known to all hereabouts as Bessie Reid. Mrs. Cowan lived at Boardale some years ago, later moving to Edmonton. Her daughter is at present attending the V.S.A. While here Mrs. Cowan visited at the home of Mr. and Mrs. Fred Scott.

Ladies please note — The next Busy Bee meeting will be held one week earlier than usual.

The Perkins are noticed driving a new Pontiac.

Quite a number attended the demonstration of Tupper ware at the Robinson home on Sunday evening.

Everyone is so pleased to see Johnny Rochford home from the hospital. His eye is not much improved and it will take some time to clean up the infection. Mrs. Rochford had the misfortune to fall down the cellar stairs and needed some medical attention.

Mrs. Johnson was a visitor at the Williams' home on Monday.

The writer was pleased to have Mr. and Mrs. Risdale and family, Syme Woodruff, Bill Wells and Cowley Lyons for supper on Sunday.

The wood-sawers are busy at the Knutson and Semeniuk farms this week.

Mr. and Mrs. C. Pierman and family were recent visitors to Edmonton.

Morrison Community Hall

Dance in the Morrison Community hall on Friday, Dec. 7th. Raffles, prizes, soft drinks. Free lunch. Burt's orchestra. Admission Sc. Children free. 21-4x

Accounts of $10K or less, numbered 6,413,811, about 87% of the total number and represented $21,577,816 or 22% of total savings deposits. This is equal to an average of $130.

At Prevost, saw the same films and heard about interior decorating and drapes.

Twys Again —

The 2 to 3 year old still needs many things to push and pull and carry about and use for building, such as large cartons, wagon, train, pail, shovel and wheelbarrow.

Matching and fitting things together, learning to distinguish shapes and colors is an absorbing game. He uses rings, peg board, cone and wooden beads. He is now interested in trains with wheels but still does not like to be hampered by a track. Dramatic and imitative play begins with animals, miniature cars, dolly and telephones. Kiddy-car with pedals provides for physical play. Large picture books interest him. BLOCKS: Educators consider blocks very important because they stimulate active and creative play and may be used with many other toys. Children like to use them from the time they are 18 months old. In blocks are cut with mathematical precision and have smooth surfaces, slightly rounded edges and hard finishes, they will wear for a long time and make building easy. Blocks are sold by the dozen, in bags or in sets packed in wooden or cardboard boxes. Sometimes they are packed in wagons or trucks which also serve as pull toys. Sets may be made up of blocks cut in uniform size or of a variety of shapes and sizes. Cubes embossed with letters and pictures and covered with a variety of brilliant lacquers, offer opportunities for selection. Brick size blocks may be easily made at home by cutting 2 by 4 inch lumber in carefully measured lengths usually 8 inches, and sandpapered smooth.

Christmas Recipe

Here is one wonderful Christmas candy recipe for you.

TOFFEE

1 cup brown sugar; ½ cup corn syrup; ½ cup butter; ½ cup condensed milk. Cook to 117 degrees C. or until it cracks in cold water. You'll have to stir this constantly because it gets very thick. Pour it quickly into a metal buttered pan and mark it when it's warm. Don't forget to soak the pan in hot water. When the candy is cold you can break it up, and store in a dry place that the children won't find—or you won't be able to save any of it.

A Christmas Pamphlet

A Xmas pamphlet which you may have in writing in for it gives menus, cake, frosting, pudding, sauce and cookie recipes for delightful eats.

True as Fudge?

To make you think until next week. A cake batter made with all-purpose should be well beaten"

Something important you should know about your husband

You know him better than anyone else in the world. You know his bad points as well as his good ones. But one of his best points may have escaped your notice

You know that he doesn't do many of the things he'd like to do with his money — because the family income will only go so far. And you know that he might reasonably spend money freely now — without a thought for your future. But he doesn't.

Regularly, he puts aside money to give you the protection of life insurance. True, he may gain benefit from that insurance during his own life, but that isn't why he owns it. The real reason can be found in his concern for your welfare

Do you co-operate with his efforts to provide for you in this important way? Are you encouraging his habit of thrift?

Right now, it's more important than ever to save money. For every dollar put aside for the future helps to check inflation, helps to protect the value of all your money

So check over your budget. See what new savings you can make!

REASONABLE RATES PROMPT SETTLEMENT

The most IMPORTANT MAN in the CANADIAN ARMY

There have been many startling developments in modern weapons — even talk of push-button warfare — but despite all of this — the INFANTRYMAN continues to be the most important man in our defence forces.

Today, the Canadian Infantry Soldier is one of the most highly trained men in our Army. He is master of many weapons. He is tough. He has built a reputation that is second to none.

More young men are needed right away to swell the ranks of the Royal Canadian Infantry Corps. The job is not an easy one. You have to be good to make the grade as the most important man in the Canadian Army—the INFANTRYMAN.

TO ENLIST YOU MUST:

1. Volunteer to serve anywhere.
2. Be 17 to 40 (Tradesmen to 43).
3. Meet Army requirements.
4. Married men will be accepted.

Apply to the nearest Recruiting Depot:

No. 10 Personnel Depot, Cuvrie Barracks, Calgary, Alta.

Edmonton Manning Depot, Western Command, Kingsway Avenue, Edmonton, Alta.

War Against Hunger

THE WORK OF THE Food and Agricultural Organization of the United Nations is followed with interest by many people here because of its concern with the production and distribution of wheat and other crops produced in Canada. Canadians are concerned too, with the efforts of the organization to combat hunger and poverty throughout the world. Recently the guiding council of the F.A.O., met in Rome and the Director General, Norris E. Dodd, once more emphasized the importance of spending the effort "to wipe out mass hunger and lift the burden of poverty from men's shoulders." Although the Food and Agriculture Organization has been active for the past five years, the Director General said that it had not yet begun to achieve its objectives and he told the members of the council that "if the tide of hunger continues to rise there will inevitably be also a rising tide of unrest, revolution and war."

* * * *

World's Food Supply Less

Since the last war the world's population has risen by 12 per cent. but food production has increased by only nine per cent. leaving less food per capita than there was five years ago. Because of the fact that there has never been equal distribution, the more prosperous countries grow have all or more than they need, while the others are faced with increasing shortages. Greater production and more even distribution of world food supplies are undoubtedly the answer to the problem and it is to this end that the Food and Agriculture Organization works. Through its efforts, food production is being increased in countries where the need is great and supplies are shipped from the more prosperous countries to those where food is scarce. Economic barriers provide difficulties in many cases where more equitable distribution could otherwise be carried out.

* * * *

Canada Will Share Burden

Wheat is regarded as a fundamental item in the world food supply. It was expected that the total world production of wheat would be higher in 1951 than it was in the preceding year, but the estimate was made before it was known that normal harvest conditions would not prevail in Western Canada this year. The expectation of light harvests in Australia and Argentine have caused the Food and Agriculture Organization to look to the other two major wheat-producing countries, Canada and the United States to assume the burden of supplying needy countries in the coming year. The unfavourable harvest conditions, which have caused so much concern in Western Canada this year, will no doubt effect the world wheat supply, but it is to be hoped that there will be sufficient wheat and other foods available to carry on the important and humanitarian plans of the Food and Agriculture Organization in the coming year.

Hunter Pays Government To Free Conscience

EDMONTON—The Alberta government's fish and game branch is $73 richer and a 73-year-old Vancouver man formerly of Alberta, can die without a guilty conscience.

The man sent to the judges of the district court in Innisfail, Alta., a cheque for $73, which he said was the money he received sometime between 1909 and 1929 for pelts of fur beavers he killed illegally.

He said he didn't expect to live very long and wanted to do with a clear conscience.

The money was turned over to the government's fish and game branch.

Scouts Good Friends To Elderly Men

In Arborfield, northeastern Saskatchewan, Boy Scouts for the past year have been carrying water, chopping wood removing ashes and generally looking after an elderly man living alone and unable to perform these tasks . . .

When the man was in hospital recently, the Scouts cleaned his house from attic to basement, repainted two rooms, arranged transportation for his return from hospital, and are continuing for him their daily good turn.

JEAN BLONDELL'S HOSE VALUED AT $5,000

HOLLYWOOD — Stockings valued at $5,000 are worn by Joan Blondell for her dance number in Waid-Krasna's "The Blue Veil". The diamond-studded set was especially designed by Willy of Hollywood. An armored car with two armed guards delivered the precious cargo to the RKO studio. No rad is expected to follow!

HONEY SALES TO INCREASE

WINNIPEG — An increase in the production and sale of honey in Manitoba was predicted at the annual meeting of the Beekeepers' Association of Manitoba by the organization's president, S. J. Lye.

KNOBBY FRUIT LOAVES

● Scald 1½ c. milk ½ c. granulated sugar, 2 tsps. salt and ½ c. shortening; cool to lukewarm. Mix ½ c. mixture into 1 cake dry yeast softened in ½ c. lukewarm water, 3 tsps. granulated sugar; set mixture in dissolved sprinkle with 1 envelope Fleischmann's Fast Rising Dry Yeast. Let stand 10 minutes; stir well.

Add lukewarm milk mixture and stir in 2 well-beaten eggs, 1 c. mashed ripe banana, 1 c. sifted whole wheat flour; beat until smooth. Work in 2 c. sifted all-purpose flour, 1 c. currants, 1 c. chopped candied peels, 1 c. sliced maraschino cherries and 1 c. broken walnuts. Work in 2½ c. (about) more sifted all-purpose flour. Knead on lightly-floured board until smooth and elastic. Place in greased bowl and grease top of dough. Cover and let stand, away from drafts, in warm place (not over 85°) until double in bulk. Punch down dough; turn out on lightly-floured board and divide into 4 equal portions; cut each portion into 20 equal-sized pieces. Shape each piece into a smooth round ball. Arrange 10 small balls in each of 4 greased loaf pans (4½" x 8½") and grease tops. Arrange remaining balls on top of those in pans and grease tops. Cover and let rise until doubled in bulk. Bake in moderate oven (350°) about 1 hour, covering with brown paper after first ½ hour. Spread cold loaves with icing. Yield — 4 loaves. Note: The 4 portions of dough may be shaped into loaves to fit pans, instead of being divided into the small pieces that produce knobby loaves.

Breaking Records is Their Specialty

Mr. and Mrs. Ralph Haight of Floral, Sask., are justly proud of their offspring. For they boast a record unequalled by any other Canadian family. Six of their eight children have, in the past six years, been on junior farm teams representing Saskatchewan at Royal Winter Fair in Toronto. With three sets of twins in the family and 12 sets of twins raised on their Haight farm, this remarkable family must have established another record apart from junior farm club work.—Central Press Canadian.

HOME FROM KOREA — Flight Nurse Verne J. Forbe, of Creston, B.C., who raced for Korean casualties en route to Montreal. The plane bearing wounded veterans arrived at Montreal Airport recently from Mc-Chord Air Force Base Eastern Terminus of Korean Airlift.

Protein Content Of 1951 Wheat On Average

Saskatchewan Grain Leads With Alberta And Manitoba Following

WINNIPEG.—The reputation of Canadian grades of wheat will be maintained by the 1951 crop.

The grain research laboratory of the board of grain Commissioners reported that protein content and baking strength of 1951 wheat will be just above the long-time average, and that clear yield should be good.

Considered by the laboratory as a No. 3 and 4 northern grade. The per cent. will go into the two grades.

Total marketings of red spring wheat, the report indicated, will amount to 440,000,000 bushels. Less than one per cent. will go No. 1 Northern and about seven per cent. No. 2.

Percentages of tough and damp grain will be even higher than in 1950.

Average protein content will be about 13.3 per ..... against a twenty-year average of 13.6. The improvement is mainly in the No 4 Northern.

Saskatchewan wheat leads in protein content with 13.3 per cent, against 12.9 for Manitoba and 13 for Alberta.

(A protein content of 13.3 per cent is considered very satisfactory and proportions in excess of this can be reduced).

There is not much difference in the baking strengths of the first four grades of the 1951 crop or in their supporting value, and doughs handle satisfactorily.

Funny and Otherwise

◆ ◆ ◆

"When my daughter wrote and told me she was bringing home a soldier called Montgomery," Elsie's mother said coldly, "I was the awkward young man who lived opposite by her daughter's side. "I expected something higher than a lance-corporal."

◆ ◆ ◆

"At first she was going to turn him down because he had a wild of his own—then she found he was likely to benefit from his uncle's."

◆ ◆ ◆

"Have you a hair restorer that really restores?"

"Yes, sir! This preparation is sure to do the trick."

"Okay, I need some. Wrap me up a brush and comb with it."

◆ ◆ ◆

Teacher: "I asked you to draw a horse and cart, and you've only drawn a horse."

Tommy: "Yes—the horse will draw the cart!"

◆ ◆ ◆

"I hope," said one wife to another, "that you never nag your husband."

"Only when he is beating the carpets," said the second one. "When he is thoroughly irritated he makes a much better job of it."

◆ ◆ ◆

The passenger leaned out of the taxi window. "What on earth are you doing?" he shouted to the driver. "I asked you to drive me from Victoria to Leicester Square, and this is the fourth time you've passed St. Paul's."

"I'm sorry, sir," replied the driver. "I thought you were an American."

◆ ◆ ◆

"I haven't lost your husband. What's he like?"

"Just the ordinary type; 52 around the waist, 42 around the chest, 92 around the golf course, and a nuisance around the house."

◆ ◆ ◆

The dentist in a mountain town looked sympathetically at his patient and said: "I'm sorry, Zeke, that it was necessary to extract your front teeth, but—"

"Pills is all right, Doc," lisped the bearded mountaineer. "Shucks! I learnt to pull jug corks with a knife blade when I lost my first tooth."

◆ ◆ ◆

Gerald was Aunt Matilda's favorite nephew and ...he was pleasing to read him a birthday gift.

"What did you give him last year?" asked her companion.

"A steam engine," said Aunt, poor boy, he told me he couldn't find words with which to thank me."

◆ ◆ ◆

"And what are you giving him this year?"

"A dictionary."

◆ ◆ ◆

"Johnson says he wears the trousers in his house."

"Perhaps so but every night after supper he wears an apron over them."

◆ ◆ ◆

"I know I'm not much to look at," admitted the suitor.

"Oh, well," philosophized his bride-to-be, "you'll be all the alike most of the time."

1951 1927.

17 Per Cent. Cash Income Of Farmers From Dairy Products

Prairie Provinces Receive 39 Per Cent. of Canada's Milk Production

About 17 per cent. of the total cash income of Canadian farmers come from the sale of dairy products. It is only exceeded by that derived from livestock and from wheat and is about twice the income from farm sales of poultry and eggs and nearly four times that of fruit and vegetables.

Cash income from dairying does not include returns from veal calves or sales of dairy cattle for slaughter. If these were included, it is probable that since 1940, dairy income would be second only to income from all livestock. The census shows that in 1941, nearly 80 per cent. of the 735 thousand farmers in Canada kept cows for milk.

Canadian milk production increased steadily from 16.6 billion pounds in 1926 to 17.5 billion pounds in 1942. Between 1942 and 1945 the rate levelled off and since 1945 a slight decline in production has been registered. Central Canada is the chief producing area and accounts for about 62 per cent. of production. The Prairie Provinces follow with 26 per cent. while the Maritime Provinces and British Columbia together produce about 10 per cent. of the total milk supply.

Increased milk production in Canada is due to increases both in the number of cows and in the production of milk per cow. Though production today is some 60 per cent. greater than in 1920, consumption of fluid milk has increased greatly—particularly in the last decade, and the concentrated milk industry has developed into an important phase of dairy processing. Thus, while production has been expected, Central Canada is the chief producing area and accounts for about 62 per cent. of production. The Prairie milk available for export.

THE OLD AND THE NEW—Not only is dairying an important branch of farming; it is also one of Canada's leading manufacturing industries. And the hand methods of yesterday have given way to the mechanized ones of today. In Canada's efficient plants the milk from the farm is made into various dairy products by intricate machines which bottle, process and package with no more than a minimum of human intervention. The part played by dairying—both in agriculture and in the processing industry—is portrayed in the new Canada Department of Agriculture colour film called "Dairy Made" which will be shown through the rural circuits of the National Film Board during the winter.

Kitchen Meditations

By JANE DALE

A DOG'S LIFE

You haven't a care in the world. Your food is placed close to your bed And you can sleep without one regret.

You can lie lazily in the sun; Or play in the garden too; When you like you can hunt around For any old bone to chew.

No, you've not a care in the world, No work do you do all day. It may be just a dog's life you live But it's a very good life. I'd say!

I Was Nearly Crazy With Fiery Itch—

WILDMERE WINKS

Deepest sympathy to Mrs. L. Carey and Mr. S. Woodruff on the loss of a loving father and brother. Another old timer whose cheery smile and kind word will be greatly missed by everyone: and to Mr. Playne and family on the loss of a dear wife and mother. Mrs. Playne has been a patient sufferer for many years with that painful ailment, arthritis. Her family will be comforted to know that she is at rest from her suffering. She too, was an old timer, and no one by one they are passing on..to their well-earned rest. Even when these old timers books are closed, the pages are privileged many times in their memory of the many good deeds and acts they have done to build up a settlement.

J. Wallington, Bill and Aden Smith, Albert Haste and Bailie of Wildmere and Frank Gibson of Basswood attended the Board of Trade Farmers' banquet and heard Hon. David Ure speak. They all enjoyed the supper and the address. Several have since remarked that there should have been a question period when many more points could have been explained.

Congratulations to our Golden Wedding couples who celebrated 50 years together recently. Mr. and Mrs. Henry Smith of Vermilion who lived in our district for several years and where you were always sure of a warm welcome at their home: Mr. and Mrs. W. S. Elward of the Cumulings district were celebrated on the night of the banquet in town so the writer was unable to attend. To both these couples we wish many more happy years together. We'll plan to attend your 60th anniversary Mrs. Elward.

It has been really foggy at nights lately, making it hard to drive. The highways are also very slippery.

Mr. and Mrs. Cliff Cruthers are taking a short holiday in the city visiting Mrs. Cruthers' brother Alex, also brother Norman at Bon Accord. They plan to call on Mr. and Mrs. H. Howard while there too. Miss Hilda Kierstead is taking care of the children while they are away.

J. Wallington now has a Coleman surely is a comfort to come home and find the house as warm as when you left. Mr. J. Mitchell of Nelson-Hill hardware installed it. J. Wilson also had an oil burning heater put in this fall. Going to it being so hard to get good coal many are turning to oil to heat their homes.

Curling at our local rink is well under way. It is a busy sheet with 8 rinks, one from Tofland, one from Triangle, three from Blairview and two men's rinks and one ladies from Wildmere in the league this winter. Funniest thing heard: When Bill Smith sawed up his wood last Friday he went to get some sausages and found a mouse in a shed over the cellarway. He found that a weasel had eaten some and carried the rest into the cellar. Have you got the culprit yet Bill?

Don't forget the W.W.I. bazaar and dance at Basswood Friday, Dec. 7th. Good music.

The Whitbeck family are now out of quarantine for scarlet fever with the children back to school.

COME TO CHURCH

WEDNESDAY, 8 p.m. — Women's Meeting.

COYOTE HUNT AT BOWTELL

There will be a coyote hunt in the Bowtell district on Wednesday, Dec. 12th. Everyone interested be at the Bowtell community hall at 1 p.m.

A new club room you say? No, just the results of elbow grease, axle grease (Vivian's contribution) and an hour's time last Thursday night and the place really shines. There are some dandy housekeepers in the bunch. Hey fellers, I said there are some da - - - Oh you heard, Eh!

Aye, 'tis a chance ye wouldna wish tae pass up if ye like tae put th' wee pressies back in th' pocket o' yer trousers and still see all th' hockey games in Vermilion w'out peekin thru a wee hole in the rink. D'ye ken noo? Well, this is it. Basswood community association hockey tickets for $5 each, so you sports fans are in luck. The ticket entitles you to all the games of the Tigers here in town.

Question — What was wrong at our meeting this week?

Answer — Magazette magazine page 9, paragraph 2. Please be ready for Joy and keep out of the line of fire.

We were happy to have with us as a guest of Dot, O., honorary member Mrs. Markon (Rogers) Dowdell. Come again Marion.

It always gives us a nice feeling to send our annual donation to 'CARE' who forward for us, a parcel to the London Maidstone St. school. We receive so many letters of thanks and appreciation from both the children and teachers, that it's a real pleasure to help in our small way.

Our Christmas draw was made last night so Santa will be along at our party next Tuesday.

More tickets? I can't see over the pile I have now. Every time I try to sell one I end up buying one from the other guy!

Checking: Dec. 8th, Elva and Dorothy A.; Dec. 15th, Merle and Dorothy O.; Dec. 18, Ollie and Cvila, 1st shift: Barb and Faye, 2nd shift.

Smith sawed up his wood last Friday he went to get some sausages and found a mouse in a shed over the cellarway. He found that a weasel had eaten some and carried the rest into the cellar. Have you got the culprit yet Bill?

Don't forget the W.W.I. bazaar and dance at Basswood Friday, Dec. 7th. Good music.

The Whitbeck family are now out of quarantine for scarlet fever with the children back to school.

WANTED - A Man in Vermilion
WITH ABILITY TO SELL

An intensive selling campaign is opening in Alberta almost immediately. A man is needed capable of handling the proposition in this district. No investment necessary, but should have good business and farm connections. An alert insurance or real estate agent or a progressive implement or automobile salesman could cash in on a handsome scale during the next few months while his regular representations are more or less dormant. He would also be offering his clientele an exceptional and eagerly sought opportunity for financial gain. For further information write

Paradise Valley

Mr. Pete Wolf is the official delegate to the F.U.A. convention to be held in Calgary this week.

MAR. EARLY

Your local postmaster would like to make a request and that is that you mail your parcels and letters early this Xmas. Mail as many as you possibly can on Mondays, Wednesdays and Fridays and thus ease congestion on the other days. You will receive much better service if you do. Remember that all parcels outside of Canada require a Custom Declaration, call and get yours and have them on your parcel when you come to mail them. Also please remember that this year it will take two cent stamps on all your unsealed Xmas cards

McELHINNEY—DANCAUSE

A wedding of particular interest to Paradise Valley people took place in Edmonton on Saturday evening when Miss Lauriane Dancause of Winterburn and Ronald Keith McElhinney exchanged marriage vows. The wedding took place in the Norwood United church. Rev. W. T. Young performed the ceremony in a setting of chrysanthemums and ferns. The Misses Barbara McElhinney and Milinda Olek were bridesmaids. Mr. Arthur Dancause was best man. A reception was held at the home of the bride's mother after the ceremony at 10035-117 street. The young couple left for a honeymoon to Calgary and on their return will take up residence in Edmonton.

Mr. Percy Stoddart is hobbling around on crutches these days as a result of a broken bone in his knee. He slipped on the ice and met with an accident at school and had to be taken to Lloydminster having got her knee cap cracked while coasting.

Mr. Gordon Guy who has been in the employ of the Beaver Lumber Co. at their yard here at P.V. has got a position in the Lloydminster post office and started his new duties on Saturday, Dec. 1st.

On Friday evening a very pleasant birthday party was held at the home of Mr. and Mrs. A. M. Block the occasion of Edward's 21st birthday. A number from town attended.

Notice to Creditors and Claimants

IN THE ESTATE OF IRVING S. WOODRUFF, late of Islay, in the Province of Alberta, Farmer, Deceased.

NOTICE is hereby given that all persons having claims upon the estate of the above named IRVING S. WOODRUFF, who died on the 25th day of November A.D. 1951, are required to file with the undersigned by the 21st day of January A.D. 1952, a full statement duly verified of their claims and of any securities held by them, and that after that date the Executor will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims on which notice has been so filed or which have been brought to his knowledge.

DATED at Kitscoty, in the Province of Alberta, this 1st day of December A.D. 1951.

JAMES McCORRY,
Kitscoty, Alberta,
Solicitor for the Executor.

JAPAN GOOD CUSTOMER

Japan is becoming a very good customer for Canadian wheat and feed grains, as well as for other natural products. For the first 9 months in 1951 the Japanese bought $31 million worth of Canadian produce while Canada purchased only $ 4 million worth from Japan.

The offices of Wm. Krause, Optometrist will be closed Monday and Tuesday, Dec. 10 and 11.

Local News of Interest

Miss Velma Fisk, after 4½ years at the local telephone exchange, has been transferred to Grande Prairie and has already taken up her duties with the Alberta Government Telephones in that northern town. Velma says that it is amazing the number of people she meets who have come from Vermilion.

Walter Jorgenson of the Islay district leaves this week for Denmark where he will spend the winter visiting with his brother Rudolph. The latter left here some two years ago to make his home in his native land. Walter carries with him greetings to Rudy from his numerous friends here.

Mr. and Mrs. T. H. Davis returned recently from a car trip to Edmonton, Calgary, Lethbridge, Medicine Hat and Bow Island. They were accompanied from Edmonton to Medicine Hat by their son Donald. While at Lethbridge a call was made on Mrs. E. C. Miller, now comfortably settled there. It was rather heartbreaking to see huge fields of cabbages and corn lying under the snow, a total loss. Only half the sugar beets are taken up and very few cattle were in evidence.

Mrs. T. A. Stack and Mrs. Ken Trenholm were Edmonton visitors for three days last week, returning home on Sunday.

Bill Pilkie attended the annual gathering of Alberta theatre owners held at the Palliser hotel in Calgary last Sunday and Monday, also the Pioneer Pioneers get-together which was held at the same time. The trip to and from Edmonton was made via T.C.A.

Wm. Gus of M.G.M. pictures, Calgary office, was a guest of the Board of Trade luncheon on Wednesday. Mr. Gus makes it a point to be in Vermilion Wednesdays as he thoroughly enjoys the weekly gathering of business men and farmers.

BORN —To Mr. and Mrs. Robert M. McIlwain (nee Jean Corley) at the Vermilion Municipal hospital on November 18, a daughter, Cathie Jern.

Don Purser of Vanesti spent a few days in Edmonton last week.

TURKEY CUT SALE

Junior, Purley clubs are holding a house and sales as follow: Marwayne Dec. 11th, Community hall; Vermilion Dec. 12, Armories. Come at 3:00 p.m. for the auction sale of dressed turkeys.

CARD OF THANKS

To Mr. and Mrs. Alex Stone who opened their home and to the members and friends of the district and from Vermilion who helped to make our 50th wedding anniversary such a pleasant one, we extend our warmest thanks and appreciation. We also would like to thank everyone for the South Point office and for the items of interest and Mrs. Willard Cook.

CLANDONALD HALL

This week end in the Clandonald hall, a show entitled comedy, which is the Irish Cup Winner. Those taking part are Joan Bonner and Elizabeth Taylor. Next week end No Man is an Island.

ST. ANDREWS

Chicken supper will be served at St. Andrews hall on Sunday Dec. 9th, commencing at 5:0 p.m.

BOWTELL

Dance at the Bowtell Community hall on Tuesday, Dec. 11. Proceeds to aid on the Children's Xmas concert.

Morrison Community Hall

Dance in the Morrison Community hall on Friday, Dec. 7th. Raffles prizes, soft drinks. Free lunch Buffet refreshments. Admission 50c. Children free.

TEA & SALE OF WORK

The Leadership Training Group of the CGIT will sponsor a tea and sale of work on Saturday, Dec 15th at the United church hall from 2 to 5 p.m. This is the first project undertaken by the group and their financing support would be greatly appreciated. Adult, 25c. children 10c.

SHOWING AT THE
Arrow Theatre

Lloyd Harris Moving To Edmonton

Lloyd Harris, veteran Vermilion barber, is closing his shop and is moving to the city. Lloyd has been troubled with an asthmatic condition for some time which seems to be aggravated here and is much alleviated in Edmonton. He is offering a number of household articles for quick sale as he and Mrs. Harris plan to leave within a few days.

Prize Winners At Kinsmen Costume Ball

Winners at the very enjoyable but meagerly attended Kinsmen Masquerade on Tuesday evening, were as follows.

Fancy Dress — Mr. and Mrs. Jo Hamula as Chinese Mandarins; Novelty—Dr. and Mrs. A. C. Bradford; Comedy—Morrison Smeltzer and Art Simpson.

The judges were, Mrs. S. Walden berger, Mrs. E. M. Stewart and Mr. Gordon Ross.

C.G.I.T. Candlelight Service Dec. 16th

The C.G.I.T. will hold their Xmas Candlelight service on Sunday Dec. 16th at 7:30 p.m. Music will be supplied by the Junior choir directed by Mr. Jack Brown. Everyone is invited to attend this very impressive service.

Radio Prize At Hockey Game on Saturday

The prize to the holder of the lucky souvenir program at the hockey game, Tigers vs. Rangers, on Saturday night will be a mantel radio.

Season Hockey Tickets

Citizens of town and district can support the hockey club by purchasing season tickets. These tickets entitle you to attend all league games and if weather permits, three exhibition games with North Battleford, U. of A. Golden Bears and St. Paul. They also give the holder priority for reserved seats for the play-offs. The tickets are transferable, and may be purchased from the Sports Club and some members of the hockey executive.

Greenlawn Local Items

Held over from last week:

A shower, attended by a large number of well-wishers, was held at the home of Mrs. Les Ryan in honour and miss Phyllis Wade in the near future. A very pretty event and a very happy evening was spent by all. Mrs. Ryan received many lovely gifts.

Mr. and Mrs. Ed Neilson celebrated their anniversary with a pleasant one week's end our warmest thanks and appreciation. We also would like to thank everyone for the South Point office and for the items of interest and Mrs. Willard Cook.

Mr. and Mrs. Willard Cook and family moved to the Mrs. Phyllis Wade's property on Saturday. Mr. Cook is employed by Mr. Wade.

Mr. and Mrs. Ed Neilson celebrated their anniversary with a pleasant one week's end our warmest thanks and appreciation. We also would like to thank everyone for the South Point office and for the items of interest and Mrs. Willard Cook.

Mr. and Mrs. Willard Cook and family moved to the Mrs. Phyllis Wade's property on Saturday. Mr. Cook is employed by Mr. Wade.

Bowtell Bulletin

A very our district was saddened by the passing of a former resident, person in Mrs. L. H. Pe... Deepest sympathy is extended to the sorrowing family in their bereavement.

Mrs. Jo Hamula spent a few days in Edmonton recently.

Bob Johnson, is now stationed at the C.N.R. depot, Lloydminster. Congratulations to Mr. and Mrs. R. Williamson on the birth of a son at the Vermilion hospital last week.

Bill Wells is working for Mr. Bob Johnson, while he is away.

The writer and husband attended Bob 21st wedding anniversary Dec. 1st.

Barbie Bird is indeed with us this light plant to be used until the power line goes through.

Mr. Dyson of Edmonton is a medical advisor.

Letters to the Editor

The paper does not hold itself responsible for opinions expressed by correspondents.

R. R. 5, Vermilion
Dec. 5, 1951

Editor Vermilion Standard

Dear Sir:

Your account of the Board of Trade banquet in the Lamont letters of the board was very interesting, they must have had a very enjoyable time.

It is to be regretted that more farmers were not able to hear our Minister of Agriculture after going to quite a bit of trouble to come to Vermilion. I do not suppose the attendance on the Board, and also the banquet was very disappointing to the speaker, both at Lamont and Vermilion. Even the ones who did attend could not be expected to appreciate it as much as those who could not attend, especially because of the poor weather conditions.

Yours truly,
Hardy Wear

So great I have the volume of business that it will be impossible to promote any Christmas decorations after Dec. 15th

AGAIN TO THE PUBLIC AND OUR PATRONS, OUR HEARTFELT THANKS

Interest in Hockey Appears High

TIGERS WIN OPENER

It looks as if interest in hockey will reach an all time high this winter as the largest crowd to attend an opening night game in years cheered the Tigers on to a hard-fought victory last Saturday night. 694 paid admissions, these along with the passes for officials, band members, ice cleaners, etc. meant that well over 700 were in the rink.

The game was officially started when Jack Brown, President of the Eastern Alberta Hockey league centred the puck between team captains Ed Zikuski and Les Williams.

The opener was a home crowd pleaser as the Tigers came out on the long end of a 7-5 score, but only after a closely contested game. If the visitors had been content to play good clean hockey, which they are entirely capable of doing, they wouldn't have spent so much well deserved time in the penalty box. The Tigers garnered at least two goals with Rangers short-handed. The Rangers' boarding tactics and general rough play along the boards was anything but hockey, and was certainly not admirable, detracting from the game.

Coach Elmer Kreller had a very reminding mood on the ice, a crew that will show a lot of improvement before the winter is over under the careful coaching. First line of La Plante, Haskins and Barr are college students as well as one of the defence men. Matt Tellier; another forward line comes from Mannville, Connor, Ewing and Maury Mantz, while Alex Link, Bob Rowe and Nestor Chorney make up another fast skating line. Les Williams has dropped back to defence along with: Elmer Kreller, Mike Berushko and Matt Tellier. Fred Hickmore, in goal played his first and last game with the Tigers, here on plumbing contract work, he was recalled to Edmonton and returned early this week, leaving a big gap in goal to fill up.

Referee: Geraline and Carroll handed out 14 penalties, nine to the Rangers and five to Tigers. Jack Zikuski collected in a 10 minute misconduct penalty.

The Tigers seven goals were scored by as many players, Haskins, Chorney, Mantz, Rowe, Tellier, Link, O'Connor, with the Rangers' counters men being Silka, Jack Zikuski, Ed Zikuski (2), Krykbewitch.

Line-Ups

VEGREVILLE — Chyzowski, Bandura, Hrechuk, Demetruk, Charuk, Zarsky, Jaranko, Sanders, J. Zikuski, E. Zikuski, Horton, Oliver, Krykbewitch, Shaka.

VERMILION — Hickmore, Tellier Kreller, Berushko, Williams, Haskins, LaPlante, Barr, O'Connor, Chorney, Rowe, Link, Ewing, Mantz.

Scoring

1st period goals — Silka (2, Zikuski), LaPlante (Haskins), Chorney (Rowe), Mantz (O'Connor), Penalties — Kreller, J. Zikuski (2).

2nd period goals — J. Zikuski (Oliver), Krykbewitch (Demetruk), Rowe (O'Connor). Penalties — Charuk, Berushko, Shandro, J. Zikuski, 10 minute misconduct.

3rd period goals — E. Zikuski (Bandura, Tellier, Link, Kreller), O'Connor, E. Zikuski. Penalties — Oliver, Bandura, Berushko, Mantz, Krykbewitch, Charuk, Berushko.

LES WILLIAMS, CAPTAIN

At a meeting of the Tigers hockey players before the first game last Saturday night, Les Williams was elected Captain of the team, Roger LaPlante and Matt Tellier were elected assistant captains.

WINS SHOT GUN

Lyle Dowsett was the lucky winner of the Winchester 12-gauge pump gun raffled by the Hockey Boosters club. 500 memberships at $1 each were sold. This sum was used to clear up last year's hockey deficit, also left a nice amount to commence this year's operations.

RADIO BRAWN FUN

Programs were sold to all who wanted them and during the evening a lucky number was drawn. Holder of the program was George Richardson who thus became the owner of a brand new mantel radio.

All in all it was a fine evening's entertainment and one which sent the hockey season away to a fine start.

HOME LINE PLAYS

The Vermilion Boys' band added much to the enjoyment of the evening by playing before the game and during the rest periods. There is certainly a vast difference in music at first hand and the canned variety.

TIGERS WIN TWO

DEFEAT HUSKIES 5 TO 3 ON WEDNESDAY

FLASH—Playing at Lloydminster Wednesday evening the Vermilion Tigers defeated the Huskies 5 goals to 3. This made the Tigers' second victory in two starts. Pre-season information is that the boys who study hockey rated the Huskies as by far the strongest team in the league so that the Tiger victory Wednesday night speaks well for the calibre of hockey being played by the Vermilion team

DOUBLE HOCKEY FARE NEXT WEEK

HUSKIES AND COMMANDOS HERE MON. AND SAT.

Hockey fans are due for two games next week as the Huskies play here on Monday night, game commencing at 8:30; the Wainwright Commandos are the opposition on Saturday Dec. 22nd, game time 9:00 p.m.

The Tigers have a heavy hockey week as they play at Vegreville on Dec. 19th.

Board of Trade To Transport Hockey Team

As a result of a request by Ben King, President of the Tigers Hockey club, the Board of Trade has agreed to line up cars to transport the hockey team to its various outside games. This will save the club a considerable sum of money throughout the season. The matter is being handled by the Ways and Means committee under the chairmanship of Keith Chalmers, assisted by Charlie Upshall and Jim Nicholls.

Ladies' Night At Next Hockey Game Monday, Dec. 17th

Monday, Dec. 17th when Lloydminster Huskies play the Vermilion Tigers at the local arena, will be 'Ladies' Night.' Ladies will be admitted for 25c. The prizes given for the hockey program holders will be six pair of nylon stockings. The hose will be donated by the local merchants.

FARMERS' NIGHT, DEC. 22

Saturday Dec. 22nd will be 'Farmers' Night' and all farmers will be admitted for 25c (their wives will be charged full price). Among the prizes to be given away on that occasion will be two 100-pound sacks of flour. The Wainwright Commandos will be here that evening.

Prize Turkey Is Donated To Cubs

BY VERMILION DRESSER PLANT

Harvuther Bros. of the Vermilion Locker plant purchased the first prize hen at the Turkey Club social and sale on Wednesday and then donated the bird to the Cub pack.

The 17¼-pound hen was champion of its class and brought the highest price at the sale, 81 per pound.

The Cubs are pleased as can be over the donation and on Saturday they will canvass every house in town, selling tickets at 25c apiece on the fine turkey, as last everyone will have a chance to provide themselves with this high grade turkey for two bits — and what a Christmas dinner it will make!

W. H. T. Mead To Address Livestock Association Meeting

SATURDAY, DEC. 15 — 2 P.M.

W. H. T. Mead will address the annual meeting of the North-Eastern Alberta Livestock Sales Association. The meeting will be held in the Legion hall on Saturday Dec. 15th at 2:00 p.m.

The Association will review the activities of the past year and the business will include the election of officers for the coming year. New association will also come in for discussion.

Started one year ago, the Association has held a series of very successful livestock auction sales at the Vermilion stockyards.

Mrs. Eleanor Jane Moore Passes Away

WAS 81 YEARS OF AGE

Mrs. Eleanor Jane Moore, well known old timer of the Vermilion and Islay districts, passed away at the home of her daughter, Mrs. Wm. L. Roebuck on Sunday Dec. 9th. She had reached the advanced age of 86 years.

Mrs. Moore was born at Port Hope, Ont. She came to Alberta in 1906 and to Vermilion in 1918. The family home was just north-east of Vermilion for many years until Mr. and Mrs. Moore retired from active farming.

She was predeceased by her husband, Wesley James Moore in July 1941. Surviving members of the family are one daughter and four sons, Mrs. Wm. Roebuck, Vermilion; Arthur at Penticton, Edgar at Victoria, B.C., Harold in Vancouver and Campbell of Calgary. There are also fourteen grandchildren and five great grandchildren.

Funeral services were held at the First United church, Vermilion on Wednesday, Dec. 12th at 2:30 o'clock in the afternoon. The Rev. C. W. Marlatt officiated. Interment was at the side of her husband in the Islay cemetery.

Mowry were in charge of the arrangements.

Men's Club Meets At United Church

Mr. Hoskins addressed the men's club of the United church on Wednesday evening last week, giving a talk on his work of the John Howard Society. The address was followed by general discussion by the members.

The Men's club wishes to express their appreciation to the C.G.I.T. for their work on Korean relief also to the ladies who helped to pack.

Things Humming At The Post Office

MAIL EARLY! — A FEW SUGGESTIONS

Things are humming in the post office these days, being literally up to the ceiling in mail. Even in their cramped quarters, they are even having to use space in the basement to handle the volume of Xmas mail. It would greatly assist the P. O. staff and render quicker despatch of mails if patrons would separate 2 cent Xmas cards from the first class mail. The cards be addressed. Another thing—mail as early in the day as possible. We feel sure postmaster will be only too glad to cooperate with the post office in their endeavor to help maintain efficient mail service.

TO SELECT THREE STARS

The local hockey executive has appointed a committee to make the three-star selection of players after each game at the arena. The 3-stars will be announced at the end of the game.

Official Opening Of The Marwayne Seed Cleaning Plant Dec. 18

The official opening of the new Marwayne Seed Cleaning plant will take place at 2:00 p.m. on Tuesday Dec. 18th at 3:00 o'clock.

A. S. Longman will officiate at the ceremony with other speakers being A. M. Wilson, Field Crops Commissioner; F. F. Parkinson, Agricultural engineer; E. H. Buckingham, District Agriculturist. Other visitors will include government officials, members of the municipal council, of the agricultural services board and of the press.

The official opening is a public even, to which everyone is welcome. It heralds a move of considerable importance to the area and a very interesting program has been arranged by the Marwayne Seed Cleaning association.

New Lunch Program Discussed At Home And School Assoc.

ASK SCHOOL RINK AND CURFEW WHISTLE

The Vermilion Home and School Association met in the public school Wednesday evening, Dec. 5, 1951. Not as large a group as usual attended but many points of interest were discussed.

Miss Reed, District Home Economist from Wainwright, gave a very interesting talk on School Lunches. Considerable discussion followed and Miss Reed threw out many helpful ideas. A new lunch program is being carried out this year in the Primary and Public schools, so the talk was of particular benefit.

A recommendation was made by the group that the town council be approached to ask if some prompt action might be made on the east end skating rink. The weather has been ideal for outside play and it is hoped that the ice will be ready shortly. It was further recommended that, when the ice is ready, the rink should be limited to skating only — no hockey sticks allowed.

It was reported too that the ever few whistle will be ready for use by the New Year.

The executive would greatly appreciate any program suggestions or any problems that you would want discussed could be dropped in the 'Question Box' at the meetings.

The next meeting will be held on Jan. 22 and subsequent meetings on the fourth Tuesday of each month. Details of the programs will appear later.

Nurses' Assoc. Hears Interesting Lecture

"OUR DEFENCE HERE TO STAY"

The Graduate Nurses Association of Vermilion met in the Legion hall on Monday evening last week for a very interesting program. A Holland Medical Service representative addressed the group on very informative lecture on the new plastic intravenous equipment which he had on display. An excellent film was also shown on intravenous therapy. Nurses from Minburn, Mannville, Islay, Lloydminster and Vermilion district were present at the gathering.

Other items of business dealt with included the decision of the group to offer their service to the Red Cross in the spring when the blood clinic is held here.

A number of civil defence problems were sent to the Nurses' convention in Edmonton by the Vermilion Nurses' Association.

The president of the Nurses' Association, Mrs. M. Lebsack, who is the delegate to the civil defence meetings, held recently in Edmonton, gave a detailed synopsis of the nurses ABC war lore lectures given at a convention held recently at the University of Alberta the week of Nov. 20. These warfare lectures will be given soon in 12 one-hour lectures by qualified speakers. An emergency ABC lecturer told the delegates that "civil defence is here to stay — until Eternity."

Neil McCrimmon Leaves For Ontario

RETURNS AFTER 45 YEARS

On Sunday, Dec. 2nd forty members of the Mix family met at the home of Mr. and Mrs. W. E. Mix of Vermilion in honour of their step father, Mr. Neil McCrimmon.

Mr. McCrimmon has resided in the district for 45 years and has sold his farm and is leaving for Ontario where he will spend the winter. This will be the first return trip in all the 45 years.

During the afternoon Mr. McCrimmon was presented with a gladstone travelling bag and an overcoat from the family.

Red Cross Branch Reviews Work At Annual Meeting

PLAQUE UNVEILED AT THE CRIPPLED CHILDREN'S HOSPITAL

At the annual meeting of the Vermilion branch of the Canadian Red Cross Society, the following slate of officers was elected for 1952:

President—Mr. T. Dick
Vice-President—Mrs. J. R. Robson
Secy.—Mrs. E. H. Buckingham
Treasurer—Mr. L. O. Roy
Executive — First four officers named and Mrs. S. C. Heckbert.
Work and Relief Committee — Mrs. J. R. Robson and Mrs. G. F. Davidson.
Shipping—Mrs. S. C. Heckbert.
Campaign—Messrs J. R. Robson and D. R. Mitchell
Prov. Council Rep. Mrs. E. H. Buckingham

Norrison reports were received regarding the work accomplished during 1951.

It was reported that the Junior grade in the public school are quite active in Junior Red Cross work, principal activity being making dressing dolls, candy sacks, short plays and selling Junior Red Cross calendars.

The faithful auxiliary of the Garton-Watson district has again accomplished a great deal of sewing while work, including 9 quilts, in some cases replacing cotton batts with wool ones.

In October the local branch sent [illegible] to the Cripples Hospital in Calgary.

Lorne Wilson Delivers No. 2 Wheat At Islay

The Islay district seems to take the lead this fall in producing a high grade of wheat. Not long ago Durward Bowman marketed [illegible] dry Garnett at the Searle elevator at Islay.

This past week No. 2 dry Garnett was hauled to the Searle by Dorothy Madden. The grain was grown on the farm of Lorne M. Wilson, 1 miles south of Islay.

Grain grading No. 2 dry is very scarce this fall, and thus attracts special attention.

Retailers Announce Shopping Hours For Christmas

For the convenience of shoppers the Retail Committee of the Board of Trade announce the following hours during Christmas week:

Saturday Dec 22 — open to 9:00 p.m. as per usual.

Monday Dec 24 — open to 6:00 p.m. as usual.

Tuesday, Xmas Day, and Wednesday, Boxing Day, all business places will be closed.

Saturday, Dec. 29 — winter closing hours commence with closing each Saturday at 6:00 p.m.

Monday Dec 31 — close at 6:00 p.m.

Tuesday, New Years Day—closed all day.

Wednesday, Jan. 2—Open 9 to 12, noon, usual hours.

Christmas Holidays For Schools Dec. 21 to Jan. 3

Schools will close for the Xmas vacation at 3:00 p.m. Friday Dec. 21st. They will remain closed until Thursday morning Jan. 3rd when they will re-open.

Heavy Agenda Handled By The Town Council

The regular meeting of the town council was held on Dec. 3rd with Mayor S. C. Heckbert and Cns. Mitchell, Reid, Payne, Urquhart, Webb present. Absent Cr. Kehoe.

The following motions carried:

That the police contract as offered be accepted and signed by the Mayor and Secretary-Treasurer.

That Council accept the transfer of Lot 1, Blk 4 Plan 6677 to Canadian Legion Post 11, for a period of five years for $1 per year for the purpose of creating a bowling green subject to ownership being cleared.

That the 1951 supplementary assessment of $6815 on Lot 17, blk 2, Plan 6678 and 1951 sidewalk assessment on Lots 1, 2, 3, Blk 4, Plan 6678 in the amount of $193.62 were passed in error and are to be cancelled.

That salaries of the Executive Assistant, Assistant Clerk and Bookkeeper be divided equally between water and sewer, and not to accounts coming only from water.

That Dr. Wilkinson be appointed as scavenger for the sum of $300 per month effective Dec. 4, 1951.

ELK RIDGE

In reply to an inquiry by the Council, a letter was read from Mr. H. R. Davis of the Prairie Public Service regarding the Company's gas reserves. Mr. Davis assured the Council that his company had enough gas in reserve to supply the town far beyond the life of the present franchise.

CLEANING OF WALLS

The Secretary advised the Council that there was insufficient attention being paid by some of the business firms to the matter of snow clearing and as a result the walks were icy and dangerous. The Secretary was instructed to investigate the situation further and in accordance with By-law 844 take such necessary steps to rectify the situation.

RETAINER ARREST

There was considerable discussion about the scavenger service and in particular the night soil collection. The Council agreed that consideration would have to be given in the not too distant future to eliminate this service particularly where property is fronted by water and sewer.

Two Cases of Active T. B. Revealed By Clinic At Vermilion

Editor Vermilion Standard,
Vermilion, Alberta.
Dear Sir

It is time we let you know how much we appreciate all the co-operation we have had in the Alberta Tuberculosis Association and the Department of Public Health by the Vermilion district in the mass x-ray survey conducted by the people of Vermilion and district in the Mobile Unit [illegible] Xmas and [illegible] Vermilion [illegible] Services [illegible] Mobile Unit [illegible] for the [illegible] [illegible] [illegible]

Play Bingo — Get Your Xmas Turkey

On Friday evening Dec. 14th in the Elks hall everyone will have a chance to take part in a novel bingo night. The Vermilion Tigers hockey club are sponsoring a turkey bingo — every time someone wins a bingo he or she will receive a dressed turkey weighing 18 to 20 pounds.

There will be accommodation for over 300 at one time and it is hoped that citizens will help support the hockey club in this venture. Some cash awards will be given also.

Everyone attending will be charged $1 at the door and given ten tickets to play bingo.

Twenty-five prime turkeys will be won by the lucky bingo players during the evening.

Keep this night free — come in and have fun and win your Xmas turkey. 23-1c

Legion Plans Xmas Party For Veterans' Children

The Canadian Legion will hold a Christmas party on Monday evening Dec 17th for the children of all veterans. The children to attend are limited to 12 years of age and under, and admission is by ticket only. Application for tickets must be made by Dec 15th to one of the following, Tom Wilson, Webb's garage or Stephens store.

An interesting program is being planned with competitions for the children 4 to 6 years, 6 to 9 and 9 to 13. 23-1c

Islay District Locals

Mr. and Mrs. Percy Colby and daughter Barbara celebrated their birthdays jointly on Nov. 30th, Father's day was Dec. 1 and Babs on Dec. 15. The occasion was marked by a visit from Mrs. Colby's mother, her niece Helen and uncle George Coombe. A turkey supper with all the trimmings was greatly enjoyed.

Helen Coombe who now resides at Red Deer came home for three days to visit her folks who are living in Vermilion for the winter.

A call was made on Nov. 30 to the writer's brother, Jim Gould. Jim and son Marvin were found busily at a chopper and trying it out. They both looked liked the proverbial dusty miller but were smiling and pleased with the installation of this new piece of machinery.

During the visit of Miss Helen Coombe a visit was made to the Whitcher farm where her collie dog Thom is staying for the winter. As preparations to depart were made Thom promptly jumped up on the car seat expecting to go home. However, he is quite happy with those who are taking care of him for the second winter. Thanks a lot folks.

The writer was sorry to hear of the passing of an old friend and neighbor in the person of Mrs. A.H. Payne and deepest sympathy is extended to Mr. Payne and family in their bereavement.

Once again we are nearing Xmas with all that it means, not only to the home reunion of loved ones, the gifts and the greetings and the laden tables but the attending of candle-light services, the beautiful carols and the wonders of our King.

"O come all ye faithful,
Joyful and triumphant
Come ye, oh come ye, to Bethlehem!
Come and behold Him,
Born the King of Angels:
Oh come let us adore Him
Christ the Lord.'

Fight TB with Christmas Seals!

WILDMERE F. U. A.

There will be a meeting of the Wildmere F.U.A. at the Wildmere school on Wednesday, Dec. 19 at 8:30 p.m. Come and hear your delegate, that is if the Board of Trade doesn't steal the show — they usually do. That meeting will only be good though if we have a good attendance.

Board of Trade Is Entertained By W. B. Elford

The Board of Trade departed from its usual business session on Wednesday last week and were treated to a novel and mystifying entertainment by Wm. B. Elford. The entertainment was a display of mind reading, figure juggling and general all-round wizardry which produced some truthful and amazing results.

The 31 business men and visitors present enjoyed the program immensely.

Among the visitors introduced were Mr. T. Searle who is in charge of the construction of the new armories, the guest of Bernie Ackerman, Mr. Wm. Gus of M.G.M., introduced by W. P. Pilkie. Mr. Gus explained that when coming to Vermilion he always made it a point to be here on a Wednesday in order to enjoy the weekly board of trade gatherings. Mr. Sandy Watt introduced the new accountant at the Bank of Commerce, Mr. Louis Roy. Mr. Roy comes from Provost to Vermilion succeeding Mr. Al Douglas.

J. W. E. Markle Dies In Edmonton

FORMER V. H. S. PRINCIPAL

John William Evans Markle, aged 57 years, permanent secretary of the University of Alberta Alumni Association for the past four years, died in Edmonton on Sunday after a brief illness.

Mr. Markle is well and affectionately remembered by many friends and former pupils in Vermilion as he was principal of the high school here from 1938 to 1942. He went from Vermilion to Camrose where he was high school principal for 13 years, prior to accepting his present position in Edmonton.

Tuberculosis is 'catching' It is also curable. Christmas Seals finance chest X-ray programs aimed at finding cases early, when the chances of cure are best.

THE STANDARD

VERMILION ALBERTA
ESTABLISHED 1909

Published Every Thursday At the Office, Main Street

S. R. P. COOPER, PUBLISHER

Vermilion, Alta., December 13, 1951

Your Christmas Advertisement

Next week's Standard will be the Christmas issue and all advertisers are reminded to have their advertisements in as early as possible—this Friday is not too soon. In fact a few considerate advertisers have already sent in their greeting ads. The Standard staff is faced with changing the copy in every ad in the paper, some 60 in number, some of these require a much as two hours composition and make-up so you can figure out how much time it will take for the setting up of the ads alone, without thought of the many other requirements of publishing a newspaper, such as the news end and actual printing.

So, have that Christmas ad in real early—as we said before, Friday or Saturday is not too soon.

Farm Surveys Important

The regular fall questionnaire on agriculture from Dominion Bureau of Statistics is now in farmers' hands. Only a few questions on livestock and farm labor are asked, but R. E. English, Statistician, Alberta Department of Agriculture, stresses the importance of a large number of farmers completing and returning the questionnaire.

Week after week, he says, farmers ask every bit of information available on farm production and marketing. Such information received through newspapers, farm journal and radio is used by farmers in planning for production and marketing. So up-to-date Alberta farmer would think of doing without this modern service.

By taking part in agricultural surveys, farmers in all parts of the free world keep themselves informed of what each is doing. Farmers know that an understanding of the need for and the supply of food in the world is basic to improvement in world relationships, but above all, co-operation of this kind among the producers pays dividends through improving consumer security.

Be one of the wise—complete and return your agricultural survey questionnaire now.

The Weather

Variable weather, as indicated by the daily temperatures, has been experienced for the past week. Four inches of snow fell, bringing the depth on the level to eight inches.

DAILY TEMPERATURES

Date	High	Low
Dec. 6	13	2
Dec. 7	-13	-12
Dec. 8	11	-18
Dec. 9	35	4
Dec. 10	33	12
Dec. 11	33	21
Dec. 12	13	6
Dec. 13	1	-4

Greenlawn Grapevine

NEW COMMUNITY HALL TO BE OPENED

The big news on the Grapevine this week is about the official opening on the new hall. Bill Bennett, the president of the Community Hall association, announces that the opening dance will be held Dec. 21. That's the Friday hall way between Xmas and New Year's—just half way between at that, so everyone should be in good form. There's a piano to be raffled off that night. There will be dancing and lunch and everyone within driving distance is invited to come.

Bill also has asked that all members holding tickets turn them in to the secretary, Pat Brown, by Dec. 21. There'll be tickets sold at the door, though, so don't worry if you haven't sold more than one book.

A couple more nice donations toward the building fund, by Benny Timmerman and Bill Holmes. Ladds in charge of the budget are beaming, believe me!

The Christmas party be a Xmas concert again this year. It may be a bit on the impromptu side, as we weren't too sure that Santa would have a roof over his head. It will be fun anyway, and likely (though it isn't quite definite) will be on the 21st.

The last meeting of the Green lawn F.U.A. was very successful. The food in the new hall, and Mr. and Mrs. Bruce were kind enough to bring some very interesting films out from Dewberry.

Greenlawners in Calgary for the Provincial F.U.A. convention are Mrs. Gib Nichols, Verli Sweet, Donald Mathison and Mrs. Donald Mathison who as P.U.W.A. delegate left early for her extra duties.

Belated congratulations to Mr. and Mrs. Lloyd Hanna (nee Ruby Reimanchuk) on their new addition to the family, a daughter. They are living in Edmonton

Several hunting parties have been out and the usual epidemic of ailing fever is well begun. The rinks are almost sorted out and the throats and prongs say that it will be a good curling season.

In District 44 Years, Ernest Thompson Dies

As briefly reported in last week's Standard, Ernest Thompson, well known old time settler of Chatsworth district, north-west of Vermilion, passed away at the Vermilion hospital on Dec 5th. He was 59 years of age and had lived in the Vermilion district for the past 44 years. He was a member of the Vermilion Old Timers Association.

The deceased leaves to mourn his loss his wife, one daughter Mrs. George Bonny (Jane) of Edmonton, one son Jack at home, one sister Mrs. Carlyle Ives at Acme, Alberta, and there are two brothers, F. W. Thompson at Nanaimo and George in England.

Funeral services were held on Saturday, December 8th at 2:30 o'clock in the afternoon at the United church, Vermilion. Interment followed at the Vermilion cemetery. The Rev. C. W. MacKay officiated

Moyer's were in charge of arrangements.

Paradise Valley

The Misses Laura Knutson, Mary Ann Robita and Violet Adams all of Vermilion, spent the week end at their respective homes.

Miss Helen Levitt who is in train ing at the Royal Alex hospital in Edmonton spent the week end with her parents Mr. and Mrs. A. M. Levitt.

Messrs. Sherman D'Jaff, Jim Storms and Jim Gordon recently made a trip to Altario to purchase Percheron Angus bulls.

Mr. George Stevens who spent the summer months with Mr. W. Aitken returned to Calgary on Tuesday for the winter.

Our good weather has caught a severe cold and is giving us a touch of what we may expect for the next five months. The roads are in good condition and very little snow has fallen to bother.

Sixteen Years Ago Today

Dec. 17, 1935

Temperatures have been up and down, sudden changes being the feature, Monday Dec. 9th it was 31 below, rising to a high of 30 above on Wednesday.

The new daylight train inaugurated on Monday met with a warm reception. 36 passengers, mostly ladies boarded the train at the starting point here and this number was augmented by 25 at Mannville.

The town has taken on a real Christmassy appearance by decoration of the streets with evergreen trees.

Thirty-two Years Ago Today

Dec. 16, 1919

Dr. Smith after an absence of two months in the east, arrived home Thursday morning.

Willie Trimble who has been in poor health for several months left for Los Angeles where he will remain for a year. He is accompanied by his sister Grace.

The Canadian Bank of Commerce has opened a branch at Mannville under the managership of R. P. Thompson.

Constituency News of The Alberta Women's Institutes

CREIGHTON

Creighton met on Nov. 8th with ten present. Roll call was 'A Xmas Reading'. 1951 rest room funds were paid. Mrs. G. Bennett gave an interesting paper on 'Arthritis' and Mrs. W. Donnenworth on 'Handicraft'. Mrs. B. Hanning was elected to audit the books.

FIVE POINT

Five Point met at the home of Mrs. J. Te Kenge with eight present. Roll call was 'Christmas Suggestions. Several of the members attended Ramsay W.I. by invitation to hear the district home economist speak on 'Dressing Up the Home'. This was ably reported by Mrs. H. Thompson. A CARE parcel to be sent to a family in England and 3 pounds of coffee to a family in Holland where it is severely rationed. A donation towards prizes was made to the Library Association.

KITSCOTY

Kitscoty met at the home of Mrs. Flalin with eleven present. A Christmas party to be held for Xmas funds. 4 dozen diapers were sent in response to the Greek appeal. Members to cater for the Board of Trade banquet.

RAMSAY

Ramsay met at the home of Mrs. T. Henderson with ten present. Roll call was 'Suggested Roll Calls for 1952'. Many varied ideas were given. Mrs. T. Henderson and Mrs. A. Henderson were chosen to compile the program for 1952 and to present it for approval at the December meeting. Two members received letters during the last month from ten friends in the Millbourne St. Andrews W.I. in England. Plans were made to hold a home cooking sale on Dec. 5th.

SALTAUX

Saltaux met at the home of Mrs Dudley Staden with six present Mrs. W. J. Garnett paid the branch a visit. A Christmas box to be sent to a burnt out family with six children.

THORNCLIFFE

Thorncliffe met at the home of Mrs. Gordon Dixon with eight present. Roll call 'Our Favorite Recipe'. Several articles were collected to be sold at the W.I. dance at the new Thorncliffe school Nov. 9 Mrs. V. Clark to ship old wool-to-for blankets Nov. 12th. Social Hour we met our husbands.

VERMILION

Vermilion met at the home of Mrs. W. J. Bell with nine present Thirteen quilt cells were made during the month. Two members were appointed to purchase a chair as prize for the W.I. ward in the Vermilion hospital.

WILDMERE

Wildmere met at the home of Mrs. J. C. Wallington with nine present.

Kitscoty High School Notes

Although Christmas with all its festivities is drawing nigh there is one dark cloud overhead—Christmas exams. From a quick glance at report cards recently received, it seems safe to assume, or at least we hope it is safe to assume, that then will be some studying done before the fatal days arrive.

Even Santas' workshop couldn't compare with the activities in the school these days. Every hand is busily engaged in preparations for the Xmas Trade Fyale which is to take place on Dec. 14th. If you could peep in at the hive of activity any night you would see the girls keeping a watchful eye on the electric ovens and its contents. Although it has been mistaken for a Home Ec class we would like to inform the male population that we are only making Christmas bells, not pumpkin delight! Sorry to disappoint you but we think you will approve of the results. The invitations have all been distributed and excitement mounts as the day draws near.

The Gr. XI room is humming these days as final preparations for The Bugle are being arranged. When all the names of the aspiring enthusiasts were down it was found that there are enough to make this year. Lets hope they we'll be able to get started this week

Letters to the Editor

THE PAPER DOES NOT HOLD ITSELF RESPONSIBLE FOR OPINIONS EXPRESSED BY CORRESPONDENTS.

Islay, Alberta, Dec. 6, 1951.

Editor, Vermilion Standard,
Vermilion, Alta.

Dear Sir:

I wonder if any thought is being given to the matter of planning the municipal office which is to be constructed for Vermilion River M.D.

A municipal office serves purposes all its own.

Privacy should be ensured for the person who has to come to pay his taxes and transact other business. The noise of business machine should not interfere with this or with meetings of the council. Yet all these activities must go on at once.

There is a wealth of experience to call upon. Other offices have been built in Alberta for municipal purposes. Mistakes have been made, often at great cost to the ratepayer.

I believe that council would be well advised to consider paying an architect to draw up a plan of an efficient municipal office.

This plan could be given to the contractor to follow, which is, of course, the usual practice in the construction of buildings.

A contractor is a contractor, not an architect. Each has his place in building.

Thanking you for the use of your space for these opinions, I am,

Sincerely,
Allen Bonaghan

In The Dawn Forever

"Live lives in the dawn forever. Our past has no other mission than to equip us for the present and the future. No precedents, should not be allowed to divert at this moment one particle of our energy and denial be devoted to constructive ardency."

Over the generations and centuries mankind has achieved steady progress. This has been done mainly through united action against economic and political tyranny.

While wars and depressions may temporarily stay or slow down the progress of mankind in the march towards freedom and better living for all, the movement is never completely halted. Somewhere or other new recruits are being enlisted and new forces developed. The march is forever forward.

The Wheat Pool movement in Western Canada is one phase of mankind's march towards economic emancipation. It has laid the foundation for the establishment, for all time to come, of a physical system of handling grain the ownership of which rests with the grain producers. This is one of the most important steps ever taken by a group of farmers anywhere in the world.

The responsibility for carrying on the Wheat Pool movement, and for making Pool elevator organizations in every province growing concerns, rests now with younger generations of farmers. It is the responsibility of such generations to build great superstructures on the foundations so well and truly laid.

Alberta Wheat Pool

IT'S ALBERTA POOL ELEVATORS FOR ALBERTA FARMERS

A MERRY CHRISTMAS AND A HAPPY NEW YEAR TO ALL!

KITSCOTY

The Kitscoty business men invite all the folks in town and district to a free picture show in the town hall on Dec. 22, Saturday. Time 2:30 and 7:30 p.m. Watch for posters.

CAROL SERVICE

St. John's Anglican choir, Lloydminster, will present a carol service under the auspices of St. John's Anglican church, Kitscoty, in the Tracy Memorial hall on Sunday, Dec. 16th at 4:00 p.m. An invitation is extended to all to come and enjoy this fine Christmas music and song.

HAS INSTALLED

About six homes and one of the garages now have the gas installed and turned on. This work is progressing steadily, so we may all have the gas before Christmas.

ESSAY SALE RAISES $70

The Ladies Curling club held a very enjoyable banquet for their members last week. What a treat for the ladies to be waited on and no dishes to wash.

Several Masons and their wives attended a social evening given by the Masons in Marwayne last Wednesday.

Miss May Potter has accepted a position in the United Purity store for the busy season ahead.

Although Mr. J. Jenkins is a patient in Islay hospital, we are pleased to report he is progressing favorably.

Deer Lake Doings

(This bulletin was held over from last week.)

The box social and dance held at Deer Lake school on Nov. 23 was very well attended.

There is lots of budding talent in Deer Lake school as was shown by the colored drawings on the blackboards. These depicted a corral complete with bucking broncos and steers, with a notice on the gate saying 'welcome to Deer Lake Ranch'. Above the library a notice read 'Chuck Wagon Lunch.' These drawings were done by the students. Good music was provided by the Broncho Busters. These youngsters are quite versatile.

The Broncho Busters are Jim (Curly) Munro, leader, who plays the steel guitar and accordion; Gerry Enger, Spanish electric guitar, banjo, violin or bass; Slim Horton, violin and banjo; Bernice Ronzanchuk, piano and piano accordion.

During the evening a cake was won by E. McCabbage. He guessed the nearest number of beans in the cake. Hugh Leighton won $1 by guessing the number of beans in a jar.

The dance was ended by the orchestra playing 'God Save the King.'

WELCOME!

to the OFFICIAL OPENING of the

MARWAYNE Seed Cleaning Plant

BY

O. S. Longman, Dep. Minister Agriculture

ON

Tuesday, Dec. 18th - 3 p.m.

OTHER SPEAKERS WILL BE

A. M. WILSON, Field Crops Commissioner
F. F. FARRINGTON, Agricultural Engineer
E. H. BUCKINGHAM, District Agriculturist

Other visitors will include Government Officials, Members of the Municipal Council, of the Agricultural Service Board, of the Press, and many others.

The Marwayne Seed Cleaning Association

By Bernice Reed, Wainwright, Alberta

News Notes From Your District Home Economist

Cleaning and Adjusting

A talk on cleaning and adjusting your sewing machine was heard by the Sunshine Club at Edgerton, and the Stream-town Clippers and Paradise Valley hands, two girls' sewing clubs.

More About Toys

The 3 to 4 year old needs many things to help his play imitating grown-ups, dolls, doll carriages unbreakable; cars, trucks, wooden animals, brooms, carpet sweepers, wash tubs large enough for reel use), blocks and miniature autos.

For manipulative and creative play he needs peg boards and pegs, smaller pegs, fibre boards with hammer, nails and small colored pieces to match, more block puzzles, cut into large pieces, blunt scissors, crayons and paints.

For physical play he needs such things as a velocipede and to outgrow it, slide, garden tools and dump trucks.

Cheap 'toy' tools, such as hammers, scissors and garden tools, are likely to be badly balanced, dull and easily broken. It will pay to buy a simple but well-made adult tools which will do satisfactory work even a long period of time, and then teach the child how to use them properly.

Children 4 to 6 years old enjoy 'housekeeping'. A dish washing set of tea kettle, dish mop, dish towels and dish pan; doll carriage, large doll bed, cooking set, aluminum cookie cutters, sand glass for timing oneself in washing hands and ironing board and iron, table and chairs.

An iron rhould weigh at least 3 pounds to press wrinkles out of clothes. Wearing a smock is a protective measure for the child learning to use a heated iron.

Pieces loaned from the kitchen and inexpensive toys add realism to playing house and store, such as scales to weigh one's purchases, dry and liquid measures, empty cans and boxes, toy money and a purse, a cash register and a clock puzzle to put together and set right.

As he grows older the young child still treasures his old toys but finds new uses for them. In addition he becomes interested in 'make believe' costumes of all sorts and in using wagons, roller skates, sleds, slides or any thing for physical activity.

He begins to like to play with other children. Many games of an active nature may be introduced such as tossing rings over a peg, archery, tiddledy winks, ten pins, jackstraws.

He likes to make things of clay, to paint and to draw.

Next week the toys for children over six will be discussed.

Suggested Christmas Canes

To let your older children make their own doesn't take time

2 cups sugar; ¼ cup light corn syrup; ½ cup water; ¼ tsp. cream of tartar; 1 tsp. peppermint extract; ¾ to 1 tsp. red food coloring.

Combine sugar, syrup, water and cream of tartar; stirring to very hard ball stage (265 degrees). Remove from heat and add peppermint extract. Divide into 2 portions. Add coloring to 1 part. Pour out on greased platters. When candy is cool enough to handle, pull each part separately. Form into ropes and twist, red part around white. Cut into 5 inch lengths, and into canes. Makes about 10 canes.

Cake Flour

That cake batter made with all-purpose flour should not be beaten after the batter is smooth? That's because as you beat all-purpose flour the gluten (or sticky substance in flour as when you knead bread) and as it develops it becomes tough.

Cake flour has little gluten, so may be very well beaten and still not produce tough cake. You don't make tough cakes anyway, do you?

A Tough Time

One woman quickly cured her family's habit of not putting away personal possessions. She dumped everything in the middle of the living room floor, to greet their arrival home with friends.

You have enough to do without a quarrel for next week.

Tuberculosis takes 12 Canadian lives every day. In 1900 the death rate was 8 times what it is now.

OUR COMPLETE SHORT STORY

Love At Wilder Junction

The Forest Fire Brought Glenna and Big Ripley Together

By ANNA E. WILSON

RIPLEY CONWAY was checking up the fire equipment in his truck when a tall girl on a shambling horse rode into view. Opposite Rip, she pulled her horse to a walk and drawled slowly,

"Howdy, Ripley."

Ripley's voice was taut, "Howdy, Glenna."

Glenna stared stubbornly at a fly on Rip's nose. "Bill's coming in today. I had a letter."

Ripley was bent over the truck, checking shovels. He didn't look up. "Weather's been pretty dry here-abouts, Glenna. Better watch out for fires. Wilder Mountain's a bad place to get caught in."

"Thanks, Ripley." Her voice hardened and she kicked her horse into motion. "Bill will be over to see you later," she called back as he got out from behind the truck. He stared after her.

For a minute, he had had an idea that Glenna had been going to say something. Something important. Now all he could see was the flash of a tail girt on a horse—both loaded with camping equipment. It was remarkable how fast that shambling gait of Bandy's carried them. Rip put his notebook in his pocket and made for the station.

Lank Lannigan raised his bottomless lastly from a split-bottomed chair and spoke without looking at Ripley. "Wasn't that Glenna Colby who rode by here? While back, I thought you and Glenna'd be making a match of it but seems lately you're giving each other the cold shoulder."

Rip was half way up the first flight. He didn't answer Lank. He had his thoughts about Glenna.

He'd met her first when he'd taken over the job of fire warden two years ago. She'd ridden in with her brother on the way up to camp on Wilder. "Howdy, stranger," Bill had said. "See you've taken over the job. My name's Bill Colby. This is Glenna."

You could see they were brother and sister. He stretched out a lean hand to be met by one as brown as his own. He'd noticed then that her eyes were clear and honest.

She and Bill had ridden over often after that and he'd spent his first leave with them—riding, fishing and shooting. A short month ago, he'd only been waiting for his next relief to ride into town to buy a ring before asking Glenna 'to marry him.' It was then that Glenna had turned up with a letter from Sally Blanchard.

He'd already forgotten his brief engagement to Sally during the war, and Glenna had turned him down for Hap Haslett in the airforce. Hap had been invalided out and was still in hospital and now Sally had written to Glenna telling Glenna about her engagement to Rip without mentioning Hap—leaving Glenna to draw her own conclusions.

He'd tried to explain things but a coolness had sprung up between him and Glenna. He wasn't sure whether Glenna didn't believe him when he told her his engagement had been broken off or whether she was just hurt because he hadn't told her about the affair. He wished he could find a way to prove to Glenna how much he loved her.

She must have taken a short cut back through Wilder for he didn't see her all morning. It was early afternoon before he saw a purple shadow of smoke rising north of the Wilder range which rapidly turned to scarlet. He tapped out a hot message and, half an hour later, saw a plane streaking north and knew that already Jan Haas would be rounding up freighters. Jan pulled in at the station to check over his trucks briefly as they passed him. His voice was sharp.

"Lots of dead timber this side of Wilder. Fire got into it and is making headway against the wind which is in our favor. So is Wilder Gorge. The fire can't cross into the river at an angle but the other end runs out at that stretch of rock where there's nothing to feed on. If we can hold it by starting a slow blaze this side of the gorge the wind will drive our fire into the advancing blaze and we can fight fire with fire."

From the fire tower five minutes later, Rip could see the trees falling before the gorge as the fighters went into action, working towards the junction of the gorge and the river. Since the river had split at this junction, part flowing into the gorge, but the bulk flowing on, it would be easy to gorge, turning its water into the main stream and built a power dam above it.

The phone rang and Lank's startled voice came up to him. "Bill Colby's landed and wants to know if Glenna's here. She hasn't come in yet."

Rip's breath caught raggedly. Glenna was trapped on Wilder. The fire had broken out north of Bill's cabin. Glenna'd ridden straight for Wilder Junction, hoping to cross the bridge a couple of miles to the south. She was caught between two fires.

Rip rolled for Lank to mind the station and raced for his truck. He headed for the bridge only to ride into Haas' fire. He raced for the Junction, glad to find that the fire hadn't reached the head of the gorge. A glance showed that he couldn't drive his truck through that deep cleft and without it he had no time to reach Glenna and get out again before the fire closed in on them.

Rip tore wildly at his equipment for a box of dynamite. Crawling through the gorge, he dug frantically beneath the wall where it joined the floor of the dam. He scurried back, leaving a trail of dynamite sticks rammed under the concrete. He lit a short fuse and raced for his truck. Kicking it into gear, he backed out in high. The explosion spread shattered glass all about him.

Rip had been right about Glenna. She had ridden along the gorge before she discovered she was trapped. To make things worse, Bandy stumbled, threw her and bolted. It seemed as if she had been crawling for hours, choking and fighting smoke, before she realized that the sound she heard was not the fire but the sound of running water. She threw herself down, rolled into the gorge and hit water. She heard Rip's voice and answered joyfully. They came out together at the mouth of the gorge, found the truck and piled into it. They drove home slowly.

Over hot coffee in the station, Rip kissed her. "About Sally—"

"It's all right, Rip," Glenna's voice was muffled in Rip's coat. "In that letter from Bill, he told me about Sally."

Rip rubbed his cheek against Glenna's head. "I'll write Sally—"

Glenna shook her head. "Don't bother. Bill's coming in today. He'll tell her."

Rip looked down at her. "Then you don't mind?"

Glenna looked up at him, her eyes shining. "Mind? Why should I mind?"

Rip grinned. "Then I guess I'll have to marry you myself."

Glenna's eyes were mischievous. "Do you mean you've been thinking of it?"

Rip's arms tightened around her. "Thinking of it? Why, I've been thinking of it for months and months."

Glenna's head was against his shoulder. "Then why haven't you said something?"

Rip's voice was husky. "I thought you were in love with Bill."

Glenna's head moved in a shake. "I'm not in love with Bill. I'm in love with you, Rip."

Rip's arms tightened around her. "Then I guess we'll have to get married."

Glenna's head moved in a nod. "I guess we will."

Tallest church spires in the world tower 539 feet over Ulm cathedral in Germany. 3965

Yes, But They Laughed At Horseless Carriages, Too

MEDICINE HAT, Alta. — A modern Daedalus has contrived a machine that flies like a bird.

Called an "ornithopter" it's an engine-powered bicycle with wings fore and aft which flap up and down in birdlike rhythm.

In tests recently this strange-looking contrivance, with one man aboard, cleared the ground by about five feet.

Its inventor, James E. Caldwell, says it uses gravity for most of its power. He studied the principles of bird flight for 10 years, then built the "ornithopter" in four months.

R. W. (Bill) Francis, operator of a Medicine Hat flying service, helped with the design.

Two sets of jointed wings reach out from each side some nine or 10 feet. The metal wing frames have cloth aircraft covering, spaced a short distance apart at one point to simulate the spread of a bird's wing feathers.

In operation, the wings flap as the bike moves. The bike engine raises only two horsepower, but on the strength of recent tests Mr. Caldwell plans to rebuild the machine and use a 10-horsepower engine, with possibly a motorcycle replacing the bike.

Mr. Caldwell says the machine gets 100 miles of propulsion on one gallon of gasoline.

"The wing lifts the weight and the weight propels the wings," says the inventor. "This formula is the science of using air for a highway, and of using gravity for most of the power to travel on that highway.

"The introduction of this science, although I know it will be greeted with scepticism by most people, may prove to be of greater commercial value than atomic energy."

Mr. Caldwell now lives in Medicine Hat, is a native of Ontario. He says he worked in California on construction of Howard Hugey huge flying boat, "Albatross".

Western Briefs

Pond Gets Surplus

ARMSTRONG, Sask. — About 40 persons attended the annual meeting of the Assiniboia Agricultural society and have now purchased a surplus of $700 realized by the fair board was turned over to the community swimming pool fund. Plans were discussed for holding a two-day fair in July of 1952.

Farmers Organize

THE PAS, Man.—Farmers of The Pas district have formed an organized group to present their views to the Manitoba government. The move was spurred by flood damage, followed by heavy damage to grain fields from large flocks of migrating ducks.

Papers Cost More

VICTORIA, B.C. — Victoria's two daily papers announced the price of single copy of their papers will be increased from five cents to seven cents, effective Dec. 1. Both the Victoria Daily Colonist, morning and the evening Victoria Daily Times said the boost was the direct result of rising production costs.

Rhodes Scholar Chosen

SASKATOON — Choice of 21-year-old David Alexander Mitchell of Saskatoon as the Saskatchewan Rhodes scholar for 1952 was announced by Dean J. F. Leddy, secretary of the selection committee. The scholarship winner, who graduated in arts and science last spring from the University of Saskatchewan, is a talented oarsman.

Bedsore Infection Risks

CALGARY. — School trustees are considering using a germicidal mist spray in classrooms to reduce the risks of infection during the winter.

B.C. Tourist Trade Up

VICTORIA.—The number of British Columbia tourist establishments has almost doubled in the last three years, Trade Minister Leslie Eyres reports.

Drills First Well

EDMONTON—The Edmonton Golf and Country club, which decided last July to get into Alberta's oil hunt, has drilled its first well on club property about four miles south of the city. The golf club has retained 50 per cent. of the oil rights, turning the other half over to an investment company which has set up a royalty trust and, in turn, sold shares back to club members.

Miss Claudia Pinza Compares Blue Bonnet —Loves It Best!

Accept an invitation from Claudia Pinza. Compare BLUE BONNET Margarine with any spread at any price. Like the singer and singer's daughter, you'll love BLUE BONNET's fresh, sweet flavor! Rich nutrition! Real economy! BLUE BONNET is fine-quality all-vegetable margarine. Use BLUE BONNET in cooking, on vegetables, as a delicious spread. Buy BLUE BONNET and get "all three" — Flavor! Nutrition! Economy!

BLUE BONNET Margarine is sold in two types — regular economy package with color tablet, and also in the famous YELLOW QUIK bag for fast, easy color.

Farmers Prompt Tax Payers

OTTAWA.—Canada's farmers apparently pay strict adherence to the government's income tax laws. Only two prosecutions were launched against them during the last five years, a return tabled in the commons for Robert Fair (SC Battle River, Alta.) showed.

One was in ineffect in Quebec and the other in Saskatchewan. Only one conviction was obtained.

Total number of taxable returns filed by all farmers in 1949 amounted to 62 500 and the yield from 51,418 in 1945 and the amount of tax declared increased to $17,870,000 from $13,370,000.

The increases were in Ontario, Manitoba, Saskatchewan and Alberta. The other provinces were down.

MORE BEADERS

EDMONTON.—Public libraries in Alberta circulated nearly 6,000,000 books in the first 10 months this year, an increase of 600,000 volumes over the same period last year.

Do You Know That . . .

The ocean takes greatest toll of life in the Bay of Fundy, New Brunswick. The tides there have been recorded at 70 feet.

Think Right — Eat Right! Less Right!

An Old Tradition Gets New Touch

VANCOUVER. — Mrs. Bernice DeValles took her five Christmas cakes to a shoe store to have them X-rayed.

A clerk placed them under the machine and let shoe customers wheller their toes bump into the ends of new shoes.

Mrs. DeValles spotted what she was looking for in one cake and went home to wait for Christmas before eating it back.

She had dropped her wedding ring while mixing the cakes and hadn't discovered her loss until they were out of the oven.

She said she was superstitious and wouldn't cut the cake until Christmas to get her ring back.

ODDITIES In The News

G. Winn, of Memphis, Tenn., telephoned his neighbor to come get his horse off Winn's front porch. When said the animal climbed up on his porch when it started to rain.

There were plenty of cops on hand when lawyer John Graf reported his overcoat missing recently. It was at a dinner of the Hudson County Patrolmen's Benevolent Association honoring 13 new police lieutenants.

Two hunters of Hastings, Neb., were grinning and shaking hands on the first day of the duck season over bagging 11 geese when they saw the hopping mad farmer bearing down on them. They were tame geese.

Earl Swafford of Anniston Ala., has built a guitar in his spare time out of 3,000 popsicle sticks and lots of glue. Aiming for bigger things, he said his next project will be a bull fiddle

The Westerly, R.I. highway commission died under request received in a letter dated May 1, 1894, which just arrived. The letter asked that Smith's avenue be graded so that the wagons and pleasure carriages can find passage."

Letter-carrier Ambers L. Crenshaw, of Houston, Tex., was walking his beat when he spotted a large wild duck scooping it for a landing on the white surface of a street. The duck hit the pavement hard. Crenshaw caught it, opened a mail storage box and stowed the fowl away until he made his return trip that night.

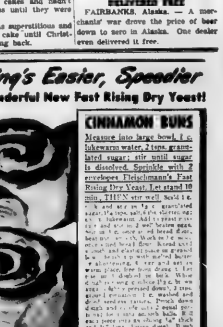
It's a mystery that will probably never be solved. An exhausted little mongrel who lives around Buffalo, N.Y., is in an animal hospital recovering from shock and exposure. An attempt was made by two big dogs to drown him in an ice creek. A policeman rescued him and termed the unusual incident "attempted murder". He said the big dogs tossed the victim in the creek each time he crawled out. Cracked a wag: "Watching humans too closely."

DELIVERED FREE

FAIRBANKS, Alaska. — A merchandiser drove the price of beer down to zero in Alaska. One dealer even delivered it free.

Baking's Easier, Speedier

with Wonderful New Fast Rising Dry Yeast!



CINNAMON BUNS

Measure into large bowl, 1 c. lukewarm water, 2 tsps. granulated sugar; stir until sugar is dissolved. Sprinkle with 2 envelopes Fleischmann's Fast Rising Dry Yeast; let stand 10 min., THEN stir well. Sift 4 c. [illegible] Cut in 1/3 c. [illegible] Roll dough into [illegible] Brush with 2 tbsps. [illegible] Combine ½ c. [illegible] Sprinkle over dough. Roll up like jelly roll, [illegible] Cut into [illegible] Place in greased pan [illegible] Cover; let rise in warm place, free from draft, [illegible] Bake in moderate oven (375°F.) [illegible] Frost with confectioners' sugar icing, if desired. Makes [illegible] buns.

● No more taking chances with perishable yeast cakes that have lost their leavening power! New Fleischmann's Fast DRY Yeast keeps full strength and active right till the moment you use it. Needs NO refrigeration — keeps safely on your cupboard! Try it tomorrow!

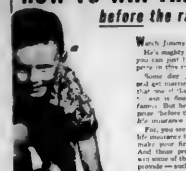
HOW TO WIN THE PRIZE
before the race is run!



Watch Jimmy go!
He's mighty fleet on his feet. And you can bet your bottom dollar he'll win first prize in this race.

Some day Jimmy will grow up and get married. Then he'll discover that one of the prizes he wants most is financial security for his family. But he'll be able to win this prize before the race is run" — with life insurance.

For, you see, the full protection of life insurance begins the moment you make your first premium payment. And those premiums can help you win some of the "prizes" that savings provide — such as a college education for the youngsters or a new home.

Nowadays the savings you can make with life insurance are more important than ever. For, like all savings, they help to check inflation. And because they are *long term* savings, their inflation checking power is all the greater.

So keep up your premium payments. Add new life insurance as you need it. And save money every way you can!

THRIFTY!

A. Aalborg, M.L.A. Reports To The People

PUBLIC MEETINGS

Four public meetings sponsored by the Alexandra Social Credit Association will be held in the near future. On Friday evening, Dec. 7th Hon. Ivan Casey, the Minister of Education will speak at Paradise Valley. On Wednesday, Dec. 12th Hon. Gordon E. Taylor, Minister of Highways will speak at the Legion hall in Lloydminster at 8:30 p.m. On the following day, Dec. 13th Mr. Taylor will address two meetings, one at Marwayne at 2:30 p.m. and another at Clandonald at 8:30 p.m.

These meetings are not intended to be political. Rather they are being held in order to provide an opportunity for the people of the constituency to hear comprehensive reports from the Ministers of Education and Highways concerning the work and problems of their respective departments. I sincerely hope that a great many of you will take advantage of this opportunity to become more closely acquainted with the education program, and the highway program of your province. I know you will be well rewarded for your efforts to attend these meetings. So, take a date to come to Paradise Valley on Dec. 7th, and to Lloydminster, Marwayne or Clandonald on Dec. 12 and 13.

SOCIAL CREDIT CONVENTION

The Convention of the Alberta Social Credit League held at Calgary Nov. 22 and 23 was the most successful and enthusiastic for some years. Favorable reports in ever increasing numbers of the progress of Social Credit in B.C. and Saskatchewan particularly gave rise to new optimism. For example, a recent Gallup Poll in B.C. indicates that Social Credit is favored to take 16 seats in the next provincial election in that province. Inspired by such reports, delegates to the Alberta convention pledged themselves to spare no effort to assist the work of Social Credit organization in other provinces. A drive to establish 107 Clubs in every provincial constituency was launched. Every such Club will consist of at least 10 persons in a constituency who pledge themselves to an annual donation of $1 each towards a fund to carry on organization outside Alberta. The drive to establish such clubs deserves the support of all Social Crediters in Alberta. If we believe our Social Credit government has provided citizens of this province with advantages not to be found in other provinces, then we should as Canadian citizens accept the responsibility of lending our support in a very definite way to wards securing the establishment of Social Credit Governments in other parts of Canada.

MUNICIPAL ROAD PROGRAM

A few weeks ago ratepayers of M.D. Vermilion River in the Dewberry area were brought to my attention some serious complaints regarding municipal road work in their territory. So, I would like to make a few comments on the municipal road program in Vermilion River at this time.

I want to make it very clear that what I have to say should not be interpreted as personal criticism of the councillors of our Municipality. No one envies a municipal councillor. Can you imagine a more thankless job to which on anybody? I believe that all councillors in Vermilion River take their duties seriously, and are sincerely interested in doing their level best for the ratepayers.

But I also believe that there should be a change in the road policy in the Municipal District. During the past three years I have observed the public works program very carefully, and I have come to the conclusion that the 'ward' system of maintaining public works is not producing the greatest efficiency or the best results here. By the 'ward system' I mean the practice of the municipal council or dividing up the public works money among the 7 electoral divisions, and then making each of the seven councillors personally responsible for building the roads in his own division. This practice is by no means peculiar to our own Municipality. The majority of M.D.'s in the province do the same thing.

But a few have abandoned this practice, and the results have been very satisfactory. The electors' subdivisions were never intended to function as public works divisions. If they are so used the benefits of the enlarged municipal district largely disappear. The enlarged municipal unit become a federation of electoral subdivisions. In other words, we have, for all practical purposes, seven small municipalities rather than one large municipality.

It seems to me that we would get more efficiency and better results if the council would now abandon the ward system, and arrive at a road program based on the needs of the municipality as a whole within the limits of the funds available, and without regard to spending approx. merely the same amount of money in each electoral subdivision. Once such a road program had been planned by the council, it should then be carried out under the supervision of a qualified road engineer. The council would, then function as the policy making body which it is designed to be, rather than as a group of amateur road builders. No councillor can be expected to know of the technique of municipal road building any more than an M.L.A. can be expected to know how to build hard surfaced roads and bridges. But he can be expected to assist in drafting policy with regard to road program, not only in his own subdivision but for the municipality as a whole. Once the policy has been determined, the councillor has done his job, and should not be expected to supervise all details of the actual work. Such supervision is a job for people qualified by training and experience to undertake it and they should be held responsible to the council for their actions.

P.S. I recommend for your serious consideration that the council of your municipal district should be asked to abandon the 'ward' system of doing public works, and should be asked in the future to approach this program with a view to meeting the needs of the district as a whole rather than with a view to spending a fixed sum of money in each division in any one year. I am convinced that such change would work in the best interests of all ratepayers and would produce more and better results for the tax dollar.

Pleasant Valley

(This bulletin was crowded out last week).

The weather is simply grand, nice for Christmas shopping.

The church service at Mrs. Gordon Gould's home was well attended. The next service will be held at Mrs. Frankie Robinson's.

Mr. Gillies was taken back to the hospital as he suffered a relapse. Improvement however is reported from the hospital. We would like to hear better news of Mrs. Dupratt. Hurry and get well, Santa will be coming soon.

Dinner guests at the writer's home on Wednesday were Mr. and Mrs. Alward from Lloydminster and Mrs. Monaghan. On Monday the writer accompanied by her hubby and Mr. and Mrs. Herb Simmonds spent an enjoyable day at Lloydminster, the trip being made in Herb's new car. It certainly looks like Xmas down there.

Mrs. Bill Waterfield has returned from Calgary where she spent a week visiting with sister Ruby.

Mr. and Mrs. Shaw were dinner guests at Doreen's home on Sunday.

Bill Gillies was down from Edmonton to visit Mr. and Mrs. Gillies on Sunday.

Congratulations to Mr. and Mrs. Edgar Williams on the birth of a son.

This is a true story told by friend hubby two sons—First the coyote was chased by the dogs then down a hole he went only to get plastered with quills. Off the men went for pick and shovel to dig him out. They tried to pull him out by the tail but the wire broke. Then more digging. Mr. Coyote turned around to make a dash out again when a rope was thrown around his legs—the dogs waiting anxiously for the kill. Perhaps this was the one that ate up every one of Mrs. Monaghan's turkeys.

Mrs. Gillies gave twelve of the marauders at one time on Mr. Dupratt's place.

Fight TB with Christmas Seals!

Calorie Cut-Down Is Helpful to Brent Macnab

HAVING A GREAT SEASON WITH ST. LOUIS FLYERS

The following story about Brent Macnab who is having a top notch season with the St. Louis Flyers, is taken from s.s. hockey program and will prove interesting to his many Vermilion and district friends. Not mentioned here is the fact that his hockey patrons, called 'Your Favorite Player Contest' Brent is in 5th place. The story just as it appeared in the program follows:

CALORIE CUT DOWN HELPFUL TO MACNAB

Brent Macnab, the best rookie defense prospect the St. Louis Flyers have ever had, is belting opposing forwards around and has started to have a great season just because he is 16 pounds lighter.

The first to admit he had a bad season last year with the Calgary Seniors, Macnab said he let his weight rise to 196 pounds and I just couldn't take off a pound. I played at that weight all season. I guess I ate too much.'

Brent isn't getting a chance to put on weight this season. Coach Max Bruneteau worked him hard in training camp and got his weight down to 180. Now Macnab keeps it there by hustling and body-checking his opponents.

The 20-year-old rearguard from Vermilion, Alberta, earned a shot with the Flyers in training and quickly cinched a regular job.

He's just what the Flyers have needed for years since big Johnny Mariucci left—a defenseman who'll hit hard and won't back down from anyone. Off the first games he's played, Macnab will be a mighty important addition to the Flyers' line-up.

Like any rookie, Macnab has made mistakes, but Bruneteau doesn't mind that. 'If a player doesn't make mistakes, he isn't trying, says Bruneteau. 'I like the way he hustles and he keeps learning.'

Macnab attracted attention two years ago in training camps when he kept busting everyone on the ice, bodychecking every player within reach. At that time, observers said 'He'll be terrific if he doesn't get killed before he gets more experience.'

Brent survived and he was a terrific favorite with the St. Louis fans in his first game before them. Cracking rookies and veterans with impartial favor, he had the crowd roaring for him as the Flyers beat the Hershey Bears, 4-2.

He plays just as hard on road games and while it is difficult for a defenseman to rate such an honor, he has a good start toward the rookie of the year award in the American Hockey league. He has been a crowd pleaser in every game and if he continues to improve as he has so far, he'll get important consideration for that honor.

This is Macnab's first pro season. He hasn't had too much organized hockey experience, he entered the Intermediates in Vermilion under Art Wiebe. He then played three years at junior, two Edmonton and one with Calgary. He spent one year with Fred Harbert as coach. Herbert was a star with Flyers when they were in the old American Association.

Since joining the Flyers, Macnab credits Bruneteau with teaching him several important things about the game. Most important, he says, is that Bruneteau taught him how to take opponents out of the play. Of course, when Macnab hits them, they're out of the play and sometimes out of the rink, too.

Bruneteau also taught Brent how to shoot a slap shot and the rookie will probably come up with some goals this season for he has a powerful shot.

Macnab, while listed from Vermilion, actually lives 18 miles out of that town of approximately 2000 population. He didn't play in a covered rink until he was in the intermediates.

While his father has a large farm, Macnab has his own, too. It, according to Brent, is a small one, only 16 acres. About 60 acres of that are in grains.

Macnab's chief occupation after the hockey season is over is hunting.

The Flyers only hope that Macnab keeps that weight at 180

WEDDING BELLS

MAYGARD—BENNER

A very pretty candlelight ceremony was performed in the Grace United church in Lloydminster by Rev. E. N. Morrison on Tuesday, November 20th at 7:00 p.m. when Ruth Agnes, youngest daughter of Mr. and Mrs. Sydney Benner of Vanesti, became the bride of Allan Robert, son of Mr. and Mrs. H. Maygard of Rochfort Bridge.

Given in marriage by her father, the bride was lovely in a traditional gown of lace, trimmed with seed pearls at the neckline. Her floor-length veil was caught from a white bandeau. She carried a bouquet of red roses and wore a necklace and earring set of rhinestones, a gift of the groom.

Preceding the bride as attendants were Mrs. Leslie Flint, sister of the bride, as matron of honor, and Miss Doreen MacLeod, as bridesmaid. Matron of honor wore a floor-length dress of teal blue crepe, with a picket cap of brown velvet and matching shoulder - length veil. Bridesmaid was attired in a floor-length gown of dusty rose taffeta with shaped veil and headdress to match. Both wore rhinestone necklaces, gifts of the groom and carried Colonial bouquets of pink roses.

The groom was supported by Mr Ronald Hardy of Lloydminster. The ushers were Mr Will Benner brother of the bride and Mr Dale Maygard brother of the groom.

Mrs. J. W. Hemstock presided at the organ.

For the occasion the mother of the bride chose a navy blue printed dress, after wore dress with matching accessories. Mother of the groom wore a dark blue crepe afternoon dress with grey accessories. Both wore corsages of white carnations.

After the ceremony a reception for about thirty guests was held in the banquet room of the New Royal Cafe where a three tiered wedding cake flanked by candles, decorated the bride's table.

Toasts to the bride was proposed by Mr Morrison and responded to by the groom.

Out of town guests included Mr and Mrs. Maygard of Rochfort Bridge; Mr and Mrs. Leo Maygard, Miss Lorraine Maygard and Mr Dale Maygard of Rochfort Bridge; Mr and Mrs Leslie Flint, Mr and Mrs Gordon Hacket, Mr Will Benner, Mr Ray Benner, Mr Vernon Lemke all of Paradise Valley district, and Miss Helen Johnson of Fairlie.

Oil In The West

FOR THE PAST THIRTY YEARS the people of the West have been accustomed to the fact that there were rich oil supplies in the Turner Valley in Alberta. It was realized that some there was all there, it might be also found elsewhere on the prairies, but it is only recently that other extensive developments in the oil industry have taken place. Since the fall of 1951 fields have been opened up near Edmonton and an extensive search for oil has been carried out in many parts of Manitoba, Saskatchewan, and British Columbia as well as in Alberta. It is now believed probable that there are many potential oil fields in these four provinces and there is reason for optimism over the effect which the discovery of new fields will have upon the economic future of this part of Canada

Effect Shown in Alberta

Alberta is the first province in which extensive developments have taken place, and the effects which the successful operation of oil fields may have upon the prosperity of the country has been shown there in several ways. Results of the recent census have shown that Edmonton has expanded more than any other Canadian city in the past ten years and there is no doubt but that the oil industry has been responsible for a great deal of this expansion. At the present time a chemical plant, valued at $20,000,000 is being built near Edmonton, and because of the cheap natural gas and other by-products of oil, it is expected that other industries will soon seek locations in Alberta. These are two of the many ways in which the discovery of oil has benefited Alberta.

Much Capital Is Invested

As supplies of oil in other parts of the world become less plentiful the importance of new oil fields in Western Canada is recognized in other countries Millions of dollars have been put into the search for oil and there are many signs that the period of activity in this field. Canada is believed to be ready at this time for great industrial and economic expansion. Oil is only one of this country's many rich resources, but the oil fields in Western Canada are also expected to be an important part of any future economic expansion in Canada. To the people of the West, the discovery of extensive oil fields will mean many changes and will also bring many benefits to large numbers of the people there.

"Mail-Order" Car License System Success

WINNIPEG — Manitoba's "mail-order" system for issuing drivers licences was termed "a great success" by R. B Bullis, commissioner of taxation.

Mr Bullis said the public was responding well to the newly instituted system and that "the bulk" of applications had been returned with the accompanying money orders.

It was too early yet, however, to estimate the exact percentage of driver applications rejected, he said.

Passenger car registration applications are now being sent out at the rate of 30,000 per day Officials pointed out that if car owners bring in their auto licence forms soon after they are received they should be able to get their plates in "about three minutes."

DINER'S EARS SAVE FAMILY FROM DISASTER

TREDEGAR, Wales—Mike O'Connell of Tredegar is a miner whose ears have been trained by years underground to the ominous warning of shifting earth and stone. He was sitting at home with his 11 children when he heard what miners call "a drinker." Immediately he bundled all the children out the front door and followed himself. Two minutes later half the house collapsed.

Funny and Otherwise

Coroner: The bobby-soxer played a new be-bop recording on the phonograph. Turning to her father, who had settled down comfortably to read the evening paper, she exclaimed "Oh-o-o, have you ever heard anything like it?"

He looked up and drawled "Not really, dear. The closest thing to it I ever heard was when a truck loaded with empty cans ran into a truck full of logs."

• • • • •

A small boy had been reprimanding with his uncle.

"Look, Dad," he exclaimed, "I've taken my watch to pieces and put it together again and found I've made profit of three wheels."

• • • • •

A man notorious for his meanness had stayed the weekend with friends. At the end he gave a good-bye to his hostess, she said: "I thought you might be embarrassed about the servants, so I tipped them all five dollars and said it was from you."

• • • • •

"Why didn't you make it ten?" the guest said, as he entered his car. "I don't want your servants to think I'm stingy."

• • • • •

Boss: Now look here, Bill. Why are you going to quit? Aren't we paying you top of the union wages?

Bill: No wages are O.K. It's my conscience. It tells me I'm stealing some hours out of a job.

• • • • •

He: "Since you do love me, why did you refuse me at first?"

She: "I wanted to see your resolution."

He: "But I might have run down three stairs and out of your life forever."

She: "Oh, no I tied a rope across the top of the stairs."

• • • • •

Four card sharps got together on the train and a passenger, thoroughly cashed, counted. Suddenly, the dealer tossed his cards down and said: "This game is crooked."

• • • • •

"What makes you think so?" queried the card sharp on his left.

"I ran bill," replied the dealer, "because that guy is not playing the hand I dealt him."

• • • • •

"I have noticed with astonishment," remarked the Old-timer, "how reluctant young men of today are to marry and settle down. They actually seem to fear marriage. Why, before I was married I didn't know the meaning of fear."

• • • • •

From Australia comes the story of the kangaroo which, after passing several times one day to scratch her stomach, pounded two baby kangaroos from her pouch and thrashed them mercilessly for eating cowpeas in bed.

• • • • •

The trouble with most open minds is that they are open at both ends.

MOUNTAIN 'I' OIL WELL IS PRODUCTION

TORONTO — W. M. V. Ash, president of Shell Oil Co. of Canada, Ltd., said that Shell has brought into production its Northern No. 1 well in the Rickey area of Montana with a flow of 1,666 barrels of 36-gravity crude oil in the first 24 hours.

There are 33,924 miles of railroad in India.

Lethbridge Once Shipbuilding Town During Wild West Era

Barges and Steamers Were Hooked To Transport Coal Below Railroads

LETHBRIDGE, Alta.—This Alberta city once in the heart of what was known as the wild west, was a shipbuilding centre and port of embarkation too. It built steamers and barges — to sell coal.

Lethbridge owes much of its prosperity to coal — it was originally known as Coal Bank — and to Sir Alexander Galt, one of the fathers of confederation, and Elliott Torrance Galt, who operated the Galt interests when the coal company's president, William Lethbridge—on the map as a shipbuilding port.

The problem was to get the coal to the railway which was to take delivery at Medicine Hat, Alta.

Material for three steamers and 16 barges was brought by teams the 200 miles from the main C.P.R. terminus at Swift Current, Sask., to Lethbridge, each lumber was loaded at miles from the Porcupine Hills to the shipyard.

Skilled shipbuilders were brought from Pittsburgh via the Missouri River and Fort Benton.

The first steamer, the Baroness, was launched on June 1, 1883, amid great celebrations.

The navigation season was found to be too short, however, for the Baroness to make enough trips in the seven weeks of good water.

So by 1884, Lethbridge had turned out two more steamers and 36 barges to earn its long forgotten reputation as an inland port.

The original contract called for the steamers to carry 1,000 tons, but later tons of coal via the Belly and South Saskatchewan rivers to Medicine Hat. The railway would then go about its business of putting the steamers out of business.

Old files available in Lethbridge indicate that the plan didn't work out too well

The shipbuilders apparently didn't take into account the fact that the steamers had to get back to Lethbridge for more coal. They apparently used just as much coal getting back upriver as they had carried downriver.

The railway, pleased with the coal it was receiving, offered a long-term contract if a rail line was built connecting its terminus with the coal mine.

A narrow-gauge line was laid down in August, 1885, and Lethbridge began to grow. It was then the tenderest of another rail line running to Great Falls, Montana.

School Boys' Curling Playoffs At Moncton

WINNIPEG—The Canadian school boys' curling championships will be held in Moncton, N.B., Feb. 16-21, C. H. Seymour, secretary-treasurer of the school boys' committee, Dominion Association, announced.

The games will be played at the Beaver Curling Club, under the supervision of the Moncton and Beaver Clubs.

Ken Watson is dominion committee chairman, with Russell Bennett of Moncton, deputy chairman.

Ranks from every province are expected to compete for the championship Sifton Trophy. Garry Theed of Saskatoon won out last winter at Moncton, B.C., giving Saskatchewan its third title. Manitoba has twice captured the championship. The 1952 matches will mark the third year of complete dominion participation.

SPARE-TIME STUDIES POPULAR WITH TROOPS

OTTAWA — Some 700 Canadian troops in Korea are going to school in their spare time The defence department said the soldiers are busy with homework in slit trenches, tanks and gun positions.

The correspondence courses are available through the Veterans Affairs department and include diesel engineering, physics and poultry raising. Papers are sent to Canada for marking

Saskatchewan's Search For Oil Has Doubled in 1951 — Discoveries Are Promising

In a recent issue of The Financial Post the following report gives a very informative outline of the progress being made in search of oil possibilities in the province of Saskatchewan.

"Although there have been no sensational finds of the Leduc variety that shattered in Alberta's oil boom, there have been several important finds in Saskatchewan in 1951 so far and oil future of this province has never looked brighter since the major oil play started in the spring of 1949.

Virtually all production and exploration records will be broken this year according to present indications, despite adverse weather conditions which have slowed operations during most of the year

However it is still expected that the expenditure in exploration will reach at least the $70 millions mark this year, compared to about $10 millions in 1950.

Oil discoveries in Montana and North Dakota this year, at a distance of 50 to 100 miles south of the Saskatchewan border, have increased interest in the Williston Basin area of Southern Saskatchewan and it is here the greatest activity has been concentrated.

It is partly this interest in the deeper part of the sedimentary basin which has given a marked trend this year towards deep test wells. In 1950 there were 55 wildcat wells drilled to an average depth of about 3,000 feet. Up to the end of October this year there are more than 80 wildcat wells drilled or drilling with an average depth of 3,000 feet.

The latest single new field in Saskatchewan this year has been the area within a 25-mile radius of Kindersley, in west-central portion of the sedimentary basin. (Kindersley is 80 miles south of Saskatoon and 130 miles southwest of Saskatoon.)

Last year crude of very heavy gravity was struck in two wells drilled by Abercorn at Hearn's Lake 15 miles northwest of Kindersley. These two wells are not considered to be due to pumping difficulties but there are indications that the difficulties may be overcome. Several more oil field wells definitely will become producers this year opening a new heavy crude field in the province.

This was followed up this year by another discovery of heavy oil by Pan Estonia, 30 miles southwest of Kindersley, in the Husky-Phillips Eatonia No. 1 well. There has been some production from this area yet but a second well was drilled near the first and another is now drilling in an effort to determine the size of the possible pool.

The third and most recent heavy crude find was made early in September near Coleville, about 20 miles north of Kindersley. Four more wells are now being drilled or have been completed near the discovery well—Royalite—Albercan Coleville No. 1—to outline the producing potentialities of the area, and a 16-day production test run on the first well has flowed 20 barrels of 20-gravity oil per hour. Coleville No. 1 was also a major gas discovery with a reported open flow of 19 million cubic feet per day. However there has been no report of it being brought into production as a "favorable show" of light oil was discovered in the Borony-Vacuum Prairie Tompkins No. 1 drilled near Tompkins, 30 miles southwest of Swift Current, and due north of Kindersley The well also had an open gas flow of better than one million cubic feet per day but was abandoned.

The most promising light oil strike came in September at the Shell Oil Co. Dahinda No. 1 located about 55 miles south of Regina "Bladder-brown" oil 39 to 42 degrees gravity was struck early in September and later in the month light oil of about 33 degrees gravity was discovered. However neither find proved to be of commercial importance.

The net result is that while this year to date has proved to be by far the brightest and most encouraging since the search for oil began in Saskatchewan, the "bonanza" still eludes the searchers.

That the failure so far to discover light oil in commercial quantities has not discouraged oil companies is indicated by statistics. They show an increase and expansion in virtually every aspect of the oil play, including an increase in the number of companies and individuals holding land under permit from 65 last year to about 80 at present.

Despite adverse weather conditions which slowed the movement of heavy equipment throughout much of the year, new highs were reached in every phase of the exploration program. The number of deep test wells alone is expected to reach 70 by the end of the year compared with a total of 77 for all wildcats drilled in the province in 1950. A total of 71 wildcat wells have been drilled or are drilling to date this year.

Last year there were only 32 "slant" or core holes drilled in the province compared to 212 up to the end of October, this year.

There has also been a marked increase in the amount of preliminary exploration work.

At the peak of 1950 there were 21 geophysical operating crews in the province. At last report this number had increased to 44, made up of 18 seismic crews, five gravity-meter and one magnetometer. Practically all land held under permit in the province has been covered by one form or another of this geophysical exploration.

At last report a total of 241 permits had been issued covering 2,500 million acres. Addition of 17 million crown reserve and 74 million acres freehold brought the total open covered by the oil play to near the 70 million acre mark, which amounts to about 20 per cent. of the Saskatchewan sedimentary basin. Another indication of the advance being made in the oil play is that approximately $31,274 acres covered by expired permit has been taken to lease this year, bringing the total acreage under lease to 241,776.

There has also been further expansion this year in the heavy oil fields of the Lloydminster area. About 50 development wells have been drilled in No. 1 well. There has been a number of producing wells from a high of 232 in 1936 to 183 at present The increased market for heavy crude particularly as a railway diesel fuel, has been a major factor in the expansion.

Through production from these fields, Saskatchewan has held down second place among the oil producing provinces since 1947, and last year passed the million-barrel mark. The year's production to Sept. 30 amounts to about 921,000 barrels compared with about 750,000 barrels at the same time last year. At present rate of production continues, and the field is now entering a high production period, the total 1°51 production should easily surpass the 1,200,000 mark.

Natural gas production in the Lloydminster, Unity and Lake-Shore areas has also shown a sizeable increase In 1950 some 816 million cubic feet were produced while figures to date this year indicate that recovery is running about 15 per cent higher

The first museums of art were established during the Renaissance.

Myrnam-Derwent A.T.A. Meeting

A Joint Myrnam-Derwent A.T.A. meeting was held in Derwent school on Friday, Dec. 7th. Mr. M. Merczyk made a detailed report of the previous Provincial A.T.A. executive meeting. The teachers then grouped themselves into the elementary and high school sections, the elementary section Miss Zarpanisuk and Miss Chepeha led a discussion on creative art: in the high school section Mr. Bobes led the discussion on health and Personal Developing.

After a delicious lunch the teachers spent the remainder of the evening playing whist.

OBITUARY

Mrs. Lilian Mary Blackwell Playne

Funeral services for the late Mrs. Lilian Mary Blackwell Playne, beloved wife of Mr. L. H. Playne, who passed away on Wednesday, November 28th were held at St. Saviour's Anglican church on Saturday Dec. 1st at 2:30 o'clock in the afternoon. Interment followed at the Vermilion cemetery.

Canon T. W. Teape conducted the services which were attended by a large number of friends and sympathizers, gathered to pay their respects to a well loved pioneer lady.

The deceased was born in the year 1878 in Gloucestershire, Eng., where she received her training. She came to Canada in 1901 when she spent five years in Montreal and Quebec. She came to Vermilion in 1906 and in 1908 married Mr. L. H. Playne, the first marriage to be solemnized in the then new little church at Pleasant Valley. From then on until three years ago she lived in the Pleasant Valley district, earning the respect and affection of all who knew her. Besides her husband, Mr. and Mrs. Playne purchased a home in Vermilion where they have since lived.

Left to mourn her passing are one surviving foster-son, Gordon Playne, George Richardson of Vermilion, two sons Frederick of Vermilion and Miss Lucy Evans in England; three brothers Mr. Hugh Stone in Vermilion and two in England.

The pall bearers were Messrs. E. MacDermand, Ken Stone, Roy Stone, O. R. I. Stephen, E. Buckingham and M. Stephenson.

Mayers were in charge of funeral arrangements.

Many floral tributes were received from: Loving husband and son Ron: Son Fred, Nora and baby Gail: Mr. & Mrs. Rooney: Jessie, Gib and Graeme: John and Bobby: Gayle, Bud and Marion: Mr. and Mrs. and Jerry: Joe, Nellie and Joan: Pleasan Valley W.A.: Old Timers' Association: Mr. and Mrs. Ernest Mrs. F. C. Long, Mr. and Mrs. G. C. Long: Mrs. Chas. Bowcott: Mr. Beck: 30 amounts to about 921,000 barrels compared with about 750,000 barrels at the same time last year. At present rate of production continues, and the field is now entering a high production period, the total 1°51 production should easily surpass the 1,200,000 mark.

Natural gas production in the Lloydminster, Unity and Lake-Shore areas has also shown a sizeable increase In 1950 some 816 million cubic feet were produced while figures to date this year indicate that recovery is running about 15 per cent higher

The first museums of art were established during the Renaissance.

There will also be a Vesper service at the United church on Dec. 16th. Watch posters for time. All are welcome to come and worship together at this Christmas service.

Beatrice gave a good talk on Eskimaria. Mrs. Dunn spoke on Esquimalt in Good Grooming.' There was also a short lesson on applying bed binding.

The meeting finished with Taps and treats.

Tuberculosis is 'catching'. It is also curable. Christmas Seals finance chest X-ray programs aimed at finding cases early, when the chances of cure are best.

Dewberry Couple Observe Fortieth Wedding Anniversary

A well known Dewberry couple, Mr. and Mrs. Gordon Wilson celebrated their fortieth wedding anniversary Nov. 28th.

Mr. and Mrs. Wilson have been residents of the Dewberry district, farming, for 37 years of their married life.

In honor of their anniversary over sixty of their relatives gathered at the home of Mr. and Mrs. Albert Isert, sister of Mrs. Wilson. Their family of five were all able to be there, three coming from Edmonton. Other Edmonton relatives were Mr. and Mrs. Chas. Betts.

On behalf of the gathering the relatives presented Mr. and Mrs. Wilson with a purse of $52, and a lovely three-tiered wedding cake made by Mrs. Isert and beautifully decorated by Mrs. G. Connon.

The evening was entertainingly spent in playing games.

Mr. and Mrs. Wilson were married in Vermilion, driving 85 miles by horse and buggy.

The party broke up after all singing "For They are Jolly Good Fellows", followed by a very nice lunch.

W. M. S. MEETS

The regular meeting of the W.M.S. of the United church was held in the church hall on Thursday, Dec. 6th, the program pertaining to Christmas. The president Mrs. Wm. Barr was in the chair and Mrs. H. P. Long took the devotional. The carol "Hark the Herald Angels Sing" was sung, Mrs. Long read passages of scripture, and more carols were enjoyed.

Business was proceeded with and Mrs. Long closed with prayer.

A lovely sing-song of carols was enjoyed, followed by the showing of a splendid colored moving picture of the Ukrainian Christmas by Mr. F. H. Walker and Mr. D. G. Fulk. Mrs. Folk who was in charge of the program had three ladies sing solos, Mrs. Thibil, Mrs. Bauer and Miss Komhyr. These were greatly enjoyed by all present.

Last on the list was the W.M.S., own little bazaar held for their Sunday school. The Munch was repeated, and then a dainty lunch was served by the committee in charge, and a social half hour enjoyed.

The winner of the turkey raffled at Bowrill was Mrs. E. Jones of the Morrison district. The box of chocolates was won by Mrs. Evelyn Meyers at the Hillside Service station.

Canadian Legion Meeting, Dec. 14 Canadian Legion Post 11 will hold their monthly meeting in the Legion hall on Dec. 11 at 8:00 p.m. Special show.

V. L.

The regular meeting of the W.L. will be held at the home of Mrs. Dibbens on Monday, Dec. 27th at 8:00 p.m.

CARD OF THANKS

I wish to thank the organizations and friend. for flowers and cards sent to me during my recent illness in the University hospital, Edmonton.

We wish to thank Br King, Miss Keith, and all the staff of the hospital for their care and kindness to Mrs Playne while there

Lance Playne and family

IN MEMORIAM

In loving memory of "Bud"

who passed away December 16th, 1946.

"Close is the face we loved so dear,
Silent the voice we used to hear
Too far away for sight or speech
But not too far for us to reach,
Sweet to remember him who once was here,
And who, though absent is just as dear."

—Mrs. Harrington and family

How "Skinny" Girls Get Lovely Curves

Gain 5 to 10 lbs. New Pep

Mrs. Raymond Taylor received a thrilling birthday gift on Friday last, in the form of a long distance telephone conversation with her daughter in Halifax, N.S., Sub-Lt. (WRN) Dorothy Taylor. Dorothy is a nurse in the naval hospital H.M.C.S. Stadacona. The reception was wonderfully clear and a great credit to those responsible for our telephone system.

Roy Walker returned home last Saturday night from some two weeks in the University hospital, Edmonton, where he underwent an operation. Roy wishes to thank the many friends who sent cards and good wishes. He is already feeling much better and is convalescing rapidly.

Mr and Mrs K. E. Rowe plan to leave for Vancouver on Dec. 22nd, where they will spend Christmas with their daughter Mrs. Geen-Keech and family. They expect to be away two weeks.

Nelson and Dorothy Crowell wish to announce the arrival in their home of Murray Allan Leslie, a brother for Jimmy.

BORN — To Mr and Mrs. Simmons (nee Doris Williams) on Nov 22nd at Buffalo, N.Y., a son, John Cary.

Mr. and Mrs. Ken Rowe and Mr. and Mrs. Wm. Krause were guests at a dinner party held at the Krause home at Dalkeith, Glengarry County, Ont., after an absence of 45 years. Neil left the east on Aug. 20th, 1906 and has never been back since. He still has a number of relatives there, abouts however and anticipates a pleasant visit as well as great changes

Murray Millar was home from Edmonton last week end visiting his mother Mrs. George Millar. Murray has now got his driver's license and expects to be working for the remainder of the winter.

NO CANVASS

People are asked to take note that there is no canvass for funds authorized for the Anglican church of Christmas. tree.

C.G.I.T. Candlelight Service Dec. 16th

The C.G.I.T. will hold their Xmas Candlelight service on Sunday Dec. 16th at 7:30 p.m. Music will be supplied by the Junior choir directed by Mr. Jay Brown. Every one is invited to attend this very impressive service 22-1x

Letters to the Editor

Vermilion, Dec. 10, 1951.

Mr. E. R. P. Cooper,
Vermilion Standard

Dear Sir

On behalf of the local branch of the Canadian Legion I would like to wish to thank you and your staff, most sincerely for your cooperation and assistance throughout the year 1951.

Your sincerely
Mrs. E. H. Buckingham
Secretary Vermilion
Red Cross Society

Wins Car of Month

The first winner in the second series of the Viking car-of-the-month plan is Mrs. Isabel Samuel of 10537 - 101 street Edmonton will, next month, step into a car.

The next winner will be announced Friday Dec. 28th

Now It's Mosquitoes In the Winter Time!

As if the weather wasn't going to put up with in Alberta in the winter it appears that a certain type of mosquito has developed the hunt they will be as good in the winter months as in the summer. Anyway just a short time ago a large swarm mosquitoes made their appearance in the Vermilion district. They were promptly captured one alive and brought to the editor's desk where they were identified. Only half a couple of good sized bites to show for further evidence of these very full fledged present members of the mosquito tribe.

Appreciation

We cannot wait until Christmas to extend our sincere thanks and appreciation for the response accorded to us on our return to the Photographic business in Vermilion.

So great has been the volume of business that it will be impossible to promise any Christmas deliveries after Dec. 15th.

AGAIN TO THE PUBLIC AND OUR PATRONS, OUR HEARTFELT THANKS

Holy Name Church Is Scene Of Pretty Wedding

GRANT—BROWER

The Holy Name church, Vermilion, was the scene of a pretty wedding recently when Shirley Rose Brower became the bride of John Henry Grant, son of Mr. and Mrs. James Grant of St. Andrews parish. Father Lanigrian performed the ceremony.

Entering the church with her father, the bride wore a floor-length dress of white sheer over taffeta. Fashioned with sweetheart neckline, long sleeves and fitted bodice. Her three-quarter-length veil was held in place with a white coronet. She wore a string of pearls, gift of her godmother, Mrs. George Sullivan. Her bouquet was of pink and white roses.

Miss Alice Brower, was her sister bridesmaid. She wore a floor-length dress of pink taffeta with matched hat. She carried a bouquet of pink roses.

Mr. Jerod Bartosh assisted the groom.

Miss Helen Noonan played the wedding music. The Misses Theresa, Alice and Agnes Brower assisted. On this Day, Oh Beautiful Mother."

For the occasion the bride's mother chose a navy blue dress with matching hat and corsage of red roses. The groom's mother wore a wine suit with black hat and corsage of white roses.

Following the ceremony a wedding dinner was served at the home of the bride's parents. The bride's table was laid with linen and was centred with a three-tiered wedding cake, flanked by pink and white tapers.

Father Landrigan proposed the toast to which the groom responded.

Assisting at serving were Mrs John Flynn, Mrs. Mrs. Frew Hamilton and Mrs. Grenville Young.

Later in the evening a reception was held for about forty guests. The bride received many beautiful and useful gifts.

The newlyweds are making their home on the groom's farm north of Vermilion.

ISLAY NEWS

The W. A. of the United church are very pleased with results of their bazaar. The W.A. are indeed grateful to those who patronized it on Saturday. We were pleased to see so many from Vermilion — we don't see the opportunity to visit with you as we would like. There were many lovely things contributed and we thank all for their kind help and for the help in other ways. It always seems such a lot of work, and when it is over we are glad, but as one lady put it, 'My, we should be thankful we are able to do it.' Now we have our two hands and can use to eat three meals a day!'

We didn't see our pleasant Valley friend: on Saturday. Hi Gladys, and Christie and Betty —no snowbanks to keep you home.

Kenneth Buchanan spent Sunday with his parents, Mr. and Mrs. Dave Buchanan.

Lyle Annan was busy Saturday vaccinating the cattle.

Mr. Bowser and Lila attended the dances on Saturday in Islay.

We are happy to learn that Mrs. Nora Payne will get home to Vermilion on Xmas Eve, and be home until Jan. 3. We learn too that neither she nor Sam are to do any undesirable hard work.' One piece won special mention, a petit point picture. It was exhibited at the Calgary fair and won 1st prize. We also saw some of the work done by Rubens Gunn, that lovely Xmas song we sent to Pleasant Valley W.A., and some to United church W.A., Islay. They were very lovely and needless to say, sold in short time.

Here is a bit of philosophy I came across the other day written by Dwight L. Moody. "Dreams of happiness, we all indulge. But too many of us wait till we get to the other side of ourselves, in riches, in learning, in adventure, in excitement, in fame, in power, to find happiness. Living to the very ends of the earth in search of it, when it is there to be found all the time at home."

We were pleased to see Mrs. Ferne Markford at the dances on Friday, and learned that the Hutton family are fine.

Haven't seen or heard of Syd Gurney for quite awhile. We think someone from Islay should write some news occasionally.

Mr. House was in town last week getting his hip set. He said he had been working at the Kolmer store.

Tuesday evening and the snow is still falling.

We just met Mr Purves, he had been leaving his farm sale bill for sale for the auction, put on by the ruralvs. Remember last year he had such good offerings for this he did dare put egg laying mash in the same bind —so lucrative whenever boys.

Don't think for a minute that Islay is going back because a couple of buildings were moved out. Still to be building. The station has its foundation laid and Albert Van den Dolder is building quite a large garage. Inman's garage has had quite an addition put on too. Now when we get those new pavements we can surely 'strut'

Vol. XLII. No. 25. Vermilion, Alberta, Thursday, December 20th, 1951. $2.00 per Year

Wm. Barr Named President Of Vermilion Fair Board

FAIR BOARD HOLDS ANNUAL MEETING

The Vermilion Agricultural Society held its annual meeting on Thursday evening last with an attendance of approximately one hundred district residents. The meeting took the form of a dinner served at the Memorial hall by the Ladies Auxiliary of the Canadian Legion.

Mr. D. A. Andrew, formerly of the staff of the school of agriculture, and now national secretary for the Canadian Hereford Association, gave an interesting address, dealing with trips to Mexico and the U.S. Country during the past few months. Mr. Andrew held his audience in rapt attention and all present thoroughly enjoyed the outline of the trips.

Following the social gathering the annual meeting was convened and reports of the year's activities of the Society at the general meeting of the Western Canada Fairs Association at Prince Albert in August last. The reports indicated an excellent year in connection with the work of the Society and outlined the various activities in addition to the annual three-day exhibition, in cluding the seed fair in March, tilling machinery demonstrations in June and the display of the best of purebred livestock held in November.

Stress was laid on the splendid Boys' and Girls' camp which was held for a full five days at the school of agriculture in conjunction with the 4-H young farm people attended the course and under the guidance of E. H. Buckingham, Director of Extension, spent Monday at a most interesting and practical farm subjects. During the three full days the young people were the guests of the Fair Board and took part in judging competitions of various kinds.

Plans were laid for the continuation of the fair in 1952 and R. Dorey, N. N. Bentley and E. M. Brewer were named to organize for the holding of the Seed Fair during the winter months. J. C. Tucker was appointed chairman of the 1952 prize list revision committee, to be assisted by the chairmen of the various livestock and other committees. Considerable discussion was carried out in regard to the broadening of the Junior Fair competition and Gordon James Bennett and N. N. Bentley were named to go into the matter of improvement of this important phase of the exhibition. It was decided to invite others outside the directorate to cooperate in order to vitalize the junior work.

William Barr was delegated to attend the annual general meeting of the Western Canada Fairs Association to be held in Winnipeg in January.

The election of officers for the ensuing year was conducted with the following results:

Hon. Presidents — Hon. Jas. G. Gardiner, Hon. David Ure, Robert Fair, M.P., Mayor S. C. Heckbert, J. W. G. Morrison, K.C., W. M. Steele.

President—William Barr
1st Vice-Pres.—W. H. Duncan
2nd Vice-Pres.—Jack Bryden
3rd Vice-Pres.—E. M. Stewart

Directors — Clarence Baer, Wm. Cryden, W. E. Crum, Homer Campbell, J. H. Hart, V. T. Janssen, George Larson, J. S. Cross, Angus McMillan, Gordon Ross, Orton Strome, Alex Sture, A. M. West, W. D. Williams, Bruce Winsere, G. R. Creech, Donald Wilson, Manson Barr, Jas. Bennett, N. N. Bentley, C. N. Brenner, W. B. Carrdish, F. W. Hart, S. C. Heckbert, W. R. Jory, Keith King, George Maggs, J. R. Robson, C. Tucker, Geo. O. Wells, Adam.

Ex-oio directors were also named in the persons of E. H. Buckingham, A. A. Moses, Dr. H. E. Macdonald, Steve Bowsman with other names to be added by the directorate.

No appointment was made to the position of secretary manager as S. C. Heckbert, who has occupied the post for almost 20 years signified his intention of relinquishing the work, due to the pressure of his private business. A committee was named to go into the matter of securing a successor to Mr. Heckbert.

Parishioners Honor Clandonald Priest

ORDAINED 25 YEARS AGO

On Wednesday, Dec. 12th, 1951, Rev. W. A. McPhee of Clandonald celebrated the 25th anniversary of his ordination to the priesthood. At 11:00 a.m. the Reverend Jubilarian offered a Solemn High Mass of Thanksgiving assisted by Rev. H. Basile as Deacon and Rev. C. Landrigan as Subdeacon. Rev. L. Scriven served as Master of Ceremonies while Rev. J. Ehman preached the sermon for the occasion. After the Mass a banquet was served to the visiting clergy and friends by the Clandonald C. W. L. At the banquet several purses were presented to Father McPhee. Rev. B. Gorman presented on behalf of the clergy and E. Malais on behalf of the school. Although many of the clergy could not attend because of bad weather they sent their wishes and a purse. The children then presented a concert. At night, after a special showing of the film Upon this Rock' by Rev. Fr. McHae, S.P.M., another purse was presented to Father by Mr. L. Garnier on behalf of the parish. Then a lunch served by the Dewberry C.W.L. closed the evening.

Tigers Lose at Veg.

Tigers lost their Wednesday night game at Vegreville to the Rangers in a good game 8 to 7. The Tigers were playing without their first string forward Roy of La Plaster, Haskins and Barr and defencemen Deller ad V.S.A. students who were busy on exams.

The Tigers last but Saturday night's game at Wainwright 6 to 3.

In the other I.A.H.L. fixture played Wednesday night the Lloydminster Huskies downed the Wainwright Commandos 11-3 in a free scoring set-to.

Handicraft Guild Complete Active Year

OFFICERS ELECTED FOR 1952

At the annual meeting of the Ladies' Handicraft Guild held on Dec. 3rd the following slate of officers was elected for 1952

President - Mrs. T. Lavis.
Vice Pres - Mrs. S. C. Acheson
Sec-Treas. - Mrs. F. Davidson

Exe. offic- Mrs. J. Reid, Mrs. Stephens, Mrs. J. Adam, Mrs. A. King, Mrs. J. Tarang.

Membership in the Guild is now open for a limited number. The membership fee of $1 should be paid to the secretary-treasurer in the near future. Any interested lady can be given except to assist on meetings.

Following is a list of the courses offered for January with the projects to be completed:

Hook Weaving—Mrs. Chas. Hesketh; Petit Point Mats—Mrs. Ed Bowsher; Mrs. B. Pilkie and Mrs. M. F. Smeltzer; Sisal Scatters—Mrs. R. Ireland; Rug making—Mrs. J. Reid; Mrs. Hill; Glove-Making—Mrs. J. Reid.

Everyone wishing to take a course should contact the instructor or Mrs. T. Davidson before the first class is, of necessity, limited.

$1.00 per Pound Paid For Prize Winners

Turkey Club Holds Annual Show

Fourteen boys and girls of the Vermilion district brought their club turkeys in to the show and sale last week-end. In all 21 live turkeys for the show and 109 dressed turkeys for the auction sale.

Vermilion Lottery Merchants paid per pound for a 17½ pound turkey which was shown by Mildred Scarfe and a 16 pound bird by reserve champion exhibited by Eunice Bury obtained 67 cents per pound and a total of $23.39 from Canada Packers. The average price was 58 cents per pound. The total sales returns of the sale exceeded $1200.

The judge, Mr. Clarence Semple, Chief Poultry grader at Edmonton, complimented the club members on doing an excellent job of fitting and showing for the show and sale turkeys.

The live turkey classes were placed by Mr. F. Hagbjonson, Poultry Commissioner of Edmonton. Eunice Bury was awarded first for tom; second Dolly Wright for hen. Second prizes went to Joyce Armstrong and Mildred Scarfe.

Mildred Scarfe obtained the highest combined points for live and dressed turkeys and was awarded special prizes of ten poults donated by Co-op Hatcheries.

Other special prizes were awarded as follows: For live turkeys — Eunice Bury, 25 chicks from Anstey Electric Hatchery. Lloydminster; Audrey McIntyre, 25 chicks from Lyons Hatchery, Vermilion.

In the dressed classes Mildred Scarfe won a prize of 25 chicks from Co-op Hatcheries and 25 chicks from Pringle Hatcheries went to Eunice Bury.

In the judging competition Mildred Scarfe and Audrey McIntyre both obtained 98 points and will split the prize of 25 chicks offered by Hamsley Hatcheries. One other prize for the total points obtained for the season's work will be awarded shortly. It consists of 10 poults and was donated by Smith's Chickeries, Edmonton.

The sale was conducted by Auctioneer Chester Gamble of Mannville. Mr. Kitchen, Poultry inspector for the Edmonton district and Mr. Michelson, inspector at Wetaskiwin also with District Agriculturist E. H. Buckingham had charge of the show and sale.

The thanks of the club are due to Capt. Ackerman for the use of the armories for the show and sale.

Last Standard of Year

Looking at the calendar the Editor and staff decided that it would be of little use trying to publish a paper next week as Tuesday and Wednesday are holidays, accordingly the issue of the paper for December 27 has been suspended making this the last standard you will receive this year. The next issue will be January 3rd, 1952.

The Standard office however will not be on holidays and will be open for business and on New Year's Eve who have been neglected somewhat during several weeks of heavy fall advertising issues of the big paper, will receive some overdue attention.

Wainwright Commandoes Here Saturday

The Wainwright Commandos will make their initial appearance on Vermilion ice this Saturday night when the Commandos will be handed the Tigers a 6-5 defeat last Saturday night in what the south end fans claim was the best hockey game ever played in that town. Vermilion and district hockey patrons can look forward to something extra good this Saturday when the Commandos come here and the boys would like to play to a full house. How about it fans?

EASTERN ALBERTA HOCKEY LEAGUE STANDING

Team	E	W	L	Pts.
Vermilion	3	3	2	6
Lloydminster	3	3	2	6
Wainwright	4	1	3	2
Vegreville	4	1	3	2

The above standing is right up to date, next games to be played on Saturday, Dec. 22nd.

Livestock Commissioner Addresses Cattlemen

Successful Season Reported At Live Stock Sales Meeting

On Saturday the first annual meeting of the Vermilion Live Stock Sales Association was held in the Legion hall. This association was formed last July to conduct auction sales of market cattle for the district and elect officers to handle the general management.

Chester Gamble of Mannville was chairman of the meeting and secretary. Chas. Palmer reported that over 300 head of cattle had been sold at the sales and a total of $250 realized on the sales. There are 200 members and 200 head of cattle sold through the association.

President D. E. Hines reported that negotiations were under way with the C.P.R. to have the yards reassembled to suit the auction sale ring and that should be settled before the next sale.

Mr. W. H. Mead, Livestock Commissioner, addressed the meeting on Sales Methods. He pointed out that the association was conducting fine stock sales in addition to the prairie producers. Some smaller yards are also holding sales now. The advantage appears to be that the sellers is better satisfied that he is getting the best price and that is under the auction sale system.

District Agriculturist E. H. Buckingham complimented the association on their successful season and the foresight of the president and his directors in starting the association and carrying it through to present state of usefulness.

Chester Gamble and Archie McLean have conducted the regular auction sales since they were started last July. The best auction sale will be held on the third Wednesday in January.

At the meeting the retiring directors D. E. Hines, Thos. Smith and Peter Nester were received for three years.

Derwent Ladies Hold Curling Meeting

On Dec 10th the Derwent Ladies held their annual curling meeting. The executive elected for the 1951-52 term is as follows: Mrs. J. Palinka, president, Miss F. Yourstchen, secretary-treasurer. The lunch committee consists of Mrs. E. Charchun, Mrs. S. Brzuskko, Mrs. H. Demkiw, Mrs. W. Kemp.

Pure Bred Sire Area Set Up In Vermilion River Municipality

FIRST IN ALBERTA

The council of Vermilion River Municipal District passed a resolution a the present meeting setting to establish a Pure Bred Sire Area. This is the first pure bred sire area set up in Alberta. The idea has been under consideration for the past two years and it is recognized as a forward step in the improvement of live stock breeding in the district.

The Provincial Act provides that pure bred sire areas may be set up in municipalities when two-thirds of the resident ratepayers sign a petition asking for such an area. Over 80% of the resident ratepayers signed the petition so the new area are definite in favor of the program

The Municipal District of Vermilion River extends 36 miles north and south in this area there are 8100 head of cattle. There are quite a number of grade bulls now being used but these will be replaced by pure bred animals. The council has agreed that there will be no subsidy.

demand for the act to be enforced but cattle owners should replace their unregistered bulls for pure breds within the next year or so. For the time being only cattle will be affected, other sires will be recommended under the Act.

The Area Animal Service Board of Vermilion River Municipality has been very active in promoting policies for the benefit of ratepayers. The project now announced includes the compulsory Bang's Disease program now in operation. The Chairman, Mr Geo Lawrence and District Agriculturist E. H. Buckingham had charge of the campaign. They both feel gratified at the support received from farmers in circulating and signing of the petition.

Cattle owners in Vermilion River M.D. can now obtain additional advantages under the cattle improvement policy. This policy provides a bonus of ten per cent discount in price is given to farmers buying bulls under the policy but this is increased to fifteen per cent in pure bred sire areas

Fast Hockey Game Here Monday

Tigers Win 6 to 3 From Lloyd. Huskies

The Elmer Keller-coached Vermilion Tigers defeated the Lloydminster Huskies here on Monday night by a 6-3 count. The game was a good one replete with every thing that makes a hockey game interesting to watch.

The first period started slowly the second was lightning fast, with the Tigers asserting superiority in the third to run in three goals with zero a reply

The 1st at team made a surprising showing against the much bigger and really smart looking Huskies and Coach Elmer Keller deserves a great deal of credit for the very clean, fine type of hockey the team is playing. Keller himself was a very good example for the boys to follow.

The Tigers right kept the puck down to the Lloyd. end of the ice for most of the game and Jim Jackson's pennalty of Wainwright Commandos opened the scoring on Redford's goal. Then the Huskies rose up at the end of the first period.

Early in the second Redford was penalized and the Tigers capitalize on his absence, scoring two. Barr sent Dunn on the Huskies went on the penalty line and when Dunn got back on the ice Barr and Haskins were there to receive a throw-in pass from LaPlante and Lee Williams. The goalies had no chance on the pressure and were rewarded by two goals. Haskins from Hill and Barr from LaPlante scored the goals.

The Tigers really clicked in the third, Bob Rowe and O'Connor added the counters. Rod Barr from Rowe La Plante completed the scoring for the 6-3 victory.

The Tigers have won twice from Lloyd in as many games played on home ice.

Referee Cormack and Art Pouliot officiated

LINE-UPS

HUSKIES — Goals: Pyke, J. Bowart Phillips Burke Mills, Barrack, Hill D Stewart; Mac Lean Rat-lock Dunn, Redford Piper.

TIGERS: Lushman Keller, Williams, Brusko Tribe, LaPlante Barr, Haskins, O'Connor, Chorney, Ewing, Marx, Link, Rowe.

SUMMARY

J. Stewart (Redford). 2nd — Keller (La Plante), Williams (LaPlante), Haskins (Barr, Williams), Raisbeck (Hill), Mills. 3rd—Rowe (O'Connor), O'Connor (Rowe) Barr (La Plante). PENALTIES—Dunn, Rowe 2—Redford, Chorney, Dunn, 3—J. Stewart, Link, J. Stewart, Barr, MacLean, Barrack.

FARMERS' NIGHT AT ARENA

Correction re Farmers' Night at the hockey game Saturday Dec. 22. Admission will be no reduced prices at the gate — all persons will be charged regular admission. However special tickets will be given to all farmers from which the draw for the 100 pounds of Beef will be made

MANNVILLE PLANS ARENA

ELMER KRELLER NAMED SEC'Y. OF ASSOCIATION

MANNVILLE. — Elmer Kreller, well known hockey player, was named secretary of the Mannville Arena Association at a reorganization meeting held on Dec. 9th.

A decision was reached to organize a money raising campaign and to obtain plans for a building that can be completed on a progressive basis as money becomes available.

Ralph Rudd, Clarence Eason, Secretary Elmer Kreller were appointed to obtain plans and prices. In the spring, the association intends to start the building of walking rooms, rink fence and walls that can later be incorporated into the arena.

The executive consists of W. N. Crooks, Chairman, Dr. D. Hastiloff, Vice - President; Elmer Kreller, Secretary; C. H. Smith, Treasurer.

Beverly Strome Wins I. O. D. E. Doll

The lovely large doll with really wonderful wardrobe on sale tickets were sold by Trix Lake Chapter I.O.D.E. was won by six year-old Beverly Strome, daughter of Mr. and Mrs. Orton Strome of the Campbell Lake district.

The I.O.D.E. wishes to thank everyone who by their cooperation helped to make this affair so successful.

Board of Trade Members Enjoy Christmas Dinner

The 31 members attending the regular weekly luncheon meeting of the Board of Trade on Wednesday met in for a big surprise when Mine Hosts Lee and Karpoy served them a complete Christmas dinner with all the trimmings, plum pudding Xmas cake, fruit nuts, fruit and all that goes with it. Here is a suggestion most as a result of the regular the business men go around the waitress on duty with a handsome tip.

President Roy Mitchell was in the chair and odds and ends of business were cleared up.

Next Meeting Wed. Jan. 9

Meetings have been cancelled for the holiday season and the next gathering will be on Wednesday, Jan 9th, 1952 at 12 10 noon in the Rio Cafe.

James Armstrong Passes Away At Fort Saskatchewan

OLD TIMER OF VERMILION DISTRICT

James Armstrong, a well known old timer of the Vermilion district who has lived at Fort Saskatchewan since early years past, died on Tuesday Dec 18th. He is an identical twin brother of William Armstrong of Vermilion district, and was a member of the Vermilion Old Timers' Association.

The deceased is survived by his wife, five children, and 1 brothers, including his twin William of Vermilion.

Funeral services will be held at Fort Saskatchewan at 2:00 o'clock Friday, Dec 21st.

R.C.A.F. Plane Makes Emergent Landing Here

An R.C.A.F. twin motor plane carrying six men was unable to land at Edmonton due to fog conditions last week. Not wishing to make the longer trip to Calgary they came to Vermilion and landed on the airport here. They spent the night in town and took off next morning. The local airport is kept rolled and is in usable condition at all times.

Letters to the Editor

Vermilion, Alta., Dec. 18, 1951.

Dear Mr. Editor:

May I take this opportunity, on behalf of the Town of Vermilion, to extend to you and your staff the thanks of the town in connection with the splendid coverage of news of the town during the past year. Every effort has been made to acquaint the citizens of the town with civic business and the Standard has been of the greatest assistance in this respect.

The Council at a meeting last evening reviewed the financial position of the town and ascertained that more than $10,000 remains outstanding in unpaid taxes. The administration has endeavored during the year, to provide good streets, sidewalks and other public works and to promote the welfare of the town and its citizens, generally. The matter of financing is one of serious moment and all who have overlooked payment of their taxes are to be contacted in the hope that the outstandings may be reduced to a minimum and that our securities for hospitalization, education etc., may be paid by the end of the year as required.

The co-operation of a citizen in connection with this vital aspect of the town's business is earnestly solicited.

Yours faithfully,
S. C. Hackbart Mayor

Editor Vermilion Standard
Dear Mr. Cooper:

A special word of appreciation to the staff and to [illegible] deepest thanks to [illegible] of the people of Mar[illegible] ing in the hour of [illegible] require great [illegible] Tremendous [illegible] encouraging in the hour [illegible] tension and the [illegible] operation of the general public [illegible] this is keenly [illegible] spirit. There are many who are striving, serve here [illegible] duty, and that is not meant to single out any particular branch, the clerks in the stores, and all places [illegible] doing a real job. Let's keep it up till the rush is over. Thanking you for the space, and good service of the Standard.

SEASON'S GREETINGS—

Christmas is a time for the giving of gifts, and greetings, and the time when people honestly feel and practice good will toward their fellow men. The spirit of Christmas invades every corner and heart in the land. If we can maintain such a friendly and co-operative spirit for this short period each year, then we can carry it further, you and I, and let it grow, to become part of us every day life throughout the year.

The Standard wishes every one of its readers, advertisers, job work patrons, correspondents, and many other good folks who take the time and the trouble to send or tell us news items, A Very Merry Christmas and a Happy New Year!

Milk Deliveries, Taxi Service, Store Hours

The advertising columns of the Vermilion Standard this week carry more than greetings. You can save yourself a lot of trouble by looking up the Creamery ad and noting that the milk deliveries have been cancelled Xmas and Boxing Day. The store hours that will be observed, and the fact that the taxi men are going to enjoy certain of the holidays, so that taxi service will be curtailed somewhat.

To the advertisements carry a message for you read them all and [illegible]

The Weather

For [illegible] weather has been exceptional all week with the highest the mercury could do was to climb up to 5 below on Sunday. Some moderation is in sight for Friday and Saturday. 1.4 inches of snow fell during the week with the snow on the level now measuring 8½ inches.

Marwayne Seed Plant Officially Opened

The Deputy Minister of Agriculture, Mr. J. Longman opened the new seed cleaning plant at Marwayne on Tuesday. Mr. Longman in his remarks expressed pleasure to the department of agriculture in the construction of a seed cleaning plant in the area. Mr. Longman stated that such an enterprise would be of great service to the district farmers in the processing of their seed for sale or for sowing on their own farms. He stated that the shareholders had a vision when they undertook the idea and when they undertook the building of the plant which now stands on the railroad siding at Marwayne. It is hoped, said Mr. Longman, the farmers would make full use of the services available.

Mr. A. M. Wilson, Field Crops Commissioner, told about the government assisted program of cultivation, seed cleaning, plants which were set up, about three years ago. The improvement and the quality of grain provided $10,000 each to the cost of the plant. The farmer shareholder received the interest. It is expected that the total cost of the plant will be over $36,000.

The President of the Seed Cleaning Association is Andrew Ferguson of Marwayne. Mr. Ferguson was chairman of the opening program which was held in the plant at 2:00 p.m. Then at 6:00 o'clock the Civic Affairs committee of Marwayne put on a banquet for shareholders and visitors.

At the banquet the special speaker was Mr. O. S. Longman. Deputy Minister. The chairman, Mr. Jack Cuilford called on the following: A. M. Wilson, Field Crops Commissioner; E. H. Buckingham, District Agriculturist, Vermilion; F. F. Parkinson, Supervisor of Seed Plants, Edmonton; Ed Anderson, plant contractor; N. N. Bentley, Vermilion; John Leighton, Reeve; Emerson Lawrence, Chairman of the Agricultural Service board; Don Clayton, agricultural broadcaster for CJCA; Andrew Ferguson and O. H. Quist, president and vice-president respectively of the Association.

Groups came from Willingdon, Minitaire, Mannville and Vermilion to see the plant in operation and to report back to organizations in their own districts which are interested in building similar panels.

Don Clayton of CJCA Edmonton recorded the whole proceedings for broadcasting, during the agricultural periods arranged by that station.

Columbia Decorations Outstanding

Christmas decorations at the Columbia theatre have been a matter of comment and pride for quite a number of years but the effect there this Yuletide excels all previous efforts and calls for the highest praise for W. P. and Bill Pilkie. The myriads of colored lights, cleverly timed in their flashing off and on, the Xmas trees, Santa Claus, took a lot of time and trouble to arrange, but the work was well worth it judging by the way it attracts.

Be sure to tune in your radio at 10:00 p.m. Christmas morning to hear the Christmas party from Alberta's Red Cross Crippled Children's hospital. Stations carrying the broadcast include CFCN, Calgary and CJCA Edmonton.

By The District Agriculturist

"GREEN ACRES"

Seeded Pastures

Mr. Klinck, Dairy Commissioner for Manitoba said the other day that 'too many pastures are just exercising lots'. Ain't it the truth! Good pastures are the cheapest food supplies that farmers have for livestock. Many pastures are overgrazed. Well managed pastures that have been well fertilized will keep up milk yields or raise more beef.

New Fangled Barns

The old orthodox method of using stalls and stanchions for dairy cows is giving place to a new plan where there is a loafing pen and a milking parlor. Anyone planning new building or re-modelling a dairy barn should investigate this new system. There is one at St. Paul and the farmers is well pleased with it.

Turkey Club Sales

Last week the Vermilion and Marwayne Turkey clubs held shows and sales. 36 boys and girls each brought in two live turkeys and two dressed turkeys for the show. Then they also sell extra dressed turkeys at the auction sale. One club member won prizes valued at $37 and another one sold turkeys valued at $201. Next year I would like to add another turkey club to the two clubs now going. Let me know of any district that wishes to start a turkey club.

Xmas Tree Safety

The fire hazard of the Christmas tree can be reduced greatly by spraying the tree and paper decorations with a mixture of 9 ounces of borax and 1 ounces of boracic acid dissolved in a gallon of water.

For checking the falling of the needles cut an inch off the base of the tree and stand in a solution of ammonium sulphate for 24 hours. Use one pound of ammonium sulphate to a gallon of water.

One Worst Weed

Wild Oats is still Alberta's worst weed. 2,4-D does not kill wild oats and summer fallow is not very effective. Two methods are recommended: 1. Seed early barley during the first two weeks of June after a couple of crops of wild oats have been killed off first: 2. Grow a greenfeed crop which should be cut before the oats and wild oats mature

Season's Greetings

Once again I extend to the readers of this column in the Lloydminster Times and the Vermilion Standard my hope that you will all have a happy holiday season and a successful year in 1952.

B. H. Buckingham, D.A

Our Greetings To All!

To our merchants and professional men, to all the citizenry young and old of our Town, and to each of strangers and visitors within our gates, we extend

CHRISTMAS SEALS FIGHT T B

Sixteen Years Ago Today

Dec. 19, 1935

Peter Weber was elected Exalted Ruler of the B.P.O.E. Other officers were A. McWilliams, V. H. Cooper, Jack Beresford, Jas. Furt, A. J. Kehoe, Geo. Stonehouse, C. W. Robinson.

All Christmas concerts in the town were cancelled due to an outbreak of scarlet fever.

Arena Badminton club spent $300 on improvements to the arena rink gymnasium.

Mild winter weather was being enjoyed with no zero measured readings on three nights, the lowest being 3 below.

Thirty-two Years Ago Today

Dec. 17, 1919

The thermometer which has persistently registered from 20 to 25 degrees below zero all week, had changed just at press time and risen to almost above the frost line.

Dr. F. Day Smith was expected back in Vermilion after completing two months post-graduate work in the east.

Mayor Joe Clark was re-elected as Mayor of Edmonton.

Subscription price of the Standard was raised from $1 to $1.50 per year.

Woodvale News

Winter has really come to stay it seems. The mild weather earlier this month threatened like spring but in a few days the temperature dropped to 30 below. Let us hope Christmas will bring warmer days as travelling in the country is no pleasure at these frigid temperatures.

More demonstrations took place around here lately. One of stainless steel at the home of Mrs. Gordon Dinon and one of nylon ware at the home of Mrs. Robert Gallo-way.

The Red Cross annual meeting was held at the home of Mrs. Otto Wolters. Reports showed that nine meetings had been held with an attendance of almost nine members per meeting. Eight big and two baby quilts were worked at these meetings. $113.25 was raised by rash donations, a bazaar, a booth at the Tofland picnic. Donations to various charitable organizations were made to the amount of $13.60, while material for quilts to be made in the next half year were bought and are still on hand. A new slate of officers was chosen. Mrs. Betty Lysons, president; Mrs. Margaret Watson, vice-president; Miss Ruby Thomsen, secretary-treasurer.

Miss Bernice Reed, our district home economist gave a very interesting talk at this meeting on table setting much enjoyed by everyone present, and it was hoped that she would be able to come again in the near future to talk on some other subject. Mrs. Wolters served a very nice lunch including ice cream with strawberries and whipped cream partly in celebration of her youngest daughter Christ's second birthday.

The next meeting will be at the home of Ruby Thomsen on Jan. 8. We missed our 1951 president Mrs. Mary McGrath at this meeting and were sorry to hear that she has dislocated her arm at the shoulder, a painful accident, but it is healing nicely after having been set by Dr. Sweet.

Fred Slocum has left for his winter trip to warmer regions! This time he will go to Texas and visit with friends there and on the way back will drop in to see other friends amongst whom will be grandma Lewis at Des Moines. He plans to return via Florida and the eastern States. Everyone is wishing him a pleasant journey and secretly wishing they could have accompanied him!

Miss Lenshook came home for a three weeks' holiday, bringing with her Lorna Wilma Hurst of Baliza. After a week Miss Hunt went to stay a few days with her uncle and aunt Mr. and Mrs. W. A. Anderson at the treacherage at Campbell Lakeshead. Both girls will return to Banff after Xmas where they work at the School of Fine Arts.

Congratulations to Mr. and Mr. Roy Oldenburg (nee Ruth Purser) whose marriage took place last week.

We wish a very pleasant Christmas to the Editor and staff of the Standard and the readers of these news items, with the hope that the true Christmas spirit might be with you all.

Pleasant Valley

We sing I'm dreaming of a white Christmas but no one ever dreamed it would be as cold as this. It makes one shiver to be outside — but it's nice and warm in by the fireside. Such hectic days — of shopping preparations being made for a good time, with lots of good things to eat, a tree for the kiddies with lots of dollies for the girls and trains for the boys.

It is pleasing to hear that Mrs. Dupuit is home from the hospital. Did you write Santa, Joe?

It was too cold to hold service on Sunday. The next one will be held at the writer's home on Dec. 30th. This will be the Christmas service so please keep it in mind.

Happy Christmas everybody!

Doctors predict that tuberculosis may become insignificant as a killer within the next 25 years. This is a goal to strive for, in the past TB has taken a tremendous toll of human life. We can do our part in the anti-TB drive by buying Xmas Seals.

A citizen without loyalty to his hometown is not an asset to his community. Banff

It Was the Best of Times

It was the best of times, it was the worst of times: it was the age of wisdom, it was the age of foolishness: it was the epoch of belief, it was the epoch of incredulity: it was the season of light, it was the season of darkness: it was the spring of hope, it was the winter of despair.

With promises of Peace and the threat of a general War, we can in fact agree with Charles Dickens that it has seemed "the best of times, and the worst." But at the end of our not-so-unique year . . .

Christmas Comes
—reminding us that love and good-will have not left the world.

IF ENOUGH PEOPLE RE-AFFIRMED IT, THEN LIVED UP TO IT, THE RESOLUTION COULD COME TO PASS

"Peace on Earth, Good-will toward Men."

Merry Christmas
And a Very
HAPPY NEW YEAR
from the Staff of
The Northern Hardware
Tom Watts - Bill Wilson - Bev. Baldock and Isobel Cleland

CHRISTMAS GREETINGS

The season of hope and good cheer is at hand, and to friends and neighbors we send our sincere greetings.

The Management and Staff
Geo. Webb & Son

A MERRY CHRISTMAS!

A wonderful time of year when we are glad to pause and give thanks for the opportunity of sending a friendly and sincere greeting to our many customers with whom we have been doing business for so many years.

It is with pleasure that we express our gratitude for your good-will, and wish for you and yours a Joyous Christmas, and that the Star of Hope for Peace and Happiness will shine ever brighter in the New Year.

A HAPPY NEW YEAR!

FIRST STREET SOUTH VERMILION

NEWS from ISLAY

Season's Greetings to staff of the Standard, the correspondents and the readers!

Measles! The measly things are on the go this year to hamper the school's Christmas programs. Last year it was chicken pox. Guess Gum will be out of the concert for the second time.

Some of us who remember Fred Camo who used to farm out west of town on Tom Davies' place, might be interested to know he was making a few calls in town Saturday night.

The fun and frolic staged last Tuesday night Dec. 11th by the curlers was a financial success, as far as the crowd was concerned but where were all those curlers? Some of us had the idea that every body was invited would be there. Anyway, a good time was had, the curl-bowers certainly filled the boards with holes; the guessers on the weight of the cake, a fruit cake, were close and four persons guessed within an ounce of the correct weight, so had to draw for it. Mrs. Gordon Robinson taking the cake. The box of chocolates went to B. Tuskey, the pint jar of candy, wee Marion Tuskey took home and was she all smiles! Quotts took the time of a few of the men and one or two got quite expert. Raking ringers often. Then came the auction with Dan Terrance rattling off the bids in fast time and the folks were really doing some bidding — you just didn't know what you were bidding at under ——. You who donated the articles may rest assured the value was obtained.

The committee hope to have another auction later on. The ladies as usual did the honors in the kitchen, a nice lunch was had. The committee wish to thank those who contributed the articles.

If some ladies missed pie plates, dishes, covers or jars from the supper, they are likely to find same at the church. All were taken there.

Paradise Valley

OBITUARY

MR. LANYON THOMPSON

Funeral services for the late Ernest Thompson who passed away at the Vermilion hospital on Wednesday Dec. 5th, were held in the Unico church on Saturday, Dec. 8th at 2:30 p.m. with the Rev. Mr. Jamieson officiating. Interment was in the Vermilion cemetery.

Rev. Mr. Jamieson conducted the services with a very comforting message. A large number of friends and neighbours gathered to pay their last respects to a pioneer of the district.

The deceased was born on May 9th, 1892 in Sheffield, England, coming to Vermilion with his family in November 1907. At his coming of age he took up homestead land which is still among his holdings in the Paradise Valley district, where he has resided since his arrival in Canada up to the time of his passing. In 1922 he married Evelyn Good. He was a member of the Vermilion Old Timers Association, an active member of farm organizations and community clubs through out the years. Since 1942 he served as chairman of the Chatsworth school board.

Left to mourn his passing are his wife, one daughter Mrs. George Hoopp, Lionel of Edmonton, one son Jack at home. Also survived are one sister Mrs. M. Carlyle of Vancouver and two brothers, Walter of Nanaimo, B.C., George in England

The pall bearers were Messrs. E. T. East, J. H. Tovell, Tom Watts, John Maxwell, Tom Sherwood, Arnold Magee.

The beautiful floral tributes were as follows: In loving memory, Evelyn and Jack, June and George Edith, George and Walter: The Carlyle Children.

With deepest sympathy, Pat, Johnny and girls, Noel, Win and family, of Nanaimo, B.C.; Mr. and Mrs. C. Bartram, Lilian and Harry, Vancouver, B.C.; Mr. and Mrs. Rich a. Good, George and Elsie, Mrs. Cummings, Pat and Ruby, Grandma and Ted, Mrs. and Mrs. Grandma and Granddad Honey, Freda and Harry, Wharton and Jim, Mr. and Mrs. C. McCormick and family, Nora and Ross May and Dave Anderson, Mr. and Mrs. Wm. Krause, Hazel and Norman, Vi and Bob, Noreen and Bill Lodge, Veronica and Bradley, Ltd.; Joe and Mary Farkash and family, Mary and John McKeever, Billy and Lorna McLaughlin, Mrs. Hawksworth, Claude and Louise Bishop, Mrs. McKee, Vic and Cliff, Tom and Isobel Sherwood and family, George and Elva Lyon and family, Chatsworth Country Club, Mr. and Mrs. Steve Stort and family, The Hughes boys, Chas. and Irene Sloss at George Newman, Mr. and Mrs. W. Bowman and boys, Mrs. D. Cameron and family, Harry and Mary Seymour and boys.

Donations to Cancer fund in lieu of flowers: Myrtle and Jim, Harry and Kay, Gladys, Bill and family, Margaret and Maude A., Aunt Ida and Doug, Cyril, Alice and Ian Mr. and Mrs M. Tovell, Ken Rowe and Sons, Old Timers Assoc Vermilion; Mr. and Mrs. H. Kinshella, Mr. and Mrs. Bert Fowler and Mildred and Les Kinshinsky, Mr. and Mrs. A Ramsley, Mr. J. H. Tovell, Gladys and Ken, Mr. and Mrs. an I Arthur, Mr. and Mrs. Ralph Wilson Mr. and Mrs. Arnold Magee and family, Mr. and Mrs W. J. Mowes, Mr. and Mrs Frank Farkash and Mrs. Matt Farkash and family, Mr. and Mrs. Randolph Hutchinson, Mr. and Mrs. Jim Cameron, Mr. Edwin Burton, Mr. and Mrs. C. F. Young.

Hoyer's were in charge of funeral arrangements.

CARD OF THANKS

We acknowledge with grateful appreciation the flowers, magazines and messages of cheer sent to Mr Thompson while he was a patient in the Royal Alex and the Vermilion hospitals.

We extend sincere and grateful thanks also for the beautiful floral tributes, donations to the Cancer fund, and for kind expressions of sympathy and offers of help received during our recent bereavement.

Evelyn Thompson and family

Bowtell Bulletin

The last card party held in the hall was well attended. Prize winners were Miss Marion Pilkie, Mrs. Repp and Lewis Hicks playing as a lady and the consolation. Gents, Jimmy Perkins, Jerry Mowes and Agent and Mr. Repp consolation.

Deepest sympathy is extended to the Thompson family in their recent sorrow.

Miss J. Hamm was a supper guest Sunday at the Repp home. Miss Shirley Johnson baby sat at the Perkins home on Sunday.

The latest victim of the measles is Pearson Sherwood. Thanks are extended to Dr. Sweet for his attention.

Twenty ladies attended the Busy Bee meeting held at Mrs. Robinson's. Visitors were Mrs. B. Gould, Mrs. C. Clark and Mrs. Carroll. Much discussion took place regarding the Xmas tree, etc. A donation of $10 was made to the T.B. fund.

Congratulations and best wishes are extended to Miss Patrick McGinnis and Mr. W. Hamilton who are to be married in the Knox United church in Edmonton on Dec 27th. Pat lived in our district and attended the Bowtell school.

Mr. Knutson returned home this week after spending some weeks visiting his brother in Saskatchewan.

Cold storm. Christmassy looking weather prevails.

Here is wishing our Editor and staff, all our readers and everybody everywhere, a Merry Christmas and a happy, bright New Year

Jones Brothers — Proprietors

By Bernice Reed, Wainwright, Alberta

News Notes From Your District Home Economist

To Remove Prunes From Shell

Prunes can be removed from the shell whole if you boil the whole nut in water for 15 minutes. Drain and cool. The flavor won't be lost.

Christmas Cookies Without Children

Is the Santa without whiskers — Don't you think?

Fudge Nutmeg

The notion of eating food to keep it from going to waste is false: to waist is exactly where it goes.

Try This

Use 2 cups water to 4 cups macaroni. Make thick suds with 1 beater or electric mixer. Spoon the scrapings into one. They'll dry quickly and cling indefinitely. Then sprinkle extra soap flakes liberally on the snow before it sets.

Hints for Making Good Fudge

Steam all sugar crystals from the side of the pan after sugar has dissolved. Add butter and let candy cool, without jiggling it, till it's a bit warmer than lukewarm. Then stir continually beating isn't necessary, but if you're ambitious it's fine) until the candy starts to lose its gloss. Turn it onto a buttered dish quickly or you'll have to eat it out of the pan. All these precautions are just to give you a smoother fudge, without sugar crystals. Fudge creamier if you can manage to store it in a light container for a day. But who can keep fudge?

Cranberry Sauce

Is extra special if you grind one cup of raw cranberries and one or two oranges (skin and all) together and sweeten this to taste. Delicious enough just to eat.

May you one and all, have a cheerful Christmas, bright of cheer and thrifty, sugar has dissolved. Add butter and let candy contentment.

Wildmere Winks

We wish to extend our sympathy to Mrs. Ernest Sanderson and family on the loss of husband and father. He had lived for many years north of town and his passing leaves a place in the district that will be hard to fill. One by one these old timers are leaving us for their well earned rest.

Mr. J. Wellington visited his sister at Dauwell, Alberta last week. He was accompanied as far as Edmonton by Noel Carroll of Basswood who is going to work as assistant fish inspector at Flat River for the winter months. Jimmie got into the icy driving conditions on his return home and while he saw several near accidents he was fortunate to be in none himself.

Billie and Adam Smith have left by car to visit their mother at the coast for the winter.

The writer was in and played Bingo at the Elks hall on Friday night but was not lucky enough to win one of the nice turkeys nor a cash prize.

On our return home from town on Friday night we stopped in at the home of Thorcliffe school for a little while. We were pleased to be able to say hello to Fred Goddard again. Mr. Goddard and his wife were storm-bound at our place for a few days a few years ago when we lived at Clandonald. It was a nice crowd and grand music. We wished we could be nearer together. Next time we'll take our dancing shoes along and have it on a warmer night, folks.

Clib Cruthers is the proud owner of an elk hunter. Frank Gibson has an oil furnace.

Donald Gibson of Woodside, Man., is here visiting his brother Fran. and family of Basswood.

We wish our Editor and staff, all our correspondent readers, a very Merry Christmas.

Just a reminder — please don't drink and drive — you might not be here to read the Winks in the New Year!

Manville L.O.B.A. Elect Officers

MANVILLE — Officers elected by the Manville chapter of the Loyal Orange Benevolent Association at a meeting recently were:

Worthy Mistress—Sister Margaret Croft

Past Mistress—Sis. Nellie Whitson

Guardian—Sis. Ernest Chrysler

Dep. Mistress—Sis. Joan Lugg

Jr. Deputy—Sis. Lucille Hughes

Chaplain—Sis. Emma Gerhart

1st Lecturer—Sis. Jean Schock

2nd Lecturer—Sis. Irene Finley

Recording Sec.—Sis. Nolda Finley

Treasurer—Sis. Marion Smith

Financial Sec. — Sis. Margaret Lynch

Dir. of Ceremonies—Sis. Phyllis Jackson

Pianist—Sis. Faye McLaughlin

Outer Guard—Bro. Ernest Hamilton

Inner Guard—Sis. Wanda Prill

Committee — Sisters Margaret Hubbard, Rita Smith, Ethel Hewley and Linda Scoggins.

Greenlawn Grapevine

The Greenlawn Goodwill club held their monthly meeting recently, with Mrs. Bill Boyce present as a special guest. On behalf of the committee by Mrs. Norm Mathison presented her with a wedding gift, welcoming her to the community, where Bill was so long an active member, and wishing them both every happiness in their married life.

Plans were completed for the Christmas concert which will be held on Friday, Dec. 21st. The Club fund was enriched by a novel stunt. A penny an inch was charged each member for their mutually measurements. Myrtle Jacklin was the hostess of the occasion and this has the earmarks of one of her inspirations. Results — a lilliputian ball, hour for all and a profitable one for the treasurer.

The young people of the district now have their own organization. A junior local of the F.U.A. Officers are: Tom Ryan, President; Bob Magill, Vice-President; Shirley Rosmanchuk, Secretary. On the executive are Ardis Mathison, Judy and Joyce Pilchuk.

A hockey team is being organized with Jim Magill as manager. The rink at Donald Mathison's is to be enlarged and flood-ed for practice purposes.

To raise funds for these activities the group plans to hold a novelty dance. The date will be announced later.

Two Commitments for Ladies Club

Speaking of Ladies' clubs, we came across the Two Commitments for the Homemakers' Guest, Women's organization). In case you haven't chuckled over it too, here's how it goes:

1. Those shall come to all meetings, be it an horseback, in sulkey, how save thy limbs the next day; be it on bike, which is exceeding good for reducing curves in the right places, be it on hoof, though all thy cows and bunion shall ache, or be it by the old Ford, after ever so great a squabble with thine old man over how much gas is left.

2. Thou shalt be liberal in offering thy home for meetings even though the housecleaning shalt not be done, and the windows shalt grey.

3. Thou shalt load thy car to capacity with neighbors and friends, though the springs of thine car creak alarmingly and thy husband mutterest dire things under his breath.

4. Thou shalt bring lunch which it be thy turn, be the bread ever so sour.

5. Thou shalt not come late, even to exhibit thy new hat which thou boughtest at the mail order house, or thy permanent wave shalt droop.

6. Thou shalt not interrupt the meeting to talk about thine operations, aches or pains, not even thine husband's.

7. Thou shalt speak thy mind at the meeting, not on the way home, lest thy words backfire and smite thee

10. Thou shalt give thy husband a decent meal after the meeting and not let him clean up the left-over sandwiches, or serve a can of soup.

Always yet a little sentimental around the Yuletide season. So perhaps it's a good time as any to make this little statement. We hope in reporting your local news, we have met most of the needs of the time and serve of you most of the time We feel that as comparative newcomers we use modesty say, what a grand place it is to live. As a community you've shown us kindness in a hundred ways, large and small. In appreciation we hope the Grapevine will be of some community service.

So we say, too, a very Merry Christmas to all, and a Prosperous 1952. And we do mean it.

"Unto you is born this day . . . A Saviour."

OUR COMPLETE SHORT STORY—

So Small A Price

"Do You Really Think a Woman Shouldn't Risk a Security?" Sadie Hawkins Asked Him.

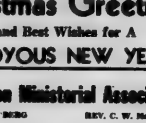
By ISABEL M. REEKIE

IT HAD rained and even as Sadie Avenue looked fresh and sweet. Linda and Steven, sitting close on the top of the bus, drew in great breaths.

"Let's not talk for awhile." Linda's head fitted into the curve of Steven's shoulder, her fair curls brushed his ear. Steven nodded in response as his fingers closed over her hand, his head leaned on hers.

Under Linda's head, Steven's shoulder was warm and solid. She felt happy and safe. The way she always felt with Steven. Queer, she thought, she felt altogether different when she was with Rod. One of those days —she stirred uneasily—she would have to make up her mind; she would have to choose between Steven and Rod.

Amy Vanderbilt Compares Blue Bonnet —It's Her Favorite!



Accept an invitation from Amy Vanderbilt. Compare Blue Bonnet Margarine's say yourself at any price. Like the noted New Yorker, you'll love Blue Bonnet's fresh, sweet flavor! Rich nutrition! Real economy! Ruth Bonnet, Canada's fine quality all-vegetable margarine. Blue Bonnet is cooking, on vegetables, or delicious spread. Try Blue Bonnet and get "all three"—at your Grocer's! 877-17

BLUE BONNET Margarine is sold in two types — regular unsalted package with color wafer, and also in the famous Hi-Low Quiz bag for lucky color.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

Send thirty-five cents (35c) in coins (stamps cannot be accepted) for this pattern. Write plainly size, Name, Address and Style Number and send orders to:

Anne Adams Pattern Dept.,
Winnipeg Publications Office,
60 Front Street W., Toronto

"Ready . . . now?" Steven's voice was low.

"Ready? For what?" Her soft red lips parted.

Steven's voice was edgy. "Next month is going to be a steady grind. I've got to know one way or another, so I can settle down."

"Old Doc Sawbones wants to concentrate, is that it?" She laughed lightly and, the spell broken, set up and away a little. "Everything has to be labelled and tabulated, your girl. Well, I don't know. I bet that I don't love you. But a year is a long time to wait. It might be more than a year—"

"If you love me—"

"Yes, I know. But there's Rod. I'm fond of him, too. Perhaps it's best not to love too much," deferentially. "Then if things don't turn out well, it doesn't hurt as much."

"Nonsense!" Steven frowned. "You're evading the question. Either you love me, or you don't. It isn't that I don't love you. But a year is a long time to wait. It might be more than a year—"

"If you love me—"

"Yes, I know. But there's Rod. I'm fond of him, too. Perhaps it's best not to love too much," deferentially. "Then if things don't turn out well, it doesn't hurt as much."

"Nonsense!" Steven frowned. "You're evading the question. Either you love me, or you don't. It isn't that I don't love you. But a year is a long time to wait. It might be more than a year—"

"Why not?" Linda pushed a flying lendril behind one ear. Other things being equal. Or, rather, other things being unequal."

"What do you mean?"

"Well . . . Linda looked straight ahead. "Granted that I love you, Steve—oh!" at the vise-like grip of his arm around her body. "How can I explain if you make love to me?" Slowly his arm relaxed. But Linda didn't speak for awhile. She was thinking of the way Steve's heart had been thumping when she pressed against him.

"Yes, I love you," very low. "But I don't like waiting so long. You may change your mind. I may change mine. It's now that counts, and—"

"With Rod you wouldn't have to wait." Steven removed his arm.

"Rod is good-hearted," stubbornly. "Depended on what one wants."

"You needn't be so mean." she retorted.

"Mean?" aggravatingly. "Insinuating that I'm scheming." "If the cap fits—"

"Steve," Linda's voice was very small, "do you really think a woman should think of security?"

"Security?" Steven thinned his cradle. Linda's hands in his. "Depends again on what one means. The way I see it," his fingers tightened on hers, "no matter what one chooses, there's always a sacrifice of a sort involved. There's always a price to pay." All at once he seemed very tired. His shoulders slumped. "I guess it's up to you, Linda. As I said at the beginning, I want to know—now. I've got to work like mad for the next month. Next year, too. I'm going to win that fellowship." All his aggressiveness had vanished. He was all lover now, pleading. "It would help much to be able to know that you were my girl; that you were waiting for me. I'd have something to work for then. Something real, not just a career. I know," his eyes searched deep, "you'd have lots to put up with. But there'd be times—they'd make up for the other things."

Always a price to pay, Linda thought. Strange, that Rod had said those very words to her only last night. She had been reconstructing with him at that third night club. "What about tomorrow, Rod?" she'd asked. "You'll have a terrible head."

"Head? Yes. One always has a head. It's the price one has to pay," my dear, for a merry life." He had winked solemnly. "And cheap at the price."

That was it? Could be that Steve was right. It all depended on what one wanted from life—on what one was willing to pay, as well. Then Rod—she had never admitted it before—saw right tire of paying the price.

They were far out on the Avenue now. Dusk had settled softly. Linda let herself relax again on Steven's shoulder.

"Steve" He turned. The warmth in his eyes, the smile trembling on his lips, made her hold her breath. His lips came down hard on hers. "Oh, Steve!" It had always been Steve. Always would be. How could she have hesitated? The price was nothing.

Big Gas Flow From Brock Well

SASKATOON. — Officials of the Husky-Phillips Oil company said a drill stream test of their Husky-Phillips Brock No 2 well has indicated a gas potential of 10,000,000 cubic feet daily. Further testing is planned. Brock is between Kindersley and Rosetown, Sask. and is 100 miles southwest of Saskatoon.

Farmers, now the headquarters of the Chinese Nationalists, was ceded to the Japanese in 1895 and not regained by the Chinese until the end of World War II.

Canada's Population At 13,893,208

Over Two Million Higher Than in 1941

OTTAWA.—Canada's population is more than 100,000 short of the 14,000,000 mark, the bureau of statistics disclosed in a preliminary report on the 1951 census.

Making its first compilation of total population five months after the census was taken, the bureau estimated total population at 13,893,208 or 2,000,533 higher than the 11,892,650 in 1941.

All provinces made gains with the exception of Saskatchewan which dropped 66,817 to 829,170 from 896,-987.

Biggest provincial gain in numbers was made by Ontario which increased 774,000 to 4,582,334 from 3,787,-334.

The Northwest Territories made the smallest increase, expanding by 2,988 to 16,016 from 13,028.

The 1951 population by provinces with 1941 figures in brackets:

Prince Edward Island, 97,767 (95,-047); Nova Scotia, 639,277 (577,962); New Brunswick, 512,186 (457,401); Quebec, 4,010,235 (3,331,882); Manitoba 771,315 (729,744); Alberta, 936,-556 (796,169); British Columbia, 1,-153,058 (817,861); Yukon, 8,988 (4,-914); Newfoundland's population was placed at 357,782.

ODDITIES In The News

Nova Scotia's oldest licensed automobile driver is 93-year-old Henry Hall of Sheet Harbor, N.S. Active and alert despite his years, he has had only one accident in 36 years of driving—he knocked the hub cap off another car while passing on a narrow road 35 years ago.

◆ ◆ ◆

Police Sgt. Eugene F. Doherty, of Waterbury, Conn., is used to collecting—but dealing with parking fines. He was surprised when one motorist paid his with an attached note which read: "Why holler for an inflated dollar."

◆ ◆ ◆

Glen Albright suffered minor injuries recently when he was involved in a head-on-collision with a rabbit at Kenyon, Minn. The rabbit was killed by the impact when it bounded into Glen. Glen's hip was bruised.

◆ ◆ ◆

A veteran Danish farmer of Copenhagen, believes he owns the world's oldest horse, an Icelandic pony, now 34 years old. "She is my best friend," he says. "We worked together until she was 14 years old—twice the average age of a horse."

◆ ◆ ◆

A Divorced Paris housewife Jeanne Merlen cooked her neighbor's cat and served it to her husband as "jugged rabbit." She said she killed it in anger, after finding it sleeping in her baby's cradle. She was fined 600 francs for destruction of a domestic animal.

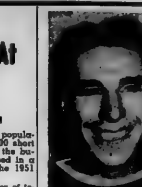
MORE IMMIGRANTS

OTTAWA — The new movement of 12,000 immigrants from the Netherlands will come to Canada next year and between 4,000 and 5,000 of these will be farm workers. This was disclosed at the ninth annual Federal-Provincial Farm Labor Conference at which ended recently.

Do GETTING UP Getting you Down?

If morning finds you only half awake — if you're weary — if your sleep is broken by aching, burning and burning of the kidneys — you may be to blame. When kidneys slow down, poisons are left in your blood. Then you may suffer backaches, dizziness, nervousness, rheumatic pains, leg pains, swollen ankles. To help your kidneys regain a normal condition, use Dodd's Kidney Pills. Dodd's help the kidneys get rid of poisons and excess acids in your system. Then your annoying symptoms may disappear. Get Dodd's Kidney Pills today.

Dodd's Kidney Pills



MAX BENTLEY, one of the best forwards in the game today, recently scored his 300th goal in N.H.L. play. Max hails from Delisle, Sask., and started his hockey career with the Chicago Black Hawks later moving to the Toronto Maple Leafs.

Potatoes Shipped To Saskatchewan To Meet Shortage

WINNIPEG — Some Manitoba potatoes are being shipped to Saskatchewan to help take care of a shortage which has appeared there, a spokesman for the Winnipeg vegetable wholesale house said

The wholesaler said there are "more than enough stocks" here after our own market in Manitoba." United States potatoes are being shipped into Regina to fill the gap left when Alberta potatoes, normally shipped to Saskatchewan, were held by frost which damaged and killed part of the crop.

Imported potatoes will be brought in from areas in North Dakota, and will likely sell for about the same cost as the Manitoba variety, the spokesman said.

The U.S. dealers pay no tariff on import potatoes, he said.

1951 Flax Crop Grading High

WINNIPEG — The 1951 flax crop is above average in quantity and quality of oil but contains high percentages of tough and damp grades the research laboratory of the board of grain commissioners said.

Average quality values are: oil content 42.6 per cent; iodine value 192 units and protein content of oil-free meal 44.1 per cent.

Production of wireless flaxseed is estimated at more than 35 million bushels to the 1950 crop.

COURSES AT VARSITY

SASKATOON — Three short courses in agricultural engineering will be held at the University of Saskatchewan early in 1952, the university's extension department has announced. A gas-engine and tractor course is slated for January 15-25; January 9, 1952 a blacksmithing and welding course will run first, Feb. 11 to Feb. 22; and a farm building course, Feb. 25 to Feb. 29. Details of information and applicat n forms may be obtained from L. H. Newman, extension Department University of Saskatchewan at Saskatoon.

RHODES SCHOLIES

WINNIPEG — Miss Mary Francis 21-year-old honors history student at the University of Manitoba has been awarded the Rhodes scholarship for 1952.

VANCOUVER (CP) — A 21 son of a prominent Vancouver family, Bridge Flowers, 21, Rhodes scholar.

Stronger of the brain — the blakes it appears as a person's mind grows after death.

Ghost Town

Last Resident Of Phoenix, B.C., Buried On Hillside

PHOENIX, B.C.—The snow has fallen on a freshly-dug earth covering the grave of Phoenix' last inhabitant. William Henry Bambury was the last citizen of what was once Canada's highest city—a bustling mining town of five churches, 17 saloons, two railways, an opera house, three schools and 3,500 people.

Two persons stayed.

One was a Belgian caretaker named Adolf Sercu who signed himself A. Paw. For years Paw paraded the city's rolling streets with a 30-30 rifle under his arm and a homemade badge on his chest. He died in 1932.

The other who stayed was Bambury.

He came to British Columbia from Portsmouth, England, to work on the Canadian Pacific. He arrived here in 1900 at the age of 23 to work as a carpenter.

He never left except for a few months in hard winters when he made his way to the hotel in the nearby mining town of Greenwood.

He did leave again, in October, to go to hospital in Trail. But he returned. At his request he was buried in the cemetery on the hillside near the old Coppermine's glory hole.

Grandby Consolated Mining and Smelting Company took 13,500,000 tons of copper out of Phoenix' mountains, which rise 3 miles north of the U.S. border and 300 miles east of Vancouver.

Phoenix was founded in 1891 and passed flight tests required for a private pilot's license and are waiting on results of ground examinations. The flight tests were conducted by Inspector B. F. Burbridge of the department of transport. The latest candidates are: R. W. Brown and J. H. Osborn, both of Brandon; J. A. Chandler, Didsbury, Alta.; H. C. Friesen, Fleming, Sask.; M. M. Hammond, Dand, Man., and D. A. Morton Stettler, Alta

An ostrich has only two toes.

Western Briefs

Cattle Drowned

WEBB, Sask. — Leroy Nelson a Webb district farmer lost six head of valuable cattle recently when the animals broke through the ice on a slough and drowned. Among the animals were some purebred Jersey dairy cattle.

Timber Industry Flourishing

REGINA — Saskatchewan's timber industry was described as "flourishing" by E. J. Marshall, provincial forest ranger, in his report of operations release. Mr. Marshall said the reason for this was a ready market, with demand outstripping supply of most forest products

Winter Fair Successful

BRANDON — The 1951 Manitoba winter fair was the most successful in the history of the institution, it was reported at the annual meeting of directors here. On the year's operation the fair showed a net profit of more than $5,000.

For Better Land Use

PRINCE ALBERT—Improved land utilization for northern Saskatchewan was stressed recently at a northeast area conference of provincial agricultural representatives in Prince Albert. At the conference Jack Ross, son of Melfort, northeast area supervisor, stressed the importance of improved land use to conserve soil. This could be done, he said, by increased use of better livestock and by crop rotation.

Agriculture Course

GLADSTONE, Man. — Decision to hold another short course in agriculture next February was made at the annual meeting of the Gladstone Seed club in the town hall. There will be a demonstration plot in the summer. It was also decided the club will continue with the plots and that Easter oats will be grown for competition. Lee wheat will be raised as an experiment.

Students Pass Flight Tests

BRANDON — Six more students of the Brandon Flying Club have now passed flight tests required for a private pilot's license and are waiting on results of ground examinations. The flight tests were conducted by Inspector B. F. Burbridge of the department of transport. The latest candidates are: R. W. Brown and J. H. Osborn, both of Brandon; J. A. Chandler, Didsbury, Alta.; H. C. Friesen, Fleming, Sask.; M. M. Hammond, Dand, Man., and D. A. Morton Stettler, Alta

Mama pig may be on the way out, says The Financial Post. Perhaps that is going a bit far but on the market now is a new artificial nursing device for baby pigs. Within seven hours of birth they can be taken from their mothers and attached to this many nipple feeder. It prevents newborns from being crushed by obtuse mothers and is said to cut rearing device for baby pigs. Within seven hours of birth they can be taken from their mothers and attached to this many nipple feeder. It prevents newborns from being crushed by obtuse mothers and is said to cut mortality 2

CHRISTMAS MESSAGES
FROM THE CHURCHES

Rev. Eric P. Berg
Alliance Chapel, Vermilion.

ANOTHER Christmas season is upon us, when we are about to commemorate the birth of Jesus Christ, the Son of God, Who came to this earth over 1900 years ago to become the Redeemer of mankind. I say written, "Thou shalt call His name Jesus for He shall save His people from their sins".

It is easy in the rush of Christmas shopping, giving and feasting, to completely forget the true significance of Christmas and why we have it. Did you ever stop and ponder what this world would be like — if Christ had not come?

There would be no Redemption, no Resurrection, and no hope After Death. It is said that a preacher once sat in his study and he began to ponder what this old world would be like without Christ. He fell asleep and dreamed of a Christless World. He went out on Christmas Day (as we know it) and business was going on as usual, men and women with care-worn faces were going to and fro but he heard no joyous greetings, no carol singing, no church bells and wondered but then he remembered . . . he was in a Christless World. He saw no churches, no hospitals, no Homes for Aged, or orphanages. He found no place where pity was shown. No one he was in a Christless World! He met a man who was bereaved with sin and was over to point him to the Lamb of God which taketh away the sin of the world when he remembered that without Christ there was no refuge, no pardon and no hope. Looking for his Bible he found it was gone for without Christ the Bible couldn't exist. Going to the sick bed of a dying woman he was about to speak words of comfort but had none because he was in a Christless World. Taking the funeral service, he said, "Earth to Earth, ashes to ashes and dust to dust" but could not say, "We look for the resurrection through Jesus Christ" because he was in a Christless World.

With these thoughts overwhelming him he awoke to find it was but a dream and realized more than ever before that Christ had come. How thankful he was for this great truth.

If Christ had not come then you and I would be hopelessly lost and miserable, but thank God, He has come and Christmas reminds us of that. "God so loved the world that He gave His only begotten Son that whosoever believeth in Him should not perish but have everlasting life." Let's celebrate Christmas so that He will be honored and we will truly have a Merry Christmas.

Canon V. W. Trapp
St. Saviour's Anglican Church, Vermilion

O tidings of comfort and joy — that is what we sing about in the old hymn at Christmas time, and that is what I am going to try to think about all through this Christmas season — Tidings of Comfort and Joy.

Our men in Korea — those are the first people who come to my mind and to whom I would like to wish "tidings of comfort and joy" at this Christmas Season of 1951. Of course, all their friends and relatives and loved ones will be wishing very hard that their men in Korea were home to enjoy all the fun and the good things to eat and drink and the comfort and joy that will be present in their Canadian homes. But they can't be with us this Christmas. They have taken on a tough assignment, and they have got to see it through. The best we can do is to remember those men who are ready to die for us, and for our comfort and joy, at this Christmas time.

The People of Russia — They are the second lot of people who come to my mind at this season. I wonder—will there be church services, and carols, and hymns in Russia and the countries behind the Iron Curtain? Will there be any sort of a Christian atmosphere in any sort of Christmas-atmosphere in Russia? Yes, I think many churches, Greek-Orthodox, Greek-Catholic and Baptist churches, will be packed to the doors in Russia this Christmas. A group of English people went to Russia and the United States in July and when they came back they said that the thing which left the most vivid impression on them was the universal desire among Russians and Americans for PEACE. That sounds to me very much like the best Christmas wish they could express. Anyway, it was the first Christmas wish: "Peace on earth among men of goodwill."

Jesus Christ — I can't forget Him, because He IS the 'tidings of comfort and joy'. Remember, it is the religious element in Christmas which gives it any meaning whatsoever. The word Christmas points to the celebration of a religious service on Christ's birthday. Different people call it different names—Holy Communion, the Lord's Supper, or the Mass. The most natural thing at Christmas time is to go to church. If you do, you too will be filled with 'tidings of comfort and joy'.

SONG OF ANGELS
Rev. C. W. MacKay
First United Church, Vermilion.

IN the hearts of men everywhere, there is a deep longing and desire for peace. This feeling seems more prevalent during the Christmas season. Although men may have a desire for peace, they very often refuse or reject those things that belong to peace. Such was the case with Jerusalem many centuries ago. She desired peace but refused to possess those things that make for peace. Just before the destruction of that city Jesus spoke these words over it: "If thou hadst known, the things which belong unto thy peace! But now they are hid from thine eyes." We desire peace but are we willing to seek those things within our own lives and the life of the nation, that make for peace?

The secret of peace, for the individual as well as for the nation, is to be found in the message to the shepherds. While these shepherds were guarding their flocks from the wolf and robber a heavenly host appeared and sang this song to them: "Glory to God in the highest, and on earth peace, good will toward men". Countless individuals may give hearty approval to the latter part of the angels song (peace on earth, good will toward men) without realizing that such will never be accomplished until the first part of the angelic song is sung to God.

In other words, man must give glory and praise to God before he can have the desired conditions of peace on earth, goodwill towards men.

But instead of joining with the heavenly hosts to praise and glorify God, mankind of late has chosen to sing, with Swinburne—

"Glory to man in the highest . . .
For, man is the master of things."

The world wars in the space of a single generation should have wrecked that false dream and silenced its boastfulness. Yet man continues to sing:

"Glory to man in the highest . . .
For, man is the master of things."

The true secret of peace is to be found when men join and glorify God in the highest for the gift of His only begotten son, Jesus Christ. For it is Christ who reconciles us to God. It is He who brings us into closer relationship with God and in that relationship one discovers the real meaning of peace. Very often our idea of peace is quite different from the peace Christ came to bring. We think of peace very often as the absence of armed conflict whereas the peace that Christ brought contained a far deeper meaning. This deeper meaning is beautifully set forth in these words

"Peace does not mean the end of all our striving.
Joy does not mean the drying of our tears.
Peace is the power that comes to souls arriving:
Up to the light, where God Himself, appears."

Men want peace but will they, in this most blessed season of the year, accept the One who can bring peace to the individual, to the home, and to the nation? Man of himself, cannot bring about peaceful conditions in this world. We rejoice that such an organization as the United Nations has been established to advance the cause of peace and good will among men, but such an organization will not be an effective instrument until by some means the hearts and minds of men are changed. Rev. Matthew Imrie, first atomic bomb chaplain states, "In him we can find something that will change men into good men, the immature into the socially minded, and the egotistic into the co-operative, the future of human society looks much evil. In Jesus Christ we find One who can change men from beings who think only of themselves to one who devote their entire lives to the service of others. In Christ we find the Great Physician who alone can cure the ills in society today. Our world is sick and needs the touch of the Master Physician. We rejoice with the heavenly hosts that God has given us One whom

THE GREATEST INVASION OF ALL TIMES

Lieut. H. E. Chipperus,
The Salvation Army, Vermilion.

HOW vividly we could recall radio reports and newspaper headlines which spoke to us of invading powers crossing the borders of enemy countries to once again engage nations in the hatred act of War. The pages of history are red with the blood of conflict, and what destruction and devastation has been caused by the dreadfulness of hostility. The world has witnessed many invasions — smoking guns, groaning ships, droning planes, and rumbling tanks have created terror in the world.

When Jesus was born in Bethlehem His invasion was foretold by the Prophet 'For unto us a Child is born, unto us a Son is given: and the Government shall be upon His shoulder: and His name shall be called Wonderful, Counselor, Mighty God, Everlasting Father, Prince of Peace.' It was heralded by the voice of an Angel, and proclaimed by shepherds who made known the message abroad.

Yes! *Jesus Invaded the World!*

His was the most significant invasion of all time. Despite the fact that, 'there was no room in the inn, and few had realized the importance attached to this major event: Christ came and invaded the world with more power and greatness than any other invader has ever experienced. Cæsar had his vast empires guarded by strong armies. Who could imagine that a little Babe could come with more power than Cæsar! But Jesus did come: He invaded the world to inaugurate an event that has never disappeared.

Though other invasions brought with them havoc and horror, the invasion of Christ brought with it Peace. But say some, where is the peace of which you speak? We reply with the words of General A. Orsborn, 'Peace is conditional. To many it is simply an absence of armed conflict, a pause between battles. But peace is more than that, it is the presence of a power balancing the whole human life.' Christ is that power, the spiritual weapon which brings balance and hope to troubled men.

This peace and joy are possible because as Matthew states in his Gospel, 'He shall save His people from their sins'.

The question comes ever more personally. What has the invasion of Christ meant to me?' When Christ invades individual hearts, there comes with this invasion a great and wonderful awakening. A change is wrought in the individual and his entire outlook on life is different: his desires are now for Christ and not for himself. Christ cannot however, come to the uninvited heart, he must first be welcomed.

If you will allow Him to invade your heart this Christmas it will be for you the happiest and most glorious event you will have ever experienced.

If we trust will help us in overcoming the forces of evil now present in the world.

Saint Luther expresses this thought in one of his magnificent hymns which reads

"A mighty fortress is our God
A bulwark never failing;
Our Helper He amid the flood
Of mortal life prevailing.
Did we in our strength confide,
Our striving would be losing;
Were not the right Man on our side
The Man of God's Own choosing."

Annual Meetings Of Vermilion School Division

POOR ATTENDANCE AT VERMILION

Annual meetings in the various subdivisions were held during the week-ending, Dec. 8th when prescribed reports were presented by divisional trustee for the subdivision, superintendent and sec.-treasurer.

Subdivision No. 5, at Dewberry — A well attended meeting was held at Dewberry hall on Monday, Dec. 3, when 30 electors heard reports and discussed affairs of the School Division. Meeting stressed importance of having attention of motorists drawn to regulations of Highway Traffic board concerning motor vehicles approaching school buses when loading and unloading passengers. Questions were asked concerning construction and cost of new school now in course of construction at Dewberry. Meeting thanked Trs. R. Mead and Supt. R.D. Simonson for interesting reports.

Subdiv. No. 2 at Kitscoty—Twenty electors attended the meeting at Kitscoty on Tuesday, Dec. 4, when reports were presented. Discussion centred on the need of an fuel Instead of coal and meeting recommended that at least one school be converted to oil as an experiment in 1952. Meeting passed resolution asking Dept. of Education to make changes in the School Act to allow payment for election officials when election or divisional trustee is necessary.

Returning Officer J. R. Robson called the meeting to order for trustee for Subdiv. 2 for period of three years, Mr. Albert King's term of office having expired at the end of 1951. Two nominations were received: Mr. Thomas Cluttenpole, of Lloydminster, and Mr. Albert King, Kitscoty. Elections will be held in the various polling places throughout the subdivision early in January and full instructions will be forwarded to each local secretary as soon as the Board has determined on polling places. Electors in new school districts where the school is no. operating may vote at polling places designated by Board at any place in the subdivision upon completion of required declaration. On motion of Secretary, J. G. Inglis the meeting recorded appreciation of services rendered by trustee, superintendent and officials.

Subdivision No. 1 at McLaughlin—Meeting in this subdivision was held at McLaughlin hall on Dec. 5. There were 12 electors in attendance but reports were studied closely and considerable discussion arose on such topics as indoor toilets, dormitory accommodation, health courses and classroom discipline. Mr. Arthur Clarke who serves in dual capacity as municipal councillor and divisional trustee answered questions and spoke at some length of Health Unit recently introduced in this area.

Subdivision No. 3 at Marwayne—Thirty two electors attended the annual meeting in Marwayne hall on Dec. 6th. Tr. Wm. L. Brown presented a very interesting report of the year's operation, paid tribute to the services rendered by Asst. S.D. Miller transferred during the summer to Lethbridge S.D. and welcomed Supt. S. D. Simonson as successor. Mr. Brown outlined new construction and major repair projects of the current year. Mr. Simonson presented printed copies of report and this was studied in detail. Secretary presented 1951 financial statement, 1952 budget and financial statement covering 10 months' operation in 1951. Discussion centred on siting of three rural schools, quality of coal supplied this year, additional accommodation at Marwayne, laundry, grants, debenture and provincial assistance in capital construction. Officials were thanked for interesting reports presented.

Subdivision No. 6 at Vermilion—Reports were read to a good attendee meeting in Legion hall, Vermilion on Dec. 7 when an evening meeting had been arranged for the benefit of the electors. Because of the low attendance it was decided to register that the Home and School Assoc. meetin for February be held at the same time as the annual meeting of the local S.D.; which school affair may be discussed. Mr. Simonson having outlined the needs for additional accommodation at Vermilion and major repairs required by the officials as required by the School Act. Mr. A. H. Cooper, retiring trustee for Subdiv. was returned to office by acclamation and meeting, recorded appreciation of services rendered by Mr. Cooper.

Subdivision No. 4 at Islandville—The work of meetings concluded at Thorn lliffe school on Dec. 8th when 26 electors representing most of the school districts in the subdivision enjoyed the comforts of the new school and took an active part in a very interesting meeting. Reports were presented by T. D. C. McGrath, chairman of Vermilion S.D. by Supt. S. D. Simonson and Sec. J. R. Robson.

The meeting discussed centralization at rural points throughout the subdivision and practically every person present contributed to the discussion. It was very evident that definite action will be taken in only the area that suitable centralizations may be considered. It was decided to hold meetings in each interested school district when a study of road conditions and school conditions will be made. Committees will then be appointed to [illegible] study of the situation after which a decision is reached. The election [illegible] may be made. M. Metcalf, Supt. Simpson thanked the meeting for good attendance and interest shown and promised co-operation in efforts to secure solutions to some of the area. J. R. Robson expressed the appreciation of the Divisional Board for the cordial co-operation received at all times from the Municipal Districts particularly in the matter of Vermilion River.

Meeting adjourned with vote of thanks to officials for reports and consideration shown to suggestions made at the meeting

Kitscoty High School Notes

On Tuesday and Thursday nights the majority of K. H. S. students could be found dashing gaily to the curling rink when the first games of the season took place. A few of the female curling enthusiasts have displayed beautiful black and blue marks as proof of their curling abilities. Everyone is looking forward to a very successful season.

Girls with dainty silvery bells on tags pinned on flowing formals or pretty uniforms and boys with gay bows on their best suits, could be seen dancing to the music of Keith Inman's orchestra on Friday when Snowflake Frolic took place. Entering the hall one was struck by the beauty of the wintry decorations which transformed it. Above the stage were the silvery letters of Snowflake Frolic. Streamers and tinsel strung across the ceiling were gaily festooned with Christmas bells and balls. Snowflakes sparkling from a background of blue paper decorated the sides and front of the hall. The effect was lovely and the dance was greatly enjoyed by all.

Everyone is looking eagerly forward to Christmas holidays, but not before our week-end (?) rest there will be much rucking of weary brains for the Xmas tests.

Schools will close for the Xmas vacation at 4:00 p.m. Friday Dec. 21st. They will remain closed until Thursday morning Jan. 3rd when they will re-open

OILFIELD MOTORS

Value Of Research

THE CONTRIBUTIONS OF RESEARCH to agriculture in the last fifty years have been numerous and the results are to be seen in many of the farming methods of the present day. Varieties of wheat, fruit-trees, insecticides, mechanical equipment and many other matters affecting agriculture have been subjects of research and both the farmers and the public have benefitted from the work which has been done. While a great deal has been accomplished, many people, and perhaps none more than the research workers themselves, realize that there are still many problems to be solved. This fact has been brought to the attention of the public twice lately in discussions concerning crop conditions in the west. For the past two years the western wheat crop has been seriously damaged, last year by frost and this year by early snow, which reduced the estimated wheat crop marketings by nearly 30,000,000 bushels, according to the report of the Canadian wheat board.

* * * * *

Seed Producers Are Affected

Mr. Ernest Jackson, president of the Saskatchewan Seed Grain Co-Operative Ltd., speaking before the 27th annual meeting of the Saskatchewan Wheat Pool, pointed out that bad harvest conditions in the past two years had made it difficult for seed growers to produce registered and certified seed crops of high grade and germination. Mr. Jackson stated that scientists are now working on problems related to the effect of early frosts, but more information is needed, and he urged that greater financial appropriations should be granted for agricultural research, which benefits both the farmer and the public generally in many ways.

* * * * *

Has Brought New Problems

The need for research in another field of agriculture was discussed by Hon. J. G. Gardiner, Minister of Agriculture, in the house of commons recently. Speaking of harvest conditions in the west this year, Mr. Gardiner suggested that the equipment used by farmers for seeding and harvesting delay these operations under certain conditions, and offset the advantages provided by the development of early-maturing wheats. He suggested that delay in seeding operations were a factor in the damage caused to the last two crops. Research is now being done by machinery companies, Mr. Gardiner said, in an effort to find equipment which will allow speedier seeding operations. The western wheat crop is important not only to the farmers, but to the country as a whole and to many outside of Canada who look to this country for supplies of grain. The present situation is a serious one and it appears that many of the problems which have arisen from it may be solved through agricultural research.

"Golden Mile"

Moose Jaw's Main Street Is Famous—100 Feet Wide

MOOSE JAW, Sask.—Moose Jaw's Main street is famous. It's 100 feet wide and they call it the "Golden Mile". It's not so long ago that it was paved with wooden blocks which used to up and float away in a heavy rain. But today it's one of the West's widest and finest main streets. And if the business done there through the years were added up, its "Golden Mile" label wouldn't be far off.

Moose Jaw doesn't get much chance to forget that its business is based on agriculture and that wheat is a main reason for its existence.

The city, Saskatchewan's third largest with a population of just under 25,000, is the distributing centre for 60,000 square miles and a trading area for 90,000 square miles.

The towers that break its skylines are related to wheat. The provincial seed plant building, a floor mill and the Federal grain storage elevator are Moose Jaw landmarks.

But the No. 1 industry is railroading. It is a railwayman's railway town, the district headquarters in Saskatchewan for the Canadian Pacific Railway and the northern terminus of the line to Minneapolis.

Moose Jaw is having no one of its peak construction years. More than 600 new houses have been built during the last few years, many of them made quite a difference in the city's landscape. And the small houses at the edge of town—the ones that have been there for decades—are freshly painted.

The city is enjoying good business—no rampaging boom but steady growth combined with prosperity.

Although this has been a bad harvest year, business has been "surprisingly good", says C. S. O'Shaughnessy, commissioner of Moose Jaw's Chamber of Commerce.

Bank debits for the first eight months of the year showed a 14.6 per cent increase over last year against an average increase for the Prairies of 12.7 per cent.

Just south of the city a $2,000,000 home for mentally deficient is being built. It will house 1,000 patients with a staff of 300.

The Air Force is building a training school at the site of a Second World War station four miles south of the city. Some 120 houses are being built there as permanent staff quarters and other buildings and a $2,727,000 contract has been awarded for the job.

Changing the look of industrial Moose Jaw is a $5,000,000 expansion project at the British American Oil refinery. Installation of new equipment will double handling capacity for crude oil from the Alberta pipeline. When completed, the refinery will produce 120,000 gallons of gasoline a day.

Moose Jaw's schools are filled to capacity this Fall. A $200,000 wing is being added to the Moose Jaw Technical School. The school board has often pushed out for future schools.

The layroute today is steady progress. Forty years ago, Moose Jaw like many other Western cities was down-town. In 1913 its net assessment hit a high of more than $50,000,000. It dropped to a low of $16,000,000 in 1940.

Now it's on the way back and this year is expected to be about $30,000,000.

One thing the city has never been short of is room. How it got its name, Chinese are undecided whether it came from the slang of the Moose Jaw or from the crowding of a pioneer ox-cart wheel with a moose's jaw.

Much Crop Unthreshed

WINNIPEG, Man.—The Searle Grain company's third crop report indicated 32 per cent. of this year's crops still in the unthreshed under snow across the prairies.

Provided this unthreshed grain finally gives the same yield per acre as the crop already threshed, the company estimated the prairie wheat crop at 846,000,000 bushels. With 373,000,000 bushels already threshed, this leaves 173,000,000 bushels of wheat still under snow.

The report estimated 30 per cent. of the whole wheat crop would grade No. 3 and under, including tough and damp.

With the same proviso with crops still under snow, the report estimated final yields at: oats 231,000,000 bushels, barley 248,000,000, rye 16,700,000 and flaxseed 8,800,000.

Manitoba has only 3,000,000 bushels of unthreshed wheat, while Alberta has 84,000,000 bushels under snow and Saskatchewan 86,000,000.

Record By Port Of Churchill

SASKATOON—A record was set in 1951 for inspecting and exporting through the Port of Churchill, W. G. Streeton, president of the Hudson Bay Route Association, said.

He told the second annual convention of the Saskatchewan farmers' union 21 ships had left the Hudson Bay port during the shipping season, bringing 11 and one-half million and carrying away 7,328,000 bushels of wheat.

Tourist Imports Hit New High

OTTAWA.—Canadian tourists returning from other countries during U.S.) reported purchases of $35 million in the first nine months of this year—a jump of almost 20 per cent over the record high of the same period last year.

Included in the total were $1,300 radios.

Biggest totals were $18.5 million in clothing; $4.3 million in household appliances.

CORN'S BIG LINE . . . Willard C. Kirk of Jeffersonville, Ohio, is shown with a variety of yellow hybrid corn that won him the title of "Corn King" at the 50th annual hay and grain show of the International Live-Stock exhibition in Chicago. Kirk won the first Ohioan ever to achieve the award in the history of the show.

Funny and Otherwise

Mrs. MacGregor: Are you the young man who jumped into the river and hauled my son out when he fell through the ice?

Young Man: Yes, ma'am.

Mrs. MacGregor: Where's his mittens?

* * * *

Bibi: "I think men should wear something to show they're married. Women wear wedding rings."

Mimi: "Men wear something to show they're married. They wear last year's clothes."

* * *

"Did my medicine do my good?"

"A wonderful remedy, doctor. I took three spoonfuls and my wife went. I rubbed those spoonfuls into my knee for rheumatism, and the rest we used to clean the silver."

* * *

Glancing up from the advertisement in the old magazine he had found, the boho said in his compassion: "Do you think it does any good to have your character analyzed by your handwriting?"

"All it ever got me," said the other grinning, "was six months in jail—for forgin' a cheque."

* * *

"What's wrong with ye, Pat? It's half asleep ye're looking."

"It's the cold! Wasn't I sitting there till gone two o'clock for him to come in, so I could get him safe for the night!"

* * *

He had just bought a toothbrush. "How about two of them?" asked the druggist. "One for your wife?"

"No thanks! When I buy a new one, I always give her the old one," said the customer casually. Then, as the druggist and several others in the shop gasped, he added: "She uses it to clean her shoes!"

* * *

Jake: "Your wife used to be so nervous. Now she doesn't seem to show a sign of it. What did you do for her?"

George: "That was easy. The doctor simply had her nervousness was a sign of age."

* * *

A successful business man was giving an address on "Commercial Acumen" to a class of students. In speaking of his career, he mentioned a certain company that had been wound up on account of its shady practices.

"Of course," he said, "as soon as I realized there were possibilities of dishonest profit being made, I got out of it."

"How much?" asked a student.

Merry Christmas

Here's a summary of retail business prospects based on information supplied by the Purchasing Agents' Association of Toronto to The Financial Post.

Christmas sales, helped by good weather across the country, have gotten off to a fast start. Retailers are looking to a boost in sales when have been lagging in the last six months. While not many are expecting record sales, indications show plenty of purchasing power and Christmas sales should be at a high level.

Two million Canadians were hospitalized for tuberculosis in the past year in clinics, hospital admissions, programs, and mass surveys. It is an impressive record, but it is still not high enough. Purchasers of Christmas seals will increase the number of X-rays that can be made.

Christmas Seal your Xmas mail.

Retailers Announce Shopping Hours For Christmas

For the convenience of shoppers the Retail Committee of the Board of Trade announce the following hours during Christmas week:

Saturday Dec. 22 — open to 9:00 p.m. as per usual.

Monday Dec. 24 — open to 6:00 p.m. as usual.

Tuesday, Xmas Day, and Wednesday, Boxing Day, all business places will be closed.

Saturday, Dec. 29 winter closing hours commence with closing each Saturday at 6:00 p.m.

Monday Dec. 31 — close at 6:00 p.m.

Tuesday, New Years Day—closed all day.

Wednesday Jan 2—Open 9 to 12 noon as usual hours

Vanesti U.F.W.A. Holds Annual Meeting

The Vanesti U.F.W.A. met at the home of Mrs. W. Spencer on the afternoon of Dec. 5th. There were five members and three visitors present. The meeting was called to order with everyone giving a helpful hint. The minutes of the meeting were read and adopted. Mrs. W. Spencer resigned as secretary and Mrs. D. Fiewell was appointed to carry on until next meeting. The plans for helping with the Xmas concert and treats were discussed. Mrs. Fiewell received the prize for the helpful hints and it was decided to make a scrapbook of hints for the year. The group decided to send $10 to the Crippled Children's fund. Next meeting will be held at Mrs. Purser's on Jan. 9th. Everyone is to bring their helpful hint and a New Year's resolution. The meeting closed with a very nice lunch served by Mrs. Spencer.

Here is a general report of the year: We have had two speakers Miss Lindsay and Miss Reed. They gave talks on the following subjects — Sewing and Serving Machine Attachments', 'School Lunches', and 'She Always Looks Smart'.

These talks were very interesting and we are looking forward to more in the future.

New officers elected for the coming year are as follows:

President—Mrs. M. Bauer; Vice-President Mrs. H. Lamely; Acting Secretary until next meeting—Mrs. D. Fiewell Press Reporter—Mrs. R. Allin. Our club has paid for the community telephone, and we have had a very successful year.

We would like to close by wishing everyone A 'Merry Christmas and a Happy and Prosperous New Year'.

OBITUARY

Mrs. Eleanor Jane Coulter Moore

Funeral services for the late Mrs. Eleanor Jane Coulter Moore who passed away at the home of her daughter Mrs. W. L. Roebuck on Sunday, December 9th, 1951 were held in the First United church, Vermilion on Wednesday Dec. 12th at 2:30 p.m. Interment followed in the Islay cemetery at the side of her husband.

Rev. C. W. MacKay conducted the service; where friends and sympathizers gathered from the Vermilion and Islay districts to pay their last respects.

The deceased was born at Port Hope, Ont., in the year 1865 where she received her education, remaining to engage in the teaching profession for ten years. In 1895 she was married to Wesley Moore and went to her new home in Lindsay, Ont., where her family of five sons and one daughter were born. She came to Vermilion in 1917 where the family farmed for a number of years. Due to failing health she and her husband retired from active farming in 1937, moving to Vancouver. Because of failing eyesight she returned to Alberta to the house of her daughter Mrs. Roebuck with whom she resided until the time of her death nearly twelve years later. During her active years she was an interested member of the Methodist and later the United church taking an active interest in Sunday school and ladies' organizations within the church, particularly the Women's Missionary Society. A deep and abiding religious faith and an unfaltering devotion to her home, family, and friends were characteristic principles of her philosophy.

She was predeceased by her second son Ernest in the year 1901 and by her husband Wesley in 1942. Left to mourn her passing are her daughter Mrs. W. L. Roebuck of Vermilion and four sons, Arthur of Ponoka, Edgar of Victoria, Harold of Vancouver and Campbell of Calgary, twelve grandchildren and six great grandchildren.

The pallbearers were Messrs. Andrew Kibbiewhite, Harry Waterfield, Basil Hawley, Neil McLennan, Frank Welsh and Uive McFadgen.

Moyer's were in charge of the funeral arrangements.

Beautiful floral tributes were received from: The Moore and Roebuck families, Monica and Norman, Esther, Elizabeth and Mrs. Ryckman; Margaret, Archie and family; the Richardson Girls: Amy, Joy and Ida; Tom, Winnie, Pat and Clarence; Mr. and Mrs. Beecroft and family; Elva, George, Gwendolyn and Edward Lyons; The Hawley Family; Helen and Wilfred Matheson; Mr. and Mrs. Albert West; Mr. and Mrs. Elmore Stewart; Mr. and Mrs. McGlinn and family; Ruth and Frank Welsh; Mrs. M. G. Urquhart; W. Annette; Muriel and Carman; Mrs. McKee and family; Mr. and Mrs. Oakley, May and Dorothy; Harry and Nina; Lyle, Annabelle and Mrs. M. Welsh; Vermilion Boy Scouts.

Flowers to the house — W.M.S. United Church: Laura, Frances and Andrew; Mr. and Mrs. John Carey and family; Helen and Ford Davidson; Elizabeth and Mrs. Ryckman.

Donations to Canadian Cancer Society — Nellie and Lloyd McFadden; Mrs. H. N. Stephens; Jas. Carey; Mr. and Mrs. A. W. Elliott; Gladys and Muriel Stone; Mr. and Mrs. Dave Buchanan and family; Mrs. Addie Mead; Mrs. E. Martin, Dave and Irene.

Cemetery Fund — Mr. and Mrs. Harry Elliott; Ken, Lottie and Elliott Urquhart; Tom, Marge and Chris.

Islay Cemetery Fund — Mr. and Mrs. John Shorr Mr. and Mrs. C. Young.

Crippled Children's Fund — Mr. and Mrs. Chas. Redmond and family; Mr. and Mrs. T. H. Davis; Mr. and Mrs. Fred Maiden.

CARD OF THANKS

We wish to express our heartfelt thanks and grateful appreciation to friends and neighbors for their assistance and many acts of kindness and thoughtfulness; beautiful floral tributes; donations to charities; expressions of sympathy, flowers, personal calls and phone calls to the home on the occasion of our son and brother-in-law.

The Moore and Roebuck Families.

QUICK CANADIAN QUIZ

1. How far from the ocean is the port of Montreal?
2. Which is our oldest university?
3. What Canadian poet wrote 'The Shooting of Dan McGrew'?
4. Does Ottawa's tax on a low, priced car amount to $20, $250 or $700?
5. What Canadian tree grows the highest?

ANSWERS: 1. The St. Lawrence is 2,384 miles. 2. McGill, Montreal, dates from 1829. 3. The Bard of the Yukon, Robert W. Service. 4. $250. 5. Laval at Quebec, dates from 1670.

Local News of Interest

Mrs. A. B. King, Pamelia and Murray left on Saturday by plane for Saskatoon where they will spend the Christmas season with the former's parents, Dr. King will join them on Dec. 23rd and return with the family after Christmas.

ACC John Kleskinsky will be home from Gimli to spend Xmas with his parents Mr. and Mrs. Nick Kleskinsky. John will not return to Gimli but will go to Camp Borden in Ontario.

J. W. G. Morrison, K.C., will leave Saturday evening to spend Christmas with his brother, Rev. Dr. Morrison in St. Louis, Mo. Mr. Morrison will be away for a week or ten days.

Mr. and Mrs. Gordon Downey and two children, Dale and Lois, plan to spend Christmas and the holidays at Prince Albert where they will visit at the home of Mrs. Downey's sister and family, Mr. and Mrs. Mundin.

Mrs. A. M. Watt was called to Vancouver last week end by the serious illness of her mother.

A party comprised of Mrs. George Dolman and Helen, Mrs. Milton Farrell, Glenda and Gertie, and Wayne Fry, plan to leave Friday, Dec. 21st by car for Edmonton and Hine Ridge. They will visit sisters and brothers in Edmonton, then go on to Hine Ridge to their mother Mrs. F. A. Fry and their sister and family, Mr. and Mrs. Wes Harrison.

Mr. and Mrs. F. J. Richardson and Mary Jane plan to leave Saturday for Edmonton to spend Xmas at the home of Lieut and Mrs. Bert Stead and family.

Junior Farmers At Marwayne Hold Successful Turkey Show

Once again the Marwayne White Turkey club put on a fine show and sale. There were 150 turkeys in the show and 50 dressed turkeys were sold by auction.

The high price of $1.30 per pound was paid by Dudlyke Turkey Farms for a turkey grown and dressed by Janet Kent of Marwayne. The reserve champion bird was shown by the same exhibitor and sold for 87½ cents per pound to Jack Beresford for the Marwayne Co-op store. Dick Swanson of Marwayne bought 26 of the dressed turkeys offered for sale.

In the live turkey classes James Crichton was awarded first and Janet Kent second for Toms and James Kent got first and Bill Knoen second for hen exhibits.

Special prizes were awarded as follows: James Kent, highest combined score for live and dressed turkeys (10 points donated by Co-op Hatcheries); James Crichton, best tom in show (25 chicks by Lyons' Hatcheries, Vermilion); James Kent, best dressed hen (25 chicks by Ansley Hatcheries, Lloydminster).

For dressed turkeys the awards were: dressed tom—Janet Kent, 25 chicks from Co-op. Hatchery; dressed hen—Janet Kent, 25 chicks donated by Pringle's Electric Hatchery).

In the judging competition Doreen McFadyen obtained the highest points and was awarded 25 chicks by Hambly Hatcheries.

The judge of the dressed turkeys was C. Semple, chief poultry grader, Edmonton, and F. Higginson, Poultry Commissioner placed the awards in the live classes. Mr Ritchie, poultry fieldman for this area was M. Mitchell of Wetaskiwin, in charge of the show arrangements. J. A. Elliot was auctioneer.

The club supervisor is E. L. Bingham, District Agriculturist; Vermilion, and Dick Dudlyke of Marwayne is the Club leader of the turkey club.

At the end of the show the club members served turkey sandwiches and cake to the parents and visiting officials. Mrs. R. Dudlyke displayed a White Holland Turkey banner which was greatly admired by all.

IN MEMORIAM

In loving memory of
Edwin Kissick
who passed away Dec. 21, 1942
"In our hearts your memory lingers
Sweetly tender, kind and true
There is not a day dear Edwin
That we do not think of you."
—Mother, Dad and family.

Local News of Mannville And District

The Merry Manvillites, an Edmonton organization of ex-Mannville residents, plan to hold a party in the Cloverdale Community hall on Dec. 29th.

Dick Machin now of High River was a Mannville visitor this week.

Recent Edmonton visitors from Mannville have included Mr. and Mrs. E. Hubbard, Jean and Karen; Mrs. Wm. Fisher and Joan; Rev. R. Clement; Mr. D. Coulter, Miss Ruby Coulter, Miss Betty Veitch, Mrs. J. Johnson and Doris.

Miss Jean Hubbard is now employed at Len's Locker Storage.

Work on Pete Grabas' new business premises is proceeding despite the cold weather.

Miss Betty Medin of Vegreville was a recent Mannville visitor.

Shippers to the local H. & D F creamery have received $13,072 in cash and shares, marking the end of a very prosperous year.

Among the patients in the local hospital are Mrs. Scheffler with a broken arm, and Bonnie Bang who recently had his appendix removed.

Through the medium of the Stannard Mrs. Reg Spencer wishes to thank all friends for the flowers, letters and cards expressing the senders' good wishes. It was very encouraging to Mrs Spencer to know that so many are thinking of her.

CLANDONALD HALL

This week end Friday and Saturday, Dec. 21st and 22nd, "The Unfinished Dance" in color—with Margaret O'Brien, Cyd Charisse and Karin Booth. With compliments of the management children 13 years and under free this week end. Next week "Thieves Highway". 25x

ALLANDALE

Since last writing this scribe spent a week Dec. 14, up north at Waseyways and Ft. McMurray with our eldest daughter Della and family. Our new grandson Wayne James is a lovely big boy. The trip was made to La Biche with Orley Omnese by truck, from there on it was the N.A.R. The weather there at that time was a little colder than here, around 20 to 30 below. Days seemed much shorter, about an hour difference.

The latter part of November Mr. and Mrs. Theodore Throndsen and family Beverly and Steven were transferred from Widewater to Yellowknife, N.W.T. It has always been Theo's wish to go farther north. This is the farthest they will send a family.

Congratulations to Mr. and Mrs. Ralph Simone on the birth of a daughter, Irene Florence, on Dec. 1st.

The search for a water well at Johnny Nelson's is getting very disgusting. They are on the 3rd hole at 291 feet and still no water.

Mrs. Scilla Lee and family have moved back home from Clandonald and Linda is again attending school at Allandale. Miss Margaret Quick

stad from Landonville is with the family and has been at see three visits last fall.

Mr. and Mrs. Howard Pratt and family Muriel and Lyall are comfortably settled at Dodds, Alta., where Howard is employed by the coal mine.

Note: All children under 12 years are invited to a free show on Saturday, 22nd at 3:00 p.m. at Clandonald as a Christmas treat from Mr. and Mrs. Goddard and family.

Our deepest sympathy to Mrs. E. Thompson, our Chateworth Chatter correspondent, and family, on the loss of a dear husband and father.

Eddie Throndsen was one of the fishermen on Lake Wabamun on Dec. 16th accompanied by Tom Semple, from Edmonton. Their catch was not large, which enables them to have another try on March 15th when caught from Lake Wabamun are high quality fish.

IN MEMORIAM

In loving memory of
William Lamontagne
who passed away Dec. 21, 1942
Nine years have passed and gone
Since one we loved so well
Was taken from our home on earth
With God in heaven to dwell
The flowers we placed upon his grave
May wither and decay
But the love for him who sleeps beneath
Will never fade away.
—Sadly missed by Wife, Pat and Kids.

Mr. and Mrs. A. E. Williams on Nov. 29th, a son, James Edgar

Farwell by ill health to close his barber shop here, Lloyd Harris and Mrs. Harris have moved to Edmonton where they are residing for the time being with their daughter and family, Mr. and Mrs. W. H. Hillman at 11852—102 street.

The girls had a hard time trying to settle down to the business at hand. Everyone wanted to go back out to Helen's. Man! What a party! Lil got pickled—at least she kept the pickle plate empty. Lena lost her voice, and so far has only found a small portion of it—and it squeaks. No party is complete without the unexpected happening so—we now have two prospective new members, namely Mary Sheldon and Brenda Macnab. We can hardly wait to see them in white skirts. And Helen, if everyone was holding her stomach don't feel badly. It wasn't because of what she ate but how much she ate! What a Christmas feast that was. Sorry you had to miss Ivy's rendition of 'Old MacDonald Had a Farm' on the way home though. (The wrong girl lost her voice).

Again this year Stagettes hope to help the less fortunate of our town have a Merry Christmas by sending Christmas hampers, so if any of you readers happen to know of such persons needing a little cheering we would appreciate it very much if you would get in touch with the Club.

Wednesday afternoon will find the Elks hall filled with snow, trees, paper and what not, and somewhere underneath the pile, vigorously try ing to make the hall look Christ massy for the Holly Frolic on the 26th are Stagettes. We're looking forward to a big night. Dress your uniforms and look sharp girls.

Here it is — Checking on New Year's eve: 1st shift Allie and Celia; 2nd shift — Brenda and May. Oh, No, it Barbara and Faye.

No more meetings till next year, so till Jan. 8th when we meet as usual in the Club Room — Merry Christmas and Happy New Year everyone!

Pretty Wedding At Mannville Church

MANNVILLE. — McQueen's United church, Mannville, was the scene of a very pretty bridal when Rev. Harold Penner united in matrimony Miss Netty Natalka Lastuka and Mr. Allan Dalki.

Miss Lastuka is the daughter of Mr. and Mrs. Harry Lastuka of Mannville. The groom's parents, also of Mannville, are Mr. and Mrs. Andrew Dalki.

The bride was attended by Mrs. Fred Dey, Mrs. Natie Murais of Edmonton and Miss Noria Dalki.

Flower girls were Agnes Dalki and Vivian Lastuka.

Best man was George Lastuka, John Goshko and Joseph Babij acted as ushers.

The bride wore a floor-length gown of white satin and lace, with a three-quarter length lace veil. She carried a cascade bouquet of red roses.

A yellow sheer floor-length gown with matching chapel veil was worn by Mrs. Dey. Gowns of mauve net and green sheer with matching chapel veils were worn respectively by Mrs. Murais and Miss Dalki. The bride's attendants carried mixed colonial bouquets.

Agnes Dalki, as flower girl, wore a pale blue frock and carried a nosegay of mixed flowers. Frocked in mauve, Vivian Lastuka also carried a nosegay.

A reception in the L.O.L. hall for about 300 guests followed the ceremony.

Mannville Couple Honored on 46th Wedding Anniversary

MANNVILLE. Their forty-sixth wedding anniversary was celebrated Dec. 9th by Mr. and Mrs. John Modin at a dinner held at their home attended by their six children, fourteen grandchildren and one great grandchild.

Present were the families of Mr. and Mrs. E. Semmens, Mr. and Mrs. Henry Modin, Mr. and Mrs. E. Cahler, Mr. and Mrs. Nelson Rattan, all of Mannville, and Mrs. L. Modin of Lindbergh, and the couple's [illegible] daughter, Miss Wilma Modin.

After a celebration dinner, the couple were presented with a handsome gift by the family.

The only absent members of the Modin family were Mrs. Elmer Marty Modin of Vegreville, and Bttle Shirley Ruttan who is undergoing therapeutic treatment in an Edmonton clinic.

Derwent Farmers Hold Bonspiel

On Dec. 14th and 15th the Derwent Farmers held their annual bonspiel. First in the Grand Challenge was won by Peter Mudryk and his rink consisting of Paul Mudryk, Bill Kozychuk, Jim Lee and Carl Hendel. lead. The 2nd, 3rd and 4th prizes were won by Stephen Babyn, J. R. Bober and John Karpchuk.

In the Merchants event first was won by Schoonmaker, 2nd by A. Jawila. 3rd. A. Willmer and 4th M. Willmer.

The first in Consolation was won by Klatt, 2nd F. Pavlichny, 3rd H. Lychak and 4th, Malachowski.

Vol. XLIII. No. 26. Vermilion, Alberta, Thursday, January 3rd, 1952 $2.00 per Year

Annual Meeting At Kitscoty February 16th

Purebred Sire Area Approved For Vermilion River M.D.

The following is a summary of minutes of the meeting of Council of the M.D. of Vermilion River No. 24, held in the municipal office, Vermilion on Dec. 11-12th.

Present: Reeve John Leighton and Crs. A. Clarke, J. D. Slone, R. A. Watt, P. McGuigan, T. Belshaw, D. G. Lawrence.

Minutes of November meeting were accepted as presented; Financial statement for November was accepted; Accounts approved by the Finance committee were passed for payment.

Pure Bred Sire Area

Moved that this Council being satisfied that two-thirds of the ratepayers have petitioned Council for establishment of a Pure Bred Sire Area and that all requirements of the Act and Amendments, have been complied with, do hereby petition the Minister of Agriculture to establish such area to cover the whole of the municipality. It is further asked that horses, sheep and swine be excepted from the jurisdiction of the time being.

Returning Officer

That A. R. Wood be appointed returning officer in 1952, remuneration $11 per day and file per mile necessarily traveled.

Election Officials

Moved that D.R.O.'s be paid $6 per day, Poll clerks at $5 per day and be $5 per day and that enumerators be allowed $10 per township.

Next Meeting

Moved that nomination and ratepayers meeting be held in Kitscoty at 1:00 p.m. on Saturday, Feb. 16, 1952.

Moved that Crs. R. A. Watt and D. G. Lawrence be appointed members of the Civil Defence Control committee. Carried.

Moved that NW 22-32-4 be sold to Geo. Groves for $600 cash; NW 5-53-4 be sold to Davies Bros. for $1800 cash; N½ 14-50-5 be sold to Gerald Calton for $2600 cash. Terms half cash, balance in two annual payments ,cross fences and some personal effects the property of O. Easton. Cd.

Highway No 45

Moved that we urge upon the provincial government the earliest possible completion of Highway No. 45 paralleling the C.P.R. Willingdon line from the junction of said highway No 45 and highway No. 41 to Lloydminster, serving the hamlets of Clandonald, Dewberry, Hardisine, Marwayne, Streamsboro and the large territory between highway No. 41 and the N. Sask. river, at present not served by any east and west province(s) highway. Cd.

By-law No. 317 concerning sale of Pt. SW 20-54 given 3 readings and carried. By-law 318 concerning the grant of $450 to the M.D. of Sugar City to help meet costs of assessment cross carried to the Provincial Council, given 3 readings and carried.

By-law 319 concerning purchase of a Richardson blade grader at a cost of $9,900 given 3 readings and carried.

By-law 320 concerning the rescinding of By-law No. 316 given 3 readings and carried.

By-law 321 concerning the leasing of the following Tax Recovery lands NW 34-51-6 to Chas. Minx for $50 and given 3 readings and carried.

By-law 322 concerning purchase of arc welder for $700 given 3 readings and carried.

Moved that H. Curtis be allowed $10 damage to grain caused by horses owned by W. R. Scott. Cd.

Death and Funeral Of Henry Charles Oakley

One of Vermilion's most widely known and esteemed citizens, Henry Charles Oakley, passed away at his home on the afternoon of Sunday, December 23rd. He was 83 years and eight months of age. From the time he first came to Vermilion back in 1907, until ten years ago when he retired, Mr. Oakley was the town's policeman. Although at one times he was the sole member of the force he was always called the "Chief" and this name clung to him until the time he passed away. As policeman through the pioneer days of the town and on through the years he rendered yeoman service to a town of ways. The familiar figure in the blue uniform became a town tradition and it is safe to say that he was the most widely known man in the town. The Chief had that rare quality of engendering widespread friendliness and affection along with the deeper respect for authority which he invariably represented and the law he upheld. His knowledge of the various stages of the growth of the town, of the 'old days', of the people living here, and especially of the boys and girls who grew up under his friendly and watchful eyes, was a asset to none.

Prior to coming to Vermilion Mr. Oakley was a member of the Metropolitan Police Force of London, England and his beat was the dock area along the Thames where people of every nation were to be seen.

He came to Vermilion to farm, proved up on a homestead a few miles north and never parted with his quarter section although he never actively farmed the land.

Henry Charles Oakley was born on April 19th, 1871 at Cuddington, Buckingshire, England. He grew up there and on February 10th, 1895 he married Harriet Anne Aldridge who survives him. They came to Vermilion from London, Eng., in June 1907, where he served as town policeman until ten years ago. Since that time he had continued to live a retired life in the town, although was often on the streets, doing shopping, getting his mail, quite regularly practically up to the time of his death.

He is survived by his wife and three daughters, Mrs. Ina Hyslop, Mrs. Lillian Olsen and Mrs. Dorothy Oakley, all of Vermilion, and two grandchildren. A brother and two sisters live in England.

Funeral services were held on Wednesday Dec. 26th at the First United church, Vermilion with the Rev. C. W. Mackay officiating. Committal service was also held in the church. Pall bearers were Messrs. J. Hill, H. J. Payne, A. M. Weal, Cyril King, T. Watts and G. C. Long.

Interment was at the Vermilion cemetery.

Beautiful floral wreaths were received from: The Family: Fred and Dorothy, Mr. and Mrs. J. N. Oakley and Mr. and Mrs. F. M. Stewart; Mrs. Parker, Ray and Nora; Mr. and Mrs. W. J. Shewish and family; Mr. and Mrs. H. Hagen; The Pilkies, Mr. and Mrs. S. C. Hyslop and family; Mr. and Mrs. Bartlemeyer and Edward, Tom, Dorothy and Adolf; Mr. and Mrs. Arne Snaydon, Alice and Harry; Dr. and Mrs. H. J. Clarke, Mr. and Mrs. Wes Watkins, Mr. and Mrs. H. Wiebe, Mr. and Mrs. Cyril King, Jey and Keith; Mr. and Mrs. Geo. Dibben, Mr. and Mrs. Jack Dibben, Mr. and Mrs. A. Krusinsky; McLellan and Rooke; Perry and Joyce; Mr. and Mrs. Ken Rowe and sons; Mr. and Mrs. E. H. Buckingham; Mr. and Mrs. Ray Clough, Marvella, Jessie and Bill; Mr. and Mrs. E. Schumann and family; Mr. and Mrs. Jim Cameron and family; Lena, Myrtle and Aubrey Rose; Mr. and Mrs. Tom Smith; Mr. and Mrs. E. Schumann

Death of Mrs. Reuben Shupe At Vancouver

Mrs. Ida Shupe, beloved wife of Reuben Shupe, 4141 Eton Street, Vancouver, B.C., passed away in hospital at the age of 65 years. Left to mourn her loss are a daughter, Mrs. Mildred Klashinsky of Vermilion, Alberta; a son Roy of Vancouver, two sister sisters Mrs. Mary Broughton and Mrs. Daisy Bunnet of Vancouver, a brother and sister in the U.S. and seven grandchildren.

Funeral services were held at Kearsley Funeral Home chapel on Dec. 19th at 11:00 a.m. Rev. Canon Swichart conducted the services and interment was at Forest Lawn.

—Vancouver Province.

Thorncliffe

Sorry to be late with this news budget folks.

The December W.I. meeting was held at the home of Mrs. James Moore on Dec. 7th at 2 p.m. All members except one were present and there was one visitor. The meeting was opened with O Canada followed by the Women's Creed and the roll call, a helpful hint.

As our club has just been formed we did not have an annual meeting which is usually held in December

Our members agreed to put on a short play as part of the Xmas concert. It seemed to have been enjoyed by all who saw it.

The social of the meeting "An Embarrassing Moment" was very amusing. Lunch was served by Mrs. Gordon Dixon and Mrs. James Moore.

The next meeting will take place at Mrs. Alex Ross on Jan. 9th at 2:00 p.m. when the roll call will be a healthful hint and the social, a New Year's resolution.

The pie social and dance put on by Miss Brake on Dec. 14 in aid of the Christmas concert proved a great success socially, and financially.

The Xmas concert was held on Dec. 21st with a large crowd in attendance. Miss Brake and the pupils worked very hard to present an interesting program. Many thanks also to Santa and the pupils of Woon Creek school for coming over and taking part in the concert. Mrs. Hewis King helped with the music.

A draw was made on the turkey raffle. Little Miss Donna Watt drew the lucky ticket for Mr. Bob George.

A dance was held afterwards with volunteer music by Mr. Brake.

—Correspondent.

Letters to the Editor

This paper does not hold itself responsible for opinions expressed by correspondents

R. R. 3, Vermilion, Dec. 21, 1951

Editor, Vermilion Standard.

Dear Sir:

Through the medium of your valuable paper I would like to make an appeal to the farmers of this district on behalf of their sons in the R.C.A.F. Why not get busy and join up. It pays to organize. Look how quickly the organized Boards of Trade and Chambers of Commerce of Canada spoke as one voice when their special privileges were threatened.

We can't all be Master Farmers but we can all be organized farmers and I mean Board of Trade farmers, either.

Yours,

H. W.

New Year Greetings

The Editor and staff convey their very best wishes for the New Year to the readers of the Standard, the advertisers, the regular correspondents, and to the numerous others who contribute to the news columns of the paper. To the many firms and organizations who patronize our job work department our sincere thanks and appreciation too; without this valuable adjunct to the business it would be impossible to maintain the very high standard of news coverage and presentation. The local newspaper comes closer to being a community enterprise than any other business and that this fact is recognized in Vermilion is verified by the support received. The columns of the Standard are always open to record the activities of each and every one of the many associations and organizations of Vermilion.

To revert to our original subject — A Happy, Healthy and Prosperous 1952 to everyone!

Copy Held Over

Owing to this being the first issue for two weeks considerable copy is being held until next week. News which would ordinarily have appeared a week ago was given perference. Everything will be caught up with the next Standard when matter will again be on an even keel.

Board of Trade regular luncheon meeting, Wednesday next, Jan. 30, at the Rendezvous. Everybody invited

Coyote Control

Over 300 cyanide guns have been issued to date to municipal units under the Alberta Department of Agriculture's coyote control policy. H. S. Longmore, Deputy Minister of that active, advises that up to Nov. 1, 27 municipalities, 3 special areas and 3 improvement districts had already adopted the policy. Although harvest conditions retarded the program in many areas, eight of the co-operating municipalities had already set guns, and 15 coyotes had been killed as a result.

Mr. Longmore urges municipalities entailed under the policy to put control programs into effect with as little delay as possible, and suggests that others give prompt consideration to establishing this control measure in their areas. A patch-work approach to the control of coyotes cannot be as effective as a policy that gives complete coverage, he said. Mr. Longman advises that 2000 cyanide guns are still available for immediate distribution by the Department to co-operating municipalities. Farmers desiring cyanide guns should make application to municipal officials when the Department does not supply these guns direct to individuals.

QUIZ MAANADIAN QUIZ

1. What is our most important commercial fish on the Pacific coast, on the Atlantic coast?

2. In what province do sawmills have a greater production than in the nine other provinces combined?

3. What is Canada's southern most city?

4. Do Canadians pay more taxes to their municipal and provincial governments combined or to the federal government?

5. In what year was the Battle of the Plains of Abraham?

ANSWERS: 1. Salmon on the Pacific coast, Herring on the Atlantic coast. 2. British Columbia. 3. Windsor. 4. More than twice as much to Ottawa as to their city and provincial governments. 2. 1759.

Seed Cleaning Plant At Marwayne Completed

Above is shown the new seed cleaning plant at Marwayne which was officially opened on Tuesday afternoon, December 18. Mr. O. S. Longman cut the ribbon signifying that the plant was ready for operation. The colorful opening ceremony, like the plant itself, was a great credit to the community, and attracted visitors from many points, some quite distant.

Alberta Teachers Open New Headquarters

The House that the Alberta Teachers Built' was dedicated to the memory of the man who built the association in a colorful official opening ceremony at Edmonton last Saturday. Occasion was the official opening of Barnett House, headquarters of the Alberta Teachers' Association.

The dedication address, given by Dr. M. E. Lazerte, honored John W. Barnett, founder of the teacher organization in Alberta and its general secretary-treasurer from 1917 to 1946

Dr. La Zerte stated that the building of Barnett House was the final achievement of a series of major advancements made in teacher organization and administration in Alberta in the past 25 years.

The outstanding figure in the A.T.A. from 1917 until his death in 1947 was John W. Barnett, who with industry, patience and fearless ness, worked day and night, in season and out, for both the improvement of the teachers' economic and social status and the welfare and general education in the province', Dr. LaZerte stated.

He added that the pioneering, organizing days are past and that the association must now move forward to attainments made possible by all that has been accomplished since 1917

Following the dedication address Mrs. Barnett, widow of the founder, presented the keys to Barnett House to Eric C. Ansley, general secretary-treasurer of the A.T.A.

The three hundred administrative and institutional guests present heard Dr. LaZerte then attended a reception at the Macdonald hotel with Mrs. Barnett, Mr. Ansley and Miss Marian Gimby, A.T.A. president receiving.

Captain Cook's Tortoise Still Going Strong

Tu'i Malila, a tortoise presented to a Tongan chief by Capt. Cook in 1777, still lives in the grounds of Queen Salote's palace at Nuku'alofa, Tonga. Survivor of a lurry accident and a bush fire, he still receives the customary presentations of food at important festivals. Tu'i Malila has a paragraph to himself in the recently published H.M.S.O. booklet 'Introducing the British Pacific Islands'.

Here, in some 100 profusely illustrated pages, is told the story of the 'islands in loneliness', home of nearly 500,000 people, of whom [illegible] of Fiji.

On these coconut - producing islands is heard colorful 'pidgin English' which has produced such expressions as 'grass belong face' (whiskers); 'lamp belong Jesus' (the sun); 'basket belong trousers' (pockets); 'paper talk letter' and 'bullamakau bunanu' (sausage).

No end of surprises with MAGIC!

PEANUT BUTTER PINWHEEL LOAF

Mix and sift into a bowl, 3 c. once-sifted pastry flour (or 2½ c. once-sifted hard-wheat flour), 5 t. tapa Magic Baking Powder, ½ t. tap. salt. Cut in finely 7 tbs. chilled shortening. Combine 1 c. milk and 1½ tsp. vanilla. Make a well in dry ingredients and add liquids; mix lightly with a fork. Knead for 10 seconds on lightly-floured board and roll out to ¼" thick rectangle, 8½" along one side. Cream together 1 tbs. butter or margarine, ¼ c. peanut butter and ½ c. lightly-packed brown sugar; sprinkle on rolled out dough. Beginning at an 8½" edge, roll dough up like a jelly roll and place in a greased loaf pan (4½" x 8½"). Bake in a hot oven, 400°, about 45 minutes. Serve hot, cut in thick slices, or cold, cut in thin slices, lightly spread with butter or margarine.

Happy New Year!

We wish to express our deep appreciation of the generous patronage accorded to us during 1951, and to extend to our friends and patrons sincere wishes for

A HAPPY AND SUCCESSFUL NEW YEAR!

OUR COMPLETE SHORT STORY—

Four-Sided Triangle

Lone Unbranded Triangle Had Three Sides.

By Lillieon M. Mitchell

LONA understood plainly that triangles had three sides. In fact she would have agreed that no triangle ever existed with anything more or less than three sides. That is, at four o'clock on that afternoon she would have said so.

All day a family had been moving into an apartment above Lona's. In the morning when the van had backed up to the rear fence, Lona had scurried into the flat again to hide her red eyes. Instead of getting at the housework, Lona had sat swaying bitterly. She loved George. If she had an ounce of pride, she would stiffen coldly and tell him: "Well, go on and find this old sweetheart of yours, if you still think so much of her! Clara! You call that a beautiful, liquid-sounding name? Well, if you really know what I think, I'll hate anyone with a K-K-K sound at the beginning of her name! Go on. Find this old flame and I hope to heaven she's got good and fat, too!"

George did not mention Clara Cotton Just once in a while he mentioned how pretty and slender she had been, how her hair curled in tendrils about her temples, how tragic it was she had always been, how sweet-tempered. This last he always brought forth if Lona became impatient. And last night Lona had been impatient a half dozen times. George had accidentally dropped her dollar-cake of face soap down the bathroom seat. He had left a pencil mark on a hand-made lace handkerchief. Even eight years of marriage had not accustomed Lona to male mishaps.

The new neighbor upstairs was hurrying about with the settling of furniture. There was someone called Robin up there. The new neighbor was saying, "Robin, hang your clothes neatly on coat hangers. Neatly I said! . . . Robin, put these books in the books are carefully! Carefully, I said!"

The voice came down clearly. Lona went seriously to the back porch to see who Robin was. Then she saw him: a too-thin little boy carrying a Pekingese dog under his arm. A wave of sympathy for the child flooded Lona.

"Hello, youngster!" said Lona.

"Hello," he greeted shyly.

"Quickly, I said!" called the neighbor

When George came home Lona was in a state between amusement and anger.

She had prepared a thick steak with dabs of butter over the top. Mashed potatoes, a tomato salad and marshmallow cakes completed the meal. George sat down complacently. Then from upstairs came the words: "But the silver on the table, Robin, set it straight. Straight, I say!"

George did not mention Clara Cotton Just once in a while he mentioned how pretty and slender she had been, how her hair curled in tendrils about her temples, how tragic it was she had always been, how sweet-tempered. This last he always brought forth if Lona became impatient. And last night Lona had been impatient a half dozen times. George had accidentally dropped her dollar-cake of face soap down the bathroom seat. He had left a pencil mark on a hand-made lace handkerchief. Even eight years of marriage had not accustomed Lona to male mishaps.

The new neighbor upstairs was hurrying about with the settling of furniture. There was someone called Robin up there. The new neighbor was saying, "Robin, hang your clothes neatly on coat hangers. Neatly I said! . . . Robin, put these books in the books are carefully! Carefully, I said!"

The voice came down clearly. Lona went seriously to the back porch to see who Robin was. Then she saw him: a too-thin little boy carrying a Pekingese dog under his arm. A wave of sympathy for the child flooded Lona.

"Hello, youngster!" said Lona.

"Hello," he greeted shyly.

"Quickly, I said!" called the neighbor

"George" begged Lona.

George was standing at the open door. "Why—Clara!" he gasped. "I—I said to my wife that it sounded like your voice. Ladies . . ."

"Why, George, hello! Hello!" greeted Clara. "I saw your name on the door when we looked at the flat and it did seem me just the ritziest, breezy bit to taking this place. We used to have such lovely times together, Robin, slowly, I said!" Clara broke off to remind the child tartly

George looked at Clara coldly. He retreated towards Lona and put his arm about her waist.

"Mr. husband's dead, you know," Clara said brightly.

"I don't wonder," mumbled George. "He's lucky!"

"What did you say, George?" asked Clara.

But George silently returned to his dinner and after a half hour looked up at Lona.

"The skinny ones are bad-tempered," he commented.

But Lona was dreamily thinking of triangles, four-sided ones. Now she understood that there was no triangle at all, not even a three-sided one.

New Stamp Designs

The winning design on a 50-cent stamp is being issued about a year ago in a postage-stamp design contest for Canadian artists by 22-year-old A. L. Pollock of Toronto. It is intended to represent the wealth of forestry products. The main element of the design is a broad strip of wood which at the extreme left is cut to form a tree and at right is brushed into curved into a curl of paper. In the centre is a newsprint mill. The design was purchased by the Post Office Department and will appear on postage stamps next year.

This new design on the four-cent stamp is the first of a series on well-known large animals of Canada. Displaying the head of a rocky mountain sheep, it was designed by Sculptor Emanuel Hahn of Toronto and was one of the winning selections.

Plenty Of Winter Fishermen For Alberta

EDMONTON, Alta.—Alberta's winter fishing season has at least produced the province's largest crop of fishermen, if not the greatest take of fish.

The fishery branch of the department of land and forests expects to license some 8,000 winter fishermen before the season is completed. This would be the greatest number ever to be licensed.

The record number of fishermen are expected to take 3,000 barrels daily from 1,200 and add a de-sulphurization unit and a loading unit for manufacture of higher grade gasoline.

CIVIL AIRCRAFT MUST OBEY NEW FLIGHT RULES

OTTAWA — New regulations to apply to all flights by civil aircraft in sparsely-settled northern areas were announced by the transport department.

The regulations are designed to lighten the burden placed on the RCAF search and rescue facilities which in recent years have been called on many times for long and arduous searches.

The regulations make it compulsory to file flight notification with the appropriate transport division at Winnipeg before taking off on long flights, detail itineraries and other matters. In addition, after Dec. 31, 1952, all aircraft in the North must have radio telephony radio installed or carry a portable emergency radio transmitter

New Regulations Re: Contract Holders

Islay Municipal Hospital Board In Regular Meeting

The regular monthly meeting of the Islay Municipal hospital board was held in the hospital Dec. 8th at 2:00 p.m. All board members in attendance.

Moved by Mr. Shirreff that the minutes of the previous meeting and the financial statement be adopted as read. Carried.

Applications for the positions of matron and general duty nurse were reviewed and Miss Jean E. Harrington, R.N., and Miss Florence Lee, R.N., were appointed respectively.

The secretary was instructed to write letters of thanks to Mrs. MacInnes and Mrs. Colton for services rendered the hospital. Also a letter of acknowledgment to Mrs. Markland, secretary of the Kokanee Homemakers for the gift of two men's and two ladies robes for patients' use.

The scaling of contract rates for non-ratepayers was tabled until the January meeting in view of the fact that it appeared that contract purchasers living outside the hospital district would have to be refused contracts unless their respective villages or municipalities requested a hospitalization agreement as a contributory basis in accordance with the amendments to the Hospitals Act. The secretary was instructed to get further information.

Matron's Report: In hosp. 11, admitted 16, discharged 13, remaining 5, births 1, deaths 1, operations major 1, minor 8. Grant days 267. Receipts $320.51.

Salaries and accounts as appear below were ordered paid. Adjustment to meet Jan. 3, 1952.

Salaries $613.30; Phone 11.68; Utilities 64.01; J. C. Foster 103.85; Nelson-Hill 3.40; NADP 68.54; Vermilion Standard 52; Lederle 20.98; Hotel Equip. and Supply 5.30; W.E. REPORT to the PEOPLE

BY ROBERT FAIR, M.P.
BATTLE RIVER

At the time of writing, this column Dec 15th, the House of Commons is looking to ward to the completion of busine.. ..xt week. No less than 15 bills have been introduced during the session and an exceptionally heavy program committee work has also been accomplished during the session. Many of the bills that were introduced in the early part were referred to committees and during recent weeks those committees have brought in many reports with proposed amendments to the particular bills referred to them. The Throne Speech was completed only on Dec 12th and no less than seven votes have been taken on amendments, sub-amendments and the main motion itself. The main motion has been answered by Government spokesmen and this is the first time particular has happened in a good many years and technically, I understand, means a vote of want of confidence in the Government.

Some of the main items of particular interest to the Battle River constituency are as follows: The Old Age Security legislation which provides for payment of a pension of $40 per month to be paid by the Dominion Government for persons who qualify as to residence. This pension is made payable to all 70 years or over who make application for it. Although no mention was made of it in the Speech from the Throne the Minister of Veterans Affairs brought down legislation providing for an increase of approximately 33 and one-third in the disability pensions. It has been requested by the Canadian Legion some months ago and was also pressed for by opposition members of all parties during the early part of this session. This has been received with gratitude but I am sorry to have to report that the Government refused to consider bringing down legislation at this session to provide for an increase in pensions to recipients of War Veterans allowances. We have made one appeal after another to have this matter considered at this session but the Government has consistently refused.

An announcement was made however, informing the House when the 1952 session is called, a special committee on Veterans Affairs will be set up to consider the question of War Veterans allowances and it was suggested then by the Minister, that any action the Committee may recommend, could be made retroactive to Jan. 1st, the date on which the increased disability pensions become effective.

Television in Canada

The committee to deal with the Canadian Broadcasting Corporation brought in its final report, although legislation has been passed providing for certain changes in CBC legislation, and also providing for grants to the CBC of $6,250,000 a year for 5 years mainly for the purpose of providing television in Canada. Montreal, Toronto and will be the first centres at which this service will be established.

Considerable heated debate took place in connection with certain programs put over and paid for by the CBC.

Elections Act

The Dominion Elections Act was under review and a number of technical changes recommended by the Chief Electoral Officer were made, also a change in the name of the Act which provides for replacing the word 'Dominion' with the word 'Canada' so that the Act will now read 'Canada Elections Act'. This matter was officially disposed of and the heated debate which lasted nearly three hours took place in connection with the change of name.

I also took advantage of the opportunity provided in the House of Commons to bring to the attention of the House as I did before the Committee earlier this session, the question of replacing the present system of marking ballots in Dominion elections with the alternate vote system, a form of which is being used in the provincial elections in Manitoba and Alberta.

Agricultural Products Act

In 1944 the Agricultural Products Act was first passed and has been carried on, on a temporary basis since that time. The Act expired on March 31st last and we have on the order paper now a bill providing for re-enactment of the legislation on a permanent basis.

The Agricultural Prices Support Act was passed last session and is now also on a permanent basis. It is of interest here to note that when the Agricultural Products Act resolution was being discussed the Minister of Agriculture stated that the Government will use the 1943-45 period as a base on which they will fix prices when applying the Agricultural Prices Support legislation and I believe farm organizations should keep pretty close track of the range of prices so that we may take advantage of the statement made by the Minister. During most of the session we have consistently pressed for some form of assistance to be provided for farmers who have been unable to deliver grain due to lack of space in the local elevators or who have been unable to harvest their crops and this question has been rather a sore spot to date, however, the Minister of Trade and Commerce, after returning from attending farmers' conventions in Calgary and Saskatoon announced that the Government would make provision for assistance and last night a resolution was introduced providing a bill to provide such assistance. Information given to the House by the Minister would indicate that the Government made arrangements that the chartered banks would be prepared to provide up to 20 million dollars credit, be.. up to 25% of which are guaranteed by the Dominion Government. Provision is made for the chartered banks administering the legislation and a maximum of $1000 may be provided in any one farmer at the regular rate of interest.

Marketing Wheat, Coarse Grains

In connection with marketing of wheat and coarse grains, I am sure a very large percentage of our farmers will be glad to know that when the plebiscite on the marketing of coarse grains by the Wheat Board was held in Manitoba recently, no less than 89% of those voting voted in favor and this, I believe, should settle for all time the arguments advanced by the Winnipeg Free Press, the Winnipeg Grain Exchange and the Farmers' Protective Association of the province of Manitoba.

The legislation providing for the St. Lawrence Seaway project and also power project has recently been passed. The Seaway project to be proceeded with either alone or by Canada or in conjunction with the U.S.

Equalization of Freight Rates

The contentious question of equalization of freight rates which has been recommended by the Royal Commission set up to deal with that, matter has also been passed by the House of Commons and much work was done on this, particularly by Alberta members and officials of the Alberta government. By their continued hard work, provision was made for a rate of one and one third transcontinental rate between certain points and it is interesting to note that when the bill went before the Senate committee they made an

Vermilion Municipal HOSPITAL
Contract Holders Fees

Set at $8.00 per annum for

RESIDENT NON-RATEPAYERS ONLY

of the
VERMILION MUNICIPAL HOSPITAL DISTRICT No. 2

Fees Payable in the Months of January or July 1952

Non-ratepayers who have lived within the Vermilion Municipal Hospital District in 1951, and have NOT become a Contract Holder, may not participate in this scheme in 1952 until the previous year's dues have been paid.

NEW WARD RATES FOR NON-RATEPAYERS
EFFECTIVE JANUARY 1, 1952

Under 16 years of age.....$4.40 per day
16 years and over.....$5.40 per day

Allandale Notes

On Christmas day the weather was graed to what it had been. The roads are still open, making relatives and friends to meet on Xmas day and through the holidays.

Mr. and Mrs. John Arnold, Mr. and Mrs. George Leighton, Norm and Rena Rosaghan, spent Xmas day at the home of Mr. and Mrs. W. Mayers; Mr. and Mrs. Wm. Armstrong had Christmas at home for the family; Mr. and Mrs. Woody Wilson and family spent the day at Woody's parents in town; Mr. and Mrs. Sclias Lee and family at Sclias' mother's in town; Mr. and Mrs. Gus Throndson had Christmas at home for the family; Mr. and Alex Stockwell, one of our high school student graduates' who is taking the normal course at Camrose, spent Xmas at the family home near Wetaskiw.

Dr. H. J. Clarke is now associated with Dr. W. H. Scott in his dental practice here. The dental parlors are located on the ground floor of the Imperial block.

Weddings — Hazel Muriel Webber to Alvin Russel Trevithick; Mary Lucy Kehoe to Gilbert S. Shane: Ella Greenslade to Donald Allan.

Last Sunday before dawn the United States army transport, Ark of Soviet, sailed with a cargo of anarchists, communists and radicals banned from America for conspiring against the Government. It sailed under sealed orders but the 240 passengers it carried expected to be landed in some far northern port giving access to Soviet Russia.

Thirty-two Years Ago Today

Dec. 31, 1919

A. J. Reynolds, manager of the Canadian Bank of Commerce have since 1913 has been promoted to the managership of the Prince Albert branch. He will be succeeded here by Mr. Walker of Claresholm.

Prentice Jacklin left Tuesday for Victoria, B.C., to spend three months visiting Mr. and Mrs. Ben Jacklin Jr.

Alex Stockwell, one of our high school student graduates' who is taking the normal course at Camrose, spent Xmas at the family home near Wetaskiw.

Dr. H. J. Clarke is now associated with Dr. W. H. Scott in his dental

Sixteen Years Ago Today

Jan. 3, 1936

Christmas Day was cold with a low of 6 below, while New Year's saw a low of 6 below during the night give way to a high of + 12 above by noon. The coldest point of the week was only 6 below, although considerable snow fell.

The Board of Trade raised $300 for a snow plow but further consideration and investigation was to be made before the plow was actually bought, there being some doubt as to the efficiency of a small plow for use on any mileage of roads.

A delegation met the Hon. W. A. Fallow and asked for a bridge over the Battle River at a point on the west Wainwright road.

Mrs. Milton Lee and family from town spent the day with the latter's sister Mr. and Mrs. John Nelson and family: the Onnesses at their daughter's, Mr. and Mrs. Don Wilson and family north of town and in the evening attended the show 'The Great Caruso' which was well worth seeing and hearing.

Congratulations to Mr. and Mrs. Allen Ronaghan on the birth of a daughter Dec. 21st, Leona May.

Mr. and Mrs. Ronaghan are spending the winter at the latter's home in Viking.

Mr. and Mrs. W. Mayers received a card from Mr. and Mrs. M. M. Fraser but as there was no address enclosed we still don't know where they live.

Mr. and Mrs. Tommy Greeves and daughter Brenda from the city arrived at the Paldock home on Dec. 21st for a few days holiday.

It was a pleasure to meet and have a chat with our Wildmere correspondent the Saturday before Xmas. Though it was a cold day the town was crowded with shoppers.

The sympathy of the community is extended to Mr. Wm. Armstrong and family on the death of his twin brother Jim who passed away in an Edmonton hospital Dec. 18th. The family attended the funeral Dec. 21st at the Fort Saskatchewan United church.

The Allandale Christmas concert was held Dec. 21st. It was very successful and enjoyed by a large attendance. Old Santa arrived and distributed many parcels and a large bag of candy to each child.

We were very pleased to know Mr. Edwards was able to come home from the Islay hospital just before Christmas.

With the harvest far behind and the Xmas rush over perhaps we can have our W.A. gatherings again. The first one of the year can be held at the Onnesss home on our usual date, second Thursday, the 10th. Hope it will be favorable weather and we'll expect all you folks for a real social afternoon.

Mr. and Mrs. Idelore Nelson and family spent Christmas at the latter's home up north at Ferguson Flats.

Mr. and Mrs. Idelore Nelson and family entertained at their home in town relatives and friends on New Year's eve. Grandma Nelson from Fallis was able to be with the gathering. Johnny Nelson's, Theodore's, R. Stromo's, D. Wilson's, Magistad's, Mr. and Mrs. Ockerman and family, Miss Olga Mikeruk, teacher, Charlie Stewart and Gordon Balk all of Ferguson Flats. Mrs. Wm. McLean, Wilma and Jack, Mr. and Mrs. Milton Lee and girls and the Onnesses. Around 50 enjoyed a lovely turkey dinner with all the trimmings. After midnight lunch the folks departed after having a very enjoyable evening, thanks to Delore and Elsa and family.

Happy New Year to all!

ETHELWYN

The nerve wracking weeks of rehearsing and practising for the Christmas concert are past. A really wonderful program was presented at Rye school by the teacher Miss McCormick and her pupils. This district is indeed fortunate to have a teacher so keenly interested in providing pleasure and happiness for our children, and at the same time excellent job is done with the regular school work. The new school is very warm and comfortable.

It was a privilege to attend early morning service on Christmas day at the Anglican church, Clandonald. It was too bad that more people did not make the effort to be present.

Geraldine McBride spent Xmas with her daughter and family, Mr. and Mrs. Harold Cooper, Joyce and Don were also home for the holidays. Mr. and Mrs. Frank Long were guests for Christmas Day at the Cooper home. It was a double celebration as the next day was Mr. and Mrs. Long's Golden Wedding day. Among other gifts they were presented with a lovely wedding cake, baked and decorated by Joyce Cooper. Sincere congratulations to Mr. and Mrs. Long and may we all be together again at this time next year.

Mr. and Mrs. Wm. Seal spent Christmas Day with their daughter and family, Mr. and Mrs. Taylor. Mr. and Mrs. Mike Mosher had Christmas dinner at the home of Mr. and Mrs. Philbin and supper in Lloydminster with Mr. and Mrs. C. Minshella. Mrs. Morrison's nephew, C. Ells is spending the holidays with his uncle and aunt.

Holiday guests at the Brodbin home are their daughter and husband, M. and Mrs. Jim McGlone from Chrisdale from Vancouver.

Sincere thanks to Mr. and Mrs. Goddard of Clandonald for giving the children a Xmas treat of a free show.

News Notes From Your District Home Economist

Fluff and Foremost

Did you, a newspaper say that cake batter made with all-purpose flour should be beaten after the batter is smooth? Cake batter made with all-purpose flour should NOT be beaten after the batter is smooth as the gluten develops and makes a tough cake.

To Prevent Frozen Hands

This morning there were three children crying because their hands were cold, the poor were mites. They were about 7 years old. So one more I'll remind you that hand cream on cruuny below will keep your children's face and hands from being frozen. It will work on you too!

Cherry Cake

This recipe came in too late for the Christmas paper but you can slip it out for use in emergencies. Mrs. A. Rodgers of the Ascot district sent in for you.

8-oz. maraschino cherries, 1 cup raisins, cook raisins in cherry juice (boil about two minutes) ½ cup brown sugar, ½ cup white sugar, 2 eggs Salt, ½ cup shorten ing, 2 cups flour, 1 tsp. baking powder, ½ tsp. vanilla one-third cup juice. METHOD: Cream the sugar, shortening and vanilla. Add the eggs floured baking powder and fruit. Bake about 2 minutes in a 325 degree oven

Mrs. Rodgers says it's a good cake if you're caught at Xmas with no cake on hand. It's good eaten at once, and it stores well.

I hope you all had as pleasant a Christmas as our family had despite the fact that our oldest brother Don, couldn't be home and may your 1952 be filled with happiness and contentment.

Overwinkin' Fudge

A friend of mine (I think she is anyway) was reading the 'Hints on Making Good Fudge' while she gnawed unhappily on a piece of over cooked fudge. Her only comment was "I'd like to tell the people not to believe a word of it. Yes, you guessed it I made the overcooked fudge

Alberta Wheat Pool Award

The Alberta Wheat Pool awarded the Paradise Valley Maids Garden Club 'Vogues Book of Etiquette' for being the best garden club in this district.

Royal Tour Returns

The Royal Tour has served a double purpose strengthening the devotion of Canada to the Royal Family and deepening the gratitude of Britain to Canada reports The Financial Post London correspondent

In fact Canada is now enjoying what is called a 'good press in England The old boast that was heard 52 years ago that the 20th century belongs to Canada' is more justly heard again

Young people all over Britain are casting their imagination in Canada's direction, and if the currency and shipping problems could be solved there would be a mighty flow of vigorous British people to Canadian shores.

News from Kitscoty

Happy New Year to the Editor and staff of The Standard and to all who read this column.

Better health in 1952 to the following folk who are in hospital or have just returned home: Mr. Wm. Lang, Mr. Dick Evans, Mr. J. J. Perkins, Mrs. Peter Loveless, Mrs. Tim Bootsman, little Miss Joan Stewart and Master Dennis McLean.

The following folks were out of town visitors for the Christmas holidays: Mr. and Mrs. Jack Potter and David to their daughter's home in Peace River; Mrs. McDonald to Calgary; Miss Gwen Dunmore to her home in Vermilion; Mrs. A. Stebbins, Mr. and Mrs. Don McLean, Mr. H. Bateau, all to Edmonton; Mr. and Mrs. S. O'Connor to Mannville, Mr. and Mrs. A. McGladrie and family to Ribstone, Mr. and Mrs. Hans Gilliman and family to Kelowna, B.C.; Mr. and Mrs. P. Unlat to Innisfree; Mr. and Mrs. E. Phillips and David to Edmonton; Mrs. M. Allan and family spent the holiday with the former's parents Mr. and Mrs. J. Steenson in Edmonton; Mr. and Mrs. Ted Jagger at the farm home of their son Henry and family; Mrs. F. Pickles at the farm home of her daughter Mrs. Wm. Sywrips and family.

Mr. and Mrs. Boyd Mitchell and family left by car accompanied by Eddie Jacuber to spend the winter in New Westminster, B.C. We hope they will enjoy their visit there in a much milder climate.

We are pleased to say Mr. and Mrs. C. V. Connaroe and family are now settled in their new modern home on Centre Avenue.

Mr. and Mrs. Lawrence Watt and Dorothy are now living in their house in town.

Mr. and Mrs. Ralph Cooper have now taken up residence in town for the winter months.

Christmas and New Year out of town visitors to the district of Kitscoty here were Mr. and Mrs. Victor Heath and family of Edmonton and Mr. and Mrs. Dirk Miller and baby son to Spruce Lake Bank, all at the C. K. Miller home.

Mrs. L. N. Gray and Don of Edmonton and Mr. and Mrs. Bert Martin and Jo of Jarvis, all at the C. N. Gray home. Mrs. L. McMaster of Provo was the guest of Mr. J. A. Smith home here. Mrs. Hampshall of Biggar, Sask., visited her sister and brother-in-law Mr. and Mrs. Watt. Dan Fox and friend of Lloydminster at his parent's home here; Miss Ina Watt, R.N., of Edmonton visited with her parents, Mr. and Mrs. Lawrence Watt; Miss Gretel Davies, Edmonton with her sister Mr. and Mrs. Hewry Joy; Miss Peggy Hale and Mr. and Mrs. E. Cattapan of Edmonton to the home of Mr. and Mrs. A. Hale; Richard Dunlop of Bawlf at the R. S. Pidcock home; Mr. and Mrs. O. C. Seward, Edmonton, and Mr. Bob Seal at the F. O. Seward home.

Jack Tyler of Wainwright and Constable Ted Tyler of Fort Walsh, Sask., visited at their home here.

Mr. and Mrs. J. I. Parkin and Teddy of Vermilion were visitors at the E. H. Sheppard home; Mr. and Mrs. Tom Foley and family of Vegreville were at the home of Mrs. Foley's parents, Mr. and Mrs. J. Finlin.

Miss Marion Inglis, student at the U. of A. visited at her parents' home Mr. and Mrs. J. G. Inglis for the holiday.

Congratulations to the district's newly married — Mr. and Mrs. Sonja Olsen and Mr. and Mrs. Henry Beet.

The Kitscoty girls' junior choir under the direction of Misses Sheila McCrery and Ella Pidcock sang two numbers at the Islay United church Christmas service last Sunday.

Your Christmas Seal donation may help save the life of someone dear to you—but only if you send it in, not later, but Now!

Lost and Found

Vermilion - - - Alberta

Kitscoty High School Notes

There was a sigh of relief from every K.H.S. student when the last Christmas exam had been completed. Some of the results have been given out but on others there is still some speculation.

Several curling games were enjoyed again this week and another batch of green horns was initiated into the fun.

Feasting was the order of the day in both dormitories on Thursday when 63 pounds of turkey, as well as plum pudding, salads and so on were consumed. The matrons Mrs. Matheson and Mrs. Davis received trinkets as their Christmas gifts.

The gym rang out with music as practically the entire high school took part in the annual Christmas party. At 11:00 p.m. there was a merry dash for the boys' dorm where a taxi lunch was served by several charming girls (no cooties intended, boys!). The members of the teaching faculty were presented with gifts from the students, after which many carols and Christmas songs were gaily sung from the sound of some of the singing I'm wondering if there weren't some wise ole Santa Claus in disguise around.

As they straggled home in the wee small hours of the morn everyone agreed that the party had been a great success.

Public Ward Charges Increased

VERMILION HOSPITAL BOARD HOLDS DECEMBER MEETING

The regular monthly meeting of the Vermilion Municipal Hospital board was held on Saturday Dec. 8. Present, Chairman Mr. B. A. Macnab, Messrs. Nester, Perkins, White, Tucker, Wallington, Walker.

Minutes of the preceding meeting were adopted as read.

Cash statement for November was presented as follows:

Bal. Fwd. from Oct.	$ 8710.69
Plus Nov. Receipts	3,443.17
	$13,913.71
Less Nov. Disb.	5,473.69
	$ 8,340.02

The cash statement for November was accepted as read by the secretary. Accounts for November were passed as read and ordered paid, subject to the O.K. of chairman.

Edmonton General hosp. 101.50; University hosp. 85.30; Alta Govt. Telephones 11.20; Alta. Nat. Drug Co. 189.38; P. Brix 45.80; Geo. Caron 365.00; Checker 18.74; Craig Bros. 188.35; Canadian Liquid Air Co. 21.47; France 113.36; W. J. Fish 5.00; Fisher & Burpe 6.14; W. J. Greer Agencies 7.20; Gault's 107.08; Hamley Hatchetic 71.60; Mine Rehab 5.00; Ingram & Bell 30.02; Long's 9.92; Dr. P. H. Malcolmson 3.00; NADP 249.87; Nelson-Hill 21.21; Postmaster 15.00; Snowlake Laundry 22.26; M. Simpson 4.90; D. Stephens Ltd. 270.52; E.R. Squibb & Sons 34.30; Stanley Brock Ltd. 34.09; Food Locker 17.36; W. G. Williams 2.50; Salaries 2315.65.

The following motions carried:

That the Board accept no responsibility for payment of hospitalization account at the University hospital for Mr. Cyr® Hind.

That we extend our thanks to the Union and Kokanee Homemakers for their gift of robes to the Vermilion hospital.

That we extend our thanks to the Order of Eastern Star for their gift of a baby layette to the Vermilion hospital

That the Board increase the public ward rate to $4.50 per day, for patients under 16 years of age, and $5.00 per day for patients 16 years and over, to come into effect Jan. 1, 1952.

That the special contract fee for resident non-ratepayers only, be set at $5 per year, applicants to be accepted only during the months of Jan. and July.

That the electric mangle be advertised for sale in Edmonton Journal, any reasonable offer accepted.

Matron reported as follows: Hospital days 786, patients admitted 126, births 21, deaths 4

Official Opening Of The Paradise Valley School

On Friday Dec. 7th the new school building was officially opened by the Hon. Ivan Casey, Minister of Education for Alberta. The ceremony was carried out in the auditorium of the new school, the audience consisting of the student body of 114 children, a large number of their parents, the local school board and officials of the new Parent-Teachers Association, members of the Vermilion School Division board and other guests.

At 2:30 p.m. after parents had taken their seats in the auditorium the bell summoned the school classes, who marched in, in perfect order commencing with the primary room and concluding with the high school. Mrs. Weisz presided at the piano for the opening anthem and Mr. Walter lead the students in "Oh Canada". The chairman, Mr. Richardson, welcomed the guests and expressed his gratification with the new building. He felt that in the improved surroundings both staff and students were better able to carry on their work. He then called upon Miss Shirley Gunn who very interestingly sang "Silent Night". Mr. Richardson, in a brief address, enumerated the departments in the municipal building was schools, and pointed out that the new school rooms are now brick construction in Alberta. This was more than twice as great as any preceding year in the number of classrooms built. He pointed out to the audience that fine buildings do not make a great school the more important matters are the quality of the teaching and the enthusiasm of its officials for learning.

At the conclusion of the program the visitors were entertained in the high school room by members of the staff and the local board, where a fine lunch was prepared under the care of Mrs. Anderson.

Mr. Casey and Mr. Aalborg, re-elected in town for an evening meeting in the hall, where some 70 to 75 people listened to an interesting and informative address by the honorable minister on the school board program for Alberta. Mr. Aalborg introduced the minister and was somewhat handicapped by a heavy cold contracted that day.

Deaths from tuberculosis in Canada last year were 50 fewer than in 1950. Your Xmas Seal dollars helped save these 50 lives. Have you sent yours this year?

Grave Monuments on Display

Prospects For 1952

SUPPLY AND DEMAND that forecasts are by no means infallible, but it is natural to speculate upon the future, and the beginning of a New Year is always the occasion for the discussion of prospects in various fields in the coming months. Farmers are always interested in the possibilities of good crops in the season ahead and they are also concerned with the prospects for marketing their products. At the 10th annual federal-provincial agricultural conference, held in Ottawa recently, markets for farm products in 1953 were discussed and federal agricultural experts made some optimistic forecasts which should be encouraging to farmers at this time.

* * * * *

A Demand For Farm Products

A heavy demand for Canadian farm products was predicted, with a few exceptions, and it was forecasted that prices for wheat, beef, milk, eggs and other dairy products would remain firm throughout the year. The world demand for wheat is expected to be strong. It is predicted that Canada will have 600,000,000 bushels of wheat for export or carry-over at the end of the current crop year, but the delegates to the conference were told that world demand is strong and little difficulty is expected in disposing of this near-record crop. Authorities believe that beef prices will remain at the same levels as those in the United States but that the price of pork may fall, due to increased production. Firm prices were predicted for eggs and butter and increases in the price of milk were indicated.

* * * * *

Is Encouraging To The Farmers

All these forecasts are based on conditions as far as they can be judged at the present time and unforeseen circumstances may always arise to change the situation. However, it is most encouraging for farmers to enter the New Year with prospects of good markets and firm prices. Farm income has increased steadily in recent years, but no have increases generally. The cost of living has also soared in the same period and farmers have not benefitted more than other groups from higher incomes. Unlike many other workers, farmers are dependent upon fluctuations in prices, often governed by world market conditions for their income, and the sale of their products is of great importance to them. It is to be hoped that no circumstances will arise to interfere with the forecasts made by the agricultural experts for the sale of farm products in 1952.

FIRST B.C. OIL WELL PRODUCING

VANCOUVER — Alfred Fo[r] St. John B[.], M.C. discovery we[ll] that touched o[ff] a scramble for oil development in "[the] area two months ago, is producing 3[0] to 50 barrels daily.

Two new wells will be started immediately, said Frank H. McMahon, president of Pacific Petroleums Ltd., announcing results of production tests at No. 1.

The discovery well oil is of high gravity corresponding to recovery from the drill stem tests in October when the well was brought in.

"We will now drill Pacific No. 2, about three miles northwest of No. 1," said Mr. McMahon, "and No. 3 will be about six and one-half miles northwest."

Temperatures around 40 below in the Fort St. John area are hampering work.

BIRDS OF A FEATHER

If you catch a cold this fall or winter, think of others—don't cough and sneeze without first covering up, preferably with a disposable handkerchief.

Tips On Frost Bite

The object of treatment for frost bite is to bring the frozen part back to normal temperature gradually and restore circulation

1. Do not massage, rubbing snow is specially bad. The frozen tissues will be bruised and torn, and gangrene may result
2. Keep the patient away from fire and from warmly heated rooms.
3. Gently cover the frozen part with the hand or other body surface until the part is thawed and circulation re-established. If a hand is frozen hold it in the armpit or between the thighs—or it may be thawed very gradually in cool air or cold water (not warm), or by covering the part with extra clothing.
4. Apply soothing ointment, as to a burn—frost bite is similar in effect

La Ronge Residents Vision Village Status

Residents of La Ronge, on Lac la Ronge in northern Saskatchewan, have organized a local ratepayers association, a step which eventually will bring them to village status, according to a bureau of publications release.

The permanent population of La Ronge is 864 people. The settlement is governed by the resources department, under the northern administration act passed in 1944.

Half a millions tons of water pour over Niagara Falls every minute.

FESTIVE—quick to fix!
with Modern Fast-Acting DRY Yeast!

FAN YANS
Measure into large bowl, 1/2 c. lukewarm water, 1 tsp. granulated sugar; stir until sugar is dissolved. Sprinkle slowly with 1 envelope Fleischmann's Fast Rising Dry Yeast. Let stand 10 min. THEN stir well. Add 1 c. milk and one at 1 tbs. granulated sugar, 1 tsp. salt, and 2 tablespoons. Add to yeast mixture and beat well. Add 2 unbeaten eggs and 3 c. sifted bread flour; beat well. Beat in 1 c. melted shortening. Work in 2 c. more sifted bread flour. Knead until smooth and elastic (5 minutes). Place in greased bowl and brush with melted butter or shortening. Cover and set in warm place, free from drafts. Let rise until doubled in bulk. Punch down dough. Divide dough into 24 pieces; form each piece into a ball. Roll each ball into 6" circle. Brush with melted butter or shortening and fold in half. Make 3 parallel cuts 3/4" apart, 1" from fold, but not through. Place on greased baking sheet. Brush with melted butter or shortening and fold in half. Make 3 parallel cuts 3/4" apart, 1" from fold, but not through. Place on greased baking sheet. Brush with melted butter or shortening and let rise in warm place, free from drafts, until doubled in bulk. Bake in hot oven, 425°, 12-20 min.

Always running short of yeast because it spoils so quickly? End this nuisance — switch to modern Fleischmann's Fast DRY Yeast! Keeps full strength and fast-acting right in your cupboard — no refrigeration! No sour recipes — one package equals one cake perishable yeast in any recipe.

Get a month's supply!

END OF CAREER—Dorothy Dix, known to millions of readers who followed her syndicated columns for half a century, died at her New Orleans home after an illness of many months. Mrs. Elizabeth Meriwether Gilmer in real life, she kept writing her columns until a few weeks before her death. She was 90 years old.—Central Press Canadian.

Funny and Otherwise

* * *

Sunny: I heard that Mr. Smith isn't welcome at the Jones' house anymore, and that it all started the night he accepted their invitation.

Honey: Yes, he wanted to show his appreciation for the dinner invitation, so he brought a gift.

Sunny: What's wrong with that?

Honey: The gift was a cookbook.

* * *

"What was all the noise over at the Brown's house, last night?"

"Oh, Brown just had some words with his wife."

"Really? Good for him! Usually he just has words from his wife."

* * *

1st Man: "Do you run things at your house?"

2nd Man: "Yeah, the washing machine and the vacuum cleaner."

* * *

The elderly minister sniffed when anyone suggested that it was too bad the did not have a husband.

"I have a dog that growls, a parrot that swears, a fireplace that smokes, and a cat that stays out all night. Why should I want a husband?"

* * *

Jill: How did you ever get rid of that awful blind date story?

Lil: He told me he was an expert bird imitator, and asked me to name any bird I wanted him to imitate.

Jill: So?

Lil: I said "the homing pigeon."

* * *

The problem—A motorist ran into a parked car on open level railway crossing and was travelling at 50 miles an hour. A train was also approaching at 60 miles an hour, and its distance from the crossing was 10 miles.

The question—Did the motorist get across?

The answer—Yes, the motorist got a crew. His widow bought it out of the insurance money.

* * *

Smith: "What made that red mark on your nose?"

Schmaltz: "Glasses."

Smith "How many glasses?"

* * *

From head to heel she was exquisitely perfect, and the shapeliest heel hid her heart best feather. She asked him whether she could get "pearls for the eyebrows."

The shopowner was inclined to doubt, but acknowledged her request. "The stationery department is upstairs," he said at last. "But I want them for eye-brows."

"Oh," shrew stuff. Better ask for them at the book room."

* * *

During arithmetic class the teacher said: "Now, Boys, I want you to work out what interest of 1 per cent. on a million dollars for two years would come to."

The whole class set to work diligently with the exception of Billie Solly in the front row.

"What's the matter?" asked the teacher. "Don't you know how to do it?"

"Oh per cent. doesn't interest me," said Solly.

People Still Seek Legendary Mine At Lost Creek, B.C.

Supposed to Have Been Discovered in 1862 by an Indian—Since Then 31 Men Have Disappeared Trying to Find It

VANCOUVER.—Two types of people still seek the legendary Lost Creek mine, the "reputable" and the "screwball." That's how Carl Agar classifies those who come to him for a helicopter ride to the mountain wilderness where the gold mine is supposed to be located, only some 50 miles north of here.

Agar is manager of Okanagan Air Services, which owns five helicopters, the only such service in British Columbia. Agar, incidentally, is 1950 winner of the McKee trophy, awarded annually to the person contributing the most to flying in Canada.

Lost Creek mine, as the legend goes, was discovered in 1862 by an Indian, who, unfortunately, was hanged for murder without revealing his secret.

Since then, 21 men have disappeared trying to find it.

One of Agar's helicopters flew in the 21st victim, 60-year-old Albert Gaspard, about two years ago.

Agar said that Gaspard was one of the "reputable" ones. The veteran prospector knew what he was doing and what he was up against.

His toes are sticking out of his shoes."

Among the 30 or 12 has been one woman.

"Half of them don't even bother about taking any food," Agar said. "I don't know how they expect to live, or how they plan to get out. They just expect to pick up the gold, then, swish, they're out.

"I'm not taking anybody six in unless they are reputable parties who understand travel and the requirements in mountainous territory."

Does he believe in the legend?

"If we thought there was anything there we'd be out there after it ourselves."

Attendance at Jasper Park Is Up

Jasper National Park in Alberta had 96,308 visitors from April 1st to Oct. 31st this year, an increase of 13,108 over the same period in 1950.

Jasper Park, with an area of 4200 square miles, is the largest national playground in North America and includes some of its finest natural scenery. Excellent highways traverse the park, where mountain ranges tumble down from lofty, ice-crowned peaks into broad valleys. Lovely Maligne Lake is an outstanding attraction there.

About 38 miles from Jasper townsite, down the Jasper-Edmonton highway, some of the hottest natural springs in North America bubble from the banks of Sulphur Creek at Miette Hot Springs. A modern bath-house and swimming pool have been built there and the waters of the springs are renowned for their medicinal properties.

Jasper Park, like all of Canada's national playgrounds, is a wildlife sanctuary. Shooting with a camera is the only way to secure trophies of the bears, deer, mouse, elk and Rocky Mountain sheep and goats which regard visitors with no more than idle curiosity. Many of the Parks' tumbling, glacier-fed streams, well-stocked with trout and other game fish, make Jasper a paradise for the angler.

Local News of Interest

Through the Standard, Lieut. R. Chapman wishes to express the sincere thanks of the local Salvation Army to all those who made contributions of money, toys or clothing to the Christmas Cheer Appeal. He also wishes to acknowledge the anonymous donation of $20 from a "Christian Friend" at Islay. Through the generosity of the public, the Army was able to remember 19 local and district families with extra cheer at the Christmas season.

Mr. and Mrs. Fred Bowden, Mr. L. Aldridge, Mr. A. A. Aldridge and son Keith, all of Edmonton, attended the funeral of their late uncle Mr. H. C. Oakley.

Mr. and Mrs. George Aikins (nee Peggy Pillie) of Edmonton were guests at the home of Mr. and Mrs. Stan Manyluk for Xmas.

Murray Miller and Jim Goodwin returned to Camrose on Wednesday last after spending Christmas at their respective homes in town. Both these young men are employed by the Dept. of Highways, Province of Alberta.

Mr. and Mrs. Frank English and daughter Penny of Edmonton spent Christmas week in town visiting the former's parents, Mr. and Mrs. Wm. English. They returned to the city on Saturday.

Mr. and Mrs. Glen Good and three boys, Robert, Russell and Stuart, from Haydenhouse were guests at the home of Mr. and Mrs. Ashley Cooper for New Year's.

Mr. and Mrs. Ivan Inman and son Ronnie spent Christmas day as guest with son Keith and family at Vermilion.

The Misses Betty and Margaret Amos came from Edmonton for Christmas with their parents Mr. and Mrs. L. A. Amos.

Little Miss Marilyn Bachelor of Edmonton was a Yuletide visitor at the home of her grandparents Mr. and Mrs. A. Wayne.

Miss Louise Baddock of Calgary and Bud Baddock of Edson spent Christmas with their parents Mr. and Mrs. Jack Baddock.

Guests at the home of Mr. and Mrs. W. P. Pillie over the Xmas holidays were Mr. and Mrs. Frank Pillie from Edmonton.

Mr. and Mrs. John Smallwood and their two daughters were Christmas visitors at the home of Mr. and Mrs. Gordon Maskell.

Allen Maxwell spent the Sunday before Christmas visiting brother Doug Maxwell and family. Allen is employed in Edmonton by Regent Drilling Co.

Keith Maxwell and Frank Martin who have been seein; distant fields with an oil drilling rig, spent the Yuletide at their respective homes in town.

Mr. and Mrs. E. Martyn of Edmonton were Christmas visitors at the home of the latter's brother and family, Mr. and Mrs. Stan Wahlenberger.

Mr. and Mrs. Cliff McMahon of Edmonton spent the Christmas holidays with the latter's parents, Mr. and Mrs. C. G. Isley.

Cpl. and Mrs. Fred Steininger of Barrhead were visitors in town the day before Christmas. They picked up Mrs. Hilda English and son Jim here and returned to Wetaskiwin for Christmas at the Knies' family home there.

Mr. and Mrs. Jerry Evans and little son Leonard of Edmonton spent Christmas at the home of Mrs. Evans' mother here, Mrs. O. Martineau.

Mr. and Mrs. Eddie Herzog and family spent the Yuletide at the old family home at Prince Albert.

Among the young people noticed home from Edmonton were Glenda and Jessie Scott and Joy King.

CARD OF THANKS

We wish to thank Dr. C. W. Stephens and the many friends and neighbors for kindness and sympathy extended to us during our recent bereavement.

Mrs. H. C. Oakley and family.

IN MEMORIAM

In loving memory of
James Davies
—who passed away Dec. 30, 1949.
"Two years have passed since that sad day
When God called and took you away.
You did not stay to suffer long
God knew best and took you home.
The shock was severe for ones who love
But you're resting in heaven, in His gentle arms."
Lovingly remembered by Dad, Mother, Mary, Rose and Group.

Band Practices Start January 8th

Regular band practices will recommence on Tuesday Jan. 8th. Bandmaster Wally Protsch will teach the beginners from 6 to 7 p.m., group instruction from 7 to 8 and general band assembly and practice from 8 to 9. All members are required to attend.

Bob George of Macleod's staff has been appointed manager of the Macleod store at Carman, Man., and has already taken over his duties there. Mrs. George and two children are remaining in Vermilion until living accommodation is secured in the Manitoba town.

Mrs. G. L. Nelson of Regina and Maurice Lebsbury Jr. of Devon, Alta., spent Christmas with their parents Mr. and Mrs. M. M. Lebsbury in Vermilion. Mrs. Nelson will spend a month or so here before returning home.

Mr. and Mrs. Marvin Crowell of Edmonton were guests for Xmas at the home of Mrs. Crowell's parents, Mr. and Mrs. Gordon Williams.

Canadian Legion W. A. Review Active Year

The Women's Auxiliary to the Canadian Legion have completed a very active year during which the following donations have been made

Save the Children Fund, cash and clothing $100 to Canadian Legion Post 11. Cancer Society: Salvation Army, Pemdeh Hospital fund, Sanitorium fund. Military Hospital Xmas funds. Parents for Britain fund. Canadian Institute for Blind. Vermilion Boy Scouts Assoc. Wounded Christian Home. Purchased drapes for nurses home at hospital. Sent fourteen parcels to local service men and women.

Past president badges were presented to Mrs. Harold Bird, Mrs. Harry Short, Mrs. Melvin Hill, Mrs. Harold Clarke.

A new Unit Jack and Standard were also purchased.

Money for these contributions was collected by catering to weddings, banquets, lunches for hockey games, teas etc.

The Legion Auxiliary wishes to thank all those who supported these projects.

A Happy New Year to all

NEWS from ISLAY

As a radio commentator said — 'Canadians love to get home for Christmas'—and that is just what it seemed to be in the Islay area. Many were the family gatherings similar to the one at the home of Mr. and Mrs. Bill Shaw. They had quite a long table in their spacious home to accommodate Mr. and Mrs. Shaw Sr. from Vermilion, Mr. and Mrs. Ken Shaw and Ken Jr., Mr. and Mrs. Dick Bootsman and Shirley, all of Edmonton, Mr. and Mrs. B. Taylor, Marion and Jack all islay, Mrs. Hilda Bell, Janet and Sandra of Islay, Mr. and Mrs. Gordon Gould, Wayne and Betty of Islay.

Also home for Christmas were Miss Catherine McEachern, Miss Nellie Landells, Keith Robinson, and at the home of Mr. and Mrs. Gordon Robinson were Mr. and Mrs. Wheaton and family, Mr. and Mrs. Bob Mashford from Edmonton.

For Christmas day at the parental home were Russel Buchanan and family, also Mr. and Mrs. Ted Hanna.

Catherine and Marie Carey from Edmonton spent the holidays at home with Mr. and Mrs. Jack Carey.

And the busiest thing seen was in Harry Young's store just before Xmas, Harry still has a roaring good laugh over it—A real live goose was in a bag with his head out, sitting on the bag scale in the corner. A little lady was making some purchases at the counter when the old goose let out "Honk, Honk'. The little lady with an 'Oh, Oh'' was right down to the door and when she realized there was no dog barking on to her ankle she stopped, and with Harry then turning to her she said, 'You knew all the time that thing was going to do that.' Harry (M.S.,) said I say everybody that you guessed it, no other than Mrs Bothwell, no other could go so excitedly. Hi, Islay, you know it!

The January W.A. meeting is to be held Thursday 3rd instead of the 2rd, it being so near the holiday, at the home of Mrs. Purser.

On Boxing day at the home of Mr. and Mrs. John Marie were Mr. and Mrs. Lance Payne and Ronnie, Mr. and Mrs. Fred Payne and Laurie, Mrs. Fred Payne (Nora) was home for the holiday season looking and feeling quite well.

Bill Bolton and son Darrell motored to Vermilion to see the Boxing match and along with them were Vonnie Hutchins-on, Mrs. Potvin and Billie.

Alex McFadyen was in Calgary for the New Year holidays.

Mr. and Mrs. Gordon Gould were in Edmonton for the New Year.

On New Year's day Mr. and Mrs. John Marie entertained at dinner Mr. and Mrs. Bothwell, Mr. and Mrs. Ed McFadyen and Marion.

Harold McClelland was home for Christmas Day, along with his fiancee George Purves, also Mr. and Mrs. Mitchell and the twins and Mrs. Yvonne Strickhauser of Thorsby. George and Harold are engaged in oil exploration in the north.

Mrs. Leo Kowalski and Mrs Kowalski, Sr. spent a few of the holidays in Calgary.

Mr. and Mrs. Roy Stone, Mr. and Mrs. Ken Stone and Susan had dinner on Thursday Dec 27th with the Misses Stone, Islay.

Some laughter was had at Gordon Robinson's home on Christmas day when Mac Ada Thomas Nutwell Mc Nut Ada Thomas Nutwell arrived. Other guests there for Xmas were Mr. and Mrs. J. W. Muir.

WEDDING BELLS

OLSEN—RUTHERFORD

On December 15th the First United church, Vermilion, was the scene of a quiet wedding when Rev. C. W. MacKay, B.A., B.D., united in marriage Helen Elizabeth, elder daughter of Mrs. R. L. Rutherford, and the late Mr. Rutherford, of Wetaskiwin, Alta., and Sofus Albert Olsen, of Kitscoty.

The bride, who was given in marriage by her cousin, Mr. A. McLennan, of Islay, chose a navy tissue faille dress with corresponding navy accessories. Her corsage was of Talisman roses.

Miss Faye McLennan, of Vermilion, was her cousin's bridesmaid, and wore a black net over red taffeta gown with matching accessories. Her corsage was Bettertimes roses.

The groom was supported by Mr. Bruce McLennan, cousin of the bride.

Following the ceremony the bridal party was entertained at the McLennan home in Islay.

The bride was married in the Kitscoty district for several years and the is a former member of the staff of the Lloydminster Times, also worked in Kitscoty. They have now taken up residence on the groom's farm where they are followed by the best wishes of many friends and relatives.

Vermilion Couple Weds In Edmonton

OLDENBURG—TURNER

St. Stephen's College chapel Edmonton, was the setting for a quiet wedding when Marie Turner, only daughter of Mrs. Vera Turner of Paradise Valley, became the bride of Mr. Roy Oldenburg, youngest son of Mrs. S. Oldenburg of Vermilion. Rev. S. J. Thompson performed the ceremony.

For her wedding the bride wore a grey, gray tailored suit, with green accessories and corsage of Talisman roses.

She was attended by Mrs. Robert Ramsay, sister of the groom, who wore a navy suit with red accessories to tone, and a corsage of pink roses.

Best man was Mr. Robert Ramsay.

Following the ceremony the guests were entertained at a dinner at the home of Mr. and Mrs. R. A. Ramsay.

A honeymoon wedding cake centered the table.

After a honeymoon to Calgary and points south the newlyweds will be at home on the groom's farm south of Vermilion.

Former Landonville Girl Married In Edmonton Ceremony

A pretty double ring ceremony was solemnized in the Apostolic Lighthouse church, Edmonton, when Miss Lillian Hamilton, daughter of Mrs. Mary Anderson, formerly of Landonville, was united in marriage to Mr. Percy Robert Hamilton, of Edmonton. The Rev. H. Alcock officiated.

The bride chose for her wedding a gown of flour-length white satin. Her veil was held in place by a string of pearl coronet and she carried a bouquet of white roses and lace. Her only attendant was a maid of honor, Mrs. Frank Ketner, sister of the bridegroom, who wore a gold taffeta gown of white roses and lace.

During the signing of the register Mrs. Hamilton sang a solo, and Mrs. Ketner played 'I'll Walk With You' and 'The Lord's Prayer'

Following the ceremony a reception was held at the home of the bride's sister and Jasper Place, assisting in receiving the guests was Miss Evelyn Anderson who chose for the occasion a floor-length gown of royal blue velvet with hat to match. Covering the table was a white satin cloth centered with a cake.

The newlyweds will make their home in Edmonton.

The Lynch children are quarantined for Scarletina for a while.

Margaret MacMillan is home from Edmonton for the holidays.

Miss Dorothy O'Connell is spending the holiday at the home of Mr. and Mrs. Robt. MacMillan.

Bruce Winters spent a few days in the hospital last week.

It's New Year's at Craigs

Thirty-eight Rinks In Farmers' Bonspiel

Martin Rink, Widmere, Again Takes Challenge

PADDY McGUIGAN, SKLAY, WINS CONSOLATION

Bob Martin of Widmere with Albert Smith at third, Mrs. Bob Martin second and George Cruth, lead, repeated their victory of one year ago and carried off the premier honors in the annual Vermilion Farmers' bonspiel. Runners-up were the Bober Bros. rink of Derwent, third place went to Tom Bailey of Buffalo Coulee and 4th to John Sykes and Company, also of Buffalo Coulee.

The Skrcheans event was captured by the Paddy McGuigan quartet of Islay. This rink was skipped by Bill Shaw, Paddy played 3rd, Fred Gould 2nd and Dave Martin was lead. Les Kreller of Claysmore won second, A. Hinton of Buffalo Coulee took third with fourth place going to Jim Bennett of Mannville, skipped by the well-known Eber McFadden.

The prizes were presented immediately following the last draw games on Sunday evening, by the president of the Vermilion curling club, Mac Simonsen. Mac expressed the pleasure of the curling club at having so many rinks entered in this event. It was the third annual Farmers' spiel, with 16 entered the first year, 25 the second and this year the number jumped to 38, a good sized bonspiel and one that open bonspiels held at many other places.

George Webb chairman of the committee in charge of this event, spoke briefly, welcoming all who participated in the success of the business men of Vermilion.

Several of the farmer skips spoke, thanking the Vermilion curling club and town of Vermilion for the very splendid bonspiel and excellent time they had. Those speaking were Jack Martin, John Eyben, Jim Bennett, Paddy McGuigan and J. Bober.

Making the draws were Lorne Pockett and E. M. Stewart. Committee in charge of the bonspiel and prizes were George Webb and Allison Kent.

Members of the Vermilion Ladies' Curling club served lunch during the spiel.

Practically every game played had its gallery, while during the evenings the waiting rooms were crowded with spectators, and the lounge was in evidence at various times all through the day and swelled the crowd considerably during the evening.

Prize Winners

Kitscoty United Church W. A. Elect Officers

MRS. E. BATTY PRESIDENT

The annual meeting of the Kitscoty United Church Women's Association met at the home of Mrs. Vogel, Jan. 12th with 13 members present. After the business part, Rev. Mr. Vogel took charge and the following officers for 1952 were elected:

President—Mrs. E. Batty
1st Vice-Pres.—Mrs. J. G. Inglis
2nd Vice-Pres.—Mrs. Ed Batty
Secretary—Mrs. J. A. Smith
Treasurer—Mrs. F. O. Seward
W.M.S. Sec.—Mrs. F. Pickles.

The Association would like to say 'Thank you' to Mrs. Vogel for helping in any way during 1951 and is blessed 1952 to all its co-workers. "Every mom's work should be made manifest." 1 Cor. 3 13.

BOARD OF TRADE STARTS NEW MEETINGS

Regular Board of Trade meetings commenced this week on Wednesday with an interesting and full business men. Progress was reported on two projects previously dealt with, one of the annual meeting was set for Wednesday, Feb. 6th.

Several Attend Meeting Of Vermilion Legion

Vermilion and Edson are the first two municipalities in the new year to hold public meetings to discuss civil organization or civil defence measures.

On Feb. 1st the citizens of Vermilion will attend an open meeting at the Legion in the Canadian Legion hall commencing at 8:00 p.m.

This meeting will be addressed by Minister of Municipal Affairs, Hon C. E. Gerhart, the Chairman of Civil Defence, Air Vice Marshal G. R. Hesketine, Mr. Ivan Smith, Director of Civil Defence, A. E. Bridges and Lt. Col. Assistant to the Coordinator Col. A. J. Lavoie.

FOUR W. FORMULA YELLS

CIVIL DEFENCE STORY

It is often said and true that every newspaper man soon learns if he wants to know the whole story he's no different than the story of civil defence. The formula is the four W's — What, Why, Who and When.

What is civil defence? It is a way of saving lives and property of protecting you and your family should war strike Canada. It is a way of life that keeps you informed on how to prevent panic and confusion in the event of attacks. Civil defence is your defence.

Why should we prepare? Because, in the event of war, there is always the possibility that Canadian cities, and smaller communities would be attacked with atomic bombs. In this country as in other countries, the sensible thing is to prepare to meet it effectively. That is the aim of Bureaus of Defence against a disaster which may or may not come.

Who is needed? Everybody. Self help and mutual help are the requirements which will protect every citizen. At least 250,000 Canadians will receive civil defence training immediately. Everyone requires intensive education in self-protection.

When will we be needed? Right now. Your own backyard may be the battle line. Today, the planes of any possible enemy country can reach every major city in Canada. The hour may not strike this year, next year or ten years from now, but it could be tomorrow — and we must be ready.

Robt. Fair, M.P. To Address Board Trade

Mr. Robert Fair, M.P., who has just returned from the sessions at Ottawa, will give a short address at the regular Board of Trade luncheon meeting Wednesday next Jan 16th. He will deal with recent legislation regarding the contentious resale price maintenance.

Acknowledge Donations To Farmers' Bonspiel

The Vermilion Curling club acknowledges with sincere thanks the donations of the following business men of the town to the prize list of the Farmers' bonspiel:

Vermilion Wholesale, Rowe and Bona, Vermilion Food Lockers, T. C. Marshall, Medjodz Ltd., Superior Ltd., Craig Bros., Long's Drug, Wm. R. Friedman, Vermilion Hotel, Alex Jewelry, Buxton Cafe, Ed Corley, Ross Feed Mill, Nelson Hill Hardware, Vermilion Beverage, Super Service, Vermilion Sales and Service, R. H. Norton, McWilliams and Long, George's Place, Jack's Barber Shop, Tom Smith, Gerhart Motors, Dr. Payment, Cyri Heckbert, Jim Krause, Dr. Ure, New Way Cleaners, W. H. Little, Maxwell Service, Wm. Wishlow, Ed's Valley Lunch, Vermilion Standard, L. Miller, H. Moyer, Gordon Park, Dr. Shaw, Roy Jacy, Dr. King, Freeman French, Columbia Theatre.

New $125,000 School At Derwent Offers Fine Educational Facilities

9 CLASSROOMS, LIBRARY, HOUSEHOLD Sc., OFFICES, AUDITORIUM.

Another of the recent completion of a new $125,000 school building, the village and district of Derwent now enjoys excellent educational facilities, superior to that in most centres of comparable size.

The new school, completed at a cost of approximately $125,000 has an over-all measurement of 140 by 60 feet. It contains 9 classrooms, Household Ec. room, library, teachers room, principal's office, laboratory, and an auditorium measuring 63 x 40 feet. The building is fully modern and is equipped with running water, shower baths etc. It is heated by hot water system. Exterior finish is of stucco and the two stories make an imposing and impressive structure.

Derwent is in the Two Hills school division and the Board and people of Derwent and district are justly proud of their very fine school.

School proposition of this thriving centre is now complete and children are taught by the nine teachers on the staff, under Principal D. B. Chrapko, principal; M. J. Charuk, W. Sakowsky, W. C. Bober, Steve Wynnyk, Miss H. Dernikow, Miss Anne Leshko, Miss Elizabeth Young, wishers.

Official Opening.

The ceremonies began at 5:00 p.m when Mr. W. E. Frame, chief superintendent of schools, cut the gold and purple ribbons which signified the official opening of the splendid building. The banquet then followed at 8:00 o'clock in the new school auditorium. The auditorium was tastefully decorated in colors of gold and purple, the school colors, and mottoes, ribbons and flowers.

Mr. F. Hamilton, B.A., Ed., superintendent of the Two Hills school division was chairman at the banquet and gave his opening remarks. Mayor M. N. Cherniawsky, as the village of Derwent delivered a speech of welcome to the guests present. Greetings from various other towns and towns were extended by C. A. Algot, chairman of the Derwent local school board. George McCrossan, vice president of the Derwent Board of Trade; H. Mudryk, division trustee of the Derwent subdivision.

An interesting little diversion was the presentation of a mammoth key of the new school, by Mr. George D. Pawiuk, chairman of the divisional school board, to Principal D. B. Chrapko. Treasurer's remarks were made by P. M. Shawcook, secretary-treasurer of the Two Hills division.

Mr. W. E. Frame, Chief Superintendent of Schools was the guest speaker of the evening.

A very fine musical program consisted of eight numbers, vocal solos, duets, quartet and choruses, and a piano duet, provided excellent entertainment.

The banquet was prepared and served by the ladies of the Ukrainian Greek Catholic church, the quality drawing many favorable comments from the guests. Grace was said by the Rev. J. Cherkawsky.

DOUBLE HOCKEY ATTRACTION HERE NEXT WEEK

RUSHER JAN. 16th; UNIV. GOAINER BEARS JAN. 18th.

Vermilion hockey fans are in for two great fare next week as the league leading Lloydminster Rustlers play a regular fixture here on Wednesday Jan. 16th commencing at 8:30 p.m. The Tigers have defeated the Rustlers twice this season and have lost to them once in a game which is to be decided upon by the residents of the area and the Divisional Board.

Meetings have been held in the Kokanee, Woodvale, Canton area and further meetings are to be held. The most recent meeting was held at the Preston school on Monday Jan. 7th when between 40 and 50 persons from Preston, Battleview, Basswood, Triangle and Willowby areas attended the meeting. The establishment of a central school to serve that area. The meeting voiced approval of centralization and future meetings are to be held to discuss trade and possible sites. Mr. D. C McGrath, chairman of the Vermilion School Division, Supt. S. D. Simonson and Secretary J. R. Finlay attended the meeting and answered questions and supplied information.

CATTLE SALE DATE JANUARY 22nd

LIST YOUR CATTLE NOW

The president and directors of the North-Eastern Alberta Livestock Sales Association ask the co-operation of all producers, also those interested in selling livestock, to list their cattle with Secretary Charles Pearman or the president, Beatty Hines, by phone or mail.

This information is necessary to prepare the listing of cattle available to prospective buyers at the sale.

The date of the next sale is tentatively set for Jan. 23. Watch the Standard for further details 27-08

Vermilion Meeting To Hear Plans, Measures For Civil Defence

Dewberry Hunters Have Successful Trip

A hunting party from the Dewberry district returned last week from a highly successful trip bringing back a full load of deer with them. The hunters were Dewberry residents Romanchuk, Ed McRadden, Frank Newman and Louis Kaplack.

The party which was away for two weeks, found their hunting territory south of Nilton where they were at Trapper John's. They were in the more rugged country of that district, where hunters were not so plentiful and made pickings somewhat easier. Snow included a pack horse in their outfit.

Derwent Girl Completes Nursing Aide Course At Calgary

Eleven nursing aides will be awarded certificates, licenses upon completion of a six months course and plan a get-together ceremony to be held at the School for Nurse Aides at Calgary, Jan. 23.

Among the successful candidates are Clara Dickout, Wainwright; Ann Jarema, Derwent; Ruth Moncrieff, Ribstone and Victoria Tarangle, Innisfree 2

DEATH OF MRS. AUTY, AGED 90

Word was received in Vermilion on Wednesday of the death of Mrs. Auty who passed away at the Salvation Army Sunset home in Calgary at 7:45 that morning. Mrs. Auty was 90 years of age last August. She lived in Vermilion since the very early days, going to the Sunset Home last summer. She leaves one daughter Mrs. Gen. Grasby at Hammerston, Ont.

Prize Winners

1. Web Trophy. Individual ash tray trophies and three sugars and creams—won by Bob Martin, Widmere.

2. Jackets—J. Bober, Derwent.

3. Shirts — Tom Smith, Buffalo Coulee.

4. 24-lb. sacks of flour, 2 qts. of oil—John Eyben, Buffalo Coulee.

MERCHANTS

1. Pressure Cookers. — Won by Paddy McGuigan, Islay.

2. Smoking Stands—Les Kreller, Claysmore.

3. Shirts — A. Hinton, Buffalo Coulee.

4. Flashlights and oil—Jim Bennett, Mannville.

District School Boards Are Interested In Rural Centralization

Following the annual meeting for subdivision No. 4 of the Vermilion School Division which was held at Thorncliffe school in December last, considerable interest has been shown in the establishment of rural centralization by people of the area.

With some rural schools having five or six pupils in attendance, the future operation of such schools become very uncertain. Many people advocate the consolidation of a number of these schools in one building at a spot to be decided upon by the residents of the area and the Divisional Board.

Meetings have been held in the Kokanee, Woodvale, Canton area and further meetings are to be held. The most recent meeting was held at the Preston school on Monday Jan. 7th when between 40 and 50 persons from Preston, Battleview, Basswood, Triangle and Willowby areas attended the meeting. The establishment of a central school to serve that area. The meeting voiced approval of centralization and future meetings are to be held to discuss trade and possible sites. Mr. D. C McGrath, chairman of the Vermilion School Division, Supt. S. D. Simonson and Secretary J. R. Finlay attended the meeting and answered questions and supplied information.

Local Boards to Meet Here

It was decided to hold a meeting for members of local school district boards from that area at the Vermilion Agricultural office on Friday, Jan. 18th. Mr. Roger Watt, Secretary from the area, is to be invited to attend the meeting as a guest.

First Baby of 1952 Showered with Gifts

MR. AND MRS. DICK SWANSON ARE LUCKY PARENTS

A son (Allen Douglas) born to Mr. and Mrs. Dick Swanson (nee Dorothy Fetterly) was the first baby born in Vermilion this year. He made his appearance at 4:00 a.m. January 1st.

The Kinsmen club presented the baby boy with a bushel of groceries and the following gifts were donated by local merchants: 2 pair of silk stockings for the mother, Variety Store, plastic clown, complete set of bottles, 2 knitted, baby sets, Fashcrafte baby shop; 1 rubber sheet, 1 pair baby bootees, 1 training cup, birth record spoon and fork, Medjodz Ltd.; 1 can baby corn milk, 2 boxes to theatre, 1 fin Columbia Theatre.

The Kinsmen would like to express their thanks to the following merchants for helping to make them when called upon by the committee: Macleods, Stephens, Nelson Hill Service, Mrs. Friedman, Vermilion Coop, Vermilion Variety, Page Belcastles, Corley's, Alex Jewelry, Buxton Cafe, Vermilion Food Lockers, Dr. Payment and Dr. Shaw.

Three New Year Babies

For the first time in about ten years, Vermilion had no New Year baby at the Vermilion hospital. There were two sets of twins Mrs. Swanson's baby was born exactly two days and Mrs. John Kowalchuk's baby was born exactly two days and a son to Mr. and Mrs. Wm. Specht of Clandonald at 1:30 p.m.

Seed Fair Dates Feb. 29th, March 1st

The Vermilion Agricultural Society has decided on Feb. 29 and March 1st as the dates for their annual seed fair. This event proved very popular last year with district farmers. Over 150 exhibits of seed were on display.

One of the chief objects of the show is to display seed which is offered for sale. Farmers who need a change of seed can look over the samples and determine where good seed can be bought. As many farmers this year will not have enough seed, it is felt that the seed fair will help them in locating supplies close at hand.

There will be classes for wheat, oats, barley and grass seed. The junior class is open to boys and girls between the ages of 12 and 21. The society hopes that many farmers in the district will bring out a large number of exhibits.

Area Boundaries Defined

Entries will be accepted only from farmers living in Vermilion River or Minburn Municipality or within 50 miles of Vermilion. The exhibits must have been grown in 1951 on the exhibitor's farm.

Prize lists and entry forms can be obtained from S. C. Heckbert, secretary-manager of the Vermilion Agricultural society.

PEE-WEE LEAGUE OPENS SATURDAY

DOUBLE HEADER STARTS AT 7:00 P.M.

The opening game of the Pee-Wee hockey season saw Bob Taylor's Red Wings take Bob Hemmerson's Maple Leafs 3-2 in a hard fought battle. This was the first time on the ice this year for many of the players but, in spite of this, the calibre of the play was high.

It seems unfortunate that only a few of these kids had enough interest enough to turn out to see them play. More so, since, for many it was their hockey debut.

In the opening period, Taylor's Red Wings put Adrian and Ireland tally of the Red Wings with an assist from Minzal. Minzal set it up again for Ireland to make it 2 to 0. The only closing minutes Ireland accounted for the third tally, the assist going to Marshall.

The Leafs came back strong in the second period with a knock from Rooks combination and an unassisted goal by Arntson, but time ran out before they could tie it up.

The third period saw the Leafs pressing hard during the early part but the Red Wing defense held and a scoreless period was marked up.

Play was an open, only two penalties being given, Friesell two minutes for boarding in the first period and Arntson again for charging in the second. The game was ably refereed by Ron Dwyer.

This Saturday night sees league play get under way with a double header. Radio's vs. Standard at 7:00 p.m. and Red Wings tangle with the Leafs at 8:00 p.m.

Don't forget! Let's see lots of support for the Pee-Wees They'll be playing their hearts out and remember they are tomorrow's Seniors!

Bill Elder Elected Badminton President

NEW MEMBERS INVITED

A re-organization meeting of the Badminton club was held on Wednesday, Jan. 2nd in the Legion when the following officers were elected:

President—Bill Elder
Sec.-Treas.—Mrs. Bill Elder
Tournament Chairman—Dr. King.

It was decided to set a fee of $4 per member for the balance of the season to April 30th. Any new members are welcome and anyone wishing to learn the game has been invited to contact the secretary and arrangements will be made for proper instruction.

Inter-town men's and ladies' tournaments have been started and a mixed doubles contest will be drawn up soon with the inventor's Syndrax trophy at stake.

The club members play every Saturday evening and Wednesday and Sunday afternoons if the Legion hall is free and anyone desirous of becoming a member is invited to attend.

OIL AND GAS LEASES IN THE VERMILION AREA

Applications receives for petroleum and natural gas leases recently at the Petroleum Board office in Edmonton included two in township 48, range 7, W4, and two in township 48, range 7, W4.

By The District Agriculturist

"GREEN ACRES"

Killiam Man 5th

Deal at Gold Bar Stock Farm, Edmonton on Nov. 27th, Killiam Man 5th from the noted Killiam Stock Farm, Duchess, Alberta, was purchased for ten years by Glanek Limited. Of this sum, $5,000 was paid down and the services of Vermilion purchased over three years and the premiums are to be paid at the rate of $1,000 per year. Killiam Man 5th is a daughter of Man Indeed and a grandson of Man Indeed.

Single Crop Farmers

Single crop farming in this district is marginal farming by any reasoning with any degree of success. When will grain farmers realize that the main source of their income must be derived by raising stock as well as grain? The dairy cow is the backbone of prosperity on every farm in this country and of the cows for cream only, the best of the calves for meat and the cull cows for beef cattle on prairie farms. Also the immigrants must be assured employment for at least a year. Application forms are available at this office.

Bulletin Available

Bulletins and circulars are available from my office on every farm topic. Call in or write in for what you want. It is a good time these long winter evenings to catch up on reading. New bulletins are coming out all the time with new ideas that are worth trying out.

A. H. Buckingham, B.A.

Pasture Labour

Now is the time to apply for displaced persons or Hollanders, Scandinavians, Scotch and English immigrants for farm employment. Modify it a families that are available so a separate house is necessary. Also the immigrants must be assured employment for at least 1 year. Application forms are available at this office.

Bulletin Available

Bulletins and circulars are available from my office on every farm topic. Call in or write in for what you want. It is a good time these long winter evenings to catch up on reading. New bulletins are coming out all the time with new ideas that are worth trying out.

A. H. Buckingham, B.A.

CURFEW WHISTLE TO BLOW AGAIN

CANADIAN UTILITIES INSTAL WHISTLE.

The 9.30 curfew whistle will again be heard in Vermilion after an absence of some three years since the local town power plant ceased to operate. A whistle has now been installed at the Canadian Utilities' plant in the valley and they have been instructed to blow the whistle at the following times: 8:00 a.m., 1:00 p.m., 6:00 p.m. and at 9:30 p.m. for the closing curfew.

Mothers will indeed be glad to hear that the whistle will again be heard as the movements of little children are more easily regulated by it. For instance, the 6:00 o'clock whistle sends them scurrying home for supper without any hustling.

The 9:30 curfew means that all children 14 years and under must be off the streets and home at that hour unless gainfully employed or out with parents consent

—Dept. of Transport Beam Station.

Here we come again with a lit and a Happy Long Year! You've heard the old saying that any man who refuses a girl in Leap year has to buy her 12 pairs of hosiery items! Come to think of it I do need nylons. Size 10 boys. You can get them at Vivian's.

Now that the holiday season is over we can settle down to the business of District convention which we plan to hold during the winter week end. Dorothy McCormick, our district secretary, is going to be a busy girl writing letters to all the Alberta clubs. District Governor, Lena Miles will take charge of the business meetings and the rest will pitch in wherever needed.

It was nice to receive so many friendly greetings ans cards from other clubs and from ex members of our own club, at Xmas. We are happy to learn that Tillie and Orlene think we're the is really swell!

Allie, what did we do to you? Well, we wish you all sorts of luck down there and hope that before long you will take up with Lloydminster Stagettes where you left off here.

Things do happen fast. It isn't that Edna Sloan and Myrtle Wink took of Stagettes, just more of them. Congrats on to you both! Long Years?).

Who checks — Jan. 2 Myrtle and Wink. Jan. 19, Lil an.' Elenor Jean.

Vermilion, Alberta, January 10, 1952

"The Chief Is Dead — Long Live the Chief!"

With the regretted passing of one of our old timers, in the person of 'Chief' Oakley, the town has lost one of its colorful figures, connected us with the past history of Vermilion.

There i many a man who has served on the present, and past fire brigades, who will have memories of little services and kindnesses received at the hand of this same Henry Oakley. One can look back over the days when Vermilion had it' mangnoey hose reels, and the old horse drawn chemical engine, at the time when the old fire hall has a tall hose tower, before it was struck by lightning, and cut down in size. Those were the days when a fast runner and a strong arm made the fire department what it was, with many a credit for fine service before they could become too large. Then it was that one would see Henry Oakley first open ing the doors of the hall, and ringing the bell with a vigor that brought each man to his post in 1 shor time.

Then there was the noon bell, to tell all and sundry it was time to eat, and the 1:00 o'clock bell to let the populace know that the rest period was over, and it was time to get back on the job. These and dozens of other items can be remembered that all helped to endear the memory of a man who has served here and faithfully. So we can say 'Long Live the Chief, and drink to him an old soldier's farewell and R.I.P.". (Contributed)

Commences 20th Year Of Wildmere Winks

Dean of Standard correspondents from the standpoint of years of service, Mrs. J. C. Wallington with this issue commences on her 20th year in that capacity. Mrs. Wallington wrote her first Wildmere Winks bulletin for the issue of Jan. 9, 1933 and has been a very consistent and faithful correspondent.

Petrified Pemmican

An oddity of the Standard office this week is a piece of almost petrified pemmican. Pemmican is deer meat, dried and cured by the Indians in the old days. The pemmican in this case looks almost like a rock but weighs practically nothing. It was left at the Standard office by Jack McLaughlin who says that there is quite a bit of it in various stages of petrification to be found on his farmey farm northwest of Mannville, the S.W. of T-51-R, now farmed by his son Eddie.

Large Payments From Unsatisfied Judgment Fund

Total payments out of the Unsatisfied Judgment fund from Apr. to Dec. 31, 1951 were $198,337, E. R. Hughes, Deputy Provincial Secretary has announced. Collections for the fund, for which each operator of a motor vehicle in Alberta is assessed $1 annually, totalled $242,931.

A breakdown of payments from the fund showed that hospital and medical payments totalled $25,731; judgments and costs, $126,335; miscellaneous $44,071.

The Unsatisfied Judgment fund exists to compensate persons injured in accidents in which motor vehicles are involved and payments are made wherever a person found responsible by the courts for damages is unable to pay the amount of the judgment.

$72 MILLION FREAK

A freak of nature'. That's what they called the silk like rock from which asbestos comes when they first found it a century ago. Today, says The Financial Post, Canada is the world's leading producer. It's a $75 million a year industry with a $25 million expansion program.

QUICK CANADIAN QUIZ

1. Only who in the federal government has introduce a bill involving the spending of money?
2. Which two Canadian cities make up the world's greatest grain port?
3. In what Canadian city do roses bloom the most of the year?
4. What industry is the greatest user of hydro-electric power?
5. Why do beavers build dams?

ANSWERS: 1. To create deep pools that won't freeze where they may build their homes and store their winter's food. 3. Victoria, B.C., 1. Only a Cabinet Minister. 4. The pulp and paper industry. 2. Port William and Port Arthur.

Bob Watt Overseas With Mercuries

Bob Watt, regarded in Vermilion as a native son, is again overseas with the Edmonton Mercury hockey team. Bob was one of the members of the championship crew who made the trip with them two years ago. The trip over to Scotland was made by air and a half hour after they had landed the boys were playing an exhibition game of hockey and Bob had scored his first goal of the extensive tour.

Tigers Win From Short-handed Commandos

CHARLIE CAWTHORPE IS STAR IN GOAL

Vermilion Tigers won 12 goals to 4 from a short-handed but very game Wainwright Commando crew who were playing minus their regular goal keeper and four players. The gaps were filled by Charlie Cawthorpe who stepped into the breach in goal and stole the show by a really wonderful display of puck-stopping, and three other Vermilion players, Allan Heidebrecht, Bill Williams who started the scoring, and D. Lowrie.

The five missing Commando men were who were on their way from Edmonton, experienced a car breakdown and were unable to continue their journey.

The Tigers on the other hand had their full team of 12 men, the largest number ever shown that they couldn't reach Vermilion. Not only did the visitors fill in the gaps but they played heads up hockey for the whole 60 minutes. Lacking heavy body checking and boarding tactics the combination aspect of both teams were pretty to watch and made for a good clean, fast game.

Russell Chaput refereed.

Line-ups

COMMANDOS—Chas. Cawthorpe, Lowrie, Lewis, Murray, Naud, Canfield, Heidebrecht, Helm, O'Neill, Kinnaird, Mackay, Williams, Tighe.

TIGERS—Lashman, Tellier, Kreller, Williams, Ferguson, La Plante, Haskins, Hamilton, O'Connor, Rowe, Cherney, Ewing, Mann.

Summary—Cherney (Williams); ft. Williams (Mackay); Cherney (Mann); La Plante; O'Connor (Cherney).

2nd Period Kreller (LaPlante); LaPlante (Kreller); Williams (Lashman); Kreller (Mann); Mann.

3rd Period—Haskins (Kreller, La Plante); O'Connor; Lewis (O'Neill); LaPlante (Cherney); O'Neill (Lewis); Rowe.

Four penalties for minor offences were meted out.

Handy Notebook

The 1952 edition of the Farmers' Notebook is ready for distribution. It is announced by the agricultural chemicals department of Canadian Industries Ltd. Containing information of interest to farmers, it is available in both eastern, western and French editions and may be obtained from the department's district offices in Halifax, Montreal, Toronto, Chatham and Winnipeg.

Fast Midget Puck Game Saturday

LLOYD AND VERMILION PLAY THREE-ALL TIE.

Two fast Midget teams, Lloydminster and Vermilion, displayed their wares at the local arena Saturday night and the game ended in a 3-all tie. The youngsters were in there playing hockey for all they were worth all the time, and gave the 150 fans on hand plenty to cheer about. The Lloyd boys won the first encounter played at the Border town a short time ago, 4 goals to 2.

Bob Acheson opened the scoring for the locals at 2:40 of the first period when he sifted in a hot shot from the left wing. Things looked rosy for the Vermilion boys when Stewart Cooper and John Stewart gave a fine display of passing and John made the score 2-0. Bob Manners put the Lloyd team right back into the game when he converted Art Goodhope's pass.

Early in the second the score was tied at 2-all when Chic La Riverre combined with Bill Mah to score. Bob Acheson notched his second goal of the game to put the Bell-Quattrer-coached boys up 3 to 2, only to have Leach of Lloydminster knot the count again with the only goal of the third period.

Four penalties, one each to Gustason and La Riverre and two to Goodhope were handed out by referees Stan Waldenberger and Tommy Acheson.

Line-ups

Lloydminster — Draves, Bouvier, Mah, Boyer, Gustason, Leach, La Riverre, Ross, Goodhope, Manners, Jack, Evenovich, Mackay, Jorstad.

Vermilion—Ken Bowers, Stu Barr, Marv Little, Stew Cooper, John Stewart, Bob Acheson, Ed Lyons, Ed Hintel, Bob Bentley, Joe Wilkinson, Jack Barr, Pete Kupis, Dan Semowich.

The Vermilion boys are being managed and coached by two of the high school teachers, Mr. M. F. Sinclair and Mr. Jas. B. Bell.

WILDMERE F.U.A. REGULAR MEETING PROVES INTERESTING

In reply to the query of the Wildmere F.U.A. concerning the use of cyanide guns for the control of coyotes, the municipal office advises that they will not sanction these guns within the municipality but that they would pay $1.50 for each coyote killed.

The members were rather disappointed when the Vermilion Board of Trade members did not make their appearance at the meeting as there was a good attendance.

Mr. Haines then reported on the annual convention, outlining the aims of our organization for the coming year. Among these was the sand and gravel case which is being taken to the Supreme Court of Canada, the sale of natural gas and royalties of same to go to owner of surface rights. The ugly head of partyism was finally destroyed and the organization remains as it should be, a movement of the people of the east.

The principal of the inter-provincial farm conference was supported, and reinstated our affiliation with the A.F.A. and C.F.A. The principal of marketing boards was affirmed and the provincial government in Edmonton is being asked to pass the necessary legislation.

The matter of dues occupied some time, and since the F.U.A. has been carrying along on a shoe string, and as it was pointed out that it was impossible to fight issues such as the gas and oil rights, sand and gravel, illegal and unfair subsidies, etc., on a contributory basis it was decided to institute a family membership plan similar to that adopted in Saskatchewan. This is $3 for the first quarter section and major portion thereof, and $1 for each additional quarter section with a $10 limit. $3 per year for each additional member will be included in the above, this amount to include the subscription to the F.U.A. Bulletin. 30 per cent of the whole amount is to be returned to the district boards.

The highlight of the convention was an address by Premier E. C. Manning on behalf of the Alberta government, which was very encouraging as well as informative. He stated that being a farmer himself he was keenly interested in our movement, and advised 'don't be static but go forward to bigger and better things.'

Mrs. Stolz of the Montana Farm Union outlined the parallel of the two unions and exhorted us to keep up the fight and eventually we would obtain our true status in the country.

Mr. Phelps of the Saskatchewan Farm Union who told us what was taking place in his province and in Manitoba, from whose convention he had just come.

Last, but by no means least, the report of Mr. Orvin Hart, last year's Nuffield scholar. Mr. Hart was able to give us a picture of what the scholarship was, and what it meant in relationship between our farm movement here and that in the Old Country. He defined also their method of feeding and breeding organization remains as it should be, a movement of the people of the east.

T.B. Fund $15,000.00 Short of Objective

SEND YOUR DONATION TODAY

Edmonton and northern Alberta are still $15,000 short of the $850,000 Christmas Seal objective for 1951-52. Receipts to last Friday totalled $835,000 for Edmonton and northern Alberta.

Alberta Christmas Seal receipts amounted to $750,300 from the provincial goal of $185,000. This leaves the Alberta campaign still $75,300 short of the objective.

The hospital X-ray installation program will suffer if the objective is not reached, Mr. Robertson, treasurer o the Alberta TB association said. Nineteen Alberta hospitals have to date received X-ray equipment or grants, including the Royal Alexandra, Charles and Edmonton General hospitals, Lacombe, Vegreville, Camrose and Peace River.

Mr. Robertson pointed out that the X-ray machine, brought to you, make 50-cent chest X-rays available to all patients and bring to light much unsuspected tuberculosis as well as many other dangerous conditions including heart disease and cancer. It is the desire of the association to make X-ray equipment available to all fair-sized hospitals, but extension depends entirely on a successful conclusion of the Xmas Seal campaign.

Alberta residents who have not already done so are urged to send in their contributions at once so that by the 1951 Christmas Seal campaign to a successful conclusion. Income tax receipts will be issued on request.

QUICK CANADIAN QUIZ

1. Which are our Twin Cities.
2. Canada is first and second in the world in export of what forest products?
3. Since 1939 Ottawa's tax take has increased how much?
4. What were our first export commodities?
5. What noted Canadian humorist wrote Sunshine Sketches of Little Town?

ANSWERS: 5. The late Stephen Leacock. 3. From 3½ billion to $1 billion, about 3 times as great. 1. Fort William and Port Arthur. 4. Fish and furs. 2. 1st in newsprint and 2nd in woodpulp.

Letters to the Editor

This paper does not hold itself responsible for opinions expressed by correspondents.

Clandonald, Alta., Jan. 4, 1952.

Open Letter to Wainville and District

I have travelled over the worst roads and non-existent roads in jeeps, tanks and trucks. I have also driven from Cheyanne to Pinedale, Wyo., and I can honestly say that I never found one in favor of it. I don't feel that your portion of highway No. 1 has earned a distinction which should be brought to the attention of those fortunate people who are not obliged to travel over it. Just how this effect, not unlike digging over new breaking complete with stumps an' stones, has been achieved remains unsolved unless actually ploughing it crosswise is a master piece of road destruction. However since engineering nightmare is now a frozen fact I would heartily recommend that it be used as an army testing grounds for jeeps, tanks, etc. In this way only the best equipment (if any) would be sent to the battle fields. An award of the highest order should be made to any soldier, in person or posthumously, who could traverse the distance in a six-by-six.

Yours painfully,
"eddie" Burns

P.S.: Ottawa papers, please copy

Don't forget to send in your Christmas Seal donation.

Islay, Alberta, Dec. 29, 1951

The Editor,
The Vermilion Standard
Dear Sir:

I see by your paper of Dec. 20th 1951 re the Pure Bred Sire area not up by our municipality. I would very much like to know how many of the voters signed this thing during the past two years. I have talked to friends about this scheme and I can honestly say that I never found one in favor of it. I don't that I can also say that after 31 years of friendship with the late Mr. Harry Gordon that he was not in favor of it. I also saw papers the weed inspectors took around and only one had four names on it.

What I would like to know is how are the boys starting up for themselves with only 4 or 5 cows, or even 10 to 15 cows ever going to pay the high prices that are asked for a pure bred sire? I also wish to tell our councillors and district agriculturist that you do not have to have a pure bred bull to build up a fine herd. When I was able to work and look after my cattle I did have as nice a bunch of Herefords as anyone could wish to have. One shipment of 7 head netted $2500.75 and I never had to buy a $600 to $1000 sire.

I think this is one question where a regular vote should be taken.

Thanking you Mr Editor for your space

Yourstruly
C. D. Buchanan.

Constituency News of The Alberta Women's Institutes

Dunmore

December was the month for the annual meetings in the Alberta Women's Institutes. When year's program for 1952 is completed to sure the topics have their place in thers. Our president Mrs. A. B. McGorman continually reminds us that the Institutes were organized for education.

We regret that the Lloydminster branch has disbanded, we hope only temporarily. They feel that it is impossible to carry on, with so many larger women's organizations in the town.

December meetings were as follows:

Creighton

Creighton met at the home of Mrs. L. Donnerworth with ten present. Roll call was a Xmas reading. A discussion arose concerning a W.I. scholarship for the Mansville high school but nothing was decided upon. Christmas cards were sent and gifts exchanged.

Five Point

Five Point met at the home of Mrs. D. Smith with ten present and opened with the singing of "Silent Night". Roll call was a Christmas recipe. The annual reports were given by the executive. Election of officers for 1952 were: President, Mrs. W. McCauley; Vice-Pres., Mrs. J. Te Kamps; Secretary, Mrs. R. Calder; Treasurer, Mrs. E. Summers. Publication convenor is W.I. scholarship for Mansville took place. It was decided to co-operate with other Mansville branches to place Mrs. Hess' name in the 'Book of Remembrance'. A donation was made to two schools for their Xmas tree funds. Christmas presents were sent to Billie Dunseth, Shirley Ruttan and Mr. T. Salmon. Xmas gifts were exchanged.

Ramsay

Ramsay met at the home of Mrs. J. Herrington with seven present. Roll call was an exchange of gifts. W.I. scholarship for Mansville was discussed. A surprise shower was held during the month for Mr. and Mrs. J. Gushin. Six subscriptions were sent for Home and Country. Members renewed their subscriptions to "Canadian Association of Consumers". A.W.I. Provincial and Constituency fees were paid. 1952 program was presented by Mrs. T. Henderson and approved. Same executive was elected for 1952. Mrs. James Gushin was a new member.

Saltcan

Saltcan met at the home of Mrs. Mac Smith with six present. New officers for 1952 were: Pres., Mrs. Mac Smith; Sec., Mrs. W. Hinton; Treas., Mrs. T. Smith. A paper was read by Mrs. T. Smith on "Well water that keeps".

Thorncliffe

Thorncliffe met at the home of Mrs. J. Mouse with eight present. Mrs. M. Smith with six present. New teacher attended and asked the branch to assist her with the pie social and dance in aid of the Xmas tree fund.

Wildmere

Wildmere met at the home of Mrs. W. Steele with eleven present. Roll call was a toy, three were sent to the children's Red Cross hospital in Calgary. Election of officers were: Hon. Pres., Mrs. G. Whitbeck; Vice-Pres., Mrs. J. Sadie; Sec., Mrs. L. Brown; Treas., Mrs. R. Cadenhead. A dance was held in Bassingwood school which was a great success. Proceeds were made to Wildmere and Basswood schools for the Christmas treats.

Detailed Survey of Crop Conditions in Crop District 10

With the advent of winter, threshing operations are practically at a standstill with little hope of their resumption till next spring.

Such being the case, some assessment can be made of how much grain has been threshed from the 1951 crop and how this recovery compares with the total yield for 1950. In addition to this, it is also interesting to look at the amounts that are estimated to be under the snow so that we can, if we wish, make some of the further amounts that may be recovered in the coming spring.

Conditions varying as they do over the province, the more localized comments on this nature can be made the better. The smallest areas for which statistics are available are the Government Crop Districts. There are 11 of these in Alberta. The one most interesting to us is Crop District No. 10, lying as it does, south of the Saskatchewan River, extending from east to west roughly from Lloydminster to Brederbain and bounded on the south by an irregular line, approximately 48 miles southward from the river.

This area was blessed with one of the best crops in its history, but suffered from the most adverse harvesting conditions it has ever experienced. Even so, in wheat, oats and barley more records have been recovered to date, from each of these, than was secured in 1950.

The figures that follow show how this applies to each of the main grain crops:

	1951 Crop Bushels	Already Threshed	1950 Crop, Surplus Or Deficit Under	Still Unthr.
Wheat*	3,986,000	3,324,380	25% over	5,654,000
Oats	9,180,000	11,826,000	2,000,000 or 20%	8,853,000
Barley	6,048,000	9,788,700	3,738,700 or 62%	4,194,300

News from Kitscoty

Pleased to hear Mr. J. Jenkins has returned from Islay hospital much improved in health. His granddaughter Mrs. J. Jones has taken a hint to her home in Edmonton and from there he will proceed to the west coast to visit his son Morgan and family.

Mrs. O. P. Smith from the Pacific coast is visiting her mother Mrs. D. Jack, her brothers and families. Mr. and Mrs. Smith and family were residents of Kitscoty for many years before moving to B.C. to reside.

Mr. Ted Sheppard has gone to Edmonton to visit his daughter Mrs. Al wish him a very speedy recovery.

Mrs. R. B. Hicks of Brownvale is visiting her son Mac, Mrs. Hicks and boys.

Miss Elaine Batty spent New Year's with friends at Provost, Sask.

A working party of men and boys under the direction of caretaker Archie McTaggart put the bins floor and goal lines on the rink on Sunday. Now for a hockey game. The ice is in splendid condition.

Kitscoty residents were startled to hear the fire bell ring on Sunday afternoon. The blaze in the dwelling house of the Peter Hartell had started and caused the latter to turn up. There was a lot of smoke and the contents of the freezer were all damaged. The fire brigade under Fire Chief J. Blatchford soon the fire under control but until a large crowd had gathered ready to give assistance if necessary. It is understood that several fishing nets were done to the contents of the freezer.

Mr. Eddie Jakubec has returned from spending the holidays with his parents in New Westminster.

Mr. John Browne spent a week in Edmonton visiting his daughter Mr. and Mrs. C. Lee. He left there by before proceeding to Victoria, B.C. where he will spend the rest of the winter.

Recent figures on the prices of butter, compiled in Britain, show that the Canadian price is about average. In Belgium the price is about 82c per lb., in France 75c, in U.S. 71c, in Canada 69c. The German price is about the same as in Canada. Of the countries listed, only in Denmark, the Irish Republic and United Kingdom are the prices lower.

Canadian National (West Indies) Steamships has 10 vessels running between Canada and the West Indies ports. Passenger and dry cargo are carried on the fleet in this line.

QUR COMPLETE SHORT STORY—

Janie, The Wren

To Freddie, the Plain Little Wren Janie was a Bird of Beauty ::

By MAUDE NORMAN

WITH one exception, the entire Radio Station staff liked Freddie Moore. Liked him in spite of his assurance. Not that Freddie meant to be aloof, but he came out of the service, via the hospital, with an inferiority complex. But the staff all understood this and when Freddie passed, looking without seeing and without speaking, they didn't dub him "Highhat", but only mattered "Poor devil, if he would only snap out of it."

His complex prevented Freddie from making public appearances or giving interviews. "If people like my voice, that is all that is necessary," he said. Like his voice they did. It kept a girl busy reading the requests that poured in every day.

The exception was Jack Kelsey, another singer. He was constantly talking about Freddie. The fan mail, the gifts, the invitations that were never accepted. Most of all, he lamented having the prize plum, singing star of the Twilight Hour, fall into Freddie's lap.

"I tried to sell you," his agent protested, when Jack stormed into his office, "but McPhearson insisted on Freddie. Said his voice has a wistful quality that went right into Eileen. All of them, from bobby-soxers to grandmothers. If you want to sing, want to hear Freddie Moore sing. I'll land you another spot."

But Jack wasn't satisfied to wait for another spot. He finally hit upon what he considered a fool-proof plan to discredit Freddie.

Everyone knew of old man McPhearson's daughter and how, fed up with glamor girls, he kept her as plain as possible. Not that Janie didn't have possibilities. And one thing she did have that was really good, was a voice, sweet and husky. But her father would as soon have considered her making the initial flight to the moon as allowing her to sing.

Jack counted on this when he received his scheme.

Flowers started coming to Janie, nothing spectacular like orchids or American Beauties, but simple bowers, white rosebuds, violets, daisies, etc., with a card, saying, "Please listen tonight while I sing to you." The same day, a bunch of cards would come in, requesting a certain song. The day rosebuds arrived, Freddie sang Moonlight and Roses; the day of the daisies, Sweet Bunch of Daisies. And so on. All the old songs, but did the public love them! Especially as the gossip columns hinted at Romance on the strength of information given them by Jack Kelsey.

Freddie knew nothing of this. He sang the songs because they were requested and if he put a little extra feeling in them it was because every night, before broadcast the phone would ring and a sweet, husky voice would thank him for the song and say "I love roses," or whatever the flower of the day. Because it was just a voice and because he was hungry for companionship, Freddie came to look forward to these nightly conversations. If Janie, the plain little wren, wondered why he never mentioned the flowers or meeting her sometime, well—she was content to wait.

It took scheming on Jack's part to have the two meet publicly. He threw a party. He sent a special invitation to Janie and her father. He said nothing about the party to Freddie, simply asking him to come up after the broadcast to hear some new recordings.

Jack figured that when Freddie realized he had stumbled into a party, he would panic and bolt. McPhearson would be furious at the slight given his beloved daughter. Freddie would be out. Jack would step into his shoes. It was sure-fire. Everything worked out as Jack planned—to a certain point. Janie was as plain as he expected, simple grey dress and hair combed straight back. But when Freddie and Janie met, it was the start of a new deal.

"Why, it's my telephone girl." Freddie exclaimed in surprise. He reached out a tentative hand. "May I?"

His hand slid over her hair, touching her face lightly. "You are as lovely as your voice," he whispered.

The gossip columnists really had something to print the next day.

To blind Freddie, the plain little wren really was a bird of paradise. (Copyright, 1951, by Maude Norman.)

Sportsmen Urged To Conserve Moose

REGINA—An appeal to sportsmen to conserve Saskatchewan's sparse moose population has been made by Resources Minister J. H. Brockelbank, following a recent report of the shooting of two moose in the Hudson Bay area. Mr. Brockelbank said the hunter left them in the bush.

"All true sportsmen will regret incidents of this kind," Mr. Brockelbank said. "Moose are still very scarce in Saskatchewan, although they have been protected for seven years, and this kind of destruction helps no one."

In Saskatchewan, the minimum fine for shooting moose contrary to regulations is $100.

Do You Know That . . .

The South Pole is situated nearly in the centre of Antarctica. A huge continent about the size of Australia. Formed of old rocks, Antarctica rises to a height of 10,000 feet at the pole. Of its five million square miles, less than 100 square miles are free from a permanent covering of ice. During the warmest month, January, the highest temperature is about 29 degrees. Lowest temperature recorded in winter is 77 below. On the side nearest New Zealand the Great Ice Barrier, 100 to 400 feet high, stretched about 400 miles. Day and night each last about six months. On exposed land patches, there are sparse growths of mosses, lichen and fungi, but no trees or flowers. There are birds (skua gulls, snow petrels and penguins) on sea and land. Only mammals are marine —whales and a few types of seals. There is no land animal except wingless insects of a degenerate type.

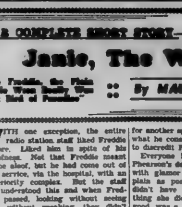
Pattern 4528 comes in sizes 14 16, 18, 20, 32, 34, 36, 38, 40, 42. Size 16 takes 2 yards 39-inch. short 1¾ yards 39-inch.

The pattern easy to use simple to sew, is tested for fit. Has complete illustrated instructions.

Send thirty-five cents (35c) in coin (stamps cannot be accepted) for this pattern. Write plainly size, Name, Address and Style Number and send order to:

Anne Adams, Pattern Dept.,
60 Front Street W., Toronto.



MELVIN ASBURIES RIDDICK—A bear on a motorbike was a big attraction for youngsters at a special morning performance at Bertram Mills' Circus, in Olympia, London. Brute performed faultlessly in the ring and drew applause loud and long from the happy children.

Western Briefs

Southern Purchase Sold

MELFORT, Sask.—Three brothers, Ed, Morris and Joe Vickers have purchased the Omark hotel in Melfort it was learned. Plans are to remodel the structure to make it northern Saskatchewan's most modern hotel. Purchase price of the building was not disclosed.

New Eastward Service

VANCOUVER, B.C.—A direct, all-Canadian air service between Canada and New Zealand has been inaugurated by Canadian Pacific Airlines.

Receives Cablegram From King

DELORAINE, Man.—A cablegram from King George was among the birthday congratulations received by Deloraine's oldest citizen, Jacob Brandenburger, who was 100th birthday. The messages were read at a banquet tendered by the Town of Deloraine and Municipality.

Launch New Vessel

VICTORIA, B.C.—First naval vessel to be launched here since the end of the Second World War, H.M.C.S. Porte La Baie, was launched on the ways Dec. 29. She's a 135-foot gate vessel, with deep draught and solid beam, built on the exact pattern of Atlantic trawlers. She will cost around $500,000.

No Truce of Fun

EDMONTON. — R.C.M.P. said no truce has been found of 365 minor pults, valored at more than $7,500, stolen from a mink ranch near Faun, on the south shore of Lesser Slave lake in the Peace river block.

Salary Total

EDMONTON — Salaries totalling $71,507 formed the major expense of operating the Edmonton Flyers at the new defunct Western Senior Hockey league last season.

ODDITIES

In The News

A food inspector called to a butcher's shop at Marlborough, England, opened up a fine-looking turkey and found: A rusty hoy, a padlock, a pair of broken scissors, a bicycle spindle and miscellaneous bolts, together weighing nearly two pounds. The object of this unusual "food" inside the bird, which came from Ireland, may have been "a fraudulent attempt to increase its weight," the inspector reported.

WPC-1 A Special KIND OF SOFTNESS

Woodvale News

At this is our first news in 1952, we wish our Editor and staff and all our readers the best in the New Year. We will miss the kind comments of Mr. H. C. Oakley on our column and extend our sincere sympathy to his wife and family in their recent bereavement.

We have to go back to the middle of December for some happenings to be unreported. Congratulations to Mr. and Mrs. Carl Allen (nee Miss May Gordon) at Marwayne on their recent marriage. They held a wedding dance at Woodvale on Dec. 26th but that being the night of the weather warning re drifting and wind not many people were able to attend but everyone there reported a very pleasant time.

Herman Wolters was the Tofield F.C.A. delegate to the Calgary convention and he gave his report a most large to a small gathering of members.

With Christmas school concerts all taking place on the same evening one could not attend them all. We attended the Ganton concert and enjoyed it very much. Mrs. Oldsdeston and the eight children did wonders. Filling a two-hour program with plays, recitations, a drill and songs with never a dull moment. The singing of the girls was specially nice, we thought. Santa who seemed young and full of pep and tall that night, had his hands full handing out parcels ably assisted by Keith Lymon. Lunch and an all around visit ended an enjoyable evening.

The program was not quite so long at Watson school but Miss Metcalfe and her pupils, with as many small ones amongst them, could be richly proud of their achievements. The same pleasant atmosphere as happy visiting was noticed as in the other schools.

The four Woodvale children took their roles and recitations to the Thorsville party and played their parts very well.

Marion McGuat came home for the Christmas holidays from Edmonton and the four Goutier children are arrive home on Xmas eve where they had been in quarantine for three weeks, with Robert contracting scarlet fever. He is still not quite his old self and will stay at home for an extra week to further recuperate. Marie Goutier who is teaching north of Bonnyville was home too, coming the long way via Edmonton by train, but able to get a lift by car on her return.

Dickie Steele went with Tommy Lymon back to Winfield to work in the lumber camp there.

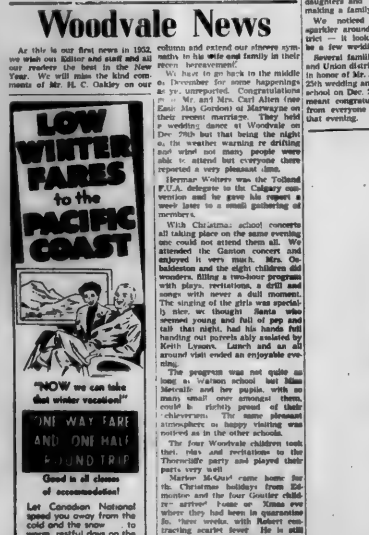
The biggest Christmas gathering we heard of around here was at Mr. Lymon's home where 27 persons sat down to a turkey dinner. There were 20 at the Alf Robinson's at the Kolinow store and 18 at Mr. and Mrs. Jim Ross. Some of the homes were bulging we are sure, but what fun and happiness everywhere!

The aftermath of all the celebrating seems to be numerous colds, severe enough to send a lot of people to bed . . .

Mrs. Roger Watt and girls spent New Year's day at Lamont with the farmer's mother also at the age of 79 years enjoyed having her daughters and families with her, making a family gathering of 30.

We noticed another diamond sparkler around the Tofland district — it looks that there might be a few weddings here in 1952.

Several families of the Woodvale and Union districts attended a party in honor of Mr. and Mrs. R. Sheriff's 25th wedding anniversary in Kolinow school on Dec. 27. Belated but well meant congratulations go to them from everyone not able to attend that evening.



By Bernice Reed, Wainwright, Alberta

News Notes From Your District Home Economist

May you all enjoy a prosperous and happy 1952!

Silverware Care

If you received silverware for Christmas (or if you have silverware on hand) you should be interested in its care. Your silver is a beautiful addition to your home and should be displayed and used constantly. Silverware is neither fragile nor perishable. Sterling silver especially should be used every day. When you first put your silverware on the table and in the dishpan three times a day, you will notice tiny scratches. This is nothing to be alarmed about, because eventually the scratches will multiply until the silverware has a mellow, soft lustre. This surface-mellowing is called "patina". For this reason silver should be rotated in use so that all the set receives equal wear and acquires equal lustre.

Your silverware should be washed promptly after each meal in hot soapy water. Give them a clear, hot rinse and wipe completely dry with a soft towel. Never let your silver air drain dry. If eggs or salad dressing or any other food has left a discoloration, use silver polish to remove it at once.

Next week I'll tell you about cleaning and storing silver.

Use of Dried Fruits

During these winter months when fresh fruits are not as readily accessible as they are in the summer, remember that we still have dried fruits, apricots, peaches and prunes. Are you one of those housewives who replies, yes but my family won't eat prunes, they just don't like them? Maybe so, but have you ever considered the various ways they can be served? We often get into that rut of serving these fruits, granted it is fast and simple, but dull.

Have you ever served prune or apricot whip with a custard sauce?

1 cup prune or apricot pulp (prunes which have been stewed then put through a sieve); 4 T. sugar; 2 tsp. lemon juice and 2 egg whites.

Fold pulp, lemon juice and sugar into the stiffly beaten egg whites. Served with a custard sauce. Simple to make but delicious and nutritious. To me custard sauce is better on fruit than cream any day. Besides this recipe one can substitute prunes for dates in matrimonial cake and in fruit muffins. Remember, these dried fruits are excellent sources of iron in your diets, are good and comparatively inexpensive.

A Tip

A tip from Mrs. Wise is offered here by Miss Joyce Lewis, Nutrition Specialist. Is there a corner in your kitchen cupboard filled with newspaper and magazine clippings, recipes, menu suggestions, time and money saving ideas, cleaning hints? What a wealth of ideas can be collected from this source! But can you always find them when you want them?

Mrs. Wise already has a recipe file, and what a time saver it has been in planning and preparing meals! She has resolved this year to start another file for "Kitchen Quick Tricks and Money Saving Ideas". It will include sections on buymanship, cleaning hints, kitchen equipment, selection and care of table decorations and other such tips to help increase her efficiency in the kitchen. Not only newspaper clippings, but also tips she receives from her friends and neighbors and from her district home economist will go into the file.

The cost of food is not the only item involved in the cost of family meals, says Miss Lewis. Take a tip from Mrs. Wise and make a handy reference file of hints that will help you to feed your family with greater efficiency at less cost.

Pastry

Have you ever made pastry using an egg? I hadn't until this Xmas holiday, and next week you'll find the recipe here. If you make good pastry you won't need this recipe, but if your pastry could be improved you'll love it.

Somehow one of these unforgettable characters you read about. And every time I think of her, I remember one of her favorite sayings: "Early ave — Early morn".

Many years have passed since Grandma died. But just the other day something happened to remind me of that old maxim of hers.

I was working over my budget, trying not to admit that the figures told me: My savings had slipped. At this rate, it was a cinch that some of the things I'd planned to save for would have to wait. Suddenly I remembered "Early ave . . .

"Old-fashioned stuff!" I told myself. Then I got to thinking. "Maybe it is tough to save today. But it's still important . . . still my only hope of getting some of the things I want most.

"Well, at least I'm having up my life insurance payments," I thought. "That's a way of saving which combines protection for my family as well. And maybe if I make a point of saving that extra money while I'm much more . . .

"Ha-ha-ha-ha! I'll try again. I'll find some new ways to economize. Somehow I'm sure I can manage to be more thrifty."

And you know — it's a funny thing! The moment I made that decision, I realized that Grandma's idea was not old-fashioned. I've just caught up with her now!

The most IMPORTANT MAN in the CANADIAN ARMY

There have been many startling developments in modern weapons — even talk of push-button warfare — but despite all of this — the INFANTRYMAN continues to be the most important man in our defence forces.

Today, the Canadian Infantry Soldier is one of the... trained men in our Army. He is master of many weapons. He is tough. He has built a reputation that is revered in peace.

More young men are needed right away to enroll the ranks of the Royal Canadian Infantry Corps. The job is not an easy one. You have to be good to make the grade as the most important man in the Canadian Army—the INFANTRYMAN.

IF UNDER FIVE FEET:
1. Volunteer to serve anywhere.
2. Must Army requirements.
3. Be 17 to 60 (Tradesmen to 45).
4. Married men will be accepted.

Apply to the nearest Recruiting Depot:
No. 10 Personnel Depot, Currie Barracks, Calgary, Alta.
Edmonton Recruiting Depot, Western Command, Kingsway Avenue, Edmonton, Alta.

Join the CANADIAN ARMY ACTIVE FORCE Now!

"You Will Save Money"

PROVINCIAL GOOD

"The federal government's big budget surplus has been a powerful force in slowing down inflation, said general manager C. S. Frost at the annual meeting of the Bank of Nova Scotia. But he added this proviso: 'While a surplus is a good thing in prevailing economic conditions, we must not allow it to take the emphasis off the need for economy in government.'

Clandonald News

April in January! That's the best way to describe this fine weather which we have been enjoying of late. Come what may it will certainly shorten the next three months which are generally regarded as the toughest ones of the year.

Some members of the community are no, so happy about the open weather however, but it is to be greatly feared that they won't get much sympathy. These are the operators of the snow plows who normally at this time of the year are working both night and day at times.

To make matters worse, our local snow plow operator has just received a new motor grader and is most anxious to see at least a few of us snow preferably accompanied by a thirty mile an hour wind. This new motor grader is powered by a six cylinder diesel motor which develops considerably more power than the old machine. We will be looking forward to seeing snow plowing as it should be done, whenever that time arrives.

Mr. and Mrs. R. MacDonald left early in the winter for a lumber camp north-west of Edmonton where both have employment. During Scotty's absence his livery barn and draying business is being taken care of by Albert Astley.

Much activity has been noticed lately around the elevators and many freight trains have been seen. Quite a number of grain cars have been made available along the line so we are informed that the prospects of moving all the wet grain before the storm weather arrives are none too bright.

Mr. Simmons of the R.C.A.F. spent Christmas with his family in town. He operated one of the U. G.G. elevators at this point for several months prior to his rejoining the air force. Mr. and Mrs. Simmons and family have since left for the east where he is stationed. He expects to be posted in the west eventually.

Mr. and Mrs. Brooks and family who came here from Ontario early in the fall have now moved to Edmonton. Since moving west Mr. Brooks has been employed in the city but up till now was unable to find suitable accommodation for the family. Mrs. Brooks is a twin sister of Mrs. George Carleton.

Tom Forsyth of Calgary spent Christmas with his grandmother Mrs. S. Pilgrim. Also home for Christmas was his brother Johnny who has been working for an Edmonton trucking concern for the past few weeks. Johnny likes the work and is seeing quite a lot of territory in connection with his hauling job.

Miss Mavis Brake and brother Harry spent Xmas at their grandmother's home near Hay Lakes. Their grandmother Mrs. Stratton accompanied them home to spend New Year's with her daughter Mrs. H. Brake and family.

Sympathy is extended to the Mayhew family in the loss of their uncle Mr. William Mayhew. During the many years Mr. Mayhew was a resident of the Hay Lakes district he was a familiar figure at most local social events.

Winnie Cowley, eldest daughter of Mr. and Mrs. M. Cowley left for an Edmonton hospital where she will be undergoing treatment the some months. Best wishes for an early recovery are extended by her many friends.

Latest word of Tommy Stockwell of the General hospital, is that he who is a patient in the TB ward was well remembered at Christmas by his numerous acquaintances and is doing fine.

Alberta Recreation Association Formed

OF INTEREST TO ALBERTA COMMUNITIES

An organization to be known as the Alberta Recreation Association was brought into being at a meeting in Red Deer, in the City hall on Nov. 17th when the Alberta Recreation Executive's Association approved a new constitution which admitted to its body all those persons now engaged in a recreation program.

The meeting was under the chairmanship of Prof. M. Van Vliet of the Physical Education Department of the University of Alberta, with Mr. Wm. Huten of the Health and Recreation Branch of the Dept. of Education, as secretary. Attending were recreation representatives from all over the province. Persons not attending have been professionally engaged in the recreation program for their various communities for some time.

The new organization admits to the body persons from such various walks of life: librarians, music teachers, artists and art teachers, dance teachers, dramatists, drama teachers, and offers for the first time a place where recreation personnel, can be brought into its perspective as a community system.

According to the constitution the objects of the organization are: to unite in one organization, all recreation personnel: to foster and maintain high standards of professional qualifications and high standards of professional ethics; to encourage adequate programs of professional training for recreation personnel; and to stimulate interest in recreation, while aiding in the promotion of better relationships between this and other professional organizations in the province.

Membership is divided into four classes: active membership includes full-time professional employees, in executive or leadership capacities; associate memberships include persons devoting a portion of their time to the promotion, planning and organization in the field of recreation. Both classes of memberships involve the same responsibilities and same privileges in the organization. Added are student and honorary members.

It is anticipated that a great deal of interest in the organization will be found among those people who have been active in recreation programs in various communities in Alberta.

Rats!

Rats are still coming in. Dead and alive, they are being found at widely scattered points in the province. W. Lobay, Supervisor of Crop Protection, warns that although the number reported is comparatively small, we cannot afford to relax our efforts because of colder weather. Rats move anywhere and every where at any time of year, and the utmost vigilance is required to prevent their establishment.

Everyone, whether in city, town or country, should be alive to the danger and make sure that not a single rat goes unreported. The Alberta Department of Agriculture is cooperating with municipal pest control officers. It is prepared to launch a rigorous extermination campaign in any area in Alberta where rats appear. Establishment of colonies must be prevented at all costs, says Mr. Lobay.

Rats or signs of rats should be reported immediately to the district agriculturist, pest control officer or the Field Crops Branch, Alberta Department of Agriculture, Edmonton. District agriculturists are prepared at any time to offer information and advice on rat control. They have in their offices preserved rat specimens on display.

The Canadian National Express handles nearly 20,000,000 shipments a year.

Sixteen Years Ago Today

Jan. 9th, 1936

Four councilors occur on the town council this year and three on the school board, making plenty of room for aspiring candidates. Twenty-six spring are those of Melvin Hill, Geo. Wright, and George Webb, while the fourth vacancy on the council was caused by Chas. W. Robinson moving up to the mayor's chair. Councillors Ed Davies and Wes Walderberger have another year to sit. On the school board the terms of Dr. J. J. Knoll, Ed Long and S.R.P. Cooper expire with continuing members being Frank Baker and Tom Watts.

Extreme cold prevailed during the week with a low of 39 below and only one above zero reading all week.

The Buffalo Coulee M.D. council was completed of Messrs. Hetherington, Finney, Ramsay, Hills, Dew and Currey, with Phenney as reeve. The Metherts council was Allanach, Scott, Steele, Watling, Hope and Gilmour.

Thirty-two Years Ago Today

Jan. 7th, 1920

Licenses for threshing machines increased in slightly over 3000 for 1919 as compared with 2000 for the previous year.

Plans outlined by Mayor Morrison at the first meeting of the new town council included the erection of a fire hall, re-organization of the fire brigade, extension of sidewalks, construction of a storm sewer from the business centre, extension of power plant with installation of complete new unit, and adoption of the business tax.

Joe McKone sold seven of the new Overland '4' automobiles in seven days, they thought to be a record in the history of the town. These cars have the new 3-point suspension springs, claimed to be the greatest improvement in riding comfort since pneumatic tires.

The new school board took office and is comprised of Chairman W. P. Pilkie, J. Bateman, W. S. Clark, H. P. Long, Geo. Brimacombe. The retiring chairman S. R. P. Cooper was rendered an appreciative address on leaving the board.

An Alarming Toll

THERE HAS BEEN INCREASING CONCERN in Canada in recent years over the number of accidents involving motor vehicles. Increases in population and in the number of cars and trucks on the roads no doubt account in part for the growing number of accidents, but there is strong feeling in many quarters that more interest should be shown in lowering the number of accidents which occur on our highways. During the last year, the number of Canadian service men killed, wounded and missing totalled 84,000. In the same period, at home in Canada, 170,000 persons were killed or injured in motor accidents on our highways.

• • •

Many Causes Of Accidents

There are many causes of motor accidents. Faulty brakes, other mechanical defects, poor judgment on the part of drivers, excessive speeding and drunken driving all contribute to the annual toll of accidents. Some mishaps are unavoidable. Weather conditions sometimes produce hazards which even the most capable and careful drivers cannot avoid. Sometimes too, circumstances arise which make an accident unavoidable, although the drivers may not be at fault. However, there are many cases in which negligence in one form or another is responsible for fatalities on the road and there is growing feeling that more effort should be made to eliminate accidents of this nature.

• • • •

Prairies Have Better Record

The number of accidents in Canada vary in different localities and are, of course, to some extent dependent upon such factors as the ratio of the number of cars to the population, the number of tourist cars on the roads and the density of population. There are fewer motor accidents in the prairie provinces than in other parts of Canada. In 1949, the last year for which figures are given in the Canada Year Book, of the total of 113,233 accidents which occurred in that year, there were 1 447 in Manitoba 3 733 in Saskatchewan and 8 709 in Alberta. These were low compared to the figures for Ontario, where there were 27,606 accidents and Quebec where the total was 20,466. It is obvious that this difference is due in a large part to the difference in population and in the number of cars in circulation. However, it is recognized also that the west has been very progressive in trying to control the number of accidents. Progress in conquering a serious threat to life and property is to be commended and it is to be hoped that the coming year will see a marked decrease in the number of highway accidents in Canada.

Manitoba Has Made Big Strides In Industrial Way

Colonization of New Areas in Province Won Good at the Features

WINNIPEG —This year was one of outstanding achievement for a large and growing group of industries based on Manitoba's natural resources. Hon. F. S. McDiarmid, minister of mines and natural resources, said in his year-end review.

The mineries produced more than 292,537 in value over the previous year.

An estimated 600 farm units, or 100,000 acres of cultivated land were brought into production in 1951 were primarily responsible for the consumption of new areas in the province.

The report noted:

Mineral production in the past year is expected to total $28,000 000, the same as last year

Forest production valued at $23,350 000 exceeded all previous records

Hydro-electric power generated in 1951 amounted to slightly more than 2,379 000 000 kilowatt hours, an increase of 4.3 per cent over 1950.

Overall wild fur production jumped seven per cent, compared with the previous year, to a value of $3,111 118

Fish production during the winter 1950-51 and summer and fall seasons of this year was 32,673,100 pounds valued at $7,364,320. This is an increase of 2,372,900 pounds and $1,-

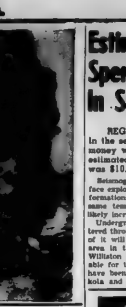
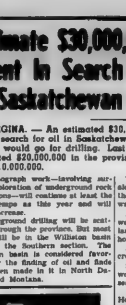
To obtain this pattern send twenty-five cents in coins (stamps cannot be accepted), to:

Needlecraft Arts Department,
Winnipeg Standard Publications,
60 Front Street W., Toronto.

Be sure to write plainly your Name, Address and Pattern Number.



IT WAS GABRIEL'S HORN HE HEARD—O B Hong saw what he thought was a buoy floating near shore near San Francisco, Calif. He climbed on top of it, heard a queer roaring noise. Navy experts identified it as a German floating mine of World War II and filled with 2,000 pounds of TNT. They exploded it. (right), long after Mr. Hong had retired from his perch on top of the mine, where he believes he was as close to heaven as he is very likely to get. A severe knock would have exploded the bomb. Mr. Hong was told.—Central Press Canadian.



Manitoba And Sask. Lead Farm Income

OTTAWA.—Canadian farmers got $1,864,900,000 from the sale of their products in the first nine months of this year or a 22 per cent. gain over the same period of 1950.

The Bureau of Statistics said that cash income from farm products this year was up in all provinces, with the greatest percentage gain in Manitoba and the largest absolute increase in Saskatchewan.

January to September income of Canadian farmers amounted to $1,-467,900,000 last year.

Supplementary payments to farmers like last year, amounted to $30,-000,000 under the Prairie Farm Assistance Act amounted to $10,100,000 against $8,300,000 in 1951.

The Bureau of Statistics said that the increase in farm cash income was "largely the result of substantial Canadian Wheat Board payments during the first six months and higher average livestock prices for the entire period."

It reported that heavy spring grain deliveries which had contributed materially to the income for the first half of this year were offset to a large extent by a "substantial reduction" in marketings of wheat, due to adverse weather, in the third quarter.

Ontario farm income led all others, amounting to $390,440,000 as compared with $304,719,000 last year. Saskatchewan was $304,322,000 compared with $268,101,000. Saskatchewan $262,385,000 from $243,881,000; Alberta $288,822,000 from $229,699,000; Manitoba $106,222,000 from $102,-573,000. British Columbia $74,334,000 from $64,314,000; Nova Scotia $31,-813,000 from $30,981,000; New Brunswick $31,778,000 from $30,774,000 and Prince Edward Island $17,706,000 from $16,302,000.

MORE THAN FILLM TONNES TOTTED UP IN 1951

WINNIPEG —Hon. J. S. McDiarmid, minister of industry and commerce, said that with a record of more than 710,000 tonnes expected to have visited Manitoba during 1951, the province climbed with an increase in tourist traffic greater than any other part of Canada.

The year-end review of the provincial department of industry and commerce stated that last year tourist figures for Manitoba was slightly more than 576,000.

Seek Big Farm Loan For Alberta

EDMONTON — Henry G Young, president of the Farmers' Union of Alberta said that Alberta should be entitled to one-third of the federal and bank loans involved in the federal emergency relief for farmers unable to harvest their crops. He said this would be more than $6 000,000 under the maximum of $20 000,000 in loans

MORE BABIES BORN IN MANITOBA DURING 1951

WINNIPEG More babies were born in Manitoba the year but marriage and death totals were down compared with 1950, E. S. MacLaren, recorder of the provincial department of vital statistics, reported in Winnipeg Births in the province during 1951 totalled 19 059 compared with 19,304 in 1950. There were 7 139 marriages against 7 362 a year ago and 6,984 deaths compared with 6,619

FIRST BREATH OF SPRING

A lovely lady we know always shares her bath salts with her friends. So—she doesn't give them away—but puts a huge bowlful of them on her entrance hall table and lets their fresh fragrance sift through the house. A lovely welcome and a breath of spring in the middle of the winter.

Punctuation grew out of a system devised by Aldus Manutius, an Italian printer of the fifteenth century.

Estimate $30,000,000 Will Be Spent In Search For Oil In Saskatchewan During 1952

REGINA. — An estimated $30,000,000 will be spent in 1952 in the search for oil in Saskatchewan. Oil men said most of the money would go for drilling. Last year oil companies spent an estimated $20,000,000 in the province. The expenditure in 1950 was $10.000.000.

Seismograph work—involving surface exploration of underground rock formations—will continue at least the same tempo as this year and will likely increase.

Underground drilling will be scattered through the province, but most of it will be in the Williston basin area in the Southern section. The Williston basin is considered favorable for the finding of oil and finds have been made in it in North Dakota and Montana.

There will be considerable drilling along a line extending roughly from the southeast corner of Saskatchewan to the northwest area.

More than 70 wildcat exploration wells were drilled in Saskatchewan last year and more than 300 core holes put down.

Approximately 45 Geophysical crews have been operating.

Several heavy crude oil discoveries were made during the year but the search for light oil was not fruitful.

Heavy crude was discovered at Heart's Hill, 35 miles northwest of Kindersley; Estevan, 20 miles southwest of Kindersley, and Colerille, 30 miles north of Kindersley, which is 275 miles northwest of Regina.

Natural gas discoveries have been made at Climax, Success and Brock, 30 miles east of Kindersley.

Light oil in non-commercial quantities was found at Tompkins, 50 miles southwest of Swift Current, and Dahinda, 55 miles south of Regina.

Funny and Otherwise

• • •

Bored Youngster (during performance by distinguished violinist): "Mummy, when the man's sawin right through that thing, can we go home?"

• • • •

Two women met on the street one day and they were exchanging back-handed compliments in the manner that is peculiar only to the female species of the world.

"Mrs. Brown," said one "did you know that you have on two different colored stockings?"

"I know, my dear," said the other, "and I can understand that it surprises you. But you must understand that it often happens to women who have more than one pair of stockings!"

• • •

Mother: Shirley, be still! Why can't you be nice and quiet like Johnny? He isn't making a sound and you're jumping and screaming.

Shirley: Sure. That's our game. He's daddy coming home late, and I'm you.

• • •

A woman entered a post office after 8 p.m. and wanted to send a telegram. The clerk told her that the delivery office was closed and that it could not be delivered. The woman, indignant, said it ought to be delivered as the post office was quite near.

"How near?" asked the clerk.

"About five miles as the crow flies," the woman replied.

To which the clerk retorted:

"I'm sorry, madam, but we do not deliver by crow after 8 p.m."

• • •

Mrs. Brown: Did you send your little boy for imitating me?

Mrs. Green: Yes, I did. I told him to stop making a fool of himself.

• • •

Visitor: Your painting astounds me.

Artist: I spent thousands and thousands of dollars studying with the best teachers in order to learn how to paint.

Visitor: I'd like you to meet my cousin.

Artist: Why? Is he an artist too?

Visitor: No, he's a lawyer. He could get your money back.

• • •

James: I wish my wife were a mind reader.

Mother: Why?

James: I'd love to hear her say to me, "Open your mouth, little dear, and I'll feed you."

• • •

"You plead guilty to stealing the overcoat," said the magistrate. "Have you anything to say?"

"Yes, your honour," I said to have the sleeves shortened."

• • •

James: I heard that your wife came from a very large family.

Simon: Came from. Nuts! She brought it with her.

• • •

"Did the school for stuttering cure you?"

"Prize Piper picked a peck of pickled peppers!"

"That's wonderful."

"Yes, b-b-but it's d-d-difficult to w-w-work into ordinary c-c-conversation."

Itching Of Piles
Or Money Back

You do not have to be tortured and embarrassed by the itching misery of piles. Just get a package of Hem-Roid, the liquid pile ointment at any drug store and use as directed. You will be amazed how quickly it relieves the itching and how much faster healing starts in those tissues. If you are not fully pleased with the very first box of Hem-Roid, return it and get your money back. Refund guaranteed by all drug stores.

Manitoba Farmers To Be Canvassed On Electoral System

Alberta Indians will be asked whether they wish to change their electoral system to make it possible for well-educated young men to win chieftaincies. G. H. Gooderham, regional supervisor of Indian affairs, has announced. Hitherto 60 Indian bands will be canvassed on the point within the next two months. Under the proposed changes a chief would be elected for a two-year term instead of for life as at present. In addition, women would be allowed to vote

PRETTY PIGSTIES

LONDON —Pre-cast concrete pigsties which can be erected by unskilled labor are proving popular among British farmers. Parts are bolted together with an asbestos cement roof. All troughs have glazed linings to ensure clean feed.

Board of Trade Final Meeting for 1951

Minutes of the Board of Trade meeting held Dec. 19th, 1951.

The President was in the chair and there were 20 present.

Mr. F. J. Richardson introduced his guest, Corporal Surbey of the R.C.M.P., now stationed at Vermilion.

The minutes of the previous meeting were adopted as read.

Mr. Chalmers for the Ways and Means committee reported that this committee had made satisfactory arrangements with the owners of cars to transport the hockey players to all the games scheduled for the season.

A letter from Mr. Don Marfett, Alberta Manager for the Canadian Chamber of Commerce, complimenting this Board on the Farmers' Annual Banquet, was read.

Mr. Billie Pilkie reported that the local airport was being kept in front of the Government through the kind offices of Mr. Robert Fair, our local M.P.

The President stated that he was leading the Agricultural committee to do something the first thing in the New Year regarding the establishment of a seed cleaning plant here. Mr. N. N. Bentley spoke in regard to this matter, stressing the necessity of proceeding at once.

Mr. A. M. West inquired as to what use was being made of the room upstairs in the skating rink and suggested that it would be a good place for the Boys' band to use when playing at the rink. The chairman referred this matter to the Ways and Means committee.

The members present each contributed to a gift of silver to Mrs. Ruby Butler who has been attending the table at the Board of Trade luncheons.

Mr. Chow Karpoy and Mr. Lee gave the board members a very nice Christmas dinner which was thoroughly enjoyed.

Balance Grain with Livestock

Grain prices have been so generally good up to this time since the end of the war that a lot of people have come to the conclusion that, if this is going to last, farming the easy way is the right policy to follow. Also that grain farming has been the easy way this year because it has not. Wonderful to relate, in a country where generally there has had too little moisture, the past year we had too much, and a lot of the fruits of the harvest have been left on that account.

But every grain farming without livestock is the easiest way, that does not mean that over the years it is the best. It cannot be in a poor country in the corn belt of the United States if it were not for the livestock raised and fed there to give value to the corn. Our wheat, for reasons, is in a different category because we can practically feed a world market for it, and so we are not dependent on using and feeding most of it at home. By the very same token, however, the fact that we're dependent on a world market in a world which is in the midst of wars and upheaval, and war threats put wheat growing in a somewhat precarious position. We have in the world today a hodge podge of political and international relations, the outcome of which no one can foresee.

All of which adds up to a warning and a re-emphasis on top of that wheat grower's troubles that perhaps we've got our wheat and our livestock relationship on the average farm too far out of balance. Actually it would be a good year in this country in the corn belt of the United States if it were not for the livestock raised and fed there to give value to the corn. Our wheat, for reasons, is in a different category because we can practically feed a world market for it, and so we are not dependent on using and feeding

Wildmere Winks

We, along with the community, extend our deepest sympathy to Mrs. Cubley and family on the loss of their husband and father. Bill's friendly greeting and cheery smile will be greatly missed by all. He was a fine man and a good sport. A sentiment given when he was a policeman will be a lasting memory. One by one the old timers are passing, on to their well-earned rest.

To Mr. Dewey Watson we wish to send our sympathy on their loss as a loved one in the holiday season also.

50th Year as Correspondent

While it seems hard to believe, 50th year. It was on Jan. 6th 1902 that this writes sent in his first bulletin.

We cannot let you pass Christmas concert pass without mentioning this Wildmere Public and Roosevelt school pupils and teachers combined presented a splendid concert. It was enjoyed by a nice attendance. We were pleased to see Mr. and Mrs. A. Tweed and family from north of town, also Mrs. M. Watson and family from Hinsdale there. The concert was held again at the Roosevelt school. A hearty vote of thanks was given the teachers Mrs. Wilson, Mrs. Hughes and the pupils for their splendid work. Santa Claus arrived in his sleigh filled to overflowing with gifts, bag and baggage for all the children. Each received a gift to their hearts desires.

Visitors at different homes over the holidays were Theo. Wilson from Edmonton, Mr. and Mrs. Ken Hoffe of Wetaskiwin, Mr. and Mrs. Hoffe home Laurence and Earl Graham and Mr. T. Hunt at the Wallin home from Mr. and Mrs. J. Wilson spent Xmas at Mannville; Mr. and Mrs. R. Marlow were at the Scuffel home in Vermilion. Albert Smith and family and Jim Kennedy at the Crothers home, in Wildmere. Mr. and Mrs. J. Bathe Jr. of Lloydminster spent Christmas eve at the Bathe home in Basewood; Anne Garnett of Wainwright spent New Year's at her home in Islay. Alec Fraser also spent his holidays with his grandparents Mr. and Mrs. A. Frisell of Vermilion.

Mr. Mable Watson of Hindville spent a few days last week visiting his sister Mrs. Guy Whitlock and family of Wildmere.

Mr. and Mrs. A. Hoffe visited on Sunday afternoon at the Wallington home.

Miss Peggy Graham spent part of her holidays visiting friends in Edmonton.

Wildmere curlers did it again when the Martin rink brought home the Grand Challenge from the Farmer bonspiel. That's two years in a row this rink has won it. The other rinks from Wildmere did well too but everyone can't win. Congrats also to the other winners of the spiel. A good crowd watched the final games on Saturday evening.

A large crowd attended the meeting held at Wildmere school Monday afternoon Jan. 7th re Consolidated schools. Mr. Robson, Mr. Simmonson and Mr. McGrath were the speakers. Lewis Alexander was chairman. All the districts represented except Woodbine.

Sodbuster—A nice crowd at the New Year eve dance in Bassewood. J. C. Wallington driving a new Chevy purchased from Geo. Webb and Sons.

Happy New Year everyone!

The World of Wheat

Ogilvie Grain Company, Ltd.

WHAT IS ORDERLY MARKETING?

Mr. J. L. Phelps, President of the Saskatchewan Farmers Union recently said as follows: "We are going on record for complete support to orderly marketing." Mr. Phelps suggested further that changes were required in the present marketing set up and that the public, as a whole, and a well-laden tree feel their desires.

Visitors at different homes over the holidays were Theo. Wilson from Edmonton, Mr. and Mrs. Ken Hoffe of Wetaskiwin, at the Hoffe home Laurence and Earl Graham and Mr. T. Hunt at the Wallin home from Mr. and Mrs. J. Wilson spent Xmas at Mannville; Mr. and Mrs. R. Marlow were at the Scuffel home in Vermilion. Albert Smith and family and Jim Kennedy at the Crothers home, in Wildmere. Mr. and Mrs. J. Bathe Jr. of Lloydminster spent Christmas eve at the Bathe home in Basewood; Anne Garnett of Wainwright spent New Year's at her home in Islay. Alec Fraser also spent his holidays with his grandparents Mr. and Mrs. A. Frisell of Vermilion.

Mr. Mable Watson of Hindville spent a few days last week visiting his sister Mrs. Guy Whitlock and family of Wildmere.

Mr. and Mrs. A. Hoffe visited on Sunday afternoon at the Wallington home.

Miss Peggy Graham spent part of her holidays visiting friends in Edmonton.

Wildmere curlers did it again when the Martin rink brought home the Grand Challenge from the Farmer bonspiel. That's two years in a row this rink has won it. The other rinks from Wildmere did well too but everyone can't win. Congrats also to the other winners of the spiel. A good crowd watched

The Canadian National Railways starts at St John's Newfoundland as far east as you can go in North America, and traverses every province, until, forking north and south just west of Jasper in the Rockies, it reaches the Pacific at both Prince Rupert and Vancouver.

Steady Progress On Trans-Canada Highway

CONTRACTS LET TOTAL $17,804,718.68.

The year 1951 saw steady and satisfactory progress on the long awaited Trans-Canada highway.

As of Dec. 31, 1951 contracts in the amount of $57,304,713.36 had been let by the 8 provinces who have signed the agreement under the Trans-Canada Highway Act passed in December, 1948. Of this amount the Federal Government will pay one-half. Provincial governments have submitted claims and have been paid a total amount to date of $11,093,241.33.

The rate of progress of this project despite the heavy demands in the construction industry for the defence program and other capital development, indicates the importance the provincial governments and Federal government attach to the completion of a good standard highway across Canada.

Record Insurance Year

Life insurance purchased in Canada in 1951 will reach a new high of almost $2 billion, says J. K. Macdonald, president of Confederation Life Association and of the Canadian Life Insurance Officers Association in The Financial Post. This is an increase of 13% over the comparable figure for 1950 and about double the volume of new insurance issued during the last year of World War 2.

Life insurance in force in Canada will also show a substantial gain to approximately $17 billion at the year end, or an average of nearly $1,213 for every man, woman and child in the country.

IN MEMORIAM

In loving memory of Flight Lieutenant William Murphy killed in action December 30, 1944.

He died to save men have a chance to die,
Fighting to save a world's morality;
He died the noblest death that man might die,
Fighting for God, and right and liberty.

Ever remembered by the family.

Guests at the home of Mr. and Mrs. T. Rooks for Christmas were the latter's sister, Mrs. Alfred Falsely and Mr. Falsely and family of Lindberg. They were accompanied by Russell and Herbert Rooks who are now employed at the Lindberg salt plant. Miss Marie Miles of Kitscoty was also a Xmas visitor at the Rooks' home.

Legion Installation And Social

A combined social evening and installation of officers for the Canadian Legion will be held in the Legion hall on Monday, Jan. 28th at 8:30 p.m. All veterans, members of the W.A. and escorts are invited to attend.

On Dec. 21st a very successful Christmas party was held by the Legion for all veterans' children under 12 years of age. Santa attended, handed out presents, bags of treats and a very jolly time was enjoyed.

BY C.C.I.L.

Mr. J. Edward Sandford of Vegreville is now a provincial delegate by a majority of 17. I thank all members who voted for me, and best wishes for C.C.I.L.

Eric Samuel Passes Away

The death on Thursday Jan. 3rd of Mr. Eric Samuel came as a shock to the whole community. He passed away in the Vermilion Municipal hospital after a very short illness.

Mr. Eric Samuel was born in London, England on August 21st, 1894 and had lived in Vermilion for the past 16 years, having moved here from Edam, Sask. He was a man of a retiring disposition but of a sterling character and made a host of friends who will miss him greatly.

The funeral was held from the Alliance chapel on Saturday Jan. 5th at 2 (2). p.m. with Rev. Eric Berg officiating. Pall bearers were Messrs. Darrell Currah, Ted Mayfleet ,Cliff Hollen, H. J. Payne, Tony Hodgins and Nick Klashinsky.

Floral tributes were noted from: Mr and Mrs. J. A. Currah: Mr. and Mrs. J Gamache. Cliff and Mrs. Hollen and family. Ted and Ruby Mayfleet and family; Mr. and Mrs. Wilfred Little and family; Mr. and Mrs. H. J. Payne; Mr. Jack Currah: Mr. and Mrs. Ranid Calvert and family; Darrell Currah and Doreen Currah.

Cancer fund donations: Mrs. Todd and Chris and Patty Doherty.

Moyer's Funeral home was in charge of arrangements and interment was made at the Vermilion cemetery.

Safety Sundays January 13 and 20

Recognition of Safety Sundays on Jan. 13th and 20th is being sought by the Alberta Safety Council and churches of all denominations throughout the province.

In a message to pastors, H. B. Macdonald, M.L.A., President of Alberta Safety Council and H. Studebury, Managing Director, stress the vital importance of urging public officials to give the ideals of safety as a way of life to reduce accidental injuries to ourselves and others.

Wins The Kinsmen Suit of the Month

B. A. Macnab was the winner of the Kinsmen suit of the month for December. It's a nice Xmas present; and Brent should soon be sporting a nice new $65 suit.

Pleasant Valley

Christmas is over and everyone is busy again, taking advantage of the good weather and good roads.

The Morrison dance was well attended and everyone certainly enjoyed themselves. The district is coming to life again. So many years went by that the old school doors were never opened. The district had a Xmas tree for the children when treats were given and a very sociable evening spent.

Mr. Gillies was taken to the hospital on Christmas day and is still a patient there but it is pleasing to hear that he is feeling much better. Bill Roebuck is a patient in the Islay hospital too and a speedy recovery is wished him.

Mary Dupont is almost out on the down, as she too, was on the sick list.

The Christmas service which was to be held at the writer's home was postponed due to blocked roads. The service at Mrs. Sherwood's was also postponed due to measles. How ever there was a service at Mr. and Mrs. Jones and it was well attended.

Saturday's dance at Saltgrass on New Year's in Edmonton attended the dance with all the Islayites present. Those present were Gould, all the Bronow family, the Bootmans. They had a chat with Bill Gillies at the Mundy shop, returning home on Wednesday.

Mr. and Mrs. Fisher and family from Kitscoty spent New Year's at Jim Gould's home, Sylvia reports that they had a very nice visit up that day. No wonder you were baking on Saturday's dinner. All

Russell and Gerald Miller and family spent Xmas at the home of their parents, Mr. and Mrs. Ed Miller; Mr. and Mrs. George Capton, Marina and Phillip spent New Year's with Mr. and Mrs. Walter Seifried; the writer, her husband, Gordon, Christie and Mrs. Gilford enjoyed a lovely supper at Lloyd Gould's home on Sunday night. Your reporter is getting tired all the time Betty; wish that I could bake bread like that also — what is your secret Lloyd asked Mr.

Hello Allandale scribe—I am sending a card to you, sometime. It is a little oldish. Hope you have some nice blooms. I can hear Nora saying, there she is again talking about plants and flowers. However, they are the only thing this time of year when everything is in wintry mantle.

The Calla Lilly is in full bloom, there are presently six open flowers, in a hyacinth, daffodils too, of house plants in bloom Dave are quite a few. With all the lovely plants one can grow during the winter—there is a feeling of spring in the air, somewhere.

Over 1st week of railway lines the Canadian National Railways carries more than 18,000,000 passengers a year.

Viking Car-of-Month Winner

The second winner in the second series of the Viking Car-A-Month club was Miss Zona Nelson, a second year student nurse at the Royal Alex hospital in Edmonton. The next winner will be announced on Friday, Jan 25th.

Greenlawn Grapevine

There's been a lot doing in Greenlawn during the holiday season, and we seem to have been too busy doing as well to jot down the Grapevine. To catch up a little, however—

The Xmas concert was a great success. Congratulations should go to the committee; Myrtle McMullen Mrs. Vera Romanchuk and Mrs. D. Mathison for organizing so many items at such short notice. We all enjoyed the contributions from North Home too, and Santa did right well by the small fry.

Delegates to the F.U.A. convention reported a brisk session this year. Donald Mathison gave a general outline of the proceedings and individual reports will be given by other delegates at the February meeting.

The ball opening, we are told, was very well attended and a fine time was had by all. Vern Sinclair was the lucky winner of the piano.

Tom Ryan, President of Junior F.U.A. has announced that there will be a novelty dance at the hall on Jan. 11th, proceeds to go to put the treasury in fine financial condition. Lots of luck kids, hope everything turns out.

From Greenlawn as from the rest of the community, sympathy is offered to the relatives of Mr Ward who recently passed away after an illness of many months.

Wedding Bells Ring For Miss Ann Kuzyk

A wedding of interest to many was solemnized in St. Mary's Ukrainian Catholic church, Vermilion, on Tuesday, January 8th, when Ann Kuzyk, daughter of Mr. and Mrs. Peter Kuzyk, became the bride of Mr. Peter Kuzyk, son of Mr. and Mrs. Nick Kuzyk, all of Vermilion. Rev. Father Kuzyk officiated at the nuptial mass.

The bride was attired in a floor length gown of white satin with a fitted bodice and long sleeves. Her veil of white net was held in place by a coronet of orange blossoms and she carried a bouquet of red roses.

Miss Mary Kuzyk was bridesmaid for her sister and wore a floor length gown of pink satin with a fitted bodice and long sleeves. She carried a bouquet of white carnations.

Mr. Nick Kuzyk was best man for his brother and Mr. Mike Kuzyk was groomsman.

The reception was held in the Ukrainian Hall where a delicious supper was served to the guests.

The bride's going away outfit was a navy blue suit with white accessories.

The couple will reside in Vermilion.

Vol. XLIII. No. 28. Vermilion, Alberta, Thursday, January 17th, 1952. $2.00 per Year

Many Matters Occupy Council At Regular Meeting

The regular meeting of the town council was held Jan. 7th, 1952 with Mayor S. C. Heckbert and Crs. Mitchell, Reid, Urquhart, Kehoe, Webb present. Cr. Pryce was out of town.

Correspondence: Dept. of Municipal Affairs re Inspectors report: Air Industries and Transport Association re Vermilion Airport: Sidney J. Geo re assessment: Alberta Civil Defence re Civil Defence School etc.: Dept. of Transport re water and sewer extension: C.N.R. re Dawson Crt.

The following motions carried: That minutes of the previous meetings, as read, be approved.

That finished statements and interment was made at the Vermilion cemetery.

That house at rear of brick building on Lot 22, Blk. 7 be dismantled and that present tenant be advised that possession must be given to town by May 31st, 1952.

That a committee be appointed from the Council to inspect townowned houses and bring a report to Council on conditions and a recommendation as to maintenance or disposal.

That the Secretary be instructed to collect the outstanding Educational taxes in accordance with the provisions of the Tax Recovery Act.

That Cr. Mitchell be Deputy Mayor for Jan. and Feb., 1952.

That Canadian Utilities be notified that the town will not be responsible for payment of electricity at the Lido camp for other than street light after Jan. 31st.

That requisition of $321.40 be paid to Minburn-Vermilion River Health Unit.

That by-law No. 11-51 be rescinded. By-law No. 1-52 was given three readings and passed. These by-laws deal with business taxes.

That the town accounts and water and sewer accounts be passed and ordered paid, same having been certified by Finance committee.

The Secretary advised the Council that the Canadian Utilities had mounted a whistle and were now prepared to sound the curfew at 9:30 p.m. The Council instructed the Secretary to request that it be blown at the following hours: 8 a.m.; 1 p.m.; 6 p.m. and the curfew at 9:30 p.m.

There was considerable discussion re the Lido camp and after due consideration a resolution was passed to the effect that the power service be discontinued after Jan. 15th and the residents be notified accordingly.

The Municipal Inspector's report was read and discussed and was considered to be quite favorable.

Meeting adjourned.

Dewberry Home And School Reports Considerable Activity

Dewberry Home and School club reports a very favorable succession of meetings. During December the Amateur night was held and netted a handsome profit. These funds were to be used to aid the boys who are managing the Dewberry rink.

The rink committee reports that the students in charge are doing an excellent job and that the rink promises to be financially successful.

The hot lunch program is now in practice with Grades 1 to 5 receiving the benefits at the present time. Members of the Home and School Association are taking turns preparing the hot dishes and it is hoped the plan will be expanded in the future.

A great deal of debate is being heard amongst the students. Subject—which grades are going to accupy the new school as it is completed.

Members enjoyed a whist drive at the last meeting. An interesting program is being prepared for the next meeting which is scheduled for Feb. 14th.

CATTLE SALE DATE JANUARY 22rd

LIST YOUR CATTLE NOW

The president and directors of the North Eastern Alberta Livestock Sales Association ask the cooperation of all members, also those interested in selling livestock, to list their cattle with Secretary Charles Pearman or the president, Scotty Hines, by phone or mail.

This information is necessary to prepare the buying staffs available to prospective buyers at the sale.

The date of the next sale has been definitely set for Wednesday, Jan. 23rd. Set your cattle, help make the sale a success. 27-2c

A. M. Flathen Buys Vermilion Taxi

John Maxwell reports the sale of his Vermilion Taxi service to A. M. Flathen this week. Mr. Flathen will carry on the business from the same location and the phone number is still 380. A young energetic man, Mr. Flathen promises to give first class service to the general public.

Mr. Maxwell retains the service station and the auto court cabins.

Happy Hour Group to Meet

The Happy Hour group meeting will be held at the home of Mrs. M. F. Smelzer on Thursday Jan. 24.

District Saddened By The Death of Mrs. Valeria Maud Spencer

The many friends of Mrs. Valeria Maud Spencer, beloved wife of Mr. Reginald B. Spencer, were saddened when news was received that she had passed away in the Lloydminster hospital on Sunday, January 13th. She was 54 years of age and had lived most of her life in Vermilion and district, moving to Burnhead, Alberta only last summer.

She leaves to mourn her loss her sorrowing husband, one son Raymond, and three sisters, Mrs. F. Duncan and Mrs. H. O. Patrigeau of Edmonton and Mrs. J. E. Rae of Clandonald, two brothers Frank Darling of Tofield and Lloyd Darling of Vermilion.

Funeral services were held at the First United church, Vermilion, on Wednesday, Jan. 16th when a very large number of friends and sympathizers attended, showing the esteem and affection in which Mrs. Spencer was held. Canon T. W. Toupe officiated and interment took place in the Vermilion cemetery.

Moyer's Funeral Home was in charge of arrangements.

Dr. Baster To Address Home and School

TUESDAY, JAN. 22, AT THE LEGION HALL AT 8 P.M.

Dr Baster, the Director of Health Units for the Province of Alberta, will address the local Home and School Association at the Legion hall on Tuesday, Jan. 22nd. The meeting will begin at 8:00 p.m. and the subject of Dr. Baster's address will be "The Function, Organization and Services of Health Units". This is a subject which will be much discussed in the near future and it is hoped that a large number of the citizens of Vermilion will turn out to hear Dr. Baster on this occasion.

Members enjoyed a whist drive at the last meeting. An interesting program is being prepared for the next meeting which is scheduled for Feb. 14th.

W. A. To Canadian Legion Install Officers

The newly-elected officers of the Ladies Auxiliary to Canadian Legion were installed on Monday, Jan. 7th in the Legion hall.

Pres.—Mrs. Rosemary Hecktus.
1st Vice-Pres.—Mrs. Trudy Fisk
2nd Vice—Mrs. Agnes McLean
Secretary—Mrs. Dorothy Webb
Treas.—Mrs. Margaret Chapman.
Sergeant-at-Arms — Mrs. Eunice Maylow. Mrs. Polly Many-Ink, Mrs. Olive Currie, Mrs. Harry Scott, Mrs. Ethel Thompson.

Union-Koknee Home-Makers Hold Annual Meeting

The Union and Koknee Home makers' club held their annual meeting Jan 8, at the home of Mrs. Shirrell.

The members reviewed their years work with considerable satisfaction and pleasure. Though the weather and roads were not always the best, the meetings were always well attended. The highlights of the year were the annual picnic held at the Battle River and the very successful banaay held at Koknee school Nov. 8th.

During the year several people were remembered with cards and fruit while they were ill, also a former local girl undergoing special treatment in hospital was sent $5. A quilt and two pairs of pillow cases were sent to a burned-out family. Four elderlyones birthdays were donated to each the Vermilion and Clandonald aged people's homes. Cash donations totalling $35 were made to the following. Red Cross, Polio, Cancer, Crippled children and for Poliomyelitis, Union, Koknee, Wood Lily and Hillcrest schools.

The following officers were elected for 1952.

President—Mrs. C. Hobbis
Vice-Pres.—Mrs. T. Nelson
Sec.-Treas.—Mrs. A. Cambridge
Auditor—Mrs. F. Strickland

The members of the club wish to take this opportunity of thanking all who helped their club in any way during the past year.

MR. AND MRS. JACK ROBINSON PROUD PARENTS OF TWINS

Mr. and Mrs. Jack Robinson (nee Helen Vogt) became parents in a big way on Saturday, Jan. 12th when twin were born to them at the Vermilion Municipal hospital. The twins, a girl and a boy, weighed respectively at 6 lbs. 1 oz. and 5 lbs. 14 oz. Mother and babies are very well.

F.U.A. District No. 7 Hear Vice-Pres. Speak

MEETINGS WELL ATTENDED IN AT GREENLAWN, MARWAYNE, LANDONVALE

Residents of District No. 7 have turned out in encouraging numbers to hear the annual district meetings of the Provincial F.U.A. Green Wayne and Marwayne have been well attended. The highlights of the year were the annual picnic held at the Battle River and the very successful banaay held at Koknee school Nov. 8th.

During the year several people were remembered with cards and fruit while they were ill, also a former local girl undergoing special treatment in hospital was sent $5. A quilt and two pairs of pillow cases were sent to a burned-out family. Four elderlyones birthdays were donated to each the Vermilion and Clandonald aged people's homes. Cash donations totalling $35 were made to the following. Red Cross, Polio, Cancer, Crippled children and for Poliomyelitis, Union, Koknee, Wood Lily and Hillcrest schools.

The following officers were elected for 1952.

President—Mrs. C. Hobbis
Vice-Pres.—Mrs. T. Nelson

Pass Hospital Plebiscite—Vote on $151,000 Water and Sewer By-law Jan. 23rd

Great Spirit of Progress In Evidence At Elk Point

Elk Point, a village on the main road north, but a thriving town at heart and by virtue of its progressive outlook, will on Jan. 23rd go to the polls to have a by-law which will empower the council to carry out plans to install water and sewer. The by-law calls for the expenditure of a total of $151,000 for this purpose. There is little doubt but that the plebiscite will carry by an almost unanimous vote.

Elk Point has been enjoying the convenience of natural gas for several years and the installation of water and sewer will complete the modernization of the town.

Enlarge Hospital

Further exemplifying the progressive spirit of the people of Elk Point, a plebiscite was held on the polls on Jan. 4th and voted to increase the size of the municipal hospital located there by 25 beds. The official result of the plebiscite was 200 in favor with 72 against. This will bring the rating of the hospital to 51 beds, provide new operating room, new ease room, treatment room and x-ray department. The additions will cost $180,000 and will bring hospital facilities there up to the equal of facilities there up to the equal of any in the rural west.

Outstanding Hockey Attraction

Golden Bears Hockey Team Here Friday, January 18th

A rare treat is in store for hockey fans of Vermilion and district on Friday, Jan. 18th in the Vermilion arena. The Vermilion Tigers, led by playing-coach Elmer Kreitler, are playing host to the University of Alberta Golden Bears coached by Art Wiebe. Everyone will remember Art as a home product of Vermilion and a former coach of the Tigers. The Tigers have been doing out a crowd-pleasing type of hockey this season and Friday promises to be something that everyone should see. The boys are all in good shape and are anxious to give the fans a real display of hockey.

An added attraction of the evening will be the attendance of the Vermilion Boys' band under the baton of Bob Carmichael. The night will be 'Students' Night' with special prizes for students as well as a prize for the lucky person.

Keep this date open and come out and support the Tigers Hockey in what promises to bring some first class hockey to the town — the boys are working hard and certainly deserve your support.

Landonville Couple Celebrate Their Golden Wedding

SURPRISE PARTY IN HONOUR OF MR. AND MRS. FRANK LONG

The home of Mr. and Mrs. Frank Long at Landonville was the scene of a surprise party on December 30th when 60 neighbors and friends gathered to honor them on the occasion of their 50th wedding anniversary.

During the evening Mrs. Billie Gold rendered selections on the guitar, Mr. Eric Nettleton sang accompanied by Mrs. Billie Gold on the guitar while a number of girls gave some choruses.

Mr. and Mrs. Long, the bride and groom of fifty years ago, cut the wedding cake which was served by a group of little girls. Supporting the bride and groom were Mrs. Ballard Good as bridesmaid and Mr. Ed Nettleton as best man. A bountiful and delicious lunch was served by the guests.

Mr. and Mrs. Long were the recipient of many beautiful gifts including a large clock from their son and daughter-in-law, Mr. and Mrs. Warren Long, a gift and a well-filled purse from their neighbors and friends. This gift was presented by Mr. Eric Nettleton with appropriate remarks for the unique occasion. Mr. and Mrs. Long replied both expressing their pleasure in having so many good friends around them.

The evening was brought to a fitting close by all joining hands and singing "For They are Jolly Good Fellows" and 'Auld Lang Syne', and by all expressing best wishes for many more years of happiness to the bride and groom of fifty years ago.

Polish General To Address The Canadian Club

Lt. Gen. Mihal Tokarzewski who had a brilliant career with the Polish army and was the first Commander-in-Chief of the Polish underground army after the fall of Poland, spent some time in Moscow's Lubianka prison, will address the Canadian Club at Vermilion on Monday evening, Jan. 28th.

General Tokarzewski arrived in Britain following the war and broadcasts regularly to eastern Europe over the BBC. He is exceptionally well qualified to speak about Russia and its European satellite countries.

Details as to time etc. will appear in next week's Standard. An invitation is extended to all people of Polish birth to be at the address

Huskies-Tiger Game Postponed

Just when everyone in town and country were all expectation for the Huskies-Tigers hockey game scheduled for Wednesday evening the westerners turned in a 10 to 0 win before performance and the game was postponed, which was a bit of good judgment. Along with the frigid temperature there was a very rainy wind.

H. Meyerman Heads Board of Trade At Derwent

DERWENT.—At its annual meeting the Derwent Board of Trade elected H. Meyerman as president, Max Hanasyk as vice-president and L. Fleming as secretary-treasurer.

The Community Chest was discussed but was left until the next meeting for final decision.

The Board passed a resolution to sponsor a high school curling rink in the Dominion Junior curling championship. The district play-off will be held at Dewberry on Jan. 19th.

Jan. 23 Is Date of Derwent Ladies' 'Spiel

DERWENT.—January 23rd was the date decided for the Derwent ladies' bonspiel at a recent meeting of the club. Entries must be in by noon, Jan. 21st. Entry fee is $3 per rink.

Mrs. Robson Returned As President Of St. Saviour's W. A.

The annual meeting of the St. Saviour's W. A. Afternoon branch was held in the Parish hall on Thursday, Jan. 10th. The reports given showed a very good year's work, rich in fellowship as well as financially.

The following officers were elected for 1952:

President—Mrs. J. Robson
1st Vice-Pres.—Mrs. Rogan
2nd Vice-Pres.—Mrs. M. Adamson
Secretary—Mrs. F. Davidson
Treasurer—Mrs. G. Williams
Servers Sec.—Mrs. H. Scott
U. T. O. Sec.—Mrs. Winters
Educational Sec.—Miss Perry
Evening Convener—Mrs. Cooper
Flower Fund—Mrs. Holden
Visitors—Mrs. Parsons, Mrs. Bartlett
Lenten Meditation Sec.—Mrs. Buckingham
Living Message Sec.—Mrs. Teape.

By The District Agriculturist

"GREEN ACRES"

Lawn Soil Advised

Dr Hugh MacDonald, Govern ment agronomist stationed at Vermilion recommends the use of loam soil for sodding in cold weather. Cattle on new alfalfa will not bloat. Immediate application of manure in cattle can be traced to a lack of salt. Without salt they do not drink. Alfalfa and mixed hay cattle are getting straw and concentrate in their diet.

Seed Catalogs

Spring must be coming as three seed catalogs have already arrived at this office. The pictures of corn, potatoes, cabbages, red beets, carrots and other foods are lovely. Also listed that gardeners will be in doubt as to the best. Why not get a circular from my office which lists recommended varieties for each district.

Iodine Deficiency

A lot of the head or weaker pigs when farrowed can be blamed on a lack of iodine in the sow's feed. Every sow should be given iodine every week from breeding until farrowing. Dissolve seven ounces of potassium iodide in one gallon of water and give each sow a tablespoon once a week in the feed.

Poisoned Feed

Did you get a letter list for this seed show? If you have seed for sale in the district within 50 miles of Vermilion you should send in exhibits for display. Why not interest the boys and girls in your handling in seedings in same samples.

Marwayne Pool Lyceum

One of the very best perennial flowering plants for our district is Marwayne Pool Lyceum. The plants are two feet high and covered with rich pink flowers for weeks at a time. Get at least a half dozen from a nursery or seed house and start a colony with the plants about a foot apart. You will be surprised.

Liquid Fertilizers

The Alberta Department of Agriculture reports as follows "Experiments concerning liquid fertilizer treatment of seed grain were received from various parts of the province. Again this year results were negative and the committee recommends that farmers be advised not to use liquid fertilizer for the treatment of seed grain."

MIDGET HOCKEY NEWS

Vegreville 7 Vermilion 1

On Wednesday, Jan. 9th the local midgets travelled to Vegreville only to be defeated 7-1 by the home town squad. The Vermilion Midgets were down a helping hand by L. Leahy, T. Acheson and M. Dixon who replaced some of the regular players unable to attend the game.

The opposition took a 1-0 lead in a hard fought, close-checking first period. Then the fast-skating Vegs took to score three more goals in each of the next two sessions. Vermilion's lone counter came from the stick of Bob Acheson midway through the second period.

The Vegreville boys displayed a dazzling brand of hockey through out and the game well in hand most of the time. The Vermilion team worked like beavers and every member can be given credit for doing his very best. Hats off to Kenny Brown who turned in a spectacular job of goal-tending for our midgets.

The Vegreville squad is scheduled to play a return game Saturday 19th at 8 p.m.

The Midget Hockey club would like to thank Ed. Stewart, Mr. C. Barr and Mr. W. Little for supplying the transportation on the trip.

Vermilion lineup: goal: K. Brown; defense, M. Dixon, M. Little, S. Barr; L. Lyons, J. Mistal. forward, S. Cooper, R. Acheson, T. Acheson, J. Stewart, J. Wilkinson, J. Barr, L. Leahy.

When Jan., 25th rolls around V. H.S. will be ready to play host to V.C.A. at a dance in the Legion hall. This will be our January function so students let's try and have a good representation from our school!

Curling

Curlers in curling seems to be rising in the school and league curling should be going in the near future.

No report of girls sport has been received.

Grade Nine News

On the last afternoon before the holidays the Grade Nines put on a varied program. The entertainment included some musical selections and a play called Second Days. The grade nine teachers, Miss Jones and Mr. Welsh, donated a surprise lunch of doughnuts and pop.

Election results show the following slate of officers for the new year:

President—9A, Stewart Barr; 9B, Jean Kibblewhite

Vice-Pres—9A, Ron MacDonnell; 9B, Keitha Dawson;

Sec.-Treas.—9A, Evelyn Hillcox; 9B, Anne Stewart;

Educ. Convener—9A, Bill Daley; 9B, Gerald Marshall;

Social Convener—9A, Rhea Ireland; 9B, Bob Acheson.

There are more than 3500 stations on the Canadian National Railways.

Canadian National Telegram handle 14,000,000 telegrams and cables a year.

Your Christmas Seal dollars are still needed. Send them now!

Dorothy Gow is the first to report a butterfly this year, spotting a pretty yellow fluttere with black spots on its wings, flying around her home at Borradaile. Coming ede of its winter chrysalis this early in the year probably means that the butterfly will enjoy a very short life.

Letters to the Editor

January 14th, 1952.

Editor, Vermilion Standard,
Vermilion, Alberta.

Sir

We will appreciate the use of your Letters to the Editor columns, to express to your readers the gratitude of the Alberta Tuberculosis Association for the fine response to the 1951 Christmas Seal campaign, which has not yet, however, achieved its objective.

Provincial returns to date stand at $167,340 leaving us still $17,760 short of the $185,000 objective. We have received 85,930 individual contributions and hope that 100,000 Albertans will have sent contributions before we close our books.

We therefore urge your readers to send in that contribution so that we may continue to fight TB as effectually as we have done to this point. Our death rate has been reduced by 30 percent in the past 5 years alone, and this reduction can be continued only if all anti-TB agencies continue to spend money. It's very definitely worth it.

Allow me, Sir, to take this opportunity to thank the Vermilion Standard most heartily for all the help given us in the Seal sales, without which we could not have been so successful.

Faithfully yours,
C. S. Lake, President,
Alberta Tuber'osis Assoc.

Paradise Valley W.A. Elects Mrs. Baxter President for 1952

The P. V. W. A. met at the home of Mrs. D. R. Baxter on Friday, Jan. 11th for their annual meeting. The report of various committees showed progress again this year.

The officers for the new year were elected and are as follows:

President Mrs. D. R. Baxter
Vice-Pres.—Mrs. Geo. Venner
Secretary—Mrs. E. Knox
Treasurer—Mrs. D. Odegard
Mission Committee—Mrs. W. Stoddart, Mrs. T. Anderson, Mrs. A. Johnson.
Buying & Sewing Com.—Mrs. C. Conarroe, Mrs. L. Knutson, Mrs. A. Acaster
Gift Committee—Mrs. Matheson, Mrs. Clay, Mrs. Pauigaard.
Christmas Committee — Mrs. F. Henry, Mrs. Stepenoff.
Fact Finding Com.—Mrs. Gunn Mrs. F. Bedford
Scripture Reader—Mrs. C. Ball.

Derwent, Clandonald Hockey Teams Tie

DERWENT.—On Sunday Jan. 13 in Derwent, the Derwent high school hockey team tied the Clandonald high school with a score of 3-3.

Goals for Derwent were made by Johnny MacPhee, Emil Pudry's son.

Goals for Clandonald were by Victor Kitt, Don Darling and Eugene Michael score, the Clandonald goals. The game was cleanly played, only one penalty being handed out, that to Eddie Rykewich of Clandonald.

Playing goal for Derwent was Eugene Kalyneruk, and for Clandonald Sonny Devlin.

Referees were Mike Bezushko and st. J. Chaiuk.

Well Known Here, George L. Hudson Dies In Edmonton

Well known in Vermilion, George L. Hudson, aged 69 years, died very suddenly from a heart attack in Edmonton on Monday evening last. Mr. Hudson is a brother-in-law of Mr. W. P. Pilkie. He at one time farmed between Vermilion and Wainwright and was the Conservative member from the Wainwright constituency in the Alberta legislature from 1913 to 1918. He is survived by his wife, the former Beede Pilkie, a sister at St. Marys and a brother at Cloverdale.

Widmere Beavers Girls Club Report

The Widmere Beavers met at the home of Betty Smith on Jan. 12th. The meeting was opened in the usual way with 11 members present. Roll Call was answered by a candy recipe. The minutes of the last meeting were read and approved.

The correspondence on hand was read and discussed.

Each member made her own program book which is to be judged at the next meeting. The best one is to be sent to our provincial superviser.

It was planned that we would put on a concert and dance toward the end of February. Details to be decided at the next meeting.

Mrs. Martin read to us from a sewing book. It was decided that we would start a sewing class.

Hazel Whitsell gave an interesting report 'Our Flag' and for the social we played a game much to Mystery by Betty Smith. A mystery box was won by Maureen Cruthers.

Mrs. Garnett has invited us to hold our next meeting at her home, which will be on Saturday Feb. 2. Roll call is to be exchange of Valentines. The topic is to be given by Betty Smith.

The meeting was then adjourned and a very delicious lunch was served by the hostess.

By-law 527 concerning sale of a used Adams 42-in. elevating grader for $4570 given three readings and carried.

By-law 528 concerning purchase of a snow plow for $407.32 given 3 readings and carried.

Jas. Jackson, F.U.A. Official Speaks At Greenlawn

Members of the Greenlawn F. U. A. held a social evening from Riverton and Dewberry last week heard an address by Jim Jackson of Irma, recently elected Provincial vice-president of the F.U.A. The theme of his speech centred about the need for strong local farm organization We live, he said, in a highly organized society in which every other profession has united to protect its own interests. Only the farmer who can boast the most essential vocation, that of feeding the world, for the most part remains disinterested. He must be promptly and effective organization.

In Alberta, with a burning population of 97,0?0, only 17,776 are members of the F.U.A. We are being left behind by both Saskatchewan, whose membership runs to 31,000, and by Manitoba, also with a high percentage of the farmers represented by their Union.

Mr. Jackson spoke of the enthusiasm he had encountered on a recent trip to Saskatoon, where he had attended an Interprovincial conference. Such enthusiasm should become part of the Alberta spirit, he felt.

He outlined briefly some of the accomplishments of the organized farm group, such as the formation of the Wheat Pool and the U.G.G., which had done much to establish the fair buying, practises of today.

There were other needs, he claimed. While there is much talk about parity prices, the farmer must realize that the quickest way to equality with other vocations would be by social parity. He must be proud of his calling, and ready to stick out his chest and say proudly that he is a farmer. He must be ready to accept the challenge, and place it in a position numerically and financially where it can voice his opinions. Gone were the day when anyone could farm. It had become one of the most skilled of trades.

A farmer today must be a mechanic, a vet an accountant. He must know a little about almost everything, and besides have the patience of Job, and the head of Ames — to balance his budget on the interest on his debts.'

There is the need for greater publicity about government subsidies and farm payments. The general public should be told quite bluntly that such funds are not 'hand outs' but fairly earned debts owed to the farmers. There is a greater need for loyalty to their constituents by our representatives in both provincial and national governments.

On this point Mr. Jackson spoke of the American farm bloc and the American farmers' attitude toward their representatives. They are very tough and realistic on this point. They follow up their vote by knowing what action is being taken. They may even drive hundreds of miles to sit in the gallery when an important issue is being put to the vote. Perhaps we, too, should begin to demand parity in as rather than to a party.

In closing Mr. Jackson stated that he felt he was address-ed by a wide people. Those who should be there were those who sat back and gave little of their time and effort to this work but nevertheless reap all the benefits attained by a hardworking few.

During the question period which followed, Mr. Jackson clarified various points of interest.

Several other meetings were arranged in this vicinity with Mr. Jackson scheduled to speake at Mannyre, Clandonald Meadow Valley, Earlie, McLaughlin and Kitscoty.

Funeral of Mrs. Elizabeth Auty

Mrs. Elizabeth Auty, aged 80 years, a former resident of Vermilion, died Wednesday Jan. 9th in a Calgary nursing home. Capt. R. R. Waddell of the Salvation Army officiated at the funeral home on Saturday, Jan. 12th in the McInnis and Holmes funeral home. Burial followed in the Queen's Park cemetery.

Mrs. Auty was born in England and came to Canada 50 years ago. She lived at Vermilion until last September when she came to Calgary.

She is survived by one daughter, Mrs. George Gray of Palmerston, Ontario. —Calgary Herald.

U.K. CAR ACE VISITS CANADA

Ray Don, famous car racing driver, will make a flying visit to Toronto this month, on behalf of Ambassador Motor Cycles, Ltd., of which he is a director, in March he plans a coast-to-coast tour of Canada.

The office of Wm. Krause, Optometrist, will be closed Jan. 16, 17, 18 and 19. 274-4x

Dewberry News

Christmas has come and gone, and we are now all back in the old swing of things once again. We all enjoy the holidays, I think, but it is nice to get back to everyday living.

Noticed around during the holidays: Norman Elliott from Edmonton; Charlotte Tulloch, Mr. and Mrs. George Elliot (nee Eileen Finley) Gordy Joy, Mr. and Mrs. Arnold Schmidt (nee Ruth Curtis) Allan McKay and many others.

We hear Mr. Tom Collins is home from the hospital and although he is wearing a cast is able to get around. Congratulations to Mr and Mrs. Tom Collins on the birth of a son, New Year's day in the Islay hospital.

Albert Denelli of Edmonton and formerly of Dewberry, was in town last week for a day.

Russel Gerrier was rushed to Elk Point Monday last where he had his appendix removed. At last report he was doing well.

F.U.A. Meets

A fairly well attended meeting of the F.U.A. with Mr. Jackson as speaker was held at Greenlawn hall Jan 9th. Mr Jackson is well worth hearing at any time. Several Dewberry people made the trip to hear him.

Curling in Full Swing

The Farmers bonspiel held before Xmas was much enjoyed, with Fred Braithwaite winning the Grand Challenge. At present a club bonspiel is underway which seems to be going over well. Soon it will be the men's open bonspiel time. Late in February.

Hot School Lunches

The Dewberry Parent Teacher Association held their meeting on Jan 10th followed by a very enjoyable card party. There was a full crowd in attendance The hot lunch program was discussed again and hot lunches for school from the country were started on the 11th. Several ladies have kindly volunteered to donate an hour's time at noon each day to help get this program under way. While it is only in the experimental stage here with perseverance and team work we are sure it will be a success It will be a wonderful help to the little ones who come so far by bus or horse back, to have a bowl of hot soup and cocoa to make a cold lunch more appetizing. The next PTA meeting will be held Feb 14th. Let us see a better turn out of both parents and teachers

To Organize Boys' Band

Mr W. Protsch has very kindly offered to start a boys' band at Dewberry We wish him every success and say thank you to one so public spirited Let's all help in any way we can.

Board of Trade Re-convenes

MANY TIMELY PROJECTS ARE DISCUSSED

The regular weekly meeting of the Vermilion Board of Trade was held Wednesday Jan. 9th. The President was in the chair and there were 29 present.

Mr. Jack Neal introduced Mr. Roy Nurse of Canadian Utilities. Mr. Nurse wished the members of the Board of Trade a Happy New Year: Mr. Cerald Stephens introduced his guest, Mr. Charles Lamb of McFarlane Shoes, Edmonton.

Mr. Robert Fair kindly agreed to speak at the next meeting on the discussions in the House re Resale Price Maintenance.

Seed Cleaning Plant

Mr. Buckingham for the Agricultural Committee reported that an organization had been set up last summer and fall in connection with the establishment of a Seed Cleaning plant here and that a Canvassing committee had made a canvass among the farmers went much more definite results, because at the time the farmers did not have any money. Since then, he stated, renewed interest had been shown in the matter and he thought the project should now be revived.

Motion: Cooper-Stephens — That Agricultural Committee meet the committee of the above organization and endeavor to revitalize the project of having a seed cleaning plant established here.

Farmers' Rompeii

Mr. George Webb reported that the annual Farmers Rompeii held in Vermilion was one of the best and most successful yet. Mr. Webb thanked the business men of the town for their support of this affair.

Motion: Stephens-Cooper — That Mr. Geo. Webb, Mr. Aldous Kent and committee be tendered a hearty vote of thanks for their work in connection with the bonspiel and the successful results obtained. Carried.

Facilities Case for Hockey Team

Dr. King thanked members of the Board of Trade for past favoured on hockey players and stated that business men would be approached to turn outs of the players in connection with advertisements in the near future.

Health Unit

Dr. King for the Health committee reported that he believed the Health Unit would be in operation here sometime in February.

Motion: King-Stephens — That the President appoint a nominating committee to bring in a suggested slate of officers of the Board for '52.

Date of the annual meeting was set for Feb 6th.

Mr. Ashby Cooper read the Club calendar.

Meeting adjourned.

Wildmere W. I.

Wildmere W.I. met at the home of Mrs. L. Howard on Jan. 9th with ten members and one visitor present. Owing to the president, Mrs. Whitlock being ill with the flu the vice-president Mrs. Barlow was in the chair. The roll call was 'what our monthly project is to be for the year.' As the majority did not have any sugar or food parcel will be sent overseas each month by the ladies.

The dance and banner held in Basswood school early in December netted the W.I. $36.85. The blanket was won by Mrs. Joe Tomlin of the Gilt Edge district.

Mrs. Gibson gave her report for the year as she was absent from the December meeting. The paper was sent to a patient in hospital sick; sugar parcel sent each month; quilt given to a man who lost his home by fire; 16 floral baskets; 4 sprays of flowers; 3 sympathy cards; 1 get-well card, 3 baby spoons.

New program books were handed out and approved and some interesting roll calls and socials are to be enjoyed throughout the year.

This month the project is to help the girls' W.I. Club. $5 was donated to the Wildmere Beavers. Mrs. Gannett read a letter from the Barbon W.I. in England.

Lunch was given by Mrs. W. J. Garnett, the last one on the various countries and this time it was Wales. Mrs. Garnett her hostess.

The social took the form of the list of handicraft articles handed out to the members to make.

Our topic for next meeting—any article of interest to discuss to give; Johnny Jump Up was won by Mrs. G. Gibson.

Next meeting will be held at Mrs. G. Whitlock's on Feb. 13th an several members will be attending the ladies' bonspiel on Vermilion on the regular date.

The meeting closed with the serving of a delicious lunch by Mrs. Howard and helpers.

Mrs. Barlow the visitor present then joined the W.I. making 13 members so far this year.

Rickets In Young Pigs

Weak bones and aching joints do little to favor rapid growth of young pigs. Unless the farmer is wise to the cause he is not likely to reap the rewards that come from efficient management. That many farmers are not aware of the cause of some of the common diseases and the ease with which they can be prevented is suggested by the large number of cases of rickets reported last winter by Alberta Veterinarians and the enquiries received from time to time.

Dr. G. S. Wilton, Veterinary Pathologist of Animal Diseases, Alberta Dept. of Agriculture, says that rickets is a disease of growing animals that occurs before the bones stop growing. In a rachitic condition the normal amount of calcium salts is not laid down and as a result the bones lack strength and become deformed, usually with swollen joints.

Prevention consists of feeding a well balanced diet at all times, and for healthy new born pigs good dieting must start with the sow. As well as bone grown grains, the well balanced ration includes the all important protein mineral supplement and Vitamin D. Sunshine provides natural Vitamin D in summer, but in winter a high grade fish oil such as pilchard cod liver oil in feeding oil must be fed to provide this vitamin.

A useful leaflet, 'Diseases in Baby pigs,' is now available from district agriculturists or from the Extension Service, Alberta Dept. of Agriculture, Edmonton. Symptoms and prevention of rickets, anaemia, scours and others are clearly outlined. The losses from these preventable diseases run into thousands of dollars annually in Alberta. Following the procedures suggested in the leaflet means more money for Alberta swine raisers.

Perfect Railway Record

WINNIPEG. — Officers and employees who work the big ore dock at the Lakehead were congratulated recently by J.B. McMillan, vice-president C. N. R. for a perfect two-year safety record.

In 1950 and 1951 they loaded 313 vessels with two and a half million tons of ore without a single lost time injury.

This volume of ore could not have been handled had everyone not been to his job and done it well. It is particularly gratifying that for another year the operation was carried on without personal injury. It is an indication of competent, cooperative employees working with good supervisors,' said Mr. McMillan.

NEWS from ISLAY

Curling is in full swing. We wonder why so many cars are coming and going these nights—Well, it's the curlers. It is a time for women to visit too while the men are curling. Doris McFadyen spent an evening last week with the Bodsworth's while at her family were at the curling rink. Notice the women going with broom too.

The monthly meeting of United Church W.A. was held on Thursday at the home of Mrs. Betty Farmer. There were 13 present. It was pleasing to have Mrs. Hollington (the Leigh Astronaut) who is staying with her mother Mrs. Linton for awhile, present at the meeting. It was decided to make a quilt or two, blocks composed of 3¼ inch squares put together to make a 9 inch square, light and dark pieces if possible, although glad to have any. If anyone has print pieces the W.A. would be happy to get them.

On Monday a food parcel was packed for the Gerson Pastor's family overseas. 20 lbs. can be sent for the same postage as 10 lbs., we were short 3 lbs. If you find it inconvenient to bring a parcel, leave some money and the packers will shop for you. You may leave your donations with Muriel Snow, Beula Anderson, Charlie Robertson or Mrs. D. Martin and it will get to the right place. Once in four months it is the turn of our W.A.

Clothing is still needed for overseas relief. You may leave your bundle at the post office and Ruby will let the right people know about them. We have so much and overseas so many have nothing. Little children are perishing for lack of warm clothing.

A carload of coal was on track on Monday and there was quite a scramble for it. The coal had to be rationed out in small quantities. It pays folks to put in some coal during the summer months and helps to keep the miners working and it certainly helps your own coal bin when the bitter weather comes. It happens every winter.

Nice to hear some Islay news on Neighborly News on Thursday to C. F. Green.

Precious lives are being saved every day through the Mobile X-ray units bought with Christmas Seal dollars. More X-ray equipment is needed. Have you done your share by sending a contribution to the Christmas Seal campaign?

OUR COMPLETE HOME STORE—
The Undertaker Talked
The Weekend Editor
By KERRY WOOD

WE DON'T know who murdered Milton Grosse. He's been dead more than two years now. But in a small town like Willowdale people will speculate.

Milton Grosse made his money out of mortgages, and had an instinct about lending money to people who'd never be able to pay on time. Then he'd foreclose. That way, Grosse got hold of another house to bring in rent and help his income grow. He owned upwards of a dozen houses acquired by the mortgage plan.

Doc Jenner lost his lovely home to Grosse. So did Sparky Sloane and Fred Bell. To make it worse, Fred Bell lost his job and then his wife had to go out doing housework. She worked at Milton Grosse's a couple of times. After that, she left Fred and lived for awhile in Spruce Avenue in a little cottage which Grosse owned. She didn't do any more housework for a living.

Sparky Sloane swore he'd get even with Grosse for taking away his home. So did Doc Jenner at first. He'd retired from practice; his children had grown up and moved away. But one of them got into a bonspiel and, to help out, the father mortgaged his nice home. With Sparky, it was a bonspiel that forced him to borrow. Then his wife died and left him a lonely man. He drank heavily for a spell; next thing he knew, the law made him turn over his home to Grosse.

"I'll get even!" he yelled. "Wait and see!"

Doc Jenner didn't say much after his first outburst, but his eyes got kind of blank whenever he met Grosse.

As for Fred Bell, he had to be warded by the police to quit his talk about doing a shooting. That was after Fred's wife, Minnie, moved over to Spruce Avenue.

Grosse was one of those large, florid-faced men with a booming voice and a vigorous manner. Oh, he could smile real friendly, too, after he picked up as many mortgages and forced court action that he could. But then it was too late for a lot of folks. He never extended time on a loan.

Grosse wasn't married; he had his rooms back of his own office. Now and then we'd see a woman go to his place after hours. But Minnie Bell quit going there after she moved into the cottage on Spruce Avenue. However, it's rumored that other women continued to visit Grosse in his bachelor quarters, though we found time to spend a lot of evenings down at Minnie's house.

Fred Bell—well, Chief David, the policeman, took Fred aside and gave him a lecture about all the wild shooting talk. Then Chief David went home with Fred and picked up Fred's shotgun and pistol, just as a safety measure. Pretty good sort, Chief David.

There you have the setting.

And one Wednesday afternoon when the stores and offices were closed for the half holiday, Milton Grosse kept on sitting behind his desk. He stared out the window. It wasn't until after his cheeks lost their color that someone took a closer look and yelled.

The door was open, so we all crowded in behind Chief David. We stayed at once. We saw the dull gaze on Grosse's unwinking eyes, while a fly crawled over his blue lips.

"He's stiff as a board," announced Chief David. "He's been dead for hours!"

How did he die?

That's the mystery. Doc Jenner was there in the office with the rest of us when we found Grosse. He examined at once, right in front of everybody. No bullet hole, no knife path, no poison.

"Well!" Doc Jenner glanced around, then shook his head. "That's a heart complaint—Personally, I always thought Grosse had a bad heart."

A bad heart! Bad enough to stop beating, anyway.

But what about the looting that had been done in the office? Every paper of value had been removed or destroyed. The safe was open, and all the mortgages were gone. Not a house title or a loan note!

It certainly caused a re-shuffle of houses. Milton Grosse had no kin that anyone knew about. If he left a will, it disappeared along with the mortgages. So a lot of folks suddenly found themselves able to buy back their former homes by settling tax matters.

We still wonder who murdered Grosse.

The murder talk lashed out interferrybody talked in whispers about it and Chief David pretended he didn't hear a word. But when Undertaker Smithers got under the anesthetic for that appendix operation, he blabbered about the tiny ends of metal he caught in his coat when he was fixing up Grosse's hair for the funeral. Driven right into the skull, he yelled. Then he babbled about the mortgage Grosse held on his house.

About that subbin of metal. We heard what Smithers shouted. We had four different notions. First, he thought it was the butt of a slim, headless nail. Then again, it might have been a surgical instrument. Sometimes he believed it looked like the neck end of a broken dart-game point. Finally, he spoke about its resemblance to a woman's hairpin.

Who did it? Sparky Sloane is a cabinetmaker who uses a lot of fastening nails. Doc Jenner used to be a wonderful surgeon before he retired. Fred Bell has always been our best dart player. As for Minnie, she's become vain about her peroxide hair, she never wears a hat anymore whereas it used to be quite common.

Do You Know That . . .

The "Black Hole of Calcutta" was a dungeon at Fort William, Calcutta, in which 146 prisoners were confined following the surrender of the fort to Surajah Dowlah during Clive's campaign. The surrender of the fort took place on June 20, 1756. The dungeon was 22 feet square and the prisoners suffered terribly from lack of ventilation. Only 23 survived.

Postage stamps first were issued in England in 1840

Saskatchewan's New Oil Find Creates Wide Interest

Tests Indicate That It Will Be the Best Commercial Well in the Province

REGINA.—Developments near a lonely prairie village in west central Saskatchewan is a centre of interest to Canadian oil industries as testing continues on a medium oil discovery. Saskatchewan's first medium oil find was made near the village of Fosterton, about 27 miles northwest of Swift Current and near the Alberta border.

Tests indicate the new well—Bow-corp Western Prairie Rosseray No. 1 —will be the best commercial well to the province.

A gravity test made at the site showed the oil was of 24 degrees—midway between the high grade 35-degree oil found in Alberta's Redwater field and the heavy 15-degree type found in the Lloydminster and Colevile fields in Saskatchewan.

High gravity oil contains more of the "high-fraction" in its content for oil age. More gasoline, diesel fuel, lumber fuel oil, propane and other hydrocarbons can be refined from the lighter oil. Low-gravity oil contains a large amount of asphalt.

Oil-burning alrets containing the medium oil were found at the 3,070 to 3,100 foot depth at the new well Drilling was pushed to the 3,165 level in an effort to find the limits of the production zone

Casing will have to be set before a full production test can be carried out

The discovery, called the most important yet in Saskatchewan had an immediate effect on the New York Stock Exchange.

The well was drilled by Bocony Vacuum, Exploration company on a farm-out from Western Prairie Exploration company.

Block of Woodley Petroleums, of which Western Prairie is a subsidiary, jumped from $27 to $34.75.

The Fosterton find adds a third link to the Lloydminster-Colevile discovery pattern' extending down the west side of the province

The Saskatchewan government owns most of the mineral rights in the area.

Alberta Battles Invasion Of Rats At Border

EDMONTON. — "Go west, young rat, go west," the old rats tell the young rats. That's the facetious suggestion of A. M Wilson, Alberta field crops commissioner who has the job of keeping rats out of the province

For a long time Alberta boasted of being the only rat-free area in North America. Now the rodents have invaded the province on a 60-mile front along the Saskatchewan boundary.

"They have been found as far as 11 miles inside the province," said Mr. Wilson

The infiltrated area starts about 200 miles southeast of Edmonton at Bodo and runs south to Acadia Valley, about 150 miles east of Calgary

The rats have gained a foothold but Alberta has launched a vigorous counter-attack

By keeping special crews on the job all winter it is hoped to wipe out all the colonies in the province before spring. Rats are easier to fight in winter because they live under barns and other buildings In the summer they are in the fields

But even provided the existing colonies are wiped out, rat control in Alberta probably will be a permanent job unless the large numbers in Saskatchewan adjacent to the Alberta boundary are curbed

If Alberta is left was passed by the legislature a year ago making rat control the responsibility of the municipalities

PRICE OF TEA DROPS

VANCOUVER. — The price of tea dropped four cents a pound here. Top grades dropped to $1.14 a pound and second grade to 85 cents.

Alberta Beet Harvest Shows Decline In 1951

LETHBRIDGE, Alta — Officials of Canadian Sugar factories here said that southern Alberta's 1951 sugar beet production will be down approximately 45,000,000 pounds or 25 per cent from the preceding year.

The factory officials said roughly 80,000,000 pounds of beet sugar will be produced from the 1951 crop. In 1950 output was a record 123,562,000 pounds.

Processing plants at Raymond, Picture Butte and Taber in the Lethbridge area are expected to have sliced about 348,000 tons of beets when the processing campaign ends. That is also sharply down from the record 1950 output of 453,164 tons.

JAYWALKING BYLAW

PENTICTON. — The jaywalking bylaw went into effect in the downtown area of this city recently and city policemen tagged the first offenders A fine of 50 cents is the penalty provided

By-Law No. 1-52

TOWN OF VERMILION

A By-Law to amend the Business Tax By-Law No. 4-44 respecting the imposition of Business Tax in the Town of Vermilion.

THAT UNDER AND BY VIRTUE OF THE PROVISIONS OF THE SAID ASSESSMENT ACT, AN ASSESSMENT IS HEREBY MADE OR IMPOSED UPON ANY AND ALL SAID PERSONS, FIRMS OR CORPORATIONS LIABLE THEREFOR AS THEREIN PROVIDED AND BUSINESS TAX CALCULATED AND LEVIED ANNUALLY UPON THE ASSESSED VALUES AT THE UNIFORM RATE OF 30 MILLS ON THE DOLLAR IS MILLS BEING FOR MUNICIPAL PURPOSES AND 12 MILLS BEING FOR SCHOOL PURPOSES.

COUNCIL, Town of Vermilion.

27-2c

Sixteen Years Ago Today

Jan. 16, 1936

C. W. Robinson was re-elected as president of the Board of Trade and E. M. Stewart was vice-president. J. D. Adam was the sec.-treasurer.

Harry Scott was re-elected president of Canadian Legion Post 11. G. C. Douglas was vice-president and R. C. Kirby secretary.

Extremely cold weather continued with very few above zero readings even in daytime and a low of 33 below. 78 inches of snow has already fallen.

David Gaston, district pioneer passed away.

Vermilion curlers defended the White cup from successive challenges by Mannville, Islay and Innisfree.

Thirty-two Years Ago Today

Jan. 14, 1920

Chas. E. Armstrong had established a general store on the S.W. 6-53-6. With.

Mild weather was being enjoyed with a few sub-zero readings, low point was only 6 below.

Skips Dr. F. Day Smith and A.W. Ebbett were curling in the Vegreville bonspiel.

Hales Bros. Meat Market was advertising chuck beef roasts at 20c per lb.

Paradise Valley

Mrs. Wilmot Adams left on Wednesday for a visit with realtives at Victoria, B.C.

Mr. and Mrs. R. G. Elliott are spending the winter months with friends in Vancouver, B.C. and other coastal points.

Mr. George Clay, Miss Dorothy Clay and Miss Mary Baxter returned this week from a trip that took them as far south as the Mexican border.

Mrs F. L. Kragness left Wednesday to visit with her father Mr. Rober: Ringland at Salmon Arm, B.C. for a month.

A meeting under the auspices of the Alberta Wheat Pool was held in the hall on Monday night. Mr. Braithwaite, Field Supervisor and Mr. E. P. Dobson, Wheat Pool delegate for this sub division addressed the meeting. Films were also shown.

Curling is the main sport in the town these days. The season opened with a farmers' spiel and at the present time a mixed bonspiel is in progress. We regret that we have had so little news the past few weeks but as your correspondent spent Xmas and the holidays in hospital we were not up to writing any news.

Mr. and Mrs. J. T. Anderson have closed up their butcher shop and gone to the coast for a winter vacation.

DEATH OF MRS. McDONALD

On Thursday word was received of the death of Joseph McDonald in the Lloydminster hospital. It came as quite a shock to his many friends as he was progressing favorably and expected to be home shortly. Mr. McDonald was born at Toronto in 1857 and was in his 94th year. He was quite active up to a few weeks before his last illness and was a very enthusiastic curler up to only four years ago.

Mr. McDonald answered the call of the west and came to Manitoba where he married Mary McDonald, a Manitoba girl. One daughter Aveline who now lives in Edmonton was the only family. He also leaves one sister Mrs. W. D. Craig of Regina who is now 87 years of age. He had made his home with his niece and nephew Mr. and Mrs. W. A. Mickle for the past ten years.

The funeral was held from the United church at Paradise Valley with interment at the Oxville cemetery. The Rev. Mr. Morrison of Lloydminster conducted the service with Mr. W. J. Sirett Sr. at the organ. Pall bearers were Messrs. D. B. Baxter, C. A. Richardson, F. J. Wood, A. Armstrong, Fred Sirett and W. J. Sirett Jr.

Many beautiful floral tributes and numerous donations were received.

SCOTSMEN FOR EDMONTON . . . POLICE FORCE

Twelve Scotsmen will leave Britain in March to join the Edmonton Police force. They were selected from 54 applicants and are all ex-servicemen.

The World's Wheat

By H. G. L. . . . . Director, Research Department, Searle Grain Company, Ltd.

CASH RETURNS TO FARMERS

Quite a spate of headlines information has told us recently that the cash income of prairie farmers is higher than ever known in history. Many across the Dominion seeing these figures are saying to themselves 'How lucky is the prairie farmer!'. What is often forgotten in looking at these high money figures is that the Canadian dollar like the old gray mare, 'ain't what she used to be' for the fact is that because of the greatly increased costs to prairie farmers for their living and production the dollar bill today has only the same purchasing power as 44 cents had in the base years 1935-39. Dominion Bureau of Statistics figures show that the real to prairie farmers of the things they have to buy for production and living in August last the latest figure — as an index number of 239.7. 1935-39 equalling 100.

Figures, therefore, that show the wonderful money incomes of the prairie farmers are to be more than cut in half to show their true value. When this is done an entirely different picture presents itself. That is why all farm organizations today are dissatisfied with the returns they are receiving from wheat, for wheat is the one product that today is greatly under valued as far as returns to the prairie farmers are concerned.

Teste Enjoyment!

There's real taste enjoyment in store for you with one of our fine, expertly prepared meals.

Allandale Notes

Weather has been bright and sunny but is remaining quite cold although we have had some very nice days for January. There hasn't been much snow or wind lately so the side roads remain open, that is until now, Jan. 13th.

Sorry Mr. McBride's name was omitted from the gathering held at the Nelson home New Year's evening.

Mr. and Mrs. Ed Magistad had a very pleasant surprise when Ed's sister Mrs. Anna Sexton of Chamberlain S.D., U.S.A., phoned them the day after Xmas. Her voice came through very clearly. Ed hasn't seen his sister since she was three years old.

Congratulations to Mr. and Mrs. Liam O'Toe on the birth of a daughter Mary Dear, born Dec. 17th at the War Memorial hospital, William's Lake, B.C.

Greetings Morrison, received the tulip bulbs and have them planted and looking forward to some Easter blooms— thanks a lot.

Mrs. Nora Ronaghan was a visitor at the Omness home Jan. 6th. Were very pleased to see her driving a lovely new Chev car.

On Jan. 9th Mr. and Mrs. Ed Magistad sponsored a Health Program, dinner and lecture by the Permanent Stainless Steel Co. Ltd. The lecturer was Mr. Albert Parent. Seven different families were present. Mr Parent is very efficient in portraying this 18-8 stainless steel. It especially proves a great advantage to health. So folks if you have an opportunity to attend one of these dinners don't hesitate.

The Allandale W.A. was held at the Omness home on Jan. 10 with 16 present. We do appreciate the men coming out especially in winter on account of road conditions, seemingly they have an enjoyable afternoon too. The annual report was given and the same officers continue through the year. Bazaar work was considered and material will be ordered.

Our next meeting will be at the Baldock home Feb. 14th and will be a 'parcel post' meeting. Mrs. E. Armstrong and Mrs. M. McPhee on the lunch committee.

On Jan. 3rd Orlene Omness was transferred from basic training in the R.C.A.F. at St. Johns Que. to St. Hubert, about 15 miles from Montreal. The girls are on contact training there. Tillie Heitman is stationed at St. Johns.

An oddity at this time of year — Four lovely big mallards flying over the Magistad home each day. They find water at the dam and a spring near by, and plenty of feed in the unharvested fields, some at Bill Walker's farm.

For those who are interested in cards — come to Allandale school Jan 18th. If successful these parties may continue through the winter every two weeks.

The F.U.A. held their annual meeting Jan. 7th at the school. There was a good attendance. Melvere Nelson will continue as president and Orville Armstrong secretary. There were 13 farmers who joined the F.U.A. First Monday of the month is the evening set for F.U.A. meetings through the year.

Jack Cross, Allandale's representative for Rural Electrification Association Ltd., was present also at the meeting and gave a review of the Board meetings and distributed contracts to those who were interested.

Closing Thought -Worldly friendship is profuse in honeyed words, passionate endearments, commendations of beauty, while true friendship speaks a simple [illegible] language.

B.C. BOOM HEADACHE

It is fine to grow but British Columbia is also discovering that it is costly.

Education Minister W. T. Straith estimates $130-$150 millions will be required in the next ten years for new schools and teachers, reports The Financial Post. It is all brought about by a 41% increase in population since 1941. This is double the Canadian average.

In the next five years some is estimated that B.C. will need 2000 new classrooms and 3640 new teachers.

By Bernice Reed, Wainwright, Alberta

News Notes From Your District Home Economist

More About Silverware

On with the cleaning and storing of silverware. If you don't use your silver constantly, you may need to polish it occasionally. Use good silver polish and rub each piece lengthwise. Don't rub crosswise or with a circular motion. Then wash it in hot soapy water, rinse and dry. You may need a soft brush to clean highly ornamental silver. There is also a way to clean silver chemically (called electrolytic). Are you there Mrs Van? Put one teaspoon each of salt and soda in a shiny aluminum pan. Add a quart of boiling water. Then put your pieces of silver in so they are immersed. You'll need to leave the silver in only for about half a minute. Each piece of silver should touch either the aluminum or another piece of silver. This process removes the tarnish but it also takes away the patina (remember that word from last week?), leaving a harsh bright luster, so you should not use this method more than 3 out of 4 times. Store your silver in a chest with tarnish-proof materials as in cotton flannel rolls. Pieces of hollowware may be stored in tarnish proof bags. The more air you keep out, the less your silver will tarnish. Substances containing sulphur, such as eggs, white tissue paper, matches, rubber, wool and silk cause silver to tarnish, so avoid storing any of these near your silver.

What we do not understand we have no right to judge.

Wool Knitters

Just in case any of you received a piece of wool jersey for Xmas and you're wondering if there are special points to remember when working with wool jersey, here they are. Handling—The crease in the tubular jersey is difficult to steam out. Rebind jersey to have the crease through the centre of the fabric. Now lay the pattern sections on the new fold and you will have crease-free pieces. Jersey stretches easily, so be careful of bias cut pieces; do not pull the fabric. Stitching — Use a slightly longer stitch (10 to 12 stitches to the inch). Allow the fabric to feed into the machine without pushing or pulling. Finishing — Pink the inside seams. To ensure a flat smooth finish with a professional touch use seam binding for facing and hems. Buttonholes should be re-inforced to avoid strain on the knit jersey. Pressing—Use a pressing cloth and always press jersey on the wrong side, as you would any wool fabric.

Pastry Recipe

That pastry recipe I promised you last time goes like this. In a one quart measure break an egg, add a spoon of vinegar, one teaspoon of baking soda, and fill the cup with water. Mix one pound of lard in 5 cups of flour and 1 teaspoon of salt as you do for ordinary mixture. Then stir the cup of liquid into the flour mixture and use it like ordinary pie dough.

Any Comments?

If you have any comments to make send them in please.

Farm Labour In 1952

IN A RECENT STATEMENT regarding employment in the coming year, Hon. M. J. Gregg, V.C., Minister of Labour, predicted that conditions would likely be very much the same as they were in 1951. Prospects for the year indicated that there would be heavy demand for construction workers and that there would be continued need for labour in factories and defence industries. Seasonal unemployment in some types of work is unavoidable, Mr. Gregg pointed out, but present indications are that levels of employment generally show no prospect of dropping. On the other hand there was assurance that no acute labour shortages were expected in the near future

Have Gone To Other Work

The labour situation has become increasingly important to farmers in the past ten years. During that time, more and more workers who normally would have sought employment on farms have gone to factory and construction work, attracted by shorter hours, less likelihood of seasonal employment, insurance benefits and other advantages. As long as the demand for industrial workers remains high farmers are likely to feel the shortage of labour available to them, and various suggestions have been made as to ways in which this competition might be met. Extensive farm mechanization in many parts of the country has reduced the need for help, but there remains a considerable demand for a farm labour force, especially at certain seasons of the year

Farmer Might Produce More

This matter was discussed at the recent meeting of the Farmer's Union of Alberta, when the Hon. David Ure, Minister of Agriculture for that province, suggested that diversification of farming activities might be a partial solution. Pointing out that in the past year Canada had imported some forty products, many of them handled before from New Zealand, to meet the growing demands of the home market, Mr. Ure suggested that some of the seasonal unemployment might be avoided if farmers extended production. Chairman Gardiner, of the convention delegates that a farm worker, dismissed in the fall, would be likely to seek employment elsewhere, and to be unwilling to give up permanent work to return to the farm in the spring. Mr. Ure suggested one odd another aspect to the problem which should be of interest to farmers farm labourers and to consumers.

How COLDS affect Your KIDNEYS

The kidneys are very delicate organs, easily disturbed—especially by a cold. This duty is to filter impurities and excess water from the blood. When you have a cold active work is thrown upon your kidneys. Doddi's Kidney Pills help your kidneys do their work. Use Doddi's Kidney Pills and poisons caused by colds, and give you a chance to build up infection resistance—and better health. If you have a cold get and use Doddi's Kidney Pills.

Doddi's Kidney Pills

ALBETA MAY INTRODUCE $180,849,360 BUDGET

EDMONTON, Alta. Premier E. C. Manning, likely will introduce a record $180 000 000 budget during the 1952 session of the Alberta legislature, informed sources reported.

The premier, also Alberta's provincial treasurer, announced the annual session will open Thursday, Feb. 21. It will be the fifth session of the 18th legislature

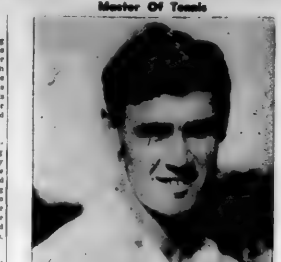
Master Of Tennis



In one of the most magnificent exhibitions of tennis ever seen in any country, Frank Sedgman, (above), completed his job of crushing American Davis Cup hopes. With the score now still in balance at the fifth and decisive matches, the challenge round, the young, blond Aussie ace mixed Vic Seixas into defeat, 6-4, 6-2, 6-2, to retain the coveted cup for the competition returns to Aus. Ted Schroeder had kept the challengers in the running by handing Mervyn Rose his second straight set defeat, 6-4, 6-4, 12-11, 7-5. The third straight capacity crowd of 13,200 at the White City Stadium let home with a five-minute roar of triumph after Sedgman nearly knocked Seixas' racquet from his hand with his terrific service for the final point. They remained standing for another 20 minutes while Prime Minister Robert Menzies presented the trophy to the winners in a mid-court ceremony.

Natural Gas Located At Elrose, Sask., Reported As "Encouraging"

REGINA.—Another major natural gas find was reported in southwestern Saskatchewan near the town of Elrose, 90 miles southwest of Saskatoon, according to a bureau of publications release. The discovery, announced by Resources Minister J. H. Brockelbank, was made in Sobie-Standard Elrose No. 2, a wildcat well spudded Dec. 16 on a farm about three miles west of Elrose.

Company officials reported that the gas horizon also showed "considerable" oil staining but that no further comment could be made on this until further tests are made. They said that the drilling is being carried on at five-foot intervals and running drill stem tests at each interval.

Company officials reported that the well tested at least seven million cubic feet production per day before it blew the rubber out of the manometer an instrument used for measuring gas flow.

This compares favorably with the production rate reported from other recent natural gas strikes in the same general area.

The gas flow in wells at Broch, 25 miles to the northwest, ranged between five and 10 million cubic feet per day. Some of the wells in the Colville field, 85 miles to the northwest, were below five million.

Resources Minister Brockelbank described the find as "very encouraging" and said it would definitely be a commercial well. He pointed out that the Elrose find is the most southerly extension of a line of gas fields and finds in Alberta and Saskatchewan which run in a northeasterly direction through the Bibbind, Kinsella and Provost fields in Alberta, and the Colville, Dodsland and Bresh fields in Saskatchewan.

Elrose is only 55 miles north of Pontefton where Saskatchewan's first major commercial oil strike was made recently. The nearest city is Swift Current, 45 miles to the south. Although no details were released on the depth of the producing zone, the gas is believed to come from the Viking sand strata—the same zone as the Saskatchewan and Alberta fields lying to the northwest.

Elevator Agent Has Rat Trouble

ANTELOPE, Sask. — Elevator agent Jim Spence of Antelope is having trouble these days, rat trouble.

The rodents have developed a taste for bolt lacing and as fast as he replaces the lacings in the many bolts in the elevator they manage to chew your them again.

Even a thick coating of tar applied to the joins has failed to discourage the vivacious rats.

MEASLES OUTBREAK

EDMONTON—A measles epidemic in Magrath was reported by Dr. Norman Baxter, provincial director of communicable diseases. He said measles cases of measles have been reported medically in the town of about 1,300 population

Billion Dollar New Industrial Development Seen for Alberta

Manufacturing Plants, Refineries and Pulp Mill Are Among New Projects

EDMONTON.—Almost one billion dollars' worth of new industrial development is in prospect for Alberta. It will top the province's prodigious growth since the Leduc discovery less than five years ago marked Alberta as one of the world's oil-producing areas, and draw attention to its other unexploited natural wealth.

New projects to develop the province's oil, natural gas, forests and mines, and to process the products of its rich soil, will pour nearly $900,000,000 into Alberta within the next few years.

The figure is from the Alberta Industrial Development Board. Without going into still-confidential detail, Director Richard Martland said the sum represents "firm" projects — undertakings "past the inquiry phase" and now in the planning stage.

"Of course," said Mr. Martland, "things could go to the other side of the development ledger, through the failure of some of the developments planned, such as shortage of materials or an outbreak of war." He added that individual projects will be announced by the firms concerned as plans are completed.

This indication of future development came as the province wound up its most prosperous year, a year in which Premier E. C. Manning said that if the development of natural resources continues at the present accelerated rate it "is not too rash" to foresee the day when Alberta will be a debt-free and tax-free province.

The province's oil wells produced an estimated $135,000,000 worth of crude during the 18 months, but still were held in reis because of lack of quate means of getting oil to market. At the year end, work was beginning on an $82,000,000 pipeline from Edmonton to the Pacific coast, supplemented by the line to the Great Lakes which carries Alberta oil to eastern markets.

Meanwhile, Edmonton shaped up as the centre of a great new chemical industry. First in the field was Canadian Chemical Co., a subsidiary of Celanese Corporation of America. Its $54,000,000 plant, the largest of its type in the world, will turn British Columbia wood pulp into synthetic textiles and by-products of the nearby oil refineries into chemicals including some not at present manufactured in Canada.

Close behind Celanese was Canadian Industries Limited with plans to build a $12,000,000 plant to market, it will make polythene, a plastic widely used in the electrical, pharmaceutical and packaging industries, and will use 10,000,000 cubic feet a day of Alberta natural gas A third chemical concern was reported ready to announce its plans.

Another $12,000,000 plant for the Lindbergh area, 120 miles northeast of Edmonton, to make caustic soda, chlorine and associated chemicals.

Other major industries included a $5,000,000 addition to the Canada Packers processing plant, the site of which is expected to be announced soon

The past year saw the completion of large-scale irrigation works, balancing as the south to some extent the industrial development in the north. Completion of the $7,000,000 St. Mary river dam marked the first big step in a $30,000,000 project which will open up some 4,000 irrigated farms over the next 10 years and free large dry areas from dependence on grain growing and ranching.

This will result in intensified raising of specialty crops. Already a quick-freezing plant in Lethbridge is producing more than one-fifth of all the quick-frozen vegetables marketed in Canada. A cannery at Taber announced a $1,000,000 expansion program and a new $3,000,000 beet-sugar factory, largest of its modern in the world and southern Alberta's sugar beet area.

Agriculture, still the province's basic industry, produced more than half a billion dollars worth of crops last year. Forest products topped $18,000,000. With more than 13 per cent. of the world's coal in reserve, the province mined an estimated $27,000,000 worth last year.

Industrial activity stimulated all forms of commerce. The year saw tremendous expansion in warehousing, for instance. Retail trade topped a billion dollars for the first time, more than three times the average of the pre-war years. Bank clearings totalled $2,230,000,000 and bank debits approached the five-billion mark.

SASKATOON.—Pranksters made off with a trolley coach here while the driver was busy in the bus terminus. The big coach was found abandoned but undamaged

Cookies—extra tasty when they're MAGIC baked!

OAT CRUNCHIES

Measure into bowl 1½ c. rolled oats and sprinkle with ½ tsp. Magic Baking Powder. Add ½ c. granu- lated sugar, mix thoroughly. Combine 3 tbsp. brown sugar, 1 tbsp. corn syrup, 1 tbsp. vanilla, gradually beat in 1½ c. fine granulated sugar and add 1½ tbsp. butter or margarine melted. Add egg mixture to dry ingredients and mix thoroughly. Drop by small spoonfuls, well apart, on greased baking sheets and recipe each with a piece of walnut or maraschino cherise. Bake about 15 mins. Remove baked cookies from pans immediately. Makes about 3 doz. cookies.

Wildmere Winks

We unintentionally omitted to mention that Mr. T. Best was added to our home the name Sandra Mr. and Mrs. Hyde.

The writer wishes to thank the Editor and staff of the nice item in the Standard about the Wildmere Winks.

Our heartfelt sympathy also with that of the community goes out to Mr. Reg Spencer and son on the loss of their wife and mother, also to their sisters and brothers. Mrs. Spencer was a grand worker in the community and for the betterment of the people and community. While she had left Vermilion to make her home at Barrhead her name was often mentioned, this will not be forgotten here by her many friends in and around Vermilion.

We wish to congratulate even if a bit late, Mr and Mrs C. Almas (nee Enid Mae Gaskell) on their recent marriage and wish them a long and happily married life.

Congratulations are also in line to Mr. and Mrs. J. Robinson (nee Helen Verti) on the birth of twins a girl and a boy on Saturday, Jan 12th.

Mr. and Mrs. Cliff Cuthers and Wendy were Sunday evening visitors to the Wallington home.

Roy Garnett of Basswood has joined his brother Noel at Hy River N.W.T. to work for the winter From letters it must be quite interesting work there. They travel in a Bombadier and are out for several days on the lake from head quarters. Their worst enemies are cracks and broken ice which are hard on the machines and as Noel says, on the men who ride in them. They carry supplies with them at all times in case they get stranded on the lake in a storm. At a place they have to cross a lake 20 miles wide. There are now about 15 to 25 feet high for miles and miles, which weigh tons. Some wonderful pictures are sent on the lake experience it looks like a wall of ice surrounding them. Noel says if we had to go Bombadiers to travel in here we would not need to worry about going phone as they travel over most any kind of terrain

Mr. Mr. Buchanan, letter-in-Standard. We have heard several remark that they heartily enjoy his interesting epistles each week. We did not sign when the wood inspector was around. As he didn't stated, a vote should be taken on such an important subject. What do others think?

Noticed around Frank Gibbs wearing a bandage on his head what he cut it on the corner of his metal furnace. Jon keeps it warm in his house lined up inside with tarpa per the writer with a new Lauria Maytor washing machine purchased from Beckstrom's in Vermilion.

Funniest thing heard Kenny Long Allister in an assembly. Have you any hot camps" and Allister answering I've seen them but I've never eaten them

1952 Red Cross Campaign Planned

With the warning that essential services of the Canadian Red Cross Society would have to be curtailed or eliminated if the 1952 objective is not reached, Hon. L. Macaulay, chairman of Central Council, announced this year's campaign objective as $1,222,190 or a 4.4% increase over 1951.

Pointing out that the Society had more commitments than at any time in its peacetime history Mr. Macaulay emphasized the work done by the eminent business men who make up the Budget committee in scrutinizing most rigidly the budgets of the various services.

The chairman stressed that it is and always has been the policy of the Red Cross to take the public fully into its confidence and said that he had no hesitation in saying that the budget committee had a most difficult task in pruning the original budget, into its present form, and emphasized that the figure sought, $1,222,000 was the absolute minimum required to carry on Red Cross services in 1952.

Mr Macaulay explained that while March is still regarded as Red Cross month the majority of provincial units begin their campaign around the 10th instead of the first.

DEER LAKE DOINGS

Once again we have started on a New Year. We hope that 1952 will be good for all of us.

The Christmas concert at Deer Lake school was very good and greatly enjoyed by all.

On Jan. 8th the Clandonald C.W.L. held a successful card party in the Columbus hall. Whist and several tables of cribbage were played. The writer was the first prize winner at crib. A delightful lunch was served by the ladies.

Leslie Bowman had a high school friend, Doug King, staying with him for a few days during the New Year holidays. Doug has now flown back to his work at Prince Rupert.

Leslie Bowman was one of the successful ones at the Farmers' bonspiel held at Dewberry. They won the Carl Challenge Cup. Good for you Les.

Mr. and Mrs. Proud have gone to Victoria, B.C. for a few weeks. Mrs. Proud's uncle is in a hospital there having undergone an eye operation. Francis Duddy is staying with Bob Proud while his parents are away.

Word has come from Whitney, Ont., of the birth of a son to Mr. and Mrs. Cecil Mountaingy. Mrs. Mountaingy was formerly Maxine Kinshella of Dewberry.

Towering Roof on Church To Come Down

Anglicans To Re-build Church At Vermilion

Definite plans were made at the annual meeting of St. Saviour's Parish, demanded and retained the Anglican stones from the tottering spooky pitched roof, a landmark in the town for the past 45 years, will be torn down, the huge windows will be lowered, and the edifice rebuilt with stones to conform to the new parish hall completed last year. Interior repairs have already been obtained from carpenters for the work. $8000 is required for this portion of the work. An extra $1000 is needed for re-wiring and $4000 for interior finishing. $134 is already on hand in the building fund.

Rebuilding of the church will culminate ten years of unparalleled progress for St. Saviours parish. Nine years ago the church had a debt of $800 and was receiving a grant of $50 per month from mission funds to help pay the minister's stipend. Since that time the debt has been paid, the Parish became self-supporting receiving no mission grants. gas was installed in rectory and church at a cost of some $800, a new rectory costing $8000 was erected and is the finest in the whole diocese, a car was purchased for the rector for $800, $1500 was raised in the Anglican Advance Appeal, a new parish hall has just been finished for $10,000. This is a remarkable record for a comparatively small parish.

The annual meeting of parishioners at which it was decided to renovate the church was unanimously made, and the short review of progress given by E. H. Buckingham, was held at the parish hall on Monday evening. The meeting was preceded by a sumptuous supper prepared by the two W. A. groups. Despite the cold weather 73 attended.

Very interesting reports were given by the various committees. The financial statement read by the auditor showed receipts during the year of $8,158.23, expenditures $8,024.2, leaving a bank balance of $134.21. The beginning hand had receipts of $2,382 during the year of which $1469 had been spent leaving $913 on hand both parish hall and rectory are now completed.

Advance Reports W.A.

Mrs. F. Davidson reported for the Afternoon Branch of the W.A. A wide variety of activity had been carried on by the 25 members. The treasurer Mrs. G. Williams reported that $1600 had been raised by teas, socials, tag, booth etc. Several donations had been made to church and building funds, leaving a bank balance of $339.

Ministry Team Growth

A similar active story was told by Mrs. M. F. Sinclair for the Happy Hour group of the W.A. Fifteen members served receipts of $1441, expenses $1266, with a balance of $175.

Active Sunday School

Mr. Ed McDormand, superintendent, reported an active and growing Sunday school. There are now nine teachers with Mrs. Reg Mitchell as secretary and organist.

Mrs. H. Buckingham reported for the Little Helpers: Mr. Thos. Watts told of the activities of the Men's Club: Mr. Cecil King of the Men's club.

Election Of Officers

The following officers were elected for the ensuing year:

Rector's Warden—E. H. Buckingham

People's Warden—L. H. Puckett

Vestry—Keith King, A. M. Watt, Thos. Watts, Ed McDermand, J. R. Robson, L. H. Playne, A. H. Cooper, J. V. Morrison, Cecil King, A. E. Kaiser, Stan Peters, C. N. Brennan.

The Rector, Canon Teage, characterized as invaluable the work done by church wardens L. H. Puckett and E. H. Buckingham during the year. He had words of high praise for the organist Mrs. M. Simonsen, lay-readers S. R. P. Cooper and L. H. Playne, envelope secretary Thos. Watts. The Canon paid sincere tribute to Mrs. Reg Mitchell's fine work in the Sunday school, and to the two women's auxiliaries.

Mrs. Cecil King very fittingly voiced the appreciation of the congregation for the work and ministrations of the Canon and Mrs. Teage

Happy Hour Group Elects Officers

The Happy Hour group of St. Saviour's W.A. held their annual meeting on Wednesday, Jan. 16 at the home of Mrs. B. Pilkie. The following officers were elected:

President—Mrs. Pilkie. Vice-President — Mrs. Margaret Nicholls
Sec.-Treas.—Mrs. Ena Leigh
Cor. Sec.—Mrs. Kae Brix
Dorcas Sec.—Mrs. Gladys Fooks.

What does your Label read?

Board of Trade Calls Grain Dryers' Meeting

At the weekly meeting on Wednesday Vermilion Board of Trade decided to call a special meeting to deal with grain dryers.

Mr. R. C. Acheson, instructor in structure at the school of agriculture will address the meeting. Mr. Acheson is in charge of the construction of drying plant. He will be on hand the various methods in use for both farm and commercial drying. If there is enough interest in a large plant grain dryer may be laid for building next fall.

The meeting will be held in the Armouries at 2:00 p.m. Saturday Jan. 26th. Mr. J. R. Robson, chairman of the Agricultural committee of the Board of Trade will act as chairman.

Elk Point, Irwinville, Deer Lake Schools Win Prizes

IN PROVINCE-WIDE T. B. ESSAY CONTEST

Grade Nine pupils of the Elk Point school won first prize in the provincial-wide contest sponsored by the Canadian Tuberculosis Association. Irwinville school near Marwayne won the winner of second prize and Deer Lake school near Lloydminster won third prize in the class for one room rural schools. The Commissioned Separate school won honorable mention in its class.

The essays are written as a class project and this year's topic 'A History of TB' proved popular among the entrants as it combined studies of health education, social studies and English.

V. H. S. WIN AT BASKETBALL

DOUBLE V.A.A. 46 TO 22

The V.H.S. girls settled an old score in basketball last Monday night when they defeated the V. S.A. 46-22. Playing centre for the V.S.A. was Doris Reid who helped Victoria High trounce the girls from whom they played in Edmonton last year.

Doris Schmidt led the V.H.S. attack with 22 points. Ann Martin and Elaine Schmidt also starred. Elaine Schmidt did a great job of setting up plays for their starry right forward. Berna Swallwell and Helen Nelson played a good guarding game which helped considerably to keep the opponents' score down. The second line of Betty Bentley, Shirley Taylor, Janet Wilson, Betty Cross and Shirley Cross played an excellent defensive game. The college girls showed considerable strength in the second half and will likely make it tough for the high school before the winter is out.

This is the local girls third victory. They won against Lloyd and Wainwright earlier this season. A winning team should draw a crowd to see their next home game. Let us be counted only with the echo of the usual cheering section. Why not take in the next game?

The college line-up was Joyce Fowler, Ann Martin, Doris Reid, Joy Briggs, Barbara Jeffries, Bea King, Alice Hoglund, Frances Pierenkranz, Georgie Teller.

Hustling Dewberry Jrs. Defeat Local Midgets

A hustling team of boys from Dewberry hung a 2-1 setback on Bert Bell's Midgets Wednesday night when Harley Ray put the visitors one up in the first period and Dick Berg of Dewberry drawn the even count. Jim Winters saved the locals from defeat when he scored late in the final frame.

Russ Carroll refereed.

Line-ups

Dewberry — Chas. Dow, Murray Lowe, Mac Hancock, Doug Shaw, Dick Beresford, Harley Rea, Dennis Axley, Bruce McFadyen, Eddy Wowk, Ernie Braithwaite, Bruce Craigie.

Midgets—Kenneth Brown, Ed Mistal, Marvin Little, Jack Barr, Stewart Cooper, John Stewart, Bob Arbour, Doug Browne, Joe Whitson, Bob Bentley, Ken Laurencenon, Jim Winters, Dan Cusenovitch.

Leave On Extended Holiday

Mr. and Mrs. Roy Jory left on Monday for Victoria where they will spend a three months vacation. Part of the time will not however be spent there as trips are planned further south. Roy has been granted three months leave of absence for health reasons. Every good wish accompanies him with the hope that he returns in greatly improved health.

Vermilion Elks Instal Officers

J. C. DOUGAN EXALTED RULER—LODGE LAUDED FOR SPORT HALL

Installation of officers of the Vermilion Elks Lodge for the current year was completed by District Deputy Grand Exalted Ruler Thomas Mundare assisted by Past D.D.G. ER. Cole of Vegreville, as follows:

Exalted Ruler—J. C. Dougan
Past Exalted Ruler—L. L. Kehoe
Loyal Knight—E. G. Ross
Loyal Knight—R. May
Lecturing Knight—Bert Herzog
Inner Guard—R. Harie
Tyler—W. Chase
Sec.-Treas.—R. E. Carroll
Esquire— J. Hesaan
Chaplain—W. MacDonald
Organist—Les Kreiler
Historian—F. Bottorff
Trustees—P. Welsh, L. L. Kehoe.

District Deputy Tomyn highly complimented the Vermilion Lodge for building its sport hall a few years ago, stating such a community effort was outstanding and even unique among Elks Lodges in Alberta, or in fact, Canada.

Mrs. Tomyn was accompanied on his visit by several members of the Vegreville Lodge. Following the meeting a social evening was enjoyed.

United Church W.A. Reports Active Year

The W.A. of the United church have completed plans for the year 1952. The W.A. is a part of the larger unit known as the Vermilion Presbyterial W.A. which is affiliated with the Dominion Women's Association. The Territory covered by the Vermilion Presbytery is from Lamont to Lloydminster. Two meetings of this group are held each year.

The work of the local W.A. during the year 1951 covered a wide range of activities. In January the ladies made arrangements for the annual congregational dinner. Bev's Home cooking sales and Rummage sales were held. A Toddlers' tea and Clothing sale was sponsored. Miss Elaine Clarisse by the Vegreville choir was presented.

Catering for wedding receptions was another project. In July the ladies of the W.A. served meals during the three days of the fair. Delegates attended the July Presbytery meeting at Mannville in April.

In the fall the Presbytery meeting was held in Vermilion. A party by Ritzesty singers under the direction of Mrs. Batty was presented. The banaar in December was the culmination of the year's work.

A Christmas party held in the church was the final social gather ing of the year. In addition to these highlights during the year calls were made on strangers, the sick and the bereaved. The church was decorated for Sunday services, help was given to Junior church groups, various immediate needs were made in church and manse facilities and a substantial donation was made toward further church improvements.

The W.A. is looking forward to another year of activity and fellowship.

The newly elected officers of the Central executive for 1952 are as follows:

President—Mrs. J. Hardie
1st Vice-Pres.- Mrs. T. Davis
2nd Vice-Pres.- Mrs. D. Douglas
Secretary—Miss A. Douglas
Treasurer Mrs. E. Taylor
Pres. Cor.—Mrs. A. Kilshaw

Other members of the Central executive include the leader, secretary and treasurer of each of the local organized groups. The Central executive meets on the first Thursday of each month at 8:00 p.m.

The four organized groups and their leaders are as follows:

Church and Manse group Mrs. T. Dick. Flower and Friendship group—Mrs. T. Davis. Spring Tea group — Mrs. G. Gibbons. Fall Bazaar group—Mrs. W. McLean

The group meetings will be held on the second Tuesday of each month at 8:00 p.m.

A cordial invitation is extended to all ladies of the United church to affiliate with this organization and to share in its work and fellowship.

19 Now Enrolled in Brownie Pack

Nineteen little girls were officially enrolled in the Vermilion Girl Brownie Pack at their regular meeting Monday afternoon in the Scout hall. Brownie mothers attended the meeting at which Brownie uniforms were worn for the first time.

The new floor in the Scout hall laid by the Elks, is very much appreciated.

A short meeting followed the enrollment at which it was decided to hold a home cooking sale, the date to be announced.

Vermilion Elks Instal Officers

Installation of officers of the Vermilion Elks Lodge for the current year was completed by District Deputy Grand Exalted Ruler Thomas Mundare assisted by Past D.D.G. ER. Cole of Vegreville, as follows:

Exalted Ruler—J. C. Dougan
Past Exalted Ruler—L. L. Kehoe
Loyal Knight—E. G. Ross
Loyal Knight—R. May
Lecturing Knight—Bert Herzog
Inner Guard—R. Harie
Tyler—W. Chase
Sec.-Treas.—R. E. Carroll
Esquire— J. Hesaan
Chaplain—W. MacDonald
Organist—Les Kreiler
Historian—F. Bottorff
Trustees—P. Welsh, L. L. Kehoe.

District Deputy Tomyn highly complimented the Vermilion Lodge for building its sport hall a few years ago, stating such a community effort was outstanding and even unique among Elks Lodges in Alberta, or in fact, Canada.

Mrs. Tomyn was accompanied on his visit by several members of the Vegreville Lodge. Following the meeting a social evening was enjoyed.

The W.A. of the United church have completed plans for the year 1952. The W.A. is a part of the larger unit known as the Vermilion Presbyterial W.A. which is affiliated with the Dominion Women's Association. The Territory covered by the Vermilion Presbytery is from Lamont to Lloydminster. Two meetings of this group are held each year.

The work of the local W.A. during the year 1951 covered a wide range of activities. In January the ladies made arrangements for the annual congregational dinner. Bev's Home cooking sales and Rummage sales were held. A Toddlers' tea and Clothing sale was sponsored. Miss Elaine Clarisse by the Vegreville choir was presented.

Catering for wedding receptions was another project. In July the ladies of the W.A. served meals during the three days of the fair. Delegates attended the July Presbytery meeting at Mannville in April.

In the fall the Presbytery meeting was held in Vermilion. A party by Ritzesty singers under the direction of Mrs. Batty was presented. The banaar in December was the culmination of the year's work.

A Christmas party held in the church was the final social gather ing of the year. In addition to these highlights during the year calls were made on strangers, the sick and the bereaved. The church was decorated for Sunday services, help was given to Junior church groups, various immediate needs were made in church and manse facilities and a substantial donation was made toward further church improvements.

The W.A. is looking forward to another year of activity and fellowship.

The newly elected officers of the Central executive for 1952 are as follows:

President—Mrs. J. Hardie
1st Vice-Pres. Mrs. T Davis
2nd Vice-Pres.- Mrs. D Douglas
Secretary—Miss A. Douglas
Treasurer Mrs. E. Taylor
Pres. Cor.—Mrs. A. Kilshaw

Other members of the Central executive include the leader, secretary and treasurer of each of the local organized groups. The Central executive meets on the first Thursday of each month at 8:00 p.m.

The four organized groups and their leaders are as follows:

Church and Manse group Mrs. T. Dick. Flower and Friendship group—Mrs. T. Davis. Spring Tea group — Mrs. G. Gibbons. Fall Bazaar group—Mrs. W. McLean

The group meetings will be held on the second Tuesday of each month at 8:00 p.m.

A cordial invitation is extended to all ladies of the United church to affiliate with this organization and to share in its work and fellowship.

19 Now Enrolled in Brownie Pack

Nineteen little girls were officially enrolled in the Vermilion Girl Brownie Pack at their regular meeting Monday afternoon in the Scout hall. Brownie mothers attended the meeting at which Brownie uniforms were worn for the first time.

The new floor in the Scout hall laid by the Elks, is very much appreciated.

A short meeting followed the enrollment at which it was decided to hold a home cooking sale, the date to be announced.

School Centralization Favored in Subdiv. 4

WELL ATTENDED MEETING HELD ON FRIDAY

Representatives from Willowby, Rosewood, Battleview, Triangle, Thornelife and Brockville school districts attended a meeting in the Vermilion high school on Friday, Jan. 18th at 2:00 p.m.

Mr. A. Green was appointed as chairman of the meeting which was called to discuss the proposed formation of a central school in rural area of Subdivision No. 4.

The minutes of the first meeting held at the Preston school on Jan. 7th were read.

Mr. McGrath, chairman of the Divisional Board, addressed the meeting and asked that lists of school pupils and children of pre-school age be given for Triangle, Battleview, Preston and Rosewood districts. Sept. S D Simonsen was supplied with this information.

The chairman asked for representatives to voice opinion on whether or not their districts should be included in a centralization. Four districts, Triangle, Battleview, Preston and Rosewood appeared to favor a suitable area, with the persons from Rosewood stressing the necessity for road work before this district could participate. Two districts, Brockville and Willowby professed satisfaction with routes to Buffalo Coulee school.

The four school districts as outlined above in favor of centralization signified that a site a half mile east on north line' of 33-47-6 would be acceptable. It was agreed that Sugar, Simonsen would consult with the councillor for this area on required road work which may be accomplished this year to determine if school may operate this fall.

Result of these negotiations will be discussed with local board members from time to time. Type of school was discussed and two rooms with grades 1-4 and grades 5-8 were recommended as a very acceptable arrangement.

Representatives from Thornelife school district voiced appreciation of new services which were provided in 1951 in this district.

Meeting adjourned and it was evident that soon at least four rural schools will be attempting the first rural centralization in this area.

TIGERS PLAN FULL PROGRAM

THREE GAMES SCHEDULED HERE — ONE AWAY

Vermilion Tigers have planned a full program of hockey attractions for the next week. This Saturday the Wainwright Commandos will show here at 8:30. The fast traveling Commandos are in dire need of some points to boost up their standing and will be out to make them up at the expense of the second place Tigers.

Then again on Monday, Jan. 28th the league leading Lloyd Huskies will play a postponed game against the Tigers. So far this season the Huskies have suffered two defeats at the hands of the Tigers, and won one. Always plenty of action when these meet.

On Wednesday next Vermilion goes back to Lloydminster for a regular league fixture.

Hockey Here Saturday

An unusual game has been arranged for Saturday, Feb. 2 when a team composed of former Edmonton Oilers all of whom were playing last season when they were members of our playing team Elmer Kreiler, will play at the Vermilion arena at 8:30. More will be heard of this attraction in next week's Standard.

Husky Player Heads Scoring Race

ROCKS LA PLANTE LEADS WITH ASSISTS

The following scoring statistics for the Eastern Alberta hockey league are complete up to last week end and are supplied by the League secretary. Clem Hildreth.

R. Ellis, Lloyd	.....	6	11	17
N. Chorney, Vermil	.....	9	7	16

By Dr. Ben King, Pres. Tigers Hockey Club

A Report On Hockey

The 1951-52 season is more than half over now and the Vermilion Tigers (at writing) are in second place in the Eastern Alberta Hockey league. We of the executive are very proud of the boys, not only in the brand of hockey they are playing but in the high level of good, clean play and sportsmanship that is advertising the town this season and should continue to do so. This pride in the only way that the team can see—and that is by attending every home game. Coach Elmer Kreiler, is quite pleased with the progress that the team has made thus far and he himself is setting a high example for the rest of the boys to follow. We have this year a bunch of young fellows who really like to play hockey and when they are on the ice are giving all they have for the team. The Cap'n, Les Winters, not still likes to coach older himself a young fellow, is having a real good year in his first try at defence. Les, who is a new boy from the college, are going great guns, and they really are enjoying the opportunity of playing under Elmer Kreiler. In addition to those mentioned above, we have the V.S.A. also, who in playing bonafide up defence, three boys from Mannville, Chorney from Myrnam, Besuzko from Derwent and Bob Rowe of local fame. In goal we have Ken Laurencenon from Edmonton who has done a great job and is one of the most valuable boosters we have in the dressing room. We hope that Jim Ferguson will again be with us but that depends on numerous circumstances. There are also several others—we are proud of them all!

We also owe a great deal to the unsung heroes of the hockey club and that is Bill Chapman. Bill does a great job looking after all the equipment and seeing that the boys are looked after at all the games. It is a thankless job and one that demands a lot of time and a lot of attention to small details.

I feel that the hockey club this year deserves a lot of support from the people of the town of Vermilion both morally and financially and I am very pleased with the progress to date but I feel that we can and should expect a little more attendance of the townspeople at the home games than there has been to date. At present the Club is selling tickets on a chesterfield suite to be given away before the play-offs begin— this is on display in Bennett's store. We hope that this will support this venture which is just another way of assuring a very successful year for the Club.

All the players are in the process of having their pictures taken and when this is complete we plan to have cuts made of each and the picture of each individual player will appear in the Standard, before the end of January, it is expected.

I would like to assure all hockey fans once again that whether the Vermilion Tigers end up in first or last place or whether we lose out in the finals for the Craig Cup we shall be trying right down to the wire to put on a display of good clean sportsmanlike hockey and hope that you get as much pleasure out of watching the games as we do in presenting them.

By The District Agriculturist

"GREEN ACRES"

Barley, Oats and Wheat

For years we have been seeding wheat first then oats and then barley. Now the Experimental farms report that barley gives the best yields when seeded before May 1st. Date yield most when seeded May 1st to May 10th and wheat does best from May 1st to May 20th. So we can reverse the old order of seeding and get more of grain per acre.

Barley is Best Yielder

During the past 11 years tests have shown that barley yields more pounds to the acre followed by oats and wheat is last. Also barley is the best crop for seeding on stubble. Oats is the worst stubble crop and should be seeded on fallow land if possible.

Father-Son Agreements

Every father ought to make a business agreement with his son. Sharing in the expenses and income will encourage your son to take an interest in the success of the farm as a whole. Get a circular on fatherson agreements from my office.

Account Books

During these long cold evenings it is a good time to set up a set of farm accounts. I have some account books for free distribution. Records are important in the farm business as well as in towns. They are specially useful in working out income tax.

Frozen Trees

Thawed out cream does not make top quality butter. The cans are hard to sample and hard to empty. Also there is waste. Cream should be cooled quickly at any time and kept cool but not frozen.

Growing Asparagus

This vegetable is very easy to grow. It keeps on growing up every spring for years. It takes three years to come into full production but it is worth waiting for to eat your own asparagus. Why not sow a patch 20 feet square to asparagus this year

Burning Stubble

It is a mistake to burn stubble at any time. It should be worked into the soil to add fibre and to reduce erosion. Last year combine straw that was not spread gave some trouble in seeding. Would any farmers who overcame this straw trouble please let me know how you did it as I have some people asking how it is done.

ISLAY NEWS

Woolens again folks: You sit—hear out those raggie things and get blankets. Get in touch with Ruby Lyman or Mrs. Bill McLean, they are going to send a bundle in the very near future so get ready.

Sunday 20th. a bitter day and most folks stayed close to their breeders. But about 10 30 at night cars began going around town — just couldnt make out why. Next morning we were told it was just some lalay fellows going to curl in the Dewbery bonspiel. What these men will do just to curl' I'll bet the Pleasant Valley scribe could have made a rhyme on that one.

Wednesday of last week Mrs. Bobby Mairs accompanied Mr and Mrs. Redman of Dewberry as far as Edmonton and visited her sister Mrs. Forsythe. The Redmans continued on to Calgary and all returned home Saturday.

Mr. and Mrs. Bill Axley of Dewberry celebrated their 41st wedding anniversary with a family gathering.

Mr. Bill Teskey Sr. who has been in hospital returned home on Sunday. Then on Monday Mr. Albert Anderson went into the hospital for an eye treatment.

Hi. Mr. and Mrs. Young down at Red Deer—if you dont hear from Bill for awhile it's just that Dewberry bonspiel is in action.

Who are the Petunias and Nicotines" Saw a blackboard notice that Petunias challenged Nicotines to a curling game.

Noticed Betty gathering some green leaves for her fludgie birds.

VARSITY OUTSCORE TIGERS 6 TO 4

GAME PROVES SPARKLING EXHIBITION

A sparkling game of hockey as it should be played saw the University of Alberta Golden Bears take a 6-4 victory from the Tigers last Friday night. The locals proved slow starters and the Art Wiebe coached Bears ran in four goals in the first period without a reply. From then on Elmer Kreller's boys took a slight edge and outscored the students 4 to 2 to make the final count 6-4.

The game was fast and open, with a refreshing lack of question-able tactics.

Line-ups:

GOLDEN BEARS—McLean, Eps, Zenko, Mandyrk, John, Fitzpatrick, Neufeld, Krycuka, Day, Dockery, Oughten, Kirk, Zikiwsky, Donnelly.

VERMILION — Lashman, Tetlier, Kreller, Bennahkn, Hankins, La Plante, Barr, O'Connor, Cherney, Rowe, Maus, L. Williams, B. Williams, Ewing.

SUMMARY

Fitzpatrick (Krycuka): Docherty (Krycuka): Zikiwsky (Kirk): Kirk (Zikiwsky). 2nd period: Les Williams (Kreller): Barr (LaPlante Hankins): 3rd: Ed John (Zenko): Kreller (Williams): LaPlante (Kreller): Oughten (Fitzpatrick, Docherty).

Russell Carroll rebeved. Penalties were handed out to Zikiwsky, Zenko and Bill Williams.

Claymore Clippings

Mrs. Oliver Willes who has been in hospital is now able to be home and speedy recovery to good health is wished her.

Bobby Willes is spending a few days with his grandmother Mrs. Jessie Burns.

The infant daughter of Mr. and Mrs. A. Oistad is in hospital and we hope that she will soon be well enough to return home.

Mr. and Mrs. F. Groeneveld are caring for the Lynch children while their parents are away on holidays in the Southern States.

Owing to cold weather and drifted roads only a small crowd attended the card party at the school on Friday evening. Four tables of cards were played with Mrs. F. Krushinsky winning ladies' first and Vernon Willes men's first. Consolations went to Mrs. Woywenika and Mr. S. Woywenika. Following lunch dancing was enjoyed for an hour or two. The Willes family kindly supplied the music. Mr. and Mrs. J. Willes and J. Horne were hosts and hostesses.

The next card party will be held Feb. 1st.

Mr. and Mrs. H. Williamson and Mr. and Mrs. R. MacMillan will be

Paradise Valley

During the past week we have had all kinds of weather from 40 below to zero. The side roads are in poor shape and some are blocked. However the main highways are still in good condition.

Mrs. T. Smith and Mrs. W. Mayo are patients in the Lloydminster hospital for treatment.

The epidemic of chicken pox that has visited Paradise Valley this winter is gradually clearing up. Some of the older ones discovered that they were not immune to it.

The Rev. A. D. Semrau has been conducting a series of revival meetings in the Church of God during the past week. Flannel-graphs and special singing were part of the service.

Christmas Seal Sale Nears Goal

Christmas Seal contributions are still coming in, and the total Friday for Edmonton and Northern Alberta now stands at $72,150. This is only $7,850 short of the objective of $80,000 and could be made up quickly if all who haven't already sent contributions would follow this advice—'don't delay ,do it now!'

Mr. Mahoney, chairman of the Edmonton Kinsmen Christmas Seal committee said, 'We know there must still be many district residents who intend to help us fight tuberculosis again this year, and we will be grateful for a prompt response to this appeal. It has always been our policy not to allow our campaign to drag on and on for months, but we simply must have enough money to carry the fight to the enemy. If we are to achieve ultimate success. The sooner we can close our books the sooner we can issue our annual report to the people.'

Provincial returns at the end of the week amounted to $17,690 it is reported by officials of the Alberta Tuberculosis Association.

Letters to the Editor

This paper does not hold itself responsible for opinions expressed by correspondents.

R.R. , Vermilion, Jan. 19, 1952

The Editor,
The Vermilion Standard

Sir:

In reply to Mr. C. D. Buchanan's letter of your Jan. 10th issue re the Pure Bred Sire Area set up in our municipality. I for one disagree with him in respect to the fact that pure bred sires are not as high priced as he seems to think. Mine cost $300 with papers. For the same size and type market price for beef was $280

I will draw to Mr. C. D. Buchanan's notice that last fall when the bull buyer from the state of Utah was up here, delegated by his region in Utah to buy pure bred bulls, he found them practically non-existent. If you will look on a map you will notice that Utah is one of the poorer states of the Union, being very mountainous with poorer grazing facilities. They have to haul their feed and be made up quickly if all who haven't already sent contributions would follow this advice—'don't delay ,do it now!'

Alberta, and especially Vermilion, had a name for wonderfully good cattle. The cattlemen of Utah must have heard of this or they would not have sent their delegate to try to buy their herd sires here.

That man told of seeing wonderful cattle of the kind desired, but he could not buy any because there were not enough of them and were consequently high priced. He needed five carloads. He did not get them here.

These cattle should have been found for him at a reasonable price and if this had been a Pure Bred Sire area five years ago he could have had his bulls and thus given Vermilion a big boost for sales in the future.

Those cattlemen are the same as we are, and are trying to improve their herds. We should do the same for the same reason

Sincerely,
S. May.

Allandale Notes

January hasn't been disappointing us—it has been very cold as expected. It was 40 below on Jan 16th, measured 30 below, with a south-east wind. Some places heresabouts report 50 below.

Our teacher Miss Wewi and pupils are having a dance at the school on Feb. 1st. Michael Muigrew orchestra. Proceeds are for the Red Cross. This will be held instead of the card party.

The week end of Jan. 12th Mr. and Mrs. Ralph Somme motored to the city with the former's aunt and uncle Mr. and Mrs. Ort Reider. Uncle Ort hasn't been so well lately. While they were away Grandma Thrundson was in care of the family and Alvin did the chores.

Noticed: The Martin family of the Riverton district driving a new Meteor car.

On Jan. 13th over the Wheat Pool news it was good to hear Bert Mead's name mentioned on a mercy flight out from Edmonton.

Mr. Tom Souder and son Frankie were visitors in the district on Jan. 17th. We're hoping before too long we'll be seeing Frankie's pictures (slides) of the north land and other interesting scenes.

The party at the school on the 18th was well attended considering the other functions and the cold evening. It was 30 below at mid night, calm and clear with a beautiful half quarter moon hanging low in the south-east.

The community was deeply saddened on Jan 13th by the death of Mrs. Reg Spencer, Valeria as we all knew her. Our heartfelt sympathy to Reg and son Raymond.

One of Allandale's school days was Valeria Darling around 1916. Later, around 1918, she taught at Allandale school, a very efficient teacher. As Mrs. Spencer she was a member of our W.A. in the early 30's, a faithful willing worker until they moved to Vermilion. Up right and faithful in all her ways, a wonderful character to the end of her days, a loving friend, true and kind, what a beautiful memory she leaves behind."

Clandonald News

The only note of cheer we can think of in regards to the weather just now is that at least we are not alone in our misery and that other parts of the country are fairing worse than we are here.

F.U.A. Reorganized

At a re-organization meeting of the F.U.A. held in the Orange hall recently a fair-sized crowd was on hand to hear an address by Mr. James Jackson of Irma, vice-president of the Union. Mr. Jackson is a very entertaining speaker and this can be readily understood as he hails from County Tipperary, Ireland. Following his talk, officers were elected for the local. Fred Douglas Jr. is the new president and Roy Etherington the secretary-treasurer. Meetings are to be held on the last Tuesday in each month commencing at 8:00 p.m. sharp. Please note the date, Jan. 29th in the Orange hall. This is your organization you farmers, and we are about the only industry that is not properly organized. Yet we are the nations most important one, so make a special effort to be on hand next meeting night. Our thanks go to the well-wishers from Riverton, Dewberry and Allandale who came to help us to get a good start.

The many friends of the Spencer family were saddened when news came of the passing of Mrs. Spencer. She had lived in the district all of her life in this district and was a familiar figure around town prior to the family moving to Vermilion several years ago. Our sympathy goes especially to Mrs. J. Roe in the loss of her sister.

Word from the Rowntree family recently is to the effect that they are enjoying their holiday in the city and that Mrs. Rowntree is keeping quite well. At the time of writing they planned shortly to go to Calgary to visit at the home of the eldest daughter, Kathleen. Mar-

garet is attending the McTavish Business college and Arthur Junior who is now permits an understudying show. The management of the show and hall plan further improvements in the near future.

Mr. and Mrs. George Convey had their visitors Mrs. Convey's sister and husband Mr. and Mrs. Thibadeau recently, also Mrs. Convey's brother Fred who is employed in the logging industry on the Queen Charlotte Islands.

Several new cars are noticed here lately, among these being Martins and Roberges, both with Meteors. Several minor crashes have occurred lately, one of these involving Mulgrew's new car. Mr. Stone of the Bank of Toronto had the misfortune to severely damage his late model Pontiac in accident on the King Edward highway. As for us we just keep on steadily patching for one new left hind fender for a 39 Chev.!

Help the Nurses

Tickets are on sale at the pool room and the office for the Elks ball Vermilion on Feb. 5th sponsored by the staff of the Vermilion hospital. The Ladies Aid of Clandonald after that far an evening's entertainment buy a ticket anyway and help the Nurses Home to erect a radio-phono graph for their living quarters.

On Feb. 14 the W.A. of St. Mary's Anglican church, Clandonald, are sponsoring a Valentine's dance in the Orange hall. Lunch will be sold in the hall.

In regard to seed catalogs Green Acres, I think we almost top your story — we received one on Dec. 26 dated Jan. 2, 1952!

Home & School Meet At Paradise Valley

The second meeting of the Paradise Valley Home and School Association was held in the school on Wednesday Dec. 12th. It was decided that meetings be held on the second Wednesday of the month. It was decided that a lunch would be served at each meeting and C. Richardson and B. Baxter be the lunch committee. The question of a grant for plays and films left in the hands of the executive. Mr. Richardson and Mrs. Adams were appointed to take charge of the question box provided for students and parents. Mr. Richardson gave a very instructive paper on school curriculum as it affects high school pupils.

The third meeting was held Jan. 9th with an attendance of 38. Mr. C. R. Murray gave a report of the executive meeting held Jan. 5th to plan programs. The executive planned to invite Mr. Simonson to the February meeting and also asked the secretary of the Health Unit to attend. It was moved that the secretary write a letter to Mr. Aalborg and a copy to the secretary of the municipality expressing our wish to have a health nurse in Paradise Valley and offering our wholehearted support to the move to supply that need in this area. Mrs. J. Hawkes gave a report as chairman of the Health committee. Reports were also given by C. Richardson on School Education, Parent- Education by Mrs. J. Adams, Community Standard by Mrs. E. Gunn, Finance by A. Johnson Mrs. Vernon on the Social Committee. Mr. W. Stoddart as chairman of the local school board brought up the question of who should be granted the use of the school for meetings. It was moved by Mrs. Murray that the school be made available for community meetings and young peoples groups with responsible leaders and that the organization make application for the use of the school through the local school board and that any grants be responsible for cleaning the school and for any damage done and that the board reserve the right to refuse if the regulations are not carried out. This motion carried. The proposed lunch room, stage curtains and toilet facilities were discussed. It was moved and carried that the Vermilion School Board be requested to provide complete indoor toilet facilities for the Paradise Valley schools. Following the business meeting those present divided into groups and were played table tennis and the other played volley ball. Lunch was served.

Alberta Liberal Women's Association Convention

EDMONTON ALBERTA Jan. 24th

Plans have been completed for the convention of the Alberta Liberal Women's Association to be held in the Macdonald Hotel, Edmonton, Jan. 29th. This convention is open to all Liberal women of Alberta and it is expected that there will be representation from all the constituencies in the province.

Agenda for the convention will include election of officers, committee reports, amendments to present constitution, discussion of educational program and plans for organization and expansion of the Alberta Liberal Women's Association.

Social activities will include a complimentary dinner and reception to be tendered delegates by the Edmonton Women's Liberal Club of Edmonton and Edmonton Women's Liberal Club.

Delegates are invited to remain and participate in the general convention of the Alberta Liberal Association to be held in Edmonton on Jan. 30th and 31st.

Christmas is past, but the need for your Christmas Seal dollars continues all through the year. Have you sent your donation?

With a staff of over 115,000 the C.N.R. is the largest single employer of labor in Canada.

Woodvale News

We have not any too much news in this new year as yet but here are a few items we picked up, while at home trying like so many others to get rid of a persistent cold and to stay warm in this cold weather.

It was a nasty day when the Red Cross ladies held their quilting bee at the home of Ruby Thomson on Jan 9th, so only five were present and the large quilt was quilt not be get finished. The next meeting will be on Feb. 6th either at Tofland store or at the home of Mrs. J. Lysons. We hope to announce the place definitely in our next news, otherwise inquire at the store.

A meeting to get the Woodvale-Tofland-Hindville rural school district districts consolidated was held at Canton school earlier in January with Mr. D. C. McCrack, Mr. S. D. Simonson and Mr. J. R. Robson in attendance to outline plans which included to start with the moving of Woodvale school two miles east to the main road. This is the nearest and biggest school in the district and most recommended by all children had gone to the only

pupils. Such a move would mean a lot of road repairing to get the children to school by bus. Though plans are being made nothing definite was decided. The two families having children going to Woodvale do not like the idea of having the school moved further away before the roads are improved. Later a general meeting will be called, when it is hoped, all co-operation from the ratepayers can be secured to better educational opportunities for the present and rising generation of these districts.

Congratulations to Mr. and Mrs. Raymond Hinton on the birth of a daughter in December at the Islay hospital. A future pupil for the new school district.

Well digging is among us in the fashion around here. In the fall the Roger Watt's had one dug beside the house and now Hugh Forman struck water at 28 feet in his home to furnish water for the house. Dave Sweeney was not so lucky digging to 115 feet for a well near the new location in his home is a big rock was struck.

ATTENTION, Please!

OUR COMPLETE SHORT STORY

"INSPIRATION"

Ben's Wife Said, "Leave Those You Tell Another Woman You Love Her, and Found There Was Only Room For Two"

By MAUDE NORMAN

MARY STARR finished putting the dishes away, took off her apron and went out to the porch where the bright lip of her husband's cigarette showed in the darkness.

"It gets dark earlier now, doesn't it," she remarked, without response. She tried again. "Anything interesting happen today?"

James threw his cigarette over the railing. "Oh, same old thing, a very interesting day," he mocked. "As usual I took the seven-thirty-five to town. I said, or tried to sell suits. I took the six-thirty home as I have for the last six years. I walked down the same street, past houses so much alike I have to count them to be sure I turn in the right one. I ate hash and hoved pudding. Tomorrow night it will be roast beef. Sunday, I had a very interesting day."

Mary listened in silence. Somewhere along the way they had lost the star that makes labor of love more a joy. But where?

"Perhaps if you started writing again you might sell something," she ventured.

"Write," he snorted. "I'm no tired at night I don't have an idea in my head. I do the same thing day in and day out, week without end, amen, and you think I can write. Write about what!"

He went into the house, slamming the door.

Tears stole down Mary's cheeks. She had failed. All her high hopes of being an inspiration to a promising young author were gone. Two babies demanded a lot of care. James had to do work he disliked to provide for them.

"Perhaps he does still love me," she thought. "But he is used to me. He needs something exciting to happen. Something to stir him up. He needs romance and I'm about as romantic as an old shoe. I can't give him romance—or can I?"

James came to the door. "Come on in, he said grudgingly. "I'm sorry for what I said. It's hard on you, too, having a failure for a husband."

The next morning Mary raced through her work, washed and dressed the baby, settled three-year-old Shirley in the sand-box to play, then got out her typewriter.

Two days later James received a letter, a delicately scented missive that Mary handed to him without a word.

"Dear Mr. Starr": the letter began. "About seven years ago I was confronted with a serious problem that a story of yours, 'Birds's Holidays' helped me to solve. I should have written and thanked you then, only that I knew how rare in your position are deluged with letters. I suppose you ponder why I am writing now, but in looking over some old magazines I found a poem of yours, entitled 'Spring'. It made such an impression on me that I ran obeying the impulse. With your insight and understanding you must have helped hundreds as you have helped me. Thank you for myself and for them. Sincerely, Justine Owen."

James tore up not show the letter to Mary and she asked no questions. No more letters came to the house, although she knew he had answered. He began writing every evening, rewriting previous efforts. Mary rejoiced at the change in him. Until one day, going through the pockets of a suit she was sending to the cleaners, she found a note.

"Darling! There, I have said it! I love you. Does that seem strange? But why should it? Your letters, carefully worded as they are, tell me you love me, too. Name a place where I can meet you. There will be no other letters. Yet, and the fact that I will love you forever. You are my inspiration. Hopefully, Janne."

James found Mary unusually silent that evening. Although he tried to interest her in the day's happenings, she busied herself feeding the children and barely answered him. After the children were in bed, he waylaid her.

"I said another story," he said. "Looks like I can write after all."

"That's nice," she answered listlessly. "Aren't you glad?"

Mary handed him the note. "I wasn't snooping," she said. "I found this when I sent your suit out."

James took the note. "I was hoping you would find it pretty soon," he grinned.

"How dare you tell another woman you love her, and stand there and joke about it!" She burst into tears. "I meant every word I wrote" he hissed her gently. "You really are my inspiration."

(Copyright, newspaper syndicate)

Wary Housekeepers Of "Modernize Your Home" Racket

PRINCE ALBERT A new angle on the "modernize your home" scheme came to light at a meeting of the Prince Albert City Council. An electrical contractor is apparently visiting the outlying houses of the city and persuading the residents to have their homes wired for electrical power.

Unfortunately the contractor is not, at the same time, advising the householder to find out from the power corporation whether power can be brought to the house.

Here complaints before the council regarding the cost of constructing power lines to outlying houses brought the racket to light. The complaints were answered satisfactorily, and the power and light committee agreed to approach the corporation for some reduction in the rent. But other local residents were advised to check with the authorities before incurring needless expense.

Never Too Old

WINNIPEG—Because they're never too old to get into the Egg Tree business

Mary Jackson Taylor, 73 and Henry Charles Reynolds, 74 were married here recently. The blushing bride timidly admitted that she had "popped the question."

Both have been married before.

Do You Know That . . .

The average weight of a man's brain is 49 ounces, and that of a woman is 44. This, of course, is no indication that the male species are smarter than the female

Accomplished Pair

The latest and most accomplished of several robots built by Westinghouse Electric Corporation, Elektro, and his dog, Sparko, arrived in Montreal recently. Elektro's accomplishments include walking, talking, smoking and counting up to 10 on his fingers. He says "red" and "green" when he sees a traffic light. Sparko can bark and wags his tail. Sparko also has his talents; he sits up, barks and wags his tail.

Western Briefs :

Pioneer Dies

CALGARY. A dish that tickled the palates of pioneers in the mess in Alberta hotels for a few weeks. Buffalo roasts, steaks and stews came from animals killed in the recent thinning-out of the buffalo herd at Elk Island National Park.

Ye Olde Medical Decoy

SASKATOON.— The Saskatoon City Health unanimously recommended Decrimation of Saskatoon's water supply this year. Fluoridation is considered by many dental experts as the best known means of reducing dental decay, particularly among

Trained Coastguard

WINNIPEG. A man with a trained conscience and a grim view of the future has sent the Canadian Pacific Railway $100. Signing himself "Anonymous", he said the money is for boat lessons he and Isaac Walton he took and sold many years ago. Reason for payment: "We are now in the last days of this world's history."

Dies From Fall From Crib

MEDICINE HAT. Mr and Mrs. William Turner awoke when they heard a thump on the floor. They got up and found that their son, Ian, 2½, year-old Clark Robert had broken his neck in a fall from his crib to the same room. The child was dead.

Harbor Receives Merit Award

Fraser has received the Meritorious Service Medal. He enlisted in 1899, saw first possession in 1911 and rejoined for the First World War, coming to Canada in 1921.

Missed 5,383-Foot Putt

EDMONTON The Edmonton Golf and Country club has missed a 5,383-foot putt. A wildcat oil well drilled a half mile from the clubhouse on an unusual site—the golf course has been abandoned. Drillers explored several oil strata. Showings of oil were found but none were of commercial value.

Hospital Site Abandoned

LETHBRIDGE, Alta The site chosen for Lethbridge's new $2,000,000 Galt Hospital has been abandoned. A committee of three engineers condemned it as unsafe because of extensive coal mine workings underneath. The site was directly east of the present hospital.

To Protect Pier

PORT ST JOHN, B.C. Army engineers have begun dumping 25,000 cement blocks each weighing 300 pounds into the Fraser river to protect an endangered pier of the bridge south of the Alaska highway town

Worm Parking

SASKATOON Saskatoon's 17 "hot block" parking meters went into service at the start of the year. Current will be supplied for the car block heaters from 6 a.m. to mid night until 6 to April 1

Elect. a Hopes

SASKATOON President Morgan Wright of the Saskatchewan Progressive Conservative Association said the party plans to enter a large slate of candidates in the provincial election expected to be called this year.

Plenty Of Fish

EDMONTON Rainbow, Kamloops, tenders H. R. Watkins said recently. Lakes in the Saskatchewan Progress-ive Conservative Association said the party plans to enter a large slate of candidates in the provincial election expected to be called this year.

Saskatchewan Need Not Fear Another Depression

Dr. John Mitchell of University of Saskatchewan Says "We Have Seen The Worst That Weather Can Bring Us"

SASKATOON. — Dr. John Mitchell, head of the soils department of the University of Saskatchewan, said that Saskatchewan need not fear another depression of the kind which struck the province in the 1930's.

Dr. Mitchell spoke at the farm week convention here

He said "we have seen the worst that weather can bring us, but we have also seen the best. We have worked great improvements in conserving moisture through good summer-fallow practices and in conserving soil we have learned a lot about farming. Nothing should dismay us."

Dr. Mitchell said that in the last 50 years Saskatchewan had increased its acreage of cultivated land from 1,122,600 acres to 23,500,000 acres. He estimated that by the use of more efficient methods of farming the productivity of present cultivated land could be increased by 50 per cent.

He named several other yardsticks of the great silliness made in Saskatchewan during the first half of the century and pointed out that only its population had the province gone backwards.

Other factors in the Saskatchewan economy which would bring greater prosperity were the province's mineral resources, its great areas of forest and pasture land, its tourist attractions and the land itself.

Dr. Mitchell said "the land is going to be more and more important as time goes on, because the population of the world is going up. We will never be poor as long as we have that land."

Manitoba Butter Production Down

OTTAWA — Manitoba's production of creamery butter was down one per cent in 1951 from 1950, according to dominion bureau of statistics figures released.

Production for 1951 totalled 22,231,000 pounds, which was 99 per cent, of the 1950 figure of 22,514,000 pounds. The province was fifth in the production of creamery butter, after Quebec, Ontario, Alberta and Saskatchewan.

Total Canadian production in 1951 was 99 per cent of 1950 production, down to 224,097,000 from 361,806,000.

MACE & ORANGE SWEET BREAD

Mix and sift 3 times, 2½ c. once-sifted pastry flour (or 2¼ c. once-sifted cake flour), 3½ tsps Magic Baking Powder, 1 tsp salt, ½ tsp ground mace, 1 cup sugar; cut in ½ c. margarine and blend in ... fine granulated sugar; beat in 1 well beaten egg, 1 tsp. grated orange rind and ½ tsp. vanilla. Add dry ingredients to creamed mixture alternately with ... milk. Turn batter into a loaf pan 4½" x 8½", which has been greased and lined with greased paper. Bake in moderate oven 350°, about 1 hour. Allow loaf to stand in pan. Spread sliced cold bread with butter or margarine for serving

MACDONALD'S Fine Cut
Makes a better cigarette

THE TILLERS —by Lee Carroll

His own branch...

HE'S GOT a lot behind him . . . and a lot still ahead, now he becomes manager of his first branch.

Years of work and study and growing responsibility have prepared him. He saw a lot of Canada as he moved to different branches. He got to know the people in farming, suburban and industrial communities, and how they use the bank.

Now he takes over from the man who moves up . . . and the road to the top is open for both of them.

Call upon the manager of your chartered bank. You will find him experienced, understanding, eager to serve you.

One of a series by your bank

Greenlawn Grapevine

There are still gatherings galore in Greenlawn. Most of us thoroughly enjoyed Jim Jackson's speech at the monthly F.U.A. meeting. He has a keen Irish wit, a fund of stories and anecdotes collected over the years he has worked in the various farm movements and a very thorough knowledge of the trials and triumphs associated with the farming profession. Incidentally, the whist drive scheduled for that night will be held at the next meeting, Feb. 12th.

The Junior F.U.A. also held a meeting, most of the business being the plans for a dance held on the 15th. The dance was a huge success. Everyone seemed to thoroughly enjoy themselves and the Juniors raise a bouquet for the proficient way they conducted it.

Plans are being made by the Community club for another dance to be held on Jan. 25th. See everyone that night, we hope.

The Power Co-op was scheduled for a meeting this week, too, with a number of farmers anxious to sign up for the power. Personally speaking, we wouldn't be without it, after seeing our winter piglets basking under a heat lamp. Thats only one good reason, of course, picked from a dozen equally as good.

We were sorry to hear that Mrs. Joe Ryan had such a stormy trip to the Old Country, and glad to hear that she is having a wonderful time at present.

We hear that Bill Holman's rink placed in the Grand Challenge of the recent bonspiel. The rink was made up of Bill, Pat and Donald Mathison and Jim Magill. The first three prizes went to Bruderheim quarters, skipped by Fred. Jos and Wm. in that order.

Nurses of Vermilion Hospital To Hold Dance

PROCEEDS FOR RADIO-PHONOGRAPH

The nurses of the Vermilion Municipal hospital plan to hold a public dance in the Elks hall on Tuesday, Feb. 5th with proceeds going towards the purchase of a radio-phonograph for the nurses' quarters. Lunch is being served at the dance and good music has been secured. The nurses will soon be around asking you to buy a ticket — whether you can attend the dance or not, buy one! The nurses do a lot for suffering humanity and it us up to Vermilion and district people to help them out on this occasion. 26-6c

By Bernice Reed, Wainwright, Alberta

News Notes From Your District Home Economist

Spring Styles

Did you read that the advance spring styles show a definite return of the wide skirts of the old 'new look' that shocked the post-war fashion critics(sic)? Skirts have dropped two inches, waists are tighter, belts narrow, collars large and imposing—and the latest thing in sleeves in wide, raglan shouldered, with tight-wristed cuffs.

In fact we are going back once more—not to the days of padded hips and graceful swinging skirts, back to hourglass hair rolls, small tight-fitting hats and cubist heels.

The latest thing in coats is the old princesse line with fitted waist, wide skirt, big collar and cuffs. The old trend to exagger is back in all its glory with huge sleeves, big collars and swinging fullness.

Your Furniture

Your comfort depends greatly on the kind of upholstered furniture you own. Does your favorite chair have a prodigal spring that pops up at unexpected moments? Does the wood look as if it had been used to sharpen a carving knife? Do the rungs of the dining room chairs drop out when they are gently dusted?

Are you planning to replace parts and pieces of your present furniture? You have probably made up your mind about style, color, design and fabric. But what about the "insides"? What should you look for in sound, durable construction to satisfy yourself that you are getting your money's worth? Since furniture construction is well camouflaged, you have to rely on the furniture salesman to tell you about value. Ask him about Frame—It may be constructed of oak, ash, maple or mahogany which are sturdy hardwoods; softwoods such as fir are widely used too. Softwood is not as durable as hardwood, the glue joints do not hold as well and softwood dents easily. Unfortunately hardwood construction is more expensive. Wooden arms and legs—There is an increasing trend towards light scaled furniture with finely designed wooden arms and legs. The harder the wooden surface the better the polish and finish it will take. The curves of the arms and legs are of finest hardwood and the frame of softwood: don't be duped by outward appearance. Some hard woods have beautiful grains and textures while others are sturdy but not very attractive. Oak takes a long time to grow, has a beautiful grain and is relatively expensive. Gumwood, grows quickly, is not very attractive but costs less than oak. A wise furniture manufacturer will combine strength and beauty to produce the best furniture. Beautiful oak will form the legs and arms and sturdy gumwood will form the frame.

Next week we'll continue with information on joints, springs and webbing.

Thank You

Thanks to all who sent Christmas wishes to me at the office. I'd like to write to each one of you but there just isn't the time and I have no niece to be remembered by you.

Early Varieties of Peas

Did you know that the four early varieties of peas to sow for freezing are Laxton's Progress, Little Marvel, Mammoth Podded, Extra Early and Thomas Laxton? If your frozen peas weren't as nice as you expected them to be, it may have been that you sowed a poor variety for freezing. Neither your locker manager nor the freezing process, nor you he can be blamed for poor results then. To be sure you are getting he proper variety of vegetable for freezing you may write or call for the free list called 'Vegetable Varieties Suitable for Freezing'. Your locker manager would be glad to advise you too. Now is the time to start preparing.

DO YOU remove selvedges from material you are sewing? Why?

A THING that seems to improve the longer you keep it is your temper.

Announcing the New 1952 **DODGE** *Models...*

Brilliant new two-tone colour treatment and new, richer, interior appointments make the 1952 Dodge Mayfair (shown at left) one of the most eye-appealing cars on the road to-day. This smart, colourful model gives you the distinctive styling of a convertible combined with the convenience, safety and durability of a permanent steel top. The Dodge Mayfair, Crusader and Regent models are all powered by the dependable Dodge "L" h.p. engine, famous for economy and long life. The wheelbase for each is 119½".

...MATCHING THE AMAZING NEW Dodge RIDE

See the new Dodge cars! They're on display to-day at your Dodge Dealers dealer's.

Drive the model of your choice — on the highway . . . then over the roughest stretch of road you can find. You'll quickly realize that for 1952 Dodge sets a new standard of smoothness and safety. This unbelievably smoother ride is made possible by the new Gyrol shock absorbers — automatically designed to automatically give complete ride control on any kind of road. You don't experience new kind of ride to-day. You have to experience it to believe it.

With a new 1952 Dodge you'll enjoy greater all-round reliability, extra economy, matchless performance . . . and the pride and satisfaction of having spent your money wisely and well.

His dealer's desire to provide you select, you are assured of features "Dollar-Dependability". His other car gives so much in quality — you demand no less in upkeep. Ask any Dodge Owner.

CANADIAN NATIONAL

Sixteen Years Ago Today

Jan. 23, 1936

King George V passed away on Monday, Jan. 20th. He was born in 1865 and reigned over the British Empire for 26 years.

School board estimated the cost of operating schools of Vermilion at $22,629 for the year 1936. $4000 of this will be obtained by school grants and tuition fees, and $18,800 by requisition from the town.

Scarcity of seed grain in Alberta was causing great concern, as most of the grain had been damaged the previous fall.

John B. Hardwick, postmaster at Dewberry, passed away on Jan. 13.

Thirty-two Years Ago Today

Jan. 21, 1920

Lowest temperature of the season was recorded Friday night when the thermometer hit 38 below zero.

The town council was inquiring into the installation of a complete new unit at the power plant. The water supply was also short.

It was thought that the new municipal hospital here would open about Feb. 1st.

A Caribou, B.C. rancher banked $53,000 for 300 head of his range cattle sold to a coast packing company.

Islay Hospital Board Holds Final Meeting of Year

The final regular monthly meeting for the year of the Islay Municipal Hospital board was held in the hospital on Jan. 3. Present:— Mr. G. D. Jack, Chairman, Board members D. B. Shirreff and I. D. Inman.

The minutes of the preceding meeting and the financial statement were adopted as read.

The 1952 resident non-ratepayers contract rate was set at $8 per family and sole authorized in the Standard and Tilles. Cd.

The balance of capital account outstanding on the sterilizer in the amount of $713.31 was ordered paid. Cd.

The secretary was instructed to have the annual audit completed, authorize 12% verification of the patients accounts receivable, have 730 copies of financial statement photostated, and a copy mailed to each ratepayer. Cd.

The secretary reported a cheque received in payment for hospital services returned three times NSF. Secretary was instructed to notify issuer of intention to redeposit within 15 days and failing payment to refer the matter to the Police Magistrate. Cd.

Salaries and accounts were paid as approved.

Matron's report: In hosp. 8; admitted 34; discharged 28; remaining 14; births 3; deaths 1; operations major 4, minor 2. Grant days 365. Receipts $3228.98.

The application of a ratepayer for assistance in paying an account incurred in the Lloydminster hospital was tabled to be reconsidered at the Feb. meeting. Cd.

Adjournment to meet Feb. 9 at 2 p.m. in the hospital.

Salaries 0675: Accounts: Phone 8.40; Utilities 65.17; Petty cash 5.48; Eds. Journal 6.44; Ed McFayden 11.10; Stanley Brock 21.08; Nat. Drug 20.34; Fisher & Burpe 718.02.

1952 DODGE MAYFAIR IS ANNOUNCED

This smart, new 1952 Dodge Mayfair model offers the distinctive styling of a convertible combined with the convenience, safety and durability of a permanent steel top. Brilliant new two-tone colour treatment and new, richer, interior appointments make the 1952 Mayfair one of the most eye-appealing cars on the road to-day.

And now Orliflow shock-absorbers contribute new comfort and smoothness to the Dodge ride. Driving control is greatly improved on bumpy and washboard roads.

The complete Dodge line for 1952 featuring the new Dodge Orliflow Ride includes the Coronet 4-Door and Club Coupe; the Regent 4-Door, club coupe, and Mayfair; the Crusader 4-Door and club coupe, and the Kingsway 2-Door, Suburban and Savoy.

COURTESY and SAFETY GO HAND-IN-HAND

OBSERVE AND PRACTICE THESE:

Objectives of safe, courteous driving:

1. Use hand signals to keep the driver behind informed of your intentions.
2. Keep on your own side of the road.
3. When in doubt as to who has the right-of-way, yield to the other driver. He may take satisfaction in having "shelled" you . . . but you'll have the satisfaction of a better chance of living longer.
4. Give the pedestrian the right-of-way.
5. Always remember, you are the "other guy" ahead of the driver behind you. Watch your meeter manners and give him a lesson in courtesy.

Be Careful - the life you save may be your own!

Little Patients Moved To New Red Cross Children's Hospital

At long last the little patients have been moved to the Alberta Red Cross Crippled Children's hospital. The hospital, with extra facility to care for the ever-rising child will welcome crippled children all over Alberta, the Peace River and N.W.T. children whose parents cannot afford proper orthopedic care.

The hospital is open to seek out new and better ways of caring for and treating children with orthopedic disabilities to educate them and to help them live as full and active lives despite their handicaps. The generosity of thousands of Albertans, members of Red Cross and friends of Red Cross have made the hospital possible. They will make its continuance possible.

"We know that the people of Alberta will realize the work of every Red Cross hospital to grow. They they will watch and protect its support and encourage it to do the work of mercy will indeed never end", an official stated.

In every community there are hidden cases of tuberculosis. These danger spots can be discovered only by chest X-ray. Send in your contribution today to the Christmas Seal fund which helps to pay for these surveys.

WATCH GERMINATION

As further tests are made it is found that the germination of grain on farms is most irregular. A'l farmers should therefore have the grain they intend to sow for seed tested for germination or make a test themselves.

A Fine Record

PUBLIC WEALTH has always been of interest and importance to the people of Canada, and great strides have been made through the years in improving standards of health and reducing mortality rates. Figures issued for 1961 in respect to the health of the Canadian people show that a new record was set. The death rate from all causes in 1961 was placed at 8.8 per 1,000 population, which was one per cent. lower than the figure for 1960. Notable progress was also made in reducing the death rate for tuberculosis, which is now under 20 per 100,000 for the first time

* * * *

Accident Toll is Increased

It is encouraging to note the steady decline in the death rate from tuberculosis in Canada at this time. In the past five years it has been cut by almost fifty per cent having dropped to its present figure from 39.3 per 100,000, which was the rate in 1946. It is regrettable to see that the number of deaths due to accidents rose in the past year, and that it is expected that the toll of highway deaths in Canada in 1961 will be the highest ever recorded. While progress is being made in reducing the overall mortality rate, it would seem that greater attention should be given to safety on the highways and to the prevention of accidents generally in the months to come.

* * * *

Progress is Being Made

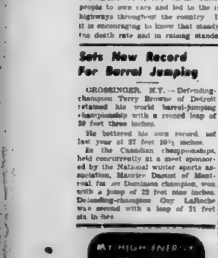
A museum of unemployment and higher living standards together with the extension of hospital and medical services are responsible for the decline in the death rate. These same factors have no' doubt also been responsible for a reduction in the infant mortality rate in Canada which has, for the first time, dropped below the previous record of 40 per 1,000 live births. Prosperity on the other hand, has made it possible for more people to own cars and led to the increase in traffic in the cities and on highways throughout the country. In spite of the rise in traffic fatalities it is encouraging to know that steady progress is being made in decreasing the death rate and in raising standards of health in Canada.

Sets New Record For Barrel Jumping

GROSSINGER, N.Y. — Defending champion Terry Browne of Detroit retained his world barrel-jumping championship with a record leap of 39 feet three inches.

He bettered his own record, set last year at 37 feet 10½ inches.

In the Canadian championships, held concurrently at a sport sponsored by the National winter sports association, Maurice Dancer of Montreal fou nd Dominion champion, won with a jump of 23 feet nine inches. Second champion Cecil Mackie was second with a leap of 21 feet six in ches.



To Seek Higher Prices For Eggs

NEW WESTMINSTER — District 'E' Farmers' Institute will fight for higher egg prices, an orderly marketing set and live vaccine to check New castle disease at the next session of the Legislature.

The three resolutions were unanimously endorsed after Poultry Industry Committee Director of Marketing Ian Vere told the convention B.C.'s egg industry was in a chaotic condition at the present time.

He said farmers are faced with increasing feed costs and recent 6-cent drop in the price of eggs was a severe blow to the industry.

A four price of 42 cents a dozen to the producer was endorsed after committee delegates saw how selling them 44 month's produce eggs without accounting for their labor.

Mr. Flewwelyn and a 5 per cent. egg surplus can rule prices from coast to coast and asked for early marketing legislation under the National Products Act.

Two New Grades Of Potatoes Established

EDMONTON. - Two new grades of potato — "Canada One Small" and "Utility" — have been established in Alberta. Canada One Small will have a minimum diameter of 1½ inches and a maximum of 2¼ inches. Utility grade may use all potatoes of good quality which are not eligible for higher grades because of damage, size or deformity.

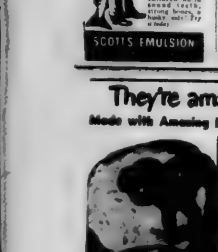
Use of aniline, derived from coal tar, for dyes was discovered in 1856 by William Henry Purkin, an English student.

They're amazing good

Made with Amazing New Fast DRY Yeast!



JELLY BUNS

Measure into small bowl, 1 c. lukewarm water, 2 tsps. granulated sugar; stir until sugar is dissolved. Sprinkle with 2 packages (1 tablespoon) Fleischmann's Fast Rising Dry Yeast. Let stand 10 min. Then, stir well. [illegible]

Scald ½ cup milk; cool to lukewarm. Add to yeast mixture, together with ¼ cup sugar, 1 tsp. salt, 2 eggs, 3 tbsps. soft shortening and 2 cups sifted all-purpose flour. Beat until smooth. Add enough more flour (about 2 cups) to make soft dough. Knead on lightly floured board until smooth and elastic. Place in greased bowl, turning to grease top. Cover; let rise in warm place, free from draft, until double in bulk (about 1 hour). Punch down; let rise again until double (about 30 min.). Roll out ½ inch thick; cut with floured 2½" cutter. Place on greased baking sheet. Brush with melted butter. Let rise until double (about 30 min.). Bake in hot oven (400°F.) 15 min. Ice with confectioners' sugar icing. Makes 2½ dozen buns.

• No more disappointments because the yeast has spoiled! Fleischmann's Fast DRY Yeast replaces old-fashioned perishable yeast because it keeps fresh and full strength — right in your cupboard! For fast-rising dough and grand oven results get Fleischmann's Fast DRY Yeast to-day!

Order a month's supply!

HONORARY DEGREE — The university of Montreal will confer an honorary degree on Viscount Alexander of Tunis, Governor-General of Canada at the university on Feb. 23, Msgr. Olivier Maurault, rector, announced recently. Complete plans for the ceremony will be made public later.

Fears Wide Spoilage Of Damp Grain

RANKATOON — Commissioner Jack Vallance of the board of grain commissioners says he is convinced that much of the damp grain from last year's crop will spoil in the spring.

He said in a panel discussion on grain drying that the problem is too big for the farmers, the province or the federal authorities.

The only grain moving to the lakehead now was damp grain and some of it considerably damp at 20 per cent. moisture. The lakehead driers have to reduce this to 14.5 per cent. Farm grain drying required a technique that the farmer for the most part lacks.

The commissioner said he could see no move by the commercial grain driers on the market. It was up to the individual farmer to do whatever he could to dry his corn grain before spring.

Edmonton To See Women's Golf Championship

EDMONTON. — The 1962 Canadian Women's golf championships will begin at the Mayfair Golf and Country club, Edmonton, Aug. 7.

Dates for the various events were announced by the Edmonton executive of the Canadian Ladies Golf union.

The Canadian closed tournament will be held Aug. 7-8 and the open Aug. 11-16. The interprovincial team matches will be played Aug. 7 and 8.

Funny and Otherwise

Diner: "The fingerprints on the plate are identical."

The Annual Meeting of Shareholders of The Royal Bank of Canada

Industrial Development and Freer Trade can be Achieved Together Says President

Suggests long range programme to speed process and bring prices closer to U.S. levels. Sees danger in large budget surplus . . . "Reward saving, penalize spending."

Need for a free and flexible economy to meet the challenge of inflation and foster the long range development of Canada, was the keynote of the annual address of James Muir, President, at the Annual General Meeting of Shareholders of The Royal Bank of Canada. Inflation, he said, was still a major problem, and he doubted the effectiveness of high taxes as a cure on either private or corporate spending. Nor did he consider the unexpected budget surplus of $635,000,000 a reason for complacency; it could become an inflationary "time bomb" unless rendered inert by being impounded as a deposit in the Central Bank or used to retire Government debt held by the Bank of Canada.

Dr. Muir said: "Mr. Muir, 'this unplanned surplus is neither an effective check to inflation nor a reason for complacency and self-congratulation. The danger here is that the Government, with its increased surplus and the public with its increased savings are better able than ever to increase expenditure in the future. "I do not think we need worry too much about the private individual spending his savings and so adding to the inflationary pressure. Rather, he should receive every encouragement to add to rather than spend what he has accumulated. Unfortunately, experience does not point in quite the same direction regarding the Government's surplus. This surplus, indeed as it is by increased taxation, perhaps designed to check inflation, actually becomes an inflationary force. Inflation it is remembered is the creation of purchasing power by the Central Bank or by private banks to finance the growth of the money supply. Government debt held by the Central Bank.

FLEXIBILITY NEEDED

"The ability of our economy to sustain the level of advancement and the economic needs of the defence programme depends in large measure upon increased flexibility. By flexibility we mean to the most general way the ability of prices, interest rates, and exchange rates to adjust to changing economic conditions. As an example of this flexibility is the Government's interest rate policy of the last year or so. Higher interest rates reduce inflationary pressures in two ways: first, they curtail the unwarranted expansion of credit; and second, they encourage thrift by making saving more rewarding.

"Another example of what we have in mind is the freeing of the Canadian dollar to find its own level. The removal of import restrictions of January 1, 1961, carried the process another step forward. The success of this exchange policy is shown by the strength of the Canadian dollar in the face of a large trade and service deficit. The so-called "hot" money that came into Canada during the summer of 1960 has been effectively sterilized, and there has been a significant inflow of short term international capital into Canada throughout 1961. Moreover, the strength of the Canadian dollar has been such that the Government in December, 1961, removed all remaining exchange control, and so returned to the traditional channels of private finance complete freedom in the field of foreign exchange.

"All in all, the free economy in the western democracies has gained on balance during 1961. We have met the urgent demand of the defence programme superimposed on an economy already strained by the effort to overcome a very large slack. It should be a source of encouragement to every thing times that our advance towards social strength has also acquired a wholesome retrieval into control. Indeed, we have managed to gain in military strength and at the same time to achieve a fuller measure of flexibility in our economy. Our satisfaction should not make us complacent. But, barring the final tragedy of large-scale War, we can hope through right policy to continue our advance towards the true goals of economic as well as political freedom.

"Northern development means (1) that Canada's population must expand at a rate possible only with large immigration, and (2) that heavy capital investment must continue for a long period to be a large proportion of her national income, and (3) that outside capital must have confidence in a government policy of just and equal treatment. Economic development means anything but a quiet life. It means boldness, imagination and governmental officials

PRAISE FOR STAFF

"It is always a pleasure to congratulate the staff, and with an enthusiastic tribute to the members of our staff. The success of any company or institution depends on every one having a direct relation to its degree of efficiency, and I am glad that is particularly true of a bank where the things we sell are service and friendliness. The friendly approach is traditional with our staff and service beyond the call of duty is the rule rather than the exception. The staff of the bank numbers 12,000, in addition to nearly as many employees of many subsidiaries. Their loyalty to the bank are cross-Canada and in many countries abroad.

"Executive and in all parts of the country we receive in Head Office reports as to how the bank is serving the public. Over the past year these reports have been highly gratifying and I take this opportunity to express appreciation and to the staff I wish to say a sincere 'thanks' on behalf of the management as well as the shareholders. Whatever may be in store in this year just beginning, I am confident that the staff will continue to meet with efficiency, loyalty and enthusiasm the contribute to its development and progress.

"No one with faith in Canada's future will deny that given the opportunity of our economy to develop it will be triumphantly successful.

"If we Canadians will become free from petty sectionalism, fully conscious of our tremendous material resources, and will display the real courage, initiative and courage, and determination that we can make the next few decades by far the greatest age yet in Canada's economic history."

Greatest Need is 'People' Says Gardiner

WINNIPEG — Agriculture Minister Gardiner said Canada "could do no better" than to exchange some of its immense food wealth for British immigrants.

At a luncheon address to the Canada Club Mr. Gardiner said Canada's greatest need was "people". He said British immigrants could both produce raw materials and food in Canada to help keep employed and at the same time, feed those at home.

"If that kind of an exchange cannot be satisfactorily worked out to balance over 50 years, it is not the kind that are lacking, it is ideas," he said.

Oldest Christian festival is Easter

The planet Saturn has nine moons.

General Manager Reports Assets Over $2.5 Billions

T. H. Atkinson, General Manager, in reviewing the bank's 1961 report stated that total assets of The Royal Bank of Canada has now reached the impressive total of $2,515,640,356. This he said, was a new high mark in Canadian banking history and a figure which would undoubtedly be noted throughout the financial world.

Deposits likewise had reached record totals, said Mr Atkinson. "Apart from government balances which, as previously mentioned, are lower by some $46,000,000, interest-bearing deposits have increased $19,303,000, to $1,123,782,000 and non-interest bearing deposits are up $39,694,000 and now stand at $1,065,717,000. The balances in both categories are considerable records. We are particularly pleased that the number of deposit accounts on the books of the bank now exceeds 1,000,000, during the year and now exceed 2,100,000."

Mr. Atkinson reported that for the year had increased $1,137,936 although this had been somewhat more than counterbalanced by taxes, depreciation and dividends, including an additional dividend of $700,000 (at the rate of 7 per cent) shares the bank transferred two million dollars to the contingent fund and carried forward $1,976,153.

Mr. Atkinson spoke of improvement to branches, which has gone on during the year. "The bank has continued during the year to provide the public with first class, modern up-to-date facilities and surroundings," he said. Barrhead Sportsmen 30th building 761, of which 30th located in countries outside of Canada.

ROYAL BANK'S INTERNATIONAL PICTURES

Mr. Atkinson noted that Canada is lodge of the Government trading nations of the world and he paid a tribute to the Government department which is responsible for developing markets for Canadian producers. Without wishing to appear boastful, however, Canadian traders would like to remind Canadians that The Royal Bank of Canada was in a unique position to more than it properly be of assistance to Canadians in the Caribbean area, Central and South America and its direct representation in London, England, New York and Paris.

It does have, of course, world-wide relations with correspondent banks in all countries where we have no branches and these enable us to obtain information and reports on conditions affecting commercial trading which are of inestimable value to our trading friends," said Mr. Atkinson, "but based on over 50 years of operation, direct and extensive in most foreign fields, we are firmly convinced there is no more adequate substitute in any business for direct representation by the organization itself. Experience with trading customs and intimate knowledge of local practices and conditions, which we operate, coupled with the close liaison which enables us to keep our executives abroad, both direct and correspondent, are the things that Foreign Departments, places us in a position which enables our bank to provide facilities for clients and others directly interested in international trade which otherwise could not be obtained."

PRAISE FOR STAFF

"It is always a pleasure to congratulate the staff, and with an enthusiastic tribute to the members of our staff. The success of any company or institution depends on every one having a direct relation to its degree of efficiency, and I am glad that is particularly true of a bank where the things we sell are service and friendliness. The friendly approach is traditional with our staff and service beyond the call of duty is the rule rather than the exception. The staff of the bank numbers 12,000, in addition to nearly as many employees of many subsidiaries. Their loyalty to the bank are cross-Canada and in many countries abroad.

"Executive and in all parts of the country we receive in Head Office reports as to how the bank is serving the public. Over the past year these reports have been highly gratifying and I take this opportunity to express appreciation and to the staff I wish to say a sincere 'thanks' on behalf of the management as well as the shareholders. Whatever may be in store in this year just beginning, I am confident that the staff will continue to meet with efficiency, loyalty and enthusiasm the contribute to its development and progress.

"No one with faith in Canada's future will deny that given the opportunity of our economy to develop it will be triumphantly successful.

"If we Canadians will become free from petty sectionalism, fully conscious of our tremendous material resources, and will display the real courage, initiative and courage, and determination that we can make the next few decades by far the greatest age yet in Canada's economic history."

Funeral Services Held For Mrs. Valeria Maud Spencer

The funeral of Valeria Maude Spencer, beloved wife of Reginald B. Spencer, who passed away on Sunday, January 14 after a long illness at the Royal Alexandra hospital in Edmonton, was held in the First United church at Vermilion, on Wednesday, Jan. 16th with the Rev. Ekenes T. W. Tsaye officiating. Interment was made in the Vermilion cemetery, Moyer's Funeral Home being in charge of all arrangements.

Valeria Maude Spencer was born in Brockville, Ont., and came with the family to Alberta in 1905, settling first at Fort Saskatchewan, and in 1908 the family moved to Vermilion, having their home at the Campbell Lake district. She received her early education at the Allandale school and started her teaching career at Eltham school. In 1921 she was married to Reginald Spencer, and they have one son Raymond. His additional to survived by three sisters, Mrs. V. Duncan and Mrs. H. O. Patriquin, both of Edmonton, and Mrs. F. E. Roe of Clandonald; two brothers, Frank of Tofield and Lloyd Darling of Vermilion.

The great esteem the deceased was held in is evidenced by the numerous floral offerings and cash donations, which are as follows:

Reg and Raymond: Eva; Fanny; Harry, Jean and Evelyn; Mr. and Mrs. Jake and family; Doris and Tony; Thelma, Lee and Albert and family; Phedo and family; Marie, Jim and Jimmy; Tom, Dorothy and Audrey; Ladies Aid; Vermilion Presbyterian Church W.A.; The Canada Club; Vermilion Fire Dept.; Barrhead Hockey; Barrhead Sports Association.

Mr. and Mrs. John Adams and family; Mr. and Mrs. Jack Fraser and The Carroll Family; Mr. and Mrs. W. Cowell and Mr. and Mrs. D. Cooper Mr. and Mrs. J. E. Green; R. D. and R. W. Harris; Mr. and Mrs. L. D. Hilson; Mr. and Mrs. Chas. Hollen; Len, Myrtle and Larry Kehoe; Mr. and Mrs. W. Krause; Barbara and Milton Lee and family; Mr. A. Lund; Mr. and Mrs. Ralph Delgaty and family; Mr. and Mrs. Harold Moyer; Leona and Bill McLaughlin; Mr. and Mrs. R. McIlroy; Mr. and Mrs. Ernest Fleet; The Macmath Families; Barbara and Johnnie Nelson; Mr. and Mrs. Idelyn Nelson and family; Mr. Oulton, Barrhead; The Pilkies, Lil, Alf and family; Mr. and Mrs. D. B. Lake; Mr. and Mrs. C. E. Patriquin; Ken Rowe and Sons; Beth Wilhemi; Mr. and Mrs. Gordon Williams; Mr. and Mrs. Geo. Webb; Gus, Flora and boys; Ralph, Delgaty and family; Mrs. Terry and boys; Joy and Jessie; Bert and Katie; Gertrude and Ray Wilson, Tom Souder and Jessie Strome, Mrs. Jean and Miss Margaret Stephens; Mr. and Mrs. G. F. Stephens; Mrs. Rogan, Mrs. Manyluk and Mrs. Scott.

Donation to Red Cross: J. W. G. Morkins.

Crippled Childrens Fund: Mr. and Mrs. Pringle Galloway.

Cemetery Fund: Ken Urquhart and Bill Dyck; Mr. and Mrs. Tom Dick; Mr. and Mrs. W. Waldenburger.

Saturday evening when Donlly play Lloydminster in the local arena. The ladies played the Ratke rink and suffered a complete shutout, but Mrs. Ratke's brother Frank hasn't been beaten by any of the men's rinks this winter either. Mr. Ratke is a native of Bonnyville at Monaghan of Creston. She spoke of the Mrs. Ratke's brother in her letter also thanks to Mrs Moore for her fine letter.

Congrats are due to Mr and Mrs R. Seed on the birth of a son not so long ago. Willie Clark of Tofield was a visitor in the district last week. The Wallingtons called at the Jack Ratke home on Friday evening. Roy Garnett is now at Yellowknife working. Both he and Noel are receiving letters from the old home districts.

Kitscoty High School Notes

The question of the week in the Boys' dorm is, 'Have you got the mumps, chicken pox or flu?' The casualty list are Elmer Venanes with measles, Laurie Durnin and Alvin Schmidt with mumps, Ida Howe with pleurisy, Bill Caulford with pneumonia, George McKinnon and Don McFayden with frozen feet.

Bill Howe, Gerald McKinnon Harvey Davies, Lorne Adam and Alvin Schmidt will spend the week-end at their High school curling club's ice-bonspiel. Best of luck to them when they played them after school on Tuesday.

The game between Marwayne and Kitscoty Junior teams on Tuesday night resulted in a tie.

On Thursday night quite a number of fans yelled themselves hoarse when a hockey game was played between Kitscoty and South minister which ended in a two-all tie.

The usual curling games on Tuesday and Thursday were played and some quite unique (?) scores have been reported!

The earlier a case of tuberculosis is discovered, the greater are the patient's chances of recovery. Early diagnosis is made possible through the sale of Christmas Seals which are used to finance X-ray surveys.

Have you forgotten your donation?

REMEMBER . . .

Our Hockey Team is sweeping everything before it! Let's all carry along with them!

Wildmere Winks

We wish to extend our heartfelt sympathy to Mrs. Ernest Bailey of Manville, formerly of the Auburndale district, on the loss of his brother Lawrence at St. Paul, Alberta just a few weeks ago. He was another victim of that terrible disease, cancer. Lawrence had a long time lived in Auburndale moving you 30 years ago. He was a very wonderful sk-ler in his early days Lately he had a pleasure boat on a lake where he lived. In the early days he and Jimmie Wallington were great pals often having to pool their resources to buy a bottle of

Mr. Jack Tuck, an uncle of Mrs. R. Fjelden, is visiting at the Fjelden home, Bevie Fjelden is also visiting for his uncle Wm Friend at the Pringle Hatcheries in Edmonton.

There was a good attendance at the school district meeting held for the trustees of the districts, Battleview, Union Creek, Wildmere, Wildmere Baxwood and Brackville, held at the Vermilion high school Friday afternoon for the election of a trustee. It was decided that one will be built in the near future but roads will also have to be built and the busses to get to the school.

An old neighbor and friend visited the writer and family last week in the person of Mr. Arnold Lee Arnold came over from Battleview but after returning from overseas in the first world war he decided to try out the Peace River country where he homesteaded near Fairview. He farmed there and raised a family of four boys and one girl. His second boy gave his life for his country in the world war 2. Arnold and his wife now live in Fairview and are taking life easier. It was nice to have a good chat with him and many an incident of old times was brought to light once more. He also visited Jim Kennedy while over in this corner.

The writer had chats with Mrs. Ed ward, Mrs. Woodruff, Mrs Cameron and Mrs. Cummings of country districts; with Mrs. Hildreth over a cup of coffee and with Mrs. Thompson also of town on Friday afternoon last.

Say Dick and Jeff—who got their clothes and shoes full of snow in the last week?

The writer and family attended the curling at Wildmere rink on

Bowtell Bulletin

Rymie Woodruff left Monday for a two week visit with his daughter Pamella and family at Calgary.

Ronnie Kay spent a few days at the home of his sister Mrs. Robinson. He then journied on to visit his dad at Tullibby Lake.

Mr. Jones and Mr. Van den Dekker celebrated their birthdays on the same day, Jan. 11th.

Kenny Riddle is busy hauling coal in our district.

Harold Knutson spent a few days in the hospital recently undergoing an operation on his nose.

Twenty-one ladies gathered at the home of Mrs. Harrison for the January meeting of the Busy Bees. Among those present were four visitors, Mrs. Burns, Mrs. A. Rosaghen, Mrs. Magistad and Miss Bernice Reed. Everyone enjoyed the candy making and it surely tasted good. A delicious lunch was served by Mrs Harrison and Mrs. Moses. The next meeting will be held at the home of Mrs. Hardy and lunch will be served by Rose and Mae. A demonstration on cooking meat will be given by Miss Reed.

The writer enjoyed a short chat with Mr. Harry Whitcher who is looking very well.

Congratulations and best wishes are extended to Mr. and Mrs. Richford (nee Sadie Coutts) who were married on Monday.

Mrs. Dedelly is not feeling very well at present. She was surely missed at the B.B. meeting.

New cars and trucks are quite common in our district. Trucks are being driven by Jim Repp, Richie Jenkins, Leslie Sherwood. Linds have also looking late model car and Jim Millar a new school bus.

Don't forget the church service folks which will be held at the Sherwood home on Sunday, weather permitting.

The Canadian National System had its beginning in Canada's first railway, the Champlain and St. Lawrence, which started operations in 1836.
